

## Godly Choice 2651

Chapter 2651: You are Su Daji

The old woman caught the pill and put it in her mouth with \*\*\*\* again, but her face was full of disgust: "Your pill is good, but it tastes a bit too unpalatable."

Li Yun said coldly: "Stop talking nonsense, tell me why you are here?!"

"Why? Humph, I saw that this place is good, and there is a statue of Nuwa here, so I chose to sleep here and let Nuwa kneel on me every day."

"Do you think I will believe it?"

"Strange, believe it or not, what do you care about me?"

Li Yun: "..."

This old woman was no longer able to communicate. To her, Li Yun was just a passer-by who accidentally broke in, and could not tell the truth at all.

"Okay, I can't tell you."

Li Yun was too lazy to talk to the old woman anymore, jumped to the ground, stepped into the temple, and said: "But I want to take away the statue of Nuwa inside. How do you say Empress Nuwa is also an ancient god, and you It's just a person of unknown origin, and the Nuwa image can't stay here!"

The old woman didn't answer, she didn't seem to care about the things in the temple.

Li Yun didn't hesitate anymore. After walking into the temple, he stretched out his hand to press on the white Nuwa statue and put it into the space ring.

Turning around and walking out of the temple, Li Yun rushed to the old woman on the pillar and shouted: "Old man, you won't be accompanied by me. You can watch the moon slowly by yourself."

This woman is full of secrets. It is the best choice for her to stay here. It is best not to go out for the rest of her life to let the ancient city sink again.

Just like the Biyou Palace.

"Walk slowly, don't send it." The weird voice of the old woman in her 20s and 30s came from behind. Li Yun wanted to test if she wanted to stay, but it seemed that she really didn't care about his stay.

"Goodbye, senior."

Li Yun's figure gradually faded, and when he was about to retreat into the quiet state again, the old woman's voice came from above his head again: "See you tomorrow, go slowly."

"..."

Li Yun stopped, gritted his teeth and raised his head and asked her: "What the \*\*\*\* do you want to do?! You left that strange power on me? Let me forget about tonight and come back tomorrow?!"

"Don't get me wrong." The old woman sitting on the stone pillar lowered her head and smiled at him: "I'm just idle and bored, and no one is waiting for me. So let you bring food every day. As long as the next group of people come, you can do it. left!"

It turned out to be like this!

Li Yun believed her words for eight points, at least it could explain why they repeatedly entered the ancient city from Shengpu Town.

"Do you think I can't solve your spell?" Li Yun asked with a cold voice.

"Spell? I'm not a spell, but I learned from myself... Forget it, you don't know if you say it."

"But—" The old woman blinked, and Li Yun looked subconsciously and found that her eyes did not know when they became extremely clear, just like a pair of peerless beauty eyes, clear and translucent, as if there was a spring of water brewing in it. People can't help but fall into it.

"If you want to try my power again, I don't mind letting you taste it~"

A bewitching magic sound poured into Li Yun's mind. He was surprised to find that he could no longer control his body again, and he could not even move his eyes. He could only look directly at the tall old woman.

Those beautiful eyes are full of affection, looking at him affectionately, and there are amazing charms in them that are completely irresistible to men, women and children.

Just look at it and fall into it.

"What kind of pupil technique is this?! No, this seems to be a...enchanted technique?!"

"You are Su Daji!?"

Chapter 2652: Kicked Su Daji with one kick

When Li Yun tried his best to shout these words, the old woman's clear and energetic eyes finally moved, and the weird power of manipulating the human heart loosened a little.

Li Yun seized this opportunity and took out a detoxification pill in an instant, regardless of whether it was useful or not. At the same time, his body was directly transformed into nothingness, and his figure soared into the sky.

"laugh."

The old woman chuckled softly, her bloated body still lying on the fox statue at the top of the pillar, and she didn't see any movement. She only used her slender hand-no, she was using her dry aunt's right hand to close her end. The black hair of the blue silk said to the void: "Xiaoxiangong, why don't you show up? The slave family has been waiting for a long time."

An inexplicable force spread, Li Yun's body was abruptly set in place, and there were illusions in his mind. The old woman sitting on the fox statue seemed to be transformed into a peerless enchanting woman, half-dressed. Lu, full of fascination, is looking at him with a pair of beautiful eyes, waiting for his favor.

This woman has indeed mastered an amazing charm technique!

Moreover, this kind of charm technique has gone beyond the category of skin appearance. It is completely a mental attack that can directly destroy a person's willpower, and the sea of consciousness is also occupied, which is more overbearing than a spirit attack.

"Sure enough, I still can't beat her." Li Yun could only smile bitterly. Facing the attack of fascination, the so-called top spirit fire was completely decorated with millions of attribute points. This old woman directly attacked his spirit, and couldn't prevent this. attack.

Just when Li Yun wanted to give up falling to the ground, a shock was transmitted from the depths of his consciousness, instantly dispelling the strange power of the old woman, allowing Li Yun to regain control of his body.

"what?"

The old woman was very surprised and was about to ask something. Li Yun had already stepped forward to her, appeared, and smiled brightly at the old woman: "Go down to me!"

Then, he kicked her big waist like a bucket!

"you.....!!"

The old woman let out a scream, her fat body was like a cannonball, and it hit the ground heavily, instantly smashing the floor of the temple into a large spider-shaped crack.

The whole person was lying on the ground in a big font.

"You, you, you, you!" The old woman was trembling with anger, and there was not much injury, but she was a dignified...The ancient predecessor was actually kicked by a \*\*\*\* kid? !

"Ha ha ha." Li Yun stood at the top of the pillar she was sitting on, with a smug smile on the corner of her mouth: "I said, I can't break your power. I just let you go after thinking that you are an old predecessor. One horse, what? You are allowed to manipulate others, and they can't fight back?"

This old woman was full of sorrows, and Li Yun could only retaliate with sorrows.

It's just that the blow seemed to be too great. After the old woman got up, she looked at Li Yun in a daze, and didn't recover for a long time.

"Uh."

Li Yun said speechlessly: "It was just a tie just now, old man, don't you need to be so angry, right?"

"Just... what's going on?" The old woman frowned and thought, "Why can you be free from my fascination?"

"Your charm is not invincible."

"Shit, can you a mortal withstand my charming trick?"

"..."

This old woman is really quick to learn things, and she can scold people in modern language.

Li Yun took a deep breath: "If I answer your question, then you also answer me a question? Are you Su Daji!?"

Mei Shu, the fox temple, hate Nuwa, Li Yun is not a fool, and naturally can connect these obvious things together.

Chapter 2653: Talk shit

Su Daji is indeed a person in history, but in mythology, Su Daji is a nine-tailed fox. He was sent by Nuwa to the Shang Dynasty King Zhou to ruin his country.

As a result, after Su Da completed her merits, she was killed by Jiang Ziya with a flying knife. Nuwa did not save her. The excuse was: Daji harmed others.

But Li Yun seems to be the reason for nonsense.

"Haha." The old woman narrowed her eyes: "You people now remember Su Daji, don't you remember other people who can use charming tricks?"

Li Yun smiled and said, "Aren't you only foxes who are good at charming skills?"

His words concealed a scheming, if the old woman followed this sentence and said, it basically proves that she has always been a fox.

As a result, the old woman looked at him with both smiles and non-smiling eyes, neither denying nor admitting.

Yes, I was seen through.

Li Yun said: "Senior, you don't want to communicate with people, so I have to retire."

"What happened just now?" the old woman asked again.

"Everyone has their own secrets, don't they?"

Li Yun didn't answer directly, he really didn't know what happened just now.

When the power of the old woman was controlling his Sea of Consciousness, a shock suddenly spread from the depths of the Sea of Consciousness, and Li Yun was able to get away, which made him wonder whether it was the power of the system.

But in any case, at least he doesn't have to worry too much about the deep control of the spiritual level, and with the innate Tao fetus immune to most curses and toxins, Li Yun is now invincible (for the time being).

"stop."

The old woman's voice came from behind, this time she didn't use the power of charm, just a common sentence.

Of course, the voice is still similar to that of a woman in her twenties and thirties.

Li Yun stopped, did not turn around, and asked, "Senior, do you want to have a frank and honest conversation?"

"Talk shit."

The curse remained the same.

The corners of Li Yun's mouth twitched. This old woman was all weird, she was obviously bloated, but she practiced fascination, but she was swearing, and she learned to curse quickly.

"What is there to talk about in the past?" The old woman walked towards him step by step, "It's all \*\*\*\* people, and it makes no sense to know."

"?"

Damn man?

Li Yun didn't know if she was cursing or telling the truth.

"Senior, do you want to...?" Li Yun was on guard again when she noticed that she was getting closer.

"Hmph, you guys are lucky."

The old woman said slowly: "Old man, I just want to go out and see what the world is like now. Little bunny, lead the way! Maybe I will serve the old man, and I can teach you something not to pass on. Law."

With a twitch of Li Yun's brain, he suddenly said, "Since it is a non-teaching method, then teach it to me?"

"It's really long-winded, do you want to learn?"

The old fat woman squinted at him, her eyes were clear and energetic, not the eyes of a fat aunt at all.

"I don't know how to learn charming tricks."

Li Yun didn't dare to look into the guy's eyes, and could \*\*\*\* people in like a Wang Youtan.

"Hehe, you don't know anything about cultivation, but it's not surprising that you descendants will never learn immortality."

On the one hand, with the old woman, no, it should be called the aunt. She was a few years younger and became in her early forties. She was no different from the aunt who didn't manage her body and overeated.

His stout arms are bigger than Hu Xiaomeng's thighs, his waist is round, and his skin is rough. Except for his black and smooth hair, which is called a beauty, the others are exactly the same as the square dance aunt.

Chapter 2654: I am Su Daji

Through small talk, Li Yun temporarily believed that she just wanted to go for a walk. It was quite surprising. This aunt had a good temper. While she was irritable and scolding, she was actually very irritated by very few things. Mixed indifferently aloof.

Except for Nuwa.

Whenever Nüwa is mentioned, the ancient aunt gets excited, opening her mouth and squirting, 11 out of ten sentences are cursing, and there are many ancient words that Li Yun can't understand, short and powerful, Li Yun is very curious about the ancient times. How did you curse and greet each other's female relatives?

But let's not say that you are worthy of cultivating sensuality, and the curse words have no charm, and the sound is clear and rhythmic, which makes Li Yun actually have a kind of relaxed and happy illusion, as if it is not a square dancer who is swearing, but countless The exhausted Luanfeng was screaming, with a pleasant voice.

If Liu Xianxian, a big singer and a big star, learns this way of speaking, I don't know how nice the song would be-Li Yun couldn't help thinking.

"Little bastard."

The ancient aunt looked at him with a smile, her eyes faintly triumphant: "Are you fascinated by my charm? I think my voice is unparalleled in the world? But let me tell you generously. The reason why I maintain this appearance is the old man. , Just to prevent you mortals from falling in love with me, crazy for me, obsessed with me, and come up with something beautiful people don't want, understand?"

Li Yun: "..."

Is this aunt really practicing sensuality? Why are you so shameless! Don't even smile at the beauty, you treat it as a compliment!

"Old man, you are so arrogant, you don't look like an old man at all." Li Yun said truthfully.

"Who stipulates that people who live a long time...# ¥ @#?"

She said an ancient language that Li Yun couldn't understand. She probably couldn't find a suitable modern word replacement, but Li Yun could also guess what it meant.

"Hey, kid."

With the voice of a woman in her early twenties, but with the appearance of a forty-year-old square dancer, she leaned forward. Her clear eyes repeatedly checked Li Yun and asked: "I will tell you something you want to know. The matter, as a business, you tell me why you can get rid of my mind control, how?"

Trading = trading, this aunt often uses words inaccurately, but it is harmless.

"Who are you?" Li Yun asked directly.

"Su Daji!"

The big-bucket square dancer replied without hesitation, without a hint of shame on her face.

Li Yun took a deep breath and tried to remove his eyes from her, telling himself in his heart: This is an ancient crazy woman, don't be familiar with her!

"Why, don't you believe it?" the old woman said, "Didn't you recognize me before? Now you don't believe it!"

"Senior, I brought up the matter that you are Su Daji."

"What does it matter? Who do you think I am, who I am, just don't think of me as Nuwa and Daozu."

"..."

Li Yun really had no choice but to give up his name and history.

"Then you think that Su Daji's nine-tailed fox can chase and kill the Nüwa Empress? Niangniang is one of the six saints, and the co-leader of the demons. To be honest, one finger can crush Su Daji!"

"Sage would rather have a kind?"

The old woman said a rather slurred sentence filled with righteous indignation. Li Yun could barely understand it, which meant that the saint was nothing great, and ordinary people could overthrow the rule of the saint.

Su Daji of the nine-tailed fox is naturally also likely to hunt down and kill the Nuwa Empress.

Chapter 2655: Saint Ning has kind

This is quite different from the ancient myth in Li Yun's impression, but what he said to this chubby woman who claimed to be Su Daji, only believed in three points, no, only one point.

But if it is true, then the power of the saint is not as exaggerated as invincible in the rumors, and there is no so-called immeasurable immortality, knowing world affairs as soon as one moves.

"Why don't you speak?" The old woman squinted at him, "I told you ancient secrets, should you also talk about yourself? You kid has a very strange power, and the refined medicine is also very strange, What is the origin?"

Li Yun thought for a while, and pointed his finger at the dilapidated ancient city where the two of them were.

The old woman raised her brows, "What do you mean? There is a \*\*\*\* for you in this place!"

"..."

Li Yun took out his mobile phone, searched the Internet and found a picture of Biyou Palace, and Liang showed it to her.

"\*\*!"

The old woman's face remained unchanged, but she uttered "ancient fragrance", and then said, "Can you enter the Biyou Palace?"

Li Yun shrugged and said, "I mean, my strength and medicine are from these ancient relics. By the way, do you know what the gate of life and death is? It's a very big gate with carved sculptures from all over the world. The images of myths and legends, from the Nuwa empresses in the East, to the angels and demons in the West, the gods and monsters are all depicted in them!"

Li Yun deliberately used Nuwa Empress to arouse her, and sure enough, the old woman suddenly scolded her again: "That thing is used for...something! That guy must have carved his own statue in the middle. \*!"

"So what the \*\*\*\* is it?"

"Nothing, you little slippery head." The old woman glared. "I told you so much, but you hide everything. Now people are so cunning like a fox?"

Li Yun smiled slightly. Although she didn't reveal much, she was vaguely certain that the gate of life and death, as well as the other six ancient relics in the world, were not terrible things, at least the old woman in front of them valued them.

After thinking about it, Li Yun said again: "Senior, don't blame it. After all, you didn't tell the truth. I said that my strength comes from ancient ruins. Although it is not completely correct, it is not completely false."

After all, Li Yun took the Black Feather Butterfly out of the Lotus Immortal Mansion. The little guy was sleeping soundly, lying on Li Yun's palm without moving.

Glancing at the Black Feather Butterfly, the old woman's face was weird: "Unexpectedly, you can even raise this thing, hehe, old man, let me do a business with you, I can let her imitate one of my magical powers, and you—"

Li Yun's eyes lit up, and the old woman saw through the details of the black feather butterfly. It is not surprising to know that she can replicate the supernatural powers. It proves that she does come from an extraordinary source. If the black feather butterfly can be copied to her prodigy...

Take off from Wuhu?

"What am I?"

"Hey, it doesn't seem like you can come up with something that can match my magical powers, just call Nu Wa a pig, that's all."

"..."

Li Yun's consciousness shook inexplicably, it seemed that the strange power did not come from the system, but the power of the Nuwa Empress in the gate of life and death.

"Reject." Li Yun said coldly.

I thought the old woman would persuade him again, or threatened him altogether, and directly used weird charm to make him speak.

Unexpectedly, she just glanced up and down with a weird look, and then gave up the idea of letting Li Yun scold Nüwa. There was a mysterious smile on the corner of her mouth, as if she had seen something interesting.

"This old woman..."

Chapter 2656: The truth is revealed

Li Yun was uncomfortable, chatting with an old monster who had lived for tens of thousands of years, and was hit by her if he didn't pay attention.

But Li Yun still had to talk to her. After all, he had been exposed to ancient secrets. Now the whole world is also infested by the aura from Penglai Island. It is worthwhile to get more things from ancient times.

There is a high probability that this old woman has witnessed those past events, whether she is a god, or just a powerful practitioner after the fall of the ancient gods.

"Hey, little bastard." The old woman said again, with a bright smile on her chubby face: "Do you want to remember what happened in the past few days?"

Li Yun was taken aback, what purpose did she have?

"think!"

"it is good."

The old woman stretched out a finger and volleyed it on Li Yun's forehead: "Don't resist, I will relieve you of the suggestion. My secret method is to let people forget everything in the past, so it's impossible for you to take more pills. Untie."

That is psychological hints?

This thought flashed in his mind, and then there was a crash, as if something in his brain was broken, and Li Yun recalled everything in an instant.

so it is.

Li Yun completely remembered what had happened in the past five days.

After he and Tang Anxi came to Shengpu Town, they didn't meet He Shao on the first day. They opened a room in the hotel and checked in. The next day they came to explore the ancient city normally.

Moreover, that day he met this old woman in front of the fox temple, and suddenly ran into a 100-year-old woman. Li Yun was very surprised at the time. He was too late to do anything, and was immediately hit by her mental attack.

At this point, the seeds of psychological hints had taken root in his mind, making Li Yun hardly resistant to the old woman's next moves.

It was the same on the second day and the third day.

Li Yun went to the ancient city several times and saw the old woman in the fox temple, and was induced to say a lot of things. Of course, no key information was involved. They were all ordinary conversations, equivalent to this old woman. Woman is a modern language learned in him.

"I didn't feel anything wrong at the time!"

Li Yun was secretly frightened. As long as the old woman who used the illusion technique or the charm technique did not have any malicious thoughts on him, Li Yun could hardly detect any abnormality in front of her. Even if he had just talked with her, he would turn around and forget it.

It was not until after returning home in the afternoon of the third day that Li Yun saw the fallen leaves on Tang Anxi's shoulders and felt something wrong. After that, he met He Shao and five tomb thieves, and the first scene happened (the first time I came to Shengpu In town).

Coincidentally, every time when he went back at night, Tang Anxi looked for the same hotel, but every time she went to open the room, she should have noticed the troops, but in order to sleep in the same room with Li Yun, she didn't want to have extra troubles. , Tang Anxi never said this suspicious point.

"...I'm a fool too!"

Li Yun couldn't laugh or cry. He actually chose the same food stall for dinner every night, but regarded the enthusiasm of the boss as a unique quality of the people in the small town. He never thought that he had gone to the food stall for dinner many times.

One more thing to say:

Every time Li Yun entered the temple, Tang Anxi, who was weak in spirit, was instructed by the old woman to say that he had found the jade pendant on the statue of Nuwa. Li Yun initially suspected the problem with the jade pendant, but Tang Anxi next to him repeatedly The narration caused him to be recruited quickly and fell into the illusion carefully constructed by the old woman.

The so-called three people become tigers, Tang Anxi is the "three people."

Chapter 2657: Super bodyguard

"You!" Li Yun couldn't help feeling palpitations after recalling what had happened in the past six days.

This feeling of being manipulated as a puppet is not too bad. If it weren't for the old woman's lack of "fairy" demeanor, her mouth full of swear words, and her personality not resembling a wicked person, Li Yun would not even dare to stand now. By her side!

"Afraid?" The ancient woman said with a grin: "I can't bear this little power. Do you still want to steal things in my house? You want to go to Biyou Palace? Don't be too funny~"

"This is your home?!"

Li Yun glanced around for a few moments, and happened to see the stone slab on which the demon fox was drinking.

"I live here, this place is mine!" The old woman said without blushing.

Li Yun twitched the corner of his mouth, walked over to stand up the demon fox stone slab, pointed to the mural on it and asked her: "What is the situation of this painting? In ancient times, people and demons lived together? Or are these palace-dressed women all The monster becomes a human...Huh?"

Li Yun looked at the old woman, but found that she was looking straight at the stone slab, with a dazed expression, a sad atmosphere enveloped her.

She seemed to remember something, looking at the fresco on the stone slab in a daze, there was even a vague light of thunder in her eyes.

Li Yun looked at the old woman's clear eyes, there seemed to be infinite emotions in them, and couldn't help thinking, maybe she was the person on the mural? Or demon? She must have been a big beauty back then, and many things have happened, right?

But now in this declining ancient city, only she is still lingering alive, with the statue of Nuwa in that temple as a company.

At the moment when she showed her feelings, Li Yun felt that she was a human, not an old temptress.

"Hey!"

Li Yun quickly woke up from his sensibility, and this old woman was not in his turn to feel distressed.

"Ahem?"

"Hey, woman, I'm back!"

Until Li Yun stretched out her hand and waved in front of her, the old woman glanced at him with lost eyes and turned and walked away.

It's just not going out, but toward the fox temple.

"Hello? Wrong way!"

"Uh, what's the matter with you?"

"Old woman... ah no, old man?"

Li Yun called her several times in succession. The old woman still said nothing, lowered her head, and exuded the aura of depravity and death, just like when Li Yun saw her for the first time, she was in a daze with Yue, lonely and cold. Looks like.

"Old man!"

Li Yun stopped, wondering whether he should stop her. Although this old woman would not become tyrannical when she was angry, what name or excuse did Li Yun use to persuade?

"Ding, trigger the option event, please choose from the host:

Option 1: Persuade her to leave this ancient city and go to live in Huangting Mountain, Zhonghai City, reward super bodyguard\*1, and upgrade her spiritual consciousness to spiritual consciousness.

Option two: indifferent, no reward. "

Super bodyguard? !

Li Yun raised his eyebrows. What he worries most when he goes out is the safety of his family. Having obtained the Lotus Immortal Mansion, or the formation of the family can not completely prevent the enemy from prying into his home.

But if this old woman, no, the powerful old man is brought home and given her a place to stay, Li Yun will not have to worry about the safety of the family in the future, and can rest assured to compete with the people of Liudaomen outside and take a look. See what the people of Wanfaxian are doing!

There is a systematic guarantee that Li Yun does not have to worry about "hiring" her at all!

"Senior, please stay."

Chapter 2658: Controversy

Li Yunshan stood in front of the old woman, and sincerely stretched out a palm to her, making a forbidden step.

But as soon as he raised his hand, he felt an inexplicable force invading the Sea of Consciousness, making him feel numb and itchy all over, and his feet actually took a step to the side uncontrollably.

"Senior! Please listen to me!"

Li Yun wiped the cold sweat on his forehead. Fortunately, the ancient aunt didn't use strong strength, and he could barely resist it.

She finally stopped, looking at Li Yun with indifferent and clear eyes, her mouth pressed tightly, as if she didn't want to talk to anyone anymore.

"Obviously, I used to talk constantly, but now I am indifferent and ruthless... It seems that the personality of people who have lived for tens of thousands of years is a bit abnormal and understandable."

After slandering in his heart, Li Yun said positively: "Senior, you are a person who has lived for tens of thousands of years, or are you a god?"

Did not get a response.

Li Yun said again: "This ancient city may be the place where you once lived. Most people in ancient times have died, leaving you alone, right?"

"Shut up little bastard!" The ancient aunt said irritably.

Li Yun ignored it and said, "Think about it, many people you know have already died, but if you also abandon yourself, then no one will know what happened in this land!"

The old woman was stunned.

Li Yun strikes while the iron is hot: "Did you know? Modern people no longer remember the myths and legends of ancient times, such as the demon court, the preaching of Hongjun, the teaching of human beings and the interpretation of teachings, the Buddha of the West, and the dragon and phoenix. The battle among the tribes of, Qi, and Lin, Nuwa created human beings, sanctified in the Three Qing Dynasties, struggle between Lich, not Zhoushan collapsed, Nuwa refining stones to fill the sky..."

"Nvwa Nvwa, do you know that Nvwa bastard?!"

Sure enough, when Nvwa was mentioned, this aunt who was suspected to have survived the ancient times couldn't help but swear. Li Yun even suspected that she had offended Nvwa and couldn't enter the fairy world, so she resented Nvwa... ...Well, there is a high probability that this speculation is the truth!

Li Yun said with a hippie smile: "I don't know much about ancient things, kid, isn't the Nuwa Empress famous enough?"

The old woman squinted at him, "After so many years, it is rare that there are so many myths and stories circulating in the world, although I guess most of what you know is wrong."

Li Yun acquiesced that the mythological knowledge given by the system is definitely not all right.

"Then do you know about the conquest of the gods?"

"Fengshen? Senior, you are talking about the Fengshen list?"

"Fengshen Bang? That magic weapon? You are right to call it that way. That thing is pretty disgusting."

Not a disgusting person, but a disgusting god.

It is the soul of the immortal who enters the list of deities after death, that is, the immortal is deities after death, and has been under the jurisdiction of the heavenly court from then on, and cannot be at ease.

"Although it is good." The old woman added.

Li Yun was stunned, what's the benefit? Probably the only benefit is to preserve the souls of the immortals, so that they won't be scattered.

"I want to ask you something!"

"Probably know, a little bit." Li Yun gestured with two fingers, just a little bit.

"Then you know, what did Nuwa's old muddle do in the conquest of the gods?" The old woman's voice was filled with uncontrollable anger and resentment.

Old confused? Nuwa?

Li Yun was too scared to speak, okay!

If this is placed in a prehistoric novel, a sky thunder will directly smash it down, or from Tai Sutian 33 days away, Li Guangzhi's Wa Palace (Nv Wa Empress's Palace) in the wild, immediately flew out a red hydrangea and smashed it. On his head, it is directly obliterated in the heaven and earth.

Fortunately, this is an urban novel, very orthodox, there will be no fantasy content, nor will there be an urban novel from the fairy world!

Chapter 2659: Ha ha ha ha

Li Yun looked at her, and she looked at Li Yun too. After a while, Li Yun turned his gaze slightly: "Know some."

It seems that if she doesn't answer the question about Nuwa, the old woman refuses to leave this ancient city to apply for his bodyguard.

"Talk about it!" she said in a commanding tone.

"Nu Wa Empress..."

Li Yun said in a huff, but there is actually nothing to say. Empress Nuwa was observing the Three Realms coldly in the Wa Palace, and she had nothing to do with her when she was enshrining the gods list, so the Yan Wang poems at the beginning are a bit more memorable.

"Amorous poems?" The old woman seemed to have a flash of excitement between her eyebrows, and immediately asked: "What \*\*\*\* poems?! How dare that fool of Di Xin write poems to provoke Nuwa?"

Di Xin is the name of King Zhou. Judging from this title, the old woman is quite familiar with King Zhou, or has a higher status than him, so instead of calling King Zhou, he directly calls him.

"I'm afraid it's not good." Li Yun evaded, always saying that \*\*\*\* poems are really lacklustre.

"I let you just say it!" The old woman became more excited, almost panting, staring at him with bright eyes: "Quickly, what did Di Xin say that made Nu Wa angry?!"

"Really?"

"Quick, point, say!"

"Then you promise me one condition."

"Ten conditions are all met, say!"

Li Yun felt relieved that the bodyguard was done.

"Actually, it's not a good poem." Li Yun shrugged and said, "I read it from an ancient book, so I can't take it seriously."

"Too much shit, speak up! \*\*\*\*!"

The ancient curse peculiar to the ancient aunt appeared again.

Li Yun clenched his fist and put it to his mouth, coughed, and said, "The book says that King Zhou went to worship the ancient goddess Nuwa. Seeing that the stone statue of the empress is very beautiful, the empress has a dignified and beautiful manner. The moved king Zhou wrote a poem on the wall:

The scenery of Fengluanbao's tent is very beautiful, it is full of ingenious clay and gold makeup...the pear blossoms are beautiful with rain, and the peony cage is beautiful with smoke. "

"!!!"

The old woman's mouth was completely open, and she couldn't believe her ears. How dare the idiot Di Xin write such a poem? Especially the last two sentences, saying that Nuwa's face is like a pear flower covered in rain, shy and moving, painted with peony flower-like blue smoke eyebrow makeup, completely showing her charming attitude.

This kind of extravagant poem seems... he really dares!

"The last two sentences are..."

"Besides!?"

The old woman was very surprised, the previous \*\*\*\*\* poems have been blasphemy to Nu Wa, and there is still a follow-up.

"...But if you can act enchantingly, take back the Lord of Changle."

Li Yun still finished reading the poem. Anyway, he did not write the poem. He just repeated it again at the request of the old woman.

As a result, he had just finished reading, and he knew the surgings of the sea, which made Li Yun almost unable to stand, his head was dizzy, and he almost thought it was the wrath of the saint coming from thirty-three days away.

But it is—.

"Ha ha ha ha ha ha ha ha!!"

The old woman laughed like a ghost crying and howling a wolf, whirring reverberating in the ancient city late at night, a mental force impacted Li Yun's brain, forcing him to retreat three kilometers away, looking at this crazy The old woman laughed and hammered the broken walls of the ancient city hard, making the whole ancient city torn and rumbled with constant rumbling noises.

This terrifying power made Li Yun stunned, the ancient aunt is awesome!

Vaguely, you can hear her voice full of laughter:

"It's no wonder that you \*\*\*\*\* was so angry that day, it turned out that you saw this \*\*\*\*\* poem, hehehe... You can go, and you still need me?"

"Hehehe, it's a pity, you don't know where to hide now..."

This old woman is already crazy, carry it away.

Chapter 2660: Spiritual upgrade

"Where is that ancient book?!"

The old woman who recovered from her wild laughter rushed over and grabbed Li Yun's shoulder, and asked with a smile, "I want to see, which expert wrote such an amazing book!"

Li Yun calmly pushed her away, indicating that he didn't remember anymore.

"Senior, this matter is still rotten in the stomach, don't mention it in the future, and don't speak ill of Nuwa Empress in front of others!" Li Yun warned her.

Originally thought that this old woman hated Nüwa so much, she would advertise this \*\*\*\*\* poem so much, but she did not expect that she agreed very happily, and there was a vague meaning of not wanting others to know this \*\*\*\*\* poem.

Li Yun didn't understand, so just don't think about it so much, and directly put forward one of the ten conditions to her: ask her to be a bodyguard!

The old woman happily agreed. The price was that Li Yun would be responsible for providing her with shelter, three meals a day, and a certain amount of money for a month. The rest of the requirements were gone.

Compared to getting an ancient powerhouse as a bodyguard, this price is like giving away for nothing. Li Yun also readily agreed to give her a salary of 10 million a month.

"Ten million?" The old woman touched her chin: "How much is this? Thousand taels of gold?"

"I don't know what the price level of one thousand taels of gold is today, but now ordinary people can only make about 100,000 yuan a year."

Li Yun answered her calmly, but he had a guess in his heart:

This old woman may not be from the age of gods!

After all, in the ancient primordial mythology, those gods and immortals were not traded with gold, right? Too vulgar.

"Reluctantly." The old woman was satisfied with the price and surprised Li Yun again. He originally wanted to bargain with her, but he didn't expect to agree so quickly.

"What's your look?"

The old woman squinted at him: "Older, I just slept tired and wanted to go out for a walk. I don't care about enjoyment anymore. Otherwise, you just take the queen mother's fairy peach, Zhenyuanzi's ginseng fruit, or God's little golden apple I, I'm too lazy to take a look at you!"

Li Yun's eyelids twitched. How could the two oriental gods, Queen Mother and Zhen Yuanzi, compare with God?

And, is God the little one? Isn't she really a little loli?

That should be magical too!

Li Yun was about to ask, but the old woman said impatiently: "Hurry up and go, what time is it now? Go and find a hotel for the old senior to stay in, and then let Xiao Er prepare hot water."

Li Yun was full of doubts, where did she understand the term Dian Xiaer? Is it really an ancient person, not an ancient practitioner?

"By the way, senior." Li Yun thought of something, "I don't know how the younger generation would call you? You can't always be called by the older generation, right?" In fact, what Li Yun wants to say is that you can't always be called by an old woman or an old woman. ?

The old woman was silent for a while, then glanced back at the dilapidated ancient city, and said lightly: "Call me...green girl."

Young girl?

Li Yun was stunned. Not to mention, after she gave herself such a poetic name, she suddenly became different. The impression that she gave to Li Yun was that she was no longer a bloated old woman, but had The story of the woman: the young girl.

"Ding, the host makes a choice, reward: super bodyguard\*1, upgrade from spiritual consciousness to spiritual consciousness."

"Ding, the host made a choice and went forward to talk to the greatest extent to understand who she was. The reward experience value was +50 million, the golden gift bag\*3, and all attributes were 10,000."
