Chapter 2521: Return to hotel

At four o'clock in the afternoon, Li Yun and Fan Qingsheng landed in front of the Alohirani Hotel.

The distance is still very lively. The soldiers of the Lican country and the people gathered are anxiously waiting for follow-up news. They don't know whether Haowei Island is safe or not. Some people can't wait to leave. Some people think that since the fog is gone. Go, it must be Li Chaoren who has solved the matter.

Therefore, when Li Yun and Fan Qingsheng landed in front of the hotel, a bunch of people hurried up, looking nervous and excited, wanting to ask Li Chaoren about the result of the matter.

Frightened Li Yun hurried into the hotel and asked the security to refuse all these people out.

As soon as he entered the hotel door, Li Yun received the attention of a large group of strangers-these people are famous people on Haowei Island, such as big stars, big singers, musicians, politicians, presidents of multinational companies, etc. Wait.

They were accidentally trapped on Haowei Island. After learning from various sources that the Alohirani Hotel was protected by Superman Li, they all rushed here non-stop, crowding the ten-story resort hotel.

"You are Mr. Huang Xuanguo and Superman Li?!"

"Hello, Mr. Lee, this is Bran..."

"Thanks to Superman Li for saving Weiyi Island!"

"Mr. Li is younger than I thought! He is so handsome and handsome, and powerful, masculine, and kind!"

"Mr. Li, this is my daughter..."

"Li Chaoren, first of all thanks... Thanks again, is Weiyi Island safe now? Are we going to retreat to the outlying islands? I seem to have the fire ability, will it be okay? Li Chaoren, please answer, I would like to use one Ten million dollars..."

"Go away, you want to get close to Superman Li if you have some stinky money? Your little flame can be extinguished by Superman Li raising his hand!"

"..."

A large group of people came around noisily. Not only did Li Yun hear his brain hurt, but his eyelids jumped.

The only thing I was fortunate was that his clear photos were not uploaded on the Internet.

Otherwise, he will not want to live a normal life in the future.

Being a "superman" is destined to be highly anticipated. All your actions must be in accordance with the standards of a saint, and there can be no immorality, otherwise the image of a hero will collapse. .

It's right to think about it, Spider-Man, Iron Man, Superman, they all commit crimes with masks. Isn't the fear that they expose their identity so that they can no longer live as ordinary people?

Li Yun fantasizes about the scene where his looks are known to people all over the world. A group of people walking on the street watched fiercely. They couldn't go shopping, and they had to be stared at by a group of paparazzi when they were playing with his girlfriend. Once again, the four people on the Ocean Princess cruise ship. If I travel, I'm afraid I'll get up the next morning to see photos of myself entering the cruise ship with three beauties in my arms in the headlines of global entertainment news.

The picture is too beautiful to think about.

So Li Yun resolutely resists other people taking pictures, especially when he has just landed from the sky and everyone knows that he is Li Chaoren!

Fortunately, there are no paparazzi here either.

"Everyone!"

Li Yun drank a deep voice in Chinese, and the noisy crowd suddenly stopped, regardless of whether they understood or not, they couldn't interrupt Superman's speech anyway.

"First of all, make a correction. This island is called Penglai Island. It is an overseas fairy island in Huang Xuan Kingdom's myths and legends, not Haowei Island..."

at this time.

"Well, it's so noisy, Baba, here is ~?" Hei Yudie rubbed his eyes and got out of Li Yun's pocket, staring with a group of people.

Chapter 2522: Get out

"so cute!"

The eyes of the women present flashed instantly, thinking that they had seen the elf in Western myths and legends.

There is nothing to say about the appearance of the black feather butterfly. The black skirt shines like a starry sky, and the slender body is wrapped in it. Li Yun suspects her two magical powers before. One of them is to become beautiful and cute, which attracted the ancient female fairies to compete for the first place. Raise her.

"Xiaodie, you go back first."

With a wave of his hand, Li Yun collected the Black Feather Butterfly into the Lotus Immortal Mansion. Anyway, he is now revealing more and more secrets, and the world has changed now, so he doesn't care about exposing this magic.

When everyone saw it, they only thought it belonged to Huang Xuanguo and Super Li's skill, and their eyes became more awed when they looked at him.

"Everyone." Li Yun said lightly: "Penglai Island is safe for the time being. You don't need to stay in the hotel anymore, but I'm here to warn you: Don't try to approach, let alone attack or destroy the ancient ruins on Penglai Island, otherwise The gods inside wake up, and the whole world will be destroyed!"

Is there any fairy in it?

Li Yun wasn't sure, but he didn't give any warning to people around the world who were ready to move. It is estimated that a group of desperate people would carry explosives to bomb Biyou Palace the next day.

But Li Yun is also sure that even if he warns, there will definitely be people around the world trying to enter the Biyou Palace, including but not limited to using T.NT explosives.

A group of people stared at them, they didn't know what Biyou Palace was.

Li Yun didn't bother to explain, and took Qing Sheng to leave quickly.

After a while, these talents whispered to each other.

"Sure enough, the ancient myths and monsters have awakened!"

"My God, can we see God in the future?"

"Ohmygod!"

"I decided not to leave! Hao Weiyi Island, no, Penglai Island is not necessarily unsafe. Such things happen all over the world. Why not stay here."

"That's right. It is said that there are magicians active here. They are magicians from the West, not swordsmen from the East!"

"There are vampires, I don't know if I can become..."

A group of active people began to make plans for the future. There are definitely not a few people in the world who have the same ideas as them. Penglai Island will be very lively in the future.

Li Yun had no intention of this and was powerless.

Although Penglai Island has been the territory of Huang Xuanguo since ancient times, he could not resist the occupation of other countries around the world, so he could only allow Huang Xuanguo to occupy some good places. Secondly...Does myths and legends have the concept of a country?

Therefore, this matter can only be left as it is. Li Yun strives for more benefits for Huang Xuanguo, and he still has difficulty in monopolizing.

Back to the hotel room, after knocking on the door, footsteps soon came from inside.

"Li Yun!"

After seeing him, Xiao Mingzhu couldn't help but look excited, and wanted to come up and hug him, but when he saw Saint Fan Qing standing aside, he abruptly suppressed the impulse.

"Husband~" Xia Feiyao was like a bird returning home, happily and happily plunged into Li Yun's gaze, blushing and letting go after a long while.

"Sorry, I made you worried."

Li Yun smiled and hugged Jin Liuli, who wanted to step forward, but was shy. This little girl was still resisting at first. After struggling, she hugged him.

After giving Su Muxin and Liu Xianxian a hug, Li Yun was satisfied.

Of course, he also endured the bitter gaze from Xiao Mingzhu. Li Yun wanted to step forward and give him a hug, but the bitter and bitter beauty avoided instead, with an expression that I didn't recognize you as a playboy.

Chapter 2523: Trophy

Sitting in the living room with six beautiful women, Li Yun took a sip of hot tea comfortably and gave them a brief account of what happened.

"So many things happened..."

Xiao Mingzhu frowned Liu's eyebrows, and said worriedly: "Li Yun, are the ancient immortals and gods really going to reappear? Their power is so strong, will they bring devastating disasters to the earth?"

"I think it will!" Su Muxin also expressed her opinion: "Look at the Pearl, the fairy gate hasn't come out yet. There are so many islands on the ocean. With this earth-shaking power, the earth may become Troubled!"

"what!"

Several women-including Xia Feiyao, Jin Liuli, and our star Liu Xianxian all looked worried and fearful of the unknown future.

"I don't think I need to worry too much."

The girls all looked at Li Yun.

"think about it."

Li Yun smiled and said: "Even if the immortal appears, we can kill him with a nuclear bullet. Anyway, we have the power to destroy the earth, which is no doubt with the immortal."

"...It's really a cold joke that can't be colder, but nuclear bombs can only wipe out us humans, and it's tickling the earth."

Xiao Mingzhu complained, with a funny look on Jumei's face.

The fate of the earth being kidnapped by nuclear bullets is probably the same as being kidnapped by unknown gods and monsters.

Anyway, if there is no planet, human beings have only one way to perish, but the gods may not.

"It's useless to think about it, come on, beauties, let's practice and become immortals ourselves is the best way to deal with it!"

With a smile, Li Yun took out the items rewarded by the system from the inventory, and gifted "Thunder in the Palm", "Chilling Jue", and "Xianyin Magic Method" to Xia Feiyao, Xiao Mingzhu, and Liu Xianxian.

As for Jin Liuli, she already has the technique, and Su Muxin's, she is still far behind, and she doesn't have an innate realm now, and she is not qualified enough to practice spells.

This also caused Little Chili to puff his mouth directly, holding Li Yun's arm to act like a baby, and said that in the future, he would also have a secret book for cultivating immortals.

"Oh by the way, Lord Saint!"

Li Yun still has one thing to give to the Sage of Fan Qing, that is, a sky thunder that the system generously rewarded before, which can be integrated with the Thunder God Sword in her hand to refine a more powerful magic weapon.

"The Sword of Thunder Jie?" Sage Fan Qing took out his weapon, thought for a moment, and said: "This sword is not powerful, but it has been around for a long time, maybe there are some secrets in it."

Li Yun smiled and said: "Jie Lei is said to be the thunder to face when crossing the robbery and becoming immortal, suitable for you to use.

The celestial and fluttering Sage Fanqing is in charge of Heavenly Tribulation Thunder, and he looks good no matter how you look at it.

"Um."

Fan Qingsheng nodded and put away the thunder in the mysterious box. She was not surprised. She was now used to Li Yun suddenly taking out some weird things.

Li Yun suddenly realized one thing: "Qingsheng, how big is your storage space?"

Sage Fanqing glanced at him and reported a size of about 3 cubic meters, which is about less than 1 meter in length, width and height.

"I have a better one!" Li Yun chuckled, took out a space ring and gave it to her. The mustard seeds she had stored before would be given to Qingzhu's little maid to use.

"Okay." Fan Qingsheng accepted his gift

Seeing that Master Saint accepted the box and the space ring without refusal, Xiao Mingzhu was slightly astonished, and the look in the two of them became weird.

Su Muxin was also thoughtful, could it be said...?

Chapter 2524: Secluded eye toad

"The son!" Nie Xiaoqian's voice came, saying that it was the Three-eyed Toad who knew that the outside world had changed and was full of spiritual energy.

"Why is this guy so troublesome!"

Li Yun has a headache. He is exchanging feelings with his confidantes, but this guy is making trouble at this time. It seems that it won't work if he doesn't teach him a lesson!

He freed the three-eyed toad from the immortal mansion. Li Yun was about to kick the toad a few feet. Unexpectedly, as soon as it came out, its body exploded with a strong suction force before it landed, and a massive amount of spiritual energy poured into this crystal clear toad. Inside the body.

Makes the living room of the hotel room a mess.

"Roar!"

The call of the three-eyed toad is full of excitement and ecstasy, and the call vaguely breaks out of the toad's category, turning into a strange howling sound, which makes people feel hairy.

"What is this?" Xiao Mingzhu asked puzzledly, who had never seen it.

This seems to be a toad, but the whole body is crystal clear, like a divine object, with a third eye growing on his eyes, turning around in a circle. When he was watching, Xiao Mingzhu had an illusion of fear and trembling.

"It's a toad... frog."

Li Yun lifted his foot to kick it, but he did not expect the toad to hide, making Li Yun more annoyed, and he whispered: "Now you think you can do it, don't you recognize the boss?"

Youyan Shenyan originally absorbed a lot of spiritual energy. After regaining some strength, he wanted to shake it in front of the humans who raised it. A small fierce worm serves as a mount.

That's why he avoided Li Yun's kick.

But when Youyan Shentoad was about to croak several times in defense, he suddenly noticed a faint coercion from a distance. This instinctive horror reminded it of the unfulfilled Jiuyou, the beginning of the world. At that time, the coercion that spread throughout the Three Realms accompanied by that "I have gained the Tao"...

"Crack!!!"

Youyan Shenchan shrank in fright and bowed before shivering in the distance.

Everyone looked weird. The toad had no neck, but had its entire head and body attached to the ground. It kept kowtow in a certain direction in the distance. The humanized toad had eyes full of awe and looked very funny.

"Toad is also human?" Liu Xianxian blinked and thought it was too funny, but after another thought, now there are so many monsters and so strong, there will definitely be monsters who can speak human words in the future!

"There... is Biyou Palace?"

Li Yun kicked the basketball-sized three-eyed toad with a weird face, and said, "Don't worship, there is no one in Biyou Palace. It doesn't work if you want to please the saint, you can even visit Biyou Palace yourself. visit."

Go go, go to Biyou Palace? !

You Yan Shenchan was almost not frightened.

That place is very good for monsters, saints are kind, there is no kind of teaching, all the sage creatures in the Three Realms can worship, but those who can really enter the Biyou Palace are all first-class strong.

For example, the first peacock in the world, the first tortoise, and so on. Those are really big people, and they are many times stronger than this monster that only eats water from the underworld.

"Boss, I think you should respect it... 呱!!!"

Youyan Shenchan wanted to show Li Yun's respect for Biyou Palace with his eyes, but he didn't expect to see a terrifying picture when he turned his head.

His boss seemed to have escaped into the void, merged with the heaven and the earth, and the whole person exuded an inexplicable Taoist rhyme.

At this moment, Youyan Shenchan was completely convinced.

Chapter 2525: Old monster

The quiet eyed toad is honest, it is not easy for the human beings to breed the nine-winged fierce insects. It can't even think of the future achievements. Hold your thighs and mix it well. Now it may not be able to say that it is returning to the ancient times. The concentration difference is so far that it might have to fall asleep again sometime.

"Three-eyed toad, you guy seems to know a lot?"

Li Yun squinted his eyes and asked faintly: "How much do you know about Biyou Palace and Master Tongtian?!"

Youyan Shenchan was taken aback again, and looked at him incredulously, as if saying: Boss, do you dare to call the saint's name directly? !

"Brother Li Yun, where did it come from?" Su Muxin was also curious. This basketball-sized mysterious toad is very different from the monsters outside that rely on instinct to act, and its IQ is almost the same as that of humans.

"Crack!"

Youyan Shenchan yelled in favor, and after living for so long, it naturally has some ability to look at it, knowing that the women around the boss are all his harems.

Well, the word harem is still a word it learned after waking up into the palace.

Li Yun felt more and more weird about this toad.

When I first saw it, the three-eyed toad was a shriveled toad skin. After being revived by the magical power of the descending Taoist priest of the six doors, he was frightened by the black feather butterfly and spit out the demon pill. It changed back to toad skin again.

Later, Li Yun gave it to Wei Jingli as a hand grenade. Later, he recognized him as the boss and entered the Lotus Immortal Mansion.

"The demon pill was taken, but you can still survive."

"Moreover, you also know very well about ancient things. Knowing the Biyou Palace, you also feel the power fluctuations coming from there."

Li Yun stepped on the head of Three-eyed Toad and shouted, "Say, how many secrets do you know, tell them all!"

The women all looked at this toad, Xiao Mingzhu could easily guess one thing: it is a monster that has survived since ancient times!

I don't know how many million years, even tens of millions of years, the monsters have lived.

"Crack!"

The cry of Youyan Shentoad is full of grievances. It really doesn't know anything. At the beginning, it was a marginal figure. No, it was a marginal monster. On weekdays, she would eat fairies, monsters, angels, elves and gods, waiting like a rabbit. In the pond.

Later, the prey became less and less, and then disappeared. It gradually felt that something was wrong, so it swallowed the pool water and pretended to be dead.

I don't know how many years I have, during which time I wake up, relying on the mana injected by the practitioners to temporarily move it, but usually continue to fall asleep soon, waiting for today, the day the ancients will return.

Li Yun recruited Black Feather Butterfly and asked her to deal with her mount.

"Crack to death."

Heiyudiehui didn't talk much. Seeing Baba's irritation, he jumped on the head of Youyan Toad and stomped on it, causing Youyan Toad to shrink aggrievedly and continue to pretend to die.

When the Great Tribulation of Heaven and Earth came, it was already asleep, and even if it didn't sleep, it didn't know those things.

"never mind."

Seeing that he couldn't ask anything, Li Yun told Black Feather Butterfly to take care of the toad, and it was forbidden to grow stronger too quickly. If he practiced secretly, or if Black Feather Butterfly felt that it was too strong, he would kill it directly.

It is believed that with the alertness of the powerful Zergs of the Black Feather Butterfly, the Three-eyed Toad cannot escape her sanction.

"Oh, hey bab bab~"

Hei Yudie happily agreed, and stepped on the toad mount to return to the fairy mansion, continue to digest the aura she had absorbed, and added chaos to Sister Xiaoqian by the way.

Chapter 2526: Ashamed

"amazing!"

Jin Liuli's evaluation of the scene just now is basically the feelings of Xiao Mingzhu's women.

Fortunately, after these two days, the three views of them and the 7.5 billion people around the world have been shattered, which is not too surprised.

Li Yun chatted with them for a while. The hotel manager personally delivered a big meal. More than a dozen waiters pushed the dining car and delivered the food to the table in the living room. He respectfully invited Li Chaoren to have dinner, and thanked Li. Superman saved the entire Haowei Island, no, saved 3 million people on Penglai Island!

Under the tacit propaganda of many countries such as the Fighting Bear Country, the Never Setting Sun Country, etc., Haowei Island has been officially renamed Penglai Island, and in the name of protecting its own people, the fleets of various countries wandering around Penglai Island They have docked and stationed, and it is probably impossible to run them away.

Moreover, according to incomplete statistics, there are thousands of ships coming to Penglai Island all over the world, completely ignoring the warnings of Lijian country...

Moreover, Huang Xuanguo also preached that Penglai Island is a territory since ancient times...Anyway, the whole world is in a mess. Li Yun is not interested in watching the news for the time being. There are too many. Every news is headline, and billions of people seem to be beaten. Same.

"Thank me? No need."

Li Yun sat leaning on the sofa and asked the manager to put the dishes on the table in front of the sofa. He shook his head and said: "Although I lifted the black fog, I also released the aura that permeated the world. This will cause flora and fauna. Changes have occurred and human power has become stronger and stronger. It is as if everyone, every animal and plant has a gun. What do you think will become in the future?"

Every animal and plant mutates, which is equivalent to owning a gun?

The hotel manager was shocked by this weird metaphor, and after a long while, he replied respectfully: "I think Mr. Li, you did nothing wrong. Without you, the fog will not disappear. We can only wait for death in fear, even if the aura permeates the world. , But this thing is not poisonous gas. I heard that it will restore the health of the elderly and allow ordinary people to obtain abilities. Although it will also generate a lot of monsters... But maybe it is a good thing?"

"Are you complimenting me?" Li Yun smiled.

The hotel manager smiled and did not respond positively. He only said: "No matter what, we are saved by Mr. Li. Mr. Li, you have a strong power, but you care about the life and death of ordinary people like us. I choose to believe in Mr. Li's decision! "

Li Yun laughed dumbfounded, and he deserves to be a hotel manager, with first-rate flattering skills.

After he left, Xiao Mingzhu looked at Li Yun with smiling eyes: "Don't you feel guilty in your heart, that's why you asked ordinary people like hotel managers what they think of you?"

All the women looked over, even the Sage Fan Qing.

Li Yun shrugged: "I feel guilty, a little bit! But not a lot. After all, I started an era with my own hands. No matter good or bad, I am full of emotion in my heart."

Saint Fanqing remained silent. In fact, she was also involved in it, but Li Yun took it all over.

"You said good and bad, why are you still entangled?" Xiao Mingzhu comforted him with a bright smile.

"That's right, I don't want to!"

Li Yun picked up the chopsticks and said with a smile: "Eat and eat, take a good rest after eating!"

Su Muxin's face blushed, and she took a peek at Feiyao and Xiao Liuli. The two women still didn't realize it, making Su Muxin suspicious, did she want to be crooked?

She hadn't been fooling around with Li Yun and the two girls for only two nights, and she was already thinking about it.

Chapter 2527: Follow-up

"Li Yun."

While eating, Liu Xianxian suddenly said, "After eating, I want to go out. Uh, since the island is safe, you don't need to protect it. You can rest well."

Li Yun took the chopsticks and asked her: "Are you going out to see the fans?"

"Um."

Liu Xianxian was a little embarrassed, and whispered: "I saw on the Internet that many of my fans are injured, so I want to see them..."

Li Yun nodded and agreed.

Liu Xianxian's personality is actually somewhat similar to that of Shangguan Lingxian. Both of them have fairy characters and their personalities are both very kind. Liu Xianxian left school to make a documentary about caring for children, while Shangguan Lingxian is not only kind, but also stupid, and has a virgin personality. It's time for outsiders to see it in a hurry.

"I'll go with Xianxian, so I can protect you." Xiao Mingzhu chose to follow her green plum to protect her, lest she encounter any dangerous situations.

Jin Liuli glanced at Li Yun, and after getting his acquiescence, she also eagerly said that she would also go.

As a result, she pulled on Xia Feiyao again, formed the Xia Nu squad to kill the people, and planned to arrest the bandits who were running on the island.

Li Yun didn't stop him. He gave his girlfriend such a good magical equipment to deal with the general situation. However, for insurance, Li Yun recruited the three-eyed toad and the black feather butterfly and followed to protect them.

By the way, let the girl like Hei Yudie breathe outside, so that she doesn't have to stay in the fairy house all the time.

"Hehe, Xiaodie is in my pocket~"

Jin Liuli was quite greedy for Black Feather Butterfly, and took the initiative to hold her and put it in her pocket, letting Black Feather Butterfly sleep in it~, which also made Jin Liuli feel like she had a little cat sleeping in her arms, and smiled. Very happy.

So after the meal, Liu Xianxian and Xiao Mingzhu and other four big beauties went out together, wandering around on the extremely changing Penglai Island, and help if possible.

This has made Liu Xianxian highly praised by netizens, and fans like her more and more.

"Qingsheng, do you want this?"

Li Yun, Su Muxin and Saint Fan Qing sat in the living room to rest, the afterglow of the setting sun showered on the newly born Penglai Island, which made Su Muxin look at the brand new Penglai Island with her father on the balcony, and then together... nonsense. , I must be very happy, right?

"What?" I wanted to take the spell in Li Yun's hand, but after just looking at it, Sage Fanqing shook his head and said, "No, it's from the Nanhua senior, I already knew it."

Li Yun nodded. After all, she lives in the Hidden Sacred Valley and is very familiar with the Jinguang Town evil talisman of the Taoist Baihe.

That being said, this trophy is useless. Li Yun didn't know how to use it, so he could only throw it into the space ring to ballast the bilge.

"Qingsheng, you."

Li Yun was about to ask Master Saintess some questions. Suddenly, his foot was covered by a small and slender jade foot, and he stepped on it like a joke.

Because of Li Yun's sudden pause, Sage Fan Qing looked over and was so scared that the jade foot shrank back again. The owner of the jade foot had a solemn expression that I didn't know anything.

However, the blush around her crystal ears has betrayed her.

"Ah, Little Pepper, don't make trouble."

Li Yun was inexplicably hot in his heart. After knocking Su Muxin on the head, he turned to look at the Sage Fanqing: "Sage Sage, do you understand the true fire of Samadhi?"

"Samadhi is really hot?" Su Muxin became serious, and Yuzu stopped making a fool of herself, listening intently like a good baby, "It seems to be a Taoist saying."

"A little bit of knowledge."

Chapter 2528: Qingzhu is here

Sage Fanqing cultivated Dao Fa since he was a child, and he naturally knew the magical power of samādhi real fire.

The so-called Samadhi actually refers to the qi condensed from the heart, kidney, and bladder of a person, and is a symbol of the inner alchemy to a certain level.

It is said that powerful ancient practitioners can rely on a mouthful of real fire to cultivate their bodies internally, and to make ghosts and gods afraid to approach externally. They were truly awe-inspiring bodies.

It's just that nowadays, not to mention the true fire of samādhi, even the inner alchemy has not been cultivated, but instead cultivates the soul, forming a cultivation system such as the foundation-building state-returning state-shunming state.

"I guess." Sage Fanqing said with a solemn expression: "In the future, we may be able to cultivate the inner alchemy again, and the samaya true fire and other ancient cultivation methods can also be reproduced."

Dial. Chaotic. Right?

In fact, Li Yun also felt that the Return to Void Realm was a method of cultivation towards a crooked path. In the Age of Domination, the spiritual energy was scarce, and he had to cultivate in the spirit.

You can't say wrong, you can only say that the times are forced.

"It's amazing!" Su Muxin was ashamed. She was so full that she would go back to the room with Li Yun to watch the sunset after eating and drinking. She didn't care about cultivation.

Anyway, you will be able to practice successfully in the future, right? With Dad's 2nd practice, she just needs to work hard and exercise.

Li Yun smiled slightly: "Actually, samādhi is what the Buddhism said, and real fire is different from real fire, which is the natural flame we see."

"Buddha?"

Sage Fanqing frowned slightly, "Buddha cultivation is very difficult to see, at least not in the Hidden Sacred Valley, but there are some in the six gates."

"For example, the Dahi Venerable." Li Yun smiled: "The concept of the Six Paths of Reincarnation was also proposed by the Buddhists, so it is normal to have Buddhas in the Six Doors. I am very curious about a statement made by Mingzhu before."

At the dinner table, when Xiao Mingzhu learned that Nanhua Shangxian had rebelled, she was not surprised at all, saying that she had actually expected it.

It was not that Nanhua Shangxian would rebel, but that it was actually not harmonious at all in the Hidden Sacred Valley.

Because the name of Van Qingsheng is Senior Nanhua, not Nanhua Master Uncle, it can be seen that Van Qingsheng had a very ordinary relationship with him in the past, and even the relationship with most people was very strange.

"Hidden Sacred Valley..."

Fanqing Sheng's cold eyes were a little confused, and he shook his head lightly, "There are a lot of people in the valley, but my master told me not to pay too much attention to the relationship between the Void Returning Realms, and only let me practice more. Master the situation."

She has never been a person with high emotional intelligence, and she can't figure out those personal relationships. Instead, she is a concubine Wan Qing, or Xiao Mingzhu, Su Muxin, etc., who do better than her in managing human-level relationships.

Li Yun held her jade hand and was about to comfort the cold saint, when suddenly, a scream came.

"Ahhhh, you bastard, let go of the Lord Saint!!!"

"..."

Li Yun knew who was coming when he heard this voice.

Sure enough, the door of the hotel was violently knocked open by the little maid Qingzhu. The little maid hurried over, squeezed Li Yun away, forcibly hugged the Sage Fan Qing, and stared at Li Yun violently. , As if saying: "Don't take my saint away!"

"Uh."

Seeing the little maid here, Li Yun was funny at the same time, but at the same time he felt relieved.

At least Qingzhu can take good care of the Sanctuary of Fan Qing, so that he will not be left alone in the room alone.

"Qingzhu, you finally came." Li Yun smiled at her, but the little maid blushed instead and turned her head away from him.

Chapter 2529: Perfect

"I, I have long wanted to come and join the Saintess!"

Qingzhu said with a small mouth, "But Master Saint asked me to contact the people in the valley and asked them to come and help. But after a long time, there were not many people..."

With that, her voice became quieter.

Li Yun knew what was going on, and the Sage Fan Qing also knew.

"It's okay."

The saint of the Hidden Sacred Valley said in a cold voice: "It doesn't matter if they don't come, now Penglai Island forbids them to come again."

"what?"

Qingzhu is a little confused, why? It seems to be weird.

Sage Fan Qing did not explain. After chatting for a while to explain to Qingzhu what happened during this period, he took her to leave and returned to his room, saying that he was about to start the evening practice.

As for the real purpose... Su Muxin always felt that the look in the eyes of the lady before leaving was looking at her!

"Woo, Dad, am I very rude?" Su Muxin was a little ashamed, and she shouldn't have taken the initiative to do that kind of thing just now, as if she made Lady Saint jealous.

"It's okay, Qing Sheng will cultivate at night, she is not as slack as we are."

Li Yun smiled and opened his hand, and the little pepper took the initiative to throw it into his arms, and the two quickly kissed each other.

"I'm so useless~~"

During the break, Su Muxin's breathing quickened, and she said embarrassingly: "My Lord Saint is so hardworking, but I'm so lazy, ah~~ Dad, or we...well."

Li Yun picked her up and walked towards the room, and the two of them almost quickly stuck together.

"We are also cultivating like this, and it is more suitable for you, Little Pepper!"

"Really?"

"certainly!"

After closing the door, Su Muxin was very happy, and soon went to the balcony with her father, gave him a push, and let Li Yun lie down on a chair in the hotel.

This chair was originally used for guests to enjoy the sea view, but now the sea view is gone, the hotel has risen directly to the mountainside, but this way, the view is wider, and you can see the splendid sunset sea and the towering Penglai Island at a glance!

"Hehehe, let's practice~" Su Muxin chuckled, her eyebrows full of charm. After a week-long sea journey, she was once pure and white and rich, and she already possessed the charm of a woman.

"Dad, you have been tired for two days and saved millions of people. Now lie down and I will serve you!"

Su Muxin issued a brave and proud declaration, took the initiative to pick up Li Yun's gun and aimed it at the bullseye.

At this moment, Su Muxin felt that she was too great. She helped Li Yun also saved millions of people on the island.

"Can you do it?"

Li Yun raised his eyebrows. He obviously didn't believe in Little Pepper's ability. Her marksmanship was good, but after all, she was a girl and was not good at continuous combat.

"Don't underestimate my good daughter, Little Pepper!"

Su Muxin gritted her teeth, her eyebrows furrowed in an effortless manner, she held the gun in her right hand and aimed at the bull's-eye with a bang, the bull's-eye was penetrated by the bullet.

"Prefect! 10 points!"

After the most difficult moment, Su Muxin let out a long sigh of relief and smiled triumphantly at Li Yun.

What a good kid who works hard.

Although she was very scared, she persisted, and she couldn't underestimate Su Muxin's combat ability in the Houtian realm.

"Well, yes, it's worth encouraging."

Li Yun squinted his eyes, resting his hands behind his head, and looking out the window lazily, letting Su Muxin play slowly, like sitting on a merry-go-round in an amusement park, hula hula circle.

As a result, Liu Xianxian and the others came back at night, and Jin Liuli and Xia Feiyao came back together.

Chapter 2530: Gu Yuqing

Although it was exactly last night that Jin Liuli and Xia Feiyao were pulled into the room by Su Muxin, judging from the happy and content expression on Jin Liuli's cute little face in the morning, it can be relived a few days ago in the ocean. She was quite satisfied with the time on the Princess cruise ship.

"Jingle Bell."

The morning sun shines in the hotel room halfway up the mountain, illuminating the four people sleeping on a big bed in the house.

"Well, I hate it, whoever comes to make a noise early in the morning is really annoying!"

Jin Liuli grumbled and turned over impatiently. Li Yun fell asleep long ago last night, but she was still dragged by the little chili sister to play with Feiyao until more than two o'clock. In addition, she was frightened yesterday, so this morning I plan to relax and sleep in, and don't practice swords anymore.

Standing up, Li Yun glanced at the word "mother" in the phone, and picked it up with a weird expression: "Madam?"

"Ah, yes, is it Li Yun?!"

Beautiful woman Gu Yuqing was surprised at first, and then quickly realized that Li Yun and her daughter were resting in the same room last night.

Therefore, this melancholy beautiful woman showed a shy look on her face, and said with some fear: "I, I have arrived at Penglai Island, Li Yun, I, I."

She didn't know what to say for a while.

Originally, the relationship between her and Li Yun had become a little delicate because of Jin Shengge.

Jin Shengge deliberately gave her and Jin Liuli as a betrothal gift to Li Yun, and after experiencing the terrifying event of the rise of Penglai Island and the emergence of millions of islands around the

world, Jin Shengge became more affirmed up and down: hug Li Yun's son-in-law's thighs, He will give whatever he wants. Only in this way can Jin Shengge continue to become a top-notch school in the world in the changing tide of the times!

No, it is not only the martial art of martial arts, but also the martial art of immortal cultivators in the future!

After learning that the aura exuded by Penglai Island can give people powerful power, Jin Shengge couldn't sit still. He found a relationship overnight and got a big boat. Most of the congenital and acquired realms boarded the boat and went to Penglai Island by himself. Come here.

Facts have proved that this choice is right.

The closer to Penglai Island, the stronger the aura. Some of the disciples of the acquired perfection have broken through the innate, and the others have their own benefits. For example, Gu Yuqing's mother-in-law, the former master of the Jinsheng Pavilion, the so-called Jiujue Grandmaster Jin Jiuhua, his face is aging. The traces of the skin quickly diminished, and the whole figure seemed to be more than 20 years younger, and the skin became rosy.

Although it is far from being called a beauty, it is enough to make the people of Jinshengge cheer for joy.

"I and Liuli are at the Alohirani Hotel..." Li Yun glanced out the window, but said with a helpless smile: "This place has risen to the middle of a mountain, but it's not easy to find. You should ask more people. There should always be some in the martial arts. Can you speak English?"

"Um...I will."

"You can?"

Li Yun was a little surprised. He didn't expect this melancholy beautiful woman to have taught English by herself. She seemed to be a bit farsighted, unlike Jin Liuli's grandmother.

"Yeah." Gu Yuqing nodded shyly, before Li Yun actually looked like a twenty-eight girl, and asked in a low voice: "Then I'm going to your side now?"

"Okay, or I ask Liuli to pick you up!"

Li Yun hung up and woke Jin Liuli up.

The little girl was still dazed at first, muttering about the protruding child, intending to give Li Yun something to do in the morning, but when she heard that it was her mother, she instantly woke up, her big round eyes stared at the boss.
