

Godly Choice 2641

Chapter 2641: Self-slap

Li Yun dropped to the ground and smiled slightly at everyone, and said: "There is a building in the middle of the ancient city that is intact. If there is any weird place here, there must be one of the biggest doubts. Follow me, let's go and take a look! Remember: no one is allowed to move without my order!"

Zhou Dashan opened his mouth, as if he hadn't recovered from the shock just now.

Suddenly, he opened his bow left and right, and slapped his cheeks several times, making everyone including Li Yun dumbfounded.

"Dad!" Third Uncle said in surprise: "What are you doing?"

"Bastard stuff!"

Snapped!

Zhou Dashan slapped him first before shouting sharply, "Slap myself in the face. When will Mr. Li be satisfied, when will I stop!"

After speaking, he slapped himself again.

The four tomb robbers continued in a daze.

"Don't ***** do it? Don't want to live?!" Zhou Dashan shouted sharply, but his expression was full of panic.

Upon seeing this, the four talented people slapped themselves in confusion. Zhou Dashan didn't think it was enough, so he stepped forward and slapped them hard.

"okay."

Li Yun stopped the farce, and did not say anything about Zhou Dashan's actions just now. He just turned and walked forward and said lightly: "Keep walking."

"...Yes, Mr. Li!"

Zhou Dashan's heart that mentioned his throat was slowly lowered halfway, his head lowered respectfully to follow, leaving his two sons and two grandsons staring at each other.

These four idiots still don't understand, but how can Zhou Dashan not understand?

Mr. Li, who is extremely powerful and able to fly in the sky, has already seen everything about them, including the conversation just now!

If he doesn't slap himself on the face, and waits for Mr. Li to teach them personally, it will be Thunder Fury, slap them in the head!

In exchange for his own life, these slaps are not injustice.

The three uncles and the four seemed to have figured it out, becoming extremely honest, and followed each other silently, and Li Yun, who occasionally looked forward, also had deep fear in his eyes.

"Huh." Tang Anxi, who was following Li Yun, was quite upset, "These people are sneaky, if it weren't for slapped themselves just now, I'm planning to burn them all out in the future!"

Li Yun looked strange, "An Xi, it seems that what you encountered on Penglai Island is more than just getting three fruits."

Tang Anxi's face suddenly changed.

She has become full of murderous intentions now, naturally because she encountered something on Penglai Island and killed some people.

Otherwise, it would be impossible for her to be a ktv princess with such killing intent.

"Husband, I..."

"Well, I didn't blame you."

Li Yun smiled, "I just want to remind you, don't become arrogant and do not take human lives seriously because you have mastered the power. Of course, as far as the performance of the five people behind you is concerned, you can kill them completely. no problem.

It's just that there is a saying that there are a lot of adults.

These five people didn't know my power and kept thinking about it, but as soon as I showed my power, they became respectful again. Should such people be killed? Or just a lesson? What good do you get by killing them? "

"...Just a lesson." Tang Anxi replied in a low voice.

"It depends on how you choose."

Tang Anxi obediently followed, of course she wanted to understand what Li Yun wanted to say.

If the murder is just to vent a moment's anger, it will be meaningless and will only make yourself more and more brutal.

Chapter 2642: Capricious

Soon, Li Yun stood in front of the white temple again, looking at the nine-tailed fox on the two big pillars in front of the temple, Li Yun had a faint feeling: He was back here again!

"He Shao, you stay outside."

After instructing them to stay where they were, Li Yun stepped into this temple where the nine-tailed fox monster was used as a ward off evil spirits, and Tang Anxi followed him closely.

Before stepping into the high threshold and entering the temple, Li Yun stopped and said to everyone standing in the distance: "Remember, no matter what Tang Anxi and I say after coming out, you all propose to stay here tonight. Stay, and explain that this is my order now!"

Zhou Dashan's face changed slightly, and he hurriedly said, "But Mr. Li, our proposal... What if you don't accept it after you come out?"

If this room really made people lose their memories, how could Li Yun remember the current order after he came out? When the time comes, he will turn his face and refuse to recognize people, and shoot them all to death with one palm!

Li Yun smiled slightly, "If I go crazy then everyone will not be able to live. If I am not crazy, I will definitely consider what you say."

Everyone was dumbfounded, what is this tm all about?

He Shao regrets it a little. If the boss loses his memory after entering, what advice is he making, wouldn't he offend the boss?

But the point is, this suggestion was made by the boss!

Zhou Dashan, Sanshu, He Shao and others can only watch Li Yun and Tang Anxi take a big step and walk into the temple, as if this strange temple swallowed the two of them, and there is no more inside. Any movement is heard.

As time passed, He Shao wiped the sweat from his forehead and couldn't help but said to the five people: "When do you think the boss can come out? After coming out, we really have to give him a suggestion?"

"Fuck!" The third uncle cursed in a low voice, turning his head to look at Zhou Dashan: "Dad, should we go by ourselves? This ghost place is really evil, and we don't want the treasures, let's live!"

"Living?" Zhou Dashan sneered, "We have been trapped here for several days. Before this weird curse is resolved, you stupid boy thought you could simply leave like this?"

"So, what should I do?" He Shao was also panicked. After learning that he had lost his memories for a few days, he never let go of his heart.

"Wait. Wait for Mr. Li to resolve this matter!"

Zhou Dashan whispered: "If we are to blame, we can only blame our ghosts, trying to seize the treasures of the immortals. These things are not something we can take in."

Everyone has nothing to say and can only continue to wait.

After an hour passed like a year, they finally saw Li Yun and Tang Anxi with smiles coming out, but for some reason, Zhou Dashan was inexplicably panicked when he saw the smiling faces of the two at the same time.

Will Mr. Li be the one who laughs so happily like this?

"Solved." Li Yun smiled brightly and said: "All the mysteries are in the temple. There is a jade pendant in the statue. Fortunately, An Xi found it. I also solved it smoothly. Never again. Don't worry about losing your memory!"

Everyone breathed a sigh of relief, but Zhou Dashan's heart became more and more uneasy, everything went too smoothly!

"Go, let's go back." Li Yun smiled, "By the way, you guys don't need to follow me anymore. Be careful in the future, don't mess around with the loss, or you will die."

go back?

Chapter 2643: Mystery old woman

The five people who stayed outside the temple immediately remembered what Li Yun had told them an hour ago:

No matter what he said after he came out, he proposed to stay overnight in the ancient city tonight!

But now that the truth has been found and the curse has been lifted, do I still need to stay here?

"Yes, let's go back." Tang Anxi hugged Li Yun's arm with a happy face and pressed against him softly, "Yun, let's be happy together after we go back~~"

"Small, can't wait anymore?"

"Hehe, because my husband is so handsome~"

The more He Shao listened, the more wrong he became, and this conversation was too exciting!

"Old, boss!" He Shao couldn't help but yelled: "You told us before that you must stay here overnight, remember?!"

"Overnight? No need."

Li Yun waved his hand, "The previous decision was just for fear of not finding the truth. Now that the jade pendant has found the truth, I don't need to stay here for the night anymore. There are so many bugs at night in this ghost place. Who wants to stay here for the night!"

"This, this way." He Shao had nothing to say, and this explanation seemed to make sense.

Besides, the boss remembers what happened an hour ago. The boss himself overturned his decision an hour ago. Isn't this going to be wrong?

Everyone walked out silently, Zhou Dashan felt strange as they watched. Li Yun and Tang Anxi always had happy smiles on their faces, as if they had found some treasure inside, which solved the cause of the cursed amnesia.

Is it really so?

"Mr. Li." After hesitating, Zhou Dashan said, "It seems that your decision to stay overnight was very firm, but now... it seems to be different!"

After saying this, he looked at Mr. Li nervously.

Li Yun replied indifferently: "The truth is the most important thing. The truth has been found and there is no need to stay here."

"Yes, my husband said yes, stop talking nonsense, if you want to keep it, you can stay by yourself!" Tang Anxi also spoke.

Everyone glanced at each other, did not dare to say anything against it, and left the ancient city with a muffled voice.

Everything returned to calm.

Time passed slowly, in front of the empty fox hall, on the towering nine-tailed fox statue, an old woman suddenly appeared. Her face was wrinkled, her figure was bloated, and her **** were drooping. The back of her hands and face are covered with age spots, just like an old woman who has lived a hundred and twenty years old, looking like she is about to die at any time, and the breath of death and aging linger on her.

What's weird is that this old woman still has black hair, curled up on her head, which looks strangely weird, like an old monster who has pulled out the girl's hair alive and settled in it. On your own head!

Unspeakable sense of violation!

Even more bizarre is the old woman's current behavior.

She seemed to be unable to walk, but sitting high on the nine-tailed fox statue on the big pillar, she looked at the bright moon in the sky with muddy eyes.

The moonlight shone on the old woman, making her aura of decay even more obvious.

If an ordinary person saw at this time, in this ancient city tens of thousands of years ago, there was an old woman with dark hair sitting on a stone pillar late at night, I am afraid that she will not be scared to death, but also frighten her soul.

No one knew that at this moment there was a pair of eyes hidden in the void, looking at her silently.

One hour, two hours, three hours...

The old woman's body hasn't been moved for a long time, making people almost suspect that she is dead.

Chapter 2644: catastrophe

Only her turbid eyes kept looking at the bright moon in the sky, watching the clouds slowly passing by in the night sky, letting the shadows of colorful clouds drift by in the ancient city.

Time seemed to freeze at this moment, and a long sigh faintly sounded after a long time.

This sigh seemed to be lamenting that the past is no longer, the vicissitudes of life, the sadness that was still in front of us yesterday, but can not be seen again today.

"I think--"

A tall man appeared on another statue of a nine-tailed fox in front of the temple. The man's voice was heard in this late-night ancient city: "You should be happy. After all, we mortals are playing with us. Shouldn't you be happy?"

This person is naturally Li Yun.

To explain why he appeared here, and this series of things, it takes a long time to tell, only a rough talk about what happened today and yesterday.

After confirming that he was trapped in Shengpu Town yesterday, Li Yun chose to return to the ancient city again. Naturally, he didn't have any preparations.

He had already written a diary in the hotel last night, recording the events of the whole day yesterday, and wrote another article when he got up in the morning, recording what he was going to do today and his decision after coming to the ancient city. He will stay here tonight.

—Normal people can't write diaries, but Li Yun was not a normal person yesterday.

Not surprisingly, his decision in the morning was tampered with by something, so after returning to the hotel in the evening, Li Yun saw his diary and saw a sentence on the cover:

"No matter what you see when you come back, or what you get, immediately eat a detoxification pill!"

As a result, Li Yun, who was taking detoxification pills, woke up from the state of being confused by others.

It's just a pity that he still didn't get the memories of the few days he lost. These memories seemed to have disappeared in his mind. Li Yun could not use the detoxification pill or recovery pill provided by the system to retrieve it again, only to lift the curse of today.

Li Yun guessed that if he had gone through the night without taking the Jiedu Pill, his memories of yesterday and today would have disappeared, and his memories would have been restored to the time he had just entered Shengpu Town.

This is undoubtedly a terrible thing!

Therefore, Li Yun made a decisive decision and used the quiet state to fly all the way from the small town to the ancient city. If the quiet ability is not immune to this weird and extreme curse, then Li Yun can only choose to leave and escape from this origin. Unidentified Fox Temple!

—He has written a diary and recorded this decision, lest he be cursed and forgotten.

When he came to the center of the ancient city again, Li Yun was almost not frightened at first glance.

He has been to the ancient city many times, but he has never noticed that an old woman who is so old as a monster is hidden in the city, and she is watching them silently! !

At that moment, Li Yun even wanted to turn around and flee. This strange old woman was obviously not an ordinary person, and might even be one of the people who built this ancient city in the first place!

She has been living from ancient times to the present, and she can't believe what kind of power she possesses. It's no wonder that Li Yun was stunned without a doubt, trapped between Shengpu Town and the ancient city by a weird curse, doing the same thing over and over again. !

This kind of old monster, the existence itself has greatly challenged the imagination of normal people! Li Yun even suspected that at the moment his mood fluctuated, the old woman had spotted him, and in the next second she would stretch out her withered claws, protruding from the top of the fox pillar, and pinch him in her palm.

Swallow one more bite!

Chapter 2645: Old Enchantress (Part 1)

It was just the reward that the system suddenly prompted that Li Yun stopped.

"Ding, the host makes a choice and finds the most special thing in the ancient city. All rewards are combined: experience value +1 million, all attributes + 100,000, colorful gift bag *3, recovery pill *10, aura value + 1 million, extra Reward: Information on the location of the first sacred fire of Sanwei Shenhuo."

The generous rewards made Li Yun stunned, especially the final extra rewards, which gave him a sense of realization.

Li Yun only noticed at this time that the fire control method he had obtained was the three-flavored sacred fire, not the samādhi sacred fire, let alone the real fire of samādhi!

Shamisen is different from Samadhi, and Shenhuo is different from Real Fire.

The three-flavored sacred fire is a fusion of three different flames, and then refined with the fire of the heart, liver, and spleen to obtain a special sacred fire.

Sanmai true fire cannot really burn the substance, but Sanwei Shenhuo can.

"Spirit Fire, Divine Fire... Isn't it that I need to find three flames stronger than Spirit Fire in order to truly practice this Fajue?"

Just as Li Yun was thinking, the system prompt came again.

"Ding, trigger the option event, please choose from the host:

Option 1: Turn around and leave, don't investigate who this old woman is, and don't care about anything happening here, run away quickly, reward experience value +10 million, golden gift bag*1, skill: can't afford to hide rise.

Option 2: Go forward and talk to the greatest extent to understand who this old woman is. Reward experience value +50 million, golden gift bag*3, all attributes +1 million, and a medium probability of unpredictable danger.

Option 3: Kill the old woman directly with the sword drawn, reward: to be determined, additional reward: an ancient saint-level spiritual spell. "

Ancient, saint class? !

Li Yun was surprised by the last sentence of the third option. What kind of weird reward level is this?

The first reward levels were white, green, blue, purple, gold, and colorful. Finally, the peerless treasure level was created, and then the supreme treasure level. As a result, the cheating system now has another ancient saint level reward.

Let's just have another creation-level treasure afterwards.

After thinking about it for a long time, Li Yun still chose to show up and talk with this weird old woman who appeared and probably lived for tens of thousands of years.

At the same time, Li Yun's preparedness, whether it was a counterattack or immediately eating the detoxification pills, Li Yun was fully prepared. Once he noticed that the strange curse was coming, he immediately ate the detoxification pills, and at the same time cut with a sword. To this old temptress!

Not surprisingly, the old woman was still sitting on the nine-tailed fox statue, her feet hanging down to the ground, staring at the moonlight blankly, and she didn't respond to Li Yun's appearance or the words just now.

Li Yun was not surprised. Ten thousand magic immortals who were beyond his two great realms could see through his quiet and invisibility method when his mood fluctuated. This old woman must have spotted him when Li Yun was surprised before.

"I don't know...who is the old man?" Li Yun decided to pay courtesy first and then fight, and he couldn't kill someone as soon as he came up, didn't he?

The old woman still did not answer.

"I don't know... where did the old man come from?"

The old woman still did not speak.

"###"

Several black lines appeared on Li Yun's forehead. When did he feel so suffocated?

But in front of these tens of thousands of old monsters, he... endured it!

"Old man!? Or grandma?"

Chapter 2646: Old Enchantress (Part 2)

Li Yun and her occupied the top of the two large pillars in front of the temple, and shouted at her: "Are you panicking? If you are willing to panic, tell me Li Yun, I will give you fat... Bah, I mean, don't mind giving you some help!"

Li Yun's brain circuit switched to another place for a while.

But he was not wrong. What these old monsters who have lived for so long lacks is their aura. Just like the black feather butterfly and the toad, their stomachs are extremely hungry. Li Yun even suspects that this ancient city has risen. , But also to absorb the aura that escaped from Penglai Island.

—Of course, the Black Feather Butterfly was just born, not an old monster.

"Don't you understand what I said?" Li Yun suddenly thought of something.

"..."

The wrinkled old woman who looked like an old monster still remained silent, sitting on the top of the pillar blankly, her eyes faintly looking at the bright moon in the sky.

"So you love to see the moon, are you not Chang'e?"

Li Yun grew courageous, and kept saying, "Not Chang'e? Are you the rabbit in Chang'e? Hey, don't blame me guessing, grandma, you seem to have been alive for a long time, right?"

Finally, the old woman's muddy eyes rolled and glanced at him.

Then continue to look at the moon.

"Oh, right!"

Seeing her finally moving, Li Yun suddenly became energetic. Standing on the 30-meter-high nine-tailed fox pillar inside, he suddenly realized: "I heard that Chang'e in the moon palace is a kind of title of palace lady. In fact, many fairies are Chang'e, such as Fairy Su'e and Fairy Nishang, but there is a legend that Houyi's wife Chang'e..."

Li Yun talked a lot about the legends about the Moon Palace in one breath. He had a lot of memories about gods in his mind. It is a pity that people in this world don't understand, and now it is suspected that there is an ancient powerful cultivator—although an old woman, Li Yun also couldn't wait to verify whether the memory in his mind was true.

It's a pity that this old woman is still silent, as if she is not interested in what he said, nor is she a fairy in the moon palace, or she is a powerful cultivator ten thousand years ago, and has nothing to do with the gods.

Li Yun's speech was dry, and seeing the old woman not speaking, she couldn't help being a little discouraged, and said: "Are you the goddess of the West? What is Artemis, Athena or something."

"Ah."

A cold woman's voice sounded, Li Yun's eyes lit up, and then he looked at the old woman suspiciously.

The sound just now did not resemble the sound made by an old woman!

However, the old woman had long black and smooth hair, and she looked weird at first, and it was nothing to make a young woman's voice.

Li Yun asked in a deep voice, "Old man, do you have any needs? For example—"

Li Yun finally chose to take out a recovery pill and clamped it between his index and middle fingers: "Older, you need this pill to restore a little bit of your strength!"

For people below the Void Return Realm, a recovery pill is sufficient to restore all spiritual power and true energy, and can heal all injuries on the body, including broken hands and feet, which is comparable to the curative effect of an elixir.

However, Li Yun was not sure whether the recovery pill could be so magical on the Void Return Realm. After all, the system rewarded ten recovery pill in one go, which was obviously a reminder to the old woman.

—Li Yun has basically determined that the system has an unknown purpose. It has been guiding Li Yun to choose to do certain things, but Li Yun's strength is insufficient. At this stage, it can only temporarily maintain its current state.

Chapter 2647: Fascinating

Finally, the old woman turned her gaze to Li Yun, her dim and muddy eyes were aimed at the recovery pill in his hand.

Li Yun's spirit tensed, and the temptation of the recovery pill to practitioners was no less than a superb magic weapon. The old woman suddenly violently shot in the next moment, and Li Yun would not be surprised.

It's just that since the system prompted him to come in contact with this old woman, Li Yun temporarily chose to believe that she was a person who could communicate, rather than the kind of bloodthirsty cultivator.

"Old man, do you want this?" Li Yunliang showed the recovery pill and smiled slightly: "As long as you promise to answer some of my questions, I can give you this pill!"

Vaguely, Li Yun seemed to see a smile on the corners of the old woman's lips, and the two dry lips opened gently.

"!!!"

Li Yun was taken aback and was about to react, but it was too late.

"give me."

The voice of the two words is not very loud, and it is no different from the voice of ordinary women. About 20 to 30 years old, or 34 years old, the voice of a woman is very ordinary, but it is very clear into Li Yun's mind. , Like a weird curse, directly set him in place.

When Li Yun came back to her senses, the old woman had already swallowed the Recovery Pill in one bite and nodded slightly with satisfaction.

"I... Cao!"

A powerful aura erupted from Li Yun's body, and the blue earth evil fire instantly enveloped his body, and the three evil fire **** sword appeared in his hand.

He shouted: "Who are you on earth?!"

With only one voice, the old woman asked Li Yun to throw the pill to her without any resistance. If the old woman had asked him to commit suicide, I am afraid that Li Yun's head would have fallen to the ground now.

"Anything else?"

The old woman's unusually young voice came into Li Yun's mind, and after swallowing the recovery pill, her appearance was also rapidly changing.

The penetrating age spots quickly dissipated, and her muddy eyes became ordinary, with a hint of clarity, but her figure was still very fat, and she couldn't match her beauty.

But.

The old woman who is not beautiful at all, the corners of her lips have a charming smile that belongs to a peerless beauty, as if she is looking at Li Yun with a smile and a pair of eyes looking straight at her.

Three points more attractive than the most beautiful young woman in the world!

".....have!"

Li Yun was crazy. This time he didn't lose his mind, but he watched himself answer the strange old woman's question, and took the initiative to take out another recovery pill from his inventory and threw it to her.

"Not bad~"

The old woman accurately pinched the recovery pill with two old, thin fingers, and slowly put it into her mouth.

Li Yun was horrified to discover that this old woman's actions... unexpectedly revealed a seductive power that did not belong to her age at all, let alone her beauty!

Once she started talking or making any movements, this old woman seemed to exude amazing charm all the time. The crazy charm exuding from her bones was simply a terrifying monster that could only occupy the human mind invisibly. Can make people who see her go crazy.

Can't refuse!

This is because she has an extremely ugly appearance, a bloated figure, and an aging state.

If she regained her youth, Li Yun couldn't believe what would happen.

"One more one." The old woman's age has returned to the appearance of more than 60 years old, the age spots have mostly faded, her eyes have fascinating power, and the corners of her lips are full of anger and joy, desire. Refused to smile.

This is crazy!

"Monster, it hasn't come to life soon!"

Chapter 2648: Crazy woman

With a loud shout, Li Yun used the righteous voice of the four spirits of the sky to forcibly dispel the voice of the old woman that had penetrated into his brain like a tarsal maggot.

This roar was extremely loud, and the whole ancient city seemed to vibrate, and the chant of the Azure Dragon echoed all around, dispelling the strange power of the old woman.

"What you learn is very mixed."

The old woman was not surprised by this, as if Li Yun took out nothing to arouse her interest, then turned to look at the moon, and said, "What do you want to know? I can answer you when I have time tonight. "

The voice is getting younger and younger.

Li Yun calmed down. This weird woman indeed had a very powerful power, and Li Yun was 100% sure that the memory loss of him and Tang Anxi in the past five or six days was related to her!

Li Yun is not surprised that she can speak modern Huang Xuan dialect. After all, this ancient city has been up for more than ten days. During this period, many people came in to investigate. If this old woman has been hidden in the ancient city, she would have eavesdropped on the conversation. It's not surprising to be able to learn a language easily.

"Who are you?!"

Li Yun did not ask boring questions, but directly asked the most critical things, and at the same time dissipated the terrible fire from his body. This top-level spirit fire is very useful against the Void Return Realm, but in front of this weird old woman, it is estimated that he can even block Can't help.

"Heh." The old woman chuckled, "I thought you would ask if I was playing tricks these days."

Li Yun replied: "This is a question that does not need to be asked. You are the only one here. Apart from you, only the Nuwa statue in the temple has a problem!"

"Female...wa, hum!"

The old woman snorted heavily, as if gritted her teeth and said, "Don't mention her!"

"You have an enemy with her?" Li Yun quickly passed Nuwa's enemy in his mind.

In theory, Empress Nuwa has no real enemies. She is a saint, the leader of the ancient monster clan. Donghuang Taiyi and Dijun are both her juniors, and they have no hatred with Sanqing, and they are still their junior sisters. Ancient Honghuang can be called the enemy of Nuwa Empress, I am afraid that no one has the qualification.

"I chased her, what do you think?"

"what?!"

Li Yun was so frightened that she almost jumped up. This old woman has chased and killed Nuwa? !

Fortunately, Li Yun saw a joking smile at the corner of her mouth and realized that this guy was joking.

"Senior." Li Yun suppressed the agitated mood: "Nu Wa is also an ancient god, it might be inappropriate for you to play a joke on her like this! Besides, Nv Wa may still be in the immortal world, you better be careful. "

Li Yun has been looking at her, but unfortunately, this old woman deserves to be an old monster who has lived for many years. She hasn't revealed any flaws, let alone show Li Yun anything.

"Is she still an ancient righteous god? Just a confused mad woman." The old woman seemed extremely disdainful, and she was really hostile to the Nuwa Empress.

Li Yun is almost certain that the kneeling statue of Nu Wa in the building enshrining Taoist ancestors was carved by the old woman, or simply carved by herself with a single knife.

It's just that Li Yun still can't figure out who she is!

If she is from the same age as the Nuwa Empress, then why can she live to this day? Why not go to the so-called "fairy world"? Was she driven by the Nuwa Empress and had to stay in the world?

Moreover, this old woman, no, it should be said that it is this woman, who is it in the ancient times?

Chapter 2649: nonsense

If this woman is not a contemporaneous person with Nvwa, does she have hatred with Nvwa's descendants, or the monsters under Nvwa's gate, indirectly resenting Nvwa?

This is not surprising, as if a person is repeatedly bullied by a monk in a temple, he will resent the Buddha of Buddhism and curse the Buddha at the same time as he scolds the monk.

"What the **** are you..." Li Yun slowly said, staring at her closely: "Yes, who?"

"A person who has lived for a long time, but hasn't died yet."

The woman answered quite quickly, but the content of the answer made Li Yun's mouth twitch.

"Senior, what's your name? Maybe I've heard of it before." Li Yun asked again.

Li Yun knows a lot about the ancient mythology, but there are certainly many unrecognizable gods who have not left their names. He can't guarantee that they know all of them. Maybe this woman is the person at the end of the myth.

"My name? Haha, my name has long been submerged in history." The old woman said lazily:

"People nowadays probably don't remember my name anymore. They only remember the name of the crazy woman Nuwa. It's ridiculous. Sigh."

Li Yun almost couldn't suppress his anger, and this woman was too shameless.

"Maybe I can know!" Li Yun said as quietly as possible.

"you know?"

"Then... guess what~"

The woman's voice faintly reveals a playful meaning, just like a beauty with a clever smile, staring at you with a sullen and shy eyes, chatting with you under the moon, and her intimate demeanor and actions can bring both men and women together. Tickles my heart.

But this woman looked like a bloated aunt, her waist was thicker than a bucket, and you could find ten or eight such elderly aunts in the square.

"Sorry, I can't guess!!" Li Yunqiang endured his nausea, he still had to look at her, lest the aging old man suddenly attacked her.

"How can you guess it if you haven't guessed it? Young people don't want to be high-spirited, be down-to-earth, down-to-earth, and don't think that everything is given to you by others."

"..."

"Why don't you speak? Well, let me give you a hint: I am the one who chased Nu Wa!"

"Shit tip!"

After realizing that this woman was constantly talking, Li Yun didn't bother to do anything respectful of the younger generation, and directly exploded with a foul language.

"Shit?"

The thick-waisted woman in the bucket gave him a weird look: "Now the dog has become a curse? It's really strange. The previous dog was still a big race. Do you know Tengu?"

This sentence reveals a lot of information.

At the very least, Li Yun probably guessed how she learned modern discourse: through the tone of human speech, infer the meaning of the word, with the insight of the strong, it is easy to learn a common language for communication.

"Tengu Shiyue?" Li Yun asked, of course, there is also a kind of Tengu, the Raven Tengu from the Sakura Country, although they have nothing to do with dogs.

"Eat the moon? Hey, now in your legend, anything can eat the moon?"

"...I would like to hear the details." Li Yun found that he could not keep up with the woman's thoughts of chatting.

"I'm too lazy to say."

The woman with wrinkles on her face suddenly turned her head and looked at her, her voice became very seductive: "That thing, give me some more."

".....Yes!"

With the magic sound in his head, Li Yun was struck again and threw three pills to her.

Chapter 2650: Why do old women pretend to be young?

When he came back to his senses, Li Yun almost didn't run away: "Senior!!! Don't you have any shame for plundering others like this?"

The old woman felt sad and lamented at Yue before, but now she has spoken, but now she has become a rascal. She speaks ridiculously, and even cheesily grabs the medicine.

"I am a great beauty... It is already your blessing that the old man is willing to chat with you. What are your dissatisfactions?"

The old enchantress was indifferent, and threw the three precious recovery pills into her mouth like eating peanuts and bit her.

After eating, she was a few years younger, and her age spots had completely disappeared. She looked like a square dancer who was less than 50 years old. She even wore modern long-sleeved trousers. Which fat aunt was robbed.

Li Yun's face was weird, this old woman just wanted to say "I am a great beauty"?

Hey, at the speed at which she is now regaining her youth, she might really become a great beauty, but Li Yun's first impression of her has been fixed, she is a one-hundred-year-old old temptress!

And it's full of pompous words.

"Then senior...what is this place?" Li Yun changed the subject. This old enchantress probably didn't want him to know her identity, so she asked for nothing.

"Heh, are you a fool?"

The old woman sneered at him, and stretched out her hand to make a rectangular gesture: "You mortals are not holding a strange glowing box with a map inside. This is called Shengpu Town, understand? Fool."

Li Yun once again had a black line, and was actually despised by an ancient man!

But it also proved once again that this old enchantress is indeed very smart, hiding quietly from the side, but can figure out the functions of such things as mobile phones.

But it's not easy to say, maybe in the past ten days, the old enchantress has appeared in front of human beings, relying on the charm of that strange voice to induce those people to speak out.

"I mean!" Li Yun gritted his teeth and emphasized: "This is in ancient times, where is it!"

"Who knows."

The old woman lay on the statue of the nine-tailed fox on the top of the pillar, her chubby thighs overlapped, her movements were graceful, revealing a seductive posture, which can match the appearance of this old temptress, it is really...disgusting!

Li Yunqiang resisted the feeling of vomiting, and the old woman said again: "There were not so many people like you before. Most places are desolate and there is no name."

"Really?" Li Yun believed her only three points, and then asked: "Then how did you appear here, old man? Who built this ancient city?"

"Oh." The old woman lying on the fox statue sighed, "I'm not in a good mood right now. The **** Nuwa doesn't know whether he is dead or not. It is really confusing. If there is some elixir, or melons and fruits. Pastries or something, maybe I can be in a better mood."

Li Yun: "..."

He swears, if you really go to the fairy world to see Empress Nuwa, he must tell the saint Empress what the old woman said tonight! ! !

This old temptress is too rampant!

Li Yun hesitated for a moment, and gave her a recovery pill finger bullet. The old woman had eaten a few recovery pill and her strength had recovered a lot. At least Li Yun was not sure about resisting her kind of vocal attack now.

Fortunately, the prompt given by the system was correct. The old woman was not an evil guy and did not forcibly rob him of the pill.

Of course, Li Yun also has her own judgment. Everyone who came in before can leave safely, which is enough to show that she is not dangerous.
