

## Godly Choice 271

Chapter 271: Spoil your girlfriend

"Ding, trigger the option event, please choose from the host:

Option 1: Spoil your prospective girlfriend, offer a cup of milk tea, reward Liu Xianxian with +1 favorability, +1 charm, and a random gift (limited to girlfriend).

Option 2: Give her a glass of water and reward Liu Xianxian with +1.

Option 3: Do nothing, no reward. "

Li Yun smiled, and the system released the choice event of pampering his girlfriend again. There is nothing to say, I must choose the first item!

"Want to drink a drink? Find me!" Li Yun smiled at Liu Xianxian. The latter gave a sigh of surprise and said, "Li Yun, did you bring a drink?"

Everyone looked at him. Donggou Village didn't even have a canteen. They hadn't tasted good things for several days!

"I just bought it easily, but not much."

Li Yun opened the backpack and pretended to dig it out. In fact, he took out the messy things from the inventory and the space ring.

As a precaution, Li Yun's space ring contains a lot of things. There are various daily necessities in the supermarket, not to mention drinks.

"Xianxian, give you a cup of bubble tea!"

Li Yun smiled and handed the milk tea to her. Liu Xianxian's beautiful eyes widened, and he wowed in surprise, and held the milk tea tightly in his hands: "Good, Li Yun, are you the roundworm in my stomach? Even if I want to drink a drink now?"

"Hahaha, of course, as a boyfriend...well, as your close friend, of course I can guess it!"

Everyone understood that Li Yun was talking about being her boyfriend!

"There is also a bottle of coconut milk, you are welcome, drink it all, I still have it!"

Li Yun distributed a bottle of coconut juice to everyone, and the crew was overjoyed in an instant. Even Sister Xia couldn't help but laugh.

It's just that Liu Xianxian is a little strange, her milk tea is still iced, how did Li Yun do it?

Li Yun stalled. Actually, this milk tea was bought at a milk tea shop. After putting it in the space ring, it remained unchanged, of course it was iced.

"Ding, the host has made a choice, and the reward (Liu Xianxian favorability +1, charm value +1, random gift: sleep regulation pill) has been issued!"

Sleep Regulation Dan: It can regulate sleep, so that people can fall asleep when they want to sleep, and they will not feel uncomfortable when they don't have enough sleep. It has a miraculous effect on people who have irregular sleep time.

Li Yun: "..."

Should he say this gift is good or bad?

It can only be said that the effect is very practical!

No, Liu Xianxian often shoots, maybe at night. So, sleep regulator is actually quite useful!

After eating a sweet potato, the village sent someone to deliver a prepared dinner. Although the crew was not short of money, the dinner was still very simple in Li Yun's view, and it might have something to do with the lack of a good chef.

After all, the village is too poor.

"Director, director!"

A short man in his twenties came to Xia Yan with a look of fear and nervously asked, "My, when will we go up the mountain tomorrow?"

"It's about eight o'clock in the morning." Director Xia looked at Liu Xianxian and replied after obtaining her consent.

Li Yun learned that the man in front of him was called Er Niu, the son of the village head, and their guide to the mountain tomorrow.

Because of the system's reminder, Li Yun paid special attention to the abnormal situation around him.

In terms of performance, Erniu appears very cautious, which may be the reason why he is not good at dealing with people in the city.

"for this I....."

The two cows were voicing for a long time, only to gritted their teeth at the urging of Director Xia.

Chapter 272: The big river flows eastward

"I have a friend tomorrow, he also wants to follow up the mountain to find someone, I don't know..." Er Niu lowered his head, his eyes afraid to meet others.

"Okay, it's okay, you just need to call him tomorrow, one more person will give you more strength!"

Director Xia didn't think much about it, and readily agreed.

In their crew, the male accounted for more than half, plus a few shotguns, and more importantly, Liu Xianxian's bodyguard was a powerful man in the acquired realm, enough to deal with a large group of wild wolves!

Therefore, Director Xia is not afraid of encountering danger at all, but afraid that he will not find a way.

Er Niu breathed a sigh of relief, smiled at the corner of his mouth, and was about to thank him for leaving, but Li Yun stopped him.

"Your name is Erniu?" Li Yun pretended to be curious and asked, "Is the friend you mentioned also from Nanfeng Town?"

"Uh?"

Er Niu was stunned for a while, and then he said unnaturally: "Yes, yes, he also has a friend missing, so... Director, I'm leaving now!"

After finishing speaking, he left in a panic and didn't dare to stay for a while.

Liu Xianxian watched him escape into the darkness and blinked, seeming to see the problem.

"It's convenient for me to go, Xianxian, don't just walk around, wait for me to come back!"

Li Yun stood up and walked outside. Before Liu Xianxian could react, he also disappeared.

"Li, Yun?"

Liu Xianxian suddenly felt a little flustered, and he was used to Li Yun holding a sense of security by his side. Now he suddenly lost him, coupled with the slightly strange situation now, it made Liu Xianxian very uneasy.

Li Yun naturally had his reason for chasing it out. With Erniu's abnormal performance, coupled with the system asking him to protect Liu Xianxian, he had no reason not to come out and investigate.

Relying on his master-level sneaking skills, Li Yun was like a fish in the dark, chasing Er Niu's flashlight all the way forward, not afraid of being spotted by him.

"I...what did I\* do!"

"If it's revealed this time, I, I..."

"Don't blame me, I was also forced!"

Er Niu's footsteps were messy, Li Yun couldn't see his expression clearly, but he could vaguely hear his painful self-blame.

Li Yun thought to himself, this time it was indeed the right thing to follow out!

The system does not work all the time, and sometimes he has to rely on himself.

Er Niu wandered in the village for a while, calmed down, then turned off the flashlight and walked out of the village.

"Go outside the village at this time?"

Li Yun was extremely surprised.

The countryside is no better than the cities. In the countryside, once the night falls, the whole village will be silent. Not to mention the eerie and terrifying in the wild, even the roads in the village are very scary to walk.

What's more worth mentioning is that there are often many cemeteries outside the village, some even mass graves, and even the most daring young people dare not go out at night!

To be honest, if Li Yun hadn't had a Yang punch and the pistol that could kill Li Gui, he would have been panicked when he walked outside the village alone.

This time it was different from the last time I encountered the ghost in Lujia Martial Arts Hall. That time it was in the city with many people around. Li Yun simply regarded the ghost as something powerful.

But at this moment, there was no one around, the sky and the earth were dark, and the mountains shrouded in the night in the distance, with only the croaking of crickets, and you could not see your fingers.

This weird atmosphere is even more scary than a female ghost!

Li Yun had already figured out his pistol: Fairy Bow-Silvin, holding it tightly in his hand, ready to do one at any time!

Sudden.

Sing: "Wow the big river flows eastward, the stars in the sky are like the Beidou..."

Chapter 273: Eerie

Hearing Er Niu's lame singing, Li Yun was stunned for a long time. At first he thought it was Er Niu and the human pairing code. Then he realized that Er Niu was too panic in his heart, so he relied on singing "The Song of the Hero" to embolden him. .

"When the road sees injustice, he roars, and when it's time to do it, he will do it!"

Li Yun couldn't laugh or cry, Er Niu came under a big tree outside the village, his body was shaking, and he didn't know if he was afraid or cold.

"What the \*\*\*\*\* are you singing!?"

Suddenly, a gloomy voice rang behind Er Niu, which shocked Er Niu, and the flashlight in his hand also fell. It took a long time to react, and he hurriedly lowered his head and said:

"Wei, Brother Wei! I, I did as you ordered!"

Li Yun had already noticed the people coming. He also came out of the village. He should have been hiding in the village a long time ago, even living in Erniu's house.

"Really? Haha, that's good."

The visitor is a man in his thirties with a ghastly face. He patted Er Niu on the shoulder, smiled weirdly, and said: "You'd better do what I said, don't play tricks, otherwise, not only you To die, your son and your father, your entire village will become zombies!"

Hearing the word "zombie", the two corbels softened and knelt directly on the ground, too scared to speak.

"Get up, what are you afraid of!"

Wei Dongming kicked the bull and said indifferently: "As long as you help me get that big star, I will give you one million. The advantage is that you are indispensable!"

A flash of murderous intent flashed in Li Yun's eyes. Wei Dongming dared to look at Liu Xianxian. He was really impatient!

But from his words, Li Yun also heard that Wei Dongming had no other conspiracy, and the target was Liu Xianxian.

"Ding, trigger the option event, please choose from the host:

Option 1: Kill Wei Dongming, reward experience value +100,000, strength +700, justice value +300.

Option 2: Investigate the mastermind behind the scenes without exposing yourself, and reward experience value +100,000, all attributes +100, justice value +100, and an additional detoxification pill. "

Detoxification pills?

Li Yun's heart moved, combined with the zombies mentioned by Wei Dongming before, would the enemy spread corpse poison?

If they are really zombies, then the missing villagers in nearby villages are probably all made into zombies by Wei Dongming and his party!

"Maoshan drives the corpse? Miaojiang Gu poison? Nanyang drops his head? Or is it purely corpse cultivation!?"

All sorts of thoughts flashed in Li Yun's mind, but the information he had received so far was too little to judge what spell the enemy would use!

"Haha, zombies? I don't know who is more powerful than zombies or female ghosts!"

Li Yun showed a nasty smile, and then took out the female ghost's red umbrella from the inventory.

In an instant, the surrounding air seemed gloomy. Li Yun glanced at Wei Dongming and slowly opened the red umbrella.

"The son~"

The female ghost wearing a messy red dress, with blood-red eyes open, bowed to Li Yunying.

Judging from the etiquette and tone, the female ghost in red should be an ancient person, but Li Yun couldn't see any dynasty.

Li Yun was a little surprised. This outrageously beautiful female ghost seemed to be able to communicate!

"What's your name?"

The female ghost blinked and said in a faint voice: "The slave family doesn't remember, most of the memories during her lifetime are forgotten, only remember that the slave family was killed when they resisted the gangster... but please don't dislike the slave family, the slave family's body is not defiled... ..."

"Ahem!"

Chapter 274: Late night opera sound

Li Yun almost vomited blood, why did this female ghost suddenly talk about her clean body?

You are a female ghost, can I do something to you!

"correct!"

Looking at Wei Dongming who was angry in the distance, Li Yun suddenly thought of an interesting idea, "If you forget what happened during your lifetime, you can forget about it. From now on, you will start your life again, and you will be called Nie Xiaoqian from now on, how about?"

"Xiaoqian let the son arrange it!" Female ghost, no, Nie Xiaoqian once again bowed to Li Yun.

After getting the name, her blood-red eyes became much clearer.

"Very good! Xiaoqian, don't kill people later, do what I tell you to do, you know?"

"Yes!"

—

"Er Niu!" Wei Dongming yelled coldly, "I tell you, you have to do it, and you have to do it! Only if you help me get that big star, can you get back to your family!"

From the moment he saw Liu Xianxian, a strong possessiveness arose in his heart, and he wished to immediately overthrow this superstar star to the ground, let her surrender, and let her be his only!

If he develops on a normal track, Wei Dongming would not be able to get Liu Xianxian until he died, but because of some accident, Wei Dongming's ambitions swelled rapidly, and he couldn't wait to take Liu Xianxian home!

"Hmph, go back tonight and think about it, don't regret it when your whole family is dead!"

Patting Er Niu's shoulder, Wei Dongming let out a jealous smile.

Er Niu's face was extremely ugly, and his heart was struggling violently.

"Langjun~~~"

Suddenly, there was a woman singing in the distance. The unique sharp voice of opera, under the dark night, outside the deserted village, seemed particularly harsh.

Erniu and Wei Dongming thought they had heard it wrong at first, but now they are in the wild, how come there are women singing?

"Langjun~~"

The voice of the woman singing again sounded, and the two of them trembled with fright.

The singing is mellow, and the voice is shrill, thousands of times stronger than the opera that the two had heard at the temple fair.

From the perspective of singing alone, this voice can be called a lingering lingering sound, which has been around the beam for three days, which is so beautiful and intoxicating.

But in this open and dark field, the sudden sound of women singing, made Er Niu and Wei Dongming almost fainted!

"Langjun!"

After three consecutive diligent and sorrowful calls, the woman continued to sing: "How can you bear to abandon me! In the old Qixi Bridge, you and I have an appointment together. This love will remain the same for three lives, and life will never fail."

A strange and cold voice came into the ears of the two of them, causing Er Niu to turn around and flee, if he didn't know Wei Dongming's strength.

"What are you afraid of!"

A trace of determination and cruelty flashed across Wei Dongming's face, and he reached out and took out a small bell and shook it gently.

"Ding Ding Ding."

Three crisp bells spread far away, and soon a figure jumping up and down arrived quickly.

"Zombie, zombie!"

The second corbel softened and sat directly on the ground.

The zombie in front of him is the same as in the movie, his body is stiff, with blue-faced fangs, and the nails on his hands are long, making it extremely hideous and terrifying.

Moreover, the zombie's hands are not only straightened like in the movie, it is lowered like a normal person, which greatly improves its flexibility!

For some reason, seeing the zombie now, Er Niu's mood was a lot relaxed.

Facing the unknown horror, zombies make people feel safe!

Chapter 275: Zombies vs. Female Ghosts (Part 1)

"Hmph, go and see who is pretending to be in front of you!"

Wei Dongming smiled triumphantly, rang the bell, and the zombie jumped and was driven forward by him.

The two cows followed in fear, and he did not dare to leave without authorization.

"Langjun, you and I had an appointment, the mountains have no mausoleums, and the rivers are exhausted. Winter thunder is shaking, and you and I will be separated."

Er Niu swallowed. He felt inexplicably that the woman singing the opera in front was doing well. Could it be that a drama troupe came to Donggou Village?

No, it should be impossible. Donggou Village can't hire a theater troupe. At most, they will perform in Nanfeng Town. It is absolutely impossible to come to Donggou Village!

So, who is in front?

"But now, you are on the imperial rankings and won the champion..."

Listening to the opera, the two of them walked over slowly step by step.

Following the sound, Wei Dongming shone the flashlight fiercely and shouted: "Who the \*\*\*\* will not sleep in the middle of the night, come to the wild to sing ghosts... ghosts!!!"

On the road leading to the village ahead, a beautiful woman with blood-red eyes and pale skin, wearing a red dress, holding a red umbrella, was looking at him strangely.

Those eyes that seemed to emit red light stared straight at them.

Wei Dongming shivered with fright, and the flashlight dropped to the ground. Coincidentally, the bell that manipulated the zombie also fell, and a crisp bell sounded.

"Hehe!"

The hideous zombie jumped forward and stood straight in front of the red ghost.

A zombie and a female ghost looked at each other like this, and the scene fell into a dead silence for a while, and everyone was overwhelmed by this situation.

"Brother Wei, Brother Wei!" Er Niu quickly picked up the bell and handed it over to Wei Dongming as if to please. "Zombies can definitely defeat the female ghost, Brother Wei, we don't have to be afraid of her!"

"That's right!"

Wei Dongming gritted his teeth, grabbed the bell and held it firmly in his hand, looking greedily at the red ghost in his eyes.

Speaking of which, this female ghost is really beautiful, with waterfall-like black hair, delicate face with melon seeds, blushing lips, and a messy dress, but it can arouse people's possessiveness even more.

Isn't there a saying? Female ghosts die under the skirt, and they are also romantic!

If you can...

"what!!!"

As if feeling Wei Dongming's evil thoughts, the female ghost in red was evoked from memories of her lifetime. In a short time, her calm expression became hideous, and she let out a sharp scream.

The stern voice spread throughout Donggou Village, and the faces of Liu Xianxian and others who were chatting changed.

"what happened?"

"what happened?"

"It's like a woman's scream?"

"Go ask the village chief what's the situation!"

Liu Xianxian became very anxious, because Li Yun who had left has not returned yet.

Not to mention the commotion in the village, Wei Dongming covered his ears, shook the bell angrily, and shouted, "Fuck me, kill this ghost!"

The hideous zombie roared, his stiff legs jumped fiercely, and he leaped in front of the red ghost woman, and his sharp claws slammed at her.

"Okay, that's it, hahaha, kill her, kill this ghost!"

"Kacha!" With a sound, Wei Dongming's frantic laughter came to an abrupt end.

He was horrified to see that the female ghost did not evade, and gently waved the red umbrella, killing the extremely hard zombie in seconds!

The zombie's hard skin that could not even be cut by a sharp kitchen knife was beaten in half by the female ghost with an umbrella.

Not to mention the skin, even the bones are broken!

The result of the zombie confronting the female ghost, kill in seconds!

Chapter 276: Zombies vs. Female Ghosts (Part 2)

But the zombie is worthy of being a zombie, and its waist is broken, but its upper body is still moving, waving its hands and rushing toward the female ghost like a deadly ghost.

"Hiss~"

The female ghost opened her mouth fiercely, and in an instant, a black gas emerged from the upper and lower bodies of the zombie, and was swallowed into her belly by her!

The dust settled and the zombies were completely stiff.

"Villain, all \*\*\*\* it!"

The red ghost turned her head to look at Wei Dongming and Er Niu, with a cruel and bloodthirsty face on her face, step by step approaching them.

The two fell to the ground in fright. They never dreamed that the level of this female ghost was so high that they would be killed in seconds!

"enough!"

A man wearing a mask and a black jacket appeared and stopped the movement of the ghost in red.

But obviously, the murderous female ghost was not so easy to control. She struggled for a moment, her blood-red eyes staring at the man in dissatisfaction.

"If you don't obey my discipline, I will let you stay in the umbrella forever!"

The man's threatening words finally made the red ghost Nie Xiaoqian regain some sanity, and stood silently on the side, but still stared at Wei Dongming and Er Niu with resentful eyes, as if he was about to rush at any time. Torture them.

There was a commotion in the village, and you could see the lights of many flashlights shaking back and forth.

The man said directly to them: "I ask, you answer, if there are any lies, be careful!"

He pointed to the female ghost in red, and the two shuddered, not daring to resist the mysterious person any more, and talked about things like a bamboo tube.

After asking, the man took away the bell that manipulated the zombies, and then left with the ghost in red, leaving the two looking at each other.

"Wei, Brother Wei, what shall we do?" Er Niu was in shock.

"roll!"

Wei Dongming was upset. He destroyed the zombie that the adult gave him, and even the bell was snatched away. I am afraid that when he sees that adult, Wei Dongming will peel off his skin if he is not dead.

"The voice came from outside the village!"

"Let's go and see, what are we afraid of? We are so crowded, even if there are ghosts, we dare not approach!"

"There seems to be someone in front?"

Hearing these messy voices, Wei Dongming's expression changed, and he quickly shouted, "Carry this zombie away with me, so that no one else can see, otherwise you and I will die!"

You can't expose zombies to everyone, this is something that the adult strictly forbids!

---

Li Yun and Nie Xiaoqian came to a hidden place.

"Xiao Qian, can't you control yourself?"

Li Yun looked at her eyes with a headache, the desire to kill in her gradually faded and she returned to a sane state.

"My son, I'm sorry!" Nie Xiaoqian said weakly. At this time, she was not like a female ghost, but a delicate woman.

"Forget it, I'll think of a solution later."

Li Yun has a system plug-in, which should be able to solve this problem, so he didn't care too much.

"Master Xie!"

Nie Xiaoqian folded her hands around her waist, saluting Li Yun like a lady, with a very graceful posture.

But after seeing Li Yun take out the red umbrella, Nie Xiaoqian suddenly turned into a bitter face: "Master, son, can I stay outside?"

"Um?"

Li Yun was stunned. After asking her, she realized that Nie Xiaoqian, who had returned to the red umbrella state, seemed to be in a half-dream and half-conscious state. Although it would not be uncomfortable, she would feel a sense of relief every time she came out.

"This... difficult to handle."

Li Yun said helplessly, it is certainly not good for a female ghost to stay outside. If there is a disturbance, he is afraid that some organizations will notice!

Chapter 277: Nie Xiaoqian

"Ding, trigger the option event, please choose from the host:

Option 1: Agree to Nie Xiaoqian's request, reward Nie Xiaoqian with a favorability degree of +89, an evil value of +100 (ie: a justice value of -100), and an additional reward: a soul-cultivating ring (internal space, which can warm ghosts).

Option 2: Reject, reward justice value +100, Nie Xiaoqian favorability degree +69, extra reward experience value +200,000. "

The sudden prompt of the system made Li Yun stunned.

But what does the system mean?

If you agree to the request of the female ghost, you actually want to deduct the justice value?

No, it should be said that the system really gave a female ghost a good impression!

Could it be because Nie Xiaoqian is very beautiful, and the system thinks that he will put him into the harem?

Cheating this system!

Li Yun will not be shameless anymore, and will not find a female ghost, unless the other party completely recovers, and by the way, he becomes almost like a normal person.

Fortunately, the justice value is not deducted much, otherwise Li Yun would really not dare to choose the first item!

"Well, Xiao Qian, I have a solution!"

As soon as Li Yun agreed, the rewards of the system came.

"Ding, the host has made a choice, and the reward has been issued (Nie Xiaoqian favorability +89, evil +100, additional reward: female ghost's bracelet.

After seeing this bracelet, Nie Xiaoqian was very surprised, saying that she could transfer the soul entrusted in the red umbrella to the bracelet.

Even better, after entering the bracelet, she found that it was a place suitable for survival, with mountains and waters, a beautiful house, and a large garden of melons and fruits. It would be very pleasant to live in it.

"The son, I'll go in?"

"Well, go!"

Nie Xiaoqian didn't enter the bracelet right away, and after hesitated for a long time, she acted suddenly.

After getting close to Li Yun, he stood on his toes and printed his own lip print on his cheek, and then shyly got into the bracelet.

"My son, please summon the Nujia, the Nujia will be lonely even if you are alone~"

Li Yun couldn't laugh or cry when she heard this bitter remark left by her. He didn't expect that she would also be lonely.

Thinking of Nie Xiaoqian, Li Yun felt quite complicated.

The name Nie Xiaoqian comes from "Strange Tales from a Lonely Studio", a related movie is very famous, and Li Yun just gave her this name on a whim.

But I didn't expect that after this red ghost had a name, it seemed that her sanity had recovered a lot?

"Forget it, I'll talk about it later!"

Li Yun shook his head and walked quickly towards the village.

Finding the noisy villagers, Li Yun found an excuse to mess with him, saying that he had been in the village.

The villagers couldn't find the girl who screamed, so they all went back to sleep. This matter was destined to only become a mystery.

Liu Xianxian had doubts, but Li Yun stopped her with his eyes and waited until tomorrow.

In the evening Li Yun slept in the tent he brought, and early the next morning, he felt someone shaking outside the tent.

"Li Yun, Li Yun lazy pig, are you awake?"

"...Xianxian, you are a lazy pig."

"Huh, who is a lazy pig after sleeping for so long?"

Li Yun pulled the zipper of the tent, Liu Xianxian slid in, and threw Li Yun into the tent by the way.

When the two rolled together, Liu Xianxian was in a good mood. He grinned and had a fight with Li Yun for a while before he got out of the tent contentedly.

As a result, when I went outside to see her, all the crew looked at her dumbfounded. Did the fairy sister actually fight with her boyfriend early in the morning? !

This is too exaggerated!

Liu Xianxian blushed, and said quickly: "Get up quickly, I have something to do with you!"

Chapter 288: I'm afraid your Three Views will burst

After washing and washing, Li Yun casually ate breakfast, and walked out side by side with Liu Xianxian, ready to chat alone.

The two bodyguards dutifully followed behind.

"Li Yun, where did you go last night?" Liu Xianxian asked impatiently after walking away.

"Um--"

Li Yun pondered for a long while, glanced at the bodyguard behind him, and said: "It's not impossible to say, but it may be more ruined. Are you sure you want to listen?"

"Destroyed three outlooks?!"

Liu Xianxian's voice suddenly became louder, and he grabbed his arm nervously and said, "Could it be that Li Yun... did you do something bad last night?"

The term ruining the three views is usually used in bad places.

"It's not a bad thing, but..." Li Yun smiled helplessly, "Xianxian, I suggest you don't listen to it, and don't look for the missing person today. Let the police handle it!"

Li Yun didn't dare to leave Liu Xianxian, so if he left, he would definitely take her away.

"why?"

"In short, if you don't want to be in danger, just leave it alone!"

Liu Xianxian heard Li Yun's firm attitude. She was silent for a long time before she took his hand and walked in a certain direction, "Li Yun, come, let me show you the current situation."

The two came to a low dirt house, with three side-by-side houses in the peculiar countryside, next to a small house with a kitchen inside.

Li Yun saw a black and thin girl cooking from a distance. A three-year-old boy was closely followed by her. When someone came, the two of them were frightened at first, and waited to see that it was Queen Liu Xian. The two children happily rushed over.

"Here, Xiaomei, this is yours, Erdan, yours is here!"

Liu Xianxian smiled and divided a biscuit between the two children, and gently stroked their heads. The two cheered and ate happily.

Li Yun was silent.

At this moment, Liu Xianxian has a holy brilliance and can warm everyone around him. The two bodyguards behind him also looked at her with reverence. They should also be proud of having such a kind and gentle employer. .

Liu Xianxian, from the inside out, is a good person!

Li Yun didn't want to describe her as a philanthropist. Xianxian was much better than those philanthropists who made shows or people who participated in some charity gala.

"Li Yun, do you understand what I mean now?" Liu Xianxian straightened up and asked with a smile.

Her smile was so beautiful that Li Yun was moved by it.

"Well, no matter what, I will help you this time!" Li Yun said firmly!

"I hate it, not for me, but for the poor children~, hehe, let's cheer together!"

"OK!"

The reason why Liu Xianxian brought Li Yun to this home is to say that children who have lost their family support will have a difficult life in the future, so Liu Xianxian wants to help the children and do her best to help!

The two comforted the children, Li Yun left some snacks, and said later when they found their parents.

Although the parents of the child, there is a high probability that an accident has happened.

After leaving here, Li Yun looked at Liu Xianxian: "Do you know what I met last night?"

"What happened?" Liu Xianxian asked cooperatively.

"Zombie."

Li Yun leisurely spit out two words, Liu Xianxian was stunned on the spot, and the two bodyguards who followed not far behind also showed expressions of astonishment.

Chapter 279: Ding, a jade pendant with five thunders and exorcism

"Zombie, zombie?!"

Hearing this familiar and unfamiliar word, Liu Xianxian's expression also became stiff, obviously shocked.

"Maybe it's hard for you to believe that there are zombies in the world, but I did meet them last night!"

And I also raised a female ghost, Li Yun added in his heart.

"So you talked about ruining the Three Views before?"

Liu Xianxian suddenly realized.

"Correct!"

The two bodyguards behind him showed contemptuous expressions. This Li Yun probably wanted Liu Xianxian to be afraid, so that she could lean on tightly, just like boys like to take girls to horror movies, and then take the opportunity to wipe oil.

There are no zombies in this world!

It's all performed in the movie!

"I believe you!"

Liu Xianxian grabbed Li Yun's arm and looked at him tightly with clear eyes: "I believe you, Li Yun!"

"Oh? Really believe me?" Li Yun was a little surprised.

"really!"

Liu Xianxian said seriously: "The woman's scream last night gave me a bad feeling. Could it be that it was a female zombie?"

Her voice lowered, and the two bodyguards couldn't help but shudder.

Are there really zombies?

Li Yun smiled, "Xianxian, this time to find someone, you must follow me, I am responsible for protecting you!"

"Yeah~" Liu Xianxian's face blushed, and Li Yun was also protecting her last time, and he felt safe by his side.

"You wait, I will give you something to protect yourself."

Li Yun and her came to sit under a big tree in the village, and then looked at the inventory of the system.

In recent days, Li Yun has piled up many gift bags. There are dozens of white and green gift bags, including 8 blue ones, 5 purple ones, and golden gift bags\*1.

Originally, if Li Yun chose to follow Concubine Wan Qing, he would still get a golden color, but of course, it is impossible to follow others with his character.

Concubine Wan Qing is his wife, so it's almost the same if he goes to follow her!

"System, open five white gift bags!"

A look of expectation flashed in Li Yun's eyes, and it would be great if the cushion method offered a colorful prize!

"Ding, get a box of bananas."

"Ding, get a piece of brick."

"Ding....."

It's all rubbish!

"System, open five green gift bags!"

Li Yun opened five green ones directly, and it was so capricious to have gift bags!

"Ding, get a small experience pill\*3."

"Ding, get a small detoxification pill\*2."

What kind of rubbish, let's open it again!

Li Yun couldn't laugh or cry, and opened all the remaining gift bags.

"Ding, skin care and beauty pill\*3."

"Ding, small-sized Jidan\*1, medium-sized Jidan\*2."

"Ding, get the skill: Intermediate Carpenter."

"Ding, get free attribute points \*100."

"..."

"Ding, congratulations to the host, open the purple gift, get a medium recovery pill\*1, a foundation pill\*2, a medium detoxification pill\*2, and a skill pill\*1."

Li Yun couldn't laugh or cry. The garbage in the gift bag accounted for the vast majority. Even if he opened up good things, most of them were pills.

Although the pill is not bad, Li Yun wants equipment even more!

The last gift bag!

"Ding, congratulations to the host, open the golden gift bag and get a five thunder jade pendant!"

Li Yun: "..."

The golden gift bag really only contains golden items. It seems that today's luck is not good.

But after seeing the attributes of the golden gift clearly, Li Yun couldn't help but tick the corner of his mouth.

This thing is not bad, this action just happened to be useful!

Chapter 280: Ding, Liu Xianxian has a good impression of 100

"Five thunders exorcising evil jade pendant.

Special effects: After wearing it, it can exorcise evil spirits and avoid evil spirits. It is hard to invade and is immune to most curses, head drop techniques, and poison.

Description: Five thunder protection body (sky thunder, land mine, sea thunder, \*\*\*\* thunder and society thunder), this jade pendant can offset five deadly damages. "

Li Yun took back his previous words.

This jade pendant is horribly strong, not to mention the powerful effect of exorcising evil and avoiding demons, just to offset five deadly damages, it is enough to be worthy of its golden status!

Strong and strong, the golden items are really strong!

Li Yun has opened two golden objects right now, one space ring, and the other is the current five thunder jade pendant.

However, Li Yun also fired two colorful items, a pistol with unlimited bullets, and one was a god-level skill pill.

"Xianxian."

Li Yun glanced at his surroundings. The two bodyguards were far away and couldn't see the situation here.

"I give you something."

"Um."

Liu Xianxian responded softly and took the jade pendant that Li Yun gave her with both hands. She did not refuse, because in Liu Xianxian's mind, Li Yun was already her boyfriend and future husband.

What the husband gave, you don't need to be so polite.

"this is?"

Liu Xianxian looked at Li Yun in surprise. This jade pendant has complicated patterns and a gentle touch. From the perspective of her frequent visits to top jewelry stores, this jade pendant is definitely worth more than five million!

"Five thunder and evil jade pendant, it can protect you from evil spirits, and it can also make you safer, so I can rest assured!"

Li Yun smiled and scratched Xianxian's small nose. If her fans knew that any man would dare to make such a rude behavior to their fairy sister, he would not drown him with a single spit!

Of course, Liu Xianxian would not object to Li Yun's doing this. Instead, he showed a shy expression, cute and charming, which made the index finger move.

"Li Yun, where did you get this thing?" Liu Xianxian looked at this jade pendant over and over.

Li Yun pondered, "You can think of me as a sect inheritor similar to the Maoshan school, who knows all kinds of magical spells and can protect your safety!"

Liu Xianxian didn't quite understand it, but Li Yun's last words are enough!

"Thank you, Li Yun!" Liu Xianxian looked at him moved, his eyes full of tenderness and honey, as if to overflow.

"How do you thank you? Don't just talk about it."

Li Yun played with his girlfriend, but Liu Xianxian's face turned red, and his eyes were dodging. Finally, he leaned in front of Li Yun, opened his mouth slightly, exhaled like blue, and closed his eyes. On it.

"This, thank you so much~"

Liu Xianxian shyly closed his eyes and waited.

How could Li Yun, who had experienced a lot of battles, not understood what she meant, he immediately put his arms around her waist, and the double folds were printed on Xianxian's delicate red fold.

a long time.

Li Yun let go of her, Liu Xianxian leaned on his shoulder, panting with mouthfuls, and his cheeks were full of moving blushes.

"Xianxian, be my girlfriend!"

Li Yun gently stroked her hair, and said firmly: "I like you, Xianxian, please give me this life, I will make you happy!"

"Yeah~"

Liu Xianxian half-opened his eyes and looked at Li Yun who was close at hand, her lips lightly opened, and she promised that she would never regret the promise that she would never regret it in her heart.

"Ding, congratulations to the host for successfully obtaining the full favorability of the third girl, an extra 10,000 experience points and a red envelope!"
