

Godly Choice 2701

Chapter 2701: Pearl

It was not Li Yun who called Fang Xue Xiaoxue, but Su Muxin. She held Fang Xue's little hand in a pleasant surprise and said, "I am in international business, and my major is similar to your finance. Exchange, senior sister, I will give you a small stove!"

Fang Xue nodded. She didn't go to Penglai Island. She didn't have a close relationship with the women around Li Yun. She didn't reach the level of sisters, but they were not bad either. They belonged to the category of good friends and could joke about with each other at will.

"I am archeology." Gong Qingyu's profession has already said before.

Fang Xue and Su Muxin were stunned when they heard that, glanced at the ancient Chinese costume on her, and smiled at each other suddenly.

"My profession... confidential."

Xiao Mingzhu blinked at Li Yun, her appearance was very cute and cute. Gong Qingyu glanced at it and rolled her eyes suddenly: "What are you keeping secret? Just the expression of your mouse stealing sesame oil, you must also be Ji Ke!

The proof is that you used 'have you also reported to the department of planning? "Come and ask Li Yun. Besides, when you see the banner at the school gate, you feel like you have eaten pistachios. You still have to guess the truth? "

Xiao Mingzhu's expression froze.

So it's really annoying to have a smart person around!

"Well, Mingzhu and I are in the same class as you?" Li Yun stretched out his hand to her jokingly, "Mingzhu classmate, I would like to take care of you in the next four years!"

"A lot, a lot of advice!" Xiao Mingzhu blushed on her beautiful face, stretched out her hand, and held Li Yun's big hand. At this moment, she clearly felt the taste of love.

The three daughters of Fang Xue were jealous.

Xiao Mingzhu hurriedly threw away Li Yun's hand and explained to them: "When I applied for the exam, I didn't know what major Li Yun applied for. Really, you believe me! I studied computer, mainly because my dad kept saying Real estate has no future in the future, and I want to transform into service industries such as sports, movies, and culture!"

Fang Xue's three female faces looked strange.

Is this not a confession?

Before they said anything, Xiao Mingzhu hurriedly explained it, enough to show that there was a ghost in her heart!

Su Muxin chuckled, holding her little hand and calling her sister Mingzhu, making Xiao Mingzhu feel hot on her face.

"Too lazy to care about you."

Gong Qingyu slapped the sour smell of love between her nose with a small plum fan, and glanced at them: "I'm going to the club. Today is the day of recruiting new people. Remember to take good care of this guy and be asked to hire him again. Yindie. Also, Li Yun, you come to me tomorrow, and we will join the painting club again."

draw?

Only then did Li Yun remember something that had been happening for a long time. During an art exhibition with Gong Qingyu, he met a great painter named Fan Yongsheng.

At that time, Li Yun defeated another person with a painting, and Fan Yongsheng insisted that he wanted Li Yun to study painting. In the end, Li Yun promised him that he could treat painting with Gong Qingyu as second after he went to college. Professional, this made Fan Yongsheng satisfied.

"Li Yun!"

Just after agreeing to Gong Qingyu's request to leave her satisfied, Fang Xue said again: "When choosing a public class, remember to choose the same one as me. Okay, I'm leaving too. Go to report~"

After finishing speaking, Fang Daxiaohua also left contentedly.

Although she and Li Yun are not in the same major, university and high school are different. The university has public classes that all students can choose. Generally, there are 3 to 4 classes per week, and they are all arranged in the evening.

Chapter 2702: counselor

For example, Japanese electives, French electives, as well as media communication electives, tea art, and even education-type courses such as the relationship between men and women and so on.

These courses are not important, but they also require enough credits.

Because of this, Fang Xue agreed to choose a major blindly. After all, even if he is not in the same major as Li Yun, he can still attend classes with him in public classes.

And because of the more relaxed public classes, the two can talk more relaxedly... fall in love.

"Okay, senior sister, I'm going to be busy too." Su Muxin smiled mischievously at Li Yun and Xiao Mingzhu, and pointed her finger to the distance: "The report point of the Department of Computer Science and Technology is there. Just go to the seniors with the admission notice, ID card and other documents!"

After speaking, Little Pepper waved to the two of them and left with the group of cheerleaders.

These team members seem to be her classmates, all of them are pretty and full of youth.

Li Yun and Xiao Mingzhu who were left looked at each other. The latter seemed to be a little bit shy again, his face turned slightly red, and he took a deep breath and said, "Let's go too, and report!"

For the next four years, she will be in the same class with Li Yun.

Just thinking of this, Xiao Mingzhu felt a rapid heartbeat. This was something she hadn't even thought about before.

She has thought about falling in love in college and fantasizing about falling in love, but she is definitely not talking to a **** like Li Yun, let alone being like this, just getting along with him makes her heart beating.

So this is what it's like to be in love?

"Mingzhu, wait for me."

"Can't you hurry up? It's dwindling."

Xiao Mingzhu wailed in front of her, and the eyebrows were filled with joy and joy, and she was full of expectations for the future.

Even if it is shared with Fang Xue and others, even if he wants to be worthy of their sisters in the future, Xiao Mingzhu is willing to be with Li Yun.

Besides, Gong Qingyu and the others are quite interesting, and they won't worry about not finding their girlfriends when they go shopping in the future.

...

At five o'clock in the afternoon, Li Yun wiped off his sweat and finally ended the day of entertaining new students.

Originally, he was also a freshman, so it was the seniors who came to entertain him.

As a result, after seeing the counselor, he was immediately recognized as Li Yun who was doing the live broadcast. In addition, he and Xiao Mingzhu are the kind of outgoing and capable people, so the counselor Li Xiaolan took the lead. The two sat down and helped out at the freshman reception desk together.

Thanks to this, Li Yun and Xiao Mingzhu quickly became celebrities in the first class of Jike. As long as they report after 10 o'clock, he knows them.

He also helped many girls to go to the dormitory with their luggage. The girls went to the supermarket to buy things and called him. Li Yun carried a lot of daily necessities with one hand. The strong body made a group of female classmates scream. Endless.

The final result: V letter of 15 girls lay quietly in Li Yun's address book.

"Li Yun, I trouble you guys today, the teacher invites you to have a meal?"

Counselor Li Xiaolan said to the two with a smile.

She is also surnamed Li, 26 years old this year, just graduated with a master's degree, planning to be a counselor while preparing to study for a doctorate degree in a foreign university.

It looks good, but it's definitely not as good as the confidantes around Li Yun. Compared with the allure, there are hundreds of boys who take the initiative to strike up a conversation in one day and want to add a V letter to Xiao Mingzhu. That said, it's even worse.

"Li Yun, what do you say?" Xiao Mingzhu asked.

Chapter 2703: You are wiping the wall

Li Yun saw the sweat on her forehead and straight nose, so he took out a handkerchief from her pocket (actually in the space ring) and directly put it on her face and wiped it, causing Xiao Mingzhu to protest.

"Look at you, it's all sweat, come and wipe it."

"Are you wiping? You are wiping the wall!"

The boys and girls next to them were jealous with envy when they saw the two playing like a couple.

Especially the boys who tried to invite school girls to dinner, when they saw Li Yun wipe Xiao Mingzhu's beautiful, sweaty face with a handkerchief, they were even more jealous.

Even the counselor, Li Xiaolan, had a look of admiration in his eyes. Li Yun and Xiao Mingzhu are golden boys and girls, and Lang has a concubine and interested. It is conceivable that the two of them will have a very happy college time in the next four years.

"Eating? I'm afraid not." After Li Yun wiped Mingzhu's face, he gave the counselor an apologetic smile: "Neither Mingzhu nor I went to the dormitory to take a look. I ate with my roommates!"

Li Yun has never lived in school, nor did he arrange dormitories for him in junior and high schools.

But universities are different. Even if you do not live on campus, there will be dormitory arrangements for you.

In other words, both Li Yun and Xiao Mingzhu have roommates for the first time!

"Ah, yes!"

Xiao Mingzhu realized then, "So I already have a roommate, so I'm sorry, teacher, next time I will invite you to the teacher for dinner?"

Li Xiaolan was a little disappointed, but didn't force it, and left after saying goodbye tonight.

Li Yun can probably guess what she thinks, Xiao Mingzhu's reputation is still too big, the counselor recognizes her, maybe he wants to make a good relationship, right?

The difference between college and high school is that college is also a small society. Human relations have become important. The counselor has the idea of making good friends with Xiao Mingzhu. It is understandable to plan for future development. After all, she is now the richest man in Zhonghai City. The teacher of the daughter, if you don't make good use of this relationship, it would be too stupid.

Huang Xuanguo, after all, is a society that relies on relationships. If Li Xiaolan resigns and finds a job in the future, perhaps Xiao Mingzhu can get her a good job with just one sentence.

This is the importance of maintaining relationships.

"Mingzhu, see you tonight."

"Well, Li Yun, see you tonight."

After bidding farewell to Xiao Mingzhu, Li Yun finally regained his "singleness". He could visit Zhonghai University alone and watch the energetic college students in groups, or go to the library on a bicycle or carrying a schoolbag, or It was walking out of school together.

Everyone is confident and high-spirited.

It is really difficult for people who have never been to a university to see so many outstanding talents gathered together. The more well-known academy, the more energetic the students will be.

This kind of experience is very, very difficult outside. Li Yun feels that even if he has made hundreds of billions and become an immortal immortal and powerful person, he is willing to come to university during this time period and experience the university life.

"Caiwei, um, I won't go to dinner tonight, you guys eat first... Qingyu and the others didn't go back? Haha, I guess they are all going for dinner with roommates and classmates. Okay, next time my brother will compensate you! "

Li Yun called back and said that he would not go to dinner tonight. The little princess also went to Mansion No. 3. It was estimated that they could only have dinner with Lian Yi.

Fortunately, with Lianyi taking care of it, the sisters will not suffer.

Chapter 2704: Brother Xue Shen

Hanging up the phone, Li Yun went to Building 3, Area B of the dormitory building of China Overseas University, and followed the stairs to the third floor.

He was recognized by many people along the way.

"Huh? You're the college entrance examination champion who applied for the live broadcast, what's your name... Li Yun?"

"Yes, it's me."

"Tackling, big celebrity! Live broadcast received millions of gifts at one time, I am so envious!"

"Really? Millions of gifts?"

"The Shark official paid half of it, but the gift money should also be given to the college entrance examination champion, right?"

"I...Cao, I am so envious!"

"The first genius of three thousand years was the champion? Let me see if I have two heads, why are they so smart!"

Before arousing onlookers, Li Yun hurriedly flashed people and went up to Room 305 on the third floor.

Before entering the dormitory, several students from the computer science class were squatting and chatting outside the 304 gate. They immediately recognized him. After all, Li Yun and Xiao

Mingzhu served at the freshman registration point for so long, and half of the students in the computer science class were there. acknowledged.

"It's Li Yun here!"

"What is Li Yun? Li Xueshen!"

"Learning God is coming!"

A horrified roar instantly attracted the attention of many people in the dormitory, and they poked their heads to see what was going on.

Li Yun greeted them, and was about to enter room 305, but a person came out of 305. After seeing him, he shouted:

"Heroes, you can count on it!!"

Li Yun: "..."

He saw an acquaintance.

"What's the situation with the heroes?" Everyone was dumbfounded, because they had known each other a long time ago.

"Uh, don't call me a hero."

There are many titles of Li Yun, Mr. Li Li Chaoren Li Xueshen or something, but he was called a hero only once.

It was when he was chasing a Six-Door Sect practitioner, and when he went into the sewer by the river with Fan Qingzhu, a man saw him jump into the sewer a few meters high, so he got the title of hero.

Later, Li Yun still met him in a KTV, and Tang Anxi realized it because of him.

"I remember your name is Wang Hao?" Li Yun asked.

"Yes, hero... ah no, big brother? Remember me, hehe, it's an honor for my little brother! When I saw the name of my roommate, I guessed if it was your big brother. The result was really great! By the way, you guys!" Wang Hao turned his head and shouted at Room 305: "Come out and see Li Xueshen!"

A group of people laughed. It is estimated that Li Yun will not be able to get rid of the title of learning ***** in the next four years.

Two people walked out from within 305, one fat and one thin. The fat one was over 1.7 meters tall, one hundred and fifty-six kilograms tall, and his eye circles were a little dark, and he looked like he had been tired for another day after the whole night; the thin one was about 1.7 meters Eight, one hundred catties in his head, his eyes gleamed with shrewd light, after seeing Li Yun, he immediately came forward and hooked his shoulders:

"Brother Xueshen, don't say anything, you will be my brother from now on!"

"?" Li Yun continued to be stunned.

"On the first day I came to school, I kissed Hua's face in the junior international business department, and came to school with the classical Hanfu school girl. What's more amazing is that you are still with our class's Banhua, the class of 2020 Xiao Mingzhu, a strong competitor for the school flower, is a close friend, maybe even a boyfriend and girlfriend! Brother Xueshen is too good!"

The thin man admired: "The so-called friends of beautiful women are also beautiful women. After learning God, I must introduce more beautiful women to my younger brother!"

When the surrounding students heard it, they felt reasonable, and they all yelled for beautiful friends.

Chapter 2705: Good friend relationship

Li Yun couldn't laugh or cry. This group of people should be freshmen. Just after graduating from a depressing high school, they couldn't wait to find a girlfriend.

It's really...youth!

"If you know that I not only kissed the face of the junior international business department, but also went on a romantic four-person seven-day cruise with her, wouldn't you be jealous?"

Li Yun thought amusedly that people will inevitably have a sense of superiority, just like him now, coughing cough.

"The introduction is easy to say. Are you going to pursue them?" Li Yun smiled slightly: "But I advise you not to waste your efforts, it is impossible for them to accept."

Nonsense, with the exception of Xiao Mingzhu, the other three women are all over 100. It is impossible for other men to be friends with them, and even boyfriends-there is no pure friendship between men and women, some are just classmates, Neighbors, relatives.

When men and women become friends from classmates, it means that something will happen, so don't believe in such things as male girlfriends, female confidantes, etc., for when a male girlfriend becomes a boyfriend.

"Chasing them?" The thin man shook his head: "I don't have this idea. Including the Hanfu school girl and Xiao Mingzhu in our class, they are all the best Bai Fumei on campus. They are born with a large group of men. Around it, there are countless outstanding boys that can be selected...By the way, Xueshen Li, I think you can also pursue Xiao Mingzhu in our class, don't the fat and water flow into the fields of outsiders!"

The appearance of Xiao Mingzhu, the beautiful women in classical Hanfu, and Fang Xue has made the boys in the new group of 2020 Department of Planning in Zhonghai City agitated for a long time, but most people also know that these beautiful women can't be easily won, so it is better to leave them to the class. Good boys chase them, at least they can't make outsiders cheap!

Li Yun smiled again. He didn't dare to say what he did with his hands when he drove Xiao Mingzhu in the co-pilot when he came in the morning.

If you let them know, I'm afraid they will be killed by envy eyes!

"Ahem."

Li Yun sternly said: "I have known Mingzhu for a long time, and they belong to...good friends. I know her personality and will not easily agree to a boy's invitation..."

While talking, Li Yun's cell phone rang.

Thin-eyed, he saw the caller's name noted on Li Yun's phone screen: Xiao Mingzhu at a glance! ! !

"Hush!" The thin man hurriedly made a silent motion.

After Li Yun connected, Xiao Mingzhu's voice came from the phone.

"Huh? You want to eat with us in your dormitory? Wait, I'll ask them."

"Damn!"

The thin man yelled: "Li Xueshen doesn't need to ask, we will definitely agree!! Walk around, Wang Hao, Zhang Zhou, go to dinner with the beauties!"

Seeing that because of Li Yun's relationship in the 305 dormitory, a female classmate invited to eat together. The other students in the computer science class seemed to have eaten lemons, and the whole person was sour.

A bare-chested boy said with envy: "Li Xueshen, you also said that Xiao Mingzhu would not easily agree to a boy's invitation, but she took the initiative to invite you. What is this? Could it be that..."

The eyes of everyone looking at Li Yun became ambiguous, as if we had seen everything through.

Li Yun is not easy to defend. He and Xiao Mingzhu do have a great relationship. They almost broke with a poke and officially became boy and girl friends.

However, Li Yun enjoys this state very much, and it seems that Xiao Mingzhu also enjoys Li Yun's pursuit of her.

Chapter 2706: Roommate

Beautiful invitations, plus roommate's cheating, Li Yun would be too ruthless if he didn't agree.

"Long live!"

The thin man cheered and said, waiting for three minutes for me, he immediately turned around and returned to the dormitory, undressed, changed shoes, and used gel water, preparing to make a sorrowful look, so that the classmates outside the door rolled their eyes:

Ah.'s too arrogant, deliberately not closing the door to let them see, this is pure heart to show off! ?

"Uh, I want to go together?" The fat man seemed reluctant, and glanced at the computer in the dormitory that he was still on.

Li Yun also took a look and found that he was beating and fighting, and he looked reluctant to let go of the fight.

"Damn, when can't I play the game? My girlfriend won't wait for you, don't hurry up, after a few days, the rest will be crooked melons and dates, you can't find them if you want to find them!" The thin man shouted while putting on his clothes, Fatty only then agreed, and went in to put on his boots to get his image better.

"Hey, Brother Xueshen!"

Wang Hao came up again, and Li Yun quickly waved his hand: "You called Brother Xueshen and I got goose bumps. From now on, everyone will be classmates. Just call me Li Yun...Oh, if you fail the exam, you can call me. Learn from God and bless you."

Li Yun joked that a group of classmates all laughed and felt that the Xueshen who had made millions in the live broadcast was also very approachable, and the sense of distance suddenly became much closer.

Through chatting, Li Yun learned about the situation of the three in his dormitory. Wang Hao is from Zhonghai City. He is 19 this year. He failed to pass the exam last year for a year. On that day, he was tired from studying and went to work out. Finally, he met Li Yun on the river bank. , And today the two have become classmates again.

In Wang Hao's words: God wants to give me a thigh hug!

Okay, Sao Bao. The thin man who is most interested in girls is Jia Yongshuai, a native of the province, but he came in advance before the day of the report. The purpose is to get familiar with the terrain and find out how many beautiful students there are in Zhonghai University. The elder sister has no boyfriend, so she prepares to meet the school girl by the way.

Li Yun was surprised to ask Jia Yongshuai who was combing his hair: "You want to find a girlfriend so much, why don't you help the counselor?"

"What?" Jia Yongshuai didn't react yet, and said strangely: "Why should I help? How tired to carry buckets and luggage for the new students!"

Li Yun: "...Tired is tired, but I added V letters from more than ten girls in one day."

"My Cao!!"

Jia Yongshuai then reacted, calling him because of a small loss, and only collecting information about freshmen beauties, but forgot to come forward to help, and he didn't even get a phone number.

Li Yun twitched the corner of his mouth. With this realization, it is estimated that he would not even want to find a girlfriend in his freshman year.

There is a high probability of failure to strike up a girl out of thin air, and the girl will treat you as a person with bad intentions, unless you are so handsome and jealous.

But if you find an opportunity to help the girl a little, or in turn, she helps you, so that the two of you have an excuse to go to the library for a meal, or go to the library to read together, or "coincidentally". Take public classes together, so that you can get closer together, find a suitable time, and find a romantic place to confess when you are shopping.

Just like Jia Yongshuai, who patronizes collecting information about beauties, even if he adds the V letter of all the beauties in the school and tries his best to chat with them, no beauties will look at him too much.

Once vigilance is formed, it is difficult to break it.

"You don't know how awesome Li Ge is!"

Wang Hao blew up Li Yun's deeds again.

Chapter 2707: I am also a supernatural person

After taking a look at Li Yun, Wang Hao blew even more vigorously after receiving acquiescence: "Brother Li is not only the champion of the national college entrance examination, but also a super talent!"

"stranger?!"

All the classmates exclaimed, their gazes at Li Yun became different.

Although many people go to Penglai Island every day, the powers are still a small number. Most people have only seen them in the news. I haven't seen people with fireballs, manipulation of metal, or the whole body becomes extremely hard.

If it weren't for the news all day long, most people would think that the supernatural person is just a bridge in the movie.

But now, Li Yun, the "superior" is standing in front of them alive!

"Yup!"

Wang Hao babbled: "I was running by the river that day, but I saw Brother Li with a beautiful woman... There was a bang, and there was a shock from the ground. I carefully looked into the hole in the sewer, Huo! Inside! It's all fire, so shocking!"

The corner of Li Yun's mouth twitched. This Wang Hao also has a talent for talking about cross talk. Fire? It was the fire spell released by Qingzhu's little maid.

However, Li Yun did not refute the argument of the supernatural being. Many things have been explained clearly after having the identity of the supernatural being. Anyway, ordinary students are unlikely to be exposed to more secrets, exposing "I am a stranger." There are a lot of conveniences for people with the ability.

At least there is an excuse to explain to the classmates for taking leave in the future (Li Yun can of course get the long-term leave from the dean of the department, but it is better to give the classmates an excuse).

"Li Yun, you are a supernatural person?!" After the skinny Jia Yongshuai changed into a brand new outfit, he was stunned, and then said to himself: "I don't know if the supernatural person will find a girlfriend more easily. ?"

"..."

A group of people gave him his eyes, and his abilities were considered to be in vain.

"I heard that there is another supernatural person in our class!" A classmate broke the news, and the topic was quickly brought up in this regard. A group of boys were enthusiastically talking, and vaguely came to a common conclusion:

Earth-shaking changes will take place in the future, and they need to seize the opportunity!

But many people have no way to start. The rich can still sell expensive boat tickets to Penglai Island and try their luck to see if they can get the power.

But for many ordinary people, a ferry ticket of tens of thousands yuan to Penglai Island is still too expensive.

Li Yun did not participate, and soon went downstairs with the three roommates.

"Brother Li!" Wang Hao couldn't help asking: "Have you become a supernatural person long ago? What should we do now? I feel so confused!"

The thin man and the fat man nodded one after another. Mentioned about Penglai Island, the fat man had no intention of playing games, and the thin man didn't want to find a girlfriend.

After all, once there are more abilities, many people will really die in the future!

"That's it."

Li Yun said half-truth and half-truth: "Many countries around the world have noticed these anomalies for a long time. I am a bit talented and enter the relevant departments, but I don't know much."

The three Wang Hao believed it.

Many people speculated that the incident on Penglai Island just broke out. In fact, there were a lot of signs and Huang Xuanguo's secret research was normal.

But Wang Hao always feels that Brother Li is not that simple, he may have stronger strength and greater power!

Li Yun said: "You are confused. The supernaturalists are estimated to be as confused as you. The 7.5 billion people in the world are confused. No one knows what to do next. But rest assured, I believe that the power of the country can solve these things. !"

Chapter 2708: Still a topic of supernatural beings

The three of them finally felt relieved.

Being confused is not terrible. What's terrible is that I am confused but others are awake. Everyone is confused? That's okay, let's die together.

"As expected to be Li Xueshen and superpower!" Jia Yongshuai gave Li Yun a thumbs up and said with a smile: "The road to the future is too lofty!"

Li Yun looked embarrassed, what else did he say? Let you quickly go to Penglai Island, accept the infusion of aura and become a superpower?

In terms of probability, tens of millions of people have visited Penglai Island, but it is roughly estimated that there are less than half a million people with supernatural powers, and there is no 1% probability.

"What's so tall?"

In the distance came a beautiful girl who was full of country and city. She came with a smile, bright eyes and white teeth, and a clever smile. There were three female classmates who looked good, like Xiaojiabiyu, but stood beside her. At this time, she can only make her country more beautiful.

"Mingzhu, you are here."

Li Yun said hello to the beautiful girl. Of course, she is the daughter of the Xiao family, Xiao Mingzhu. In the first day of school, more than a hundred boys talked to each other, which caused a huge sensation.

"You're Li Yun?!" A female classmate's eyes lit up, "Sure enough, she is a pair with Mingzhu, she looks so handsome!"

Xiao Mingzhu's smile froze, "What, this guy is not my boyfriend! He wants to pursue me, but I didn't promise to be his girlfriend, right?"

Xiao Mingzhu raised her eyebrows and looked at Li Yun with a slightly shy expression on her face.

Now that many people think that she and Li Yun are a pair, Xiao Mingzhu did not hide it, and generously expressed that he was being pursued by Li Yun, huh~!

Make this guy anxious, hehe.

"Ahem, it's okay, not too handsome, at least Mingzhu didn't like me."

Xiao Mingzhu gave him a slightly amorous glance.

The flirtatious appearance made Wang Hao and the others more convinced that the two of them were "Lang Qing concubine", and it was about to happen.

Everyone didn't click on it, and walked toward the school gate together, preparing to find a restaurant near the school gate to eat.

Along the way, Li Yun and Xiao Mingzhu once again attracted the attention of everyone. When they passed by, almost all men and women gave them a look to admire the handsome men and beauties.

Fortunately, Xiao Mingzhu did not sit at the freshman reception desk, and the boys had no reason to come forward and add the V letter, which was regarded as getting rid of a lot of wild bees and butterflies.

Neither Li Yun nor Xiao Mingzhu came by car. In the morning, Li Yun drove into the school and parked it, just below Xiao Mingzhu's 120-square-meter faculty dormitory. Normally, he would not drive it again.

So Li Yun only found a good-grade meal at the school gate, and ordered food and chatted after he went in.

After the topic turned around, he unknowingly returned to the ability, which is a topic that almost all modern young people can't avoid.

"Have you seen this news? I heard that a very powerful supernatural person appeared, whose body mutated into a beast-like appearance, was shot by a round of submachine guns, and bombed with bombs. Not only did he not die, he escaped!"

"Huh? Run away?"

"Yes, this guy called the steel beast supernatural power rushed into a resident in Lijian Nation and grabbed a lot of spirit fruits!"

"I'm Cao! Actually grabbing things from the world's largest country, this guy is really desperate!"

"You can imagine how messy Penglai Island is now! By the way, we Huang Xuan State has not been robbed?"

"Who dares to grab us? We have Superman Li who sits on Penglai Island. Superman Li can be invisible, control fire, use flying swords, and stab that steel beast with a single sword!"

"Hahaha, that's the same... By the way, Brother Li's surname is Li, and Li Chaoren is also surnamed Li... Could it be that? Hahaha, I guessed!"

Chapter 2709: Huang Guanying

Li Yun secretly wiped his cold sweat. Fortunately, Li's surname is very common. If his surname is a remote name like Tan, he must have been guessed.

It seems that you can't use fire + swordsmanship when you usually show abilities, otherwise it will be too easy to expose.

Not long after, the waiter delivered the dishes, and everyone ate while chatting about Penglai Island and the supernatural beings.

At this moment, a boy's enthusiastic voice came from the door:

"Brother Ying, please, this place is good, I often come here to eat, I guarantee it will be delicious!"

Li Yun looked up at random and found that he was still an acquaintance: a classmate in the computer science class, who had met him at noon, named Huang Guanying.

"The nasty guy is here." Xiao Mingzhu, who was sitting next to Li Yun, whispered, and put a dish into Li Yun's bowl. He deliberately said in an affectionate tone: "Eat, this is your favorite. of!"

"..."

Li Yun couldn't laugh or cry. In order to reject others, she actually pretended to be his girlfriend.

Huh? wrong!

Seeing Xiao Mingzhu's slightly red and bright cheeks, Li Yun was surprised. Could it be that she "want" to pretend to be his girlfriend? !

"Pearl, what a coincidence!!!"

After the sound of surprise sounded, a man who looked barely called Xiaoshuai, his figure was not bad, he was about twenty years old-anyway, looking at a man who was a little older than Li Yun's

table, he walked over in stride, imposing manner. On the contrary, the tigers are alive and powerful, and the ordinary pace has gone out of the arrogant momentum of patrolling their own restaurants.

The waiter around him was stunned for a moment, and he suspected which leader came to their restaurant for dinner.

"Classmate Huang Guanying." Xiao Mingzhu faintly greeted the man known as Brother Ying, and said, "I didn't expect you to come here to eat too, but I'm sorry, our table is full, you go to the next one. Let's eat at the table."

Li Yun almost laughed.

The meaning of rejection is already obvious.

Because generally speaking, there are already eight people at his table, and he can't squeeze in to eat together, and most people won't squeeze in.

But this Huang Guanying is not an ordinary person—he has a very thick skin!

At noon, I just stayed at the freshman reception point and chatted with Xiao Mingzhu for two hours. During this time, the counselor repeatedly hinted and made clear that he should go to the dormitory, but this guy just stayed and reluctant to give up until lunch. Leave.

"Full? Isn't this still a place?"

Huang Guanying hadn't spoken yet. One of the four or five followers beside him easily moved a chair from the side table and placed it between Li Yun and Xiao Mingzhu, and touched Li Yun's chair with the chair. Shouted:

"Hey, give in, squeeze and sit down!"

Li Yun was actually angrily laughed, and was about to speak, when the system prompt that he hadn't seen for many days finally sounded.

"Ding, trigger the option event, please choose from the host:

Chapter 2710: Tiger King Ability

God what a ninja turtle shell!

Return his meow is green!

Li Yun couldn't help but complain, and finally chose option 2.

According to his original intention, it should be to punch these people with one punch, so as not to be disturbed after dinner, but considering that Option 2 has many advantages, it seems that he is not so violent, Li Yun still chose it.

Regarding irrelevant matters, it is not a big deal to choose items against the original wishes.

"Excuse me."

Li Yun sat as steady as Mount Tai, while holding Xiao Mingzhu's braised pork with chopsticks, handed it directly to her delicate mouth, and said: "The table of eight of us is full. Besides, I'm not happy with flies. Let's eat together."

"Puff!" Wang Hao and others couldn't help laughing.

Then they were sour.

Because seeing Xiao Mingzhu actually opened his mouth and ate the braised pork that Li Yun had given her, while biting it, he whimpered and said, "How greasy is the braised pork? What should I do if I gain weight?"

"Don't be afraid of gaining weight, I want you!"

"You deliberately fed me braised pork for this purpose? Humph, even if my Xiao Mingzhu gains weight, that's a fat beauty in the Tang Dynasty!"

The two openly flirting and cursing behavior made Huang Guanying's face blue and purple, red and green, and her eyes stared at Li Yun like a snake!

"Classmate." Li Yun glanced at him faintly, "I persuade you, it's good to eat alone, right?"

"To you!"

It was Huang Guanying's attendant who was still talking, and he hit Li Yun's chair with a stool a few more times: "You **** let me die? Do you know who Ying is? Do you think you're going to be the top pick? !"

Li Yun was not angry, not to mention his status as a world-famous Li Chaoren, just to say that his current strength has long surpassed the ordinary people too much, even if he now outrageously announces to enter the territory of a certain powerful country, it is estimated that the world will not be able to stop him.

The adults don't remember the villains, and the prime minister can hold a boat in his belly. Li Yun's current mentality is quite similar.

He couldn't get angry with these people, but was a little curious. Who was Huang Guanying, he didn't look like he was very rich, and he actually dared to pursue the domineering pursuit of Bai Fumei Xiao Mingzhu.

Could it be that.....

"Are you a supernatural person?" Li Yun raised his eyebrows and looked at Huang Guanying.

The six people at the same table, plus other diners in the restaurant, the waiter, the little girl collecting money, and the people who were opening the door and walking in, all looked over with surprised eyes.

Judging from this scene, it is enough to see the current "peculiar" status of the supernatural person in the hearts of ordinary people!

Both curious and awed.

The supernatural beings seem to be the first step to gain powerful power. Different individuals from ordinary people, they are like "monsters" coming out of the movie!

But because people all over the world are likely to acquire supernatural powers and become supernatural powers, this kind of "monster" makes ordinary people less repulsive, and is naturally much closer.

The contradictory mentality has caused intense discussions among the billions of netizens on the Internet. Until now, they don't know what kind of attitude they should use to face the supernatural beings. They can only wait quietly for the aura of Penglai Island to spread, praying that they can also control fire and water. The extraordinary power!

"good!"

Huang Guanying's attendant was still speaking. He held a chair and said proudly: "Our Ying brothers are both brilliant, brave and mighty. After the aura of Penglai Island escaped, we decisively spent 200,000 to buy a ferry ticket to Penglai Island. After boarding the island, Brother Ying was like a **** helper and instantly gained the Tiger King ability!"
