

Godly Choice 251

Chapter 251: One million don't sell

"You want to buy 200,000 too? Do you look down on Master Li Yun too much?"

A lean man in his fifties also stood up and said flatly to Li Yun: "Mr. Li has superb painting skills, plus you already have the ability to approach a master at such an age, and you will become a world-renowned person in the future. Famous painters are definitely not a problem!"

Everyone was stunned, did he want to...?

"I pay a million!" The thin man laughed: "One million buys Mr. Li's paintings to collect, and wait for the day when you become a master, Mr. Li, how about?"

Simply put, use one million to bet Li Yun to become a celebrity in the future.

Celebrities' paintings are valuable. You don't see Baowutong's chairman, Zhou Fuma drew a messy painting, but it was auctioned for 3 million.

If it's not a celebrity, I'm sorry, no matter how good your painting is, it will only cost you thirty or fifty dollars.

But using one million to bet is too exaggerated!

"One million? Hehe, I'm paying two million!" Another person stood up and offered a completely dumbfounded price.

Two million, two million in five minutes, is this true? Are you sure you hired a caregiver?

"Mr. Li Yun is now world-famous, and your paintings are worth two million!" The man said respectfully, and explained that he just watched the news about Li Yun using his own power against eleven top hackers on his mobile phone. .

Everyone suddenly realized that Li Yun had already become famous!

"Sorry, don't sell."

Li Yun smiled, and then refused these people's purchase request.

Although two million is almost equal to the money Li Yun has now, he believes that Baiyun Technology will bring him rich returns. Li Yun really does not appreciate these two million. He would rather give it to Su Muxin or Gong Qingyu, or even Give it to his real girlfriend, and don't want to sell the painting for two million.

Everyone expressed regret that many of them actually have the willingness to buy, but the price can't be so high.

"Li Yun!"

Fan Yongsheng sincerely and enthusiastically sent out an invitation again: "As long as you go to Zhonghai Academy of Fine Arts to study, I can recommend you to a doctoral student. The future development will never be bad! What do you think?"

Apart from envy, the crowd of onlookers could not even give birth to jealousy. After all, Li Yun's strength was placed there, and jealousy could not come.

But of course, Li Yun rejected him again: "Master Fan, I will go to Zhonghai University, but I can only say sorry for the painting."

"That way, I think this little girl's painting is also very good." Fan Yongsheng looked at Gong Qingyu and smiled: "Then I will accept her as a disciple. Then you will come to the Art Academy to learn painting with me. Maybe a degree!"

In addition to the main subject, the university can also choose multiple second and third degrees.

"Ding, trigger the option event, please choose from the host:

Option 1: Accept Fan Yongsheng's second degree request, reward experience value +100,000, all attributes +500, purple gift bag*2, Gong Qingyu favorability +1, choose this option, the system will release more paintings and Art-related selection events.

Option 2: Reject, no reward. "

Li Yun pondered, is it about life multiple choice questions again?

In fact, there is nothing to choose. The second degree does not take much time. Besides, Gong Qingyu seems to want to follow the teacher Fan Yongsheng, so let's agree.

"Well, Qingyu and I will follow you to learn painting when the time comes!" Li Yun agreed.

Chapter 252: The world's reaction

"Ding, the host made a choice, and the reward (experience value + 100,000, all attributes + 500, purple gift bag*2, Gong Qingyu favorability +1) has been issued!"

Li Yun was very satisfied with the bonus of all attributes plus five hundred. It was even more refreshing to get two purple gift bags at once.

Naturally, Fan Yongsheng was also very satisfied with Li Yun, this apprentice.

Although Gong Qingyu relied on Li Yun to approve of teacher Fan Yongsheng, because Li Yun was a person she liked, she was not angry. On the contrary, she was very happy that Li Yun could consider it for her.

Things were settled in this way, only waiting for Li Yun and Gong Qingyu to pass the college entrance examination to be admitted to Zhonghai University.

"Hehe~" Su Muxin smiled secretly, leaned to Gong Qingyu's ear, and whispered, "Do you know where I am studying now?"

Gong Qingyu glanced at her, "Want me to call you Senior Sister?"

"uh-huh?"

"Impossible, just give up!"

"Ah! You smelly school girl is really not good at all!"

Su Muxin pursed her mouth. It was obvious that she was older than Gong Qingyu, but how did she feel that she was the senior sister?

After visiting the exhibition, in the evening, Li Yun had dinner with them and then returned to the hotel. He received a call shortly afterwards.

"Wu Ke? Tell me to go to the company tomorrow? All right, see you then, I will rest tonight."

Li Yun guessed that it was the company's business. In this way, he will ask for another day off tomorrow. Anyway, he only needs to say hello to the head teacher when he asks for leave, which is convenient and quick.

After taking a shower in the hotel, Li Yun, after a busy day, lay on the soft sofa, chatting with Fang Xue and Li Feng, and reading current affairs on the Internet.

Sure enough, in the morning, he fought Nelson and the news of the demon army he led, grabbed the headlines of major news, occupied the first place in the Weibo hot search rankings, and threw the second place by two orders of magnitude, reaching horror. 1 billion heat!

"The latest report from the Global Times: A genius senior high school student from Huang Xuanguo has cracked the Bitcoin ransomware virus sweeping the world!"

"AAC News: Be wary of hackers and establish a network defense mechanism as soon as possible... We noticed that when Li Yun was tracking the black Satan, he intruded into the firewalls of almost all large companies, and even dignified control of military satellites. , To display satellite pictures in front of the public.

This kind of power is undoubtedly terrible. If it is used by terrorists, the damage caused is incalculable!

So, how many hackers in the world can do similar things? If it weren't for Li Yun's exposure, I am afraid we still don't know that our satellites are so insecure! "

"Newton Newspaper: strongly condemns and protests Li Yun's hacking actions, and calls on the international police to investigate this!"

There is a black line on Li Yun's forehead, Newton newspapers have a rough rhythm?

Obviously he helped country M find the vulnerabilities in the satellite, and also helped them fix it by the way, but country M actually protested?

—Although Li Yun left a back door in the satellite, it is convenient to use their satellite next time.

Anyway, it's the satellite of country M. It's not necessary for nothing, right?

"Big Brother Big Brother, are you there?"

Someone sent a message from Li Yun's button, it was the lovely girl he had known before, Hu Xiaomeng.

"Li Yun: Xiaomeng? What's the matter?"

"Fox Mengmeng: Big Brother, is it you in the news?"

When he asked this sentence, Hu Xiaomeng's big eyes were filled with incredible expressions and a deep admiration for Li Yun.

Chapter 253: Hu Xiaomeng's surprise

Hu Xiaomeng still remembers the first time he saw Li Yun.

At that time, she "hijacked" Qian Hu and a few people to accompany her to go shopping. When passing a street food stall, Hu Xiaomeng, who had never seen street food, walked in with curiosity.

To be precise, Hu Xiaomeng chose to walk in and take a look because he saw a young but handsome boy who was not very old but was washing the dishes.

Unexpectedly, the teenager who washed the dishes showed off his beautiful barbecue skills and successfully conquered Hu Xiaomeng's stomach.

Even on the second day, the dish-washing teenager defeated the state banquet chef, and it made Hu Xiaomeng, who had eyes high above his head, increased his affection for him.

"Big brother, are you really you in the news?"

Hu Xiaomeng asked again that the teenager who was washing the dishes that day had completed his transformation and became a top hacker that attracted worldwide attention.

Tracking the world for thousands of miles, bringing evil hackers to justice, such a legendary deed, made Hu Xiaomeng just hear it, and feel the heart of a young girl pounding.

"If there is no second Li Yun to eradicate the demon army, it should be me." Li Yun joked.

"Big brother is so handsome~!"

After being entangled by Hu Xiaomeng for a long time, Li Yun couldn't laugh or cry. If he encounters a selection event related to her next time, will Hu Xiaomeng's favorability immediately soar to 90, right?

"Well, big brother, take a rest, Xiao Meng will go and promote your big brother, hehe~!"

Hu Xiaomeng opened the group of classmates contentedly and prepared to promote Li Yun's deeds, but unexpectedly, someone in the group had already posted a link about Li Yun.

And it's a link to another story.

"Huh? Big brother can still paint?" Hu Xiaomeng was stunned again. Why can big brother do everything?

With curiosity in mind, Hu Xiaomeng clicked on the link and jumped to a famous domestic barrage video website.

The so-called barrage video means that when watching the video, the audience can also send comments, and these comments are displayed in real time, which is very fun.

"Let you see what a real painting is!" »

Looking at the title of the video, Hu Xiaomeng became even more curious. Did the elder brother do any amazing deeds?

The video introduction stated that this was taken at a painting exhibition in Zhonghai City, and introduced the ins and outs of the matter.

"Big brother and master painter duel? Good, amazing!"

Hu Xiaomeng's eyes lighted up, and he couldn't wait to open the video.

"High-energy warning ahead, non-combatants immediately evacuate!"

"9 minutes and 45 seconds high energy ahead!"

"I cried when watching the video, it's so handsome!"

"Woo, I really want to marry him to have a monkey~"

"You are handsome, good at painting, and there are masters begging to accept apprentices. I'm so sour!"

Watching the barrage of the video, Hu Xiaomeng was a little angry, she was married to marry! These shameless foxes are really annoying.

The two women beside the eldest brother must also be vixens!

Hu Xiaomeng continued to look down. In the first three minutes of the video, it was the elder brother who was commenting on Lu Qiu's painting before he began to paint.

But the content of the painting, Hu Xiaomeng did not find it very exciting, and it was similar to the landscape paintings hanging in her house.

"However, the elder brother is still young, so it would be nice to have such a performance." Hu Xiaomeng was a little disappointed in his heart, but he still defended Li Yun.

In the video, there are many people who are as disappointed as her.

"What? I thought it was amazing, it turned out to be that way!"

Chapter 254: One sword frost and cold nineteen states

"This video is properly the title party. It is recommended that UP (the person who posted the video) go to the Academy of Fine Arts to see. There are countless people who can have this artist!"

"Disappointed, is the real painting technique like this?"

"Bow left and right, bells and whistles, flashy, rubbish!"

"Excuse me (domestic TOP5 Academy of Fine Arts student) to say frankly, this picture is off topic!"

Looking at these barrage, Hu Xiaomeng bit her red lips tightly. Couldn't anyone say a good thing to her elder brother?

"Those who say bad things, I used to be like you, but now I just want to shout: Li Yun is awesome!"

Hu Xiaomeng felt a lot better now, and continued to look down.

"Energy ahead, pay attention, this is not a drill!"

"It's coming, ecstasy!"

"Look again, I still think 6666!"

At 9 minutes and 45 seconds, the barrage exploded instantly, and Hu Xiaomeng's eyes widened, watching Li Yun's movements in the video.

Seeing him swiping, a cyan light broke the original tranquil and peaceful atmosphere of the picture, making Hu Xiaomeng so shocked that he covered his small mouth.

In the barrage, everyone also displayed a "?" sign.

"what's the situation?"

"Destroy yourself?"

"Can't paint anymore."

"If this painting barely passed before, it is now a waste!"

But the next moment, the barrage quieted down instantly.

A sword immortal stepped on a flying sword, flew across the mountains and galloped towards the distance.

Inside and outside the video, the audience was all stunned.

"Nyma turns out that the blue light is the sword light of the sword immortal? I'm Cao Cao Cao!"

"So handsome!"

"Wow, this sword fairy has been added absolutely, it is comparable to the finishing touch, and the whole picture comes to life in an instant!"

"Kneel to the great god!"

Hu Xiaomeng looked at the sword immortal closely, she seemed to see the image of a cultivator who was driving a sword, traveling through the mountains, chic and happy, high above, and not living with mortals.

"The sword qi is 30,000 li, and one sword is frosty and cold in nineteen states."

Sure enough, like Master Fan in the video, a good sword, a good sword fairy!

A sword fairy raised this painting several heights, and the artistic conception of the painting instantly changed.

In the barrage, people who originally despised Li Yun are now apologizing.

"I was wrong, give tea to the boss!"

"Awesome, with the sonorous and powerful music and Li Yun's quick and freehand drawing movements, I actually feel that the sword fairy is going to break the painting!"

"Turn to fight for three thousand miles, Yijian once became a millionaire division! Just one word for handsome!"

"The big guy is different, and there are only a few depictions of the sword fairy, but this kind of immortal cultivator image is ready to come out!"

Hu Xiaomeng smiled, seeing these people apologize to his elder brother, he was even happier than he got the top five in grade.

However, Hu Xiaomeng's restriction has yet another trouble.

"Big brother is so good now, what will it look like in the future?"

Hu Xiaomeng supported his smooth chin with both hands and looked at Li Yun in the video. He was surrounded by two big beauties with different styles, which obviously had a lot to do with him.

But Hu Xiaomeng was unwilling to give up.

For her, Li Yun is a treasure she discovered by accident, and no one is allowed to get involved!

"Huh, next time I go back, I'll go and play with my big brother." Hu Xiaomeng's little face was stained with a moving blush, "Then, show him my heart, big brother...should you like me too? "

Hu Xiaomeng, who was the first time a girl's spring heart sprouts, never thought about it. In fact, she and Li Yun only met twice.

Chapter 255: Concubine Wan Qing, Saint Banshee

Li Yun woke up early the next day, and he was going to take a look at the company.

After getting off the hotel, Li Yun was stopped by a middle-aged man.

"Are you Li Yun?" the man asked arrogantly.

Li Yun frowned slightly, the person who came was not good.

"Yes, you are?"

"It doesn't matter who I am, what matters is that you have to come with me!"

"hehe."

Li Yun smiled faintly, and was about to refuse, but the system prompted:

"Ding, trigger the option event, please choose from the host:

Option 1: Follow the man to see Concubine Wan Qing, reward Concubine Wan Qing's favorability degree +5, random master martial arts.

Option 2: Reject, reward Concubine Wan Qing with a degree of -10, and have a chance to irritate her.

Option 3: Beat the man, refuse to go, no reward. "

Li Yun was stunned. It turned out that this man was sent by Concubine Wan Qing.

Moreover, beating a man will not reduce her favorability, which is really amazing!

"Boy!" Seeing Li Yun didn't answer, the man immediately sank his face, "Do you know who I am?"

"Snapped!"

Li Yun slapped out a slap, and the man didn't react in time. He was beaten and turned around and looked at him awkwardly, covering his face.

"Who are you?" Li Yun asked indifferently.

"You fucking...!"

"Snapped!"

Li Yun slapped again, and the other half of the man's face was swollen, making him stupid.

"Forgot to tell you, in front of me, Li Yun, don't be arrogant, otherwise you don't know how you died."

Li Yun smiled faintly, "Lead the way ahead, hurry up, maybe I won't beat you!"

The man was beaten and convinced, he gave him a hateful look, and walked outside the hotel.

He seemed to be holding back his breath, and wanted to wait to see Concubine Wan Qing before going to Li Yun to settle the account.

The man drove Li Yun to a store not far away. After getting off the car, he sneered: "If you are not afraid of death, follow me!"

Li Yun looked up at this tea shop named Qingya Xiaozhu. After walking in, he found that the decoration was very decent, quiet and peaceful, as if he were in a bamboo forest.

But Concubine Wan Qing was not here. The man led him inside, circling around and walking through a corridor, and then came to a courtyard before the man stopped.

"Master Saint, I brought people!"

Li Yun laughed and laughed, is Concubine Wan Qing a saint?

How does he feel that Concubine Wan Qing is like a witch, a witch, and not a saint!

"Um."

A lazy female voice came from inside the door. This voice seemed to be a beautiful woman with a peerless face. Begonia fell asleep in spring, and the coquettish hum when she just woke up, soft and soft, soft and charming, making people, especially letting The man felt his bones numb when he heard it.

The man shuddered, cast a fiery look inside the door, and quickly bowed his head in fear.

"What's the matter with your face?" The voice inside the door was still lazy.

"Blame this kid!"

The man immediately filed a complaint, said the matter again with added enthusiasm, and also scolded Li Yun for being too mad.

Li Yun smiled faintly, and looked inside the door guardedly.

"That's it." The woman seemed to wake up for a while, but her voice was still soft, "Then cut her arm to show her punishment."

The voice was soft, and the words spoken were indeed extremely vicious!

"Thank you, Lord Saint!"

The man was immediately overjoyed and looked at Li Yun with a majestic attitude: "Boy, don't you hurry to slash yourself? Be careful that the lady of the saint will make your own move and chop off your head!"

"Hey?" The voice of the woman inside the door was a little surprised, and said in amazement: "No, I obviously told you to cut yourself off."

Chapter 256: Indifference

"?"

The man was taken aback for a moment, then he burst into cold sweat, his legs shook, and he knelt in front of the door with a plop.

"Holy, Master Saint!"

"You are so bold."

The woman's voice is still soft and charming, "You dare to be rough with the person I want to invite, do you think it's too leisurely to stay here, and you don't have any awe of heaven and humanity?"

"No, dare not, the little one dare not!" The man kowtowed his head like garlic, begging for mercy frantically.

"Hehe, I just asked you to cut an arm just now. Now, let's add an extra leg." The woman said coldly, "You should understand the rules of my heaven and humanity, go ahead."

The man's face was pale, and he was almost fainted by fright.

In the Heaven and Human Dao, if you dare to disobey the superior's order, the crime will be increased by one level, and you can even kill it directly.

"Ding, trigger the option event, please choose from the host:

Option 1: Save the man, reward justice value +50, concubine Wanqing's favorability degree +10, and free attribute points +100.

Option 2: Be indifferent and reward Concubine Wan Qing with a degree of -10. "

Li Yun frowned, not because the system asked him to save the man, but because of the concubine Wan Qing.

Favorability fluctuates up and down, from left to right, which is unpredictable.

Being indifferent instead lowered her favorability degree, violating her orders, saving the man, but increasing her favorability degree.

Is Concubine Wan Qing a decent person?

Simply inexplicable!

Although I don't understand, I still have to get the reward.

"Okay." Li Yun said lightly: "He didn't offend me too much, Consort Wan Qing, let him go!"

The man glanced at Li Yun gratefully.

There was silence inside the door, followed by a silver bell of laughter.

"Well, it's up to you to spare him once.

Disapprove of martial arts, and then go away. "

The man wanted to cry without tears, he couldn't run away even if he wanted to run, so he could only follow the instructions of the Lord Saint.

"Ding, the host makes a choice, and the rewards are combined and distributed: Consort Wanqing's favorability +15, random master martial arts: Yiyang punch!"

Are there two awards combined? You can really do the system!

However, after receiving Yiyang Quan's message, Li Yun was overjoyed, and a satisfied smile appeared on the corner of his mouth.

The power of Yiyang Fist is not too strong, but it has one characteristic, that is, it can mobilize the qi contained in the human body, such as righteous qi, yang qi, vitality qi, etc., so as to achieve the purpose of hurting the unjust soul.

Yes, this boxing technique is specially designed to deal with ghosts and zombies!

With this trick, Li Yun, in addition to Shirvin, has an additional guarantee to deal with evil spirits and ghosts!

"Hey, handsome boy, come in soon~"

After the others left, Concubine Wan Qing regained her name as Li Yun's little handsome boy, leaving Li Yun speechless.

Pushing open the door and walking in, Li Yun's eyeballs came out just by looking at it.

Because, in the room of Concubine Wan Qing, Chunguang is infinitely good.

The shirt is half exposed, and she is wearing a thin white gauze skirt, revealing charming scented shoulders, full of sense of family name.

In addition, the concubine Wan Qing lay lazily on the soft sofa bed, her black straight hair covering half of her face, her eyes blurred, her beautiful eyes shy, she seems ashamed or happy, and her charming posture of refusing to welcome is enough for anyone to see My heart is so hot, I can't wait to become a hungry wolf on a moonlit night and capture it firmly!

Then swallow it in one bite.

"cough!"

Li Yun raised his eyes to the sky, not looking at Concubine Wan Qing's extremely charming gesture at the moment, and said indifferently: "Concubine Wan Qing, what are you doing? Invite me to come, but still get up!"

Chapter 257: Take refuge in me

"get up?"

Concubine Wan Qing smiled lightly, her slender fingers wrapped around her hair, her movements were extremely enchanting, "Why do you want to get up? Today, we want to stay together all day, rest together, and do some shy things together. ~, little handsome boy, what do you think?"

"Ding, trigger the option event, please choose from the host:

Option 1: Accept the request of Concubine Wan Qing, reward the resurrection pill*1, Concubine Wan's favorability degree is 100,000, and the host will be killed by Concubine Wan Qing with high probability.

Option 2: Yizheng's refusal and scolding the other party as a demon girl, reward Wan Qing concubine favorability degree +5, detoxification pill*1.

Option 3: Turn around and leave, reward Wan Qing concubine's favorability degree +10, additional bonus skill: clear heart and low desire. "

Seeing the prompt from the system, Li Yun looked speechless.

The resurrection pill is at least of golden quality, right? The system is really generous, of course, there is no use for eggs, because as long as he promises to do something shameful with Concubine Wan Qing, he will definitely be killed if he has no time to do anything.

Li Yun understood that what the Concubine Wan Qing said is absolutely unbelievable, especially when she is not serious, what she said is even more murderous, and if she is careless, she will offend her and be killed by this demon!

"Concubine Wan Qing." Li Yun said lightly: "If you regard me as an evil demon like you, then you and I don't have to sit and talk together. We will go our own way and we will have nothing to do with each other!"

"..."

After a long silence, Concubine Wan Qing looked at Li Yun deeply before spitting out a word from her small red mouth: "Okay."

After that, she pulled the sheets, covered the large exposing snow-white skin, and then motioned for Li Yun to sit down.

"Ding, the host didn't make any choice, no reward."

Li Yun gave a wry smile. This is the first time he has not made any choice, which is tantamount to giving up the system award.

But he has no regrets, his life is not all following the system, Li Yun has his own ideas!

"Good tea."

After sitting down, Li Yun took a sip from the cup on the table and exclaimed: "There is a rich fragrance in it, what kind of tea is this?"

"...I drank that." Concubine Wan Qing said quietly.

"Cough cough cough!"

Li Yun almost squirted out the tea.

This Nima is too embarrassing. It turns out that it is not the fragrance of tea, but the fragrance of Concubine Wan Qing's mouth?

Li Yun couldn't help but look at Concubine Wan Qing's charming red lips. The lips are beautiful, rosy and shiny, like a ripe red apple, which makes people want to take a bite.

"Humph!"

Concubine Wan Qing sneered, and squinted at him: "I used to pretend to be an upright gentleman, but now my original form is revealed?"

Li Yun's face blushed, and he turned a little, and said, "We don't have to talk nonsense. What are you looking for? You don't want to thank me for helping you yesterday, right?"

"Hehe, my concubine Wan Qing is not so boring."

Concubine Wan Qing sat on the sofa bed, her thick black hair drooping messy, but it did not affect her majestic, indifferent, and ambitious momentum at the moment.

At this moment, Concubine Wan Qing was like a queen in charge of the world. Her charming Danfeng eyes became extremely sharp, and she looked straight at Li Yun and said:

"Then I'll be straightforward."

Looking at Li Yun, Concubine Wan Qing said every word: "I want you to be my subordinate to help me win the battle with the Hidden Sacred Valley!"

Chapter 258: Six Demon Gates, Hidden Sacred Valley

Hidden Sacred Valley?

Li Yun frowned. From the Jianghu sect that Guo Xun told him, there was no such sect as the Hidden Sacred Valley, and of course, there was no evil sect of Heaven, Humanity and Dao.

"Where is the Hidden Sacred Valley?"

"You don't need to know." Concubine Wan Qing said indifferently, her charming face was full of frost, "You just need to know that the Hidden Sacred Valley and the Six Demon Gates I'm in are extremely powerful and can easily kill any sect of Jianghu. Even kill any forces, heads of any country!"

Hidden Sacred Valley, the Six Demon Gates...

Li Yun pondered for a moment. The Six Paths should refer to the Six Paths in Buddhism, namely: Heaven and Humanity, Humanity, Animal Way, Ashura Way, Hungry Ghost Way, Hell Way.

If Concubine Wan Qing is just a saint of heaven and humanity, then this six magic gate is really unfathomable.

and many more.

Li Yun thought of Duan Jiangdong, whom he had met in the Lujia Martial Arts Hall before. He was related to the Lie Demon Sect, but he said that he was not from the Lie Demon Sect. Could it be that he came from the so-called Six Demon Sects?

Thinking of this, Li Yun had a general guess in his mind.

"Why do you like me?" Li Yun asked calmly.

"Hehe, because I watched your performance yesterday." Consort Wan Qing laughed lightly, clapped her hands with her pure and graceful hands, and said approvingly: "Your hacking skills make me very satisfied, maybe it can play some role. So I am here to invite you to join with the love of talent!"

"My hacking skills will make the battle between you and the Hidden Sacred Valley easier?"

"maybe."

Concubine Wan Qing said: "Modern times are no better than ancient times. Even in the most conservative Hidden Sacred Valley, some people use phones and mobile phones. With your technology, they may be able to invade and steal some information."

"Of course." Concubine Wan Qing shook her head, "It will definitely not be very useful information. They will not put the information on the Internet."

Li Yun nodded. The rapid development of modern technology has also deeply affected the so-called arena.

"How are you thinking about it?" Consort Wan Qing asked with a smile.

"Don't think about it!"

"Oh?"

"I have only one answer," Li Yun looked into her eyes, and calmly met her: "I will never join others' camp, and I will never succumb to others!"

Concubine Wan Qing's eyes narrowed, and the expression in her eyes became dangerous.

Li Yun ignored the look in her eyes and continued: "Furthermore, I am not cold about your evil sect's behavior. Maybe we will become enemies in the future!"

"Hahaha."

Concubine Wan Qing sneered, and a fierce murderous intent attacked Li Yun without concealment. This murderous intent seemed to be condensed into substance, and the surrounding air instantly became icy cold.

Li Yun was not afraid, and looked at each other with Concubine Wan Qing. Their eyes met in the air, as if two sharp swords were slashing and assassinating each other!

For a long while.

Concubine Wan Qing gave a soft voice, Li Yun's mental toughness was beyond her expectation.

With her current skill, she would scare her bile through the ordinary acquired realm at a glance. Even the strong in the congenital realm could not hold back her aura and oppression. She didn't turn around and flee, even if she was scared to weaken her legs and urinate her pants. Can't compete with her at all.

What Concubine Wan Qing didn't expect was that Li Yun had a system rewarding skill: mental resistance.

Moreover, this skill was spent 500,000 experience points by Li Yun to forcefully break through to the master level, which was able to block the momentum of Concubine Wan Qing!

"Never mind."

Concubine Wan Qing converged her momentum, and a charming smile appeared at the corner of her mouth, as if the pressure from the previous momentum did not exist.

Chapter 259: Practicing Qi, Refining God

"Sure enough, there are two subordinates I like. As a result, I want you more and more!"

Concubine Wan Qing smiled, but this kind of smile was extremely uncomfortable!

Li Yun shrugged, "If you are asking me for help as my wife, then I will reluctantly..."

"Do you want to die?"

Concubine Wan Qing's silver teeth clenched tightly, a blush appeared on her pretty face, and she interrupted him with a sweet drink.

Li Yun was a little surprised. Is this woman pretending, or is she really shy?

To be honest, Li Yun even suspects that Concubine Wan Qing's appearance is in disguise. This woman has never been willing to show her true face, which is unpredictable.

"Humph!"

Concubine Wan Qing calmed down and said with an indifferent expression: "Well, let you see my power, lest you think you are invincible in the world!"

"Let's wait and see." Li Yun looked at her intently.

Concubine Wan Qing chuckled and stretched out her hand. The hosta she placed next to a folded dress floated up in the air, piercing Li Yun's eyes like a flying sword.

After that, he steadily stopped in front of Li Yun's eyes, and the sharp tip pointed at Li Yun's eyeballs.

"This is...?" Li Yun asked calmly.

"Humph."

Consort Wan Qing is very upset, is this kid the reincarnation of an old monster? Why are you not scared at all!

"You can use it as a sword immortal's method." Consort Wan Qing put away the hosta angrily, "Of course, my strength can't be the top level of a person from thousands of miles away, but well."

She said triumphantly: "Within a radius of ten miles, as long as I want to, I can kill any master below the mid-innate period!"

After saying these words, Consort Wan Qing regretted it. Why did she reveal her true strength to Li Yun?

You know, even her master and Concubine Wan Qing couldn't believe it, and she would never reveal her current strength!

In the Six Demon Gates, no one is worthy of her trust!

"so it is."

Li Yun nodded, "Are you a cultivator? I met a person in the Qi-refining period before, and you are the foundation-building period?"

Concubine Wan Qing gave him a roll of eyes, "That's something in the novel. The real immortal cultivator doesn't have that many settings. Above the Qi Refining Period is the Spirit Refining Period, which can travel the world...Bah!"

Concubine Wan Qing spit out her little tongue, and said proudly: "Why did I tell you this? You didn't turn to me again, huh!"

Li Yun smiled. At this time, Concubine Wan Qing looked like a 28-year-old girl, lively and naughty.

Li Yun still wanted to ask a few questions, but Concubine Wan Qing was tight-lipped and stopped to say any more information.

"OK then."

Li Yun stood up and said, "It is a pleasure to chat with you this time. If you need to help me in the future, I can help you as a friend."

"You really don't take refuge in me?" Concubine Wan Qing looked at him with a slight eager tone: "As long as you follow me, I can give you things that you can never have, wealth, money, status, and great strength, even let Your life span is hundreds of years!"

"Ding, trigger the option event, please choose from the host:

Option 1: Follow the Concubine Wanqing, reward experience value +300,000, all attributes +1500, free attribute points 1000, skill points*1, golden gift bag*1, Consort Wanqing favorability +50, the future system will help the host become six The leader of the magic door!

Option 2: Reject, reward Wan Qing concubine's favorability degree +10, all attributes +1000, extra bonus skill: Jiuyang Tianjing. "

Chapter 260: Nine Suns

Li Yun's pupils shrank, this strange expression made the opposite Concubine Wan Qing quite strange, and said dissatisfied: "Do you want to agree or not?"

Li Yun suppressed the ecstasy in his heart and said: "My answer is the same as before: No!"

"Ding, the host makes a choice, and the reward (Faith Qing concubine's favorability degree +10, all attributes +1000, additional bonus elementary skills: Nine Suns Heavenly Scripture.) has been issued!"

Although it is strange why the refusal of Concubine Wan Qing will also increase the favorability, but the reward of all attributes +1000 is too exaggerated!

If this is converted into experience points, it is worth more than 3 million at least, so that all 5 attributes can be increased by 1,000!

But soon Li Yun knew that he was wrong!

"My Cao, this Nine Suns Book of Heaven is actually the method of Zhenqi cultivation!"

"Furthermore, the Nine Suns Heavenly Scriptures can actually use their own awe-inspiring righteousness to deal with those evil spirits and ghosts. In that case, my more than 5000 justice points are useful!"

"The higher the justice value, the more powerful my Nine Suns Scriptures. Sure enough, the justice value set by the system is not useless!"

If Concubine Wan Qing was right in front of him, Li Yun was afraid that he would split his mouth with a smile, and this trip would have been too rewarding.

Regarding the multiple choice questions of life, when the system rewards the most, Li Yun smiled in his heart and decisively added all his experience points to the skill of the Nine Suns.

"Ding, Jiuyang Tianjing has been successfully upgraded, current level: Intermediate!"

300,000 experience is only enough for this martial arts mentality to go from elementary to intermediate. One can imagine how many experience points it takes to reach the full level.

However, Li Yun was not worried, but was too happy.

The more experience points it spends, the more powerful the Nine Suns Scriptures are. If possible, Li Yun plans to take the God-level skill pill and rush the Nine Suns Scriptures directly to the God-level.

With the god-level Nine Suns Scripture, Li Yun suspected that he was going to be invincible!

"Really don't plan to take refuge in me?" Consort Wan Qing was not reconciled, and finally confirmed.

"Do not."

Li Yun walked out of the room, turned his head slightly, and a smile appeared at the corner of his mouth: "I still said that. If you are willing to be my wife, you will also regard me as a husband who can rely on for life. By then, as your husband's I will choose to help you wholeheartedly!"

"...You little villain, get out!"

When Li Yun couldn't see it, Concubine Wan Qing's gorgeous face blushed and she directly scolded him to let him go.

Li Yun gave a chuckle, walked out the door leisurely, and was about to leave when Concubine Wan Qing's slightly trembling voice came from behind.

"Hey, Li, Li Yun!"

"what?"

Li Yun did not look back.

"You were just now, were you afraid that I would kill you?"

"Consort Wan Qing, has anyone told you something?"

"What's up?"

"Actually you are a good person."

"..."

After he left, Consort Wan Qing was silent for a long time, stood up, got out of bed and walked to the dressing mirror.

"Good guy?"

Staring at herself in the mirror for a long time, she stretched out her hands and took off the human skin mask on her face, revealing her beautiful cheeks.

Surprisingly, the real appearance of Concubine Wan Qing is not enchanting, nor can it match enchanting, but rather pure.

With big eyes, a straight nose, and a small red mouth pursed, his temperament is pure and clean, as if he were a pretty lady.

But only those who know her know how cruel the six demon girls are!

"I am a good person?"

Concubine Wan Qing smiled at herself in the mirror. In the mirror, she was as simple as a fairy who did not stain the mundane world.
