

Godly Choice 2541

Chapter 2541: Belle Three Thousand

Now that such a big thing has happened here on Penglai Island, the martial-loving God Sword Lao Zhang would naturally want to come here to take a look, and may even forcibly break into the Biyou Palace.

It's just that the capital still needs his old man to be in charge. Of course, the leader will not let him leave easily. It is estimated that he is still doing ideological work.

Li Yun thought for a while, and smiled: "Six Daomen should have a good time recently. They are looking for the six life and death doors in the world. They are no longer interested in fighting with ordinary people. My father-in-law, his old man, wanted to come out for a walk. It's okay."

Zhao Tianfeng's cold face was slightly red, but he did not object to him.

Gong Qingyu and her daughters were listening to Li Yun's conversation with Zhao Tianfeng, Shangguan Lingxian couldn't help asking: "Li Yun, what is the gate of life and death? Can you tell us about it?"

The women are very curious.

Li Yun smiled and said, "Don't worry, let's talk after breakfast. Oh, by the way, I will call Mingzhu, Liu Xianxian and Little Chili to let you know each other."

Gong Qingyu gave him a roll of eyes, but did not object.

After the three daughters of Xiao Mingzhu came down, a group of people from the rivers and lakes were in a commotion. These are already nine great beauties, and Jin Liuli's mother is also there...

"Three thousand beauties in the harem is nothing more than that?"

"Tsk tusk, are you envious?"

"Nonsense, don't you envy? Men don't envy you!"

"What are you talking about!?! Women are also envious. I am still happy to marry Li Yun with my cousin Lingxian. Being a concubine is better than being the wife of you stinky men!"

"**You're making a fuss again, and you don't look in the mirror. Can someone Li Yun look at you?"

"Hey, I think it's good, I have a niece who is also very beautiful, then..."

The discussion made Xiao Mingzhu's daughters blush, they hurriedly finished breakfast, urged Li Yun to leave, returned to the spacious presidential suite, and played slowly...Bah, chatting slowly!

"Ahhh~, finally there are no outsiders, Brother Yun, come and play King's Game~?"

Hu Xiaomeng, the naughty little girl, after the girls entered the presidential suite, turned around and locked the door, and smiled at the suggestion to shame the thin-faced girls such as Xiao Mingzhu and Shangguan Lingxian. It's not light.

"Hu Xiaomeng, you are really a fox trouble!"

Li Yun's eyelids twitched. He would never admit that his heart had moved for such a moment. If it were the eleven beauties in the room, the bright white and rich and beautiful Xiao Mingzhu, the kind and holy Shangguan Lingxian, the big star Liu Xianxian, The lively and arrogant Jin Liuli, the playful little pepper Su Muxin, the childlike Xia Feiyao, the classical beauty palace Qingyu, the graceful and graceful lady palace Lianyi, the cold and proud Valkyrie Zhao Tianfeng, plus the naughty little Liulihu Xiao Meng.

And finally, Jin Liuli's mother, Gu Yuqing, a melancholy beautiful woman!

These eleven beauties, who are like flowers and jade, and the country is beautiful, spend three days and three nights with him in Adoshan Hot Springs, or five-day visit to the Tianshen Pavilion on the top of Taihuang Mountain, or on the Ocean Princess. A seven-day cruise trip, it was really... great!

Just thinking about it, Li Yun felt that blood was surging all over, and his life was happy without regrets.

"what the hell!"

Hu Xiaomeng snickered while covering her mouth, and gave Li Yun a charming and green look: "It's not just people who think, brother Yun thinks too? And sister Xiao Liuli, sister Xiao Jiao, um, also Feiyao..."

"I didn't!" Xia Feiyao waved her hand quickly, she was almost ashamed!

Chapter 2542: Hug right

Although in this room—in this presidential suite, the beautiful girls all have a more or less relationship with Li Yun, except for Jin Liuli's mother, Xia Feiyao still can't do it anyway. In this way, Hu Xiaomeng put the night's affairs to the public.

What a shame!

"Don't make trouble."

Li Yun opened the door, picked up a little fox from the Lotus Immortal Mansion, and threw it to Hu Xiaomeng: "Go, the kid will take this to play."

"what?"

Hu Xiaomeng subconsciously hugged this flaming little fox, just as dumbfounded as it was, and then suddenly exclaimed: "Ah, is the fox Mengmeng that Brother Yun said?! That's great, wow, It's so cute, so cute, Hu Mengmeng is indeed my Hu Xiaomeng's pet, so cute~"

Hu Xiaomeng hugged the fox Mengmeng, happy as if a little fox stole the grapes, and kept rubbing its cheeks, which made the fox Mengmeng keep making wailing cute sounds.

"what is this?"

"Fox?"

"What a cute fox!"

The girls were attracted by the little fox. They surrounded it and touched it vigorously. By the way, they pinched the fox Xiaomeng again. A group of girls quickly started laughing and fighting together.

Seeing this, Shangguan Lingxian, who likes to have a quiet personality, was relieved. She was really embarrassed and shy just now, and she was not quite used to such...explicit speaking.

Li Yun quietly shook her little hand, "Lingxian, I'm sorry."

He naturally knew that Lingxian had a thin face and was not used to such a situation.

Shangguan Lingxian bit his lip and looked at him, and shook his head gently: "No, nothing, Li Yun, I'm fine, everyone is fine... I'm just a little uncomfortable. Give me a little more time, okay? ?"

Now that he has decided to love Li Yun and follow him for the rest of his life, Shangguan Lingxian will try his best to accept the confidantes around Li Yun and treat them as close sisters.

It's just that the time to get along is too short, and Shangguan Lingxian can't get close to them and go to girlfriends.

Li Yun was moved in his heart, and quickly bowed his head and kissed her on the forehead, which made Fairy Lingyi blush and hurriedly hid to the side.

Hu Xiaomeng and Fox Mengmeng laughed and clashed, the atmosphere in the living room gradually eased, and the women gradually realized that Li Yun and their previous words were true, and the confidantes around him were all true. easy-going.

For example, Hu Xiaomeng, the previous nonsense and show off, did not have much malice, just wanted to break the ambiguous atmosphere-anyway, everyone will be sisters in the future, will they?

Another example is Gong Qingyu. She also discovered that Zhao Tianfeng is actually quite good. Although she has a cold temperament and a murderous intent between her eyebrows, from her words and deeds towards Hu Xiaomeng, Zhao Tianfeng is actually quite soft inside, which is cold on the outside and hot on the inside. Kind of people.

As for Shangguan Lingxian, not to mention, her popularity will always be so good.

And Liu Xianxian, a big star, is also very famous among the girls. Hu Xiaomeng also pestered her to ask for a few autographs, saying that he was going to give it to classmates, and that the next time Liu Xianxian went to Beijing to hold a concert, she would definitely start. Go with the classmates in the class.

".....what!"

Just as Li Yun told a group of beauties about his great achievements in the past few days and showed off his awesomeness in front of his confidantes, a girl's exclamation came from the door.

Chapter 2543: Gong Qingyu can't get jealous

Everyone turned their heads and saw that it was the lady who stood up and exclaimed. Naturally, it was the maid beside her, Fan Qingzhu.

Saint Fan Qing didn't go downstairs to have breakfast, but Qingzhu invited the dining car to go over, and after the two of them appeared in the living room, the beauties who were chatting and chatting suddenly quieted down.

She had never seen such a holy and beautiful woman like a fairy. Gu Yuqing, who had always felt a little out of place before, held her breath for an instant, for fear that her vulgarity would make the fairy dislike it. She never thought that there was a temperament in the world. Such an extraordinary fairy.

And Shangguan Lingxian is not too much, she is called by the people of the rivers and lakes as the fairy of the spiritual doctor, but in front of the picturesque fairy at the door, she feels that she is a mortal, not a fairy at all.

"Qing Sheng, come and sit down."

Li Yun greeted her and introduced her to a few people who hadn't seen Fan Qingsheng.

"Hello." Zhao Tianfeng nodded politely. In fact, she was quite uncomfortable with this kind of pretending woman. Everyone is human, so why are you arrogant?

Therefore, Zhao Tianfeng doesn't like Fan Qing Sheng very much, and thinks she is too reserved.

"Sister Saint is so beautiful~"

Hu Xiaomeng became well-behaved and cute, and sweetly called the saint sister.

Sage Fanqing looked at her and was silent for a while before he said, "Thank you, little sister, you are also very cute."

"..."

The voice of the saint goddess of heaven, like a handful of clear springs from the mountains spilled on the person's face, makes people feel refreshed, just feel that the fatigue of the day has disappeared, and the spirit has become extremely refreshed.

Zhao Tianfeng stayed directly on the sofa.

She realized that she was wrong.

Saint Fanqing is not a cold fairy who pretended to be, she is a fairy! !

Being reserved is not just pretending, but the embarrassment that fairies do not know how to get along with mortals!

"The women around Li Yun...what are they from?"

Zhao Tianfeng slowly closed his eyes, and when he opened them again, there was an extra touch of appreciation in his eyes looking at Fan Qingsheng.

She likes this fairy-like person, and it would be a good thing if she could be friends with her.

She was not the only person who thought this way. Hu Xiaomeng was startled by the passive listening voice, and then screamed, and plunged into the arms of Sage Fanqing.

"Woo, Sister Saint's voice is so good, Xiao Meng really likes it! Sister Saint, you will be my sister from now on, okay? Xiao Meng likes you too much~~"

Gong Qingyu can't get jealous.jpg

The Saint Fanqing is too perfect, so perfect that Hu Xiaomeng surrendered and called her sister actively, and also so perfect that others could not be jealous of her, and could only look up to the beauty and nobility of the saint.

"Mortal what are you doing?!!! Let go of the Lord Saintess!!!"

Qingzhu jumped out and pulled with Hu Xiaomeng. The two people have similar personalities. The difference is that Qingzhu is more arrogant, while Hu Xiaomeng is more naughty.

Two lively girls get together...

Let them make trouble.

Li Yun pulled them away funny with one hand, sat beside Saint Fan Qing, and once again told the women what happened during this period.

Gong Qingyu and others also generally know what happened in the news, but Li Yun and their boyfriends personally told the inside story to let them know what happened.

"So many things have happened." Gong Lianyi said with emotion, and the eyes looking at Li Yun became a little softer. She and Qingyu's man are heroes who are changing and saving the world!

Chapter 2544: Qunmei shines

Li Yun looked at Shangguan Lingxian, smiled and asked, "Lingxian, do you think my choice is right?"

He was very curious about the choice of Shangguan Lingxian with the attributes of the Virgin in that situation.

The girls also looked at her one after another, Shangguan Lingxian opened her small mouth and said "Ah" before realizing that Li Yun was asking her.

"me....."

"It's okay, just make your choice according to your heart, and speak it out boldly," Li Yun encouraged.

"Well....."

Shangguan Lingxian's beautiful face clearly showed a tangled look. After a long time, he said: "I...probably don't think so much. I just get rid of the fog and let the people on the island get it. As for the future...I probably, will Too late to think."

Shangguan Lingxian was very embarrassed, his face blushed.

Li Yun laughed, "Well, this approach seems reckless, but in fact, it returns to the basics and only saves the people in front of you. I'll talk about other things later."

People live in the moment, don't they.

Shangguan Lingxian turned into anger from embarrassment, and looked at him in disgust, "Li Yun, how do I feel you are teasing me?"

This reminded her of the last time, this guy squeezed her face, and he just talked to her for a long time, looking specifically at her ugliness.

"Have it?"

"there must be!"

"Hey, who made Lingxian such a bully?"

Shangguan Lingxian blushed again, and everyone bowed their heads slightly shyly.

The act of openly interceding with love made this presidential suite, which had a strange atmosphere, once again plunged into the shy atmosphere of ambiguity and deer collision.

Shangguan Lingxian stood up in a panic, and ran away with the excuse of going to the island to help take care of the people in his hands.

As a result, Jin Liuli also followed, and also pulled Xia Feiyao, formed a chivalrous camp, to help on the island.

Of course, it's not a strict Xia Nv camp, because the big star Liu Xianxian also went with it.

Hu Xiaomeng wanted to go with him, but in the end he chose to act with Zhao Tianfeng, and with Li Yun, Gong Qingyu, Lian Yi, etc., in addition to the Sage of Fanqing, they went to Biyou Palace to look up and play together. .

...

In the evening, the girls gathered together for dinner, and the hotel has no rooms. Now people from all over the world who are not afraid of death are flocking to the hotel where Li Yun is located, making this otherwise unremarkable hotel and the surrounding hotels. All prices skyrocketed, starting with hundreds of thousands of dollars in one night, and still in short supply.

Finally, Hu Xiaomeng thought of a way to temporarily transform the presidential suite into a Japanese-style tatami room. More than a dozen beautiful women lay on the tatami mats. When Li Yun saw it, he almost didn't get a nosebleed.

This is simply the most beautiful and alluring picture he can imagine in his dream!

More than a dozen beauties lined up to sleep, like beautiful flowers in full bloom, like beautiful stars shining brightly, if he can join in...

"Hehehe, is Brother Yun satisfied?"

Hu Xiaomeng opened his hand to stop at the door, recruited Li Yun but blocked him outside, deliberately showing him a little beauty of the beautiful women in pajamas, which couldn't be broken anymore.

"No!" Li Yun said brazenly. A group of beauties on the tatami showed large white skins. Most of them had just taken a shower, and the big room was full of the smell of warm fragrant nephrite.

Any man who sees or smells the body scent of these top beauties can't help turning into a hungry wolf.

So Li Yun succeeded in reaping a lot of beauties.

Then, he was driven out by Hu Xiaomeng who was smirking and looked at the door with a sigh.

Chapter 2545: opportunity

Three days later, Li Yun bid farewell to the girls and prepared to return to Zhonghai City. He had been away from home for nearly half a month. Fang Xue, his elder sister, and the little princess had already called each morning, afternoon and evening to remind him, Fang Xue She also said that if he doesn't go back, she will kill Penglai Island with someone.

Li Yun naturally wouldn't let Fang Xue and Cai Wei Caixia come to Penglai Island, a dangerous place.

Penglai Island now has the appearance of fairy islands in myths and legends. The original barren mountain peaks have gradually grown various kinds of strange plants, some vines are up to the sky, some hunt animals, and some exude strange poisons. Fragrant, you will fall to the ground and die if you get close.

And all kinds of monsters have sprung up like bamboo shoots after the rain, and they act in groups in the mountains. Not to mention that humans dare not go out into the wild at night. Even during the day, they only need to be equipped with two teams of fully armed soldiers to protect them. Go on an adventure in the wild.

But the high risk also brings high returns. The spirit fruit that can enhance human power with aura can be sold for tens of millions of dollars after it is confirmed that it is non-toxic. There are also monster meat and fake pills obtained after killing monsters. It is very popular in the international market and has become the top delicacy in the world's top restaurants. A small piece of ordinary monster meat can sell for a sky-high price of 100,000 US dollars.

—Is a piece of meat worth one hundred thousand dollars? Not expensive at all! The world's top caviar, one roe equals one US dollar, and a small bite eats up a normal person's salary for one month.

Caviar is useless, and it's enjoyable to eat, but monster meat is a real boost to human physique. The old rich can even rely on spirit fruit and monster meat to slowly regulate the body, achieving an effect no less than rejuvenation. .

Therefore, after these effects are gradually unearthed, countries will no longer want to abandon Penglai Island. Even if the Lijian countries stop it, people from all over the world will rush to find the opportunity to become rich overnight.

In the past three days, Li Yun has not only chatted with his confidantes around him, but also participated in several international conferences. This is not a conference organized by the United Nations, but it is more formal than the United Nations.

The top 50 countries in the world are here, and everyone is waiting to share a slice of Weiyi Island, a powerful country, and Li Yun is present as a "superman", lest this group of people fight on the spot.

There is no need to elaborate on the process, anyway, when Li Yun was in town, they did not dare to fight. In the end, Howeyi Island was divided up and officially renamed Penglai Island. Huang Xuanguo was awarded with the relationship between Li Yun and "since ancient times". Control of the mountain where Biyou Palace is located and a large area of islands around it.

Li Yun was basically satisfied with the result, after all, Biyou Palace had finally returned to Huang Xuanguo's hands, and whatever else was going on.

Of course, in the end, Li Jian Nation was not reconciled, and forced to unite with other countries and reached an agreement with Huang Xuanguo: The excavation of Biyou Palace belongs to all mankind. If Huang Xuanguo wants to enter, he must notify other countries to enter.

Xia Ming originally didn't want to agree, but first, other countries refused to give up the palace of the gods, Lijian country even sent all aircraft carriers, ready to start a war. Secondly, Li Yun did not think that mortals could enter Biyou. Gong, the future saint dojo is still in his hands, so he agreed to come down.

But Li Yun also put forward a condition: From now on, countries can no longer restrict the normal commercial activities of Baiyun Technology and related cooperative companies. Simply put, Li Yun's black technology can be sold in the global market unimpeded, earning massive benefits.

Chapter 2546: Leave me alone

It is conservatively estimated that because of this condition, Li Yun can earn trillions of income each year (autonomous driving, artificial intelligence, ultra-compressed lithium batteries, and the holographic technology launched by Su Muxin's father Su Tengyun), and it will also bring to Baiyun technology shareholders (including the country). There are banks, Su Muxin, Wu Ke, Fang Xue, and major domestic investment companies) with a dividend of at least 5 trillion yuan, which in disguise has brought huge benefits to Huang Xuanguo.

Li Yun is sure that as long as Baiyun Technology's products are officially launched, it will only be a matter of time before the fruit company is surpassed.

"As long as my strength goes further, after becoming an immortal, I can enter Biyou Palace alone."

After various agreements were negotiated, Li Yungong retired and allowed tens of millions of people to continue tossing on Penglai Island, killing monsters, collecting spirit fruits, groping for cultivation, and so on. He was ready to return to Zhonghai City.

...

The situation on Penglai Island is under control, but Li Yun and the confidantes around him have not made much progress.

Originally, based on Zhao Tianfeng, Gong Qingyu, Liu Xianxian's favorability and the progress of their relationship, Li Yun could come to sleep with a quilt, but maybe because there are too many people, and because they just met, they are in the time of deepening their relationship. .

So Li Yun couldn't find a chance to start!

Every time either Hu Xiaomeng did not agree, or Gong Qingyu did not agree, or Shangguan Lingxian walked away on the excuse of studying Reiki medicine, or Liu Xianxian said he wanted to work, or...

Anyway, every time a beautiful woman disagreed, Li Yun wondered if they discussed it privately at night?

No way, he can only wait to see them alone in the future, and deepen his feelings one by one. After taking away their first time, he will try to get the girls together in the future so that he can enjoy the ultimate happiness.

"Lingxian, do you want to stay on the island?" Li Yun asked the beautiful and holy spiritual doctor fairy.

"Um!"

Shangguan Lingxian nodded affirmatively: "Li Yun, you gave me a copy of "Human Emperor Heart Sutra", which records a lot of Shennong's cultivation secrets, eliminating curses, healing soul wounds, etc. These are all I haven't seen before. Didn't you say something about this? People in the future will be hurt by the soul, and I have to hurry up to become a soul master~"

Speaking of the last sentence, Shangguan Lingxian blinked playfully.

The Shennong Heart Sutra is currently practiced by Li Yun. He offered an option in the red envelope with the full popularity of Shangguan Lingxian. He used the red envelope and a colorful bag to exchange for another Shennong Heart Sutra for Shangguan Lingxian to practice.

Of course, Gong Lianyi is the same. Li Yun gave her a copy of "Qinglian Swordsmanship", which is not only a swordsmanship secret book, but also can be practiced based on this. I believe that Gong Lianyi's consummate cultivation will soon be able to To enter the Tao with martial arts is to step into the ranks of magic practice.

"Qingyu, won't you go back with me?" Li Yun asked again.

"I have to deal with the palace's affairs. Besides, are you going back to reunite with your family and that little girlfriend? I won't follow."

The words of this classical beauty are full of sourness!

Li Yun smiled and said, "What about you, Xiao Liuli?"

"Don't go!" Jin Liuli passed her head, but her cheeks were slightly red, and she whispered awkwardly: "You, you remember to leave a room for me, and no one else is allowed to live in it!"

After learning that Li Yun was going back to move, Jin Liuli decided to reserve a room in that super luxurious villa. In the future... she will definitely go there, and she will also live there every one or two months.

Li Yun held her little hand, inexplicably moved, Xiao Liuli became very sticky, and even booked the room, although she was still so proud.

In the end, all the girls refused for various reasons and let Li Yun go back alone to accompany his family.

They will definitely go to Zhonghai City in the future to take a look at Li Yun's home.

Maybe go to sleep again...

Chapter 2547: Wang Xiangui

Li Yun embarked on a plane from Penglai Island to Zhonghai City. There were many tourists stranded here. They waited for a few days before finally buying tickets, and couldn't wait to return to Huangxuan Country.

What happened on Penglai Island in the past few days is a lingering shadow for them.

Li Yun carried a travel bag symbolically, and apart from being handsome enough, he was inconspicuous among the crowd.

There is no clear picture of him on the Internet. Previous meetings with various countries and no one recorded the process of the meeting. Only the final results of the discussions were announced.

Therefore, Li Yun can still appear in front of ordinary people, and will not cause a sensation wherever he goes.

But after he got on the plane and lay down comfortably in the first class, a familiar voice came from beside him.

"Li, Mr. Li!"

It is Wang Xiangui.

This old man, known as the King of Sea Poison, has rejuvenated under the nourishment of spiritual energy, his hair turned black and his face was full of rosy luster, but his face did not attract the attention of anyone on the plane, because he was on Penglai Island. Everyone in the world is like him. After being moisturized by the spiritual energy, they seem to be ten years younger all at once. Many middle-aged people who are aging due to work have directly restored their physical fitness when they were young.

It's just that once they leave Penglai Island, they will feel a lot weaker than they were on Penglai Island, although it is much better than before.

"What's up?"

Li Yun lay down with his eyes closed, and had a separate firecracker with the three women last night to make up for the miss of not being able to meet in the next two or three months.

Before he could speak, Li Yun lazily said, "Don't come to me. Your body has been restored to health under the influence of aura. It will not be a problem to live for decades in the future. Go ahead."

He originally wanted Wang Xiangui to act as an internal response to investigate the movements of some six doors.

As a result, Wang Xiangui's level was too low, and he couldn't reach the real core at all.

Even Yan Jingyi's family only worked under Nelson from that strong nation, and they only contacted ordinary disciples of Liudaomen, which was completely incomparable with the base camp of Liudaomen that Li Yun later found himself.

So Wang Xiangui's move was considered white, and Li Yun didn't bother to beat him again.

"Uh."

Wang Xiangui also knew that he hadn't done much, and now he was even more apprehensive, and said quickly: "Mr. Li, I plan to go back to Zhonghai City this time and take my people to Penglai Island, but... just knows that Mr. Li also bought it. Tickets, that's why I dared to go the same way with you."

"Do you know I'm flying on this plane?!"

Li Yun suddenly opened his eyes, and a powerful momentum pressed against Wang Xiangui like a big mountain, causing the latter to frighten cold sweat on his forehead.

"Yes, it's your wife, Mr. Li, Miss Jin told her subordinates."

"Little Liuli?"

Li Yun took out his cell phone and called her. After asking some questions, he learned what happened.

When Jin Liuli, Xia Feiyao, and Xiao Mingzhu Shangguan Lingxian were walking around Penglai Island to help, they easily captured Wang Xiangui's younger brother Wang Xianneng, and Yan Jingyi's family.

At that time, she met Wang Xiangui, and the two sides acted together to arrest Wang Xianneng and others.

Later, Wang Xiangui took the initiative to suggest to follow, Jin Liuli had a heart attack, so he took Wang Xiangui's subordinate and let him follow him in the future. On Penglai Island, Jin Liuli planned to establish a gang...

Chapter 2548: Fairies (Part 1)

"..."

Li Yun's eyelids kept twitching when she heard it, and couldn't help interrupting her: "You stupid girl, Wang Xiangui, this **** obviously met you on purpose, you are being played by him as a stupid!"

Wang Xiangui's legs were weak, but he had expected this situation when he came to Mr. Li, so he didn't kneel down, his expression on his face was terrified.

"Hmph, big villain, don't underestimate me!"

Jin Liuli said dissatisfiedly: "Of course I can see that this guy is uneasy and kind at a glance. He thinks I am you...wife," Jin Liuli blushed too hard when she said these two words, and Xia Feiyao next to her. The women looked at her.

"For the sake of..., I took the initiative to take refuge in me!" Jin Liuli said plausibly, "But I am not a vegetarian, and only after I have set the rules with him, I took this guy as a subordinate and let him work for me in the future!"

"..."

Li Yun is unable to complain. You, a 16 or 17-year-old girl, still want to form a gang?

"Did you ask your little pepper sister, do you have other people's opinions?" Li Yun was in a meeting at the time, and he really didn't pay attention to this.

"Are you stupid? Of course there are! And sister Little Pepper, Feiyao, Sister Lingxian, Sister Mingzhu, etc., are all from my gang!"

"???"

Li Yun was shocked. It turned out that the women around him were all joined by Jin Liuli!

"Sister Lingxian is the chief doctor of our gang, Xiaomeng is the mascot, Sister Zhao Tianfeng, Feiyao, and Lian Yi are the guardians, Gong Qingyu and Xiao Mingzhu are the deputy gang leaders, Xiao Jiali is the director of the finance and trade department, and Ms. Qingzhu It's the elder except Demon Hall..."

Jin Liuli listed each person's position enthusiastically. Needless to say, she must be the leader.

Li Yun has a black line. Why did the chief financial officer and the elder of the Demon Hall talk together? Combination of Chinese and Western? How weird!

However, aura is revived in the modern world, and in the future, when aura is spreading around the world, words like monsters will be mentioned more and more frequently.

Maybe there will be a company dedicated to demon in the future, director of demon? President Demon?

"alright."

Li Yun sighed, "You can play whatever you want, but it's best not to develop under my name, otherwise your husband and my reputation will easily become stinky. It's not that I don't believe you, but it will change if it is related to business."

"I know!" Jin Liuli said with a grin: "Sister Mingzhu said the same. She said that our Fairy Club should be hidden from the outside and only control the subordinates, such as Wang Xianguai and some foreigners who have come to rely on. "

"There are foreigners to take refuge?" Li Yun was shocked. The Fairy Club...what the **** is this name... it is developing very fast, and there are foreigners coming to take refuge.

"It's the manager of the hotel and the Carnival Cruise Group of that cruise ship. Those people just said that they have more than 20 cruise ships and hundreds of medium-sized passenger ships. They can provide sea transportation for our Fairy Club. Sister Pepper said yes. Give them some shares..."

Jin Liuli whispered, "There is also the Golden Saint Pavilion. Many disciples also said that they can come to the Fairy Club to help. I am unwilling to take care of the Golden Saint Pavilion. There are many rules, so I will accept it. Others, Gong family, Shangguan family, Qingleigu Everyone joins."

Li Yun couldn't listen anymore.

This gang formed by the gathering of a large number of forces and people has extremely complicated internal forces and factions. There are also a group of foreigners who know his identity to join in the fun, and the staff of the Fairy Society are even more complicated.

Don't look at Jin Liuli as the master of the meeting, but she might not be able to mobilize her subordinates, a solid polished commander.

"Forget it, do whatever you want."

Chapter 2549: Fairy Club (Part 2)

Li Yun is not interested in helping Jin Liuli manage the Fairy Club for the time being. She only asked her to listen more to the opinions of Su Muxin, Xiao Mingzhu, Gong Qingyu, and the mascot Hu Xiaomeng. These four are all "fairies" or "fairies" with extremely high EQ and IQ. "Little Fairies", if they take care of the Fairy Club seriously, they may be able to occupy a place in Penglai Island, where global forces gather in the future.

Apart from other things, if they can really gain a foothold, in the future fairies will be able to earn a lot of profits just by selling monsters and spirit fruits on Penglai Island.

People like Wang Xiangui also came for this.

"Hehe, I'm just playing around anyway."

Jin Liuli spit out her tongue. She also knew that fairies would be too complicated now, but with Li Yun backing her up, the Fairy Club would be fine even if it messed up, so she would be an experience.

"That's right." Li Yun nodded: "You can figure it out, it's okay if you can make it or not."

"Humph, don't underestimate us!"

Jin Liuli was dissatisfied, but only dissatisfied for a while, and quickly said: "By the way, the big bad guy, I also pulled in all three of you from Longyang County, lest they feel isolated."

"The three?"

"It's Fang Xue, Li Feng, and the little princess Yongning~~~!"

Jin Liuli is very fond of Princess Yongning, after all, she personally rescued the princess.

"...Okay, thank you, Xiao Liuli."

"Hehe, then I'm busy? You can go back to Zhonghai City by yourself, wait...wait some time to find you...play."

After speaking the last word, Jin Liuli hung up the phone a little shy.

Going to Li Yun means that she will definitely be in love. After all, she and the big bad guy and big pervert are already old husbands and old wives?

Li Yun's lower abdomen became hot, and the events of last night were still vivid. He did not enjoy the feeling of being surrounded by women. Fortunately, Su Muxin was considerate of him and took Feiyao and Jin Liuli together to find him at night.

Hu Xiaomeng originally wanted to join, but was stopped by others.

Although not breaking the law, Hu Xiaomeng still...in the words of all the girls: it is not good for the body.

As a result, Hu Xiaomeng has been pouting a small mouth for three days. She originally came to Penglai Island with Sister Tianfeng, one of the purposes was to relive the trip to the Adu Mountain Hot Springs.

"call!"

Li Yun let out a sigh of relief, stopped the reverie in his mind, turned his head and waved to Wang Xiangui who was about to kneel down: "Okay, you can retreat, and you will return to the golden glass tube in the future. It has nothing to do with me. I warn you, if you are deceived or deceived during the Fairy Fair, be careful yourself."

"Yes, yes!" Wang Xiangui was overjoyed, this time his goal was achieved!

The aura of Penglai Island exploded, bringing the world to an unknown future. People all over the world are thinking about how to survive in the future and live better!

In the face of mysterious and unknown changes, previous experience didn't work, but Wang Xiangui's old fried dough sticks bet on Li Yun, holding Li Yun's thigh tightly, and chasing after him.

He knew that his strength was too low, and Mr. Li didn't need him to be a subordinate at all, so Wang Xiangui could only step back and become Jin Liuli's subordinate.

Fortunately, the woman around Mr. Li has a playful personality, and Wang Xiangui had the opportunity to hold his thigh.

Penglai Island is now a treasure island. There are spirit fruits on the mountains, monsters in the forests, and even the sea has countless delicious mutant seafood. It is a great fortune to grab some and sell it to the world!

Moreover, Wang Xiangui knew that Penglai Island has become the most critical place for future world changes. As long as he gains a firm foothold on Penglai Island, he will have a great advantage in the future practice of immortal methods, or strengthening the so-called abilities and magic.

Only a powerful existence like Mr. Li can ignore the current Penglai Island, right?

Chapter 2550: Your Royal Highness (Part 1)

Wang Xiangui sat cautiously on the other side of the first-class cabin. Li Yun didn't bother to care about him anymore and closed his eyes to rest.

Penglai Island will indeed be noticed by people around the world for a long time, and it will produce a lot of benefits. Just selling land to build houses can earn hundreds of billions of income.

But Li Yun is really not interested in this. He has Baiyun Technology to make money, and he doesn't like the hard money of real estate.

As for the sale of spirit fruit monsters and beast meat, it is purely thankless, because the bulk of it will definitely be occupied by the regular army of various countries.

The previously agreed missile bombing of marine life has not been implemented, and there are still a large number of monsters remaining on the sea. These monsters will be cleaned up by the regular army of various countries, and a large amount of monster meat will be produced.

Although most of them cannot be eaten, it is also a considerable part of the resources, enough for various countries to strengthen a super-powered force.

"...The superpower troops are coming out?"

Li Yun is unable to complain, the world is changing too fast, I am afraid that when he starts school, he will have to add a course of monsters to the university elective courses.

"Why hasn't the plane taken off yet?"

It's been almost half an hour after boarding the plane, Li Yun opened his eyes suspiciously and glanced outside the window, still parked at the airport.

"Li Yun!"

At this moment, a girl's voice came from the cabin door. Li Yun opened his eyes and saw that the princess of Never Settles, Alice Windsor, who was known as the princess Valkyrie on the Internet, was walking towards him with a smile. .

With long golden hair and vigorous stride, Alice is more like a princess than any princess under the background of the gorgeous dress.

She was originally a princess of a great country!

"Alice?"

Li Yun was a little surprised. He straightened up and was about to stand up, but Alice reached out and pushed his shoulder to make Li Yun lie back again.

And this princess leaned down with a blushing face, lifted up her blond hair with a slender jade hand, and kissed him directly with her sexually blushing lips.

"!!!"

Wang Xiangui and the passengers in the first-class cabin were shocked. Suddenly, a blonde and blue-eyed beauty arrived. Suddenly the beauty rushed into a man's embrace and kissed him.

Wait, isn't the plane not taking off because she is coming! ?

Everyone looked at the stewardess, and the stewardess showed an apologetic smile, indicating that she was helpless.

"Hey, you guys!"

Some passengers couldn't help it, and before half a minute, they called to stop the show of affection between the dog and the man and the woman.

Li Yun pushed the tender body of the beautiful princess who was pressing on him, and the latter reluctantly let go. Everyone in the first class clearly saw...

unacceptable! It's simply to treat a single dog as a person, and he didn't even cheat, so he killed it with a knife!

"...Alice."

Li Yun smiled helplessly. Judging from the system prompts, he probably understood what was going on.

"Ding, the host made a choice to help Alice Windsor, and help her win certain benefits, so as to gain the support of the domestic people, rewards, all attributes +100,000, experience value +100 million, colorful gift bags*3, skills Dan *3, aura value *500,000, extra reward: Princess Alice's favorability degree +10, there is a certain probability of getting the support of a queen of real power in the future."

"Ding, congratulations to the host for getting the full favorability of the thirteenth girl and rewarding a red envelope!"

A selection event a few days ago, until now finally prompted to complete, Li Yun almost forgot.
