Chapter 28: Teacher's recommendation

"I won."

After four laps, Li Yun crossed the finish line first.

And Lu Shan crossed the line with a black face almost half a minute after he arrived.

As for the ordinary classmates, they were thrown away by Li Yun for nearly two laps. After arriving, they looked at Li Yun panting, with eyes full of admiration.

He ran too fast!

"The time is about 2 minutes and 15 seconds?" The physical education teacher scratched his head uncertainly. Unfortunately, he thought it was just an ordinary student's grudge, but he didn't expect Li Yun to run so fast, enough to enter the provincial team, attack the national athletes, and go abroad to compete. Win glory for the country!

Thinking of this, the physical education teacher's eyes on Li Yun became fiery.

"Li Yun, you are amazing!"

Fang Xue ran to Li Yun, and the two well-developed rabbits on her chest moved up and down, which firmly attracted Li Yun's attention.

Li Yun looked at her. After Fang Xue ran, some fragrant sweat leaked out of Fang Xue's small and pretty nose, and a small red cherry mouth was panting, exhaling like orchids, blowing towards her face, making her heart stunned.

"are you tired?"

Li Yun couldn't help but stretched out his hand and hung it on the bridge of Fang Xue's nose. The belly of her sweaty fingers became greasy.

Fang Xue's face blushed, and she lowered her head ashamed by Li Yun's intimate actions, and whispered: "Not tired~, I didn't run with all my strength, hehe~"

Hearing her mischievous laughter, Li Yun suddenly realized that the cold school flowers in front of friends are not cold at all, on the contrary, they are very enthusiastic and playful.

"Tired?" Li Feng walked over, learning what Li Yun was like before, and tapping on Li Yun's nose, the meaning is self-evident.

She is jealous.

"Ahem!"

Li Yun turned to look at Lu Shan, and smiled faintly: "It seems that I won."

When he crossed the finish line for the first time, the system rewarded him with another 50 agility points, which was not good.

"Classmates!" The physical education teacher walked over excitedly, "Your name is Li Yun? Do you want to participate in a professional one-kilometer race, or a one-hundred-meter or four-hundred-meter race?"

Everyone was shocked. Does the teacher want Li Yun to become a professional athlete?

Sure enough, the physical education teacher added: "If you want to go, I can recommend you to go to the Zhonghai Sports Bureau for a trial. I want to use your strength today to pass the trial and become a provincial athlete with absolutely no problem!"

"Provincial athlete? Bonus points for the college entrance examination!" a classmate immediately exclaimed.

Li Yun lied, he now has all his knowledge in high school, and he still cares about the bonus points of provincial athletes?

Besides, Li Yun's ambition is not in sports at all.

"Thank you teacher for the invitation, but my interest is not in this, sorry."

The physical education teacher showed a regretful expression, and then persuaded him a few more words. After seeing Li Yun's persistence, he gave up the idea of recommending Li Yun.

"Hey, Lu Shan, you lost to Li Yun, what else can you say?"

Wang Houliang showed a playful expression, and the male classmates on the side were also very happy. Li Yun vented for them the sullenness of being bullied by Lu Shan on the court for three years, which made many people who didn't catch a cold towards Li Yun change their attitudes.

"court death!"

Lu Shan clenched his fists and stared at Li Yun.

This guy not only ran the first place and lost his face severely, but the two beauties also surrounded him, and even the physical education teacher looked at him with admiration.

All the benefits are occupied by him. How can Lushan bear it? !

"Li Yun!" Lu Shan said word by word: "Dare to go to the court? Let's compare basketball!"
