Chapter 2501: Goodbye thousand soul ancestors

Li Yun's figure turned into nothingness, dozens of spells and magical instruments were hit by unknown attacks, swept back like a gust of wind, and turned into a pile of scrap iron and waste paper.

"what?!"

"Ignore the formed formation!"

Everyone was shocked and then backed away. Zhang Zhen suddenly realized something and sternly snorted: "No, this kid is here. Defend!"

He tapped his robe, and a dripping bead flew out of his pocket, releasing a light barrier to protect him.

For the rest of the old Nanyang women, Shi Zhen was also on guard. Only Lu Gao urged the mana in his body in a panic, forming a thick khaki magic wall in order to stop Li Yun.

But a light of fire passed by, and it literally penetrated the earth-yellow wall and slashed on his arm.

With a scream of ah, a **** arm rose into the sky.

Everyone became more amazed, a Void Returning Realm just abolished one arm? !

"Little beasts are too rampant!"

It was Zhang Feng that was the first to react. He opened his mouth to face Lu Gao's direction, drew his abdomen, and shouted sternly: "Death to the ancestor!!!"

The sound rolled in, and in an instant, like the Nine Nether Hells descending, bringing up the sky full of lonely souls and wild ghosts, countless Yin Qi swept towards Lu Gao, and the terrifying force actually caused the surrounding area to be twisted and deformed.

"Zhang... Your lord!"

Lu Gaohai's face was earthy. It turned out that Zhang Feng was best at soul attacks, but Lu Gao had little resistance to attacks on the soul level, so he could only resist.

"Hehe, it turned out to be you, the ancestor of a thousand souls."

Li Yun suddenly realized that this kind of grieving scream, he had seen it in Nie Xiaoqian, but also this thousand soul ancestor, who was known as a thousand people, thousand faces, and had a thousand clones, could make such a strange sound wave attack.

"The Voice of a Thousand Souls!"

The faces of Elder Wu and the disciple of the Hidden Sacred Valley who recognized this ancestor changed.

They had already heard of this thousand soul ancestor's tricks.

It is said that this thousand souls ancestor is not only extremely powerful, but also controls several clones of the Void Return Realm. The strength is not worse than that of the Lord, and even stronger!

After all, no one can guarantee that he will survive being beaten by a few Void Returning Realm.

And now, the Thousand Souls ancestor has confirmed one thing: He does have several clones of the Void Returning Realm, and this clone can release one of his most powerful spells: Voice of the Thousand Souls.

As it is now, countless souls screamed and screamed, which can instantly make a Void Returning Realm fall into confusion and be invaded by the Sea of Consciousness. As for the weaker God Refining Realm, I am afraid that it will be directly controlled by the evil spirits and become a thousand soul One of the clones controlled by the ancestors!

"Tsk tsk, this is another trick, it seems you haven't learned your lesson yet."

Faced with the Voice of Thousand Souls, who was so afraid of even Returning to Void Realm, Li Yun laughed.

Then, with a clear drink:

"Four Spirits of the Sky, Azure Dragon, now!"

Roar! !

If the Voice of Thousand Souls is the life-killing curse of Jiuyou Yuanhun, then the loud roar at this moment is the magnificent and magnificent voice of justice that comes from the nine heavens.

With a bonus of up to 12 million justice points, the roar of the Azure Dragon resounded through the mountains, and countless souls melted in an instant. Zhang Feng, the clone of the thousand souls ancestor, opened his mouth and spit out a big mouth. The blood scared him hurriedly to take out a pill from the bag, and took it without hesitation.

At the same time, the thousand souls ancestor shouted: "Help me stop this attack!"

Chapter 2502: Saint's punishment

The voice of the Azure Dragon oscillated repeatedly, which actually gave the thousand souls ancestors a feeling that the souls of their bodies were flying away.

"No, his moves were countered!"

Regardless of the shock that Zhang Feng is actually the ancestor of the thousand souls, or that Zhang Feng was unknowingly taken away by the ancestor of the thousand souls, Shi Zhen fiercely waved his sleeves, and a group of buzzing poisonous bees appeared in the air, facing each other. The sound of the blue dragon that came was constantly flapping its wings and making an ear-piercing buzzing sound, resisting this awe-inspiring sound.

The two forces repeatedly fought, and countless small things like sand fell down, forming a dense circle of dark green moss on the ground.

Everyone looked intently at what green moss it was, but the little poisonous bees recruited by the elder of the animal road, Shi Zhen, as thin as sand, densely packed and extremely terrifying.

"hiss!"

The voice of the Azure Dragon was blocked, but everyone gasped.

Shi Zhen is worthy of being the elder of Animal Dao. He has such a tiny poisonous bee on his body. Everyone hardly needs to guess. It can be seen at a glance that this thing is difficult to deal with. He can penetrate magical artifacts and spells, ignoring magical patterns, and forcibly attack magical weapons. And amulet, it is estimated that a small group of such poisonous bees can kill a group of God Refining Realm alive!

However, most of these terrifying little poisonous bees were killed instantly by Li Yun's sound killing power, and the ground was full of dark green bugs, which looked quite horrible!

"My swarm of gold-eaters! Damn little beast!!"

Seeing the dead bee colony, Shi Zhen felt distressed and angry, and the muscles on his face throbbed.

The cultivation of this thing is not difficult, but it is extremely time-consuming. It is necessary to cultivate a bee gu as the queen bee, and then feed it with gold and iron. Often it takes ten years to produce less than two hundred poisonous bees.

As a result, Li Yun's attack on sound kills, and tens of thousands of them have been killed directly. How can this not make him feel distressed? !

"Hehe, the old guy's mouth is so stinky, I'll take care of you later."

Li Yun smiled faintly, his vague figure turned into nothingness again, and the Six Dao Sect disciples not far away felt a beating in his heart, an inexplicable bad feeling.

"escape!"

As soon as the thoughts came up, the faint blue flames had burst out among them, instantly destroying all the defensive artifacts on them. In the horrified eyes of everyone, more than a dozen **** heads flew up and fell heavily to the ground. .

With another blow, all the remaining six disciples were beheaded, and their bodies fell to the ground and were covered in flames, emitting a strong smell of roasted meat.

The scene fell silent.

Everyone was frightened by the means of killing more than 20 gods in the realm of refining in the blink of an eye.

In front of Li Yun, the Divine Refining Realm is no different from a mortal. Even Lu Gao, who is newly promoted to the Void Realm, is just a stronger ant in front of him, and he can't jump a few times.

And the disciples of the Hidden Sacred Valley who were clamoring to seize the things from the ancient immortal mansion just now, each of their necks became cold, as if the invisible figure would come to them in the next moment, and the sword fell with their hands, and everyone was instantly His neck is severed! !

"Wait!"

The cold voice of the San Fanqing sounded, attracting the attention of everyone.

The disciples of the Hidden Sacred Valley turned their heads to look, but they were shocked to find that their sage lady had a thunder-shrouded sword in their hands!

Moreover, pointing right at them!

"Jie Lei Divine Sword!!" Elder Wu's expression changed drastically, and he quickly shouted: "Qing Sheng, what do you want to do?!"

Sage Fanqing holds a supreme magic weapon in his hand, and he is practicing the powerful thunder sword technique of "Cleaning Ning Shen Sword". Normally using anger to control thunder method is stronger by several times!

Chapter 2503: Sacred gate

"Guilty of greed, anger, greed and heart, cooperating with demons, right and wrong, black and white are reversed."

The voice of the Sacred Fan Qing entered the ears of everyone in the Hidden Sacred Valley, and it was no less than the thunder of the Nine Heavens that fell on them, one by one, inexplicably surprised.

"You forgot, the sacred valley is hidden, the place of the sage is also hidden."

Sage Fanqing's eyes were cold, and the Thunder God Sword in his hand was raised, facing the group of people who were holding the magic weapon charm and blinded by greed, "Yes, I will take back all your cultivation in the name of the Saintess of the Hidden Sacred Valley. ."

The Thunder God Sword was raised flat on his chest, and the holy and noble fairy fixed his eyes on the five elders: "Those who stand against me are all enemies!"

After all, the Excalibur swept across.

Boom!

Countless pale thunderbolts swept out like a mad dragon, bypassing the five elders who stood in a daze, and shrouded all the twenty-four slayers of the two teams into the thunder.

"Do not!!!"

"Master Saint, I was wrong!"

"Woo, don't abolish my meridians, Master Saint!"

"Smelly watch, let's go together, fight with her!"

The pale thunder suddenly aggravated and swept past, blasting those who dared to raise arms to the saint into charcoal, and the strong power even shocked Elder Wu who stood by.

The power of the Saintess has not been weakened by making friends with outsiders and going astray, on the contrary, it has become stronger.

"She, has returned to the late stage of the Void Realm?!" Elder Wu had a complex expression, holding a magic weapon long sword in his hand, and letting the thunder sent by Lord Saintess destroy all the two demon-eliminating teams.

—Thunder has penetrated into their bodies, destroying all the magic power in their bodies, and also destroying the most important sea of consciousness for practitioners.

Without knowledge of the sea, even though practitioners can passively receive the baptism of spiritual energy, they can no longer actively use divine consciousness to mobilize mana, and can no longer activate magical weapons, and the magical effects of spirit magic cannot be used again, and their strength has fallen by ninety-nine percent. , And sentient beings can no longer have any hope of breakthrough.

Li Yun appeared and stood with Sage Fan Qing, looking indifferently at the group of Hidden Sacred Valley disciples who were kneeling on the shore of the lake with a pale expression and a face of death.

No, it should be said that they have been expelled from the Hidden Sacred Valley by the Sage Fanqing, and they have become casual practitioners-casual practitioners who cannot cast spells.

"This is the punishment you deserve."

Li Yun said faintly: "I discovered the ancient fairy mansion and obtained it. What is it to do with the hidden sacred valley and the six gates? The blue stone stele under my feet and the gate of life and death are also your hidden sacred valley and Built with six gates?"

"Elder Wu." Li Yun looked at the Void Returning Realm elder of the Hidden Sacred Valley with a cold frost: "I just made it clear and said: If you recklessly act recklessly, you will regard the outsiders as the existence that allows you to fight and kill. If you are arrogant and arrogant, then your Hidden Sacred Valley is bound to perish. Like the rampant six gates, they are both magic gates and will be enemies in the world in the future!!"

Elder Wu shocked his whole body and looked at him incredulously. In the eyes of others, the Hidden Sacred Valley is no different from the Demon Sect? !

Sage Fanqing thoughtfully, she vaguely grasped what: She is the sage of the hidden sacred valley, if the hidden sacred valley becomes no longer the valley of the sacred retreat, then change it, let greed blind the inner person Leave.

Instead of choosing to leave the Hidden Sacred Valley!

"It's wonderful!"

Shi Zhen, the elder of the Six Dao Sects, stood up and laughed and said, "It seems that the so-called Hidden Sacred Valley is just a gathering place for the small people flying in disaster. Taoist, which side do you not choose to follow?"

Chapter 2504: Rebellious

Shi Zhen smiled and cast his gaze towards Nanhua Shangxian, his eyes full of confidence, believing that he would make a choice!

"Brother Baihe Dao." The thousand soul ancestor also persuaded: "Now that the world has changed drastically, the aura once again fills the world, the opportunity to become a fairy is right in front of you, and the passage to the fairy world lies in the jade pendant held by the saints of the two sects!"

Everyone looked at the hands of Sage Fanqing. The jade disc fragment that Li Yun had already returned to her couldn't help thinking: Is this the chance of becoming a fairy? !

Li Yun was also quite confused, where did this thousand souls ancestor know the ascent passage? In the gate of life and death, or the secret kept by the mysterious cyan stone stele?

"Think about it."

The ancestor of the thousand souls made a bewitching voice again: "You are now suspected by the people in the Hidden Sacred Valley. Even if you continue to stay in the Hidden Sacred Valley, you will not be valued and trusted, and the chance of becoming a fairy will not share you a single bit! And we Here, under the personal leadership of Senior Wanfaxian, this overseas fairy island will inevitably be under our control. By then...hehe!"

With that, the thousand soul ancestor carefully took out a white paper crane and threw it in the air.

The paper crane grew long when it saw the wind, and quickly turned into a gentle middle-aged man. After he appeared, he looked at Li Yun with a smile on his face and nodded to him: "Li Xiaoyou, we finally met."

Incarnation of God's Mind!

Li Yun was not surprised by this trick. The Sage Fanqing also performed this trick. Theoretically, the incarnation has not much power, but the incarnation performed by the Ten Thousand Faxian should be somewhat different from the Sage Fanqing in the Void Returning Realm.

The face of Nanhua Shangxian was struggling, and after a while, he silently bowed his hand to Ten Thousand Faxian, and said to the predecessor.

This already means that he has been willing to cooperate with Liudaomen!

"Okay." Wan Faxian's tone was flat, and he did not have the kind attitude toward Li Yun just now.

However, the situation reversed in an instant. The four incarnations of the Void Returning Realm plus Wan Faxian in the Six Dao Sects, and the newly relied upon Nanhua Shangxian in the late stage of the Void Returning Realm, the strength of the Hidden Sacred Valley is already showing a crushing situation!

"Brother Nanhua, you!"

Seeing a Void Returning Realm of Hidden Sacred Valley take refuge in others, Elder Wu was angry and shocked, and was speechless for a while.

Nanhua Shangxian, or Baihe Taoist, shook his head with regret, looked at him, and sighed: "Elder Wu, don't blame me, since all signs of aura recovery appeared in Zhonghai City, the hidden sacred valley has become popular. Floating, all people who lack spiritual energy cultivation are paying attention to the actions of the Six Dao Sects. Many people responsible for collecting intelligence

even let the Six Dao Sects kill mortals to conduct experiments to confirm the effect of the resonance rune created by the predecessors of Ten Thousand Fas."

Elder Wu became more and more shocked, the hidden sacred valley actually let the six gates act, but he was still kept in the dark!

Could it be that... The Valley Master also knows? !

"Also." The Taoist Baihe looked at the stone tablet: "This overseas fairy island has spread a lot of spiritual energy to the hidden sacred valley. I believe that many people will leave the valley regardless of orders and come here to find opportunities for breakthroughs. , What do you think the hidden sacred valley will become in the future? As an old friend who has known each other for many years, I advise brother Dao: Cultivating immortals and gaining the Tao is your pursuit, not clinging to sect opinions!"

Elder Wu had an ugly face, but he also knew that he rebelled so quickly. After all, it was for cultivation, and he didn't care about the righteous devil.

"Okay, well said! Jie Jie Jie."

Chapter 2505: War (on)

The thousand souls ancestor no longer concealed his exaggerated and evil sneer, and loudly admired what the Taoist Baihe said.

This made Li Yun more and more suspicious whether the two people had an intimate relationship? !

"Shut up."

The Sage of Fanqing held the Thunder God Sword and looked at the Taoist Baihe indifferently:

"The immortal is also a human, but you are not a human!"

Her words are as difficult to understand as always, but they are so suitable to be used to scold the Taoist Baihe now.

Simply put: you are not human!

"What kind of lofty is the little girl's film?"

The ancestor of a thousand souls sneered and retorted: "Do you think you are superior to me as a saint? To tell you the truth, the saints of the Hidden Sacred Valley are the cheap servants who have been played with. , The saint is just a slut, and it's used to convey the master's order!"

Li Yun has heard Concubine Wan Qing said that the greatest role of the six-door saints is to contact the people of the six-doors—that is, the Dao of Heaven and Humanity, the Dao of Animals, and the Dao of Shura.

"The maidservant looks very beautiful, and she is born to be a fox like a man." The old Nanyang woman also agreed with the ancestor of the thousand souls, which made Li Yun even more suspicious that she and the ancestor of the thousand souls were both women.

Thinking of this, Li Yun burst into laughter, making everyone look at him.

"You two old guys are old and faint, so you are jealous of the beauty of my Qingsheng?"

Li Yun teased with wicked taste: "I think when you were young, you just wanted to hook men. Men don't bother to look at you. No wonder they are old and call themselves old women and ancestors."

"Junior is looking for death!!"

"The little beast will die!"

The two old women were furious, but Li Yun was already ready--these two old men took a bite of one bite, and even if they weren't for the concubine Wan Qing, they would also save face for the sage of his family.

"Sun Huo Burning Mountain!!"

For the first time, Li Yun used the skills that came with the Leap Fire God Sword. He used to rely on the split flying sword on the Excalibur to passively fight, but now he faces a total of five Void Return Realms, plus an incarnation of a Soul Bright Realm monk. He had to go all out to kill the weakest among them!

Yes, Li Yun's first killer move was not aimed at these two old women, but at the newly promoted Lu Gao who returned to the Void Realm!

"boom!"

The fiery red flames filled the sky in the breath, and the flames were vaguely mixed with traces of blue light, and they pressed downwards. Everyone felt that the entire sky was cracked, suppressing them and suppressing them. Everything burned to ashes!

"No, save me!!"

Lu Gao, who was the first to bear the brunt, lost his color in amazement, circling the magic weapon in a panic, forming a magical defense wall around his body.

But wanting to rely on this trick to resist the burning of the sun is simply wishful thinking!

"The little beast is crazy!"

The old Nanyang woman grabbed her hand at the center of the lake, and the water in the lake boiled immediately, forming a dark blue curtain-like fluid, which quickly enveloped her and Lu Gao and others.

The intense cold air radiated from the flowing dark blue curtain, so that the high temperature brought by the flames in the sky alleviated a lot.

"Jie Jie Jie, Nanyang old woman, you have practiced more and more in the cold water curtain."

Ancestor Thousand Souls smiled and praised, took out a long dark needle in his hand, muttered a spell silently in his mouth, and threw it at Li Yun with a sneer.

Whoosh!

The long needles of the dark magic weapon came swiftly, looming in the mist, extremely difficult to defend, but Li Yun didn't wrinkle his brows, still controlling the majestic flame cloud in the sky and smashed down fiercely.

Chapter 2506: War (below)

"Qing Jingning Divine Sword·Evil Breaking!"

A white-robed Vatican Sage is holding the Thunder God Sword, like a fairy in the cloud, and stabs a long needle with precision and precision. Thunder mixed with strong sword energy gushes out, instantly breaking this incomparable magic weapon long. Needle.

Immediately afterwards, Shi Zhen recruited four or five Gu worms in one breath, each with its own purpose, or instantly turned into a giant beetle with a golden armor, or a fist-sized weird mantis holding a double sickle. Or a fat worm with two wings.

Four or five Gu worms formed a neat formation, either offensive or defensive, and they all approached Li Yun to kill.

"Ugh."

Elder Wu let out a long sigh, and walked out with his sword, killing those Gu worms.

"Baihe, what are you waiting for?!" The thousand soul ancestor screamed, and Brother Dao stopped screaming, calling his name directly.

"Brother Budo, you are offended."

Taoist Baihe was dressed in a robe, and while apologizing, he stretched out his hand and flew out a spell with golden light. The aura around him seemed to be suppressed by this spell and became extremely stagnant.

Jinguang Town evil talisman!

Slow down the enemy's speed in a large area, stop the enemy's figure, and form a small area of restriction, so that the entire small world is controlled by the master of this spell. It is really a magical spell!

Especially it is carved on rune paper, which can be displayed almost instantly, which is hard to guard against!

"Brother Nanhua, are you really going to fight the Hidden Sacred Valley?!"

Elder Wu's face became ugly, and the five Void Returning Realm besieged, and whether it is the old Nanyang woman, Shi Zhen, or the Thousand Soul Ancestor, and the Nanhua Shangxian, they are all outstanding in the Void Returning Realm, and it is enough to deal with one. The difficulties are extremely difficult, let alone the four together!

"Thank you, senior, for saving me!"

Lu Gao was ecstatic, and the flame that was suppressed above his head was controlled by the Jinguang Suppressing Evil Talisman, and the speed of suppression became extremely slow. Coupled with the cold water curtain cast by the old Nanyang woman, the boy's move could not hurt at all. he!

Moreover, he could take advantage of the chance that the boy was controlled by the charm to kill him in one fell swoop!

"The kid who pretends to be a ghost, thinks that if the invisibility technique is strong, he can be unscrupulous? Die to me!"

With a hideous expression on Lu Gao's face, he raised his sword with one arm to kill Li Yun.

Although he entered the Void Return Realm for the first time, the realm was indeed achieved by his own breakthrough, and the bitter blow of the Void Return Realm made anyone weigh it.

Li Yun smiled. Originally, it seemed that he was held down by the Golden Light Suppressing Evil Talisman, causing his slow body to become nothingness again.

"what?!"

Everyone was shocked, this kid's invisibility technique is not affected by the spell restriction?

Lu Gao was even more shocked. He saw the place where Li Yun disappeared, leaving behind a humanoid Gu worm wearing a black starry sky dress, no more than three fingers.

"Well, I'm so full, I want to sleep... No, help beat the bad guys!"

Black Feather Butterfly was awake from a state of fullness and lethargy. Looking at Lu Gao in front of him, he slowly opened a third eye on his forehead.

A red light slowly condensed from her forehead.

"not good!"

All the Void Returning realms present felt a terrifying murderous intent. This feeling was not the fear before death, but the furry in the heart, like ordinary people encountering ghosts and horrors, as if facing a small humanoid Gu Worms, but a powerful blade that hangs high above their heads, can penetrate their bodies with one strike.

"This kid and his Gu worms are very evil, they are not afraid of restraint..." Daoist Baihe suddenly jumped, raising his hand to recall the spell floating in mid-air.

Chapter 2507: Black Feather Butterfly

However, a big hand had already grabbed the golden light town evil talisman first step.

"Hehe, this thing is pretty good, it belongs to me." Li Yun smiled at Taoist Baihe, grabbed it hard, and relied on the ability of the congenital Dao Tito to ignore the barriers of the formation barrier, forcibly erased the power from the spell, and directly erased it. Receive your own space in the ring.

Daoist Baihe's pupils shrank, and he knew what power his Golden Light Town evil talisman possessed. When he threw the spell out, he had the confidence to rely on the powerful restraining force on the spell to exclude all enemies and attackers.

But now that Li Yun opened his hand to obliterate all the power on the spell? !

"Bad guy, die!"

The black feather butterfly stared at three eyes, and the red light suddenly burst from the eyes on the forehead, condensed into a long thin line, pierced through the forehead of Lu Gao who was fleeing frantically, and then flew diagonally through the air. One thigh of the old Nanyang woman followed, sweeping across the sky like a comet, shooting a hole in the ice water curtain and falling into the flames in the sky.

"boom!".

The red light is like a bomb, directly detonating the flame covering the entire lake-the magical powers from the black feather butterfly, and directly destroying the sun-burning mountain spell she cast.

"what!!!"

Along with the old Nanyang woman whose thighs were pierced, the old Nanyang woman yelled tragically, and the flames all over the sky fell one after another, like an unusually magnificent meteor shower, smashing into the lake, and the entire lake boiled, angry with countless water vapor.

Time seems to stagnate at this moment.

Everyone was horrified at the supernatural power of this human-shaped Gu worm with three pairs of butterfly wings. For a while, no one dared to move.

Fortunately, after this Gu worm made a move, his face was obviously pale and feeble, and he hummed and flew towards Li Yun swayingly, not as if he could fight again.

But even so, the remaining four Void Returning Realm of the Six Doors did not dare to try to attack it, for fear of being shot through their heads by the red light of this terrifying Gu worm, just like Lu Gao who died silently.

There was a chill in the hearts of several people present.

The realm of refining the gods can already make one's soul out of the body, even if the physical body is destroyed, it can also let the soul escape, and if you are lucky, you can still rebuild.

After entering the Void Return Realm, the Divine Soul is further strengthened and turned into a virtual reality. The power of the Divine Soul is powerful and secret, and the soul pill is condensed within the knowledge of the sea.

Therefore, it is easy to defeat the Void Return Realm, but it is very difficult to completely kill the Void Return Realm!

But the red light of this Gu worm can make the soul of the Void Return Realm unable to even escape, and the soul will fly away!

"Baba, is Didie good?" When he came to Li Yun, Hei Yudie looked proud, and then drilled into his pocket when he finished speaking, probably because he wanted to find a pill to eat.

"Awesome, Dad won't support you in vain."

Li Yun took out a recovery pill for her, and couldn't help feeling that, even if the black feather butterfly itself was a lovely daughter attribute, it would not be a shame to use the pill and spiritual energy to raise this ancient fierce insect.

With the simulated secret eyes of the toad magical power, one hit kills a Void Returning Realm in a flash, and the attack power is terrifying.

The key is that the black feather butterfly can evolve six more times, and each time it can simulate another magical power. In the future, if the nine magical powers gather together, the nine-winged black feather butterfly will be truly invincible!

"Hehehe~" Black Feather Butterfly happily embraced Recovery Dan, a pair of jet-black eyes staring at the six doormen in the distance, and said vaguely: "Dad, do you want Fluttershy to hit them again? Hmm, at least more. Take a break to fight!"

Chapter 2508: trade

Li Yun couldn't laugh or cry, but when his daughter was eating, she could shout clearly "Dad".

"No, Fluttershy eats first, so that Dad can beat the bad guys."

"Good~"

Li Yun put the Black Feather Butterfly into his pocket, and did not immediately take her back to the fairy mansion, so as not to be seen that he was carrying a fairy mansion with him.

Obtaining the treasures of an ancient immortal mansion, and carrying an ancient immortal mansion with you, are completely two concepts.

"It's really a wonderful ancient Gu worm."

An incarnation of Wanfaxian who was watching a show smiled and clapped his hands. He curiously asked Li Yun, "You found this in Ancient Immortal Mansion too? I guess so, I have seen a few in Ancient Immortal Mansion too, but it's a pity. There is no aura, leaving a lonely tomb-like cave. I can't find anything useful for hundreds of years. It's a shame."

What should Li Yun say? Being able to spend hundreds of years searching for a fairy mansion is indeed an old monster that has lived for thousands of years!

"Master Wanfaxian!" Shi Zhen stepped forward, came to Wanfaxian, and respectfully saluted him: "This person has a lot of treasures in his hands, and his subordinates think he must know more about stone tablets and the gate of life and death than we do. Information!"

As he said, his eyes stayed on Li Yun's pocket, his eyes were so frantic, he almost rushed to **** the black feather butterfly in his pocket.

—For a beast elder who lives by refining and manipulating Gu worms, the powerful Gu worms from ancient times are no less than the temptation to become immortal and attain Dao!

"Retreat." Wan Faxian said indifferently, dreaming of getting the black feather butterfly, Shi Zhen was taken aback, then cold sweat, and after a deep bow, he backed away without saying a word.

"Another idiot who was blinded by profit, wanted to play with the Soul and Bright Realm as a monkey. Tsk tsk." Li Yun deliberately said so loudly.

"Stupid is a bit stupid, but it's still easy to use."

Wan Faxian uttered this sentence directly in front of Shi Zhen, completely using him as an object. The Tangtang Void Returning Realm elder was teased in this way, but he did not dare to refute a word, so that the shore of the distant lake was abolished. Hai's Hidden Sacred Valley disciples were speechless, and regretted why they provoke Li Yun.

People of this level are far from offending them.

"Don't talk about gossip."

Wan Faxian looked indifferent, and pointed to a stone tablet that was more than ten meters above the lake-half of the lake's water had evaporated, and a small part of the "Peng" on the stone tablet had been exposed.

"Li Yun, you have the qualification to do business with me."

Everyone was awe-inspiring. Just now Six Dao Sects fought with Li Yun, and he was beheaded abruptly to return to the Void Realm, and the old Nanyang woman was seriously injured. But Wan Faxian only said that Li Yun only had the right to trade with him?

How powerful should Wan Faxian's strength be? !

"Oh, it's my honor." Li Yun's tone was plain, and his sarcasm was self-evident.

Fanqing Saint Jade stood with him, Elder Wu completely lost his previous arrogance, and his expression was quite low-Li Yun's Gu worm could kill a Void Returning Realm with one move. What kind of pride does he have?

"Ah."

Wan Faxian chuckled softly, "I personally like to be reasonable and present the facts. It just so happens that Li Yun, you are also a smart person, then I will tell you about the current situation."

He kept talking, and said directly: "One, through the small **** created by the soul-refining tower, I have obtained a lot of information from the gate of life and death, and I also know that the six gates and the jade pendant in the hands of the saints of the hidden sacred valley are One of the keys to unlocking these ancient creations!"

Chapter 2509: Seven Gates of Life and Death

Li Yun asked in a cold voice, "You sent your hand to kill someone? If so, then we have nothing to talk about. I don't like communicating with people who don't talk about credit!"

The two had previously agreed that Wan Faxian was not allowed to instigate his subordinates to kill people indiscriminately, and Li Yun would not destroy the soul refining tower, but now the gate of life and death has been activated, proving that a large number of people have died on the island.

"Don't get me wrong." Wan Faxian said lightly: "The island is filled with aura, spawning a large number of monsters, and the souls of 100,000 people will soon be gathered."

Li Yun did not speak, tacitly acquiescing to the fact that Haowei Island has indeed become perilous.

Although the deaths of these people were all due to the accident caused by Wan Faxian, especially he instructed his men to recruit mercenaries from all over the world. These cruel talents kill the most people, and monsters can eat people and know that they are full, but People kill but are not satisfied.

"Not only that."

Wan Faxian continued: "I also learned that there are seven gates of life and death in the world, two of which require six gates and the saints of the Hidden Sacred Valley, holding the jade pendant and cooperating with a specific law to activate them!"

His words caused a shock of everyone present.

Elder Wu couldn't help asking: "You mean that the gates of life and death are all over the world, and all the gates of life and death need to be opened wide before the gates of the immortal world can really be opened?!"

seven?

Li Yun thought of his magic whip. The legend in it is also seven treasures dedicated to the gods. It seems that they correspond to the seven gods in the world?

Taoism is the Hidden Sacred Valley, Buddhism is the Six Daomen, Odin, God, Zeus, Gao Tianyuan from the Kingdom of Sakura, and Shiva from Asan?

There are already seven, but there are the myths and legends of the Pyramid Kingdom, and some remote gods. Li Yun is not sure if the gods correspond to the gate of life and death, but it is certain that the gate of life and death is related to the myths circulating in the world. What a big deal!

It is not built by ancient practitioners, or left over by real gods!

"probably is."

Wan Faxian was not sure, nor did he deny it, but made the hearts of the Void Returning Realm present fierce.

When the seven gates of life and death are opened, the passage of the immortal world can be opened, and longevity is expected. How can this not make the practitioners excited? !

The six gates and the hidden sacred valley have been passed down for so long, for this moment!

"Second." Wan Faxian glanced at the fiery eyes of the crowd, and after a pause, laughed at Li Yun: "I don't think I need to say too many other factors, just say the last one: Do you think it is so prestigious? Yidao is controlled by you, but in fact, it is me."

Li Yun understood what he meant.

The jade disc fragments of good fortune in the hands of the Vatican is the key, but not the only key: there are six other doors of life and death in the world, and even one of them can be used by the holy woman in the hands of the concubine Wan Qing (not sure if it is good fortune jade Disc fragments) open.

Therefore, even if Wan Faxian can't grab the jade disc fragments in front of him, he can give up temporarily, go to find other gates of life and death, and open them with the saint thing in the hands of Concubine Wan Qing, so as to obtain the changes contained in the gate of life and death. What a secret!

Second.

Both the Six Gates and the Hidden Sacred Valley are interested in activating the gate of life and death and opening the legendary passage to the immortal world. If Sage Fanqing and Li Yun choose not, then Li Yun will face the siege of the two sects, even hidden The Valley Lord of the Sacred Valley will force the Sage Fanqing to hand over the jade disc fragments of good fortune!

This is not surprising. The two cultivating sects have survived to this day, probably just to wait for this day, since the two have their own saints, and the saints have the key to open the door of life and death, you can tell!

Chapter 2510: Trust you, Li Yun

Various thoughts were in Li Yun's mind, and he couldn't help but turn his gaze to the Sanctuary who stood beside him, always cold and holy, and still in white dress.

"Li Yun."

Sage Fanqing said softly: "No matter what you choose, I believe your decision!"

The resolute tone made Li Yun's heart touched, and when her eyes met, everything around him seemed to be non-existent, and only each other in his eyes.

"it is good."

Li Yun smiled happily, turning his head and saying to Wan Faxian: "Before you came, I had already decided to activate this stone tablet. Although it is being persecuted by you to a certain extent, my decision has not changed: Qing Sheng , Urge good fortune jade disc fragments, take a look at what secrets are hidden in this stele!"

"Shards of good luck jade discs?!" Wan Faxian's eyes lit up and asked: "The saints of the Six Gates and the Hidden Sacred Valley are ancient fairy treasures? Are the saints in the hands of the child of Qing concubine also broken Fragments of jade disc of good fortune?"

Everyone looked at the jade pendant in the hands of Sage Fanqing, with the word good fortune in the name, and the origin seemed unusual.

Concubine Qing's child?

The corner of Li Yun's mouth twitched, which was one of the reasons he agreed: Concubine Wan Qing had a good relationship with Wanfaxian, and she would take the initiative to take out the saint's inheritance and give it to Wanfaxian.

"Jie Jie Jie, what a good thing, the old man is quite interested!" The thousand soul ancestors controlled Zhang Feng's body, but the voice made by him was a cold voice that was neither male nor female, especially panicked.

"Boy!" The old Nanyang woman also stared fiercely: "Don't let your concubine activate the stele?!"

Li Yun glanced at her faintly, with indifferent killing intent in his eyes.

"Ding, trigger the option event, please choose from the host:

Option 1: Reconfirm the activation of the mysterious stone tablet, reward evil value +1, colorful gift bag*3, which can disperse the fog and save the people on the island, but it will cause a lot of spiritual energy to overflow, and some drastic changes in the world will also cause unpredictable consequences .

Option 2: Reject Wanfaxian's proposal, take the opportunity to escape with Fan Qingsheng, reward experience value +50 million, all attributes +20,000, colorful gift bag*2, the future host has a high probability of being caught by the Six Gates and the Hidden Sacred Valley Master chase and kill.

Option 3: Kill the enemy, reward: to be determined. "

Glancing at the options of the system, Li Yun said to Fan Qingsheng: "Qingsheng, activate the stele, so that the fog can dissipate. What's next, I'll talk about it later!"

Li Yun's mood is quite complicated.

Being forced by the situation is only one reason. On the other hand, he really wants to open the door to life and death and get the option of becoming an immortal given by the system in the future.

In addition, the unknown future makes Li Yun feel guilty. Although he will not be bothered by this, there will always be a little bit of regret.

On the other hand, the identity of the saint of Fan Qing Sheng also makes this decision an inevitable part of the factor-like Concubine Wan Qing, the mission of Qing Sheng after becoming a saint is the key to life and death.

Open or not?

"it is good."

The Sage of Vatican Qing lightly touched the head, and then stopped speaking, closing his clear eyes, silently running the law that has been passed down from ancient times to the present, urging the jade disc fragments of good fortune in his hand.

The crowd was suspended in the air, silently waiting for the impending change.

There is a hunch in everyone's hearts: what happens next will profoundly change the future of this world!

"Om."

Fragments of good fortune jade discs glowed dimly, and an inexplicable rhyme enveloped the island.
