Chapter 2711: In awe

Tiger King ability!

The people in the hotel continued to look at Huang Guanying with even more surprised eyes. The latter looked proud, as if the world was already under control.

"Same, classmate, you really got a supernatural power?!" A roommate of Xiao Mingzhu looked at him with bright eyes: "Can you show me? I only saw those supernatural powers fighting on the Internet. Each one seems to be acting in a movie, and those monsters are really scary and wonderful!"

what is this! Brother Li also has abilities!

Wang Hao wanted to speak several times, but after seeing the calm expression on Li Yun's face, he endured it again.

Brother Daxia may have to slap him severely after this Huang Guanying is done! !

"hehe."

Huang Guanying shook her head and refused, "Each activation of the ability consumes a lot of physical strength and energy, and it also has to absorb the aura from the air. Compared with Penglai Island, Zhonghai City has too scarce aura, but it's a pity that school will start. I must stay on Penglai Island and practice my abilities to the limit, so as to take the lead before the arrival of the new era!"

Everyone was in awe.

Penglai Island (formerly Haoweyi Island) has become a weather vane in the world. If anyone says that he is back from Penglai Island, he will definitely be noticed by people around him.

Now Huang Guanying has not only returned from Penglai Island, but also fortunately obtained the ability. In the future, he will go to Penglai Island again to practice the ability!

As if... he was already a strong man on Penglai Island, and he was different from other people on earth, as if he had become a master.

"Brother Ying, we will always support you!"

Several of the attendants flattered wildly, their eyes were full of admiration, and Huang Guanying, the supernaturalist, narrowed his eyes with comfort, and his expression was full of arrogance.

"Unexpectedly, classmate you are still a supernatural person!"

At this time, the hotel owner came down from the second floor when he heard the news, with a smile on his face and said: "I heard that there are at least a dozen supernaturalists in China Overseas University, but unfortunately they have never met. Today, you can come to our hotel for dinner, classmate Huang. It really makes this small shop flourish. Our small shop is very honored, so I decided: classmates, all your purchases today are free, and if you come back later, I will give you the best 50% discount!"

The people inside and outside the restaurant were shocked again.

It is free of charge and a 50% discount. The supernatural person is simply a master!

"Haha, no need." Huang Guanying waved her hand, "I killed some monsters on Penglai Island and sold them to the rich people in Alaba. Money, I don't need it!"

Everyone was in awe again.

It has been spread on the Internet for a long time. The monster meat, monster bones, spiritual fruits, spiritual plants, spiritual water, and even some strange stones on Penglai Island have all been bought by the rich. It is said that one of them emits a flame. Lingguo sells for 10 million U.S. dollars, and people can get fire powers immediately after eating them, very powerful!

Classmate Huang Guanying is able to move on Penglai Island, which is in perilous and complicated conditions, and can even kill the mutated monsters. It is enough to show that his strength is strong enough!

It is not certain that you can become a big man among the supernatural beings, you can cross classes without graduating from college, and become a more enviable existence than the rich!

"It turns out that this is the case. Huang, your abilities are so powerful!"

The boss was more enthusiastic, with a smile on his face, and immediately asked the clerk to take out the famous wines that have been kept in the hotel for many years, and intentionally or unconsciously revealed that a bottle of these wines is worth 38,000 yuan!

"what is this!?"

Chapter 2712: Me too

Li Yun eats and drinks as steadily as Mount Tai, but the thin Jia Yongshuai at the same table finally couldn't help it, and shouted directly: "If you have supernatural powers, others can't?! What are you showing off here!"

"Oh?" Huang Guanying was so free, and said in a flat tone: "Do you also have abilities? You have also been to Penglai Island and fought with monsters that are extremely powerful and can send out fireball ice skates?"

"...I didn't." Jia Yongshuai became weak, but quickly pointed at Li Yun and shouted: "But Li Xueshen in our dormitory, he also has supernatural powers!!!"

Everyone looked at this handsome guy who was sitting calmly, and suddenly realized that he was not afraid of supernatural beings at all, it turned out that he himself was too!

"Are you also a supernatural person?" The restaurant owner was surprised and delighted. He was a small restaurant, and he actually received two supernatural persons today? It's really lucky.

Tomorrow, you only need to print a few hundred points of the leaflet and post it, saying that the supernaturalists have eaten here, regardless of what the supernaturalists have done, there will definitely be a large number of curious students influx, and it is not a problem to double the turnover in a day.

"I?"

Li Yun didn't answer directly, but just smiled and said, "I was on the island when Penglai Island was raised. Later, I learned that the ticket to Penglai Island the next day was one million, and I might not be able to buy it.

After waiting for more than a week, nearly ten days later, the ticket price dropped to more than 200,000. "

Everyone looked at Huang Guanying with weird faces. His ticket to Penglai Island was 200,000.

In other words, he only went to Penglai Island ten days later, but Li Yun traveled on Penglai Island from the beginning. In other words, the two had ten days of training time!

It seems clear at a glance which is strong and weak.

Xiao Mingzhu said with a smile: "Penglai Island now has at least several hundred million monsters, flying in the sky, running on the ground, swimming in the sea, etc., and there are at least five million soldiers from various countries and thousands of warships on the island. Airplanes are constantly sounding from shells every day, and the monsters killed can be used as a large passenger ship of 50,000 tons. Do you know what this means?"

Everyone was taken aback, how does Penglai Island look like this now?

But it's right to think about it. The main force to deal with monsters is definitely not supernatural beings, but aircraft cannons, those powerful weapons that can blast a building with one shot, and most monsters are a one-shot kill.

Even if some monsters are agile and can dodge artillery shells, modern combat is a combination of sea, land and air. Under a round of saturated strikes, no matter how agile they are, they will have to die under the sky cannon fire.

"So many monsters die every day!"

Wang Hao suddenly realized it, and then looked at Huang Guanying with a mocking expression: "It seems that the sale of monster meat by someone is fake. I am afraid that the meat on Penglai Island is not a few cents a catty?"

Huang Guanying's face was green.

In fact, he didn't stay on Penglai Island for long. After obtaining the power, when he was about to fight the monster, he saw a large dog with a height of more than three meters, a stature like wind, strong muscles, and a tongue out. Swallowing a capable person no less than him, Huang Guanying was so scared that Huang Guanying turned around and fled, fled all the way back to Zhonghai City, and has not dared to go to Penglai Island anymore.

Xiao Mingzhu shook his head, "No, monster meat is still very valuable, because the meat of many monster beasts is poisonous or not tasty at all, tough and astringent. A monster beast weighing several tons often has only one. Diced meat is delicious and has medicinal value."

Chapter 2713: Ling Zhi

"The spirit fruit is as valuable as ever, because even the poisonous spirit fruit has great value and can be used and studied as a toxin."

Xiao Mingzhu smiled and said: "But monsters are also very smart, and they have a great demand for spirit fruits. Therefore, there are many spirit fruits in the wild and nearby are guarded by monsters. It is almost impossible to get wild spirit fruits without injury. ."

"Ah!" a girl asked quickly: "Mingzhu, since you talk about wild spirit fruits, isn't it that someone on Penglai Island has already cultivated artificial spirit fruits?!"

"Correct!"

Xiao Mingzhu's words shocked the hotel owner.

Penglai Island already has artificial spirit fruit? Do you want to find a way to get a batch and sell it back? Will ordinary fruits no longer be sold in the future? Where's the monster meat?

As a restaurant owner, he thought a lot at once.

"It's just..." Xiao Mingzhu said again: "The value of artificially cultivated fruits is very low. Compared with the wild fruit, it is like the rice we eat and the food cooked by a five-star chef. The difference is even greater!"

"After more than half a month of research, based on what many people have seen, Lingxian—well, a friend of mine, she came to the conclusion: Compared with ordinary plants, only light, water, and soil are needed. , Lingzhi needs too many things for growth. For example, an ice lotus that emits cold air must have a monster beast with ice attribute beside it when it blooms, providing it with a steady stream of cold air. The lotus will blossom and bear fruit."

"There is also a kind of demon-catching flower that needs the inner alchemy that constantly devours the demon, and it can't directly feed it. It needs to fight the demon by itself..."

"Lingxian at the same time inferred that the real treasure-level Lingzhi has just sprouted, and it is still many years before it truly matures. Perhaps in the next ten years, we will see the emergence of rare spiritual fruits, one can trigger countless monsters. Come **** it!"

Everyone was utterly intoxicated.

What happened on Penglai Island is just like the things in another world, bizarre and full of opportunities. As long as you can grasp it, you can make money that ordinary people can't make in a lifetime on Penglai Island in one day!

Li Yun was also a little surprised. He didn't think that Shangguan Lingxian not only treated the injured people on Penglai Island, but also started the research work of Lingzhi.

Will all her herbal gardens be replaced by Lingzhi Fairy Fruits in the future?

Li Yun looked forward to the scene of drinking tea and chatting with her in the Lingzhi Garden, just like at Tiandanmen at that time.

He didn't give Shangguan Lingxian much help, let her study it slowly, so that the experience gained is hers. Li Yun plans to go to Penglai Island to see them after school starts.

—Now on Penglai Island, there are Qing Sage Master Servant, Shangguan Lingxian, Jin Liuli, Xia Feiyao, and the rest of the Fairy Society have all returned.

"Pearl..." Huang Guanying showed a suspicious expression on her face, "Are you seeing these with your own eyes? Were you also on Penglai Island?! Traveling with Li Yun?!"

Wang Hao and the others immediately looked at Li Yun in unison.

Xueshen and the big beauty went to Penglai Island-former Weiyi Island during the summer vacation. Did they go on a trip? !

Two young men and women go to the islands, and they are still going abroad to travel to famous islands. No one will believe it if nothing happens!

"Cough cough." Li Yun coughed and explained in a serious manner: "Don't get me wrong, I just happened to meet Mingzhu!"

Several people from Wang Hao gave him a **** in their hearts.

Chapter 2714: changed

This Nima is out on a trip, but can he just meet a big beauty? They have also traveled, how come they haven't met!

"Humph."

Xiao Mingzhu gave Li Yun a white look, and wanted to tell his roommate that the student of God in front of you was even more absurd than you thought. He directly brought three beautiful women to a seven-day and seven-night holiday party.

Huang Guanying's face finally showed a low expression. The eyes that looked at Xiao Mingzhu were no longer the look of goddess, but a look of... the look of goods that were being sold on the market's clearance sale!

"This bitch, she actually went out to play with a man for so long, I don't know how many times she was rested in the hotel!"

The more Huang Guanying can make up for the scene of the two in the Haowei Island Hotel, the more he feels angry. A perfect woman like Xiao Mingzhu has the most perfect looks and body and temperament he has ever seen, and she should be born very well. Well, there is money in the family, it will be extremely helpful for him to go to Penglai Island to obtain resources and strengthen his abilities in the future!

He was actually one step ahead of other men!

The shoes worn by others, even if Huang Guanying wears them again, they will only be worn for fun, it is impossible to collect them!

"Hmph, let's go!" Huang Guanying slammed out the door with a sullen expression. Several of my attendants looked at me and I looked at you, not knowing if I should keep up.

They originally thought that Huang Guanying, as a supernatural being, would be a calling for rain in China Overseas University in the future. As long as you follow him, you can't say that you can eat meat, but at least one bite of broth can still be drunk.

As a result, I came to the hotel tonight and took a look. Well, there are two supernaturalists in a small hotel, and they are also a couple, handsome men and beautiful women, so Huang Guanying can't speak nonsense, so she can only leave.

What are they going to do with this kind of boss?

"you!"

Huang Guanying paused and understood the thoughts of some of his followers, his face became more ugly, and he indifferently dropped a sentence: "If you don't want to follow, don't follow it forever!"

He left after speaking.

Several followers hurriedly followed. One of the attendants who had previously touched Li Yun's chair with a stool turned his head and threw a cruel sentence: "Don't think that you are a superpower, and our eldest brother is also a superpower. We don't know who is stronger when we fight. weak!"

Huang Guanying's face improved a little now.

Yes, the strength of the ability varies from person to person. Some people can just send a ball of water or strengthen the ability of the eyes and nose. They don't have much combat power. He only needs to use the ability to get some money in Zhonghai City, and wait one or two. If you go to Penglai Island again and strengthen the Tiger King's power to your whole body, it will definitely be better than that kid!

"Brother Ying!" One of the attendants hesitated and tentatively said: "That big beauty just now, don't you?"

"Yes, Brother Ying, her mother's beauty is definitely the beautiful girl with a beautiful mouth that I have ever seen, Brother Ying, you have gained the ability to become a master, you should be a hero and a beauty, Brother Ying!"

Huang Guanying's face turned dark, and she said nothing.

Another attendant said: "She's Xiao Mingzhu. It seems that I have read a post saying that Xiao Mingzhu is the daughter of the richest richest man in Zhonghai City. If you get her out of your hands, Brother Ying... Hey, I won't worry for the rest of my life. !"

"You have a bit of perspective?" Another person cursed: "Brother Ying is now one of the 100,000 supernaturalists in the world. Do you know what the ratio of 7.5 billion to 100,000 is? Just the strength of Brother Ying, early Don't put money in your eyes! Rich daughters are a shit!"

Several roots nodded suddenly, they were all people who had seen Brother Ying's supernatural powers, and naturally they were full of confidence in the boss.

"The daughter of the richest man in Zhonghai City..."

Huang Guanying's face was uncertain. She didn't pay attention to this kind of ***** who went out to play with men, but if she had money in her family...

Chapter 2715: Ding, Xiao Mingzhu's favorability is increased by 1

After the person who was in the way left, Li Yun and the others continued to eat and drink, but the topic was still around the supernatural being and Penglai Island.

A girl whispered: "I know that Huang Guanying."

"Oh?" Several people at the table looked at her.

"He and I are both from Zhonghai City No. 3 Middle School. A junior high school classmate of mine was in the same class as him and told me a lot about him."

"It seems that Huang Guanying worked very hard in high school, trying to read under the street lamp until midnight, and he was the one who got up the earliest in the morning."

Li Yun is a little strange. People who study so hard and study hard are supposed to be typical of the school's positive publicity. How can a good boy from someone else's family become such a gangster now?

"Later, a girl he liked showed up with a BMW in front of him on the day she graduated from the college entrance examination."

The girl continued: "Then Huang Guanying stood at the school gate, holding a bouquet of flowers—he originally wanted to confess to the girl. After standing for a long time, the teacher came to persuade him to persuade him to leave."

Hate because of love?

It's ***** and realistic.

The pressure of the college entrance examination has caused many high school students to suppress their true character. Huang Guanying studied so hard, perhaps because of that girl, but she was hit hard, and her character changed drastically? Or his original character is like this, but no one noticed it in high school.

"Later, after the Penglai Island incident." The girl's voice was lowered. "My classmate said that he stole his parents' bank card and said he had to change his life against the sky, and ran to Penglai Island alone. His parents were so frightened that they kept calling him back in the class group... This incident was spread in the third middle school."

Change your fate? !

Li Yun and Xiao Mingzhu looked at each other, and both felt a strong smell of dog blood.

"But people are really lucky!" The fat game-loving Zhang Zhou couldn't help but look in the direction Huang Guanying had left at the door, and said with envy: "He went to Penglai Island and got an exception. Yes, you can see that he even has a younger brother, so you can see that he is doing pretty well now!"

Several men and women, as well as the restaurant owner who had not left, nodded in agreement.

It is nothing to confess that failure, and it is nothing to steal a bank card. The key is that Huang Guanying's ability is real. He is already before the arrival of the new era—no, it is now a new era, surpassing ordinary people by a lot.

Presumably his parents won't blame Huang Guanying for stealing money now, right?

"Don't you think so!"

When Li Yun spoke, everyone looked at him.

"Ability is actually nothing great. In the future, it is very likely that supernatural powers, or practice, martial arts, etc. will be popularized. Even if Huang Guanying and his like take the lead, their personality will become distorted. If you are arrogant, you will eventually Eat your own fruit!"

Wang Hao admiringly said: "Brother Li, your realm is high. If you get a little power like Huang Guanying, you think the world is invincible. People who can dominate in Zhonghai City are more than a hundred times stronger!"

"Yes, yes!" A girl also smiled: "That guy thought he wanted to chase after us with a little power? He really wanted to be beautiful, and he didn't look in his own mirror. Ten dollars with three keys, he Match it?"

Give up flowers?

Everyone laughed. Xiao Mingzhu's beauty is more than enough to be a school flower of Zhonghai University.

"Ding, the host makes a choice, rewards experience value +100,000, white gift bag*2, trustworthiness among classmates rises, popularity becomes better, you may know some news, extra reward: Xiao Mingzhu's favorability degree +1."

Chapter 2716: The big star is coming

Xiao Mingzhu's favorability rating is 99.

Li Yun glanced at the people around him, and he couldn't help but feel some tenderness in his heart.

Xiao Mingzhu hasn't been by his side for this period of time, and the relationship between the two has not diminished, and has risen silently, and it's only a step away from the true full favorability.

As long as at an appropriate time, for example, holding Xiao Mingzhu's little hand for a walk on the campus at night, or going to a movie with her, perhaps Xiao Mingzhu can really let go of all his worries and throw himself into his embrace.

This may take a month, or a whole semester, but Li Yun can afford it. He and Xiao Mingzhu have been in class together for four years, even if they spend some time with Fang Xuegong, Qingyu, Su Muxin and the others. , Is more than enough.

"what?"

During the meal, Wang Hao, who was chatting in the class group with his mobile phone, gave a startled suspicion, and said: "The instructor has informed that she is going to the meeting and will be delayed by two hours!"

In the morning at the freshman reception desk, Xiao Mingzhu set up a group to bring all the freshmen for follow-up reports to the class group, and Li Yun also became the only administrator of the class group.

The university class meeting is also called evening roll call, abbreviated as: late.

Jia Yongshuai took out his cell phone and looked at it. It didn't matter, "School is always a lot of things. It doesn't matter if it's late. We'll walk around the campus after dinner... My Cao?!"

He stood up in shock, his eyes trembling, his hands trembling, and his whole body was trembling watching the news in a group.

Everyone thought he was crazy.

"I'm Cao, I'm Cao, I'm Cao! I'm **** stupid!"

Jia Yongshuai yelled so much that even the people on the street looked over.

"In the end what happened?!"

"Yes, yes, immortals!"

"Xianxian...?!"

"Yes, it's Liu Xianxian, Sister Shenxian! It's her, she came to report, she really applied for the China Overseas University, I'm Cao, the rumors are true, Sister Shenxian will become our classmate!!!"

In an instant, both inside and outside the hotel became quiet.

Everyone, including the hotel owner and waiter, looked at Jia Yongshuai in disbelief.

"Really, fake?" Fatty Zhang Zhou shuddered when he spoke, showing that he is also a fan of the fairy sister!

"Nonsense, someone took a photo, look!" Jia Yongshuai will pick up the rice, and in a group called "2020 China Overseas University Freshman Beauty Exchange", a photo appeared in front of everyone.

In the photo, a girl wearing sunglasses, an ordinary shirt and short skirt, and canvas shoes under her feet, stepped out of a black luxury car. Although it was blocked by sunglasses, she was surrounded by a few bodyguards and a From the female agent's point of view, this is properly Liu Xianxian! ! !

"My mother, it's Dongmen!!!"

"Go, go to the east gate!"

"Sister fairy, I love you!"

"Hey, I haven't eaten the rice..."

"Eat a fart, it's important to see the fairy sister!"

In an instant, most of the people in the hotel left, staring at Li Yun dumbfounded, and said, "Do you want to be so excited? You haven't seen a celebrity."

"I'm not interested in other stars, a bunch of crazy traffic gadgets!" Zhang Zhou was full of contempt, and soon turned into fanaticism: "But Xianxian is different, she is really talented! She sings good songs, The movie is also good-looking, and I took a year off from school to make a documentary about left-behind children. In addition, when Penglai Island was in such a crisis, I also stood up to encourage fans around the world to cheer up. She is a real star! Worth admiration! "

Chapter 2717: Fairy

Li Yun was speechless. These were indeed what Liu Xianxian had done, but he didn't feel much when he saw it at the time. Now that someone else said it, he realized that his superstar girlfriend is indeed a bit powerful.

Xiao Mingzhu smiled and said, "Let's go, go and see the big stars, are you full?"

Everyone nodded quickly, so Li Yun stood up and went to check out. The hotel owner didn't need money for life and death, and said he wanted to treat him, but Li Yun still scanned the code to pay and left.

Back to school all the way back, people's heads were already shaking at the east gate. Thousands of teachers, students and passers-by all rushed to surround the small area of the east gate, with cheers and screams one after another.

"Ahhhh, I love you Xianxian~~~!"

"It's great, it's great! Xianxian really applied for our school and became my school girl! Sister, I am going to die happy!"

"Ask for advice, what is Xianxian's major? And, why not go to drama school?"

"Broadcast, broadcast!! Say it ten thousand times, Broadcasting Department! Can the School of Drama teach my immortals?"

"Hahahaha, there is a wailing over at the Drama Academy. Many people in the post bar said that they would drop out and repeat the entrance examination of Zhonghai University!"

Listening to the loud screams of a group of people, Li Yun could be regarded as truly feeling Liu Xianxian's horrible appeal. He had seen it once in Longyang County before, but at the time, people only thought they were in the county seat and hadn't seen many celebrities. That's why he was enthusiastic.

But now the teachers and students of China Overseas University also admire Liu Xianxian so much, which gives Li Yun a feeling of recognizing her.

Very fresh.

"Are you surprised?" Xiao Mingzhu saw the change in Li Yun's expression, not knowing whether it was teasing or jealous: "You have such a popular star girlfriend, are you a dandy proud?"

Li Yun brazenly squeezed Xiao Mingzhu's smooth and delicate palms, "I have Mingzhu, you are such a Bai Fumei as my girlfriend, I am also very proud!"

"Who said I'm going to be your girlfriend?" Xiao Mingzhu gave him a coquettish white eye, turned his head to look at Liu Xianxian in the crowd, but there was a blush on his face, especially beautiful and moving.

In the dark night, behind the crowd, Li Yun quietly held her small hand, and felt the slippery feeling in her palm with his fingers, letting sweet affection entangled between the two of them.

"Let go!" Xiao Mingzhu whispered, but her little hand did not get rid of Li Yun's entanglement.

"Don't let go."

"Don't let it go?"

"Don't let it go."

"Don't let me call someone!"

"Then you call it, you call it to break the throat..."

Before Li Yun finished talking about the drama, Xiao Mingzhu, who had a blushing face, took a deep breath, opened her hand in a trumpet shape and placed it beside her mouth, and shouted in a pleasant voice from the crowd: " Cents~~ cents~~!!!"

Li Yun was stunned, and the crowd was stunned.

"Ah, it's a Pearl!!!"

The same melodious voice came from the crowd. Soon, several bodyguards walked out guarding a fashionable and beautiful star.

"Xianxian." Xiao Mingzhu gave her a bright smile. The two are green plums and green plums. They haven't seen each other for many days. Of course, they miss it very much.

only.....

"what!!!"

After seeing someone, the big star screamed in surprise and rushed over, but instead of rushing at Xiao Mingzhu, he chose to greet the man next to her, as if he wanted him to be hugged and loved.

"You're going to die."

Before Li Yun opened his arms and wanted to hug his superstar girlfriend, Xiao Mingzhu cut Hu and directly hugged Liu Xianxian who was rushing.

Chapter 2718: Listen to me

The scene of two big beauties embracing each other dazzled more than a thousand people present.

"Hee hee~" Liu Xianxian didn't report to his boyfriend and was not annoyed. He hugged Xiao Mingzhu back and forth, indicating that he was wrong.

But Xiao Mingzhu still refused to let her go, and whispered in her ear: "Although I know that the independent fairy sister in the entertainment industry is not afraid of scandals, you are afraid that you have forgotten the university agreement between us? "

We refer to the girls around Li Yun who is studying at China Overseas University; agreement refers to a certain agreement they have made with each other.

"Oh, I was wrong~, Mingzhu, you forgive me, right?"

"Be careful next time. If someone finds out, you, a big star, will suffer!"

The two women separated after they whispered. Liu Xianxian looked at Li Yun with gleaming eyes, with a pitiful look of "I want to hug you, but I can't hug you because of various circumstances."

This kind of soft and cute eyes like a little bunny made Li Yun's eyes very tickling, turning his head and saying to the people around him: "Everyone, listen to me!"

Everyone's eyes widened, and they seemed to smell an unusual breath.

Liu Xianxian and Li Yun have a very good relationship. They have already seen on Weibo that Liu Xianxian often reposts Li Yun's Weibo, and the two are also following each other.

Coupled with the current situation, can it be said that...

"Xianxian is my 'good' friend!"

Li Yun emphasized the good words, "She talked a lot with me during the summer vacation about her expectation of returning to campus after a one-year absence...Dreams...University life...Don't want to be disturbed..."

Li Yun talked about Datong and concluded in one sentence: "So, in order to make Xianxian have a good mood on the first day of enrollment, let's go away, and Xianxian will come to school often in the future. You can see her many times. , Then you will find out, in fact...well, Xianxian, come on!"

"it is good!"

While listening to Li Yun speaking to protect her, Liu Xianxian's pure and beautiful face was full of smiles. Seeing Li Yun let himself say, he agreed and said sincerely to her fans:

"As my 'good' friend Li Yun said, I am just an ordinary freshman girl. I like that when I was studying at China Overseas University, everyone treated me as an ordinary person. Not a star, I am your classmate, the sister of the sophomore, the third and fourth seniors, and the teacher's good student~~!

Please work hard with me to spend the happiest college time in your life, okay? "

"it is good!!!"

Shocking the sky, Liu Xianxian fully demonstrated his field control skills as a star, and quickly caused the crowd to respond loudly and loudly.

"Hmm, it's agreed~"

Liu Xianxian sold a cute, stretched out his little finger to hook the crowd, and after showing a cute smile, he quickly pulled Li Yun and Xiao Mingzhu to flash people.

Her bodyguard and agent could only stay at the school gate and watch Xianxian enter Zhonghai University.

At this point, after the crowd posted the photos of the fairy sister they had just taken to Moments and Weibo, they gradually dispersed with satisfaction.

...

"Huh, so tired!"

Liu Xianxian held the hand of his good sister Xiao Mingzhu, walked with Li Yun on the campus, and let out a long sigh of relief.

Li Yun smiled and said, "I thought it would take a few days for you to report. The commercials are finished? If you are tired, you can announce that you will retire from the entertainment industry for four years and wait until you graduate from college."

Chapter 2719: Broadcasting and Hosting

"No." Liu Xianxian looked at Li Yun earnestly and said: "Although I am tired, when I think of so many fans who support me, they are waiting for my work, waiting for my news, I can't stop feeling."

Can't stop at all.jpg

Li Yun rubbed the head of the big star distressedly, and made Liu Xianxian cleverly smiled shyly, and muttered in a low voice: "Li Yun, I'm really fine. I just complained just trying to... let you care about me. , Hee hee~"

Li Yun's heart trembled, soft emotions occupying his heart, after looking left and right when no one was paying attention, he quickly lowered his head and imprinted his mark on Liu Xianxian's plump and red lips.

Liu Xianxian was stunned by the kiss, and looked at Li Yun with tenderness while biting his lip. With a lot of willpower, he restrained himself from wanting to hug Li Yun tightly and kiss him passionately.

"Okay, you two!" Xiao Mingzhu took Liu Xianxian away slightly jealously, to keep her away from Li Yun, lest the two of them could really restrain themselves from embracing and intimacy.

If this is the case, she is sure that the front page headlines of major websites around the world tomorrow must be the news that "Liu Xianxian has a boyfriend".

Li Yun smiled, chose Yu Lu Jun Zhan, and quickly lowered his head, leaning over Liu Xianxian, and kissed Xiao Mingzhu on the lips.

Well, the two big beauties have different tastes, but each has its own delicacy. If they can be in a secret space, such as in a room, Li Yun would definitely hold a fierce kiss in one hand.

"you!"

Xiao Mingzhu's face quickly flushed, fiercely, and gave Li Yun a coquettish look.

Seeing his green plum blushing and shy, Liu Xianxian chuckled, hugged her arm tightly, and secretly asked, "Mingzhu, how far have you developed with 'my boyfriend'? Could it be..."

"No!" Xiao Mingzhu quickly denied, "This guy is pursuing me, but I definitely won't agree easily. Just now he shamelessly kissed me!"

"Oh~~! I won't easily agree!" Liu Xianxian suddenly realized, "That is to say, it's fast, so good, we can be together forever in the future~~~"

Xiao Mingzhu's expression stagnated.

Will not agree easily = I am considering whether to agree or not = I am moved = She loves Li Yun...

"By the way, Mingzhu, next time the three of us go to a movie together?"

Liu Xianxian suggested: "Don't call Xiao Baixue and the others. After we have played a few times, we will call them to play together."

Before Xiao Mingzhu answered, the three of them walked out of this section of the road that was not illuminated by street lights, and the surrounding students began to increase. Liu Xianxian, who was not wearing masks and sunglasses, became the focus of everyone again.

Of course, Xiao Mingzhu's beauty is also one of the boys' focus.

At this time, Li Yun dared to have any intimacy behavior with them, the next second it will spread to all the V letter deduction groups of Zhonghai University.

"Let's talk about it later!" Xiao Mingzhu walked forward quickly, her face hot: "I'll take you to the counselor of the broadcasting department. I will report to you first!"

"Huh? Pig, how do you know that I am a broadcast host professional?"

"You fool, your fans just kept shouting."

"Oh, my fans are so enthusiastic~"

The three of them came to the School of Journalism and Communication.

Generally speaking, art students will go to specialized communication universities or normal universities, but the School of Journalism and Communication is one of the few departments in comprehensive universities that recruit art candidates.

Chapter 2720: Student

It is also the school of Journalism and Communication that recruits art candidates, so it has become the dream of the boys of China Overseas University and the gathering place for the goddess.

In particular, Liu Xianxian's major in broadcasting and hosting, the students who applied for the exam were handsome male and handsome female. The image and temperament were all first-class and strong, and the words were round. The host of all kinds of evening parties in the school came from here. The popularity among the teachers and students of China Overseas University is even higher.

Li Yun and his entourage came to the downstairs of the professional female dormitory for broadcasting and hosting. Many of the girls had already received the news. They looked down in the corridor of the dormitory building. When Liu Xianxian appeared, the girls all cheered in unison:

"Welcome Xianxian school girl!"

"Ahhhh, Zhang Xiaoling, how can I be in the same dormitory with the goddess!!"

"Xianxian school girl, look here~~~!"

"I declare: Building 5 in Area A will be the Fairy Scout Headquarters from now on!! Who is not convinced?"

"That boy is so handsome, is Xianxian's boyfriend?"

Li Yun knows that the girls are no worse than the boys, especially when it comes to the fighting power of the fan corps, the girls are even more powerful.

Li Yun didn't intend to get involved in this group of girls' welcoming big star Liu Xianxian. After being sent to the dormitory, Xiao Mingzhu was asked to accompany Liu Xianxian upstairs, so he hurriedly flashed.

Staying longer, the rumors between him and Liu Xianxian were about to reach the stage of giving birth.

"Jingle Bell."

When he was about to go back to find his roommate, Li Yun received a call from Su Muxin, and soon the two met under a bell tower.

"Boy~~~"

As soon as they met, Su Muxin rushed over and hugged him. In the surprised eyes of the surrounding girls, she gave Li Yun a kiss, and then took him away quickly and escaped into the small forest.

—Don't get me wrong, it's not a small forest, but a dark place where street lights can't shine. There are a lot of students walking on the road, but you need to be close to five or six meters to see who is who, which is very convenient. intimate.

Just like now.

"Well, my dad~~~ On the first day in college, huh, how did you feel?"

After the intimacy was over temporarily, Su Muxin, who was panting slightly, found a new name, and she smiled and put her arm around Li Yun's arm to act like a baby, and there was a water-like charm between her eyebrows.

She is thinking about something very seriously, thinking about it tonight, and can't wait for school to start tomorrow.

After all, freshmen start military training at the beginning of school, and may have to sing songs in the evening, and they can't do anything. Tonight is the only opportunity and we must seize it!

"Not bad." Li Yun twitched his mouth, showing a smirk: "However, if you can do other things, or senior sister or something, it will feel better."

"Bad Boy."

Su Muxin's delicate face was flushed, she bit her blushing lips, and she smiled charmingly, her expression was indescribable, and her younger brother Li Yun was very moved.

They all have good university life. He has experienced it several times before, but after coming to university in person, the experience is completely different from the experience on a cruise ship.

Li Yun does not plan to go back tonight. It is estimated that it is already 10 o'clock in the evening after the opening, so it is better to live on campus.

Or, it's not bad to open a room in a nearby hotel.

"Little brother, father, it's still two hours before it's late." Su Muxin raised her right hand seriously and showed Li Yun the Bulgari watch on her white wrist.

Two hours? Why did you mention this suddenly... Wait! What does she want to do?

Li Yun was shocked!
