Chapter 2781: No silver here

Lin Tiankang emphasized several times that Dasha's death had nothing to do with him, and it meant that there was no silver three hundred taels here. It was easy to make people guess that when Dasha's wife died, Lin Tiankang met her.

Combining what Ahua hadn't finished speaking before, Lin Tiankang might also have something to do with Dasha's wife.

The two sides disputed over some things, and the result...

"It's okay? It's okay that you keep emphasizing it?" Wang Hao squinted at him.

"Yeah, aren't you not hiring yourself?" Another male classmate also made a strange noise, "I see, I will report this to the mayor tomorrow, let him arrest you and take you Go to the interrogation room and ask!"

"You fucking...!!!"

Lin Tiankang's facial muscles twisted for a while, wanted to get angry, wanted to beat people, and worried about Li Yun's supernatural powers, and shouted at Ahua: "You **** let me go home and be let me see you again. With these outsiders, I want you to look good!!!"

After speaking, Lin Tiankang turned angrily and left. Everyone saw him holding a flashlight and a dagger in his hands, walking quickly into the darkness.

A Hua was silent for a long time, and Wang Hao comforted him: "A Hua, don't be afraid, this kind of person will act **** the inside and be strong outside.

Ahua shook his head, saying that he didn't want to talk about this topic anymore.

Everyone can understand him. Living in a small place is like this. A small matter may be held for a lifetime. Without saying it on the surface, the crack has been buried.

Soon after, after eating the contents of the disposable bowl, Ah Hua left. He also took a flashlight in his hand, but he didn't wear any weapons to defend himself.

The rest of the classmates in the computer science class also had no intention of barbecue. They put the ingredients in the pot and boiled them. After eating, the people who were on the watch were arranged to sleep in their tents.

As a result, there was a problem in distributing tents.

There are a total of individuals, five men and five women, and the tents are all two-person tents, which results in one man and one woman being left.

"Tsk tsk, don't divide it."

Wang Hao smiled and looked at Li Yun and Xiao Mingzhu: "Squad leader and deputy squad leader, you should live in the same tent. Anyway, you also have a good impression of each other...Ah no, you are both squad leaders. It is reasonable for the squad leader to live together! "

"Yes, right, the two monitors will live together, right?"

"Remember not to be too loud!"

"What nonsense, the squad leader is not that kind of person, he should remember to take safety measures!"

Xiao Mingzhu was so ridiculous that his face blushed, and he was about to fight, but the group of people got into the tent laughing and joking, leaving only Li Yun and Xiao Mingzhu outside.

"Where is the night watcher?" Li Yun shouted into the tent.

"When you sleep, I will go out again."

"..."

There were no people outside the tent, only the bright moonlight and the two standing under the moonlight.

"These guys are really..." Li Yun cheered and said to Xiao Mingzhu: "Mingzhu, shall we sleep too?"

"Wow!"

Several exclams from inside the tent made Xiao Mingzhu's beautiful face even more rosy.

Li Yun quickly changed his words: "I mean, sleep together...ah no, I mean, we sleep in a tent!"

Xiao Mingzhu glared at him, "Can't you not mention sleeping? What's wrong with sleeping in a tent?"

The more she emphasized that she was just sleeping in a tent, everyone felt that she was like Lin Tiangkang just now: there is no silver three hundred taels here.

Li Yun looked at her laughing all the time, laughing so that Xiao Mingzhu's face became redder, and finally snorted, bowed his head and entered the tent.

Don't dare to stay outside anymore.

Chapter 2782: problem occurs

One night passed.

When Li Yun woke up, his first feeling was that the tender body in his arms was really soft. He felt it in a daze, thinking it was Li Feng or Fang Xue.

"Hey."

Li Yun moved her hand, and the girl in her arms let out a angered protest, as if she hadn't awakened from sleep, her voice was very lazy, full of intrigue, and Li Yun suddenly woke up.

It's Xiao Mingzhu! !

After realizing who was in his arms, Li Yun finally woke up and opened his eyes to look at Xiao Mingzhu who was shrinking in his arms.

This guy deliberately avoided him when he slept last night. Li Yun suggested not to give him a kiss. He looked like I would fight you desperately if you came over.

As a result, after falling asleep at night, she rolled over by herself and slept comfortably all night with Li Yun in her arms.

"Pearl?"

Li Yun called her softly. Xiao Mingzhu, who was vigorous and vigorous during the day, looked very cute when she was not awake in the morning. She closed her eyes and breathed gently with her mouth open. The green silk was a little messy, she was wearing no pajamas. The short sleeves were rolled up to the chest, revealing Xiao Mingzhu's soft and slender waist.

Li Yun propped his head with his arms, looked at Xiao Mingzhu who was "sleeping" with a smile, and watched her cheeks turn red little by little, and her breathing changed from gentle and gentle to rapid.

Obviously, the sleeping beauty has woken up, but the two postures are too intimate, which makes her afraid to wake up.

"Mingzhu, why are you so cute?"

Li Yun put his hand on her waist, pretending to be mumbling, and touched her belly with a finger.

"Puff~"

Xiao Mingzhu, who was clenching his teeth, exhaled a big breath from the gap between the teeth between his lips. Li Yun couldn't bear it, but he didn't dare to laugh.

Li Yun took a comfortable breath. After a night of Xiao Mingzhu's body fragrance, the tent has long been fascinating, and it feels more comfortable than the early morning air in the mountains and rural areas.

At this moment, Li Yun didn't want to wake up. It was his greatest enjoyment to tease Xiao Mingzhu all the time.

only.

"what!!!"

A piercing scream came from a distance, breaking the tranquility of Miki Village in the morning, and awakening the two people in the tent who were "tacitly".

Xiao Mingzhu opened his eyes abruptly, stared at Li Yun, and quickly got up, put down the short sleeves rolled up to his chest, wearing a pair of shorts with half of his thighs exposed, unzipped the tent and walked out.

"So you are already awake." Li Yun said in a hurry.

"Don't talk about it!"

Xiao Mingzhu forcibly interrupted the topic in embarrassment. Just now, the playboy's hand had been placed on her waist. Until now, she still feels hot in her stomach, which is very uncomfortable. Li Yun smiled and walked out of the tent.

"What happened?"

"What is the name of the early morning?"

"Oh, it's only half past six, and it's not a third year in high school."

"It seems something has happened, hurry up!"

The students in the computer science class hurriedly followed out of the tent. Seeing that the monitor and deputy monitor had rushed towards the screaming place, they quickly followed.

People from Sanmu Village also came from all directions, almost at the same time as Li Yun and others.

Then, they saw a shocking scene.

A woman in her forties in her pajamas was lying on the road of the village, her body was bruised, blood stained the road red, and her death was extremely tragic.

Chapter 2783: Scene (top)

It was the first time for the other six students in the computer science class to see such a **** picture. They were so frightened that they stopped. A few timid students turned their heads and dared not look at them.

A large group of villagers also stopped and watched, frightened by this horrifying scene.

Li Yun patted Xiao Mingzhu's shoulder in a daze, let her stay where she was, and walked forward by herself, taking a closer look at the deceased.

The deceased's face was facing down, and he couldn't see who he was. He was wearing pajamas common in rural areas, with bare feet, and a female slippers fell five meters away.

The deceased's body was covered with wounds, his back, legs, back of his head, back of the neck, hands, etc., all showed signs of being beaten with sticks. It should be a bludgeon that was stunned, and then vented like crazy all over her body. Beaten, and finally died.

After a certain degree of struggle, the deceased can see messy footprints and blood stains on the messy mud.

"Who? Who died?"

"Oh My God!"

"It seems to be... Ersao?"

"Me, I also think it's a bit like, where's the second sister-in-law? Let someone check it out!"

"Whose family has gone missing?"

The villagers talked a lot, and soon a panic shout came from a three-story house: "Mom! Where are you?! Where have you been? Why are you not in the room?!"

When Li Yun heard it, it was Lin Tiankang's voice. The house less than 50 meters away was the village chief's house, and the deceased was the village chief Lin Youde's wife and Lin Tiankang's mother!

"Wife!!!"

Lin Youde, who was wearing only pants and a vest, hurriedly rushed out of the house, and glanced at the dead after pulling away from the crowd. He almost fainted.

This is his wife!

Lin Tiankang, with a pale face, also ran out. After seeing his mother lying on the ground covered in scars, he was completely dumbfounded.

"Wife, wife!"

Lin Youde wanted to rush to see if his wife could be saved, but Li Yun stopped him, shook his head and said, "The blood has solidified and there is no life left. This is a murder case. Don't destroy the scene."

Li Yun had long been aware of her spiritual sense that she had died too much.

It's just that he can't figure out why Lin Youde's family didn't even know their wife/mother last night, went out of the house and didn't return overnight.

Qiao Feilu quickly got dressed and rushed over. He and Lao Lu gasped after seeing this scene.

Laohe Town is very small. The last homicide was five years ago, and it was far from such **** horror. The deceased was beaten to death by people alive, and he was still on the main road in the village. There were dozens of villagers around. Where people were killed!

The murderer's murderous methods were brutal and fierce, and it was far beyond Qiao Feilu's imagination.

"Let's take a picture first." Li Yun saw that Qiao Feilu couldn't recover for a while, so he said: "Take a photo to make a record of the scene, surround this place, and wait for the county criminal police to come and investigate."

Qiao Feilu was stunned for a moment before he realized that he took out his mobile phone and gave a report to his superiors.

Li Yun instructed the students in the planning class to separate the villagers away from the scene of the murder.

But it couldn't stop the villagers from talking about the murder.

"Oh my God, this is a crime!"

"How could the second sister-in-law be..."

"Oh, Miki Village can't stay any longer. In less than half a month, five people died."

"Who killed the second sister-in-law?"

Chapter 2784: Scene (below)

The students in the computer science class looked at each other a few times, but felt that today was more depressing than yesterday.

The four people who died yesterday were killed in love, hanged themselves, and were eaten by monsters, but today, this second sister-in-law was beaten to death.

The nature is completely different, it is a complete murder case!

And everyone is almost certain that the prisoner is from Miki Village. There is a very high possibility that he would hide in the crowd of onlookers. With his twisted eyes, he looked at the dead second wife who was lying on the ground! !

"Um?"

Li Yun noticed a person. He was hiding in the crowd with a panic face. His eyes looked at the corpse on the ground with horror, which was very different from those around him.

And this person...

"Ahua!!!"

The angry shouts of anger mixed with hatred sounded, Lin Tiankang rushed forward, dragging the panicked Ahua out of the crowd abruptly, and with brute force, he threw Ahua to the ground.

"It's you!! It must be you!! It was you who killed my mother, and I will kill you!!"

Lin Tiankang angrily took out his dagger from his pocket, but the people around him immediately stopped him, and A Hua also hurriedly retreated and leaned towards Li Yun.

Lin Tiankang refused to give up, and rushed over to fight him.

"stop!!!"

Qiao Feilu stopped him, suppressing his anger and said, "I know you are very sad now, but you can't accuse others of being a murderer without evidence. Even if you are a murderer, you can't mess around, otherwise you will become a murderer. Don't worry. , We will find out everything. Before the truth comes out, the people in Sanmu Village are all suspected and they cannot leave Laohe Town!"

Lin Tiankang was still full of anger, but he also calmed down a bit, looking at A Hua firmly.

"What's going on? Do you have any evidence of...?" Xiao Mingzhu asked, her voice a little hesitant, and she glanced at Ahua, not convinced that this person who was chatting with them last night would kill in a blink of an eye.

"Evidence? Humph!"

Lin Tiankang squeezed the dagger in his hand, and Li Yun winked at Qiao Feilu, who then winked at Lin Youde and asked Lin Youde to put the dagger away so as not to mess around.

"Ahua!"

When his wife died, the suspect was right in front of him, Lin Youde's voice was also full of anger, and he looked at him firmly: "I ask you, did you come to my door to call my son out last night?!"

"Not bad!" Lin Tiankang also sternly asked: "After I came back from this group of outsiders, you came downstairs to my house and asked me to go down. In the end, I was too lazy to kill you. If you don't leave, my mother will Go downstairs to drive you, but you beat my mother and my mother to death, right?!"

He gritted his teeth and asked harshly.

The students in the computer science class were taken aback. In other words, after Ah Hua went back last night, he went downstairs to Lin Tiankang's house and killed someone? !

The villagers of Sanmu Village looked at Ah Hua with wrong eyes.

"I do not have!!"

Ah Hua red eyes, "I went downstairs to your house and wanted to tell you something, but you didn't come down. I thought you were afraid of monsters, so I said we'll talk in the daytime tomorrow, and then I left. The second sister-in-law didn't go downstairs at all, and I didn't see anything unusual in front of your house at all!"

The deceased died on the main road in the village, as long as someone passed by, he would be found.

It can be confirmed that the time of death was after Ah Hua went home, no, it should be after Lin Tiankang went home.

Chapter 2785: quarrel

"Did you **** say it yet?!"

Lin Tiankang was furious again, he rushed over and punched Ah Hua, and the people next to him quickly pulled him away.

"You said, did you tell my mom out last night?!"

Lin Tiankang pointed to his own small building and said bitterly: "My mother lives on the second floor, and I live on the third floor. I clearly heard you called 'Second Sister', dare you say you haven't?!"

In a village, people are all related by blood, and it is normal to arrange seniority. The older sisters, the second sisters, and the third sisters have been queuing all the time.

"I..."

A Hua opened his mouth, but couldn't say a word.

The eyes of everyone looking at him became more and more wrong.

Even the classmates in the computer science class began to wonder if Ah Hua really called people downstairs and then killed her by the side of the road.

Xiao Mingzhu couldn't help looking at Li Yun and found that he was also frowning, thinking about the murder.

"Tie him up first!" Lin Tiankang said fiercely.

The villagers of Sanmu Village did not object.

"Etc., etc!"

A Hua panicked and said quickly: "I admit that I did call the second wife. This is the reason why I panicked...but I swear that I absolutely never saw the second wife go downstairs, let alone beat her. I didn't even see her tonight!"

"Then why do you call my mother?"

"Because your mother called me first!"

Everyone was stunned, this sentence seemed a bit strange.

"You **** bullshit!" Lin Youde shouted coldly.

"I'm not talking nonsense!"

A Hua flushed, "When I was about to leave, when I heard the second wife's voice from behind, I looked up to the second floor and found that the lights on the second floor were also on, so I called the second wife. With a sound, the lights went out again. I waited for a while, but no one came down, so I left.

What I said is true, the sky thunders! "

Although he swore the oath, the villagers of Sanmu Village still didn't believe it, especially those who were relatives on Lin Youde's side, yelling to tie him up first.

Of course, Ah Hua is not without help. Several families with whom he is relatives have also stepped up to help speak, but there are too few people, and they can't win the approval of the neutral villagers.

"Don't make any noise!" Qiao Feilu stopped everyone's shouting, and said in a deep voice: "This matter will wait for people from the county to investigate again. Now it is useless to noisy, and there is no need to tie anyone up. I think it is possible for anyone. The murderer!"

There was a moment of silence, and the mayor was still somewhat majestic.

But suddenly someone said: "Before our village was okay, something happened as soon as outsiders came..."

Directly aimed at Li Yun and his party.

"Are you talking nonsense?!" Wang Hao cursed: "Four were already dead before we came, and their deaths are also related to us?! It's obviously something happened in your Sanmu Village, and it's on us. It's so kind to be treated as a donkey liver and lungs because we are here to help you move."

The people in Sanmu Village couldn't lift their heads because of the scolding, but a few clan elders came forward and said that this matter was a vendetta and obviously had nothing to do with outsiders, and was done by the villagers.

This remark made the people of Miki Village go silent, hit their own villagers ruthlessly, and still kill them directly on the side of the road, it was really not affectionate at all.

Li Yun remained silent, observing the performance of the villagers until the system prompt sounded.

"Ding, trigger the option event, please choose from the host:

Option 1: Investigate the truth, reward experience value +50 million, all attributes +1 million, golden gift bag*3, aura value +100,000, get the approval of the people of Sanmu Village, you can successfully complete the relocation work. "

Chapter 2786: excuse

"Option 2: Help Ahua clear the suspicion, reward experience value +10 million, all attributes +3000, golden gift bag*1, and gain the trust of the people of Miki Village to a certain extent.

Option 3: Turn around and leave, no longer mix into the troubles of Miki Village, reward skill: Jin Chan escapes the shell. "

The difficulty of the three options is from high to low. Li Yun is not sure about completing the first one, but he can still clear Ahua's suspicion.

"That's the end of the speechless speech."

Li Yun said, making everyone look at him.

The people of Miki Village probably also knew about this supernatural person circulating on the Internet, and the eyes that looked at Li Yun were full of awe.

Li Yun looked around everyone: "First of all, several elderly people have already said that in light of the tragic situation of the dead, this is a vendetta case. Don't you have any opinions?"

"Second sister-in-law was beaten so hard, the murderer must hate her very much, and the murder is certain." A villager in Sanmu Village nodded in agreement.

"It's not just that you hate her, it's possible to hate her family."

Xiao Mingzhu actually thought of this a long time ago, and added for Li Yun: "In addition, judging from the fact that Sansao was out at night and there were monsters, she might have trusted the murderer, or said The "enemy" who is willing to go out to meet, on the whole, the scope of the murderer has been reduced to the level of a few people!"

Ahua reacted and immediately said: "Then it can't be me, I don't have any hatred with Ersao, it is impossible to kill him!"

"But you have hatred with me!" Lin Tiankang also retorted immediately.

"Then I can't kill anyone!"

"Who knows if you are a psychopath?"

The two quarreled again, and Li Yun asked Lin Youde: "The village chief, which family in your village has the worst relationship? Let alone no, judging from your son's character, he must have offended many people."

Lin Youde's face became ugly.

The expressions of the people in Miki Village are also very wonderful, it seems that everyone is possible, and it seems that everyone is impossible.

"Lin Youde!" At this moment, Qiao Feilu stood up and scolded him in his own capacity: "You'd better answer it honestly, so that you can find the murderer of your wife as soon as possible, even if you don't say it, as long as the county criminal police comes I will investigate it clearly, you know?"

Lin Youde's face is even more ugly.

"That's right, this kind of thing shouldn't be said in public, wait for the investigation."

Everyone breathed a sigh of relief at Li Yun's words, and when they said the grievances and grievances in the public, the village would fall apart in the future, and even relatives would not have to do it.

Li Yun said again: "However, I don't think Ah Hua is the murderer."

Xiao Mingzhu looked at him.

"The reason is very simple." Li Yun pointed to Lin Youde's home and the location of the crime, and said to Lin Tiankang: "If the deceased was talking to you in Ahua and coaxed your mother to coax your mother down, then you will definitely be able to kill him when he kills. Hear, even if your mother is covered with her mouth and nose, the sound of the stick hitting the human body will be heard far in the mountain village at night, and you will definitely hear it in your home and the surrounding families!"

Wang Anna immediately said: "The deputy squad leader, you mean, the deceased was killed in the middle of the night and we were all asleep? But how could the deceased come out at that time?"

Everyone fell into thinking.

They have to admit that what Li Yun said is very reasonable. The villagers were not asleep at seven or eight o'clock. If someone hit something vigorously on the road, they would definitely be heard.

Chapter 2787: Confusing (Part 1)

Only in the middle of the night, and when the villagers closed their doors and windows tightly because of the fear of monsters, the sound of killing would not disturb the nearby villagers.

But at that time, how could the second sister-in-law leave home?

"It's not easy!" Lin Tiankang thought of a possibility and pointed at Ahua and cursed: "You cheat my mother out first, then use a drug to seduce her, hide her, and wait until late at night to go out and beat her to death. My mother, go home again, so everything is okay!"

A Hua was so angry, "Don't spray people, where am I. The drug? You think anyone can have this thing? Besides, I have been sleeping at home last night and never went out!"

"Unrealistic." Xiao Mingzhu shook his head and denied: "Let's not talk about the possibility of fainting, and the possibility of hiding people and revealing themselves. It is very difficult for Ahua to trick your mother out. After all, you and your mother were at the time. The difference is less than five meters. One person is on the second floor and the other is on the third floor. You can definitely hear what Ahua calls. Your mother can't go out just to say "Second Sister-in-law"."

"How about using a mobile phone?" Lin Youde asked with a red eye.

"The mobile phone will leave information, but you can understand it as soon as you look it up." Xiao Mingzhu looked at Ah Hua, "Even if the call log is deleted, it can be found in the telecommunications bureau, including WeChat. It is useless if the local record is deleted."

"I won't find out anything!" Ah Wah immediately patted his chest and promised, "I haven't called my second wife for at least two or three years. The last time I went to another village and a wedding party!"

Having said that, even if everyone doubted Ah Hua before, they were all persuaded now.

Indeed, Ah Hua couldn't let the second sister-in-law go out alone at night, and the possibility of the two having an underground relationship is very low and very low.

"Ding, the host made a choice to help Ahua clear the suspicion, rewarded experience value +10 million, all attributes +3000, golden gift bag*1, to a certain extent, gained the trust of the people of Miki Village."

Li Yun sighed slightly, not happy because of the rewards of the system, and said: "Now the most important key question is still, why did the deceased go out at night?"

The people in Miki Village couldn't understand, they inevitably thought of going elsewhere, and their eyes were full of sympathy and a hint of gloat when they looked at Lin Youde.

It seems that a big green hat has appeared on the head of the village chief.

Lin Youde sat on the roadside with red eyes and smoked without a word.

"Village chief, didn't your husband and wife sleep together at night?" Li Yun asked calmly. After carefully observing the village chief, he found that his face was very haggard, as if he didn't sleep well all night, or his energy was lost. It looks like it's squeezed dry, and I don't know what I did last night.

Lin Tiankang replied: "My mother slept restlessly at night, and my dad snored again, so I always sleep in separate rooms, and my dad sleeps in the back room."

The expressions of the villagers have become a little subtle, divide the room?

Qiao Feilu was a bit more straightforward, and looked at Lin Youde with a stern look: "You tell me the truth, did the relationship between your husband and wife broke down a long time ago?"

"Mayor, what do you mean?!" Lin Youde's voice was low.

"I mean what everyone means."

Qiao Feilu was not at all polite, "Based on various clues, your wife was killed at night, and only you can easily call her out."

The expressions of the villagers changed one by one, and the gazes towards the village chief were full of weird meanings.

Chapter 2788: Confusing (Part 2)

Looking at his dark circles, Xiao Mingzhu thoughtfully asked: "The village chief, did you sleep well last night?"

Now Lin Youde's face was even worse, as black as the bottom of a pot burning in the countryside, and many villagers began to move away from him, whispering to each other, lowering their voices not knowing what they were talking about.

"Don't, don't talk nonsense."

Lin Youdeqiang squeezed out a smile, "Yes, I admit that my relationship with my wife is normal, but how could I kill her like this? I can have a hundred other ways..."

His son Lin Tiankang's eyes widened, and Lin Youde hurriedly said: "I mean, it is outrageous to use a whip to kill directly on the road. It is impossible for a normal person to do it!"

"Is it wrong?" Xiao Mingzhu immediately noticed some problems in his words, and immediately asked: "Everyone can see that your wife was beaten to death with a stick. The scars are obvious, but why do you say that you used a whip?!"

The villagers opened their eyes wide, breathing quickly, as if for the first time they realized that their village chief was such a person.

Lin Tiankang also looked at his father in disbelief.

"Lin Youde!!!" Qiao Feilu shouted, "What the **** is going on? Why do you have dark circles under the eyes? Did you really...killed your wife last night?!"

Stern questioning made Lin Youde, a middle-aged man who brought some gentleman like this, shuddered, and waved his hands frantically, "No, it's impossible, I really don't have one, it's not me!"

"Then what did you do last night?!"

"I... I had a nightmare."

"Nightmare?"

Everyone looked at him.

Lin Youde took a big breath and recalled what happened last night: "Yes, yes, a terrible nightmare. I dreamed that I was walking alone in a white and full of tombstones. The surroundings were very gloomy and depressing. I subconsciously thought...that everyone in our village died."

"Hey!"

The villagers in Sanmu Village were frightened one by one, especially some superstitious old people.

The tombstone represents death.

Many tombstones mean many deaths.

Means that the people in their Miki Village will die one by one? !

"Then what?" Li Yun asked in a deep voice.

"Then I was so frightened, I started calling my son and wife by the names, and kept walking, but I couldn't get out of the cemetery.

Lin Youde was undecided, "Then I saw... my wife was beaten back and forth by a few thick whips, and my son..."

He glanced at Lin Tiankang, "Just watched coldly by the side, I went up to stop, but there was always a whip to stop me, and at the same time, a terrible voice kept sounding all around, saying, saying... the blood debt was paid!

The last four words seemed to have exhausted Lin Youde's strength, and everyone present felt a chill and breathed cold air all over.

"Strange dream."

On the contrary, Xiao Mingzhu became more calm, looking at him with beautiful eyes, with a trace of scrutiny: "Have you ever offended people to death? That's why in a dream, I subconsciously thought that the murder of his wife was the work of an enemy."

Wang Anna nodded thoughtfully: "Some scientific researches say that people have a sixth sense. In the case of a husband and wife, your wife was killed and you started to have nightmares on the second floor... Of course, it's just my guess, I don't know. Are you sleeping or sleepwalking at the time."

Sleepwalking? !

A group of people suddenly woke up like a dream.

"Yeah, could it be the village chief's sleepwalking that killed the second wife?"

"Isn't this... a plot that only appears in the movie?"

Chapter 2789: Turned soil

"Killing in the street, isn't it only in the movie?"

"It's terrible, it turns out that our village chief can still sleepwalk..."

The villagers quickly determined that it was the village chief who killed him. Lin Youde repeatedly said that he did not. He definitely did not kill.

But unfortunately, even Lin Tiankang began to look at him suspiciously.

There is no doubt that Lin Youde is the most suspected person now.

For one, he and his wife sleep in separate beds for a long time, and their feelings are cold, and he and Lin Dasha's wife are suspected of having an affair, which aggravates his wife's dissatisfaction.

Second, Lin Youde had a specious nightmare.

In the end, Lin Youde has something difficult for others to do: call the dead out in the middle of the night.

"Wait for the criminal police in the county to investigate." Li Yun finally concluded, "Before the truth comes out, everyone is suspected."

"Including you?!" Lin Youde's eyes were red, and his tone was very choking.

"What do you think?"

Li Yun smiled faintly, and Lin Youde stopped talking.

Anyone with a discerning eye can see that it is almost impossible for these new college students to commit crimes, without motives, and there is no way to let the deceased go out late at night.

Time slowly passed by anxious and uneasy waiting. What happened in Sanmu Village gradually spread to the town, causing discussions in several nearby villages. Fortunately, Sanmu Village is far away from Laohe Town, and it takes more than half an hour for the nearest village to come here. No one came to watch the car ride.

After more than two hours, at half past nine in the morning, people from the county finally arrived. The leader was the captain of a criminal police detachment. Qiao Feilu called him Captain Gao.

"It's a nonsense!"

After Captain Gao heard that Miki Village had killed five people in a row within half a month, he calmly said the same things as Qiao Feilu.

But Lin Youde was upset now, and he didn't bother to pay attention to this kind of scolding.

The next step is the on-site investigation. There are specialized forensic doctors and experienced criminal police in the county. Li Yun did not participate, and he watched with his classmates in the planning science class.

After knowing the situation in Sanmu Village, the counselor Li Xiaolan wanted to rush over to take a look, but considering that she also needs to take care of her classmates there, plus Li Yun and Xiao Mingzhu are reliable people, so she only asked Li Yun to take good care of it. Good for other students, you can end this mission at any time when necessary and return to Laohe Town to wait for follow-up arrangements.

However, after seeing the composure of the two squad leaders and vice squad leaders, the students in the computer science class did not say anything to retreat.

In addition, several criminal police officers came to the village, and the sense of security was greatly increased.

The site survey work went well, but it can also be said that it was not smooth.

Very smoothly, Captain Gao and the others quickly concluded that the place where the deceased lay was the scene of the first murder, and the fatal injuries were similar to those caused by vigorously swinging from behind with a long stick, without other injuries.

First, the back blow caused the deceased to faint, and then repeated venting beatings, which finally caused the deceased to be scarred.

In addition, from the point of view of injuries, the killer is most likely a strong man. Of course, it is not excluded that a small number of women who often do heavy work can also do it.

The unsatisfactory place is:

In the end, the murderer used tools such as shovel and manuscripts to destroy the scene in pieces, leaving no footprints, and it was difficult to find the tiny traces left by the murderer in a pile of turned mud.

"Turned dirt?"

Li Yun thoughtfully, he thought of one thing.

Chapter 2790: Missing person

"Classmate, what did you think of?"

Captain Gao, wearing a mask, immediately looked at him, and he valued this classmate who came from Zhonghai University and had supernatural powers and was able to analyze the case.

Li Yun shook his head, "I just thought of the case behind the ancestral hall. Later, some villagers used a shovel to dig the dirt to bury the blood. It is estimated that the murderer was inspired by this and did so."

Captain Gao nodded, "It's a good guess, it's worth investigating... The village chief, who was turning the soil behind the ancestral hall at that time?"

Lin Youde's face turned dark again, needless to say, there must be him at the time.

After some inquiries, I came up with a few names: Lin Youde, Lin Tiankang, Ah Hua, Lin Tianming, Lin Tianxu, Lin Huijian, etc., plus a few respectable clan elders in the village, but they are not capable of killing killers. exclude.

Fortunately, there are not many people who have been to the back of the ancestral hall, and there are not many people who know that they have turned the soil, and the list can be locked in the hands of a limited number of people.

"You come in one by one to explain the situation, don't be afraid, it's just a normal investigation."

Captain Gao took the list and conducted a separate questioning under a large tree in the distance, but within a few minutes, something new happened soon.

"I, my son seems to be missing? I can't get in touch!"

A middle-aged woman said in a panic with her mobile phone, which quickly attracted the attention of the people around her.

"Sister-in-law, what are you talking about? Is your son Lin Huijian missing?"

"I, I can't reach him on the phone, and I see people at home, have any of you seen him?"

Her face was full of panic.

Captain Gao learned of this situation and quickly reacted: "Xiao Zhang, you drive all the way to Laohe Town to see if there is anyone on the road. The others will immediately look for the whereabouts of Lin Huijian in the village!"

The people in Sanmu Village began to panic, and formed teams of three to five, holding self-defense tools in their hands to look for Lin Huijian's whereabouts in the village.

Li Yun and Xiao Mingzhu looked at each other, and both of them looked unbelievable.

"Fearing crime and absconding? Did you find the murderer so simple?"

Everyone couldn't help but think of this. Many people who knew Lin Huijian started to call him constantly, but without exception, they all got unconnected prompts.

"No? Is it really Huijian who killed the second wife?"

"How is it possible... how did he call the second wife out in the middle of the night?"

"I heard that Lin Huijian, who is handsome, has a relationship with a few women in the village..."

"Hush, you are crazy to say this, be careful that the village chief tore you alive!"

Just when the people in the village were panicking, a message came from the entrance of the village, and Lin Huijian's mobile phone was found.

Everyone rushed over to take a look and found that it was a young man in the village. When he used his cell phone to call at the entrance of the village, he accidentally found the cell phone in the weeds on the roadside. It fell by a ditch on the roadside. Fortunately, there was none. Was thrown into the water.

Li Yun glanced at the ditch subconsciously. It was not wide. Although someone was a bit muddy, it was basically impossible to hide someone.

"There is nothing in the phone. I immediately contacted the county and guarded the bus station going up to the county seat, so that he could not escape!"

Captain Gao quickly issued an order to hunt down Lin Huijian with a net of heaven and earth.

Seeing this scene, Lin Huijian's family almost fainted, crying and crying that his son could not kill, let alone escape, and so on.

It's just that in this situation, even their relatives don't believe them anymore.
