

## Godly Choice 2631

Chapter 2631: Calmly play billiards

Tang Anxi really followed He Shao to the billiard room in town with Li Yun, so that it was too early and the billiard room did not open at all.

However, He Shao deserves to be a "little bastard" who wears a golden chain. He eats very much in the town. After making a call, a yawning boss rides an electric car staggeringly.

"Master He, what are you doing? You came to play so early in the morning, crazy?" The owner of the billiard room looked at him with wistful eyes.

"Stop talking nonsense, I just opened the door to the young master. Money can't do without you."

As he said, He Shao threw him a big red banknote, the boss stopped the car, opened the door, and then left: "I don't want to wait on you, go in and play by yourself... Mom brought a big man early in the morning. The beauties come to play, go crazy."

While riding the electric car, the boss also glanced at Tang Anxi, his eyes were obviously amazing, causing the electric car to hit a telephone pole on the side of the road and almost scrapped.

Tang Anxi didn't give him a look, and stood outside with Li Yun and waited for a while, waiting for the air inside to become fresher before going in.

He Shao stood outside the door hesitating, "Boss, are we really playing here today?"

"How can you say that you can play ball in one day?"

He Shao breathed a sigh of relief.

"Play ball in the morning, go to the game room if you are tired of playing, and go to the karaoke hall in the afternoon. I will treat you!" Li Yun said generously.

He Shao suddenly became anxious: "I didn't mean that. Last night...or maybe it was the night before, or the night before yesterday. The group of people was obviously going to the ancient city...Oh, I want to understand!"

He Shao patted his head, with a wonderful expression on his face.

If the ancient city that has risen from the ground is weird, the five people will not find anything, and it is even possible that they will return without success today and will continue to go tomorrow.

Repeatedly, like a ghost hitting a wall, trapped between a small town and an ancient city, you can't get rid of it at all!

"Old, boss!" He Shao looked around tremblingly, "Aren't we also in a ghost beating the wall now?"

Tang Anxi also looked at Li Yun worriedly.

"Snapped!"

Li Yun broke up the billiard \*\*\*\*\* with one stroke, and the crisp impact echoed in this spacious billiard room. More than a dozen billiard \*\*\*\*\* were scattered on the table, making a dripping sound, which was particularly pleasant.

Listening to the percussion of billiards is also one of the hobbies of many people.

"An Xi, it's up to you to play." Li Yun smiled: "Perhaps I have said it many times, but maybe you have forgotten them all. I repeat it again: Don't panic when you encounter anything, especially if we are dragged into a fantasy world. When everything around you may be fake, you need to be more calm, and keeping a calm attitude is the key to breaking the game!"

".....Yes!"

Tang Anxi took a deep breath and took the cue to accompany Li Yun to play.

"An Xi, talk about your views on the current situation." Li Yun said casually.

"Huh? Oh, good!"

Analyze the situation while playing?

Tang Anxi once again realized the strength of Li Yun's psychological quality. Even when such ghosts hit the wall, memory was confused, time and space were reversed, and black and white were reversed, he could stabilize his mentality without the slightest panic!

"I think," Tang Anxi slapped a ball, took a deep breath, and the beauty on her chest also fluctuated, and said: "After we entered the fairy ruins, all our memories disappeared, some kind of strange power. Let us think that we always arrive in this small town on the first day!"

Chapter 2632: Brain in the Tank

"Roughly right." Li Yun smiled slightly, bent over and leaned over, with his hand on the table, with his right hand, he hit a ball again, and dropped directly into the bag with a snap.

"but."

Li Yun looked for another angle and prepared to hit the ball. "It's also possible that we have been in the illusion. Everything you see and feel is wrong. An Xi, do you know the brain in the tank?"

"I know." Tang Anxi nodded.

This is also a well-known hypothesis.

As we all know, the human brain relies on neurons to transmit signals, of which something called neural signals plays a key role.

The neural signal is also an electrical signal, which means that humans have the ability to imitate this electrical signal and send wrong feedback to the human brain, causing the body to produce various illusions.

Including hearing, vision, smell, etc., can be simulated by converting electrical signals into neural signals.

Therefore, a crazy philosopher put forward this hypothesis: If the human brain is placed in a tank full of culture fluid, through various techniques, the brain is constantly stimulated with false

electrical signals, so that the brain thinks that its eyes see the world. The nose smells the smell, the hand touches something, the temperature is sensed, and so on.

But in fact, the brain is always bound in the tank.

This hypothesis raises a terrifying question: how to prove that the world is real? Instead of being controlled by aliens or gods!

In theory, this is an unsolvable problem, because the human brain has been completely controlled by false feedback, and everything it perceives is false. In a false world, it is absolutely impossible to get correct cognition.

"...We have become the brain in the tank?" Tang Anxi looked around in surprise, even suspecting that the cue in his hand was fake!

However, if this world is false, then the only real thing must be Li Yun in front of her!

"Who knows?"

Li Yun smiled and shot a goal: "That's why I said that I must be calm, in order to keep up with the changes, and do things in the opposite direction according to our usual habits."

"So it is!"

Tang Anxi finally realized that she was ashamed of her previous thoughts. Li Yun's doing so made sense, and it was necessary to break the habit for several days in order to find the flaws.

"But...it's not right!" Tang Anxi suddenly thought of something.

"What's wrong?" He Shao was the one who asked. He sat on the chair next to him, and couldn't understand what brain in the tank was, so he had to search the Internet.

Tang Anxi looked at Li Yun with a pair of beautiful and energetic eyes: "If we are in a world of fantasy, everything around us is controlled-except for Li Yun, why would people around you deliberately Remind us that how many days have passed? Wouldn't it be great for us to keep being emptied of memories and repeating'explore the ruins, return to the town, and continue searching for the ruins the next day'?"

"That's why I said to keep calm."

While playing, Li Yun said: "The opponent may want us to panic immediately, but in fact there is no time in the past few days, or the surrounding world is real, and the opponent cannot affect the people in the small town."

But there are still questions: For example, if the world is real, why did the other party let them make a ruin? Why would they return to the ruins again the next day?

Chapter 2633: gambling

But Tang Anxi knew that these questions could no longer be thought of, otherwise the heart would become more and more chaotic, and the spirit would be affected by this weird illusion.

Thus, Tang Anxi happily played billiards with Li Yun.

"...?"

He Shao was stunned. He was half-understandable and half-incomprehensible about these conversations, which meant that everything around him was fake?

"Fake? Illusion"

He Shao muttered to himself, and couldn't help but set his eyes on Tang Anxi who was playing snooker.

This beauty is not fake.

The figure, appearance, and slightly gloomy character to outsiders, but cautious to Li Yun, and her white and tender skin are all true.

Especially when Tang Anxi was playing billiards, he bent over and leaned over the billiard table. The two slender legs in skinny stretch jeans were so life-threatening that a man couldn't stand it at a glance.

And when he leaned down, a beautiful arc was formed between the straight legs and the sunken waist. Two waists were revealed on the thin waist. It can be seen that Tang Anxi's almost perfect figure is better than those The beauties who post short videos on the shaking to teach people to practice yoga must be standard!

He Shao...He is very easy to learn. He often looks for beauties practicing yoga in short videos, but he hasn't practiced it himself for several years.

"Uh."

The boss turned his head and glanced at him with a smile. He Shao quickly took away the fiery gaze looking at Tang Anxi, and hurriedly said: "Boss, since we are now... what, then I will find someone to lead the fairy in the town. Wait at the entrance of the ruins to see if the five people are back at night?"

"We won't disturb him today, we will talk about it tomorrow."

Li Yun didn't blame this. After all, men are born to look at beauties, as long as they don't show the squinting smile. There are so many beauties around Li Yun that they can't go out and just dig out men's eyes. Come out?

"Then I will go out and find someone to wait at the intersection."

He Shao hurried out. The man's anger in his heart was already on the rise. The boss's woman is almost more beautiful than the stars on TV, and she has such a good body. At night, it's not... envy.

"Should I give you money first?" Li Yun asked him.

"No need, just give a hundred dollars, a lot of people are willing to do it!"

He Shaoke didn't lie. He didn't dare to do anything in the small town. He just looked at the intersection and paid a hundred a day. It was nothing. After all, they are usually in such a state of idleness. Where are they going to stay?

After he walked out of the billiard room, Tang Anxi couldn't help but approach Li Yun, bit her blushing lips, blushing and suggested: "Husband, let's play the gambling game? It's a little more fun~~"

Her voice revealed a thick and charming color, which was already affection. Moved to the limit, she issued a charming invitation to Li Yun.

"What are you betting on?" Li Yun's heart moved, and his heart also tickled.

"Whoever scored a goal, who, who..." Tang Anxi's voice trembled, and her body trembled, "Anyone can do one thing to the other party...whatever you want, you can do it. It can also be. Punishment!"

Whatever is okay, it's a punishment.

And it's still a ball, not a game!

"Oh."

Li Yun was very calm, leaning over, swinging, slammed into a ball, and the color ball slipped into the pocket. Tang Anxi trembled, as if he was scared and looked forward to it.

"I won." Li Yun looked at Tang Anxi with a smile.

"I... lost~~~"

Tang Anxi threw down the club, Ru Yan threw herself into his arms, put her arms around Li Yun's neck, closed her eyes shyly, her eyelashes quivered, waiting for her husband to punish her...

Chapter 2634: Full of fire

He Shao was full of fire.

Not anger, but the kind of fire when a man gets up early in the morning.

From eight o'clock in the morning until lunch at noon, he squatted in front of the billiard room and guarded him. Even the billiard room owner came and asked him to spend a thousand yuan to send him away.

The boss was still very skeptical, but after hearing the faint voice of a girl, and the kind of voice that can make people's bones crisp, he asked He Shao for a thousand yuan, saying it was a cleaning fee. .

Before leaving, the owner of the billiard room still mumbled: These rich people have such a \*\*\*\* hobby. If you are rich, you don't want to go to a hotel, but you want to play here!

However, the boss next thought, this is the advantage of having money. Play wherever you want to play, play where you want to play, play with whoever you want to play, and even play with as many girls as you want. not a problem.

"Fuck!" He couldn't help cursing again, "I knew I was asking for more money, these \*\*\*\* rich people...what a fuck!"

He Shao can understand the boss: whether it is the boss of the billiard room or the boss in the billiard room who now hires him.

Understand the former, because he also thinks that there are so many rich people. Understand the latter, He Shao feels that any man facing Tang Anxi playing billiards, his perfect body can't help it, right?

Anyway, if you have money, what about in the billiard room? Play the same!

"I'll just take a look to see if the boss is over...Huh?"

Thinking of the body of the proprietress, He Shao finally couldn't help but secretly glanced inside, and found that the situation was completely different from what he had imagined.

The boss is well dressed, his clothes are a bit messy, but they are still intact, holding the cue in his hand, but changing the position, playing billiards behind the billiard room.

Only Tang Anxi was missing.

"?what's the situation?"

Shao He thought at first that the lady boss had gone to the bathroom, but after looking around, he found something wrong.

Under the cover of more than a dozen pool tables, you can vaguely see the head of a girl with black hair, moving like waves on the sea.

"Fuck me!!"

He Shao was shocked.

You know, Li Yun is playing solo billiards, and of course he will keep moving while winning.

But Tang Anxi... but kept squatting on the ground to follow him, he was incredibly well-behaved, 10,000 times better than the little wife, and followed very hard.

He Shao couldn't stand it anymore.

One, I can't see anything, I can't appreciate Tang Anxi's perfect figure at all. The boss and her have done nothing extraordinary at all, and the clothes must still be there.

Secondly, He Shao was able to make up for it, what exactly did the boss and Tang Anxi, a beautiful woman, just do in it.

The brain can make up for it, but there is no way to see it with his own eyes. This torture is simply life-threatening.

"boss!"

Finally it was twelve o'clock, He Shao immediately shouted inside: "It's noon, shall we go for lunch or something?"

Near noon, more and more people wanted to play billiards in the billiard room. Although He Shao knew a lot of people in Shengpu Town, he really didn't have any face to block so many people—mainly because he didn't have money, and being poor would naturally lose face.

"Okay, good soon."

almost done?

Three black lines appeared on He Shao's forehead, and he looked at the time on the phone. It was already 12 o'clock, and four hours had passed since 8 o'clock. Boss, do you want to "get well immediately"?

Boss, you have been tossing others for four hours, but you are still not human! ?

Chapter 2635: Goodbye five

In He Shao's broken thoughts, Li Yun and Tang Anxi finally came out.

He Shao saw that Li Yun walking in front was refreshed, with a smile on the corner of his mouth, while Tang Anxi, a beautiful woman who walked behind him, was a little behind, with her lips pressed, and her lips were faintly visible. It's moisturized a lot, it seems that I have just drunk water.

"What are you looking at?" Li Yun asked him, staring at him.

"Hey." He Shao joked boldly: "Boss, you played with the boss for four hours. You must have won a lot of 'balls', right?"

"Go away." Li Yun gave him a word.

"Shut up!" Tang Anxi also replied with He Shao.

"Uh,"

He Shao didn't dare to joke any more, and quickly whispered: "Boss, boss, I promise not to tell you, and the owner of the billiard room I also sent away with two thousand dollars. Don't worry, his mouth is also very strict. After all It's the billiard room, you know what to say and not to say, don't worry, you two!"

Li Yun looked at him with a faint smile, "Then you are pretty good at doing things, yes."

Knowing that the matter between herself and her husband had been guessed, Tang Anxi wiped her mouth subconsciously. Fortunately, she confirmed that she was kneeling on the ground at that time, her mouth was completely blocked by the table, and it was impossible for He Shao to see anything.

Yes, she proposed to go to the back of the billiard room and use a dozen billiard tables to block the scene of her serving Li Yun.

Now it seems that he really blocked the peep of such a guy like He Shao!

"After you go back, you will transfer the money to you. This matter will rot in your stomach." A few steps behind Li Yun, Tang Anxi said coldly to He Shao.

He Shao was taken aback, and quickly waved his hand and said, "No need, you have already given me 200,000 yuan, madam, and I checked it. All the money in my bank card was transferred from one account...it should be the lady who transferred to me. Bar?"

See He Shao no, Tang Anxi stopped answering his questions, and quickly caught up with Li Yun, holding his arm intimately.

"...Really rich."

He Shao complained. Although the three of them didn't remember the events of the previous few days, they always found that their bank card was missing 200,000 yuan after checking the text messages.

But the lady boss didn't care at all, indicating that she didn't care about the money at all.

After having lunch, taking a break, and going to the game room in the town in the afternoon, there was no more irritating things happening this time, so He Shao was relieved.

Until the evening, the people He Shao sent to monitor at the intersection came back and told that the five people had returned.

"Go, let's go take a look, and be careful not to disturb them!"

Li Yun took the two of them out of the game room where they had spent the afternoon, and stood on the side of the road in the town, pretending to be waiting, waiting for the five to appear.

Both sides of the national highway are the main places for crowd activities in the town. Hotels, hair salons, car repair shops, etc. are all located on both sides of the national highway.

Sure enough, it didn't take long for Li Yun to see five men with exhausted faces and a lot of mud and leaves coming.

"It seems to be them."

Tang Anxi was in a good mood this day, after all, it was a formal date for her and Li Yun.

It was just that when she saw the five-person combination of an old, two middle-aged, and two young people, she vaguely remembered something in her mind.

She was pretty sure that she knew them, but she couldn't remember how she met them or their names.

Tang Anxi turned her head and glanced at He Shao, and found that his brows were frowning, and he should feel the same as hers.

As for Li Yun, he observed completely calmly.

Chapter 2636: Boss, serve wine

The five people seemed to have noticed Li Yun and three of them. One of the middle-aged men kept looking at Tang Anxi with a gaze, revealing a faintly squinting look.

After they walked into the food stall on the side of the road, Li Yun followed.

"Beauty!"

The middle-aged man seemed to be unable to bear it anymore, and shouted to Tang Anxi: "I saw you just keep looking at a few brothers, why? Did you fall in love with me?"

Tang Anxi's face sank, she was about to get angry, but she remembered what Li Yun had said, try to do things in a different way from his usual habits, so as to find unusual places in the fantasy territory.

"Boss." Ignoring the middle-aged man, Li Yun shouted at the food stall boss: "Bring me a few bottles of wine."

The boss didn't answer, and stared at him for a long time before he said suspiciously, "Do I know you?"

Before Li Yun answered, the guests at the other table cried out, "Boss, are you amnesia? Didn't this boy still eat here three days ago? By the way, this beauty has also been to Penglai Island. , Obtained the supernatural power, and also robbed three spirit fruits on Penglai Island, sold for 30 million U.S. dollars, a full 200 million yuan!"

Tang Anxi was taken aback. When did she tell these people about it?  
impossible!

With her character, it is impossible to show off the fact that she won the spirit fruit and sold 30 million dollars!

She came to this food stall three days ago. What happened at that time? !

He Shao suddenly realized that the lady boss had so much money in her hands...Wait, she is a supernatural person who has been raging on the Internet? !

In an instant, He Shao's eyes rounded.

"Thirty million...or U.S. gold?!" The middle-aged man dropped the glass in his hand and looked at Tang Anxi in disbelief.

He almost wanted to pull out the gun, just grab it and ran away, so that he would have a chance in the second half of his life. Where else would he need to go to the tomb?

"Don't be extravagant, eat!"

The old man among the five screamed and suppressed the few who were about to move.

Li Yun smiled, and took Tang Anxi's little hand to calm her down.

The guests at the next table are very strange. What are these people doing? Even the boss is weird.

In this weird atmosphere, Li Yun didn't pay much attention to the five people after dinner, and asked He Shao to go back to the hotel with Tang Anxi to sleep.

No words for a night.

The two did nothing, but they did a lot.

"An Xi, do you remember what happened last night?"

After waking up in the double lovers room, Li Yun directly asked Tang Anxi, who was sleepy-eyed.

"last night?"

Tang Anxi's face blushed. She couldn't help it several times last night, but Li Yun still didn't take the last step, saying that she would have to do business the next day. Once the last step was taken, she would definitely not be able to get up in the morning.

Facts have proved that it is true.

She feels very tired without the last step. If it is the last step, she will probably sleep until noon.

"It's not after we went back to the room, but we were in Shengpu Town yesterday!" Li Yun knocked her head amused.

"Oh~~~ Yesterday and the old convention meeting, of course I remember! We played in the billiard room for four hours~~"

Tang Anxi repeated what happened yesterday, focusing on the four hours in the billiard room, her voice became more and more charming, the eyes looking at Li Yun were tender, and the corners of her brows were full of flattery.

It seems to be saying that there are still more than ten minutes before seven o'clock in the morning~.

"An Xi, you fox!"

Li Yun took a deep breath, closed his eyes and was about to suppress the morning fire, but a small hand had already touched him.

Chapter 2637: Remember

There is no endurance, and naturally there is no need to endure it anymore.

Li Yun turned into a bad boyfriend, and with a strong attitude, Tang Anxi raised her head to sleep and continued to rest, her black hair hanging down on the ground, like a beautiful waterfall falling from the sky.

"Well, it's okay."

After coordinating with the tacit understanding, Tang Anxi closed her eyes and lay down to rest, speaking and doing things with her mouth wide open.

"He Shao, are you up?"

While letting Tang Anxi lie on her back to help him, Li Yun took out his mobile phone and called He Shao.

The phone rang for half a minute, and when Li Yun moved back and forth impatiently, He Shao finally connected the phone.

"boss?"

"Do you remember what happened yesterday?!"

Li Yun asked with his head covering his face, the action was very strong, making Tang Anxi almost unable to take a good rest.

"Yesterday?" He Shao was not sober, and asked subconsciously: "What happened yesterday?"

"do not you remember?"

"Huh? Remember!"

He Shaoyilu stood up and said quickly, "Boss, did I ask for too much money? I'll turn it back to you immediately!"

Li Yun: "..."

Wouldn't he take that little money in his eyes!

Although Tang Anxi gave him 400,000 yuan, it was a lot, but Li Yun couldn't hold back Li Yun's money, and it was nothing to help him guard the door for a long time.

After chatting with He Shao for a while, Li Yun finally confirmed that he still remembered what happened yesterday, and that a certain conjecture in his heart was mostly implemented.

"Okay, let's go to that ruin again today, do you still dare to go?"

".....dare!"

After He Shao uttered the word from the gap between his teeth, he gave himself up and said: "Boss, I have no retreat now. If I don't solve this problem, I can't sleep peacefully. Since the previous few days were fine, I will be fine today. Bar?"

"perhaps."

"perhaps?!"

"Less long-winded... hiss, come here quickly, we are ready to come out!"

hiss?

He Shao heard the boss's gasp, and after a daze, he realized, is it the boss's wife who is sucking?

hiss!

He Shao also gasped, envious of the boss's blessing.

——

After the end, Tang Anxi coughed dryly and drank the breakfast soy milk. After washing, Li Yun went downstairs with her and asked her if she wanted to eat breakfast.

"I seem to be full... I ate a lot."

Tang Anxi touched her lower abdomen, her pretty face blushed and bowed her head shyly.

"Ahem, let's eat the same thing as yesterday!" Li Yun smiled and glanced at her slightly swollen belly, "rest assured, drinking soy milk is good for your body, especially if I give it to you."

From the red envelopes, he drew a combination of 2 training skills, which is of course beneficial to girls.

Tang Anxi shyly did not refute, and followed Li Yun to the breakfast shop blushing.

He bought bun soy milk from a familiar aunt. He Shaocai rushed over on a motorcycle and bought breakfast. He also greeted the aunt enthusiastically, making the aunt look inexplicable and wondering why he was so enthusiastic.

But only by experiencing it will you know, what a happy thing to be able to remember what happened yesterday!

The three of them ate their breakfast and walked out of the town.

When I was about to walk into the mountain, I saw five familiar figures in front.

"Boss, what should I do?" He Shao was quite nervous.

"Cold."

Li Yun looked up at the five people walking on the mountain road and smiled slightly: "I want to know if they still remember us, go, speed up to catch up!"

The three quickened their pace to catch up, but before approaching, the middle-aged man took out a gun by himself and pointed it viciously.

Chapter 2638: Between fingers

"Three, ah?"

The middle-aged man holding the gun, the third uncle sneered, and couldn't help but cast his eyes on Tang Anxi several times.

"Peer?"

"Don't \*\*\*\* pretend to be garlic! Say, do you want to go to the rising ancient city too?!"

"good."

"Not bad? Haha."

The middle-aged male third uncle squeezed the earthen gun in his hand and sneered: "Get to know yourself and go back. There is not something you can get involved. By the way, little beauty, if you want to play, I don't mind taking you with you, big brother! "

Tang Anxi was not angry, but had an inexplicable sense of absurdity, and asked, "Don't you know me?"

"Um?"

The five tomb robbers were stunned, and the third uncle with the gun smiled and asked: "Beauty, you can't wait to get acquainted with my eldest brother? Yes, come here! My eldest brother will take you to the tomb to make sure you have a good time! Hehe, Are you two college students? I want to learn the plot of the tomb in the movie. It just so happens that I am proficient in this industry!"

"Little third son, shut up!" The old man Zhou Dashan shouted in a deep voice, "Don't let out branches!"

Li Yun always felt that he had heard the idiom "bringing branches outside the festival" many times.

"Dad, what does it matter to bring a woman?"

The third uncle didn't care, and shouted at Tang Anxi with a smile: "Beauty, come here, I'll take you to fly, and make sure you play comfortably!"

"OK."

Tang Anxi showed a sweet smile on her slightly gloomy face, and walked towards him step by step:  
"I'm here, it's just..."

She slowly raised her hand, the third uncle didn't know, so there was no weapon on it.

But the next moment, a fiery red light suddenly appeared in front of him.

"I'm here to kill you!"

Speaking harshly, Tang Anxi rushed forward, Bai Nen's right hand had turned into a palm of flames, and he slammed his third uncle's right hand that was holding the gun.

"carefully!"

After all, Zhou Dashan, the old man, was very old. He reacted in time and kicked the third uncle who was standing in front of him.

However, Tang Anxi still grabbed the earthen gun, held it in his hand and squeezed it hard, the flames invaded, the gun body immediately turned red, and the bullets in the gun's chamber exploded and exploded instantly.

"Give it back to you!" Tang Anxi threw the gun at San Shu, who subconsciously caught it.

"what!!!"

A terrible scream sounded, and the strong smell of barbecue spread.

Everyone looked intently, and the third uncle, who had thrown off the red hot gun, had his hands blackened and he could almost see the bones inside, and all the meat on his palms had been roasted.

With ten fingers connected to the heart, one can imagine how painful it is!

"you wanna die!"

The remaining few people reacted and hurriedly pulled out the soil guns on their waists, but Tang Anxi's movements were not at all full, and all the guns were kicked into the air in three or two, and the bullets in the barrel were detonated with flames. Only the old man remained. Zhou Dashan panicked and hid behind a big tree, he drew his gun and wanted to shoot.

"Why bother."

Li Yun flicked his finger and shot out with a fierce blast, interrupting the old man's attempt to sneak attack on Tang Anxi, and smiled slightly: "Everyone, stop me, An Xi, catch them back, who dares? Those who resist, burn it!"

"Yes, husband!"

This battle with Li Yun made Tang Anxi extremely excited, and quickly captured all five of them. From that moment, Zhou Dashan knew that Li Yun's strength was not something they could resist, and he could only be brought back by confessing his fate. .

"This....."

He Shao was dumbfounded, he didn't even react, the battle was over?

## Chapter 2639: educate

An hour later, Li Yun, Tang Anxi, and He Shao brought five tomb robbers to the ancient city. In his memory, this was the first time he came to this ancient city, but at this moment the three of Li Yun already knew, They have actually been here at least five times.

"Mr., what do you mean...we have come to this ancient city many times?!"

The old man Zhou Dashan looked at He Shao in surprise, and the rest of the people, including the third uncle who had bandaged his hand wound, were also full of shocked expressions.

"Hey, are you stupid?"

He Shao was quite proud. At this moment, he seemed to be standing outside the stage, watching the fools on the stage trapped in the drama, doing the same thing over and over again.

What's even better is that he was once a member of the clowns on the stage, but now, under the leadership of Li Yun, he has jumped out of the repetitive drama and has become a wise man who knows the truth! !

"How is this possible!" a young man shouted immediately: "You play us like monkeys?"

"I just play you like a monkey, so what? Fuck!" He Shao immediately became angry, "I told you that you fools are not happy. If you don't believe me, you can call your family by yourself...Oh yes, Do you people who dig graves have a family? Shouldn't you wean off your children and grandchildren? Hehe."

Zhou Dashan was silent, and when his grandson called back, he learned that a full six days had indeed passed.

The five of them stayed where they were, and their gazes at the ancient city became frightened.

Anyone who knows that he is trapped in a certain period of time, cannot escape, and wakes up every day and forgets what happened yesterday, this person will break down often.

Forgetting what happened yesterday, isn't it meaningless to live every day?

"Stop talking nonsense, keep going."

Li Yun interrupted the shocked group of tomb robbers and ordered them to move on.

The old man Zhou Dashan was silent for a while before he said quietly, "This lord, do you want to use us to find the way?"

The name of an adult is rarely heard nowadays, and only the older generation would use it.

Li Yun didn't kill them. According to Zhou Dashan's understanding, the purpose was to use them to find the way, send them to death, and try all the dangers!

"Huh!" Tang Anxi closed her eyes slightly, her eyebrows were very cold, and her expression was gloomy and said, "Don't you people only have this purpose? Don't resist. Be interesting, and do whatever I ask you to do, otherwise Burn all of you here, no one knows what happened!"

Three black lines appeared on Li Yun's forehead, and Tang Anxi was simply a standard female villain's speech.

"An Xi."

"Yes~~"

Hearing Li Yun calling her, Tang Anxi instantly put on a well-behaved smile and smiled sweetly at him.

"If you talk more, you will lose it."

Li Yun mentioned her a little bit. Tang Anxi was just a child from the bottom of society. He had seen trash in order to survive, and went to the neighbors to eat a hundred foods. Later he entered the society early and worked as a waiter. Flyers, until I entered ktv and became a princess who accompanies the bosses to drink.

Without Li Yun, there is a high probability that in the next two years, she will be paid a big price by a big boss, who will take her from KTV to the hotel and buy it for 100,000 or 200,000 a night.

After that, Tang Anxi may be able to use her own means to become a Xiao Mi raised by a powerful person. Later, she may use her cleverness to become a good KTV female boss and walk in the gray area. It is impossible to get married in a lifetime, and it is impossible to have someone in love.

Chapter 2640: Boss takes me to fly

Tang Anxi's personality is too extreme, too sensitive, and hardly believes anyone.

But now because of Li Yun, everything has changed.

Tang Anxi not only was admitted to the Academy of Drama, plus her beauty, she already has the qualifications to enter the upper class, and now she has got supernatural powers, and 30 million US dollars, plus Li Yun's advanced books for her superpowers , And Li Yun himself as her backing.

It can be said that Tang Anxi already has all the conditions for rising, but she is smart enough that she can't control her ambitions, so it's not known.

"what?"

When he was by Li Yun's side, Tang Anxi was unwilling to think too much, and asked without shame.

Li Yun didn't explain too much, and smiled at the five people: "Don't get me wrong, how can I be that kind of person? I'm just curious about what happened these days. You know, I'm trapped just like you. Here, maybe we were still friends a few days ago, right?"

Zhou Dashan did not dare to say anything, and the other four remained silent.

He Shao suddenly felt that the world was very unreal. He was friends with five people a few days ago? Then his memory disappeared, and today he became an enemy with these five people? !

This feeling of losing memories really makes people feel very fucking|Egg!

"go."

Li Yun said lightly, everyone could only choose to keep up.

"Dad." Another middle-aged man, Zhou Dashan's eldest son, seemed very unconvinced, and found an opportunity to whisper: "Should we be kidnapped and left?"

"Shut up." Zhou Dashan's eyes moved slightly, and he secretly glanced at Li Yun who was walking in the front.

The female supernatural person has been with Li Yun all the time, and the other named He Shao is a villager who doesn't know how to fart.

In other words, the five of them are now at the end, as long as they find an opportunity to suddenly attack, there is no chance of success!

in particular.....

Zhou Dashan glanced at his calf again.

After he was wounded by the superpower, the other party did not come to search, so they let them follow, and thought that they would be eaten up!

"Hmph, don't give me a chance!" A vulture flashed in Zhou Dashan's eyes. He has been stalking the rivers and lakes for many years, and he has stolen many tombs. The emergent supernatural player rides on his head, pooping and peeing!

At this time, Li Yun said to Tang Anxi: "I'll go up and take a look."

Go up?

Zhou Dashan and others didn't know at first. So, there are fallen trees everywhere in the ancient city, and they want to go to the roof?

But the next moment, Zhou Dashan's pupils suddenly shrank.

He actually saw Li Yun's figure rising from the ground, flying straight into Qingming, standing on the sky, like a stalwart god, looking high at all beings.

"..."

Everyone opened their mouths wide in shock and couldn't say a word.

After a while, Zhang Shaocai burst into a swear word: "I... Cao!!! I Cao!! I Cao! The boss is so awesome that he can fly!! This is also an ability? My Cao! I want an ability too!"

The speaker was unintentional, and the listener was intentional. Tang Anxi glanced at him, thoughtful in her heart.

Her husband is too powerful. When she saw him a few months ago, she had already seen her husband emit an extremely powerful thunder, and now she has become a world-renowned Li Chaoren.

Then, why did she become Li Yun's girlfriend, Tang Anxi?

Even if it was only one of many women, Tang Anxi thought she was not qualified to stand among them.

Therefore, she must become useful!

At least useful for Li Yun!
