

## Godly Choice 2831

Chapter 2831: Go to bed early

"I.....!"

The only one left, Xiao Mingzhu, is a little overwhelmed. Should she stand up?

"Okay, Mingzhu."

Li Yun pressed her shoulders and said softly, "Remember what you said this morning? No matter what happens tonight, you won't participate. You just stay in the living room or go back to sleep."

Xiao Mingzhu bit her lip and looked at him.

Li Yun continued: "We still have a lot of time in the future, so we don't have to be in a hurry, right?"

Su Muxin and Fang Xue looked at Xiao Mingzhu, the two girls smiled and nodded to her, finally let Xiao Mingzhu's body relax, lay back on the sofa, covered their heads with pillows, and said in a trembled voice: "Whatever you do... today Tonight, don't close the door."

After speaking, she threw down the pillow and hurried back to her room.

"?"

Don't close the door? What's the meaning?

Want to join? It's not very similar.

"Mingzhu wants to watch the live performance? Are you hesitating?"

Su Muxin touched her chin and said a bold word that made Fang Xue's entire face flushed. Li Yun patted her little head dumbly, "Don't think about it, let's go, tonight... go to bed early."

The faces of the two women blush.

Going to bed earlier means ending the fight earlier so that you can go to bed sooner.

It's definitely not simply going to bed early.

...

After returning to the room and closing the door, Xiao Mingzhu's hot cheeks slowly cooled down, regaining a trace of clearness in the past.

But once she remembered the intimacy of the four of them just now, her head couldn't help being occupied by sweet emotions.

"It turns out... I can really accept things like this that I looked so outrageous before."

Xiao Mingzhu rolled around holding the quilt a few times, and couldn't help but laugh. It was a pity that no one could appreciate the beautiful smile.

She remembered the first time she knew of many confidantes around Li Yun.

At the time, she secretly swore that she would never like this kind of \*\*\*\* in this life.

But the result?

Li Yun's excellence made her fall quickly, and several encounters made her atheist vaguely believe in fate. The fate between her and Li Yun was destined.

What happened on the Ocean Princess cruise ship catalyzed this process, and the relationship between the two quickly became closer. On the misty Haowei Island, Xiao Mingzhu watched Li Yun's efforts.

When people all over the world were at a loss, it was he who lifted the crisis on Haowei Island and saved millions of people.

Although it was he who started the era of Reiki with his own hands, he released a large amount of Reiki to the world, bringing opportunities, but also bringing a huge crisis to 7.5 billion people around the world.

"If you ask yourself...Even without the Ocean Princess, I would like that playboy, right?"

Xiao Mingzhu hugged the pillow and lay back on the bed blankly thinking about it.

She and Li Yun are in such a co-production. Li Yun is almost the perfect boyfriend and husband in her dreams. She has a high IQ, a high EQ, a tenacious character, but still witty and cute. The days with him, except Apart from being jealous occasionally, Xiao Mingzhu has never felt sad, or bored, and even wants to be with him all the time.

Whether it's going to class together, eating together, walking on campus together, military training together and so on.

She likes it all.

Even things she and Li Yun have not done, such as going to the movies together, going shopping together, going to the amusement park together, experiencing all kinds of fun things, secretly kissing and so on.

Chapter 2832: wake up

Waiting for these things, Xiao Mingzhu is looking forward to these things happening one by one in the next four years.

She wants to experience everything between lovers with Li Yun!

Also...go to the hotel.

Xiao Mingzhu's face turned red, and she patted her cheek:

"What am I thinking about?"

After forcibly calming down, Xiao Mingzhu quickly laughed out loud again.

Li Feng from the Drama Academy did not come, nor did Gong Qingyu follow. The former was because of a different school, but what about the latter?

Xiao Mingzhu recalled what Gong Qingyu had said. She said that since she believed that Li Yun could calm down overnight, and they didn't fight for favor with each other, then there was no need to rush to the hotel together.

You just need to wait patiently for an opportunity, and it will come naturally, and give yourself to Li Yun.

Xiao Mingzhu felt that what Gong Qingyu said was very reasonable. Although she didn't know where the timing of her and Li Yun was, she and Li Yun will have four years of university time in the future, and they will be together for a lifetime in the future.

Not anxious at all.

During the four years in college, she would go on dates with Li Yun, watch movies, travel, climb mountains, go to hot springs, go to Penglai Island to fight monsters, go to the capital to find Hu Xiaomeng and Zhao Tianfeng...

There are many things, Xiao Mingzhu believes that there will always be a suitable and memorable point in time, so that she and Li Yun will completely sublimate the last step of the relationship.

"Yeah, I don't need to worry at all. I have already started practicing now. In the future, I can live with Li Yun for hundreds of years. Why should I worry?"

Making psychological hints to herself again, Xiao Mingzhu finally confirmed her choice, absolutely nothing to happen to Li Yun tonight!

only.....

"Dad, Little Pepper... Oh, don't be like this."

"..."

Xiao Mingzhu covered her head with a pillow and pressed her ears.

But in the unclosed bathroom, the three people continued to make noises.

Tonight, doomed to sleepless.

...

The next day, Xiao Mingzhu really got up with two shallow dark circles under her eyes, yawned greatly, and turned off the phone alarm clock.

"Why am I the squad leader and can't sleep in bed? Damn it."

Xiao Mingzhu grabbed the messy hair and was about to get up, but suddenly realized that there was something strange in one place on his body.

In an instant, she recalled what happened last night.

The noise of Li Yun, Su Muxin and Fang Xue alarmed her, so that Xiao Mingzhu couldn't fall asleep tossing and turning. Finally, she secretly did something bad and opened the door of the room a little bit to let the three people's voices pass in more.

In the end, Xiao Mingzhu fell asleep in a daze, and the three accompany her.

I will feel strange when I get up this morning.

"..."

Xiao Mingzhu took a deep breath, picked up two underwear and walked out of the room door and saw the messy living room.

The traces of last night still remained. Li Yun's door was opened and not closed. Xiao Mingzhu was stunned for a moment, then walked over and glanced inwardly.

Huh!

The whole beautiful face was red.

The picture was even worse than she had imagined. Except for the three sleeping under blankets, Xiao Mingzhu saw a miraculous scene.

This room seemed to have been visited by a thief. It was messy everywhere, and it seemed to have been automatically extinguished by a drainage device. There were traces of faucet spraying everywhere.

"Why on earth is this happening?"

What makes Xiao Mingzhu feel even more unimaginable is that on the floor mirror in front of the dressing table, there are also a few meandering water marks pouring down from a height of more than one meter. Xiao Mingzhu can't figure out why this is so. Could it be that Su Muxin was picked up by Li Yun?

"My home, how could this be..."

Chapter 2833: Xiao Mingzhu is a green grass

Xiao Mingzhu screamed dumbfounded and awakened the three sleeping people. Fang Xue opened his eyes in a daze. After seeing Xiao Mingzhu standing at the doorway that had been open last night, his face quickly blushed.

"Ah~~~"

Su Muxin yawned, sat up straight, let herself be exposed, and said lazily: "It's really annoying, I have to go to the assembly later, alas, I really want to ask for leave... I want to sleep until noon, ooh~ "

"You still complain, see what you did to my room?"

Wanting to cry without tears, Xiao Mingzhu thought for a while, took out the phone and took a picture of the floor mirror next to the dressing table.

"Don't shoot!" Fang Xue exclaimed.

But Xiao Mingzhu had already sent the mirror photo to the fairies.

After Fang Xue realized that the matter was irreversible, she screamed and ran out, squeezing Xiao Mingzhu's face: "Mingzhu, you are too bad, I should have entered your room last night!! Ah, give me a withdrawal. !"

Of course she knew how the pattern on the mirror came from. After all, it was the picture she drew with Su Muxin!

"Hehehe, what's the matter?" Little Chili woke up and chuckled: "Anyway, everyone in the Fairy Club can't get away. Before, Feiyao and I had Liuli, and we were crazy on the cruise, Xiaoxue Would you like to try it too? Just tonight, the two of them will come back from Penglai Island."

"I, I still can't..."

Fang Xue blushed and refused. If she went tonight, she would really be exhausted.

I don't know what Su Muxin's physical strength is. It's clear that the two of them do so much work together, so she should be more tired.

"Fairies?"

Li Yun was a little itchy, wondering what they were discussing in the group.

Unfortunately, he asked a few people and refused to show him the phone.

"Well, you guys get up quickly too, it's getting late, I'll take a shower first, you will wait."

The revenge Xiao Mingzhu left with a smile. She didn't dare to look at the current three of Fang Xue, the traces of last night still remained.

"Take a bath? You take a bath in the morning?"

Seeing Xiao Mingzhu's weird walking movement, Fang Xue suddenly woke up, picked up the phone and typed a line in the fairies group:

"Xiao Mingzhu was a green grass last night, not only very green, but also photosynthetic."

Qing Guo Mingyu: "?? What are you playing? What are the traces on the mirror? Green I know, the pearl is green, it is easy to understand, but what is photosynthesis?"

Shangguan Lingxian: "...". She is a good boy, she doesn't know anything.

But inexplicably, Shangguan Lingxian wanted to know what the white winding traces were like batter on the mirror picture sent by Xiao Mingzhu?

Xianxian: "Although I don't understand it, I always think it's not a good thing."

Li Feng, Xia Feiyao, Zhao Tianfeng and other women said they didn't know what it meant.

Finally, Hu Xiaomeng said: "Photosynthesis is unique to green plants. It relies on sunlight to carry out the process of producing organic matter. It is called: producer, which means self-production, which means...hehehehe, generate electricity by yourself, puff Ha ha ha ha!"

Hu Xiaomeng, who was far away in the capital, was overwhelmed with joy. I didn't expect that Miss Pearl would do such a thing.

Gong Qingyu and Su Muxin both sent out laughing faces, and even Zhao Tianfeng sent a string of "...". to express their surprise.

But the pure children still don't understand.

Among them are Shangguan Lingxian and Xia Feiyao. Both women said they didn't know what it meant to generate electricity for themselves.

## Chapter 2834: Chat group

In many cases, Gong Lianyi, who was diving, couldn't stand it anymore, and expressed it in a gentle and euphemistic way, which meant his own self, and 3 points of water plus a sale word.

Shangguan Lingxian finally understood. In reality, she flushed with shame, and after a series of dots, she said she was going offline.

But in fact, she was still paying attention, waiting for someone to explain what the pattern on the mirror meant.

Fortunately, Gong Qingyu was as curious as her.

"It's not easy to understand?"

Hu Xiaomeng, who only had three days and two nights of hot spring experience once, began to point Jiangshan again, "It is Sister Xiaoxue and Sister Xiaojiao who were picked up, uh, they were picked up in front of the mirror."

Gong Lianyi and the diving Shangguan Lingxian were stunned. How the two of them can make up their brains, and they can't figure out what kind of knowledge they have. Maybe they really only understand what they have experienced.

Qing Guo Mingyu: "I understand the knowledge, but I don't understand the specifics. Could it be that after that?"

Hu Xiaomeng: "No, it's behind."

puff!

The fairies would fry in an instant, and a group of fairies who had never experienced it were too ashamed to speak.

But Hu Xiaomeng was still chattering: "Last time I was in the hot spring, Sister Fengfeng and Brother Yun also lived like this, she knows."

Phoenix of the Sky: "Hu Xiaomeng!! I think your skin is itchy again, wait, I will find you now!!!"

"Wow, no, I want to study, I want to go to school, I was wrong~~~"

A group of fairies looked at each other, and those who experienced it personally, such as Xia Feiyao and Jin Liuli, were all blushing, but they did not explode with shame.

After all, everyone in the group... will experience it in the future.

Gong Lianyi suddenly said: "It seems that there is still one person in our group."

"Who?"

"Who is more?"

"Who did that big villain provoke?"

"@小椒, I'm optimistic about that big pervert!!!"

One sentence made the people of the Fairy Club bubbling, and preventing other women from joining this thing is what they all want to do, so they will react to Gong Lianyi's words like this.

Fang Xue quickly thought of a person: "Is it a little princess? We actually forgot her, @李凤, let her join you when you get home, and remember to tell her not to tell the bad guy."

"it is good."

Only then did the girls relax. It turned out that they had forgotten Princess Yongning.

But they are not to blame. The little princess is almost always at Li Yun's house. Apart from sleeping and eating, it is normal for her presence to be low.

"Okay, welcome the new member that evening: Little Princess Yongning~~"

Hu Xiaomeng was very happy, "Do I become a sister then?"

"I want to be beautiful, I am a princess, older than you!"

"Oh, I want to be a sister too."

"No, you want to make your brother Li Yun even more beastly."

"[shy]"

Hu Xiaomeng made an expression and went offline with satisfaction.

When I find time, I will go to Zhonghai City to meet with Brother Li Yun with Zhao Tianfeng. She has been looking forward to it for a long time.

Especially after seeing the mirror photo, Hu Xiaomeng... also wanted to paint like this.

...

When Xiao Mingzhu came out of the bath, wearing a bathrobe and holding a mobile phone, he glanced at the chat records in the Fairy Group, and the whole person was petrified.

"I knew... these people in the group are all perverted and perverted. Wait, they still want to bring in the pure little princess? Don't bring bad people!"

When Xiao Mingzhu saw that they wanted to pull Princess Yongning into the group, he quickly issued a warning.

As a result, Fang Xue said quietly: "The little princess has been harmed by that bad guy. Well, like Xiaomeng Hu, she has not reached the last step, but she has done everything else."

Xiao Mingzhu continued to petrochemical.

It seems that she still underestimated the shamelessness of Li Yun that playboy!

Chapter 2835: What's wrong with the mirror

When they finished the bath and went to the school cafeteria to have breakfast together, Li Yun always felt that Xiao Mingzhu's eyes were a little wrong when she looked at him, and when she asked her, he was only dismissed by a blank eye.

And gave him two words back: Mirror!

"Ahem, about the mirror..."

"It was said!!!"

Fang Xue blushed and forcibly interrupted. She will have a shadow on the mirror in the future, and she will never play this messy game again next time! !

absolute!

Um, don't play for at least one month, no, don't do it until the end of this semester.

Su Muxin hid her mouth and snickered, and she took Fang Xue's hand and said, "Okay, okay, you won't go to Xiaoxue tonight. Just rest well. Feiyao and I will relive the time on the cruise ship. ."

Fang Xue was embarrassed and flicked and left: "I'm going to have dinner with my classmates, not with you anymore."

"Hey? Wait a minute, I'll be with you~"

Su Muxin chased after her, whispering to her while walking, the two women looked back at Xiao Mingzhu and blinked, not knowing what they meant.

Did you deliberately let Li Yun be alone together to deepen your relationship?

Xiao Mingzhu bit her lip, her eyes moved a little, and she lowered her head and said, "Let's go, let's eat."

She inherited the love of her sisters.

They had a mess with Li Yun last night, so they left time for her this morning.

Such sisters, how can Xiao Mingzhu bear to compete with them again?

It's just that Xiao Mingzhu didn't even realize that when she gave them her house in school last night, she had already taken the initiative to show her good behavior, and Fang Xue and Su Muxin were just reciprocating.

"Pearl."

Li Yun took the initiative to hold her soft little hand and said, "What happened last night...Uh, I don't know how to say it. I'm sorry, it's too hypocritical, right?"

"Not at all hypocritical."

"Huh? I'm sorry?"

"puff."

Xiao Mingzhu laughed out loud, took his hand and walked forward briskly, the corner of her lips curled up with a smile that fascinated the sentient beings: "Are you really sorry? It's... how do you say hello."

Li Yun looked at her innocently: "Don't you feel wronged?"

He was messing around with Fang Xue and Su Muxin in other rooms, and Xiao Mingzhu was alone in the vacant room. It must be uncomfortable, right?

"That's why I asked you to go to my place, not to the hotel."

"?"

Li Yun thought about it for a while before he realized what Xiao Mingzhu meant.

She can tolerate this, provided that she knows what Li Yun and his women are doing, instead of letting him and his confidantes go to the hotel, she might as well "participate" in these things.

At least it happened next door to her, and it wouldn't make her feel abandoned.

"If you really feel sorry," Xiao Mingzhu showed a blush on her beautiful cheeks, lowered her voice, and said curiously: "Then tell me what you played last night...what did you play."

"!!!"

Li Yun looked at her in surprise, Mingzhu still has such a hobby?

Xiao Mingzhu bit her lip, water waves rippling in her eyes: "I, I'm just curious, how did you get the patterns you painted on the floor mirrors?"

—This guy doesn't know about the Fairy Club, it's perfect.

Li Yun coughed, a little embarrassed, but quickly assumed the appearance of a gentleman, staring straight ahead, and said solemnly: "Well, in fact, I was holding the little pepper, um, take turns, Fang Xue also has a share. ."

"This, this way, I can probably imagine what the posture is, but at that time... I didn't have to in the end, um, what?"

Xiao Mingzhu's cheeks glowed with red clouds, and his eyes also looked forward, pretending that the two of them were discussing serious matters, but in fact, what they were discussing was...

Chapter 2836: Single dog

"Squad leader, deputy squad leader, morning."

In front of the Dingxiangyuan canteen, Wang Hao, Jia Yongshuai and Zhang Zhou, the three 305 dormitories, happened to meet Li Yun and Xiao Mingzhu.

"morning."

Li Yun said hello to them, calmly said: "What a coincidence, shall we go to have breakfast together?"

Wang Hao and the three of them looked at each other, and all smiled, "We are not light bulbs, and we are gone."

The three of them quickly entered the canteen. After Wang Hao looked back at Xiao Mingzhu's charming cheeks, he turned his head and whispered to the roommates: "Look at the monitor, now I'm not in love with our brother Li. Does anyone believe it?"

Jia Yongshuai and two of them agreed, but the squad leader's blushing face, how do you look like a girl in love, and said that the kiss was between friends? Isn't this self-deception?

"Don't talk nonsense." Xiao Mingzhu said from a distance behind them: "I and your deputy squad leader are discussing how to sell the monster beast so that you can share the money. I'm not discussing anything else."

"?"

The three of them all looked at her with weird faces. Isn't this a confession?

Xiao Mingzhu flushed with embarrassment.

Li Yun smiled in a low voice. It was clear that he was discussing with her last night, but of course Li Yun didn't elaborate on all of them, only describing some positions and physical movements at the time.

What little pepper is in front, Fang Xue is behind, there are standing on one leg to make a golden rooster independent, and there are bending legs pressing against the head and so on.

But it is obvious that Xiao Mingzhu has made up all of this knowledge, at least she can already imagine what the picture was like at that time, causing her face to be red all the way.

It's no wonder that this place has no silver three hundred taels.

"What are you laughing at?" Xiao Mingzhu stared at him, and Li Yun quickly shut up.

The embarrassed woman is terrible.

The two had breakfast, a bowl of rice porridge, three dishes of side dishes, and two fried eggs plus a fried dough stick. They were also divided.

The intimate dining style attracted the attention of the students in the cafeteria, especially the scene where Li Yun personally divided a bowl of porridge into two parts, and Xiao Mingzhu also accepted it calmly, even more so that countless single dogs were tortured and killed.

"so envious."

"When I saw this pair, I really understood what the appearance of men and women means, and what golden boys and girls mean."

"who are they?"

"No? The man is Li Yun, the president of the Abnormal Association!"

"Ah, it turned out to be him, and he looked handsome enough to look closer, almost like me."

"Go away, shameless."

The surrounding students talked a lot, and the three of Wang Hao, who was sitting not far from Li Yun, were also very envious. They had breakfast while guessing what the two monitors were talking about.

What everyone can't guess is that what Xiao Mingzhu and Li Yun are talking about is...

"I seem to see traces on the table?"

"Ahem, at that time... Little Pepper was lying there."

"Huh? What was she doing at the time? Where was Fang Xue?"

After asking the bottom line, the hardworking and studious Xiao Mingzhu made Li Yun a little overwhelmed. This big and cheerful beauty seemed to be trying to restore all the things she didn't participate in last night.

From the bathroom, to the living room, to the room, to the balcony.

As long as it is what Li Yun and them have experienced, Xiao Mingzhu must know everything!

This made Li Yun had to have a big doubt:

Is she curious to participate in person, or is she simply jealous?

Because I'm jealous, I want to know what happened...?

Chapter 2837: Morning assembly

Asking all the way to the time of two o'clock last night, Xiao Mingzhu finally stopped, lowered her head and sipped the rice porridge, the beautiful red glow on her face lasted for a long time before finally slowly dissipating.

"Don't think about it, I don't mean to join your \*chaotic party."

Xiao Mingzhu showed a "very normal" sunny smile, but what he said was very explosive. If he was heard by outsiders, his jaw would definitely be shocked-this big beauty is too dare to say it.

Li Yun smiled and said: "Then I don't know my good pearl, how can I join in?" He also pretended to be a normal chat, but what he said was...very shameless.

Xiao Mingzhu smiled charmingly again: "I want to be beautiful, I Xiao Mingzhu is not so easy to chase, what if you kiss me? Give it to you, give it to you... Well, thigh, but want me to join, you still Have to work hard, you know?"

"How do you work?" Li Yun was very serious: "I can't wait."

"I want to go."

Xiao Mingzhu picked up the omelette with a fork, cut a piece of it gracefully and put it in her small red mouth. The neat white teeth and the pink tongue made Li Yun ticklish.

"University for four years." Xiao Mingzhu said briskly: "If you can't satisfy me, I will never join, and I will die of you. By the way, you are not allowed to force it, or I, I... I will ignore it for a month. you!"

Li Yun was taken aback, and the seriousness he had just pretended to break all of a sudden.

So even if he insisted, would Xiao Mingzhu just ignore him for a month?

Xiao Mingzhu blushed, also losing her previous elegance, and said in a panic, "Don't you, don't mess around."

Seeing her shy appearance, Li Yun's heart trembled, and he proactively reached out and stroked her pretty face lightly, pinning her hair behind her crystal ears.

"hiss!"

A group of light bulbs gasped. As expected, the two of them had been serious for less than three minutes, and they soon began to flirt.

Xiao Mingzhu's face turned redder.

She feels that she probably lasted less than a semester, and she would willingly join in the mischief similar to last night.

She no longer rejects these messy behaviors.

---

After eating breakfast, Li Yun called Wang Hao and the three of them who were already waiting, and headed to the playground together—they had already finished eating, they were just waiting for the two monitors.

A few people chatted casually along the way. After coming to the playground to gather, the principal took the stage to give a speech, nothing more than a review of the military training life this month, praise and encouragement to play some of the classes that appeared in the second half of the training task.

Finally, Li Yun from the Supernaturalists Association was specially invited to give a speech, telling his glorious deeds of leading the planning class to successfully complete the task. .

Li Yun had no choice but to go on stage and casually talk about what happened in Miki Village.

It's just a casual thing in his opinion, but in front of classmates of Zhonghai University who have never seen a monster, it is as exciting and exciting as the movie.

"My Cao! One after another dead people?"

"I, Cao, hanged, killed with a stick, disappeared, killed each other...can it be more exciting?"

"Hiss! The female ghost merges with the monsters, the wisdom of becoming human and the power of the monsters is too strong!"

"Humans, ghosts, and monsters can actually fit together? Isn't it... that humans can have offspring with monsters?"

"I have a bold idea."

"Our country will soon establish perfect laws to limit your bold ideas!"

"Your new shoes, I haven't said anything yet."

"..."

Chapter 2838: Three days off

After Li Yun finished speaking, the planning class became the focus of the whole school. At this time, no one opposed Li Yun being the president of the Supernaturalists Association. Killing the monster after Zhou Qiaofang and the tree demon combined was undoubtedly the whole school. Ranked the first awesome task.

"Fang Xue."

A girl majoring in finance asked curiously: "You have a good relationship with President Li, right?"

Suddenly, a group of girls came to see it, which is enough to see the charm of Li Yun's current female group at Zhonghai University.

Fang Xue's face was reddened, "It's, it's okay, he and I are... childhood sweethearts."

It's actually a boyfriend and girlfriend.

It was just that because of a certain agreement, she could not directly admit her relationship with Li Yun, and accordingly, Xiao Mingzhu, Liu Xianxian, and Gong Qingyu could not make it public.

"Hey, really? You have to work hard, Fang Xue. That Xiao Mingzhu is very beautiful and the daughter of the richest man in Zhonghai City. You have to hurry up and don't give President Li to others!"

"Yes, right, Fang Xue, are you free to introduce President Li to us? Hee hee."

"Wow, Nana, you are digging the foot of the wall openly!"

"Hate, my childhood sweetheart is not a boyfriend, right Xiaoxue?"

Fang Xue was proud in her heart while coping with the questions of her classmates.

In fact, I have traveled with your President Li a long time ago.

And I am also good sisters to your "rival in love".

On the other side, Gong Qingyu listened to the surrounding students' comments on Li Yun, her slender eyebrows wrinkled slightly, and soon stretched out again, saying to herself: "No hurry, he will always go to my house."

Gong Qingyu decided to invite Li Yun, and Jin Liuli and Xia Feiyao who had flown back from Penglai Island to her house tonight.

...

At noon, the principal announced a three-day holiday, and classes will start again next Monday.

All the teachers and students of the school cheered, and they were finally able to rest.

Li Yun and Xiao Mingzhu returned to Building 6 801 of the faculty and staff building. They came together, or they came together quietly, as well as Fang Xue's daughters, including Gong Qingyu. Even Liu Xianxian turned left and went upstairs sneakily. .

So Li Yun and these five big beauties were together-it was the first time to sit in this living room and chat. Fortunately, Xiao Mingzhu thought of the situation in front of him and bought a sofa long enough in advance to let seven or eight people. Let's talk comfortably together on the sofa.

"Mingzhu, are you okay here."

While eating the takeaway, Gong Qingyu said vaguely, keeping his eyes on here.

Moreover, the first thing she came in was to see Li Yun's room last night, and saw the uncleaned battle situation inside, especially the mirror with winding traces, and she admired Fang Xue and Su Muxin in awe. awesome.

Fang Xue blushed like a ripe apple.

What made her even more embarrassed was that Xianxian followed along to join in the fun, and visited the inside and outside of the room.

Fang Xue finally couldn't bear it anymore, picked up the rag and began to clean up the traces of last night, and vowed that he would never stay here for the night!

Xiao Mingzhu bit her lip and smiled and said, "Well, I will invite a trusted servant in the future. You can go to class after the night and the servant will come in to clean it. Don't worry, the servant will absolutely trust it and won't talk nonsense."

Fang Xue covered her face and dared not talk about this topic anymore.

"Unfortunately, it's a bit smaller." Gong Qingyu bit the spoon and glanced at the other room: "There is no bedroom for me, and it's not enough."

Chapter 2839: The female ghosts have suffered

Xiao Mingzhu rolled his eyes and said, "Three rooms and one hall are enough. Besides, don't you all come to sleep with Li Yun?"

"Yeah."

Li Yun agreed with both hands, and the five distinctive beauties gave him a roll of eyes, even Little Chili is no exception.

He talked for a while, and after eating, Li Yun finally started to do business.

Don't think about it crooked, it's not the kind of business, but Nie Xiaoqian's business.

"A female ghost raised in the fairy house?"

Xiao Mingzhu looked at Li Yun in horror: "I thought you were abnormal, but I didn't expect you to even let go of a female ghost!"

"Hahahaha~~~"

The four girls all laughed happily. They all knew about the existence of the female ghost Nie Xiaoqian. Among those present, Xiao Mingzhu didn't even know about the Lotus Fairy Mansion.

After all, Li Yun established a relationship with her on the Ocean Princess cruise ship two months ago, and Lotus Immortal Mansion was not used at that time.

"Well, let's go to Xianfu to play?"

Li Yun glanced at the five great beauties and suggested.

Xiao Mingzhu was very curious and agreed for the first time. The other four girls hadn't entered the fairy house for a long time, and they also agreed, saying that they would go to the fairy house for a nap.

"Get ready, go!"

Li Yun's voice fell, and in the blink of an eye, Xiao Mingzhu came to a magical place.

Birds and flowers are fragrant, the sky is high and the clouds are pale.

Xiao Mingzhu immediately realized that this is not a normal world, because everything here is too perfect, as if it has been carefully carved, and every grass and every stone has been carefully placed in a reasonable position.

Everything is so beautiful.

"here....."

Xiao Mingzhu took a deep breath. The air was unusually fresh, and the faint floral scent mixed with the fragrance of the earth made people feel very comfortable.

"Isn't it pretty?"

Fang Xue walked briskly to the lake and smiled: "This is the secret place of our sisters, or a secret wonderland. Every time I come, I feel very happy, and the troubles of the outside world will not affect this place at all. ."

Li Yun asked, "Xiaoxue, do you have troubles?"

"you."

"Uh."

"Hehe, idiot, come on, let's go to the lake to play."

The women followed, and Liu Xianxian bounced around on the cobblestone road, humming a song in his mouth relaxedly.

Xiao Mingzhu, who is familiar with her, knows that the big singer is starting to compose songs again.

Coming to the lake, Gong Qingyu took out the drawing board and paintbrush from her space ring, and sat on a stone bench and began to paint at the nine-child fairy lotus in the lake, Su Muxin squatted beside her, squeak Chat with her chatting.

And Xiao Mingzhu and Fang Xue followed Liu Xianxian and walked around the picturesque lotus pond--that is, on the grass where Li Yun and Nie Xiaoqian rolled around last time.

The women did not bother Li Yun tacitly.

"Xiao Qian."

Li Yun walked over with a smile and greeted Nie Xiaoqian, who was standing in front of the bamboo building by the lake and looking at him in a daze.

"Prince, son." Nie Xiaoqian recovered from the loss of her soul, and said at a loss: "I, am I going to say hello to my sisters, and then start talking about me? It doesn't matter, son, let the sisters listen ..."

Her name is Gong Qingyu's sister-in-law. It can be seen that, deep down, she is still just a concubine.

Li Yun sighed, took her little hand, and gently jumped to the second floor, and sat down on the spacious balcony of the bamboo building. This place was built by Xiaoqian into a place for resting. There are many bamboo chairs, condescendingly. Looking at the lotus pond, I feel completely different.

Chapter 2840: Traverse

Of course, Gong Qingyu and Xiao Mingzhu who walked around the lake could see what Li Yun and Nie Xiaoqian were doing at a glance.

"It's okay, sit down."

Li Yun pressed her to sit down, but as soon as Nie Xiaoqian's buttocks touched the chair, she subconsciously stood up and said, "I'm going to make tea for the son."

"..."

Li Yun waited for her to take out the seven cups again. After Nie Xiaoqian poured up on each other, she raised her little hand, and the other five cups flew in front of the five women of Fang Xue, which shocked them all.

—Before Li Yun took back the authority to give her the Lotus Immortal Mansion, Nie Xiaoqian was almost omnipotent in the Immortal Mansion.

"Hehe, Xiao Qian, thank you~!" Su Muxin, who was far away, smiled and waved at her after receiving the cup of tea.

Nie Xiaoqian's face was a little red. This was the first time she had solemnly entertained a few older sisters, although the manner of entertaining was a little strange.

Holding the tea cup, Gong Qingyu gracefully raised Nie Xiaoqian, took a sip, placed the cup on the stone table, and continued to paint.

"My son, let me tell you something I still remember about my life."

After entertaining the sisters, Nie Xiaoqian's mood suddenly became brighter, and she also burst into a bright smile on the face of a coquettish female ghost.

"Okay." Li Yun nodded in agreement.

Nie Xiaoqian bit her lip. After a while, she cleared her throat and sang: "The slave is originally from Longxi, whose real name is Pan Suyi. Weeping; I see the makeup and miss the gaps."

The drama was melodious and spread all around, making Liu Xianxian who was walking his eyes widened in shock. All the songs he wanted to do before were overturned, and he was immersed in Nie Xiaoqian's sad and sad song.

Gong Qingyu looked over in amazement, only to find that Li Yun and Nie Xiaoqian were both lying on the table and did not move for a long time.

"what happened?"

"It's okay, Dad said it will take a while, just wait."

"He and Xiao Qian together?"

"Um."

When several women were nervous for him, Li Yun "traveled through time and space" and returned to more than a hundred years ago, standing in front of the old Zhonghai City Pier.

"Ding, the host actively triggers a selection event: The Mystery of Nie Xiaoqian's Life Experience-1, after the host makes the final choice, the time and space illusion disappears."

Space-time fantasy?

Li Yun stood in front of the dock with the characteristics of the old times, looked around, and fell into contemplation.

The surface of the river is full of wooden boats with many masts. Workers moving goods come and go. Everyone is naked or simply wearing a short coat and a pair of old cloth shoes under their feet, although there is no picture in the old times. The face is yellow and thin, but there is absolutely no such high spirited scene of modern people.

The eyes of the people here are numb, it seems that they only live today and have no hope for the future.

"This is the Zhonghai City of the old age?"

Li Yun was shocked.

The illusion constructed by the system is far stronger than the illusion of Yongning Princess "choosing a son-in-law" and the illusion of encountering Nuwa at the gate of life and death.

The eyes of the workers moving goods were insensitive, but everyone was alive, and even looked at him in awe, which was far better than those NPCs who chose the illusion that did not respond to outsiders.

"My current identity is... a rich man?"

Li Yun looked at himself and found that he was wearing a rather brand-new robe and jacket. After touching his head, fortunately, he did not wear long braids like these workers.
