

Godly Choice 2741

Chapter 2741: Fallacious

As soon as Li Xiaolan left, the atmosphere between the two became more subtle. Xiao Mingzhu lowered his head and looked ashamed, not knowing what he was thinking.

Li Yun was also a little infected by this sweet, blushing and heart-beating atmosphere of compassion. He moved closer to her and took the initiative to hold Xiao Mingzhu's smooth little hand and put it in the palm of his hand.

Xiao Mingzhu did not refuse, her heart had softened, and her feelings had grown to the highest point.

She was sure again that even if Li Yun did something to her tonight, she would not refuse.

However, she had an inexplicable feeling that Li Yun was not that kind of person-although he was undoubtedly a playboy, he was not the kind of man who took a girl casually for the first time.

Therefore, she can now feel relieved and boldly enjoy the hand in hand with Li Yun, letting their emotions be like dense silk, entwining slowly.

"Pearl."

"Um."

Um, with a soft voice, Li Yun's heart was about to melt. I wonder if the classmates in the computer science class, when they see such a soft and romantic squad leader in front of them, will their eyes pop out?

It is a pity that such Xiao Mingzhu can only be appreciated by Li Yu alone!

"University and high school are really different."

Li Yun found a topic, squeezed her little hand and said with a smile: "If I walk with you in high school, the teacher will definitely come to beat the mandarin ducks, but we at the university are already adults, even the counselor. Don't stop it, let us tonight..."

"What can you do?" Xiao Mingzhu glared at him, snorted and then shook his hand and walked forward, "I can't be with you, if you **** is messy, see if I don't punch you! "

She showed her little pink fist, the white and tender girl's fist was very cute, Li Yun couldn't help but stepped forward again and held Mingzhu's fist.

Xiao Mingzhu struggled a bit, seeing Li Yun's resolute attitude, she could only let it go, and let the villain hold her fist--not pinch the palm of his hand.

"Mingzhu, let's go, go back to rest early, um, just rest, don't think about it!"

"Why don't you want to be crooked? You want to be crooked!"

"You know what I think, so you want to be crooked too?"

"...Standard perversion."

The two bickered all the way to the new faculty building. After pressing the elevator, Xiao Mingzhu chose the 8th floor.

Inside the stairs, Xiao Mingzhu's pink fist finally softened, Li Yun gently opened it, and entangled her ten fingers together, the palms were against the palms, and the ten fingers were like the closest lovers, hugging each other tightly. .

The wonderful emotions kept Xiao Mingzhu's stunning face always full of red clouds, delicate and moving.

Li Yun smiled and admired her beauty, Xiao Mingzhu seemed to be killed too, let him look at him, the more he looked, her face reddened, but he never let go of Li Yun's hand.

"Ding."

When the elevator reached the eighth floor, Li Yun took Mingzhu's hand and walked out, and asked, "Which one is it?"

"801."

Xiao Mingzhu came here once a few days ago, took him to the door, and opened the door with the key.

After Li Yun walked in with her, Xiao Mingzhu was a step behind, bit her lip, gave Li Yun a complicated look, and finally chose to close the door tightly.

At this point, only her and Li Yun are in room 801. This three-bedroom and one-living house has become a sweet house for two people.

"This house is not bad."

Li Yun didn't think too much, but he looked at it a few times after coming in, and said in admiration.

The 120-square-meter three-bedroom and one-living room is actually four-bedroom and two-living room, with three bedrooms plus a small study room. The living room and dining room are connected together. There is a spacious balcony and some potted plants on the balcony, adding a touch of greenery.

Chapter 2742: Three bedrooms and one living room

In addition, the living room has complete furniture, several sofas look very high-end, estimated to be more than 100,000 imported goods, and the kitchen decoration is also very beautiful.

Such a well-decorated house in Zhonghai City will start at at least 10 million, and the decoration alone will cost two to three million.

"...Also, okay." Xiao Mingzhu suddenly panicked and couldn't say anything. She was afraid that Li Yun would suddenly hug her. Xiao Mingzhu could be sure that if Li Yun hugged her, she would be embarrassed. of!

"Well, take a wash and prepare for bed." Li Yun asked with a smile: "Mingzhu, do you wash first, or me? Or maybe... two people together?"

According to the decoration of this house, there must be a high-end bathtub in the bathroom, which has its own temperature control, and it is also very large. It is not a problem to enter three or four people at a time.

"I want to be beautiful!! I'll wash it first!"

Because of Li Yun's joke, Xiao Mingzhu finally recovered from the inexplicable nervousness. After giving Li Yun a coquettish glance, he turned and walked to his bedroom: "This is my room, your room is opposite, and the other room. You can... bring them here."

Xiao Mingzhu hesitated for a while before speaking out.

They, of course, were referring to the four girls who were studying at China Overseas University, Liu Xianxian, Gong Qingyu, Fang Xue, Su Muxin, and Xiao Mingzhu all agreed with them to live in, or come here temporarily for the night.

This was almost the biggest compromise. Li Yun was moved in his heart and went forward to hug her.

"You, you, don't mess around, come!"

Xiao Mingzhu broke free in a panic, glaring at him and said, "Just those four, other women, dare you bring them here, and see if I will take care of you with Xianxian!"

Li Yun raised his hand and surrendered. He didn't plan to find another girlfriend in college. It was enough to have five of them to accompany him.

Xiao Mingzhu snorted with satisfaction, turned around proudly and entered his room, slamming the door.

When she came out again, she had already taken on a change of clothes, a short sleeve and a short hot pants, plus a small piece of clothing...that almost made Li Yun's nosebleeds come out.

"abnormal."

Xiao Mingzhu pretends to be calm, but in fact he has already panicked.

Of course she knew that they would definitely encounter such a shameful situation when two people lived together, but she deliberately showed it to Li Yun...

"I didn't see anything." Li Yun raised his hand again to express surrender, as if I was a gentleman.

Let Xiao Mingzhu laugh out loud and wore women's slippers and went into the bathroom.

".....call."

It's really exciting.

Li Yun wiped the non-existent nosebleeds on his nose and sat down on the sofa. Just as he was about to chat with Fang Xue on his mobile phone, the bathroom door opened again.

"Bad!" Xiao Mingzhu leaned sideways, blocked most of her body with the bathroom door, and only stuck out one head.

But even so, when Li Yun turned his head to look around, there was a violent earthquake, and his eyes almost let out light.

Xiao Mingzhu at this moment is so beautiful.

The slender and delicate collarbone, the round and lovely small shoulders, the slender arms like tender bamboo, and the armpits that can be seen faintly along the arms, are like the snow of Tianshan...

"Mingzhu, you...cough cough cough cough cough cough cough cough cough!"

Li Yun coughed violently, causing Xiao Mingzhu to laugh out loud again, his cheeks blushing: "What are you thinking about? What an idiot! I asked you to bring me a towel!"

"Towels? Where are they?" Li Yun was actually a little confused. Why didn't anyone go to the bath without a towel?

Could it be that.....?

Chapter 2743: There is a washing machine

Did Xiao Mingzhu ask him to help on purpose? !

Then, again, wash together again! ! ?

"You are thinking about it again!" Xiao Mingzhu stared at him, and said, "I just moved in and I am not used to it. I always put the towels in the bathroom at home..."

Talking a little flustered, Li Yun could understand her.

Oh, got up and helped her go to the bedroom to get a towel. By the way, Li Yun also looked at Xiao Mingzhu's room and found that there was nothing special. After all, she had just moved in and didn't have too many personal belongings.

Walking to the bathroom door, Li Yun handed her the towel.

At this moment, there was only a glass door between the two, and Li Yun's eyes could clearly see how bewitched Xiao Mingzhu's exquisite and graceful curves were behind the coated glass.

"Li Yun."

Xiao Mingzhu was suddenly relieved from panic and shyness, and her heart became very calm. She admitted that she deliberately did not take the towel, and wondered what kind of expression Li Yun would show at this time, whether he would rush over or hug him. Live her for a romantic intimacy.

But nothing.

He just looked at her with appreciative eyes, turned his head without evasiveness, and didn't jump over, just like this generously to appreciate her beauty.

His eyes were slightly fierce.

Don't avoid it, and it's not too abrupt.

Since she has such a qualitative boyfriend, why is she panicking? Everything is fine~.

"What?" Li Yun joked: "Do you want Mingzhu to invite me in to wash together?"

"The beauty of thinking!"

Xiao Mingzhu grinned and cursed, grabbed the towel, and turned and entered the bathroom.

"?"

Standing outside the door, Li Yun looked at the unclosed bathroom door and fell into entangled doubts.

What does Mingzhu mean?

He wants to be a monster, or is it better to be a monster?

"Ding, trigger a limited time option event, please choose from the host:

Option 1: Go in, reward evil value +100, purple gift bag*2.

Option 2: Don't go in, no reward. "

Even the cheating system came to join in the fun, and Li Yun felt that he had encountered another life choice problem.

Fortunately, he didn't see the word "Limited Time". Amidst the entanglement, Xiao Mingzhu came back and handed out a washbasin from the bathroom.

What's inside is...

Li Yun was shocked.

Completely shocked.

"Take it, take it, and put it in the washing machine for me."

Xiao Mingzhu's voice was accompanied by a trembling sound. When Li Yun subconsciously took the washbasin, she slammed the bathroom door.

The heart is beating fast.

Li Yun's heart was beating fast, because he knew that Mingzhu hadn't left yet, and the upper part of the bathroom door was frosted glass. It was clear that Xiao Mingzhu was leaning against the door.

"Pearl...?" Li Yun swallowed, he decided to choose the first option! !Nôv(el)B\jnn

"Go!"

Xiao Mingzhu became fierce, perhaps just to conceal her flustered emotions: "Give me, wash me clean, as long as you clean it, what you want to do with them before..."

After saying this, Xiao Mingzhu's heart beat three hundred times in at least one second, and her cheeks were already red, and she hurriedly entered the bathroom, opened the shower and poured water vapor on her head.

She thinks she is a typical cheerful and confident girl, but when faced with this situation, she behaves more shy than ordinary girls!

Li Yun's bad guy can see her blushing and heartbeat with a simple look...

"Xiao Mingzhu, Xiao Mingzhu, cheer me up, isn't it just sex? Adults, what are you afraid of! What's so great about Li Yun? He is a playboy, no matter how good he is, he is also a playboy!"

Chapter 2744: 8.88 million

In the bathroom, Xiao Mingzhu complained about Li Yun's faults and tried to make herself jealous to suppress her restless girl's heart.

The more you know about the stories of the girls around Li Yun, such as Mount Tai, Ocean Princess Cruises, A Duoshan Hot Springs and so on, and the more you feel that Li Yun is good, Xiao Mingzhu feels that it is more and more difficult to control what he has in mind. Crazy thinking.

In the end, she could only pat her cheeks, which were moistened with water drops, which became more and more delicate, and forced herself to calm down.

"..."

Outside the door, Li Yun took Xiao Mingzhu's clothes changed into a daze, and fell into life thinking and choices.

Even if he didn't get close to smelling it with his nose, he could smell a quiet virgin fragrance from the basin, as if he was still carrying the body temperature just after the change, which was especially appetizing.

"What am I doing!"

Li Yun was not animalized in the end, and like Xiao Mingzhu in the bathroom, he patted his face to wake him up, turned around and walked to the washing machine with the washbasin...

"My Cao? The washing machine is in the bathroom!"

Li Yun discovered the problem now!

The washing machine was in the bathroom, but Xiao Mingzhu gave him his clothes to wash.

What it means is clear and clear.

"This is delivered to me, it's difficult."

Li Yun sighed, but in the end he couldn't hold onto his morals and grabbed the clothes in the basin.

One minute later.

"Ding, the host made a choice, not to go into the bathroom, no reward, special reward: beastization value + 8.88 million."

...

God is 8.88 million!

He picked it up and, with a scientific and rigorous attitude, carefully analyzed her condition for Xiao Mingzhu, and confirmed that the other party did not have any leucorrhea abnormalities, irregular menstruation and other gynecological diseases mentioned in the small advertisement.

On the contrary, it is very fragrant.

But it's natural to think about it. Xiao Mingzhu is now about to break through to the Grand Master Realm. With the pill that Li Yun gave her, her body can be said to be clean and translucent, healthy inside and out, and her skin is smooth as jade, without a trace. defect.

The clothes changed are naturally fragrant.

"Mingzhu, I put down your...washbasin, cough cough, wait for you to wash it yourself."

After making a special call, Li Yun put the washbasin back in front of the bathroom door after removing his suspicion, and turned back to the living room dignifiedly.

The inside of Xiao Mingzhu's shampooing stopped for a while, he was puzzled, and then suddenly his face flushed.

More than a minute has passed since just now, Li Yun can't always look for the washing machine, he must be standing at the door, looking at her...inside the basin with admiration.

"Bad guy." Xiao Mingzhu sipped lightly, "Sure enough, men are interested in these, even Li Yun can't resist this kind of bewilderment. It seems that I have to be more careful tonight."

Twenty minutes later, Xiao Mingzhu came out of the bathroom wearing short sleeves and ultra-short hot pants, her face flushed, her hair curled up in a towel, her slender legs moving around, she was dazzling.

"What are you looking at! It's up to you to wash it!" Xiao Mingzhu threw a towel to Li Yun and rolled his eyes.

"?"

Li Yun held this used towel in a daze, and subconsciously asked: "This is not what you have used...oh oh oh!" He understood.

"You don't want to use mine?" Xiao Mingzhu's cheeks blushed as if drunk. "I didn't prepare your daily necessities. If you don't want to use it, just wipe it with your own clothes!"

With that said, Xiao Mingzhu made a gesture to take the towel back. Li Yun hurriedly took care of her, grabbed her hand, put her on the sofa, and said with a smile: "Of course you need to use it. Mingzhu, you sit first, I will soon Just wash it!"

"...Remember to wash me up afterwards!"

Xiao Mingzhu was even more shy.

Chapter 2745: Class group

After taking a bath, Li Yun felt that he could go to a question-and-answer website to ask a question, called: What's it like taking a bath with a girlfriend's towel?

Then open the tub and answer your own feelings.

Only answer two words: fragrant, cool.

Coupled with the fact that the bathroom was just used by Xiao Mingzhu, the remaining young girl's body fragrance gave Li Yun the illusion of washing with her. Keke, it's just an illusion.

"Pearl."

After washing, Li Yun took out a set of clothes from the space ring and put on it. Xiao Mingzhu was taken aback when he saw it, and then she remembered that he didn't need to prepare a towel for him at all. This guy has too many messy things in the space ring. There must be towels too!

"Why didn't you say it earlier!" Xiao Mingzhu kicked Li Yun who was sitting on the sofa with her little feet in embarrassment.

Li Yun took the opportunity to hold her little feet and sat down to watch TV together.

Do a little movement by the way.

Xiao Mingzhu struggled a few times but didn't break away, so he could only let him mess around, lying on the soft sofa and playing with his mobile phone, deliberately not going to see Li Yun.

After all, her face was already red, and he would definitely be ridiculed by him.

"Pearl."

"What are you doing? Don't even think about making an inch!"

"I didn't do anything, just call your name."

"Huh, just scream if you want, I didn't... go."

Xiao Mingzhu spoke with vibrato.

Did not go, actually did not hide.

Li Yun chuckled and didn't mess up any further. He picked up the mobile phone in his right hand to play. After chatting with Fang Xue and the girls, he learned that they had all returned to the mansion and did not live on campus.

After all, neither Fang Xue nor Gong Qingyu had ever lived in school. Originally, there was no way for the university to go to school in the first academic year, but Li Yun naturally found a relationship for his girlfriend to make it easy for Fang Xue. Go through the day formalities.

Of course, Fang Xue also has a dormitory at the school, so he can take a nap at noon to prepare for the afternoon class.

"Look at the class group!" Xiao Mingzhu kicked Li Yun with the back of his foot, don't let him watch some news, don't move around.

She was already in the small group of the Fairy Club and reported that Li Yun lived with her tonight, causing a group of girls to express their feelings with various expressions.

For example, Su Muxin sent a squinting buckle expression, the meaning was already obvious.

As for Liu Xianxian, he said, "Zhuzhu must pay attention to safety and protect yourself", making Xiao Mingzhu blush.

Each of these guys thinks she will be eaten by Li Yun, do you underestimate her?

—Even Xiao Mingzhu didn't realize that he had become more and more integrated into the Fairy Club, Li Yun's exclusive confidante association, although the two had not officially announced the establishment of a relationship between men and women.

"Class group?"

Li Yun kept moving his hand, tapped the button of the phone with his right hand, looked at the computer class and found that they were discussing tomorrow's affairs in full swing.

The Sports Committee who loves fitness: "I've inquired, tomorrow we are going to the military camp in the mountains, and we can't come out for a month!"

Xiao Xiaofang: "Isn't it? Wang Hao, don't scare me!"

Hayate Swordsman: "...I'm going crazy, so we can't touch the computer for a month?"

Vanity: "Don't just think about playing on the computer, the end of the world is approaching!"

"When the world is at the end of the day, I also play games, and I will have to spend ten days and nights all night. Sudden death is forgotten!"

Seeing their heated discussion, Li Yun smiled and said to Mingzhu: "This reminds me of my junior high school days. Every time before a holiday, the news of the holiday will fly all over the sky. Some say it will be released in the afternoon, and some say it will be until the next morning. , And some say that noon will be finished. Anyway, everyone's source of information is different. It can be called a flurry of demons."

Chapter 2746: Xiao Mingzhu's thanks

What happened in the computer science class, as well as the counselors of each class saying they gathered to watch the live broadcast the next morning, there was a lot of rumors on the night before the military training, and many students who rejected military training wailed.

"Do you know any news?" Xiao Mingzhu turned around and became lying flat on the sofa.

Of course, her feet were still resting on Li Yun's legs, and she bit her lip from time to time because of Li Yun's tickling.

"Personal strength is very small in the face of the tide of the times." Li Yun replied, scratching her foot comfortably.

"You are not an ordinary person!" Xiao Mingzhu said reluctantly.

"Well, I do know some news, it seems to be entrusted to us a task." Li Yun was telling the truth. After he returned to Zhonghai City, he did not care much about the decision-making at the national level. Of course, with his current influence Be able to get involved and even make important suggestions.

But for various reasons, Li Yun didn't even have the idea of getting involved.

"US?"

"All college students."

"what!?"

Xiao Mingzhu looked up at him in surprise: "All college students? There will be 40 million people. Do you want to do a big move?"

Li Yun shrugged and said that he didn't know, "It's probably not all of them, it depends on the needs."

"So what's the matter?"

"Want to know? Give me a reward and I'll tell you." Li Yun smirked.

Xiao Mingzhu's face blushed, and her feet gently kicked him: "I'm not rewarding you now, and just now? I want to make a big difference again?"

She knew that Li Yun was joking, so she didn't ask about it anymore. Anyway, she would understand it tomorrow.

The two chatted intimately until Xiao Mingzhu yawned and Li Yun pulled her up.

"What are you doing?"

"What else, sleep!"

"you you!"

Li Yun pulled Xiao Mingzhu to the door of her room, and looked at Xiao Mingzhu's blushing and nervous look, and couldn't help but smile: "What do you think, I just let Mingzhu go to sleep, not us!"

Xiao Mingzhu bit her lip and reached out and pinched Li Yun's waist.

"Ahem, my mistake is alright, I apologize!"

Li Yun raised his hand to express his surrender, and Xiao Mingzhu let go.

"Then...I'm in the room?" Xiao Mingzhu was dailing at the door, seeming to be waiting for something.

"Well, good night, go to sleep."

Li Yun kissed her forehead and said softly, "I will call you tomorrow, so don't worry about oversleeping."

Xiao Mingzhu felt warm and wanted to say, "You spoil me so much, what if I can't get up without you the day after tomorrow?"

But because I was too nervous and shy, I didn't say it.

"What's the matter?" Li Yun looked at her like she wanted to talk but stopped, and said strangely: "I said good night."

"...Thank you today."

"?"

"It's about being my deputy squad leader!"

Xiao Mingzhu suddenly discovered that this **** is sometimes silly and cute.

"On this matter?" Li Yun couldn't laugh or cry, because it turned out that being her deputy squad leader is still very important to her.

Unexpectedly, a girl as strong and generous as Xiao Mingzhu is also very sensitive.

Especially after falling in love.

"Fool."

Accompanied by a tender voice, the soft lips pressed against Li Yun's lips. Li Yun opened his eyes in an instant, and stared at Xiao Mingzhu's bright, clear, shy and joyful eyes.

At this moment, time seemed to freeze, and the two only had each other in their eyes and the hot lips of each other.

Chapter 2747: Military training (on)

Overnight, Xiao Mingzhu did not grow much.

Only gave the girl's first kiss...

Li Yun got up in the morning and touched his lips, still remembering the kiss that lasted for more than ten minutes last night. The two people blended emotionally. It was only after Xiao Mingzhu shyly pushed him away and hid in the room. Announced the end.

"On the first day in college, I went to the laboratory to play with Little Pepper, and came to her dormitory with Mingzhu to take her first kiss."

Recalling what happened yesterday, Li Yun couldn't help but smile.

It can be expected that there will be many such things in the future while studying in university.

When Mingzhu really let go of herself, then watch anime with Qingyu for a night, make a movie with Liu Xianxian, and wait for all the girls who are studying in college to win, the happiness will be overwhelming!

"Mingzhu, get up, military training!"

...

At 8 o'clock in the morning, the two of them ate breakfast outside and then returned to school slowly.

Originally, on the first day of military training, the squad leader and deputy squad leader had a lot of work to do, but this year's military training is different. First gather to watch the live broadcast, and then announce the military training.

So before half past eight, no one knows what military training this year is said to last for one month.

"Mingzhu, early."

"It's early school girl."

"Mingzhu~~~ It turns out that you reported to the computer science class, so I was too tight to hide it!"

Li Yun once again acted as a foil along the way, watching Xiao Mingzhu freely respond to the classmates who came up to say hello, most of them were her middle and high school classmates and friends. Li Yun was also shocked to discover that Xiao Mingzhu is not only with people in the same grade. The relationship is very good, and I can have a few words with the senior sisters.

She is completely a big celebrity, and she is the focus where she goes.

Li Yun even had the illusion that the girl he kissed last night was not the same girl who is now dazzling the sun. Otherwise, why would he have such a perfect girl to be his girlfriend?

"What do you think?" Xiao Mingzhu tilted his head to look at him, Li Yun shook his head and went to the playground with her.

A lot of people have gathered here. Not only the freshmen are sitting in the middle of the playground, but the track, the surroundings, and the campus roads farther away are also full of people.

This morning, it's not just a military training mobilization meeting!

"Sophomores and juniors are here too?"

"Yes! I heard that some seniors who went for internships were also called back. All teachers and students must concentrate on the playground!"

"Graduate students and doctoral students are here too?"

"Aren't the mature people over there with masters and doctors?"

"Hi! I have a hunch that the live broadcast will shock the whole country!"

Everyone knew last night that there would be sophomores, juniors and sophomores to participate this morning, but until now, after seeing the overwhelming 20,000 to 30,000 people, they really felt how important today's live broadcast would be.

Li Yun found the place of the computer science class, separated from Xiao Mingzhu, and sat in the team of boys.

He also felt that the matter was a bit serious.

The proof is that when the male classmates around saw him walking with Xiao Mingzhu, no one asked a few more questions.

"Deputy squad leader, what do you want to say about the next live broadcast? It can't be a simple military training?" A male student couldn't restrain his curiosity and asked him.

Li Yun shook his head, saying that he didn't know.

"I heard that the national radio and television stations, all news networks, and all live broadcast websites will report and live broadcast the speeches of the leaders this morning!"

Chapter 2748: Military Training (Part 2)

"Will the 'big elder' also appear?"

"Sure! I guess it must have something to do with Penglai Island!"

"Nonsense, who doesn't know, I think it is the country's decision to announce, maybe it is to change the recruitment system to the conscription system."

"Haha, are you wrong? Although our country looks like a recruiting system, it does not force itself to be a soldier, but it is actually a drafting system!"

"That is to be forced?"

Everyone talked about it, and more than 20,000 people gathered together to form a huge and noisy sound, like a strong wind blowing through the woods, screaming.

Li Yun chatted with his classmates, and soon shut his mouth and watched the school leaders appear on the high platform one by one.

The track and field field of China Overseas University is well-built. There are seats for watching games all around. It looks like a football field. There are huge screens at the entrance. It used to be opened during the school sports meeting.

The level of China Overseas University's school sports meets is very high, because there are national athletes and even gold medalists who have participated in the Olympic Games. They are also studying at China Overseas University.

But today, everyone gathered below the track and field, waiting for the start of the national live broadcast.

Not only the more than 20,000 teachers and students present, but also primary and secondary schools across the country, various institutions, government agencies, state-owned enterprises, research institutes, etc., plus those who are waiting in front of the TV and watching the live broadcast on the Internet with their mobile phones, Huang Xuanguo 13 100 million people, it is conservatively estimated that more than 500 million people are watching the live broadcast that will start at 8:30 through various channels.

Everyone guessed something, and everyone was waiting again.

The principal and the leaders sitting on the high platform did not speak, but as time approached, more than 20,000 teachers and students gradually calmed down, even speaking very quietly.

The atmosphere became more solemn, and even the air seemed to freeze.

Finally, it was half past eight.

On the huge screen of the track and field field, there appeared an old man who was familiar and loved by all Huang Xuan people.

Great Elder (named on behalf of others).

The old man looked at the 500 million people in front of the camera with kind and hopeful eyes. After waiting for more than ten seconds, he slowly said, "Children of China, good morning!"

Everyone is awe-inspiring, such a solemn address, and such an unusual opening statement, which makes people feel deeply nervous and uneasy.

"I am... (omitted)." The old man said his name, and his tone became more serious: "On September 2nd, the day when teachers and students across the country start school, I will give a national speech about what happened in the past month. I hope All the Chinese sons and daughters..."

"In the past month, on the overseas Penglai Island, which was originally called Haowei Island, we discovered a big event that shocked the world!"

"..."

The old man's voice was slow and powerful, officially telling 1.3 billion people what happened on Penglai Island through official channels.

Almost everyone knew about it, but when I heard it again from the old people, I still felt my scalp tingling.

"Fortunately, our Huang Xuan country has produced a hero with extraordinary abilities. He led our human and civilian warriors to Penglai Island, entered the mist, defeated countless monsters that mutated due to spiritual energy, and destroyed them. A conspiracy of a handful of enemies to occupy Penglai Island!"

It's Superman Li!

Those who follow this live broadcast all over the world have a name, or nickname, in their hearts.

In an instant, Li Yun felt five glances coming over.

Xiao Mingzhu, Liu Xianxian, Fang Xue, Gong Qingyu, and Su Muxin are all people who know Li Yun's true identity. At this moment, they feel extremely honored to tell Li Yun's deeds from the old population.

Chapter 2749: Speak

Li Yun's face was calm, he didn't actually do anything, right? That is to say, the gate of life and death and the stone stele of Penglai Island were found, and the fog was dispersed.

Of course, it did save some people without letting Liudaomen kill the people on the island like pigs.

"Look at the video recorded at that time."

When the old man finished speaking, a shocking movie began to be played on the big screen.

A two hundred-meter-long giant whale, keeping pace with the super-large cruise ship, suddenly leaped into the sky, and the huge shadow obscured the sky.

There is a mist covering hundreds of kilometers, which makes people feel that it is full of mysteries and unknowns.

There are hordes, piled up with all kinds of marine monsters on the sea.

There are seagulls the size of a bomber soaring in the sky.

There are also hundreds of islands, an astonishing scene of booming and rising.

The mysterious and unpredictable ancient palace, Biyou Palace is located among the mountains of Penglai Island. The vast ancient atmosphere is awe-inspiring.

"..."

I don't know how many people are shocked by this film, and their minds are messed up, confusion, hesitation and other uneasy emotions rise from the bottom of their hearts.

The world has undergone tremendous changes. Even the elderly have started to broadcast national speeches, and it seems that they are about to fight for life and death.

So what's the point of them going to this university?

"Fortunately, the end of the world has not come!"

Accompanied by the impassioned business, the style of the film turns, two ocean fleets, tens of thousands of people's soldiers are ready to go, countless frigates, fighters are covered with sky and sponges, and the soldiers fight **** battles on Penglai Island...

Of course, Huang Xuanguo's Li Chaoren's brilliant sword light is indispensable, killing more than a hundred monsters in one blow, and the **** scene shocked everyone!

In the end, the film was fixed on that huge stone monument, and the three ancient characters of Penglai Island occupies the entire screen.

And Li Chaoren's vague back, standing in front of the stone tablet, holding a sword, like a warrior challenging the gods, his back is full of firmness and high spirits.n/ô/vel/b//jn dot c//om

The heroes of the world come out of our generation, and the years are urged as soon as they enter the rivers and lakes. Hongtu domineering industry talks and laughs, and life is drunk.

After a long time, the figure of the old man finally appeared on the screen, quietly watching everyone.

"Children of Hua Xia, we are facing unprecedented challenges in five thousand years!"

"..."

"Take up the courage, work hard, and face all the difficulties bravely, as the trend of the times."

"The end of the world is not here. We still have time to prepare, fight, and challenge."

"This is a crisis, but at the same time, it is also an unprecedented opportunity."

"Under the leadership of *, our children of Huaxia will surely stand on top of the world again!"

...

This concludes the old man's speech. To Li Yun's surprise, the old man did not talk about any specific measures. He just encouraged everyone not to be afraid and bravely face the crisis of spiritual recovery brought about by Penglai Island and regard it as one. In the face of a rare opportunity in a millennium, smile at the difficulty.

But this speech was undoubtedly a success, as can be seen from the involuntary enthusiastic shouts of 20,000 people at the scene.

At this moment, everyone is full of passion in their hearts, and they can't wait to take up their weapons and face the upcoming monsters!

Five minutes later, the enthusiasm of this group of young college students weakened slightly.

"Students, how do you feel?"

The president of China Overseas University asked with a smile, "I'm telling the truth, and I also feel that I am back when I was young, my body is full of power, new eras, new opportunities, and everything in the future is unknown, and you, young you Have the greatest capital!"

Chapter 2750: The importance of exercise

The principal's speech contained a lot of content, but Li Yun felt that it could be summed up in one point: the body is the capital of life!

A more specific measure is to include physical education exams in the final exams, and because of the need to quickly improve physical fitness, small exams must be conducted every month.

Special training should be given to some students who are too poor in physical fitness and who do not practice well. In short, we will not give up everyone, and arrange everyone to exercise fairly and reasonably.

Not only that, after the future military training is over, the content of military training should also be incorporated into daily training, such as trail running, load running, line up, low posture and so on.

In addition, conducting live ammunition training for particularly outstanding talents, both militiamen and students, must not only learn scientific and cultural knowledge, but also improve combat quality.

Various measures were enumerated, and the enthusiasm of the students immediately melted away, and each one showed a bitter face.

"Don't feel hard, everyone."

The principal said: "According to the measurements from various places, the aura of Penglai Island has spread all over the world, the concentration of aura is getting higher and higher, and the degree of variation of animals and plants is getting bigger and bigger. Don't think that it's fine if you don't go to the wild. Cockroaches, mosquitoes, ants, etc., they all may mutate!

Think about it, if a mouse the size of a human head appears in your house, how do you deal with it? If you are not physically fit, can you not even run a mouse? "

A group of people were dumbfounded.

Isn't it a realistic version of Resident Evil if something like that is going to happen?

"This is not my alarmist talk. The mutation of plants and animals has already occurred on a global scale. Any search on the Internet is all news, and it is also related to the content of your military training!"

Only then did the 20,000 teachers and students really feel what the so-called new era is.

The earth of the future... it is hard to describe in a word, and the changes are too great.

But anyway, your physical fitness must be good. Even if you are a Jiao Didi girl, you must also participate in the exercise. Otherwise, if something happens, you will get tired and pant after running a few steps, and it will be impossible to live in a crisis-ridden environment in the future. Come down.

"Woo, this is terrible, I have to run 800 meters for 6 minutes..."

"I'm better, 5 minutes and 50 seconds."

"Don't be afraid of my little sister, didn't you say it on the Internet? Reiki can strengthen your body. In the future, everyone will be a pervert who can run 800 meters in two minutes!"

"2 minutes? Isn't that all muscles? No~~~!"

The real sense of crisis struck, and the 20,000 teachers and students felt nervous and uneasy again.

Fortunately, the principal said that not only students need to exercise, but teachers also need to exercise. Employees of the company in the society also set aside four days of work a month to strengthen their bodies together with weekends.

In short, unless it is really not allowed by the body, the people of the whole country must improve their physical fitness.

This is a dead order.

"The above are measures for all teachers and students. After each class goes back, the specific exercise projects will be arranged and the physical education teachers of each grade will be responsible. Next, a military training mobilization meeting for freshmen will be held!"

The orders and measures of the principal's orders were announced, which made people feel dazzling.

And soon, when the principal did not let the sophomore and junior teachers and students leave, he invited the military training instructor to enter.

"Everyone has it, turn left and run into the arena!"

Accompanied by the loud slogans, everyone was shocked to see rows of armed and mighty soldiers running into the arena with submachine guns in their hands.
