

## Godly Choice 2551

Chapter 2551: Your Royal Highness (Part 2)

Alice's favorability is directly full, and Li Yun won the thirteenth beauty...He wants to take his own face! Just said not to provoke other girls, and it turned out to be like this again.

"Okay, don't frown." As if looking at his entanglement, Alice embraced Li Yun affectionately, and said ambiguously in his ear: "I will love you in the future. Man... foreign secrets. Love. How is it? Is it convenient?"

Foreign country? secret? lover?

It's fake to say that you don't have a heartbeat. Which man doesn't like this kind of casual play, and casually discarding irresponsible chicness?

What Alice meant was to give Li Yun the right to molest her. And because she was abroad, Li Yun didn't have to be responsible, as long as she met her occasionally when going abroad to play. .

At other times, Alice has her own business. In the future, it is estimated that she wants to become the female prime minister of the country that never sets, or even serve as the queen, to become the actual ruler of Britain!

She has gained enough prestige from this incident on Penglai Island, especially when she holds a golden trident and leads the Y country's navy like a Valkyrie, biting a piece of meat from the hands of Lijian, and succeeding in the arrival of the new era, Obtained a lot of benefits for country Y.

Perfect face!

Perfect character!

Perfect background!

Wisdom, decisive, brave, and unafraid princess!

This is the persona that Alice created for herself. As long as it is maintained well in the future, it is only a matter of time before she becomes the queen.

"Alice."

"what?"

Alice lay down on Li Yun's chest and drew a circle, and said bitterly: "I planned to find you after I finished my work this morning, but in the end your woman said that you are leaving, so in order not to miss it, I used some A little bit of relationship, let the plane take off a little later."

The arrogant Princess did not seem to apologize to the passengers on the plane.

Li Yun smiled bitterly: "You want to become a queen in the future? If you are with me, you can't get married again. You have to think clearly about this."

"Why can't you get married?!" Alice asked, blinking her big blue eyes.

"Didn't you mean Qingren?"

"Hahaha~"

Alice kissed Li Yun, "Just kidding, it doesn't matter if I don't get married, and I don't necessarily have to be a queen. I want to be the one who has real rights and can lead the country back to glory. Besides, now I am The prestige of being a queen does not necessarily have to choose a prince, as long as I reveal some relationship with you, the people will understand me."

Li Yun was speechless, "You seem to have become very confident?"

"Of course!" Alice looked at him with a smile and said, "The person next to me is the most powerful man in the world. With your backing, why can't I be confident? Besides, maybe I can become a strong man in the future. What else do ordinary people dare to say?"

This time's success, so that she has initially possessed the domineering queen.

Li Yun patted her and smiled: "I am naturally happy that there is a queen lover, can I get up now?"

"...Hmph, you don't love me at all!"

Alice stood up from Li Yun with a grumbling, her hands tucked her messy blonde hair, her expression changed slightly, from a coquettish little girl to an imposing and inviolable princess.

When some passengers in the first class who had originally complained saw them, they all closed their mouths.

Chapter 2552: Ding, red envelope

Li Yun did not have much affection for Alice, the two met too little, and the environment was not suitable for the first time.

Alice is more of a kind of admiration and an exchange of benefits for him. She can get things from Li Yun to realize her desires, so her favorability has skyrocketed. After confirming Li Yun's strength, Alice directly succumbed to him.

Looking at the heroic princess in front of him, Li Yun didn't know what to say.

"Li Yun, don't you think I'm so casual?"

Under Li Yun's gaze, the heroic princess finally showed a shy expression, rather at a loss, whispered: "But I still want to be with you, really, I like you very much, Li Yun!"

Foreign girls are very outspoken, like to like, and dare to say it out loud.

"I know." Otherwise, it won't be full.

Li Yun was quite entangled, accepting, or not accepting?

In fact, there is nothing to think about about this issue. He even took Song Xi and Tang Anxi, who were in love with each other, and treated them as little lovers.

The girl with a high degree of affection has naturally occupied a certain place in his heart, but Li Yun is entangled with guilt.

".....How about this."

Li Yun looked at her, stared at Alice's beautiful big blue eyes, and said, "I will go abroad later, looking for something, and by the way, I will meet the magicians of your country, etc."

The hidden meaning is that when the time comes, we will act together to deepen our feelings.

Alice heard what he meant, her eyes crooked with a smile, she couldn't help but rushed up again, and her red lips kissed him, so enthusiastic that she couldn't bear it.

"Stop it!"

Li Yun hurriedly stopped the dazzling blonde princess, lest he be killed by the resentful eyes of passengers on the plane.

Because of the six gates of life and death, or six things closely related to ancient myths, Li Yun had to go abroad to find the pyramids, Pandora's Box, and the garden of suspected Zeus.

Wan Faxian has already started to act. Li Yun is not sure if he has inside information. Anyway, after the domestic affairs are over, he will go abroad to search for it himself.

At that time, the system should give a hint, right?

Li Yun did not conceal the six gates of life and death. At that meeting, Li Yun told the senior officials of various countries to pay more attention to whether there are similar ancient relics in his country.

Li Yun warned them in advance that if they find ancient relics, don't do research without authorization, which will easily cause irreversible harm, just like Penglai Island.

Among them, the Pyramid in the Pyramid is the most obvious sign. The Lijian country has made it clear that it will send a team to search. The Gullmen naturally does not feel lagging behind, and also organizes personnel to go there.

As for whether the pyramid nations agree or disagree...In the face of powerful nations such as the Lican nation and the Gull League Fighting Bear, you must agree to disagree.

"Alice, I will give you something."

Li Yun condensed his thoughts, and smiled at the princess of Never Setting Sun who cleverly hugged him in front of him.

"Okay, what is it?"

The beautiful princess' eyes lit up and she kissed Li Yun with joy: "Dear you are so kind to me, but I have nothing to help you. If Li Yun do what you want me to do, just say it."

"?"

Your Royal Highness is not good at Chinese? Can you do anything like that?

"Ah, I didn't mean that!"

Meaning, meaning, various meanings, Li Yun coughed, cut the mess with a sharp knife, took out and gave her a space ring.

"Please, please, propose?!"

Chapter 2553: Athena's favor

"Li Yun, are you proposing to me?!"

Alice's eyes widened, with an unbelievable look, "Should the proposal be made by my dear kneeling down on one knee? Oh, it's not formal at all... But I promised~~~!"

Singing softly, the beautiful blond princess took the ring happily.

The corner of Li Yun's mouth twitched. Alice already knew about the space ring. Why did she say that the proposal was just for fun? Or is it... Is the proposal what she is expecting in her heart?

"There is one more thing to give you...Forget it, give it to you, lest you encounter any danger."

He had obtained more than a dozen golden items before. After Hu Xiaomeng Shangguan Lingxian and the others came, Li Yun gave out a lot of them, but now there are still five or six pieces of gold and a dozen pieces of purple equipment.

Gold-level items are almost useless to him now. Even the seven-color fairy bow Silver Pistol, Li Yun gave it to Su Muxin, the lowest strength, for her to use for self-defense—Little Chili's performance at night Very well, after Li Yun was satisfied, he gave her the Silver pistol.

In addition, the Nine Heavens Thunder Talisman, Li Yun, was also sent out to the Sage Fanqing who cultivated the thunder attribute mana, so that she could study the thunder method on the spell.

Li Yun is now able to cope with most of the difficulties with the help of the Divine Fire and the Divine Fire Sword. After practicing the Sanwei Divine Fire in the future, he will not even need the equipment of the seven-color level.

Therefore, now Li Yun is very generous to the women around him.

Searched in the inventory, took out a defensive jade pendant and gave it to her.

It occurred to me that the golden double-stranded fork was only purple equipment. Now Alice has a crush on him, her favorability is full, and she is already his woman, so she should change to a better one.

As a result, when Alice's favorability red envelope was opened, Li Yun offered an option plus a magic book? !

"Ding, the host gets the magic cheat from the red envelope: "Athena's Favor""

"Ding, the host used five golden gift bags and one colorful gift bag to successfully upgrade the gold double-stranded fork to a colorful level, gaining a new passive: the gaze of Hades."

Passive: The gaze of Hades (the damage to ghost enemies is greatly increased, and the souls of the killed enemies will be locked in the weapon and released when necessary)

Li Yun was really taken aback. This golden double-stranded fork is no longer an imitation. There is already a trace of Hades. It can borrow the power of Hades, the king of the underworld, to imprison the enemy's soul and store it in the future. The more souls there are, the stronger the power of this weapon!

In addition, the favor of Athena is said to be a magic book, but Li Yun's introduction seems to be to pray for the favor of Athena. Similar to a priest, he can use all kinds of blessing magic, bless his teammates, and release powerful magic and practice. To the extreme, it seems that it can summon Athena's gaze and gain the power of God.

This is a magical cheat similar to the magic trick, and it is closely related to the gods. After Alice cultivates this magical cheat, it is equivalent to becoming a believer of Athena!

"Why, what's the matter?" Seeing Li Yun's hesitation, Alice guessed something and smiled while holding his hand: "It's okay, it doesn't matter if you don't have anything to give to me. I already got it from Li Yun. There are many benefits, and you can't ask for too much, so that the relationship is not equal, which is not good."

Her Royal Highness's Chinese is not very good, but the basic meaning is expressed.

Chapter 2554: Upgrade weapons

Li Yun squeezed the face of Alice, who was squatting next to him, with a weird expression. The princess of the Never Setting Country smiled and knocked out his hand: "What are you doing? The way you don't speak makes me panic."

"Alice, can the faculty of your country get married?" Li Yun asked her.

"...Poof."

Hearing this question, Alice couldn't help but laughed, took the initiative to move forward, and answered this question again with her own \*\*\*\* lips: I kiss you all, and I am willing to be your lover, and may still be in the future. Becoming your wife, why do you still ask this question?

The passengers in the first-class cabin were hit again.

A beautiful blonde girl is willing to squat down on the ground and chat with a man lying on a chair. It's nothing more than looking humble. This beautiful blonde girl has taken the initiative to ask for kisses many times? !

Can this kind of passionate and fiery love be made by a foreign girl? !

The single dog received another ten thousand damage crit.jpg

"Well, well, Alice, I see."

Li Yun originally wanted to ask, if you become a believer of God in the future, and God wants you to do other things, do you listen to me or to God?

Now there is no need to ask, Her Royal Highness has already answered this question with action.

"I was thinking too much just now."

Li Yun smiled apologetically at her, and took Alice to the bathroom under the gaze of a crowd of weird eyes.

"I, Cao? What's the origin of this brother?! Actually...doing that thing in public?"

"Awesome little brother, my role model."

"Awesome, this big blonde girl has a pretty good background, this guy actually took her into the bathroom by himself?"

"Bird. Beast, too hungry and craving?!"

In fact, Li Yun wasn't going to go to the bathroom with Alice to do anything dirty, but...

"Uh?"

Li Yun looked at Alice in the narrow bathroom, who was almost stuck to him. Her Royal Highness blushed and began to untie the third button on her skirt.

"...Your Royal Highness, what are you doing?" Li Yun was stunned.

"Aren't you doing it?"

Alice blinked shyly and innocently, "We won't be able to see each other for a month or two in the future, don't you want to... ML with me now?"

With a black thread, Li Yun quickly helped her button up again, "What are you thinking about? I asked you to take out your weapon. I will upgrade it on the spot. In addition, I will give you two more pieces of equipment and a book. ."

These things are not easy to take out in the first class, so Li Yun went to the bathroom and let others misunderstand them.

".....Oh."

Alice is a bit shy, but she thinks she can't be blamed for this. Who makes Li Yun so many girls around? In Alice's perception, although Li Yun is good in everything, he must be a very astringent kind of person. I think about those things as long as I am free every day.

She is such a big beauty and a noble princess. Li Yun can't stand it and it's normal, so she...

"What about the golden double-stranded fork?" Li Yun asked her quickly, ending the matter soon, otherwise someone would say water again, and it would not be easy to explain to the passengers outside!

"Under the plane, I asked my maid to bring it up."

Alice took out her mobile phone to call, Li Yun was stunned, and then he thought that the woman next to him had a space ring, but Alice had just obtained it, so the weapon was still placed with the servant.

What's all this!

Chapter 2555: Strong brother

Fortunately, everything went well. After some operations, Li Yun gave the upgraded version of the golden double-stranded fork, which should now be called the golden spear, to Alice and gave her a magic book.

"Okay, hurry up, hold your weapon first, so as not to be suspected, wait until you get off the plane and then put it in the space ring."

The princess, who had obtained a brand-new weapon and a magical cheat book, was still dizzy in his head and was pulled out of the bathroom by Li Yunlian.

Suddenly, more than three hundred pairs of eyes on the plane looked at Li Yun and the blushing Princess, as well as the two slender and beautiful maids standing at the door, dressed in black and white maid uniforms.

What did these four people...do in the bathroom just now?

This young man is from Huang Xuan, right? He actually managed three foreign beauties in the bathroom alone? And also an eldest lady, with a maid on her side, a blond and blue-eyed wealthy daughter? !

Words can no longer express their inner shock, there is only one word in their minds: strong!

Strong brother!

"Ellie...Forget it, you go quickly!"

Li Yun didn't dare to call Alice's name, lest the surrounding passengers would recognize it. The next day, the explosive news of "Huang Xuanguo and Li Superman in the bathroom of the plane, meeting with the Valkyrie Princess of Never Setting" would instantly spread all over the world. , That's great fun.

"Puff chuff~"

Alice held tightly the new golden spear wrapped in cloth, and couldn't help laughing happily when she saw Li Yun's appearance.

"My dear, goodbye, remember to visit me, or I will find you~~" Alice handed the golden spear to the maid beside her, and ignoring the gaze of more than 300 pairs of eyes, she hugged Li Yun tightly. , Gave the princess's passionate kiss.

The kiss lasted for a full minute, and the two were motionless, simply touching and hugging each other.

More than 300 passengers witnessed this scene.

"Will do."

After the lips were separated, Li Yun gave her a guarantee.

"Wait for you."

Alice left without looking back, leaving Li Yun with long golden hair. She took vigorous and heroic steps and left the airport.

Behind her, two maids holding golden spears followed, and eight black-clothed and sunglasses agents protected them. After the group got in several top luxury cars, Alice turned her head and glanced at the direction of the plane from the car window. The beautiful blue eyes were full of longing.

"Your Royal Highness, what are we going to do next?" her personal maid asked respectfully.

"do what?"

Alice took out "Athena's Favor" from the space ring, and after a few glances, she smiled and said: "Assemble people, I will build a temple on Penglai Island within a month, Athena's Victory Temple!"

If Li Yun knew that the beautiful princess was going to build the Western Temple of Athena on the fairy island of Penglai in the eastern legend, he would not know what kind of strange expressions would appear on his face.

"Huh, as expected, the woman chased the man after a piece of paper."

Li Yun admitted that the feeling of being chased down by a beautiful blonde princess is indeed very good, and maybe he will fall after a few more visits.

Back in the first-class cabin, the stewardess asked carefully before asking to close the cabin door.

Li Yun knew that they had guessed their identity, but he didn't care, as long as they didn't say it.

"Mr. Li, great!"

When passing by Wang Xiangui's position, the old guy gave him a thumbs up, and the meaning can be understood without saying.

Li Yun replied with a word: Get out.

Chapter 2557: The road to the future (part 2)

In addition, a large number of construction teams are hurrying to start construction, more airports, more docks, more hotels and military facilities, including Huang Xuanguo, Li Jianguo, never setting sun, and so on.

Too much.

Everyone is working in full swing. There are all kinds of monsters and mutant plants on the island, becoming monsters with IQ, and human beings are constantly strengthening and gaining supernatural powers.

God can't figure out what Penglai Island will become in the future.

"If the Lord Tongtian wakes up from the Biyou Palace, or comes down from the fairy world, and sees Penglai Island outside the Biyou Palace is occupied by humans, I wonder if he will directly take out the four swords of Zhuxian to kill the Quartet?"

Li Yun shook his head, no longer thinking about this silly thing, he couldn't stop the 7.5 billion people in the world.

Closing his eyes to rest, he recalled this time about Penglai Island.

Wan Faxian should be summoning people at this moment to search for the whereabouts of the other six doors of life and death and find a way to open them.

The "that person" in his mouth should have the same purpose.

Concubine Wan Qing is missing and can't make phone calls. It is estimated that she is cultivating the "Incarnation of the Demon" that Li Yun gave her. At present, she has no time to pay attention to Penglai Island. After she leaves customs, she knows that the world has changed so much. Will your jaw drop in shock?

The Hidden Sacred Valley is swayed by wind and rain. After the aura escapes from Penglai Island, the attraction to practitioners is like a clear spring in the desert. The Sage Fanqing and other elders and the Valley Lord can suppress them for a while, but they cannot be suppressed for a lifetime. The hidden Sacred Valley will definitely be in the future. A conflict is likely to result in a split ending.

At least in the future against the six gates, the Hidden Sacred Valley can't be counted on.

On the contrary, Concubine Wan Qing could fight for it so that she would not give the saint's things to Wan Faxian so quickly.

"One more question, Nelson!"

Nelson has a lot of resources in the Lican country, and he has the right to network wealth. After taking refuge in the six gates, he can pull up a team of tens of thousands of mercenaries for practitioners.

He hasn't been caught yet, and it is possible that more people will be brought to join the Six Doors, even Li Jian Nation...

No, it is unlikely.

Li Yun shook his head. It is impossible for all the world's strongest countries to rely on the six gates, even if Oqima is controlled, unless the six gates are strong enough to crush the world.

In a country, it is not one person who makes the decision, but the whole people.

In conclusion, Li Yun's most important goal in the future is to find six doors of life and death.

At present, he has no ideas for searching, he can only use the system and the power of other countries to search.

"I hope Wan Faxian will not be found so quickly, leaving the world a little time."

Li Yun closed his eyes and meditated. At present, more than seven billion people in the world have just come into contact with something like Reiki, and it takes time to digest.

If everyone can cultivate, then the six gates are not worth mentioning. Seven billion people will always have some geniuses who can catch up with the progress of the practitioners of the six gates.

The longer the time stretches, the smaller the gap between the two will be. If the outside world can be given fifty years, the Six Gates and the Hidden Sacred Valley will have no advantage.

"Time..."

Li Yun sighed slightly in his heart. The six gates cannot give the outside world fifty years. Within five years at most, there will be conflicts between the two sides.

"It doesn't matter, Binglai will cover the water and earth. All I have to do now is to find the ancient cave house first... When I find it, I will see if the system has an option prompt."

"Of course, the first thing to do is... move!"

Chapter 2558: came back

The plane landed at the airport in Zhonghai City, and the moment the plane stopped, everyone couldn't help cheering.

"came back!"

"finally came back!"

"Oh my God!"

"It's better for the motherland, I swear I will never travel abroad again!"

"For three days on Weiyi Island, I lost a full 30 catties and almost died back."

"Husband~~~!"

"Wife!! Uuuuuuuuuuuuu!"

More than three hundred people on the plane were very excited. After getting off the plane, they rushed towards the lobby. The family members who had been waiting were also very excited. So Weiyi Island - no, Penglai Island was shocked by the world. Hundreds of thousands of people died after the accident, and the safety of their loved ones coming back is really more important than anything else.

"Li Yun!!!"

A tall and beautiful girl flew over with her hands open, tears flashing in her eyes, she rushed into Li Yun's arms, holding him in her arms and crying: "You, you badass, finally came back...I, I am so worried about you!"

Needless to say, this tall and beautiful girl is naturally our school flower.

"Okay, don't cry, am I back?"

Li Yun gently kissed Fang Xue's tears, the latter burst into a smile, and took the initiative to hug him, and the two kissed deeply.

This scene did not arouse the attention of others, because many lovers are also narrating the joy of reunion in this way.

At most, the passengers just cursed the \*\*\*\* secretly: This man has a foreign girlfriend on Penglai Island, but he did not expect to have one in Huang Xuanguo.

for a long time.

The two were separated, Fang Xue's face was blushing with happiness, and she actively pushed him: "Alright, go and comfort the other one."

The other is naturally Li Yun's god-sister, Li Feng.

She had been waiting for a long time, but after hearing her best friend Fang Xue say this, Li Feng waved her hand quickly: "No, Li Yun and I are... a lot of people... well."

All the protests were blocked by Li Yun.

The passengers on the plane previously opened their eyes wide. Who is this man? Actually have three big beauties at the same time...

"let's go!"

After releasing Li Feng, Li Yun was energetic, holding a big beauty in one hand, and in the eyes of everyone envy and jealousy, he got into Fang Xue's car.

——Today's reunion day, let him be willful.

When he got into the car, Li Yun saw his sister Li Feng's relatives, Zhuang Siliu, in the driver's seat.

The glamorous female president was flushed, sitting in the driver's seat without saying a word. After the three of them came up, she started the car silently.

"Miss Siliu, meet again."

Sitting in the back row, Li Yun and Fang Xue took the initiative to greet Zhuang Siliu.

The glamorous chief executive drove silently and drove the three of them to Longyang County. After a long time, when Li Yun thought she could not understand the scene just now, Zhuang Siliu said: "Thank you. , Li Yun!"

"?"

Li Yun felt inexplicable, "Thank me? I should thank you. You, the chief executive of a film and television company, put down his daily work and drove me to pick me up. Shouldn't I thank you?"

Li Yun looked at his sister, Li Feng hid his mouth and laughed, obviously knowing what was going on.

Fang Xue was straightforward and said with a grin: "I think Sister Liu is because the Zhang family accepted them again, so I thank you?"

Zhang Family Accepted?

Li Yun thought for a while before remembering what was going on.

His sister Li Feng, whose real name is Zhuang Nianliu, is Zhang Fanliu's daughter, and Zhang Fanliu's combination with their mother has not been recognized by the Zhang family, so Zhuang Siliu and his mother Zhuang Mengdie have never been able to. Return to the family tree of the Zhang family.

Chapter 2559: List home music

But it may be because what Li Yun did on Penglai Island was known to the Zhang family, so the Zhang family took the initiative to come to Zhonghai City within these three days and included the mother and daughter of Zhuang Mengdie in the family tree and admitted that they were Zhang family. The daughter-in-law of the family and the daughter of the Zhang family.

Therefore, Zhuang Siliu said thank him Li Yun!

"You have returned to the Zhang family tree?"

Li Yun looked suspiciously at Zhuang Siliu who was driving.

This cold and glamorous president always gave Li Yun the feeling that he was a very rational person. Last time in Longyang County, Li Yun proposed to re-divide the Zhang family so that the three of them, mother and daughter, should regard Zhang Fanliu as the ancestor. Zhuang Siliu also agreed to the proposal of separating part of the Zhang family and becoming the Zhang family.

—After all, if she wants her surname, no one can stop it, and the law also stipulates that children can follow their father's surname or their mother's surname.

But in a blink of an eye, Zhuang Siliu agreed to return to the Zhang family.

Originally, Li Yun was thinking about finding time to help solve the matter. He didn't expect that like Shangguan's and Gong's family, Zhang's family took the initiative to solve the problem after learning about what he had done on Penglai Island.

"I....."

There was a slight blush on Zhuang Siliu's face, and his expression was complicated. After taking a deep breath that was not visible, he said bitterly: "It is my mother who wants to return. After all, this is my father's thoughts before his death.

Li Yun nodded slightly, Zhuang Mengdie loves her husband after all, and he can understand what he wanted to fulfill before his death.

"But don't worry!"

Zhuang Siliu calmed down and said: "I have already told the people of the Zhang family that we returned, only to list our names on the family tree. We did not accept the gift of the Zhang family or their management. My sister and I were married. We are still in charge, and no one can point fingers!"

Li Feng, Zhuang Nianliu's face is red, she will definitely marry Li Yun in the future, although there will not necessarily be a wedding, but Li Feng doesn't care about these formalities. She and Li Yun have been together for 18 years. Siblings, or childhood sweethearts, don't need to become couples with red books.

Li Yun suddenly thought of something: "Your marriage is in charge. What about your mother? Can she remarry too?"

As soon as he said the words, Li Yun felt that he had said something wrong.

"What do you want to do?"

Fang Xue, who was sitting next to her, was very surprised. She stretched out her small hand and pinched him. While pinching hard, she whispered angrily: "Big pervert, do you still want to..."

Sisters Zhuang Siliu and Zhuang Nianliu sitting in the front row also opened their mouths big and small. They were surprised by Li Yun's words: Does he really want his mother and daughter to ask for it together?

"Brother... the villain!"

Li Feng couldn't recognize the sip. Of course she knew her brother's character. Since becoming stronger, his character has become heavier and heavier, but at the same time he has become more stable, and it has provoked a lot of things. Girls, surrounded by beauties all day long.

Her mother is also 38 years old this year. She is well maintained. Coupled with her identity, it is normal for Li Yun to be tempted...a ghost! !

Li Feng turned his head, blushing Jiao Jia ordered his brother: "Li Yun, don't let you think about it!!"

When teaching an unruly younger brother, Li Feng would call his younger brother by his name, which shows the majesty that belongs to the older sister.

"No, you all misunderstood me! Really!"

Li Yun looked innocent and wronged, "I just thought of my aunt's situation."

The three women thoughtfully.

Chapter 2560: Could it be you

Seeing that they were all moved, Li Yun took the opportunity to say: "You think, auntie is not very young this year...cough cough, I didn't mean that, I mean, you can't let auntie die alone, right? In the future, the average life expectancy of human beings may reach one hundred years old. Auntie still has more than half of her life and should not be reaped again... I know you may find it difficult to accept your mother's remarriage, but you should always think about your mother, right?"

Children are always reluctant to remarry their parents, and stepdad and stepmother are not easy to behave.

But now that the Zhuang Siliu sisters have grown up, they should be able to calmly look at the remarriage.

Li Feng nodded and said, "I have no objection, it is my mother's choice."

"impossible."

Zhuang Siliu who drove shook his head, "Sister, you don't know the character of your mother. She won't remarry anything she says. Even if it's because of Li Yun you, the Zhang family won't object, but she will never remarry her mother. Her character is so persistent, impossible."

Li Yun smiled slightly, "The future is not good, maybe my aunt met that person?"

"Is that person you?!" Fang Xue blurted out the words that shocked the sisters in the front row again.

Especially Li Feng recalled the last time when she was in Longyang County, when her mother lived with her, and of course when she lived with Li Yun.

At that time, my mother always had a happy expression on her face, but when she was at home, every time she met Li Yun, she would blush a little and didn't dare to talk to Li Yun... Could it be that?

"What nonsense!"

Li Yun helplessly knocked on the head of his girlfriend next to him, Fang Xue yelled, and put her arm around her groaning: "Who makes you villain even Jin Liuli's mother...well, can't say it."

She hasn't told Li Yun about joining the Fairy Club, let alone talked about herself with Jin Liuli, who had never met. Hu Xiaomeng and others have also chatted, otherwise this villain will be even more proud-proud of the harem. , Lest he go out to provoke other girls again.

In the three women's weird eyes, Li Yun said helplessly: "Xiaoxue, don't talk nonsense, Xiao Liuli and I's mother...it's all the people from Jinsheng Pavilion who are messing around, but it's nothing at all."

"Do you dare to say that you are not touched? The Lord Saint said: Don't lie!"

"...Xiaoxue, you know, I'm a normal man."

"You really are a pervert!"

The long-awaited couple frolicking in the back row.

Sitting in the front row, Li Feng glanced at his sister thoughtfully, and found that she seemed to be thinking about something too.

If my mother doesn't remarry, then Li Yun...is one, um.

Let's talk about these things later!

"correct!"

Li Yun looked at the front row, let Fang Xue lie on her lap obediently, kneading her smooth cheeks, and let the school flower of Fang squint comfortably, enjoying the affection of his boyfriend.

"Sister, now that the matter has been resolved, the Zhang family has also listed you back in the genealogy, 18 years ago...?"

Li Yun did not directly ask Zhuang Siliu. If Li Feng didn't know, it proved that Zhuang Mengdie didn't want to bring it up anymore, and asked him for nothing.

"younger brother....."

Hearing this question, Li Feng suddenly thought of something, and his voice became very soft: "Do you want to know why your own parents left you?"

The car suddenly became quiet. Fang Xue, lying in his arms, also looked at her boyfriend with pity, and stretched out her hand to stroke Li Yun's cheek, trying to give him some comfort.
