

Godly Choice 2561

Chapter 2561: Sure enough

"Where do you want to go?" Li Yun couldn't laugh or cry. "I just asked with curiosity. To me, my parents belong to nothingness, and I have no intention of looking for them!"

With that said, Li Yun knocked off Fang Xue's messy little hands on his face, and pinched the girl's smooth cheeks again.

Then, calmly.

Slowly down...

"That's good."

Li Feng breathed a sigh of relief and said, "Actually, my parents abandoned me back then are also related to the Zhang family."

"What is it?"

Li Yun asked calmly with the forceful suppression of the girl's unwilling resistance.

Although the movement in her hand was slow, it did not stop, so Fang Xue quickly lost a trace of strength, blushing and buried her head in Li Yun's arms.

"Yes....."

Of course Zhuang Siliu who drove didn't see what the two were doing, but Li Feng only glanced back to see what secrets were hidden in them.

Her good friend Fang Daxiaohua is being teased and bullied by her brother.

"Yes, Zhang, home!"

Li Feng gasped slightly and said something that surprised Zhuang Siliu while driving. When she told her sister what had happened before, her sister acted calmly and said that she understood her mother's actions.

But now when he tells Li Yun about the events of the year, Li Feng appears to be short of breath, blushing and hot, as if he is very angry?

"Which one is my sister's true feeling?"

Zhuang Siliu didn't know that Li Feng was acting like this because of the actions of the two behind.

After all, she spent three days and three nights in Taihuang Mountain with Fang Xue and Li Yun. Outsiders could not imagine how happy they were when they traveled in Taihuang Mountain.

Therefore, after not seeing Li Yun for more than ten days, Li Feng couldn't help but miss those things.

"Zhang Family?"

Li Yun kept moving in his hands, with a calm expression, nodded and said: "It really is the Zhang family."

"?"

Zhuang Siliu wondered how this sentence seemed to be nonsense, but he just repeated it again.

"Yes, it's Zhang Family."

Li Feng was also very strange to speak, and Zhuang Siliu was even more puzzled. The two brothers and sisters said each sentence, when will they end?

"Back then, my mother and her deceased father met in Zhonghai City. They..."

"Ah."

Fang Xue couldn't help exclaiming, interrupted Li Feng's speech, and also made Zhuang Siliu notice the two men's movements.

"squeak!"

The car that was about to enter the highway braked quickly and made a harsh sound, which made people on the side of the road look over.

"You guys!" Zhuang Siliu was shocked and angry. The two of them were still messing around at this time. It was really... Li Yun, the bastard, her sister's younger brother, it really was too awkward!

Her sister also said that she took the initiative to like Li Yun, but Zhuang Siliu didn't believe it. It must be Li Yun that guy used some methods that led to today's result.

No wonder her sister is worried about her mother, will she be given to by Li Yun...

"what!"

Fang Xue was frightened and hurriedly tried to stop Li Yun.

".....never mind."

Before Fang Xue got up, Zhuang Siliu turned on the car again and continued to drive towards the highway intersection. There was no expression on a cold and pretty face, cold and frosty, but he said something that surprised all three of them: "Attention Don't be discovered."

"!!!"

Not to mention that Fang Xue and Li Feng were surprised. Even Li Yun looked at her with a weird look. Did Zhuang Siliu acquiesce in what he and Fang Xue did just now?

Chapter 2562: Chuang Siliu's Compromise

A blush slowly appeared on Zhuang Siliu's cold and frosty face, and when he came to the highway junction, when he was waiting in line to enter the highway, he trembled and said, "I, I just saw you saved a lot of people. I haven't seen Fang Xue for a long time...that's why," agreed.

She was not ashamed to say the last two words.

This is equivalent to watching a live performance, or how can Zhuang Siliu, a virgin, say so embarrassingly?

However, the reason why she closed one eye was indeed because she admired Li Yun's performance during this period of time.

After the dramatic changes in Penglai Island, Li Feng stayed up all night, and the next day Zhuang Siliu hurried back to Longyang County to take care of his sister with his mother.

Fortunately, Li Yun sent a message the next day, saying that he was fine, which made Li Feng feel at ease.

During this period, Zhuang Siliu kept reading the news on the Internet and saw many stories about Li Chaoren, including his battles with practitioners at sea, tame monsters, fly in the wind, explore small islands, and so on.

Especially when people on the Internet photographed Li Yun from a distance on the bow deck of the Ocean Princess, Zhuang Siliu felt an unprecedented sense of security in his heart when he saw his vague photo of his back.

As long as this man is there, she, her sister, and mother can sleep peacefully without worrying about anything else.

Therefore, Zhuang Siliu, who was moved by Li Yun's heroic deeds, agreed with him and Fang Xue's... nonsense behavior in her car.

Whether there are other reasons for this, even Zhuang Siliu himself is not clear, or dare not to say for sure.

"Oh."

Li Yun nodded clearly and smiled: "Then thank you Miss Zhuang, Fang Xue, come, let's continue to kiss."

"No! You bastard, let go!"

Fang Xue blushed and twisted her body to resist, even if Zhuang Siliu knew about it, she wouldn't do anything more.

If she weren't in the car now, she must have escaped!

"What's the matter? Old husband and wife."

"Who tells your old husband and wife, you and Xiao Fengfeng are the old husband and old wife!"

Fang Xue pursed her mouth, "You go to her, Xiao Fengfeng, you come and sit at the back, I will sit at the front!"

"I'm not in a hurry." Li Feng's tone was flat.

Don't worry, not don't.

The meaning is to wait for you to finish the fooling around, and then come to me.

"..."

"enough!"

Zhuang Siliu was so angry that he almost couldn't catch his breath. The three of them were just...unbelievable!

"I'm sorry." Fang Xue apologized honestly, and blamed the bad guy Li Yun!

"...At least up to the highway."

Zhuang Siliu added again, making Fang Xue dumbfounded.

And Li Yun was about to move again, since she agreed, what else is she afraid of?

Besides, in front of the sister-in-law, it seems...what's more.

Tension, thrill, challenge, excitement.

So, after the car got on the high speed, Fang Xue lay down on Li Yun's lap again, pretending to be playing with a mobile phone, while letting the bad guy come along.

I don't know what to talk about when I surf the Internet. I chatted with the beautiful girls in the Fairy Club for a while (Li Yun is not in the group). Fang Xue specifically let them know that Li Yun is by her side. Envy and envy.

After that, Fang Xue, who couldn't stand it, glanced at Li Yun bitterly, and the appointed person turned his head.

The direction is down.

"Little Baixue, you guys...really, come on!"

Li Feng glanced back and saw that Fang Xue was not seen by Li Yun's side. Looking down, only the black hair on the back of Fang Xue's head was seen.

Chapter 2563: The tragedy of the year

The head of Colonel Fang undulates like waves on the sea.

"Uh."

Li Feng also saw her brother's proud eyes and comfortable expression, and smiled at her eagerly. How could Li Feng not understand what happened? He quickly turned back and focused on chatting with his sister Zhuang Siliu, so as not to let what happened later affect her driving.

If there is a car accident, or if you brake suddenly, it will be over.

Finished in every sense.

"By the way, sister."

Li Yun thought of something, stroked Fang Xue's little head, and asked her to continue to work hard, cheer, and fight, and at the same time asked: "Just now you talked about Zhang Family, what's wrong?"

Zhuang Siliu was about to die of anger.

You guys have been talking for so long, are you still struggling with the Zhang family? !

Li Feng took a deep breath and suppressed the restlessness in her heart. She has already tasted the sweet and sour taste of love, and experienced the things between men and women in Taihuang Mountain. It is understandable that she feels uncomfortable when encountering this kind of time, just blame it. The seat is too small for three people.

"Zhangjia..." Li Feng's face was reddened, and his legs were close together, trying not to let himself hear, smell, and see what happened in the back seat.

"What happened back then is very simple to say."

Taking another deep breath, Li Feng tried to stay calm and continued: "In short, my parents plan to give birth to a son, and then tell the Zhang family about this. It's just that after my sister is born, I am a daughter again. Make the plan impossible to implement.

At this time, the Zhang family knew that they had come to Zhonghai City to check the situation, so my parents decided to send me away temporarily, and then they would send me back when they gave birth to a son, so as to prevent the Zhang family from using my mother to give birth to a son. An excuse to drive her away. "

Fang Xue paused, and after spitting out what he was eating, he said angrily: "Xiao Fengfeng, the Zhang family is too hateful. They are still heavier. Boys are more important than girls! What's wrong with girls? My parents are just me. A child, they never want another one!"

After finishing speaking, he lowered his head and continued to eat, to solve the lovesickness that had been for half a month.

"Oh, it's all caused by traditional concepts."

Li Yun sighed slightly. He has seen many areas on the Internet, and he still has the idea of valuing sons over daughters. The woman gave birth to a son by beating gongs and drums and giving tens of thousands and hundreds of thousands of red envelopes.

She would not give a dime to give birth to a daughter, and she would have to have a dark face, insisting on asking her to give birth to a son before she would give up!

Going back to what happened 18 years ago, Li Yun could also guess why Li Feng's parents did that.

Originally, the combination of Zhuang Mengdie and Zhang Fanliu was not recognized by the Zhang family. If Zhuang Mengdie had two more daughters in a row, then she would be regarded as a broom star who could not give birth to a son and would be driven away directly.

Regardless of Zhuang Mengdie, who was a big singer who spread all over the country, Zhuang Mengdie has no resistance to such a real wealthy as the Zhang family, just like a commoner.

Li Yun didn't know who made the stupid decision to send away the second daughter. It may be Zhuang Mengdie, or Zhang Fanliu, or even Zhang Fanliu's servant of the Zhang family who followed him.

In short, this incident happened so ridiculously!

"I lost my sister afterwards?" Li Yun guessed what was going on. Fang Xue, who was lying on his stomach, also listened absently, and stopped working hard.

"Um."

Li Feng nodded slightly, and said in a pretentious tone: "My parents originally gave the family who temporarily adopted me three million dollars as remuneration and my support, but they threw me to Longyang County. , And then fled abroad."

Chapter 2564: go home

"Damn it!"

Fang Xue spit out what he was eating again, and said angrily: "Where is that family now? You must get the money back and let them return to China to be punished! It made Xiao Baixue you grow up in an orphanage. thing!"

"Forget it." Li Feng shook his head, turned to Li Yun and smiled slightly: "In fact, this is also quite good, because they made the wrong decision, so I met my brother~~"

Li Yun was moved in his heart, but said in his mouth: "These are two different things. When you meet me and the family, you have to be punished. They are two separate things. Miss Zhuang, you let the Zhang family pay attention and find that family abroad. , Don't let them live too freely!"

Zhuang Siliu was struck up by Li Yun and turned the steering wheel in shock and hit the fence on the highway.

Fang Xue's vague voice just now made her know very clearly what is happening in the back row- even if Zhuang Siliu has never had a boyfriend, she also knows these shameful things that are often discussed on the Internet.

"Yes, yes, I know."

Zhuang Siliu calmed down and continued to drive the car on the highway, wanting to end this upset journey as soon as possible.

only.....

Five minutes later, a man-specific smell filled the carriage, and Li Yun's breath continued to spread, making Li Feng's face red and hot, and Zhuang Siliu was also very ashamed.

"It's finally over."

When Zhuang Siliu was about to breathe a sigh of relief, Fang Xue's depressed low voice of protest came from the back row.

"Bad guy, can't it?"

"Almost, I'm already sitting anyway, let's do it again."

"..."

Ten minutes later, Zhuang Siliu tried again to calm herself down, her breathing slowed down, not allowing herself to breathe in the man's breath from Li Yun in the compartment, and at the same time turned on the air conditioner to the maximum to cool the two people in the back row.

Twenty minutes later.

"Is it over?!"

Zhuang Siliu was shocked!

Is it because Li Yun is Superman, so he is particularly good in this area?

"Ms. Zhuang, there is the service station in front. Let's stop and rest."

Li Yun was cheeky, as if there was a **** demon in his heart at this moment, clamoring constantly, and laughed at the bottom: "Xiaoxue, are you tired? Wait for you to sit in the front row, sister, you sit in the back row."

"you!"

Zhuang Siliu was defeated by Li Yun's shamelessness, but did he come in turn? If her carriage is big enough, is this **** planning to come together?

Fang Xue finally got free, no matter what Li Feng thought, after getting off the car at the service station, she wiped her mouth, sorted her clothes, and quickly got off the car and changed positions with Li Feng.

Zhuang Siliu: "..."

The car did not stop at the service station in the middle of the highway. After Fang Xue and Li Feng changed positions, Zhuang Siliu continued to drive towards Longyang County.

When he arrived in the county city area, Zhuang Siliu thought he was finally relieved, but he bowed his head again after seeing his sister ending the passionate kiss with Li Yun.

"..."

Zhuang Siliu didn't know how he drove to the Ankang apartment in Longyang County. He only knew that when he got out of the car, Qiao's face was already flushed and her legs were so soft that she could hardly stand up.

She really did not expect that Li Yun, Fang Xue and her sister would get along in this way.

and!

Li Yun's shamelessness and Xia Liu have exceeded her imagination, and men really don't have a good thing!

Too bad, too ridiculous!

What happened along the way was serious, not serious, but not serious... Before getting off the car, the two women had to arrange their clothes carefully, wipe the corners of their mouths, wipe off the marks, and put on a little makeup before they could get out of the car to see people.

"Here! Get out of the car quickly!"

Chapter 2565: Superman Li also wants to go shopping

Zhuang Siliu stood at the front of the car, folded her hands on her chest, and looked at Li Yun like a scum scum. After her sister got out of the car, she hurriedly pulled her sister over and did not let Li Yun come close!

"Cough cough cough!!"

Li Yun was full of vigor and showed no signs of weakness. He waved his hand: "Go, three beautiful women, let's go home!"

"It's your home." Zhuang Siliu coldly slapped him, all heroes are fake, this guy is a wicked ghost!

"Yes, it's my home, but it's also your sister's home. Your sister's home is also your home, right?"

Li Yun said meaningless words, and walked towards the underground garage exit of the community.

After walking a few steps, I thought of another thing: "By the way, I'm almost finished eating now, so why don't we go to the vegetable market to buy vegetables?"

"OK."

Li Feng stretched out his hands to close his hair, and Qiao Xiaoyan agreed with his brother's proposal, vaguely showing the charming amorous feelings in the car just now.

"I want to eat braised eggplant!" Fang Xue also raised her hand to agree, and gave Li Yun a snicker: "By the way, I will buy you some preserved eggs to supplement your body, lest you... ah, why should I be with you tonight? Say this!"

Tonight is the time for the main show.

Li Yun smiled, humming and chatting with the two women and went out, feeling very happy.

Watching the warm and sweet scene of the three, Zhuang Siliu who followed behind him was silent.

If it weren't for her sister to say for sure that the Li Chaoren in the news was Li Yun, Zhuang Siliu couldn't believe it. The one who saved more than three million people on Weiyi Island has prevented, guided, and united many countries. Actions, heroic characters against monsters.

It was the man in front of me who was going to the vegetable market to buy groceries!

Even more unexpectedly, this man had done all kinds of shameful things with Fang Xue and Li Yun in her car just now.

Three Li Yun, which one is him?

"Hee hee~"

Out of the underground garage and walking in the community, Fang Xue, who was holding his big hand, suddenly laughed, turned to look at Li Yun and said playfully: "If the netizens knew about Li Dachao, after the battle, they would take the initiative to go. When buying vegetables at the vegetable market, will they be surprised to doubt their lives?"

"Heroes have to eat too."

Li Yun greeted the grandparents who came back from shopping in the community. In the eyes of the grandparents, he was a genius teenager with a perfect score in the college entrance examination. He has nothing to do with the chairman of Baiyun Technology and Li Chaoren in the news.

This is the peaceful life he wants!

Zhuang Siliu couldn't help but said, "But you are going to buy vegetables, this is..." What a big deal! Is this what a hero should do! ?

"What's the matter?" Li Yun shrugged, "I used to go shopping for groceries. I'm used to it. When I get back to Longyang County, I want to go shopping for groceries. Tsk tsk, look, Xiaoxue, am I a good man?"

"Fuck you~" Fang Xuejiao sighed: "If you are a good man, you won't hold the back of your head and force me and Li Feng to eat...Anyway, you are a bad guy!"

Li Feng blushed.

After eating in the car, she is still full.

"..."

Zhuang Siliu turned his head and pretended not to hear the colorful conversations between the three.

She didn't have to guess or knew that at night the three would still be together and fool around....

"Mother!"

Zhuang Siliu suddenly thought that her mother Zhuang Mengdie had been living in Li Yun's house and was living with her younger sister. Wouldn't it be... it's possible to be eaten by Li Yun at any time?

"This bastard!"

Zhuang Siliu couldn't help but cursed in a low voice, but he didn't have any anxiety in his heart, and was still thinking that if that were the case, maybe the three of them could be together forever, and her mother would not have to remarry...

Chapter 2566: Brother is back

After Li Yun entered the house after buying vegetables, Cai Wei, who was watching TV on the second floor of the duplex building, heard the movement, looked down from the railing, screamed, and her little cheek was flushed with excitement:

"elder brother!!!"

"Brother? Brother is back?!"

Next came Caixia, and finally our Little Princess Yongning. She also let out a cheer full of surprises. The three little girls hurriedly ran down from upstairs, all rushed into Li Yun's arms and hugged him tightly.

"Brother, you are finally back~~"

Cai Wei Caixia, the twin sisters, sipped a scent on Li Yun's cheek, and their cute little faces were full of happiness and excitement.

"Sorry, brother came back a little bit slowly this time."

Li Yun said apologetically, it was actually not very slow. After all, he had already said before leaving home that this time he would travel overseas for about ten days.

"Yongning misses the grandfather...well~"

Before the little princess said a shy sentence, Li Yun had already picked up her petite body and hugged her and kissed her.

Where did the little princess have experienced intimate battles in front of outsiders, anxious and shy, and after struggling for a while, she was softly immersed in the kiss of reunion after parting.

"Okay." Li Feng said with a smile: "Brother, don't you let Yongning go? My mother is still watching."

Standing on the second floor of the duplex building, Zhuang Mengdie blushed slightly and watched this scene. He turned and returned to the living room on the second floor when he heard the words. After thinking about it, he hurried down from the second floor.

The five-hundred-square-meter duplex building is good. The two-story building can be used by different people. The second floor is usually used as a warm and emotional place. Unfortunately, this house will soon be vacant.

"aunt."

Li Yun let go of the panting little princess Yongning, let Li Feng hug the delicate little Yongning, smiled and said to the coming Zhuang Mengdie: "Did you watch TV with Yongning and the others? These ten days? Please take care of them."

"No, no, it's nothing." In her home clothes, Zhuang Mengdie, who was full of charm and charming woman, waved her hand nervously. She stood in front of Li Yun and was shy like a little daughter-in-law: "I, I, too I like Caiwei Caixia and Princess Yongning. I have had a very fulfilling time during this period. I should be the one who thanked you for guessing."

Li Yun shook his head, and took out some gifts from the space ring: "These things are the special products of Penglai Island, including spirit fruits and some monster meat. It is very good to eat, and it is very delicious. I will cook it for you personally. Make some delicious monster dishes!"

"what?"

The women were very surprised. Although they knew everything from the news, seeing the monster meat in person was... it was a bit exaggerated.

"Wow, I'm looking forward to it~~" The lively character Caixia was the first to react, holding Li Yun's arm and acting like a baby: "Brother, what kind of monster meat is like? Is monster meat good? Let's talk about it soon."

"Well, you all come to help, let's cook a big meal!"

The three little girls laughed and agreed, and even Princess Yongning went into the kitchen to help, and a group of people were busy living in full swing.

Zhuang Mengdie looked at all this with a soft smile, and then glanced at his two daughters. This is the so-called happiness, right?

night.

The family was lively watching TV and eating dinner. Sitting in it, Zhuang Siliu felt that his mother had been completely integrated into the family, and became a guardian of three little girls. The days when Li Yun was not at home. , Her mother is taking care of these three little girls.

What about her?

Chapter 2567: Ready to move

Listening to the laughter of his sister and the twins, Zhuang Siliu really felt the warmth of home. This is different from when he was only two with his mother before. Only now can his home be called home!

"Sister, what are you thinking about?" Li Feng smiled and took a piece of meat and handed it to her sister's mouth. He let her sister open her mouth and eat the monster meat, "This is very happy, isn't it?"

It turned out that my sister saw what I was thinking now.

Zhuang Siliu lowered his head shyly. Doesn't this admit that I am also a member of this family?

And if you want to truly become a part of this family, there is only one way to go, and that is to become Li Yun's... another wife.

"No, why would I think so! I obviously like women!"

Zhuang Siliu shook his head quickly, throwing away the terrifying thought in his mind.

She has never liked men and thinks they are ridiculous. The so-called handsomeness is also pretended. She is sloppy and dirty behind her back. She is playing games and reading novels in a pair of big pants. There is no advantage that she can like!

But girls are different, clean, fresh and refreshing. Zhuang Siliu knows many beautiful and outstanding girls. She always thinks that she is a lace, and she only has a good impression of girls, even though she has never really had a girl. My friend, never confessed to any girl.

But now... the situation seems to have changed.

After eating.

"Well, ladies and gentlemen!"

Li Yun clapped his hands and motioned the beauties to look over.

"Tomorrow, we will move into a new home!!"

"what!"

"real?"

"Have you bought a house?"

"I, I'm not ready yet."

"I'm going to Zhonghai City, long live!"

Li Yun's announcement caused a series of reactions from the women, especially Caixia. She and her brothers and sisters moved from the small two rooms to this big house less than half a year ago, but now they are planning to move to Zhonghai City.

And it is said that the house bought by Zhonghai City is bigger and more luxurious!

All of this makes Caixia and Caiwei the twin sisters have a dreamlike illusion: her brother is really amazing and amazing.

"Caixia picking Wei." Li Yun rubbed the little heads of the sisters and smiled: "You are going to transfer schools next semester. How about studying in Zhonghai City in the third grade? Are you afraid?"

The well-behaved and introverted Caiwei shook her head, "Brother, Caixia and I are already prepared. After all, my brother and sister are going to Zhonghai City to study at university. We can't stay in Longyang County... Now my brother can buy it in Zhonghai City. The house will solve the transfer problem for us. Of course this is the best, right, Caixia?"

"Hehe, of course!" Caixia thought of something, her small face wrinkled into a bitter melon look: "Brother, people thought they would move to Zhonghai City until the end of the summer vacation, but we are leaving now. My sister and I didn't have time to be with the classmates. Goodbye!"

"Yeah, right, then move on the day after tomorrow."

Li Yun thought for a while, then turned to look at Fang Xue: "Let's visit Xiaoxue at your house tomorrow morning, have a gathering with classmates in the afternoon, go out to play in the evening, and wait for the day after tomorrow to move, how about?"

There are arrangements for morning, afternoon and evening.

Fang Xue nodded reservedly, and got up and walked outside: "Then I'll go back first, and wait until tomorrow morning—" Her footsteps stopped because the villain Li Yun didn't catch up, but instead sat on the sofa. Looking at her with a smile, she seems quite sure that she won't leave tonight!

Chapter 2568: And the year

"Tomorrow, morning, see you again!"

Fang Xue gritted her silver teeth and said, turning around in anger, and thought with anger in her heart: let you not chase me!

"Hey? How did you go? Xiaoxue, I was joking, come back, let's talk all night long tonight..."

"Whoever wants to talk to you all night, you can talk to Xiao Fengfeng."

"It can't be done without you."

Li Yun hurried to chase Shangxue. His girlfriend, a college student, had a temper and had to coax him. He was only willing to accompany him tonight with Li Feng.

calm!

Zhuang Siliu tried to pretend to be watching TV, turning a blind eye to the fight between the couple.

But quickly couldn't help it, and quietly glanced at his sister, and found that her face was slightly red, and she seemed to look forward to the night.

Needless to say, the three people in the Xiaoqiao car are so crazy, and more things will happen at night, maybe they will really stay up all night.

"Li Yun bastard, don't bully my sister too badly!"

Zhuang Siliu cursed secretly in his heart and glanced at his mother again, and found that her glamorous face also seemed to be blushing, and he clearly heard the meaning of the conversation between Li Yun and Fang Xue just now.

Zhuang Siliu looked at Princess Yongning again. This strange little princess who was raised at home by Li Yun and slept for 18 hours a day, her entire face was blushing.

It can be seen that in the evening, she will also accompany her grandfather, that is, with Li Yun, and also tasted the grandfather...No, it is the little princess who also knows those things between men and women!

But.

The little princess Yongning looked so petite, smaller than Caiwei and Caixia, and her petite body shrank on the sofa holding a big doll, just like a primary school student, could Li Yun deal with such a little princess?

And also coaxed the little princess to call him husband and wife!

"This bastard!"

Swearing inwardly again, Zhuang Siliu couldn't help but sat beside Princess Yongning and asked her something in a low voice.

If Li Yun really does something inferior to a bird or a beast, Zhuang Siliu will never allow such a person to approach her and her mother!

"My age?"

The face was blushing, and his mind was full of Zhu Shue, who was hiding in the room with her husband and doing something quietly. She blinked her big suspicious eyes and said, "Sister Si Liu, I've had time last year."

"Jihu?" Zhuang Siliu was stunned for a moment. Is this ancient rhetoric still used by modern people?

"That's the age at which you can get married!"

Zhu Shue quickly corrected it. Although she has lived in modern times for a long time, she rarely goes out. The habit she used to develop in the palace cannot be changed in a day or two.

Zhuang Siliu nodded. She remembered that Ji Jin was fifteen years old, which meant that the little princess Yongning was sixteen years old, and she could indeed marry in ancient times.

It's just that Zhuang Siliu still feels strange. Zhu Shue neither goes to school nor has any job. He sleeps on a big bed every day and sleeps a full 18 hours a day. The family doesn't seem to find a doctor for her.

Jinwu Cangjiao is not like this.

"It was the husband who saved Yongning~" Zhu Shue saw her doubts and proactively explained:
"Yongning is not in good health. My father used to find me..."

"?"

Zhuang Siliu can't understand at all, Father? Princess Yongning?

This home is so strange!

Zhuang Siliu looked at the two twin sisters with similar looks and very different personalities. After seeing that their little faces were also a little shy, he guessed that these sisters also seem to have a brotherly control plot, and they may become Li Yun's side in the future. One of the people.

"..."

Zhuang Siliu rubbed his forehead and decided not to think so much.

Li Yun is undoubtedly a good person, but at the same time he is also an extremely, extremely, and very good person!

You must be very careful when you get along and live with such a man!

Chapter 2569: A question from the president of the sister-in-law

At eight o'clock in the morning, Zhuang Siliu woke up from the guest room on the first floor, lying in bed with his eyes open in a daze, recalling what happened yesterday and in recent times.

Surprisingly, she slept well last night, and even based on a certain mentality, she did not lock the door, but slept well all night, without worrying about the evil wolf's sudden attack, and slept very sweetly.

"After 8 o'clock last night, my sister and Fang Xue went to take a shower one after another. After 9 o'clock, the two of them basically stopped going to the living room."

"Then Li Yun and Princess Yongning also disappeared. The twin sisters went back to their room after watching TV and chatting with us until ten o'clock...Speaking of which, the two sisters slept on the same bed, and their feelings were true. it is good."

Zhuang Siliu thought of the two-bedroom house when she first saw her sister. At that time, her sister and the twin sisters were in the same room with bunk beds. At that time, the twin sisters would sleep together.

They have been together since childhood, and it is natural that they have good relationships. If Zhuang Siliu and her sister had also grown up together since childhood, they might now sleep together intimately.

"That **** Li Yun, I guess I tossed my sister so hard last night... He is Li Chaoren, who is known to all over the world, and he must have good physical strength!"

An inexplicable emotion arose in Zhuang Siliu's heart, and he was upset. After lying on the bed for a long time, he got up to wash.

Surprisingly, as soon as she opened the door, she saw Li Yun sitting in the living room on the first floor with her legs crossed and holding a mobile phone watching the news.

"Get up?" Li Yun said hello to her without raising his head.

Zhuang Siliu was inexplicably angry, and responded coldly, "Yes."

Fortunately, she knew that this was not her home. She had already arranged her appearance before opening the door. Otherwise, she would not be ashamed to be seen by him with a mess of hair.

"?"

Li Yun glanced at her. Why didn't this female president give him a good face?

"Last night..." Zhuang Siliu suddenly blurted out: "Are you, my sister and Fang Xue...you know!" She overwhelmed.

In this morning when there were only two people, Zhuang Siliu suddenly took the courage to ask about what happened last night. After all, she had seen the three of them up close yesterday.

"Um?"

Li Yun moved his gaze away from the phone, and looked at this glamorous eldest sister-in-law president-Zhuang Siliu is his wife's sister, so it is his eldest sister. Of course, she is more used to calling her aunt in spoken language.

"Why, why look at me?" Zhuang Siliu became more shy, standing at the door quite helplessly.

"Ding, trigger the option event, please choose from the host:

Option 1: Answer: Do you also want to join? Reward Zhuang Siliu's favorability degree +92.

Option 2: Answer: Yes, do you want to know the details? I can teach you slowly and reward Zhuang Siliu with +95 favorability.

Option 3: Deal vaguely, turn around and leave, and reward Zhuang Siliu's favorability +85. "

The sudden option made Li Yun look confused.

Does Zhuang Siliu have a good impression?

Moreover, how to adjust. Xi Zhuang Mengdie's option increased to 90 points or more favorability in one go. On the contrary, the third option that Li Yun seemed to be correct had the least favorability.

Could it be that... Zhuang Siliu can't wait to break the relationship between the two and truly become a family? !

"It's really... hard to choose!"

Li Yun had a headache. He began to wonder if the system had given him too many red envelopes and opened up a lot of passive skills to enhance the charm of men, which led to a woman's favorability for him soaring.

Chapter 2570: Small red envelope

The masculine breath is passive, and the body exudes a unique fragrance that belongs to men, which can make the girl feel comfortable after smelling it, and it is easier to have a good impression on the host.

Be sincere, passive, and make people feel your sincerity.

Sweet words: God level, your words will make girls who like you feel happy. The more girls who like you, the easier it is to be confused by your words.

Biyisanfei, the three of them together, reach the happy shore faster.

The spirit is flying, the righteous aura, the man's responsibility...
and many more.

Li Yun drew out many skills to enhance the charm of men from the previous red envelopes. This series of superimposed, turned him into a girl, a young woman, an imperial sister, a loli killer, a strong man who kills from eight to eight hundred million years old... ..

If this is the case, he has to pay attention to it in the future, so as not to bring back a confidante in one trip, there will be three thousand beauties in the harem, no matter how strong it is.

"Just play around." Li Yun's tone was flat, "I love Fang Xue and Li Feng sincerely. I haven't seen each other for a long time last night. Naturally, I have to have a good night out."

one night? !

Scum!

Zhuang Siliu despised him with indifferent eyes.

Li Yun smiled, what he wanted was this effect.

At this time, the soft and tender voice of Plucking Wei from the upper floor:

"Brother~~ Have you had breakfast? I want to eat poached eggs and millet porridge~~"

"it is good!"

Li Yun stood up with a smile and rushed upstairs and shouted: "You and Caixia will wash up first, come down for breakfast in fifteen minutes, and then write summer homework after eating."

"Hehe, okay~ Brother is the best~"

Cai Wei, who had just gotten up, poked her head out of the railing and took a look. The slanted long hair made her a little more charming. Zhuang Siliu clearly saw a little beauty who was about to grow up, exuding amazing charm.

"It turns out that this bad guy loves his sister and his sister so much." Zhuang Siliu watched Li Yun enter the kitchen, thoughtfully: "It's no wonder that Liu was in the car yesterday and he was in the car with Fang Xue to mess around with him, no wonder they were both. We were together last night... So, it is natural that Caiwei and Caixia are brothers. Such men are too powerful for girls."

"Ding."

Li Yun, who entered the kitchen, was prompted by the system.

"The host makes a choice, Zhuang Siliu's favorability degree +85, additional reward: Zhuang Siliu's favorability degree +20."

"?"

Li Yun was shocked, why was it full? In the end what happened? !

"Ding, because of the relationship between Li Feng and Zhuang Mengdie, the host has obtained Zhuang Siliu's full favorability degree and rewarded a small red envelope*1."

Little red envelope?

Li Yun couldn't laugh or cry. It turned out that it was not a normal full favorability rating, but because of Li Feng's relationship, Zhuang Siliu's favorability rating for him skyrocketed. It is very similar to Gu Yuqing, who stayed with him for various reasons. .

Simply put, as long as Li Feng and Zhuang Mengdie live happily, Li Yun can do anything to Zhuang Siliu, and her favorability will not decrease.

"Small red envelope: Zhuang Siliu's future practice, the host can use the gift bag to redeem the exercises he has already obtained."

There were too many prompts at once, and Li Yun didn't pay much attention to it, so let's talk about it later.

Zhuang Siliu's favorability...Let it go, let's talk about it in the future.

Recently, he has really encountered too many messy things, which made Li Yun a little tired. He decided to ignore these inexplicable things before the start of school.

"Let me help you."

Zhuang Siliu walked into the kitchen with a soft smile on his glamorous face, as if the husband and wife were preparing breakfast for their lovely sister, giving Li Yun a hand.

Such days are actually not bad.

Zhuang Siliu thought in his heart.
