

Godly Choice 2731

Chapter 2731: Arrogant

"It turns out that the Tiger King ability he was talking about refers to this." Li Yun said, nodding flatly, and commented: "It's not bad. The tiger's paws look quite powerful."

The three Wang Hao and the other classmates were already scared of the fluffy tiger paws. They watched Huang Guanying's hand. From a human hand, it mutated into a hairy, muscular, and sharp hand. Incomparable tiger paws.

With one claw down, it seems that a living person can be abruptly pierced from the head along the spine!

"Ha ha ha ha."

Huang Guanying let out a triumphant sneer on the stage, pressed her hand on the podium, grabbed it lightly, her sharp nails immediately plunged into the wooden podium, grabbed a large piece of wood, like a tofu, crushed and melted. The wood powder fell to the ground.

The force of horror once again shocked more than fifty students in the classroom.

They opened their mouths one by one, looking at the powder in disbelief.

This amazing power can absolutely easily crush a person's skull directly. Ordinary people have no resistance at all in front of this terrible claw and can only be slaughtered!

"how?"

Huang Guanying clenched the tiger's claws and made a crisp creak of joints. With a strong wave, the explosion sounded. The fist seemed to have broken through the speed of sound. When the punch was punched, the air was directly shocked by a wave of air. Everyone in the classroom can clearly feel the deterrence brought by this strong wind!

"It's horrible..." Jia Yongshuai muttered to himself, and couldn't help shivering.

Li Yun was not surprised.

The fifty-odd classmates present here are all just freed from the intense review of the third year of high school. They have lived in a peaceful environment from childhood to most, but now they suddenly saw such an amazing scene, it is normal to be scared.

"Ding, trigger the option event, please choose from the host:

Option 1: Take a lesson to Huang Guanying immediately, reward experience value +100,000, strength +500, blue gift bag*1, and shock the whole class.

Option 2: Wait for the election results to come out, and finally suppress Huang Guanying's arrogance, reward experience value +200,000, all attributes +100, purple gift bag*1, and increase the prestige value among the classmates. "

The system prompt sounded, Li Yun took a look, thought for a moment, and chose the second item, turning a blind eye to Huang Guanying's provocation.

"Huh, the campaign line I want to say is very simple!"

After recovering the tiger claws mutated from the Tiger King's ability and restoring the human hands, Huang Guanying said in a confident and arrogant tone to more than fifty classmates: "I believe you can pass the entrance to China Overseas University. Everyone here is not an idiot. , It can be inferred from the news that the future world belongs to the world of supernatural beings, full of crises, opportunities, and changes!

And I, Huang Guanying, the supernatural power of Tiger King, will surely be able to occupy a place in the new era in the future and lead the class to better face various challenges! "

Everyone is lost in thought, it seems, makes sense?

Huang Guanying was very proud, and added an overbearing sentence: "As long as you follow my orders and follow me, I promise not to treat you badly!"

Everyone... looked at each other.

"hehe."

Li Yun let out a faintly mocking laugh. If Huang Guanying didn't add the last sentence, he might be able to compete with him, but his "great and eldest child, my third child" attitude would be exciting. Arouse the resistance of the students present here.

What if you have abilities? We don't have to follow the supernatural beings, let alone be little brothers!

Chapter 2732: Vote for the monitor

When the atmosphere in the classroom became weird, Li Yun said, "Mr. Li, let's start voting."

".....it is good."

The counselor recovered from the shock. After taking a deep look at Huang Guanying, he stood up and announced: "The voting has begun, with two votes per person, with the most votes...I will be elected as the 2020 class monitor!"

After saying this, the counselor sat down as if collapsed, and the situation was completely beyond her control. Such a class was completely different from when she was studying.

Supernatural powers possess the power that can deter teachers and classmates, deter school leaders, and bring deep anxiety to everyone, leading to the disappearance of the majesty of teachers, leaders, and the school, and they can no longer control these supernatural powers!

Voting was going on silently, and the occurrence of supernatural powers in the computer science class soon spread through the Q group V letters of all grades of China Overseas University. Some sophomores and juniors who ended early and late came to the corridor one after another. Go, watching the classmates in the computer science class whispering.

"The Tiger King ability, I heard it is very powerful!"

"My god, look at that podium, I'm Cao! This grip strength is about to match the bite strength of a tiger, right?"

"Stronger than a tiger, just crush the sturdy podium into powder!"

"I, Cao, is this still a human?"

"This is the case with the supernatural beings, their power is too strong... envy."

"The freshmen in the computer science class are all scared stupid, right?"

"The beauty in the front row is Xiao Mingzhu? Sure enough, she looks beautiful, beautiful, and so beautiful. Just looking at the back, she feels that she is a well-deserved school flower of China Overseas University!"

The crowd outside the classroom was whispering, and the classmates in the classroom felt depressed. Wang Hao tried to speak several times, but Li Yun stopped him with his eyes.

He believes that the students in the computer science class have justice in their hearts and will not succumb to Huang Guanying's threat!

Xiao Mingzhu didn't say anything, didn't do anything, she should think so too, she has the confidence to win!

...

After the voting was completed, Xiao Mingzhu led her three roommates on stage to count the votes. Every time she took out a piece of paper, she would show it to the students so that everyone could clearly see the content of each ticket.

"Xiao Mingzhu, Li Yun."

"Li Yun, Xiao Mingzhu."

Every time Xiao Mingzhu reported his name, the three roommates would take turns writing straight characters after the name on the blackboard.

"Xiao Mingzhu, Li Yun."

"Wang Hao, Li Yun."

"Xiao Mingzhu, Wang Anna."

One by one, the situation gradually became clear.

Li Yun and Xiao Mingzhu gained a lot of beauty. The names of the two were repeatedly pronounced. The expressions of the students became more and more stretched, and the atmosphere in the classroom became active again.

Sure enough, everyone didn't want to see Huang Guanying as the monitor, and they didn't even want to elect him!

"Li Yun, Xiao Mingzhu... made in heaven." After reciting the last four words attached, Xiao Mingzhu's beautiful face showed a blush, and said with a serious face: "This classmate has a talent for active atmosphere."

"Hahaha, made in heaven."

Everyone laughed ambiguously, and looked repeatedly between Li Yun and Xiao Mingzhu. The horrible depression brought by Huang Guanying disappeared completely. To put it in an exaggerated way: Justice has defeated evil, and the light of hope is once again shine above the planning class!

Huang Guanying's face became extremely dark, and her teeth clenched loudly.

The number of votes has passed half, and he only got three votes!

He voted for one of them himself, and the result of the vote has been determined.

Chapter 2733: The wall falls down and everyone pushes

"Sorry, I voted for him." A boy whispered apologetically, causing several students around him to turn their heads and look at him in surprise.

The boy explained ashamedly: "I, I'm afraid this guy threatens us with abilities, so I just..."

"Understandable." Wang Hao patted him on the shoulder, "but don't worry, it's not just that he has supernatural powers, he can't be arrogant!"

Wang Hao deliberately said this in a loud voice, making the students in the class and standing in the corridor watching in surprise.

"You can also have abilities?!"

"Hey, I won't, but Brother Li in our dormitory, he will!"

"Ah?! Brother Xue Shen will do too?!"

A group of classmates were shocked, and there were two supernaturalists in a small calculation class!

Li Yun smiled and nodded to indicate his default.

After being confirmed, many classmates showed thoughtful expressions. Li Xueshen had not directly revealed his identity as a supernatural person before. It is estimated that he did not want to use his identity as a supernatural person to win the election. He and Huang Guanyingzhi The flow is completely different!

Thinking of this, many people's recognition of Li Yun has further increased. With him and Xiao Mingzhu in the computer class, Huang Guanying can't overcome any storms.

"Finally got the vote:" the counselor stood up and announced the result, shouting with a smile on his mouth: "Xiao Mingzhu won 54 votes, and he was elected as the first squad leader of the computer science class!"

There was enthusiastic applause in the classroom. There were 55 people in the class, and probably everyone except Xiao Mingzhu himself voted for one of the two votes.

Even the classmates from the outside of the classroom can't help cheering when they see a beauty like Xiao Mingzhu being elected as the monitor, just as if Xiao Mingzhu is the monitor of their class.

—Because of Huang Guanying's overbearing relationship, the counselor Li Xiaolan did not stop the onlookers of these classmates, and wanted to use the presence of outsiders to warn the arrogant Huang Guanying. If he messes around, he will not get good results!

"Thank you, thank you for your trust." Xiao Mingzhu stood up, smiled and bowed slightly to everyone, saying that he must be a good monitor, not afraid of powerful enemies, not afraid of threats, so that students in the planning class can study with peace of mind and not be The influence of these things.

There is no doubt that Huang Guanying is the one who is not afraid of powerful enemies in a series of words! !

"Hehe, no matter how strong a person with superpowers is, can he compare to Xiao Tianyuan's hundreds of billions?"

"This Huang Guanying is too arrogant, thinking she is invincible?"

"Huang Xuanguo is the rule of law|ruling society, Huang Guanying and his like will climb for the Lord!"

"I said that the future is the era of supernatural powers, I really vomit, and I dare to put gold on my face even with this power!"

The wall fell down and everyone pushed, talking about the situation Huang Guanying is facing now.

The anger of the classmates who had been threatened by him before suddenly broke out, and the sound of ridicule and accusation continued to be heard in his ears, making Huang Guanying's pretty good-looking face distorted terribly, and his eyes could almost burst into fire. Xiao Mingzhu in front of him.

"The next squad leader, the deputy squad leader, is designated by the squad leader and will not run for election." Li Xiaolan did not look at Huang Guanying's face, and said with a smile: "After all, the main duty of the deputy squad leader is to assist the squad leader in completing the task. Pearl, you can appoint one. A person is your assistant, as long as he is your friend, he is willing to be your assistant."

"Hahaha, needless to say, it must be Li Yun!"

When everyone heard the "he" in the counselor's words, they all laughed.

Chapter 2734: My deputy monitor

"Li Yun!" Standing on the podium, Xiao Mingzhu showed a sly little fox smile to Li Yun: "Would you like to be my deputy squad leader?"

Listen, it's her deputy squad leader!

It's just like "Are you going to be my guardian knight?" It's just like "Are you going to be my guardian knight?"

The expressions of the classmates became more ambiguous, and the two of them were properly abusing the dog!

"Ding, trigger the option event, please choose from the host:

Option 1: Promise Xiao Mingzhu's deputy squad leader, reward: a high probability of getting a beautiful kiss*1, a purple gift bag*2, and Xiao Mingzhu's favorability +0.9.

Option 2: Reject, reward Xiao Mingzhu's favorability degree -0.1, and acquire skill: straight man of steel. "

Li Yun was stunned, and his favorability of a few tenths came out of the arena again. What is this? The 99.9 favorability degree is infinitely close to 100, but it's just a slight difference.

But forget it, he chooses it.

"Li! Tong! Learn!" Seeing that Li Yun hadn't answered for a long time, Xiao Mingzhu's face couldn't hold back, and her smile stiffened a lot: "Would you like to be my..." boyfriend!

Of course, the boyfriend didn't say the three words.

"I don't want to--" Li Yun was solemn, his voice dragged long, watching Xiao Mingzhu's expression change, originally wanted to see the surprised and disappointed expression of Bai Fumei, the lady of the sky, and teased her. .

Who doesn't love a beautiful girl who can make a cheerful, generous, confident and sunny girl cry?

Unexpectedly, Xiao Mingzhu seemed to know him too well. When Li Yun said three words that she didn't want, she didn't say anything at all. Instead, she nodded her head for granted: "I don't want it to be fake. Give me such a beautiful woman. It's an honor to be the deputy squad leader, right? Well, that's it, Li Yun, you are my deputy squad leader!"

Li Yun & everyone: "..."

Squad leader Bai Fumei is so domineering and afraid.

The counselor smiled and said: "Since the deputy squad leader has been selected, then we will choose..."

"I disagree!!"

Huang Guanying stood up abruptly and said to the counselor Li Xiaolan word by word: "I want to run for deputy squad leader. I don't agree that the squad leader should directly designate the deputy squad leader. This is unreasonable, I don't agree!!"

Everyone looked at him in surprise again.

What the **** is this guy?

The relationship with the squad leader is froze, can he be the deputy squad leader again? Or do you just want to fight for a breath, just to run for deputy squad leader? !

"Student Huang Guanying, please don't make trouble." After Li Xiaolan knew that Li Yun was also a supernatural person, her confidence was much stronger, and her voice also had the majesty of a counselor: "Although the squad leader directly appoints the deputy squad leader, it is indeed wrong,

but when running for squad leader , Li Yun got far more votes than you, so even if he opposes this matter, it should be Li Yun opposing it, not you!"

It is well-founded and convincing.

The classmates inside and outside the classroom, the eyes looking at Huang Guanying have all pity and ridicule. Is this guy crazy?

"Anyway, I just don't agree!"

Huang Guanying was stunned by the anger. He was a magnificent person who spent 200,000 ferry tickets. Now he hasn't got anything. He plans to show his skills in university but is beaten back by Li Yun one after another. This kind of suffocation The feeling of condescension made him so angry that he lost his mind.

"The future is the era of supernatural beings. As a class leader in the computer science class, do you think you can protect your classmates? Humph!"

Huang Guanying stood up, looking at Li Yun with a distorted face, and raised her right hand again: "Do you dare to compete with me for abilities?! Whoever wins can qualify as deputy squad leader!"

Chapter 2735: Wind power

"Are you sure you want to compare with me?" Li Yun glanced at him lightly. Because of the ladder-shaped classroom, Li Yun is at a high point, while Huang Guanying is standing below.

Everyone was stunned again.

How did things develop to the point where they compete with supernatural powers? Isn't it September 1st, the day when schools and universities across the country start?

Students from all over the country gathered in a class. A class meeting that should have been full of expectations has developed into what it is now.

The spiritual revival brought about by the Penglai Island incident affected their daily lives for the first time in a true sense!

"Yes, dare you?!"

Huang Guanying grasped this, and the ability of competition was the only key to turning defeat into victory and regaining face!

Otherwise, he shouldn't even think about being a man in Computer Class tonight!

"This is what you asked for."

The last word fell, and Li Yun's figure had crossed nearly ten meters, and suddenly appeared in front of Huang Guanying. In his horrified eyes, the raised palm fell.

Snapped!

Huhu's breezy slap hit Huang Guanying's face firmly, and the crisp voice echoed in the ladder-shaped classroom, making Huang Guanying back three steps and sat down on the steps of the podium.

There is not a trace of resistance.

Everyone was stunned.

The powerful claws of Huang Guanying Tiger King's ability were still deeply imprinted in their minds, and the wooden podium was still caught by the claws. But in a blink of an eye, Huang Guanying, who was as powerful as invincible, was directly slapped by Li Yun!

At this moment, Huang Guanying was sitting on the ground, covering her face in disbelief. Everyone clearly saw that five red and swollen fingerprints appeared on his face. It is estimated that Li Yun's slap had knocked him over the head.

"Wind powers!!!"

A surprised shout came from a male student outside the classroom, and everyone came back to their senses.

Wind power?

Indeed, Li Yun's speed was too fast just now. In less than a second, he directly "flashed" from the back of the ladder classroom to the front row of the classroom, and slapped Huang Guanying in the air.

The middle man stood up, left his seat, ran, raised his palm, waved, and so on. A series of actions took less than a second! !

The terrifying speed reminded them of the new world record holder in the news, the Heizhou flying man with a world record of 1sec.8 in 100 meters, he is also a wind type supernatural person!

"The wind power... is the most powerful of all powers!" Jia Yongshuai shouted out immediately, "The so-called world martial arts, invincible, only quick and unbreakable, Li Ge's wind power is definitely better than any beast ability. Too much stronger!"

When everyone thought about it, they nodded in agreement.

How about the strong attack of the Tiger King ability? Your speed is still so slow, and it is a waste to not attack others.

However, the wind-type supernatural player is naturally standing in an invincible place, and he can still run if he can't beat him. Moreover, with modern guns and bombs, the combat power that the wind-type supernatural player can exert is so strong!

Think about it, the wind-powered person carried more than a hundred bombs, which turned into a wind and blew into the soldiers, dropping one bomb after another, leaving a series of explosions.

It is not an exaggeration to say that a wind power capable person carrying a large number of bombs is enough to destroy an entire military base!

No one can stop him!

"Actually..." Xiao Mingzhu raised her hand and said embarrassingly: "I am also a supernatural person."

"what?!"

Chapter 2736: Four abilities

Everyone was shocked again, there are actually three abilities in the plan?

Huang Guanying, who was holding her cheek, looked at Xiao Mingzhu in disbelief and looked at her unparalleled charm face. Suddenly, she felt a burning pain on her face—he was beaten again.

"My ability is..."

Xiao Mingzhu stood up and waved his hand at the pile of paper on the podium. In an instant, all the paper disappeared.

A group of people looked around with wide-eyed eyes, and couldn't see where the paper went.

"This, this is the legendary space ability?!" the counselor Li Xiaolan asked in a silent voice.

She remembered an article on the Internet that she had read about Penglai Island's abilities. It divided the abilities into many categories and introduced many types of abilities.

Among them, the rarest, most precious, and the abilities that stand on top of all abilities, the article without hesitation gave two kinds: space abilities, and the legendary time abilities!

Space powers are extremely rare. There are more than one hundred thousand recorded powers, only one is clearly a space power. It is said that he can distort all the space in a small area around him, and the direction is unbalanced, and the gravitational force is abnormal and many more.

But there was only introduction. This space supernatural person did not show up, and very few people knew which country he was in the hands of, whether he was going it alone, or what forces he had formed.

In short, the space power is extremely powerful, which is the consensus of everyone.

As for the legendary time ability, it has not been discovered yet. Some people speculate that there is no such ability at all, because time is not real, but the total movement of materials is called time.

but!

In any case, now in Zhonghai City, there is another powerful space supernatural person: Xiao Mingzhu! !

"Probably, isn't it?" Xiao Mingzhu blushed, "but my spatial ability is not the same. It can only be used to store things, and I can't attack..."

Li Yun: "..."

He has seen through the truth of Xiao Mingzhu's so-called supernatural power!

"Wow, the squad leader is amazing!"

Li Yun saw through, but others didn't. A group of little girls suddenly screamed, excited about Xiao Mingzhu's method of taking away a lot of things while waving their hands.

too strong!

The squad leader and deputy squad leader are too good!

"that....."

A tall and thin gentleman with glasses raised his hand, with an awkward expression on his face, and said, "Actually, I also have abilities."

"Xiong Tianze, you also have abilities!?" His roommate yelled, which was simply too exciting. The appearance of abilities one after another completely broke Huang Guanying's previous arrogant situation.

The classmates inside and outside the classroom were shocked, there are so many supernaturalists in the planning class!

"Yeah." Xiong Tianze pushed his glasses and explained embarrassingly: "I didn't want to go to Penglai Island, but my parents must go. I had to go there once, and just spent some money five days ago. I bought a plane ticket and went to Penglai Island... and as a result, none of my family members got the power. Instead, I got the power."

Everyone understands that people who can buy tickets to Penglai Island at this stage are all rich people at home, or like Huang Guanying to sell iron. In short, Xiong Tianze's parents have to try their luck to see if they can get the supernatural powers.

As a result, Xiong Tianze really got a power!

"But... my ability is not powerful, not a combat ability."

Xiong Tianze didn't say what his abilities were, and it was difficult for everyone to ask, but he was basically certain that he also had abilities.

Chapter 2737: shameless

"It turns out that our class has so many supernaturalists!"

Li Yun, standing in front of Huang Guanying, looked at him condescendingly, with a bright smile: "It's just that some people think that the entire Zhonghai City is just him a superpower. They want to be a gang, pretentious and want to be the boss, it's a pity. Some people have not figured out the situation at all. The person with the supernatural power is not a god. In the future, everyone has the hope to become a superb human. The first to have the superpower does not mean that he will be the strongest!"

Huang Guanying's face was blue and red. In addition to being hit by Li Yun's firm slap, the right half of her cheek was completely swollen, and the five handprints were very eye-catching.

"Yes, some people are really arrogant!"

"Hahaha, I have heard that there was a strange thing in Zhonghai No. 3 Middle School. He stole his parents' bank card and ran to Penglai Island. Fortunately, he got supernatural powers, otherwise his parents would not cry and faint?"

"He stole money to Penglai Island? Shameless!"

"Yes, it's too shameless! Now the ticket to Penglai Island is still worth tens of thousands, even more than a few hundred thousand a dozen days ago, his parents' savings all their lives are gone."

"This kind of person is not worthy of being called a person!"

A loud accusation and ridicule came to Huang Guanying's ears in the classroom, and a group of classmates outside the classroom also looked at him with surprise and contempt.

Everyone was ridiculing him inside and out!

The point is that Li Yun stood in front of him like a mountain, making him want to get angry, but he couldn't get angry. The terrifying speed of the wind powers made him impossible to avoid. His Tiger King power can only be alienated now. The arm cannot be transformed into a tiger demon, and the whole body is weak!

Facing the extremely fast wind system, there is no doubt that he has no resistance!

But the sarcasm still sounded in my ears.

Huang Guanying was about to explode in anger, her chest was violently up and down, her entire face turned red, like a toad with a bulging belly, and she roared: "Shut up all for me!!!"

The classroom was quiet, everyone looked at Huang Guanying who was sitting on the ground, their eyes were no longer afraid.

The deputy squad leader of the wind type supernatural power is standing in front of them, and there is no need to be afraid of the tiger king supernatural power!

"Wait for me! Wait for my Tiger King ability"

Huang Guanying, who was angry but couldn't beat Li Yun, stood up and threw a ruthless word, raised his foot and walked hurriedly toward the door, quite a bit of escape.

"and many more."

When his right foot was about to step out of the classroom threshold, Li Yun called to stop him.

Everyone clearly saw Huang Guanying's body trembled, and they seemed very afraid that Li Yun would step forward and slap him again.

"Damage to public property requires compensation." Li Yun pointed to the podium that was missing a hole, and said lightly: "Even if you are a supernatural person, you must abide by the laws, laws, and regulations of Huang Xuanguo and Zhonghai University. Remember, compensation is based on the price. !"

"..."

Huang Guanying left with a black face, causing the classmates in the classroom to laugh, and the supernaturalists would have to pay for damages. This is simply...too happy.

But Xiao Mingzhu had another worry, frowning and asked: "Li Yun, will he jump the wall in a hurry? The Tiger King is still very powerful against ordinary people."

The counselor also looked solemn, Huang Guanying has now become an unstable factor in the planning class and Zhonghai University, and it may explode at any time, causing unpredictable consequences.

"Don't worry, not yet."

Chapter 2738: future

Li Yun smiled and said: "This Huang Guanying still knows how to escape, which proves that he hasn't lost his mind yet. He still thinks about how to make a comeback. He slapped me in the face fiercely. When he doesn't lose hope, he won't be irrational. Yes!"

If Li Yun directly displayed extremely powerful power and destroyed all hope of Huang Guanying, he would probably kill and vent his anger desperately, but now he still has hope, probably because he wants to find someone or strengthen his abilities.

Everyone was relieved, but they were happy, but there was still a trace of worry in their eyes.

It's so exciting on the first day of school, how will the next four years of university life be?

It is foreseeable that they will inevitably have more similar situations, and there will only be more and more supernaturalists, and weird situations that have not been thought of before will appear more and more frequently.

They couldn't tell how they would eat in the cafeteria in the future. Suddenly, the two supernaturalists fought and were embarrassed; or the supernaturalists fought in the school building and crashed the entire building.

In all cases, people are full of anxiety about the future.

"There must be a way for the car to reach the mountain."

Seeing their worries, Li Yun shrugged and said with a smile: "The world is changing, and Huang Xuanguo is also changing. Maybe in the future there will be gunmen on campus, or every one of us will hold guns legally."

"Legally hold a gun!?"

In an instant, more than thirty people screamed in surprise, their eyes looking at Li Yun full of weirdness.

As we all know, Huang Xuanguo is a country where guns are banned. Although individuals can also apply for gun ownership, it is almost impossible to pass individual applications.

The people of Huang Xuanguo are also used to the social situation where there is no threat of guns, but now they are suddenly told that in the future Huang Xuanguo will also be able to hold guns legally!

Wang Hao's voice amplified: "I think it's very possible. After all, the supernatural being is a kind of person who holds guns...Uh, the whole country also has guns. As long as it is managed well, there should be nothing wrong with it."

When he was watched by his classmates, he suddenly became guilty, and he could only express his opinions in a guessing tone.

Xiao Mingzhu squinted at him and whispered: "Do you know any inside story?"

Li Yun pretended not to hear.

The lawful possession of a gun was only mentioned by the other side while chatting with Xia Ming, and there was no formal discussion.

However, Li Yun approves of this decision very much.

The reason is very simple. First, in the future animal and plant mutations, ordinary people need weapons to protect themselves; second, people with supernatural powers.

The combination of the two unstable factors puts ordinary people's personal safety under a great threat, and they need guns to protect themselves.

Of course, if you want to hold a gun legally, you still need a lot of discussion, and it also needs the promotion of changes in the external situation, such as: when there are more supernaturalists and more unstable.

"Ding, the host made a choice and waited for the election results to come out, and finally suppressed Huang Guanying's arrogance, rewarding experience value +200,000, all attributes +100, purple gift bag*1, and the prestige value of the classmates increased."

"Ding, the host made a choice and promised Xiao Mingzhu's deputy squad leader, reward: a high probability of getting a beautiful kiss*1, a purple gift bag*2, and Xiao Mingzhu's favorability degree +0.9."

After all class leaders were selected, Li Yun received two consecutive system prompts, indicating that the first class meeting of the university was officially over.

After the counselor announced the end of the meeting, many students were actually relieved.

No matter how you look at it tonight, it's a bit too exciting!

Chapter 2739: Short Meeting (Part 1)

The classmates left one after another, but the class cadres of the computer science class stayed and held another short meeting.

Among the class cadres, Li Yun had a better impression of Wang Anna, the literary committee, and Liu Hai, the study committee.

After only the class committee members were left in the classroom, Li Xiaolan began to speak: "Tomorrow... Forget it, let's talk about tonight, Li Yun."

"exist."

Li Yun looked at the counselor.

"In this eventful autumn, when the times are changing, I hope you can do what the deputy squad leader should do within your abilities. The same goes for you."

The counselor didn't say much, but both Li Yun and Xiao Mingzhu could understand what she meant. They were worried that another arrogant person like Huang Guanying would appear, which would cause instability to the school.

Li Yun nodded, "Don't worry, teacher, if there are people like Mingzhu and me, there will be no accidents in China Overseas University!"

These people refer to the confidantes around Li Yun, including Su Muxin, Gong Qingyu, Fang Xue, etc. They are more or less capable of fighting, and there is absolutely no problem with dealing with superpowers.

"That's good."

The counselor relaxed a little, and smiled: "You will have a month of military training starting tomorrow. I don't know the content of the military training, but it's said to be very hard, and..." The counselor showed a bitter melon face, "including us. The instructors and teachers, including the whole school, get military training!"

"what?"

Several class leaders looked at her in surprise.

"Don't ask me, I don't know." Li Xiaolan smiled bitterly: "In short, the principal made us mentally prepare. Everyone has to participate in military training. Oh yes, we will gather at the track and field at 8:30 tomorrow morning. There will be The live broadcast should be a big thing...In short, you have to remind your classmates to gather on time tomorrow morning, and..."

A series of orders went on, and when it ended, it was already ten thirty in the evening.

After going downstairs, Wang Hao turned his head and said to Li Yun: "Brother Li, you don't seem to buy daily necessities? I don't know if the supermarket is still open now. This is troublesome. Or let the instructor issue a certificate. You come to school. Go to the store at the door?"

Li Yun was taken aback, then he remembered that he hadn't bought anything in the dormitory.

Because he never thought about staying in a dormitory tonight!

"No need." Xiao Mingzhu said for Li Yun: "He will sleep with me tonight."

What? !

The class leaders including Wang Hao and Wang Anna were shocked. They looked at her and Li Yun in unison. The counselor Li Xiaolan even covered her face and said helplessly: "I said the class leader and the deputy leader, even if you have already established If you have a relationship, you should also pay attention to some influence! You can live outside, but don't spread it!"

It stands to reason that, as a counselor, she would definitely not agree to Xiao Mingzhu and Li Yun's request to go out and open a room, but the two of them are students with excellent conduct, and secondly, they are both supernatural beings, and Li Xiaolan subconsciously asks Li Xiaolan to respond. The two are more indulgent.

"sorry."

Xiao Mingzhu smiled embarrassedly, "I'm joking. I have a house where the principal at school rewards me with three bedrooms and one living room. Li Yun can live there with me. It's not really sleeping together, hehe , Did you scare you?"

Everyone breathed a sigh of relief, thinking that the two of them would really go outside to open a room and rest.

However, the feeling Xiao Mingzhu gave them was indeed not the kind of girl who would be promiscuous, even if she and Li Yun fell in love, it was impossible to be so... unrestrained.

Chapter 2740: Short meeting (below)

It's just... Xiao Mingzhu was rewarded by the principal for an apartment, but it was beyond their expectation. Even Li Xiaolan showed an expression of envy. She only had a dormitory with one bedroom and one living room.

After asking what was going on, Wang Hao looked at Xiao Mingzhu with awe in his eyes: "Squad leader, your family really has... foresight. You actually donated a faculty dormitory to Zhonghai University when you were in high school. , In exchange for a house."

"A few hundred million for a suite...it's a loss!" Wang Anna, the commissioner of literature and art, couldn't help but vomit. Although there was envy in her eyes, she was not jealous, showing that her personality was still very cheerful.

However, after learning about Xiao Mingzhu's family background, the classmates in the class can't help but want to make friends with her more, so that in the future they can have another way.

Xiao Mingzhu said: "In fact, it's okay. My dad will give back to the society. In the future, he will continue to donate to Zhonghai University and set up charitable foundations. Still have to use it."

She actually doesn't mind giving some help to classmates or teachers. Xiao Mingzhu is still willing to help as long as she is within a reasonable range. company.

If college classmates ask her to find a job in the future, Xiao Mingzhu is also willing to help, and even ask her to invest. After she has read the investment plan, she will invest part of it so that her classmates can start their own businesses and so on.

As a child of a rich man, Xiao Mingzhu is not stingy at all to use his wealth and influence to help students tide over the difficulties.

"Mingzhu, do you have many servants in your house?"

While walking on the campus, several people asked Xiao Mingzhu curiously about the lives of some wealthy people. Xiao Mingzhu tried his best to answer them without irritating them too much, so as not to make others feel unbalanced.

After chatting all the way, they finally separated at a fork in the road. Wang Hao and the others returned to the dormitory area, while Li Yun, Xiao Mingzhu and the counselor Li Xiaolan went to the faculty building.

The faculty building is actually built together with the dormitory of masters and doctoral students. There are five or six high-rise buildings with more than ten stories, which are used by some qualified faculty and staff.

Yes, you have to apply if you want to live in the faculty building. If the conditions are not met, you can only rent a house outside. However, there is a special case for counselors. Counselors need to pay attention to the students' dynamics at any time. They usually live in the school.

"Mingzhu, Li Yun, I and you are not in the same building. Go to the new building by yourself."

Li Xiaolan waved goodbye to the two of them. After walking a few steps, she turned her head and said with a smile: "Don't play too late tonight. You will start military training tomorrow... However, you are supernaturalists, and physical strength cannot be generalized. . In short, pay attention to safety!"

Safety naturally does not mean personal safety, but "life" safety. Don't create new life accidentally.

No matter how generous and cheerful Xiao Mingzhu was, Xiafei couldn't help but cheeks, and said, "Teacher, what are you talking about, Li Yun and I...really nothing!"

She said this with a guilty conscience, and it's really nothing right now, but Li Yun, a big playboy, who is alone in the same room with her, will he have **** at night? She refuses then? Still accept?

Xiao Mingzhu didn't dare to think about it anymore. She knew that she could hardly refuse him...

"Ahem!" Li Yun said solemnly, "Teacher, don't get me wrong. My relationship with Mingzhu is really a pure friend!"

"It's strange to believe you, no matter what you are, you are both excellent students and adults. Knowing how terrible it is to get pregnant in college, pay attention to yourself!"

Li Xiaolan rolled his eyes to the two of them, turned and left, leaving time for the couple who had an affinity for each other.
