Chapter 2691: Xiao Mingzhu's stage

There was a commotion around the people, and they all looked at the top Bai Fumei standing in front of the low-key luxury car. For a while, they were all shocked by her noble temperament, and even the car emperor didn't dare to speak.

He seems to recognize what this luxury car is: Rolls-Royce Phantom Coupe, 50 million US dollars, converted into Huang Xuan Guoyuan, it is 300 million! !

"Cai Wei, Caixia, come out!"

Xiao Mingzhu greeted with a smile, and the two sisters got out of the car slowly, and stood beside the tall Xiao Mingzhu a little shy and nervous.

Caiwei is very envious. Sister Mingzhu's temperament, body, and personality are all first-class. No wonder her brother has such a good relationship with her.

"Li Yun, how about you?" Xiao Mingzhu smiled brightly: "Why are you shy?"

"Who is shy, I just gave you the stage."

Li Yun laughed. He was indeed looking at Xiao Mingzhu from the co-pilot position just now. He was inexplicably proud of him. It was an honor of his life to be able to obtain such top Bai Fumei's close to full favorability.

"Fuck you, I don't want a stage!"

On the contrary, Xiao Mingzhu was a little shy, smiled and punched Li Yun with a small fist, as if a couple were flirting and cursing.

People around saw a handsome man standing next to Xiao Mingzhu with a height of 1.85 meters. They felt that the two were so good-matched. Although the man was sitting in the co-pilot position, his temperament was not inferior to the one who owned a luxury car. Xiao Mingzhu, calm, sunny, handsome, standing with Xiao Mingzhu is like a golden girl.

"I recognize him, he is Zhonghai City, no, the national college entrance examination champion!"

"Ah, it's him, Li Yun!"

"Hey, it's the one who is reading the national college entrance examination papers live!"

"Xiao Mingzhu likes him? This is big news!"

"Tsk tusk, does Li Yun want to enter the Zuixiao family? The national college entrance examination champion, with this name is enough to enter the Zuixiao family!"

Li Yun is very satisfied with the status of the current college entrance examination champion. He is neither Li Chaoren nor the chairman of Baiyun Technology. The latter two can scare people around to doubt life.

After Li Yun realized that Baiyun Technology was becoming larger and larger, and his chairman's identity became less and less visible to ordinary people, he instructed Baiyun Technology's public relations department to publish information about him as the chairman on the Internet, including the encyclopedia. On the news, there are some news about the previous development conference, which are all given to "Public Relations".

Coupled with the recent Penglai Island incident, his identity as the chairman of Baiyun Technology can hardly be found on the Internet.

"Miss Mingzhu, hello, do you remember me?"

The arrival of Xiao Mingzhu made many parents who came to send their children very excited and came forward to say hello.

The upper-class social circle in Zhonghai City is not big or small, but for everyone who enters this circle, Xiao Mingzhu's father Xiao Tianyuan is a big mountain that cannot be avoided, so almost every parent at the school gate knows the Xiao family. The daughters of the people came to show their faces one after another.

"Hello, these two are my younger sisters who have just transferred to a foreign language school this year."

"Oh oh, the two little sisters are still twins, hahaha, so cute, come here, get to know your school girl, and take care of others in the future, have you heard?"

Where did Caiwei and Caixia have seen this kind of battle? The sisters were too shy, Caixia reluctantly mustered up the courage to meet her classmates, Caiwei was a little worse and would hide behind her brother.

"Go, Plucking Caixia, I will take you to school!"

Xiao Mingzhu took them into the school after she made a special appearance at the school gate to show her relationship with the sisters.

Li Yun looked at all this with a smile, and through this appearance, the two sisters had no worries about being bullied at school, and Mingzhu really helped him a lot.

Chapter 2692: Not angry, blame me

After sending the sisters to the school, Li Yun drove Xiao Mingzhu away from the foreign language school. At noon, the sisters would eat in the school. There was a luxurious dining hall, free of charge, and included in the tuition fee of one semester.

In addition, if you want to cook your own food, there is a special classroom for teaching cooking in the foreign language school, and students can cook by themselves at noon.

As for why Li Yun drove...

In Xiao Mingzhu's words: Let your eyes look at my thigh indiscriminately!

In fact, what she didn't know was that Li Yun could do two things at one time, while driving while watching her slender and white thighs, especially when Xiao Mingzhu lazily put up her legs, the whole person was shrunk in luxurious. Those beautiful legs are even more eye-catching when they are in the co-pilot position of a billion-dollar luxury car.

"Huh~"

Xiao Mingzhu, the co-pilot, snorted lazily. While Rolls-Royce was waiting for the traffic lights, she naughtily stretched out her right leg and put it on the steering wheel in front of Li Yun.

At the beginning of school today, Xiao Mingzhu was wearing a girly college style, high-waisted purple checked pleated skirt, and a simple short-sleeved upper body. Under this action, her white thighs were extremely dazzling.

"Does it look good?" Xiao Mingzhu squinted at the playboy. "You guys are looking at you while driving, so I will let you see enough! lest you roll over and have a car accident!"

"nice."

Li Yun didn't change his face and was not ashamed at all. Instead, he lowered his head. In Xiao Mingzhu's shocked eyes, he kissed her small and lovely knees that were as clean as jade without a trace of melanin precipitation.

"what!!!"

Xiao Mingzhu was so frightened that he quickly lowered his thighs--and kicked Li Yun by the way, and said in embarrassment, "You bastard... Xiao Liuli didn't say anything, you're a big pervert! Thinking about these things all day long!"

At this time, the red light turned to green light, the car next to him drove, and the window rolled down. A man gave Li Yun a thumbs up: "Brother, you are amazing! You are driving while driving!"

Xiao Mingzhu was even more shy, and was actually seen a scene of her shame!

Fortunately, it was not recognized, otherwise the news of Zhonghai Pearl's boyfriend would make the headlines the next day.

"What does it matter? Am I chasing you? Mingzhu, you are so beautiful, it is normal that you can't help but."

Li Yun smiled, after starting the car, when passing the center of the intersection, when there were no vehicles around, he stretched his hand to the side and quickly wiped the smooth and jade-like place.

Xiao Mingzhu: "..."

She watched the playboy's hand doing this kind of action, but didn't refuse? !

"Li Yun, you big pervert, playboy!"

In a word, Xiao Mingzhu bit her silver teeth and said it, enough to show how shame she was in her heart.

But at the same time, she also felt very exciting. The girl's heart was pounding, and there was a sense of excitement and pleasure of secretly talking about love outside with her sister and Li Yun's girlfriend.

In particular, she and Li Yun are waiting to pick up someone, and this person is Li Yun's girlfriend.

One of them: Gong Qingyu!

Half an hour later, the car came to the French Concession. During this time, it passed six traffic lights. Xiao Mingzhu just watched his thighs been wiped six times. Each time was longer than one time. In the end, Li Yun drove with one hand. Can't do it.

"Hold it, hold it, hold it! If you don't get angry, you don't get angry, I blame me!"

Xiao Mingzhu was ashamed and angry, trying to suppress the beating heart like a little rabbit.

Chapter 2693: Gong Qingyu and Xiao Mingzhu (Part 1)

It's all because she didn't expect this when she went out this morning. She wore a short skirt and came out, so that the \*\*\*\* was so excited!

Men, like slender and big legs!

Xiao Mingzhu finally realized this, it was not too late.

In fact, recall that when she was on the Ocean Princess, when she was lying in the sun wearing hot pants and short sleeves, she should have noticed Li Yun's gaze at that time! !

"Hurry up and let go!"

Xiao Mingzhu slapped Li Yun's stinky hands on her knees in embarrassment. Fortunately, this guy was also intolerant, only moving a little bit on the knees and on top of it, and did not perform too out of the ordinary, so she endured it.

"Five points praise, all kinds of places, feel, skin, and warmth are all great!"

Li Yun made a serious comment, as if after ordering a takeaway, he commented under the merchant and prepared to visit again next time.

Xiao Mingzhu: "..."

She didn't even have the strength to give her eyes anymore. After the luxury car drove into the No. 3 Mansion of French Rent Real Estate, she opened the door and jumped out of the car as soon as it stopped. However, her thigh became weak and almost fell to the ground.

"Mingzhu? Are you okay?" Li Yun asked concerned.

"fine!"

Xiao Mingzhu's face flushed, her knees and thighs were numb, and it spread all over her body, burning like fire.

"What did you do in the car?"

There was a cold voice from a woman nearby. Xiao Mingzhu looked up and saw a beautiful woman with a light blue skirt and classic temperament standing on the steps of the mansion, watching with a pair of icy eyes. She and Li Yun.

"No, nothing, Qingyu, early." Xiao Mingzhu greeted her with a guilty conscience.

"morning."

First salute and then pawn.

Gong Qingyu greeted her first, and then forced him to ask: "Don't change the subject, what did you do in the car just now?!"

Xiao Mingzhu's expression froze, "No, what did you do? Li Yun is driving, how could he be doing anything? Right?"

"What can't you do while driving?"

Gong Qingyu raised willow eyebrows and squinted at Li Yun: "This guy can do two things at once. He can drive while reaching out for you..."

"How is it possible!" Xiao Mingzhu was startled, Gong Qingyu knew Li Yun that much? All guessed right!

"What's impossible?"

Gong Qingyu grabbed Li Yun's right hand with lightning speed, and directly touched his \*\*\*\*\* with his finger. After touching it, his face changed:

"It's not wet?!"

The three of them, Li Yun, Xiao Mingzhu, and Gong Lianyi were all stunned. What are these words like wolves and tigers? !

"How could it be wet!!!" Xiao Mingzhu's face finally blushed. She believed that she was bold enough and open enough to deal with any situation freely. She would be the head of the Xiao Family Trillions Group in the future.

However, when faced with Gong Qingyu's seemingly cold, but unscrupulous, dead house girl, she actually felt a deep sense of frustration.

This guy really dare to say anything!

"Oh--!"

The classical beauty in the light blue skirt suddenly realized, staring at Xiao Mingzhu's short skirt: "You wore safety pants and fat times, no wonder you didn't... well."

Xiao Mingzhu shut this guy's mouth himself, and knew that this dead house girl was unreliable on Penglai Island, and it remained the same after returning.

"alright, alright."

The beautiful elder sister Gong Lianyi, who was standing on the side, pulled the two away with a smile, and said, "Qingyu, stop making trouble. School starts today, so you can report early."

Chapter 2694: Gong Qingyu and Xiao Mingzhu (Part 2)

Only then did Xiao Mingzhu let her go.

As a result, Gong Qingyu's first sentence made Xiao Mingzhu petrify in place.

"Call me sister Qingyu from now on!"

"...What are you talking about?" Xiao Mingzhu couldn't believe her ears.

"Call me, Sister Qingyu~Sister!"

Gong Qingyu's expressionless face finally burst into a triumphant smile, like a fox Xiaomeng who stole ice cream, showing a sly smile.

She had already seen on Penglai Island that the relationship between Xiao Mingzhu and Li Yun was not simple. The way the two got out of the car just now proved this point. Judging from Xiao Mingzhu's reaction, this matter is indispensable.

Therefore, since Gong Qingyu can't stop her, she should simply defend her position as the main palace. The women on Penglai Island are not her opponents. Fang Xue is a country girl. Don't worry, Su Muxin has a good family background but loves to play with love. To make trouble, not to be a big woman, Zhao Tianfeng is too cold, and it is not worth mentioning that he is a marginal role.

As for the other Liu Xianxian, Xia Feiyao, Jin Liuli, Shangguan Lingxian and others, Gong Qingyu can defeat them with one hand.

The only threat is Xiao Mingzhu, who is outstanding in ability and full-featured.

But now that she has caught the evidence that Xiao Mingzhu "stole" the man, she will also be suppressed!

"Okay, Qingyu, you used to have this idea!"

Xiao Mingzhu, who came back to her senses, figured out everything in a flash, knowing that she had been tricked by her.

Gong Qingyu smiled triumphantly again, as if proclaiming his victory.

Xiao Mingzhu smiled secretly in her heart. She pointed out the shortcomings of Li Yun's confidante, but didn't realize at all. She is a dead housemaid, and the door is not open. She stays at home watching anime and painting all day long. May be the main palace...

"Ahem, two beauties, we..."

Li Yun was about to speak, but Xiao Mingzhu waved his hand and smiled brightly at Gong Qingyu.

Gong Qingyu suddenly became nervous, does she still want to resist? !

"correct."

Xiao Mingzhu pretended to be curious and asked, "Qingyu how did you see that I was molested by your boyfriend just now?"

"How can I tell? Isn't it easy? I just glanced at..."

wrong!

Gong Qingyu reacted, her pupils shrank slightly, and soon she wanted to understand where her "fate and weakness" was!

Not because Xiao Mingzhu stole her boyfriend and caused her to lose, but because...

"It can be seen at a glance, it's amazing—"

Xiao Mingzhu smiled brighter and brighter: "It's because you and Li Yun did similar things when you were in the car, so you, Gong Qingyu, just noticed it at a glance! Right?"

"you!"

Gong Qingyu vomited blood back three steps, clutching his chest.

She lost!

"Pouch."

Gong Lianyi couldn't help but smiled. Her little Yuyu always looks like I am the smartest in the world. You are all stupid arrogant expressions. In addition to several failures in the face of Li Yun, as well as in Saint In front of the female Vatican Qingsheng, she didn't dare to talk too much. At other times, Gong Qingyu was a very proud genius girl.

However, Xiao Mingzhu is also a wealthy daughter who is no less inferior to her and has a comprehensive development of morality, intelligence, physicality, art and labor.

The two approached because of Li Yun's relationship, and there will definitely be multiple confrontations in the future, just like now.

"Yeah." Xiao Mingzhu took advantage of the victory and looked at the beautiful royal sister Gong Lianyi with a smile, and said: "Lianyi sister, you are not surprised about Qingyu and Li Yun in the car, does it also mean... ..Sister Lian Yi, are you also participating?"

Gong Lianyi's smile froze and received a fatal blow.

Chapter 2695: Who is the co-pilot

When Gong Lianyi and Gong Qingyu went to the airport to pick up Li Yun from the airport, the three of them were indeed in the backseat together, making the driving maid blush and not daring to drive too fast, so that the three of them had more fun. Time is messing around in the car.

Now that Xiao Mingzhu pointed it out, Gong Lianyi suddenly thought of the original situation, and it has been a long time since she was intimate with Li Yun last time.

"Mingzhu, you guessed it!"

Li Yun replied solemnly, and then stepped forward to encircle Gong Lianyi's waist and kissed her red lips in her surprised eyes.

Xiao Mingzhu, Gong Qingyu, the maid on the side, and several guards farther away were all shocked.

The guards had seen the intimacy of the aunt, the young lady, and the grandmother, but now they are in front of an outsider!

Uncle dare to do this, it's really... amazing!

It took three full minutes for Li Yun to let go of Gong Lianyi. This elegant and charming lady was already shy. As soon as her lips separated, she immediately lowered her head shyly, not daring to look at people.

Did not escape.

"We were like this at the time, slightly different from yours in Mingzhu."

Li Yun smiled and said to the blushing Xiao Mingzhu. Then, he kissed Lian Yi's charming cheek again, and said softly: "Lian Yi, Qingyu and I are going to school first. Wait for us at home, and I will take it tonight. Caiwei and Caixia are back."

"Well, I will prepare the room."

Gong Lianyi was as virtuous as ever, and without being shy, she immediately said that she would arrange a place for Li Yun's sisters.

From Monday to Friday, Li Yun and his sisters will live in Mansion No. 3, and they will return to Huangting Mountain on weekends. Of course, this is not always true. Sometimes when they go to school, they will also live in Huangting Mountain.

As for the little princess, she lives wherever she wants.

After bidding farewell to Gong Lianyi, the three prepared to get on the bus, but the two women had slightly different opinions on the arrangement of positions.

"Who is driving?" Gong Qingyu glanced at Xiao Mingzhu.

"You drive, Li Yun and I will sit in the back!"

In order to win, Xiao Mingzhu went all out, ready to contribute her long legs!

"No, you open!"

"It's you, I don't mind."

"Don't be long-winded, as long as you drive, this is your car!"

The two women quarreled again, and Li Yun could only volunteer his courage. He could foresee that in the next four years of college, they would probably also be noisy.

Li Yun took over the task of driving, but a new problem came again.

"Who is in the co-pilot?"

"I!"

"No, it should be me!"

"I was in the co-pilot just now, and this is my car!"

"Just because it's your car, you have to sit in the back seat of the owner."

Gong Lianyi couldn't stand it anymore, pushing one with one hand and letting them both sit in the back row, which ended the confrontation between the genius girls.

After Li Yun waved goodbye to Gong Lianyi, he once again mobilized this luxury car worth hundreds of millions to carry two beautiful women to Zhonghai University.

In the back seat, the two women began to chat, just like girlfriends and sisters.

"Qingyu, I just found out how you go to school wearing an ancient skirt? Are you afraid of being watched?"

Xiao Mingzhu's words made Li Yun also stunned, because Gong Qingyu usually likes to wear classic dresses, so he didn't notice it.

"This lady is naturally beautiful, and she is naturally the focus of the crowd."

After the arrogant Gong Qingyu said these words, he smiled and said: "I wear this dress, naturally there is my reason. May I ask Xiao Mingzhu, what is the reason?"

Li Yun had a headache, and the two started again!

Chapter 2696: Archaeology

"reason?"

Xiao Mingzhu smiled and called her name directly: "Miss Gong Qingyu, you don't feel ashamed of wearing this way. There are probably only two reasons: First, you want to join a Hanfu or cosplay club. You have already contacted someone in advance, so this Dress to report.

Second, your major is archaeology, so as long as you wear ancient costumes and show up at the archaeological freshman reception, it will not be surprising.

three. "

"and many more!"

Gong Qingyu stopped her: "Didn't you say there are only two points?"

"I thought of it temporarily." Xiao Mingzhu blinked innocently, "Because Gong Qingyu, your personality is too independent and special, so even if you don't have the first two reasons, you probably don't feel ashamed when you go to school in an ancient dress, right? "

Gong Qingyu said generously: "Hanfu is our traditional costume, why do you feel ashamed? You are the one who should be ashamed!"

Xiao Mingzhu's expression was stagnant, and there was nothing to say.

"So you guess what I am!" Gong Qingyu urged.

"two."

"Why?"

"It's very simple."

Xiao Mingzhu smiled and said: "I remember you once said that you don't want to waste too much time in school when you are in college. You would rather stay at home than go to class. So in order to achieve this goal, you choose an unpopular major in archaeology. With your own financial situation, you can easily buy through the school and give you the privilege of long-term leave!

Because it's an unpopular major, so even if you don't go to class, others will not notice it. Only when you are a special student, including the one you wear today, is also to make yourself look different. In the future, asking for leave and not going to school becomes Of course. "

Li Yun, who drove in the front row, couldn't help but admire. Although it was a bit far-fetched, Xiao Mingzhu's IQ was really not covered.

"mistaken!"

Gong Qingyu smiled triumphantly: "I am indeed an archaeology major, but at the same time I am also a member of the Hanfu Club!"

Xiao Mingzhu was not surprised, nodded and said, "You are an otaku watching anime. It's normal to meet friends from China Overseas University on the Internet."

"Damn, you guessed wrong and still so arrogant?"

"I am confident!"

"You have bamboo on your chest? No, you are not a bamboo shoot, Mingzhu."

"Ah? Ah!? Ah, Gong Qingyu, you are going to die!"

The two women laughed and joked, and it took a long time before they stopped panting, and there was a blush on the delicate and beautiful faces.

After being watched by a passing vehicle for the tenth time, Li Yun realized one thing: "Mingzhu, your luxury car is too embarrassing. We will definitely be the focus when we drive to school. I don't want to be a local tyrant. "

China Overseas University is not the same as Foreign Language Middle School. Although it is also enrolled in the children of rich and powerful people, a large proportion of them are from ordinary families, and driving a luxury car is easy to be rejected.

"Moreover, where is the car parked?" Li Yun asked another question.

"Go straight to school and stop at school."

"Huh? The university can't let the students park at will. Today is the beginning of school, and the parents' car can't get in."

"Haha, Shanren has a clever plan."

Xiao Mingzhu smiled triumphantly.

Gong Qingyu pierced her: "What's the trick, isn't it just money? Your family donated a building to China Overseas University. The school gave you the privilege of Xiao Mingzhu. Of course it doesn't matter if you drive in a car. You just want to live in the staff dormitory. It will be all right."

"Huh?" Xiao Mingzhu looked at her in surprise: "You really guessed it. I do have a three-bedroom, one-living, 120-square-foot house in the school. You can live anywhere in the past four years!"

Chapter 2697: Xiao Mingzhu

At this moment, Li Yun deeply realized that he was different from those who had been rich since childhood.

He spends money to buy luxury cars at the S4 store, go to the most luxurious shopping malls to sweep the goods, at most, buy a house in a place like Huangtingshan.

But the Xiao Mingzhu family is different.

Her customized Rolls-Royce, the only one in the world, has a V16 engine that can accelerate to 100 kilometers in just three seconds.

I don't need to say what I want to wear. The seemingly simple set of purple plaid pleated skirt skirts looks very fashionable when worn. It is estimated that it is not worth tens of thousands of dollars.

Live?

In order to allow Xiao Mingzhu to go to a post-university university, Xiao's father directly donated a building to the school, thereby gaining the privilege of driving into the school. There is also a three-bedroom, 120-square-meter super large faculty house, which is inside the school. !

Li Yun couldn't help thinking of a joke on the Internet, saying that he bought a house in which city he went to study, and sold it after graduation. As a result, the house price appreciated and made a million, which is equivalent to living in vain for four years. Earned hundreds of thousands.

The speed at which the rich use money to make money far exceeds the speed at which ordinary people make money, and the rich will only become richer.

But Xiao Mingzhu, a wealthy daughter of this level, has long been out of the vulgar category of making money. She is more powerful than the people in the jokes, and she lives directly in the school!

It is conceivable that the classmates will return to sleep at noon in the future, and everyone will be crowded together in the four-person dormitory, but Xiao Mingzhu alone will occupy a three-bedroom, one-living room, and possibly a study room.

The gap is really too big.

"Look at your envious look." Xiao Mingzhu chuckled in the back seat and said, "Why don't I leave you a room in that suite? By the way, sister Qingyu, do you want it?"

Gong Qingyu: "..."

Am i sister? You are my sister!

The two women quarreled again. Li Yun drove along and followed the traffic to the entrance of Zhonghai University.

As a result, I saw two "acquaintances" at the door, and his phone rang, so Li Yun was forced to temporarily leave the car on the side of the road some distance from the school gate, and the three of them walked to the school gate. .

When Xiao Mingzhu saw the banner hung at the school gate welcoming Li Yun, a new student in the field of planning, his eyes suddenly lit up.

"Come, come, come, come! Prepare, get up!"

A cheerful girl's voice sounded, followed by the cheers of a group of girls.

"Welcome, welcome, warm welcome!"

"Warmly welcome the national college entrance examination champion Li Yun to become our junior!"

"Senior Sisters and Seniors in 2019 welcome Li Yun's younger brothers to apply for majoring in Computer Science!"

The voice shook the sky, and Li Yun was stunned.

At the gate of China Overseas University, a group of freshmen coming and going were all dumbfounded. Are these battles welcoming leaders to inspect? No, it is a hundred times more grand than a leader inspection!

"The national college entrance examination champion? Hey! This famous guy wants to scare him to death?" A freshman immediately expressed dissatisfaction. He was not the champion of the North Three Provinces!

"I, Cao, don't you know Li Yun, the national college entrance examination champion? Are you Mars coming?"

"Huh? What's the situation?"

"Live broadcast the national college entrance examination papers in one day, almost all the scores, the history is said to be the most powerful college entrance examination candidates, there is no one before and after..."

After a group of frightened students reacted, they rushed in excitement. The theology student blessed me not in number theory, the theology student blessed me to find a girlfriend and so on!

There are also some who admire the beauty of the two girls around Li Yun, cheeky wanting to get the V letter from the school girl.

Chapter 2698: Classical Hanfu School Girl

When confronted with a conversation, Gong Qingyu was cold all the way. Wearing an ancient costume, she also took out an ancient-style small fan with delicate plum blossoms embroidered on it to cover her beautiful cheeks and make her proud.

Unexpectedly, not only did not stop these college boys, but also made them even more excited.

"Wow, the school girl is so beautiful in cosplay! The temperament is also first-class!"

"Fuck, I said it ten thousand times, Hanfu is not a cos!! It is not a cos!! The school girl ignore them and take a photo with the school sister?"

"Look here for the proud Hanfu school girl!"

"Ouuuu, so temperamental, I love that little fan to death!"

"I think the girl in the fashionable short skirt next to the Hanfu school girl looks better. Damn, this smile is too bright and cheerful. Senior I am going to ask for her V letter. Don't stop me!"

A group of boys and girls from Zhonghai City University was restless and overwhelmed the welcome shouted by someone.

Before Li Yun entered the school, he deeply felt the difference between high school and university.

High school students are more restrained and concentrate on studying. Even if they encounter beautiful women, they just appreciate it quietly, and it is impossible to come forward to strike up a conversation.

But the university is different.

The suppressed youth broke out, one by one, like hungry wolves on the radar, they dared to strike up a conversation when they saw beautiful women, more outgoing, more unrestrained, and more enthusiastic!

University is the last stage of growth in life. If you can, you must go to university!

Even in the worst schools and the worst majors, you have to feel the atmosphere of the university. Three or four years of time will not delay making money. Some people who say that it is better to go to university than to work early will most likely regret it in the future.

"Ahem, everyone! Senior sisters and seniors!"

Li Yun strenuously stopped them, looked at the cool-dressed cheerleaders, and smiled: "My name is Li Yun, I am very glad that you have welcomed me so warmly, and I am flattered as a junior. I feel honored and terrified. what!!!"

"Hee hee hee."

The girl led by the cheerleader came up with a smile, and put her charming little face in front of Li Yun: "Since the younger brother is flattered, why don't you give the younger sister a little reward?"

"!!!"

Everyone stared their eyes out. The girl grew up very beautifully, with a slightly sweaty face, and the more youthful it became, and there was still a hint of noble and elegant temperament, as if she was...the big international business man. The line of three flowers? !

A faculty flower, unexpectedly put his face in front of the younger brother like this, let him kiss casually? !

And still asking for rewards? !

As a result, the other girl beside the girl who asked for the kiss glared at her and looked jealous.

"Oh my God! Why am I not the top pick in the national college entrance examination!"

"Wait, I remember that this department flower has the ability to compete for the title of school flower, it seems to be quite cold?"

A group of boys looked at Li Yun with envy, jealousy and hatred, watched him helplessly, and kissed the face of Senior Sister Xihua with their lips.

"Ah!"

Senior Sister Xihua exclaimed, her face flushed at a speed visible to the naked eye, and her whole body was dancing with excitement, like a crazy girl.

"Wow, that's great, great!" Sister Xihua waved the cheerleader flower ball in her hand, "The schoolboy is awesome, the schoolboy is the best, awesome, dad...well."

She accidentally called out the name of the evening.

A group of boys were dumbfounded again, what did they hear? dad? really? It must be fake!

"Mu Xin, you are still so shameless."

Chapter 2699: University is different

Gong Qingyu said jealous words with a cold face.

Yes, Sister Xihua is naturally one of Li Yun's confidantes. She is already a junior this year. She is nicknamed Little Pepper. She spent seven days and seven nights on the Ocean Princess with Li Yun and three others during the summer vacation. She can almost be called The daughter of the richest man in the country, the daughter of the richest daughter:

Su Muxin!

And the one standing next to her is naturally the school flower who came to this thing earlier.

"Hehehe, school girl, don't be jealous." Xihua senior sister Su Muxin smiled and leaned forward to Gong Qingyu's body. On the small plum fan that covers the beautiful face.

"Wow!" a group of girls exclaimed, they also want to kiss the pretty little fans and elegant faces of the classical school girls!

How loving is the post between girls?

"you!"

No matter how cold, Gong Qingyu was watched by so many senior sisters and seniors to be intimate with Su Muxin, and felt a little shy. The cold classical beauty suddenly broke her work, with a red cloud on her face, she became a shy lady. , The temperament is so good that the girls are jealous.

"Woo, Hanfu school girl is really good! Drift! Stuffed!"

"I'm in love with love, do Hanfu school girls want to join the Hanfu club?"

"School girl, I am also the Hanfu Club-the cos club next door! We are one family!"

A group of people yelled and booed. They didn't even see the intimacy of the two girls and suspected that they were Bai. He, including Senior Sister Su Muxin who was going to school to kiss her younger brother. No one was sure that they were a couple. They just doubted it.

After all, many people in the university play crazy. In this warm atmosphere of welcoming the national college entrance examination champion, it is normal for the senior sister to be handsome and the younger brother, at most saying that she played too high.

In fact, many girls look at Li Yun with their eyes bright. This genius schoolboy is not only rich (reward for live broadcast), but also handsome, smart and good-tempered. They are also willing to come forward and ask for rewards for the schoolboy!

Su Muxin was like a fish in the water in this atmosphere, and she wanted to kiss Xiao Mingzhu. After all, the two were already familiar with each other when they were on Penglai Island. A kiss is not a problem at all.

Xiao Mingzhu naturally refused.

"Go away, your senior sister is too enthusiastic!"

Xiao Mingzhu pushed Su Muxin away with a look of disgust, but was still hugged by this enthusiastic little pepper, and moved forward vigorously, rubbed her with her cheek, and came up with a sticky face among the girls.

Then a group of animal-like seniors and seniors made a noise, raising their mobile phones and constantly taking pictures.

The joyous atmosphere lasted for more than ten minutes before Li Yun was able to walk into the school gate.

"University... really is very different from high school!"

Li Yun couldn't help but sigh again, elementary school is ignorant, junior high school is immature, high school is depressed, hard-working, and youthful. After this depression arrived at university, everything was released and turned into a flood of fire.

"Damn it, why do I welcome you as a freshman!"

Fang Xue complained. After she arrived at Zhonghai University in Li Feng's car, she was pulled by Su Muxin before entering the school gate and followed the cheerleaders to greet Li Yun at the school gate.

As a girlfriend, but standing to greet her boyfriend, it's no wonder that Mr. Fang complained.

"Okay, don't be angry, come."

Li Yun smiled and wanted to hug her waist. As a result, Fang Xue immediately hid behind the tall Gong Qingyu with full vigilance: "What do you want to do? Didn't you tell me? When we were in college, you... .."

Not my boyfriend!

Chapter 2700: The profession of women

It's not my boyfriend, Fang Xue didn't say this.

Because of certain undisclosed relationships, she agreed with Gong Qingyu and his daughters that they would not disclose their relationship with Li Yun as boy and girl friends during school, so as not to cause bad consequences and affect their respective university life.

After all, several of their big beauties are the girlfriends of a boy, and it is definitely not good to spread it out, boys will envy them, and girls will reject them.

But as long as they don't choose to make it public, it doesn't matter if they say that Li Yun is pursuing them.

"Uh."

Li Yun once again tasted the embarrassing situation of "one monk picks water to drink, but three monks have no water to drink". There are too many confidantes and there will be troubles, such as now.

"Hee hee, the younger brother is really true, and I want to have some missing? It makes the younger sister a headache~"

Su Muxin pretended to be addicted to her senior sister, and she looked at Li Yun with her charming eyes, which was self-evident.

After all, it has been more than two weeks since I haven't seen each other, and she wants to call her father again.

Xiao Mingzhu couldn't bear the weird look of the people around him, and quickly turned off the topic: "Li Yun, did you also apply for major in planning?"

Gong Qingyu and the women suddenly looked at Li Yun.

It was also for some reason that the girls deliberately concealed each other when applying for the school, and did not let Li Yun say it. Everyone applied for the exam according to their own wishes, and no one knew who applied for the major.

Except for Li Feng and Zhao Tianfeng who clearly stated not to study at Zhonghai University, the majors of Li Yun, Fang Xue, Xiao Mingzhu, Gong Qingyu, and Liu Xianxian are all unknown.

"Yes, I'm from Computer Science."

Li Yun nodded and said, "I study everything the same, so I chose a popular major to feel the atmosphere of the university, and coupled with my familiarity with computers, I can easily skip classes in the future."

People around: "..."

It's worthy of being the national champion in the national college entrance examination, is this human?

But it also makes sense.

More than ten years ago, the popular majors were biology, machine manufacturing, and construction. But these industries have long since declined, and biology has even been dubbed "the hottest subject in the 22nd century"-because the 21st century is coming, the media is spreading 21 The century is the century of biology. As a result, those who applied for biology only found out that they couldn't even find a job, and garbage creatures ruined my life.

Therefore, biology is called the most popular major in the 22nd century, which means that after a hundred years, biology will pick up.

Today's universities are undoubtedly the most popular computer, computer science and technology (the most orthodox computer major), digital media technology, art (video editing, 3D production, everything related to vision), software engineering, etc.

These professions have benefited from the exponential increase in the number of netizens and have become the most popular industries.

In layman's terms, the most profitable.

211 and 985 are related to construction and can only get seven or eight thousand wages after going out to work, but the starting salary for computer majors in the same school is 16 thousand and 16 or 18 a year, that is, the year-end bonus is paid for more than 4 months. Salary!

Even a third-rate undergraduate computer student, as long as they find a job, the starting salary is more than 6K.

So nowadays, the computer department of the university is definitely the department with the most staff in the school, perhaps not one of them.

"Jingke?" Fang Xue bit her lip and glanced at Li Yun with a bitter look, "I knew you wouldn't choose finance!"

"Huh? Xiaoxue, are you financial?"
