

Godly Choice 2801

Chapter 2801: Strangely coincidental

The villagers were disappointed.

But to be honest, Li Yun really didn't see anything. The series of deaths in Miki Village really seemed to be composed of countless coincidences, driven by a beast that looked like a leopard, and came to the present situation step by step.

"Then, that troubles classmate Li Yun."

Lin Youde managed to squeeze a smile, and soon dispersed with the other villagers, and went back home.

It seems that it is safe only at home now.

A Hua hesitated a few times, and then returned home without staying outside.

The remaining students in the computer science class looked at each other and went back to the camp in silence.

Li Yun quickly received a message from Captain Gao. They saw a small truck that had been hit in a ditch. Six members of Lin Youfu's family were killed.

Preliminary identification is due to a rollover accident caused by brake failure.

"Really... coincidence."

Sitting on a stone pier, Xiao Mingzhu looked at Li Yun and said two words slowly.

"It's a coincidence indeed, so coincidental that one wonders if there is a curse."

Li Yun's face was calm, "Even if the brakes fail, the driver who has been driving a small truck for many years can stop the car safely. Besides, it is still walking on the uneven mud road. The small truck is not heavy and it is almost impossible to overturn."

"A coincidence, it happened that the car was out of control there!" Xiao Mingzhu's calm appearance gave her the appearance of a strong woman who is sitting in the country and taking over the power.

Although she is still very young and immature now.

Li Yun touched her head, stood up with Xiao Mingzhu's dissatisfied expression, smiled faintly and said to her: "Mingzhu, you stay in the camp to protect the classmates. I will go around Sanmu Village alone."

"Do you suspect there is a problem in the village?"

"Correct."

Li Yun nodded, "I checked it once before, but I didn't find anything. This time I plan to check it in detail. Take the equipment I gave you, don't let your guard down, and don't panic. The enemy will be impossible. There is a chance to take advantage of it!"

"I know!" Xiao Mingzhu smiled slightly, stood up and looked at him, and then looked around to confirm that there was no one, only then suddenly gathered courage, took the initiative to move forward, and kissed Li Yun lightly on the cheek: "be careful."

"Um."

The beauty's kiss was very moving. Li Yun went all the way out, still feeling the sweet smell of Xiao Mingzhu's lips remaining on his cheeks. He wished to turn around and hug her again for a lingering and charming intimacy. , And then continue to work.

It's the old saying, "Heroes Tomb in Beauty Township, the ancients don't deceive me."

"calm!"

Li Yun suppressed his eager heart and walked in the village. When he passed a bend, his figure suddenly disappeared, and he entered a quiet state.

The spiritual consciousness unfolded, and in an instant, everything within a kilometer in a radius was in full view.

The information received in all directions allowed Li Yun to see what was happening in Miki Village at this moment in the blink of an eye.

Crying children, noisy couples, chopping board shaking, TV news, doublekill electronic sound and so on.

Li Yun entered a state of profound enlightenment without sorrow or joy. Everything in the world seemed to be unable to affect him anymore. He was aloof, jumped out of the Three Realms and Five Elements, and became an aloof immortal and god.

Everything in the mortal world has become a dream bubble.

"..."

After a long while, Li Yun broke away from this weird state of mind, and smiled bitterly: "Although knowing that this kind of selfless state of the world is not benevolent and everything is a dog' is suitable for the ability to communicate with you, people use this skill more. , I'm afraid it's not really going to become a ghost wandering away from the world, without feelings, and naturally will not be noticed by people. This is the most advanced ability to communicate with the ghost, right?"

Chapter 2802: Young girl's change

After understanding this, Li Yun became more respectful of Tongyou ability, and would never use it again as a last resort.

But now is such a compelling time!

The figure of Li Yun and the real ghost shuttled through Sanmu Village, carefully inspecting every place, digging into every house, and even inspecting the underground of their house to see if there is any hidden in some cellars. what.

Regrettably, Li Yun spent half an hour inspecting the inside and outside of Sanmu Village, but he still found nothing.

Only helplessly relieved from the quiet state, standing at the highest point of the mountain village looking down below, shook his head after a long time.

"Forget it, I can only let the people of Sanmu Village move tomorrow, and see if they will continue to die if they move to the town."

Li Yun felt very painful at this moment. After so many people died in a row, he didn't even know what an enemy was, whether there was an enemy or not. The level of weirdness was not inferior to the charm technique performed by the ancient cultivator young girl himself. .

"Could it be that there is another ancient monster hiding in the village? Haha, if it's an old monster, I'll leave right away."

Li Yun hesitated for a moment, took out his mobile phone, and called someone in the address book.

"Dry hair? My old lady is playing games, let go if you have a fart!"

"..."

Li Yun took a deep breath. Who would have thought that the ancient cultivator who once sat alone in the moonlight, looking lonely and sad, has now completely turned into a middle-aged aunt who is addicted to the Internet.

Since learning to surf the Internet, the young girl can't wait to use one day as two days. She often stays up late at night and spends time on the Internet. She sleeps until noon the next day and gets up to play again.

At first, I would go to Zhonghai City to stroll around, but later I found it boring, so I didn't go out at all.

"Young girl." Li Yun didn't bother to respect the ancients, and asked directly: "I have a troublesome problem now, can you give me a hint?"

"Ten million!"

"?"

Li Yun was shocked, "Don't you earn 30 million a month? Why do you need money?"

"It was used up by my rewards. The anchor is very good at playing games. I watched it interestingly, so I will reward her at will!"

"..."

Dare to love that she treats the anchor as an actor, and she rewards millions or whatever.

In other words, game anchors and actors have the same skills.

"...You are great, okay, ten million will be together, I said, you pay attention to it."

Li Yun didn't care about the ten million problem anymore, so he should solve the problem here as soon as possible.

"Oh, this one."

"What is it?"

After listening to the young girl in Zhonghai City, she operated the mouse with one hand and placed the other on the keyboard, and lazily replied, "I don't know."

"!!!"

Li Yun gritted his teeth: "You are gone!"

This scam, is it a bit of an ancient aunt's morals?

"Haha, who made you too weak?" Qingnv snorted and said, "It's too simple to hide your strength from you. Although you are a bit weird, you still don't look at it enough."

Li Yun said: "Let's not be long-winded, just say if you do it, what will you do?"

"Me? I destroyed Miki Village directly. What weirdness can always be found out!"

"...Is there no magic to directly find the origin of things?"

"Yes, I, Su Da, have turned the ills into good fortune, fend off disasters and avoid disasters, and carry good luck with me. Of course, this little problem is fine."

Chapter 2803: Dead again

Li Yun was speechless and could only say casually: "You really think you are Su Daji."

Qingnv froze for a moment, seeming a little embarrassed: "You want to take care of... Do you want me to do some calculations for you? To tell you the truth, now it's the Nuwa ***** who is gone, because the gods are dead, can The spells and abilities that can count and break the number of days have all failed, so you can honestly investigate, don't try to take advantage of any loopholes!"

Okay, I asked the butler to recharge five million, and that's it, I hung up. "

After finishing speaking, this silly antiquity aunt actually hung up the phone.

What do I need to recharge five million? Is it because you want to pack some fresh meat?

Hundreds of thousands-year-old aunts go to pack small fresh meat... This is the rhythm of the old grass eating tender cattle!

Li Yun fell into a bitter cold, and only believed her words twice, without the ability to figure out the number of days? But there is a treasure in his inventory called the Three Treasures Jade Pei, which can search for a person's trace.

Of course, this is estimated to be the function of the system...

"Forget it, take it as a real curse, right?"

Li Yun stood at the highest point of the village and sighed. He unintentionally saw the three large leafy locust trees in the middle of the village. They obviously surpassed the scope of ordinary big trees. They should have spread here on Penglai Island. The weak aura has gained a chance for evolution.

Li Yun did not find out what was wrong with them. There are a pile of urns of Sanmu Village ancestors in the ancestral hall, which is quite dark.

Looking at the three big locust trees, Li Yun frowned slightly and thought of the submission, "The demonized plant has the strongest ability to hide itself. Could it be that there are plants in Sanmu Village that have become demon? But there are also problems. IQ is much weaker than Monster Beast, it is impossible to kill people so cunningly.

Or is there really any ancient practitioners hiding in this village? "

After thinking about it, Li Yun decided to inspect the trees and larger plants in Sanmu Village one by one, including some unnamed huge rhizomes, which are covered with thorns.

"The first one to check is from the three of you!"

Li Yun turned his gaze to the three locust trees in the center of the village and said to himself.

It was already past nine o'clock in the evening, and the night sky was shrouded in dark clouds. In Sanmu Village near the mountain, almost every household in the whole village had their lights turned off. They were either already asleep or afraid that they would be broken into the village if they turned on the lights. The monster turned off the light as the target.

Li Yun glanced at the dark sky, inexplicably a bad premonition rose in his heart, but he searched carefully and found nothing.

"what!!!"

Suddenly, a scream broke the tranquility of the village.

"Who?!"

As soon as his thoughts moved, Li Yun's body flew out like the wind, and he crossed half of the village in a few breathing rooms and came to a house.

Standing in front of him were two men who were holding kitchen knives to defend themselves and were trembling with fright. They held flashlights in their hands and looked at the situation inside the house in shock.

Li Yun followed and looked over, his pupils suddenly shrank.

The door of this house has been opened, and the situation inside can be clearly seen.

In the yard, two figures fell in a pool of blood. A man in his forties was stabbed in a mess on his chest, abdomen and face. The fatal injury should be the main artery in the neck. The sickle for cutting sugar cane is firmly inlaid on it, and the blood is constantly flowing.

And another middle-aged woman with a bloated body about his age was severely pierced in the heart by a sharp knife, and the blood did not flow out much, but the heart in the body was definitely pierced by the knife!

Chapter 2804: Cannibalized couple

But what really surprised Li Yun was that he also knew these two people. It was the sixth uncle and the sixth wife of Miki Village who had met during the day. He didn't expect them to be fine during the day, but at night because of some quarrels...

"what happened?"

Li Yun asked in a deep voice, these two people are already dead, and even if they are given a recovery pill, they will not be saved.

But to the surprise of the villagers who Li Yun had rushed to, Liu Shu and Liusao died in their own yard, but their son and daughter-in-law did not come out to stop them at all? !

"I, I, I..." My daughter-in-law was so frightened that she couldn't say a word for a long time.

However, the son finally reacted and staggered onto the two of them, crying bitterly, saying that he should come down early to prevent the two from arguing.

The villagers gathered more and more, and the whole story was gradually restored in the voices of neighbors.

In the daytime Liusao scolded Dasha's wife as a bitch, and quarreled with her husband. The two returned to their homes cursingly, but they learned from the neighbors that the quarrel and verbal abuse did not stop, but continued for several hours. .

In his trivial sobbing words: "The mother-in-law has a bad temper. The two have been quarreling about various things before. I didn't see them throwing things tonight. My husband and I thought we would pass tomorrow. I didn't expect to hear it later or later. When I went to the kitchen, there was a sound of ping-pong-pong sound from downstairs, and then there was no movement.

My husband and I thought that they would both fall asleep, but after half an hour, we inadvertently glanced down and saw..."

The crowd onlookers seemed to be caught in an evil spirit, their eyes were dull, and they couldn't believe their ears and eyes.

Just because of some trivial quarrels, quarreling and quarreling will all die?

This is a coincidence!

Li Yun's spiritual consciousness immediately unfolded, and he checked around, but found nothing. The two dead seemed to have erupted again because of some problems. On the hand-operated machine next to the self-driving water well in the yard, there was a water mark left by a bullet.

Later, he went to the kitchen to get the weapon and returned to the yard, which caused a tragedy.

"Why did Uncle Six and Sister Liu fight, and didn't disturb you on the second floor?" A Hua also arrived, looking at Uncle Six's son and daughter-in-law with strange eyes.

Other villagers also expressed this question one after another. If the two deceased did not show cannibalism, they must have thought that the two killed their parents!

"I, we heard it at first, but didn't hear it later." Six uncle son argued. He was also shocked and sad about his father's death, and said that he had no motive to kill his parents at all!

"Curse! It must be a curse!"

A person said suddenly, making the villagers look at each other.

If the death of Lin Youfu's family during the day is still an accident, but now the sixth uncle and the sixth sister-in-law are killed again, it has proved that there is indeed a chilling invisible curse in Sanmu Village.

The purpose is to kill everyone in Miki Village!

Even if you want to drive away from the village, you can't escape this weird curse!

"You!" Captain Gao led people to arrive, but after learning of this incident, each of them became extremely ugly.

Moreover, the forensic doctor quickly deduced that the two deceased died of cannibalism, and there was no other external cause!

"Miki Village... is cursed."

The surrounding villagers fell into a terrible silence. No one dared to speak anymore, and no one knew what to say. After watching the two people lying in a pool of blood in the yard, these villagers were looking for each other. With an excuse, they returned home in silence one by one, and locked the door tightly.

No one dared to come out again.

Chapter 2805: analyze

Li Yun stood in the yard, frowning and tightening.

The people of Miki Village died one after another, which is simply hitting him Li Chaoren in the face!

Although he doesn't care about the title of Li Chaoren, Li Yun is also a powerful person who can compare to Return to Void Realm, and has an extremely powerful system plug-in, and there are countless other treasures.

But in the end, I was still overwhelmed by this so-called curse.

"What the **** is going wrong?!"

Li Yun gritted his teeth, walking back and forth in the yard with a cold expression, thinking about what happened in the past two days.

Everyone didn't dare to disturb him, and there was nothing to collect evidence from this incident. It was almost clear at a glance, without any abnormalities or doubts.

The death postures of Uncle Liu and Sister Liu are too strange, and only when they fight each other can they kill each other with the murder weapon at the same time.

But why do they fight so hard?

The relationship between the two is very poor, but there are too many couples who quarrel, and it is impossible to use a murder weapon because of a small matter.

"Unless... the two are affected by some kind of mental power!"

Li Yun stood by the self-drilled water well in the countryside and looked at the water marks on the hand-operated pump on it. There seemed to be a flash of lightning flashing across his head.

After introducing the weird spiritual power that can control people into a series of death cases in Miki Village, it seems that many things can be explained.

First, Dasha didn't want to die, but was bewitched to commit suicide.

Second, the village chief, Lin Youde, indeed, as the witness Lin Hui could say at night, called his wife out of the house in the middle of the night and was then brutally killed by the "murderer". However, Lin Youde was in a state of ecstasy at the time, so he didn't have any money the next day. Without knowing it, even after many interrogations, he didn't show a panic expression.

Third, people who die of old age are frightened.

In the end, the pickup truck fell into the ditch because the driver Lin Youfu had a mental suggestion, and the murderer broke the pickup truck brakes. It was a mortal situation, not a coincidence.

In addition, the hanged deceased committed suicide at home because of this reason. No, it may even be homicide, which caused the electric fan to rotate.

At this moment, Li Yun felt that he was a famous detective·Li Conan!

But even a detective cannot figure out everything at once.

for example.

Li Yun never thought of who the murderer would be. The level of cultivation needed to control the spirit of ordinary people is not high, just refining in the gods. Li Yun encountered a similar situation a long time ago when a villager was trained in gods. Controlled by the spirit of the master of the realm, he entered the village in an attempt to curse Li Yun at close range.

But what will this murderer of the Refining God Realm be in Miki Village?

If it is not a practitioner, is it because ordinary people have awakened the ability to manipulate people?

There is another important thing when investigating criminal cases: what is the motive for the murder! ?

"Dasha Lin's family, Lin Youfu's family, Lin Youde's wife, a 60-year-old woman with sharp teeth and a sharp mouth, six uncles and six sisters..."

Li Yun muttered to himself, what do these people have in common?

for money?

It is unlikely that these people will have some money for Lin Youde and Lin Youfu, and since they can manipulate people's spirits, then go directly outside. There are many rich talents in the city.

"Mr. Li and Li Yun, what are you thinking? Do you want me to help?" Ahua's hesitant voice came, and Li Yun said casually: "You haven't gone back yet? I was thinking, if the murderer is a human, Then why did he kill these people? Is there any necessary connection between the dead in Miki Village?"

He said casually, but he didn't expect Ah Hua to nod his head: "Yes!"

Chapter 2806: Ten murders

"Oh?!"

Li Yun, Captain Gao, Qiao Feilu and others all looked at Ah Hua, their eyes full of expectation.

Too many people have died in Miki Village, and they have died by suicide, being eaten by monsters, brutal murder, accidents, etc., and everyone has nothing to do with each other. It looks like coincidence and a murderer is deliberately creating random The massacre situation.

If there is any connection between the dead, then Captain Gao and Li Yun can boldly guess the motive of each other's murder and find the real culprit!

"What is the connection between the dead?" Captain Gao asked impatiently.

The son and daughter-in-law of this family also looked over, their eyes full of sadness.

"...It can't be said that it is totally related."

A Hua hesitantly glanced at his sixth uncle's son and daughter-in-law, and slowly said, "The people who died in these villages are more or less related to Dasha's wife."

"what?"

The others were horrified at first, but quickly guessed something, and showed thoughtful expressions one by one.

Ahua continued: "Except for Dasha and his wife, the third uncle who died, he and Dasha's sister-in-law had some unclear rumors. The fourth third sister-in-law who was hanged, she once went to Dasha. The sister-in-law pointed at her and cursed for several hours.

As for the village chief's daughter-in-law, she joined other women in the village to squeeze out the big silly sister-in-law..."

From Ahua's mouth, Li Yun once again learned the unknown secrets of Miki Village.

The old and dead six mother-in-law with sharp teeth and mouth is a well-known mean in the village. She naturally has no good attitude towards Dasha's wife. Every time she sees her, Liu mother-in-law will spit severely on the ground, showing extreme disdain. The people in the village became more and more disgusted with the Dasha family.

In addition, Lin Youfu is a buyer in the village. He buys the things in the village first and then transfers them to the town to sell. A Hua once heard Dasha accidentally mentioned that he earned 300 yuan per mu of peanuts, but the village Peanuts can usually be sold for about 1,000 yuan per acre of land.

"As for the sixth uncle and the sixth aunt..." A Hua closed his mouth, because this was in front of the deceased's son.

Li Yun didn't care about that much. He turned to look at the sixth uncle's son and daughter-in-law, and asked in a deep voice, "Your parents have done things to sorry Lin Dasha's family? Don't hide, if you want to find out. What's the real cause of your parents' death!"

The husband and wife were a little frightened. After a while, the sixth uncle's son hesitated and said: "I, my family and Dasha's family have a bit of a field dispute, but I swear that my family has never done anything to apologize to them... I don't know. What is the real reason you said?"

"field?"

Li Yun didn't answer his question, looked at the well, lost in thought.

Of the more than ten people who died in Sanmu Village, the first to die was Dasha's wife. She was suspected of being eaten by a monster. The body was dragged to the tree and blood shed all over the floor.

The second one, Dasha was dead, he hit and died on the locust tree.

The third person who died was Lin Youde's younger brother Lin Youcai. When he went out to buy a pack of cigarettes at night, he was dragged away by the "monster" in front of the ancestral hall.

The fourth, Lin Youcai's wife, hanged herself, but the ceiling fan was suspected to be on.

The fifth, Lin Youde's wife, was beaten to death on the main road of the village late at night.

The sixth, Lin Huijian, is missing!

Judging from the current "cursed" situation in Sanmu Village, Li Yun felt that it was necessary to include the missing Lin Huijian in the list of the dead who suffered accidents.

The seventh, six mothers-in-law, die of old age.

Eighth, Lin Youfu's family wanted to escape and was killed in a car accident.

On the ninth and tenth, the quarrel turned into an end after a miss.

...

Chapter 2807: Wake up

Li Yun listed the death list one by one in his mind, and he had several bold guesses in his mind.

For example: these ten incidents are all "man-made", not accidents or suicides!

"Artificially, why did the other party kill Dasha?"

Li Yun looked at the dead again. Starting from the earliest Dasha Sister-in-law, she was taken to the back of the ancestral hall by a few villagers. What happened, which led to the accidental death of Dasha Sister-in-law, triggered a series of follow-up events.

The problem still lies with Lin Dasha's family. Why did the mysterious murderer help them? Is the opponent a human or a demon?

"Being able to plan ten different killing methods in a row, the intelligence of the monster beast is not that high."

Li Yun shook his head, denying the idea that the other party was a demon.

But if it's not a monster, why did the other party help Lin Dasha get revenge?

Moreover, it seems that he went to incense to Lin Dasha and his wife, obviously people who knew their husband and wife well.

But no matter what Li Yun asked before, the villagers shook their heads and denied, saying that Dasha Lin had almost no friends in the village, and his wife's natal family would not come to offer incense at this time.

Once again, his thoughts reached a dead end, Li Yun had to overthrow all the previous speculations, deny it from the source, and redefine this incident as a "monster" incident!

This is like a computer's traversal algorithm, which walks all kinds of seemingly outrageous roads and thinks about all the possibilities.

Monsters, monsters, refer to monsters, monsters, ghosts, zombies, flying zombies, ghosts, spirit plants that are refined, gu worms that are refined to the extreme, and so on.

But Li Yun quickly denied one by one that this series of weird existences that are not human beings have too low IQs. Only when they have cultivated to an extremely high level, will they have intelligence comparable to humans.

And these ten incidents do not say all, just the murder of the village chief's wife, it is obvious that the murderer was an extremely cruel, cunning and cruel "person".

It is impossible for a low-level monster to do this.

"Wait, the monsters in these ten incidents cannot be done. There is no reason for people to kill more than ten people, then... will it be a mixed crime?!"

Li Yun suddenly thought of this possibility, and carefully thought about it again: Then, the husband and wife who are now killing each other are killed by humans or by demon?

His eyes were placed on the hand-operated pump for self-drilling wells, and Li Yun suddenly noticed an extremely unattractive problem.

The hand-cranked pump was wet, and a pool of water trails spread out in all directions, as if the water trails were suddenly gushing out from the pump and poured around the circular cover on the self-drilling well.

"in?!"

Looking at the pump, Li Yun's pupils gradually dilated, and his fingers trembled slightly, making everyone terrified.

Because of Sanki Village at this moment, he and Xiao Mingzhu can be said to be well-deserved existence of stable military spirit. Everyone has never seen them show any nervous and scared expressions.

But now...

"I, it seems...understood!"

Li Yun said in a soft voice, stretching out his finger and tapping on the pump lightly.

"boom!"

A stream of water burst out from the well pump and spread evenly around, exactly the same as the water trail just now!

Everyone was unclear. Therefore, Captain Gao seemed to have thought of something, his eyes widened, and he looked at Li Yun.

"It turns out... from the underground... It turns out that all the murderer is her!"

A light of joy burst into Li Yun's eyes, but suddenly he thought of someone.

"Not good, Pearl!!"

Chapter 2808: Nightmare

Xiao Mingzhu has experienced an unprecedented test.

Soon after Li Yun left, a rhizome with many tentacles slowly emerged from the soil not far from where she was sitting.

The stem was bright red, and the top was like a huge spore. After emerging from the ground, the spore slowly opened up, just like a flower of death in full bloom at night.

The faint fragrance floated softly in the air, and gradually drifted into the noses of the classmates of the computer science class. These young college students quickly felt a sense of exhaustion and yawned.

And Xiao Mingzhu...

She entered a wonderful environment.

There was no light in Miki Village, the surroundings were extremely dark, the sky was covered by thick black clouds, and the sky and the earth were silent.

And Xiao Mingzhu, she stood on the ground, staring at everything around her blankly.

Suddenly, a voice came from ahead and caught her attention.

"Husband, when shall we close the net?"

Xiao Mingzhu hesitated for a while, confirming that the female voice seemed to be Fang Xue's voice.

"It's coming soon."

It's Li Yun!

Xiao Mingzhu was very surprised, what was he talking to Fang Xue? Close the net?

Xiao Mingzhu felt a burst of fear inexplicably, and subconsciously walked forward, hiding behind a big tree, secretly looking at the two of them.

Sure enough, it was the handsome Li Yun, and the "eldest woman", who was the first girlfriend Li Yun met, who had a special status among the girls who liked Li Yun.

"What are they talking about?"

Xiao Mingzhu didn't realize that Fang Xue shouldn't be here, holding his breath and eavesdropping on the conversation between the two, the panic and fear in his heart became more intense.

Hidden in the darkness, Li Yun hugged Fang Xue in a gentle voice and said: "Xiaoxue, we will be together soon. I have already lived in her dormitory and I am in the same class with her yesterday. At night I even slept with her in a tent, got up in the morning and massaged her belly."

A red cloud appeared on Xiao Mingzhu's cheek.

When I got up this morning, Li Yun put his hand on her soft belly without a trace of fat, and kept pressing and rubbing it, just like teasing a child, but she didn't hate it at all and just pretended to fall asleep. This guy massages his stomach.

It took more than ten minutes to end, and he heard many sweet words of love.

It's horrible.

"I'm jealous." Fang Xue's voice reached Xiao Mingzhu's ears.

"Well, don't be jealous, I'm just acting every time."

His voice was like a heavy hammer, hitting Xiao Mingzhu's heart fiercely, causing her face to become extremely pale.

"Don't worry, I will chase her back soon. By that time, the hundreds of billions of the Xiao family will be ours, hahaha!"

"Hehe, husband, you are really bad, but Xiaoxue likes it~"

"My husband, I paid so much, does Xiaoxue compensate her husband for me?"

"Hate, you all have Xiao Mingzhu who can play..."

"Still jealous? Hey, I'm just playing with her, and I get tired soon..."

Xiao Mingzhu was trembling with cold.

She had never thought that Li Yun was this person. These words pierced her heart like a sharp arrow, leaving her bruised and blood flowing.

"Bitch, bitch...just for fun, and soon get bored..."

Voices echoed in her mind, Xiao Mingzhu was like falling into darkness, her eyes closed tightly, her body curled up, her legs were hugged, her head buried.

"Li Yun... not that kind of person."

Chapter 2809: Sober, breakthrough

The curled up Xiao Mingzhu muttered to himself, reminiscing in his mind all the bits and pieces he had had since acquainted with Li Yun.

He... is a sunny and handsome boy. Although he is undoubtedly a playboy, he is very good to every girl around him. He has never forgotten anyone he loved, nor has he ever Sorry for them, even if there are other people I like outside, I will tell them the truth.

Xiao Mingzhu recalled the night she had a heart-to-heart talk with Li Yun, when she took the initiative to confess in disguise, and then the two interlocked their fingers until the two women Jin Liuli came back.

When she returned to her room on the cruise ship, she smiled stupidly. The first thing she woke up the next day was to recall the conversation with Li Yun last night. She, who always prides herself on being a genius and beautiful girl, is the first time. I feel that my IQ has been lowered... I was lowered by Li Yun and turned into a silly girl in love.

"I... Li Yun."

"He wants my property?"

"No, it's impossible... he has money, and he has a lot of money!"

"He has no reason to do this!"

"But why?"

"Calm down, Xiao Mingzhu, you have to calm down!"

"He... once said, keep calm at all times... why is Fang Xue here?"

"Wait, where is...where!?"

As his sanity gradually returned, Xiao Mingzhu opened his eyes abruptly, and stared fiercely at the dark, goggy sky full of clouds, with his clear, dazzling eyes.

Boom!

Two eyes like sharp swords pierced through the clouds, the dark world was torn apart, and a stern scream echoed between the heaven and the earth.

"Go to hell!!!"

Staring at Li Yun and Fang Xue in the darkness not far away, Xiao Mingzhu yelled softly. She had already remembered what Li Yun had told her. She is now in a state of being invaded by spirits into her knowledge of the sea, but here There is no doubt that it is her territory, as long as she firmly believes, everything here is under her control.

Sure enough, as her thought arose, the two dark figures suddenly turned into ashes.

"Pearl?"

Just when Xiao Mingzhu wanted to break all the darkness, a man's soft voice came from a distance.

This voice was like a warm hug, holding Xiao Mingzhu tightly in her arms, regaining her formerly battered heart to become exquisite and clear, her heart became so soft and soft, there was only one thought in her mind:

"Li Yun, it's him, this is the real him!"

Xiao Mingzhu's mood was unprecedentedly agitated. She wanted to wake up, open her eyes to look at him, plunge into his embrace, and let the classmates in the computer science class know. Xiao

Mingzhu just liked Li Yun, and she didn't like it too much. Yes, even if there are many girls around him, she likes it.

"Li Yun!!!"

The excited Xiao Mingzhu really woke up.

The darkness of the sky was destroyed in an instant, and a vigorous spiritual force gushed from the depths of the sea of consciousness and dissipated outside the body.

Xiao Mingzhu's soul is flying beyond the sky-beyond the physical body.

She was surprised to find that she could see herself, that Li Yun was holding her, waiting for her to wake up tenderly, calling her name again and again, but not eager to wake her up.

"Ah, Li Yun knows my current situation and what I am doing. He believes that I can defeat the enemy's spiritual invasion!"

Xiao Mingzhu's eyes towards Li Yun were full of soft affection. As a result, Li Yun suddenly raised his head and glanced at her in a state of spirit and soul.

The students in the computer science class screamed in surprise.

Then, he called again:

"Ah, squad leader and deputy squad leader..."

The classmates in the computer science class even saw that the squad leader who was always cheerful and beautiful like a dazzling sun, Weeping tears of excitement, a pair of small hands held Li Yun's neck tightly.

Then.

"Ah, kiss, kiss together..."

Wang Hao, Wang Anna and other students in the engineering class were stunned.

The monitor took the initiative to offer his gorgeous red lips, and felt Li Yun's lips with a warm kiss, tears still running down her white cheeks.

As a result, the deputy squad leader softly kissed her tears, which made the beautiful squad leader stop crying and looked at him blushing.

"Li Yun, I'm sorry."

"Huh? What do you see in the spiritual world?"

"I shouldn't believe you, I... I'm sorry!"

"Fool, the enemy's mental attack is meant to destroy you. Of course, it is to choose what you fear most and present it. You fear me the most in the enemy's illusion. In fact, it also shows that you care about me the most."

Li Yun smiled slightly, "Finally, Mingzhu, you can get rid of the enemy's illusion without my help, it also proves that you trust me incomparably deep in your heart, right?"

Xiao Mingzhu bit her red lips moistened by his kiss, and after looking at Li Yun idiotically for a long time, she suddenly leaned in and offered her own fragrant kiss again.

"Li Yun, um, me, I... well. I love you."

In the interval of warm intimacy, in the enviable eyes of eight classmates in the engineering class, as well as Captain Qiao Feilu, Gao and others, Xiao Mingzhu panted and confessed. "Ding, congratulations to the host for getting the full favorability of the fourteenth girl and rewarding a red envelope!"

The prompt of the system allowed Li Yun to finally recover a little sane from Xiao Mingzhu's warm intimacy. After realizing that he was being watched, Li Yun quickly ended the kiss.

Then, the classmates in the computer science class saw a silver line connecting the monitor and the deputy monitor. The monitor looked confused. After a while, he bowed his head shyly.

Well, it was the first time for a classmate in the computer science class to meet a shy monitor.

"Ahem!!"

Li Yun stood up with his arms around Xiao Mingzhu, with his left arm around the squad leader's slender waist, and solemnly said to his classmates: "Don't get me wrong, the squad leader was attacked by the enemy's mental power just now. I just helped her heal!"

Xiao Mingzhu chuckled, her beautiful face full of blushes of happiness.

Wang Hao cried out strangely: "The vice squad leader, the first time is for treatment, and the second time? You guys have all pulled out the silk!!"

"Yes, yes!"

"This is the French intimacy in the legend?"

"Wow, the two monitors are amazing"

A group of classmates started booing, and Xiao Mingzhu was even more shy. She was like Li Yun just now because she was really possessed, and attacked Li Yun in front of her classmates...

However, she did not regret it.

Even in the illusory world that was attacked by the spirit, she didn't want to be separated from Li Yun.
