

## Godly Choice 2851

Chapter 2851: Xiangling Book Residence

There is a record: "She was a peerless beauty. On a rainy night, she was attacked by gangsters. Unwilling to be insulted, she chose to bite her tongue and commit suicide. Before she died, she vowed to kill all the villains in the world."

Based on the current situation, Li Yun can already infer the cause of death of Nie Xiaoqian, or Pan Suyi.

She was forced to choose a big man who raised her, but she was extremely resistant in her heart, full of frustration, and was killed by the villain again—the villain, perhaps the person Pan Suyi met when he escaped, or the great person sent to kidnap her.

In short, the soul of Pan Suyi, who committed suicide, entered the red umbrella and turned into a ghost. It was picked up by the system from nowhere, and was given to Li Yun half a year ago as a reward.

"call."

Li Yun let out a breath and stepped into Huifangli Street.

There are dozens of theaters here, large and small, everywhere you can see rich women with their arms around their waists and twisted and twisted women laughing on the road, and a woman's powdery aroma can be smelled in the nose, which makes the whole street full of depressive atmosphere. .

Of course, there is absolutely no street girl here, and no trick girl standing at the door and smilingly shouting "Master, you are here to play".

If it weren't for the powdery gas, outsiders would think this is a fairly formal commercial street.

"Is this the fireworks venue?"

Li Yun was amazed. I have to say that every man—at least most men—is very interested in this place. From the poet Liu Yong to some emperors, they will come to this place to have fun.

It's quite like an ancient star.

However, Li Yun is only curious about the environment here, but has no interest in the women here.

Any woman here is many times worse than the confidantes around him. Although the wife is not as good as the concubine, and the concubine is not as good as stealing, but Li Yun did not eat all the confidantes around him, and he has ten. A few, there will be no lack of freshness after taking turns.

In short, Li Yun can raise his hand and swear that he has absolutely no idea of going in and spending a lot of money to buy a beautiful lady and smile.

Not now, and there will be no future.

Fang Xue, Li Feng, Xiao Mingzhu, Jin Liuli, Su Muxin... Wait, every girl around him, Li Yun didn't want to let down, let alone come to this place to play.

Of course, except for Pan Suyi.

His purpose is for her, of course, to have fun... hehe, to save her.

Thinking of this, Li Yun laughed blankly: "I'm not here in vain? If you give me the first card, I've been to Fireworks Willow Lane, right? Hey."

With such evil psychology in mind, Li Yun came to the door of a bookstore.

Even in Huifang, there are only a handful of book dwellings. What kind of courtyards are most of them, what halls, etc. The women in the book dwellings do not pick up guests. If they fail to attract people who spend money, the book dwellings are It can't be opened.

"Xiang Ling Book Residence? The name is somewhat elegant."

Looking up, Li Yun stepped in, and soon there was a good-looking maid greeted him with her hands folded on her waist, bending her legs and giving a blessing ceremony, with Wu Nong's soft words, warm Warmly asked: "This son, I wonder if you want to drink and have fun, or listen to gentlemen singing?"

It is indeed the most advanced book apartment, and the courtesy is very thoughtful.

Li Yun suddenly thought of something and asked jokingly: "I want to see Su Yi, maybe arrangements? Don't worry, money is not a problem!"

Money is not a problem, a proper standard villain.

Chapter 2852: Cloth teacher

The maid was not surprised, but said apologetically: "I'm sorry, Mr. Su Yi, she has her birthday today, and she won't accompany the wine anymore. If you want to see Su Yi, you can come back at 7 o'clock in the evening, or in the book room. Take a short nap, what do you think?"

Li Yun was not surprised. The theater itself has the function of staying in guests, and it is not surprising that there are rooms.

It is said that it is a book house, which is actually equivalent to the hotel of later generations, accommodation, eating, listening to music, calling beautiful women to accompany... ahem, this function is retained in the hotel.

It's just that the current era is openly calling, and later generations are beautiful women who are stored in small cards, and they need to make a phone call to come.

"Then stay, open a guest room for me, and get some wine and food by the way." Li Yun commanded generously.

"Good son, please go here."

The maid made a please gesture, which was very close to a modern waitress.

At the same time, she also politely recommended: "My son, Mr. Su Yi can't accompany the wine for the time being. If you need it, there are many gentlemen in our book apartment. They are only slightly worse than Su Yi, you see if there is a need?"

Li Yun shook his head and said solemnly: "I have come across from the future for plain clothes, and other women are not interested!"

The very professional maid finally showed a look of astonishment.

First, I was surprised by Li Yun's infatuation with Mr. Su Yi, and second... She didn't seem to understand the meaning of "crossing". Did she come here through the ocean?

Seeing the short hair on Li Yun's head, the maid nodded her head to express her understanding. She really drank foreign ink. Although she still spoke Huang Xuan's national dialect, she couldn't understand it a little.

However, such an infatuated man, and his appearance is not bad, if he can really hold back in plain clothes, it may not be a good thing for Mr. Su Yi.

The maid knew very well that Mr. Su Yi was unwilling to "go out of the pavilion." For this reason, the master of the Shuyu lost her temper and ordered her to pick a man within three days, otherwise she would be forced to become the eldest son.

In short, everyone in the book apartment who has a good impression of Su Yi hopes that she can find someone who can rely on her for life, rather than just being played by a big man for half a year.

"The son is very infatuated with Mr. Su Yi." The maid replied politely, "I will definitely convey the affection of the son to the husband."

Li Yun got goose bumps.

Although he knew that in the Republic of China, husband can also be used to refer to women, but after a hundred years, husband has become a specific name for men, so the maid's words "convey the affection of the son to the husband" sounded like a base. It's no different!

"My son, what's the matter?" The maid asked strangely. Everyone in the book apartment was called Mr., including their maids who claimed to be in the same place, not concubines.

"No, nothing, it's normal!"

Li Yun followed her for a few steps, and suddenly thought of something, and said aloud: "By the way, there may be a youth gang, or some gang or other people who come to me, you just let them come to me. The room is good!"

The maids and the guards hiding in the dark must keep in mind, it seems that this son is indeed a big man, and

"I will teach them personally!"

Li Yun added another sentence, and all the people in Xiangling Bookstore were surprised to look at him.

Teach the youth gang, and those big people? !

Go crazy!

Chapter 2853: Ten Step Fragrant Dust Raw Socks

"Oh right, let me make another statement:"

While everyone was still very surprised by the last sentence, Li Yun vowed to the sky: "Pan Suyi belongs to me, Li... Li Erye, no one can take it away. Any \*\*\*\* who dares to come and grab Suyi from me? Yes, see if I don't directly beat him so that he doesn't even know him, um, that's it, let's go."

A group of people were dumbfounded here.

This Erye Li, is he really crazy?

Does he know who Mr. Su Yi is being pursued by?

The famous Qing Gang Du Gang leader, on the contrary, is the weakest group of Suyi suitors. In addition to him, there is also an adult in the Yamen of Zhonghai City. He also sent someone to show his favor to Suyi and expressed his willingness. Let her become one of many concubines, completely free from the bitter sea of fireworks and willow alley.

This is the best choice for the sisters who are struggling on the four roads to become a big concubine, not even one of them.

After all, ordinary people can't afford to redeem their lives, and the son-in-law of the big man will not give them the position of the first wife.

Not even if they are "sirs"!

"Go."

Li Yun grinned, showing neat white teeth, and in line with his overbearing declaration just now, the maid who led the way blushed, lowered her head, and led the way in a panic.

The book apartment did not refuse Li Yun's move in. Although the second master Li publicly declared that he would beat the suitor in plain clothes, no one believed that everyone regarded him as a lunatic or a local turtle from the countryside. , In Zhonghai City, an international city with colonists.

As for Xiangling Book House, he was naturally happy to see this Li Erye aroused the enthusiasm of other big figures in Zhonghai City. In the evening, he spent a lot of money in the Book House just to embrace the beauty.

In an elegantly decorated female boudoir, a maid is talking with a graceful, slender, tall and cold woman sitting at the desk.

"Sir, it's probably like this..."

"As soon as the man entered the door, he said: I will personally teach those who want to \*\*\*\* the husband, no matter what the green gang, what the Hongmen, or what Li and Zhang, including the red-haired devils in the concession, all will be defeated, I swear , Will definitely hold it, hold it....."

The maid Cuizi eloquently told what happened in the book apartment, but she couldn't help but stop her mouth when she said the last paragraph.

"Hold it in plain clothes?"

The tall woman spoke indifferently, holding a book in her hand, and her delicate and fair face did not have the slightest emotional fluctuations, it seemed that the discussion was not her own.

Yes, she is the "trick girl" who caused many big figures in Zhonghai City to rob him. Pan Suyi, and even a sour literati wrote a poem for her: Pan Bu's palm is light, ten steps of incense and dust produce Luo socks; concubine; Play the song, Qianqiu Huyu enters the pipa.

"Uh."

The maid Cuizi looked like a dumb firecracker. Looking at Mr. Su Yi's indifferent face, she could clearly see a trace of sadness in her eyes.

"Mr. Suyi."

The maid Cuizi couldn't help but persuade, "That gentleman is really good, he is handsome, and it is said that he is generous, and he came back from overseas only for Mr. Su Yi. If he can really take him away, It's not a beautiful thing."

".....maybe."

After a long silence, Pan Suyi, who hadn't read a word, answered softly.

Chapter 2854: Li Gongzi, it's polite

The maid Cuizi sighed, she knew that Mr. Su Yi was just to comfort her.

Even if the second master Li can take her away, can he really treat a woman from the dust as his wife? What about the opinions of his family? Will Qiang Lei oppose it? Will the future mother-in-law be angry with her?

For the arrogant Pan Suyi, if he can't be called his wife, he would rather stay in the book apartment for the rest of his life.

"gentlemen....."

Cuizi didn't know what to say, but silently accompanied Mr. Su Yi.

I don't know how long it took, Pan Suyi put the unturned book on the table, turned his head and said to her: "Come with me to see the second master Li."

"what?"

Cuizi was surprised, and said quickly: "But the master said that before your birthday party, Mr. Tonight, no man will be seen."

Pan Suyi didn't answer, she put on a dress that was suitable for going out, and looked at Cuizi after a little fanfare in the mirror.

The meaning is clear, she just wants to see Li Erye.

".....Ok."

Cuizi reluctantly agreed. It seems that the infatuated Li Erye still attracted the attention of her husband. Perhaps it is also because he is a rare young man. Maybe he has not married yet, so Mr. Suyi made an exception and wanted to see him. .

After the two went out, someone quickly reported it to the principal.

But Pan Suyi didn't care, and went straight to the guest house where Li Yun was. In a luxurious wing, he saw Li Erye who was drinking and listening to music.

"Ah, Xiao Qian, you are here!"

Xiaoqian?

Pan Suyi, who was about to cross the door, looked a little surprised at the handsome man who was sitting cross-legged on the wide chair and showing a brilliant smile at her, a ripple in her already dead heart inexplicably appeared.

The look in his eyes...like a fire, his eyes were straight at her.

And it wasn't the kind of purely lustful eyes, but...I had known her for a long time, and regarded her as the closest person, not a beautiful woman.

Pan Suyi paused, feeling a little flustered in her heart.

This Erye Li, just a look in her eyes made her feel uneasy. Who is he... on earth?

"Come on, Xiaoqian, come here."

Li Yun greeted her familiarly, and after seeing Xiaoqian, or Pan Suyi's initiative to come to him, he was more confident to easily complete the selection event of this time-space illusion.

Xiao Qian doesn't know him now, but it makes Li Yun more confident.

This matter is settled.

"Li Gongzi, it's polite."

Pan Suyi didn't know how Li Yun arranged her in his heart, and took a few deep breaths to calm down.

After all, she had seen too many dignitaries, and soon she lied into the room, and the maid Cuizi also followed in.

The gentlemen who played the piano and sang in the wing, looked at each other a few times after seeing the Zhuang Yuanyi coming in, and did not leave, but continued to play and sing.

"What's the name of Li Gongzi? How much is it?"

Li Yun smiled, "I still like you to call me son-in-law like you did before."

The difference between Gongzi and Li Gongzi is only one word, but the difference is big.

The word prince seemed extremely intimate, as if calling to his lover affectionately, making several gentlemen blush.

They have never called other men alone as sons. Most of them are sons of xx, adults of xx, chairman of \*\*\*\* hall master and chairman.

In Zhonghai City in 1912, there was already a formal company, and the word chairman has also begun to rise, which is more stylish than any adult.

After all, it is "foreign".

Chapter 2855: Pan Suyi

Pan Suyi's brows wrinkled slightly, and she took a deep look at him: "Young Master Li, don't you think that this name is a bit Meng Lang?"

The maid Cuizi also showed dissatisfaction.

After drinking a glass of wine, Li Yun suddenly asked, "Do you know why I call you Xiaoqian?"

Pan Suyi didn't answer in silence, without a trace of expression on her delicate face. The woman's unique arrogance made the gentlemen who played the piano and sang in the wing admired.

They are not bad in appearance, but they lack the literary arrogance that comes from their bones compared to Su Yi, the kind of "fearless to be broken, you must stay innocent in the world", and the high quality of unyielding and unyielding is something they don't have. I also deeply admire something.

They couldn't fight to the death like Pan Suyi did, and the host's eyes could make them shiver with fright.

But only Pan Suyi was able to straighten the wicker-like waist and face the anger of the lord!

"That's because... I love you."

"!!!"

The sudden confession of Li Erye shocked everyone present.

Including being reticent, his heart has long been calm, like a place of death, Pan Suyi, after hearing someone affectionately confess to her, she couldn't help but shocked and looked at him in disbelief.

"And—I've been in love for a long time!"

Li Yun smiled and raised his glass, "Although I have only met you for less than a year, Xiaoqian, you have to believe me, I like you very much, of course, you also like me."

"Confused?"

Without waiting for her to think about what was going on, Li Yun smiled again and pointed to the seat in front of him: "Xiaoqian, no, now I'll call you plain clothes, sit down, I'll tell you slowly, no one can bother us. ."

Pan Suyi stood for a long time, but finally chose to sit down. The maid Cuizi quickly poured the wine, Pan Suyi held up the wine glass, twisted three slender fingers, bowed to Li Yun, and drank the wine.

"it is good."

Li Yun applauded, and then drank a glass of wine, and said with emotion: "I have known you for so long, this is the first time I have known Xiaoqian...No, you know that Suyi will drink. It seems that next time I want to drink, Must be called Xiaoqian... Look at my broken mouth, always called Xiaoqian, Suyi, Suyi, Suyi! You must be accompanied by me."

"..."

The few people in the house actually didn't know what to say, Pan Suyi's face gradually became weird, this man...why?

The maid Cuizi couldn't help it anymore. Standing behind Mr. Su Yi, she said angrily: "You are so shameless. Do you think that Mr. Su Yi is your concubine. You will come and go as soon as you call him? Drink, you are so beautiful!"

The sound of playing the piano and singing music also stopped, and several gentlemen thought that Li Erye was really absurd, and they had to drink with someone when they met. Looking at the gentleman, it was really rude!

Li Yun laughed, "Okay, okay, I'm wrong again, I apologize."

In a word, the maid Cuizi and others were speechless. It was the first time that these rich people could apologize so cleanly.

Pan Suyi's heart trembled slightly.

Isn't this what she imagined in her dream, where the husband sings and the wife accompanies, and the husband and wife get along as equals?

Husbands can do wrong things. After all, everyone is not a saint and will make mistakes, but if you make a mistake, you must apologize and correct it when you know it. The two of you talk to each other and support each other.

Rather than men relying on their status and wealth, they act as almsgiver in front of their wives and refuse to admit their mistakes.

Chapter 2856: Roll around

"good."

Li Yun looked at Pan Suyi with soft eyes, and continued: "It's also because Suyi is so familiar with me. You don't know Suyi, I used to roll on the grass with you...cough cough cough cough, this, Forget it, don't talk about this."

"What did you say?!"

The maid Cuizi almost screamed out, and several gentlemen holding Pipa 箏篋 also looked at him in shock.

This Erye Li... said he used to roll on the grass with Suyi?

Rolling?

Are you sure it's just rolling Did nothing else? !

No, a man and a woman rolled on the grass and did nothing else. They would not believe it if they were killed.

No one in the world would believe it!

"you you you you!"

Cuizi was so angry that he pointed at Li Yun with his finger, and was speechless for a while.

Li Yun was suddenly interested in Pan Suyi's reaction to this incident, and asked her how she felt when she recovered her memory in the future.

Therefore, Li Yun looked at Pan Suyi with a smile, seeing her pretty face flushed, she had to lower her head and said, "Master Li, your method of chasing women is really eye-opening."

"......Hahaha."

Li Yun laughed, picked up the wine glass and continued drinking, explaining to her: "Whether you believe it or not, I have known you for a long time, otherwise I wouldn't hug you and roll on the grass, right? Oh, by the way, Su Yi."

Li Yun thought of an interesting question, looked at her with interest and asked: "You are not Nie Xiaoqian now, but Pan Suyi. Then you say, if you roll on the grass with a man in the future, you will What kind of mood is it?"

Using Nie Xiaoqian as Pan Suyi's later identity, into Pan Suyi, who knows nothing about it now, this feeling is really unstoppable.

There is a sense of excitement of playing with a good woman.

The key is that this good woman still belongs to her own family. How can people not be curious if she feels this way? not interested? Want to molest her more?

"Shameless!"

Cuizi popped out two words from her clenched teeth, and pulled Mr. Suyi to leave here: "Mr. Suyi, don't chat with this guy, he is... he is simply a shameless villain. I am in Xiangling Books. I have never seen such a shameless person!"

Several female gentlemen also glared at him.

Pan Suyi did not leave, but was silent.

Li Yun smiled and drank without urging or saying anything, waiting for Pan Suyi to digest these amazing information silently.

After a long time, Pan Suyi gently shook her head, and drove her blue silk hair to follow along: "Su Yi doesn't know, but if so-and-so Suyi in Li Gongzi's mouth would really be lying on the grass with a man... Looking at the scenery, she must be very happy."

She was ashamed to talk about rolling on the grass, which was completely impossible in Pan Suyi's view. Even if she really loved a man, she would at best lie on the grass with him and watch the scenery.

This is one of the most romantic things Pan Suyi thought of.

"So-and-so Suyi? Hahaha." Li Yun laughed, "If that Suyi had the surname Pan, a native of Longxi, he had no father and no mother since he was a child, and grew up with his aunt, because his family was poor and because his aunt was sick, So take the initiative to join the brothel, what about plain clothes from this background?"

Pan Suyi shook his whole body and looked at Li Yun in disbelief.

She had never told anyone about these things.

Even though the maid Cuizi, who is closest to her and has been with her for nearly five years, she has never revealed her background.

Chapter 2857: What a big tone

The reason is simple. On the surface, Xiangling Bookstore is a showy and elegant bookstore, but in fact it is still a brothel. She has signed a contract for sale and will have to pay off her debt to Xiangling Bookstore for the rest of her life.

And Pan Suyi is extremely disgusted with the behavior of selling oneself, so he refuses to obey the command of the lord. If the lord knows her origin, the powerful lord will inevitably threaten her with her relatives and force her to choose a benefactor.

But this second master Li knows all the secrets she hides deep in her heart.

Who is he?

Will he tell Xiangling Bookstore?

he.....

"do not worry."

Li Yun saw the panic in Xiaoqian's heart, smiled and comforted: "With me, no one can bully you or force you to do things you don't like. Don't worry, even if the host comes, I can protect you too!"

"What a big tone!"

Accompanied by a sharp and mean woman's anger, seven or eight thugs holding clubs filed in, occupying the inside and outside of the wing.

Afterwards, a half-looking \*\*\*\* with sharp eyes revealing anger came in, looking around the room with indifferent eyes for a week.

"Court, Master!"

The maid Cuizi couldn't hold it at first, and she was so frightened that she knelt on the ground.

Several female gentlemen also put down their musical instruments and stood aside with their heads down.

Only Li Yun and Pan Suyi, who wore a long skirt, sat in their seats.

"Unexpectedly, the Qing Dynasty has been perished for a few months, and there are still people who kneel down at every turn." Li Yun took a faint sip of wine and looked at the half-old mistress,

"It seems that you are in Xiangling Book Residence. This woman wants to restore and become Wu Zetian again."

"you!"

The half-aged \*\*\*\*\* was so angry that her chest was up and down, and the people around her trembled with fright.

To open a book apartment in the bustling and lively SiMa Road, which is close to the concession, does not know how much energy is behind it. Even if the host of the Qing gang's Du Bang came, he still had to give the courtyard owner Zhao Auntie a bit of face.

This Erye Li...why?

The arrogant and domineering approach shook the aunt Zhao Auntie, the master of Xiangling Shuyu, who was coming over. She suppressed the anger in her heart, looked up and down Li Yun suspiciously, and asked, "I don't know where this young man comes from? "

"From everywhere." Li Yun replied quickly.

Auntie Zhao almost couldn't hold it down, and asked, "What do you want to do when you come to Xiangling Bookstore?"

"Do what you want to do!"

"you!"

Before Aunt Zhao ran away, Li Yun pointed at Pan Suyi and said, "I will let you know, I want her."

Pan Suyidai's eyebrows tightened.

I was a little bit shy, but more worried about Li Erye.

"It's a big tone."

Aunt Zhao coldly repeated her first sentence when she entered the door, "Do you know how much we have Mr. Su Yi..."

"I do not care."

Li Yun waved his hand, "Pan Suyi, I must take away. As many people spy on her, I will hit as many people as possible. If you come for ten, I will hit ten. If you come for a hundred, I will hit a hundred. Those big people are convinced so far!"

Needles dropped inside the house can be heard.

They guessed wrong, this master is not arrogant, but lunatic.

Except for lunatics, no one would say such things.

Pan Suyi's heart slowly rises in a soft emotion that she hasn't experienced for a long time, so that the look in her eyes towards Li Yun is soft.

This was the look in the eyes of the maid Cuizi that she had never seen before.

"Do you know what you are talking about?"

Aunt Zhao asked coldly, and the thugs all around began to stare at him. As long as they gave an order, they would immediately let this kid know who owns Zhonghai City!

Chapter 2858: I send you

Li Yun smiled, "Actually, I don't want to do it, because plain clothes have lived here for many years after all. They wear good clothes and drink well. Although I have suffered a bit of grievance, they are still my natal family, right? So this...aunt, If you don't want to see your person lying on the ground, advise you not to act rashly. I can be mad, and naturally there is reason for my madness."

Everyone was speechless, this guy said everything he could say, either there was really a madman, or a real madman.

In fact, the two are almost the same.

Aunt Zhao suddenly thought of something: "Are you from the Jianghu school?"

"Oh? You also know which martial arts school."

Li Yun smiled faintly, stretched out his hand to lift the glass and drank it, then held the glass in his palm and squeezed it gently.

The whole fine porcelain cup was squeezed into powder, and it fell from the palm of this second master Li, and it was as beautiful as snowflakes.

At least in Pan Suyi's eyes, these powders were so beautiful that her heart was excited like never before.

A group of thugs were so frightened that they stepped back and looked at Li Yun with horror.

This alone is enough to prove that he has the ability to hit the entire Xiangling Bookstore!

"He is Huang Feihong from East Guangdong!"

"Yes, the master, he is a Lianjiazi, and he is a very powerful Lianjiazi."

The thugs were frightened and frightened. Aunt Zhao's face was ugly, and she said solemnly: "Master, do you really want to blend in? Today is different. Perhaps you are not afraid of swords, but the spears and cannons of foreigners can be used in any martial arts. Can't stop it, you have to think clearly!"

Li Yun said back to her: "I've already said that if you don't believe me, just watch it. Don't worry, until I convince everyone, otherwise I won't take the plain clothes away!"

Everyone was speechless, you look at me, I look at you, and finally you can only leave.

But before leaving, Auntie Zhao gave Pan Suyi a warning with her eyes, telling her not to accompany people to sleep casually, which broke her body.

"Hehe, your mother really doesn't know you at all."

After everyone left, Li Yun smiled and said to Pan Suyi.

"Mother?"

Pan Suyi glanced at Li Yun and shook her head: "We call her the principal, not her mother... but it's almost the same."

She also knew about the old bust girl calling the old bastard her mother.

It's just that the book apartment has a little more decorative facade than the brothel.

But Li Yun broke it down with a single word.

"I'm leaving."

Pan Suyi lowered his head, and his voice was a little different from the high cold before.

She is really not suitable for staying here for long.

Li Yun nodded and stood up and said: "I will send you... well, originally the relationship between you and me didn't need to be sent, but now, you know, hehe."

Pan Suyi still lowered her head, she did not dare to lift up, for fear that the tears in her eyes would be seen by him.

"By the way, plain clothes."

"Young Master Li, what's the matter?"

"sorry."

In Pan Suyi's surprised eyes, Li Yun smiled and said, "The method just now is a bit rude, because the time is a little short, so I must leave a deep impression in your heart, I hope you don't blame it."

Blame?

How could I blame you for being able to do this for me? I was just a...trick girl, but it was so ridiculous.

After taking a deep look at Li Yun, Pan Suyi left here and went back to prepare for the pavilion gift in the evening.

Originally, she was already ashamed of what was going on tonight, but because of Li Yun, she ignited a glimmer of hope.

Chapter 2859: Out of the cabinet

At seven o'clock in the evening, Mr. Xiangling Shuyu Suyi's pavilion ceremony began.

From six o'clock, this large book apartment began to be full of voices, newspaper reporters, powerful children, businessmen, military officers, widows and children, gang chiefs, overseas students, and even blonde foreigners. There are many devils.

In this semi-colonial, semi-feudal, international metropolis, there is never a time when more types of characters can be found in one place than today.

Not surprisingly, the blonde foreigners became the focus of everyone present. Although these devils were also despised by many patriots, there were also many people cheeky by their side, trying to please.

In a spacious hall, Li Yun was sitting on the second floor near the railing and drinking alone. People around came and went, but no one dared to sit at the same table with him.

There were a lot of comments, mentioning his origins and offending the Qinggang, plus the fact that he wanted to win Pan Suyi.

Li Yunhun didn't care, he couldn't get his mobile phone out now, so he could only drink slowly and boredly.

Finally, under the guidance of Aunt Zhao herself, a big figure of the night appeared.

A foreigner with a high nose, wearing a gentleman's clothing and holding a gentleman's cane walked in slowly.

Many people exclaimed:

"It's Smith!"

"Mr. Smith, nice to meet you."

"It turns out that the rumors are true. The Kingdom of Britain is really behind Xiangling Bookstore. No wonder it hasn't happened for so long."

"Nothing happened? Didn't something happen tonight? Look at the guy on the second floor, hehe, there's a good show to watch!"

"You don't really think that a martial artist can fight against these devils, do you? Besides, he can deal with devils, and two devils are not easy to deal with."

Erguizi refers to traitors, such as the Qinggang and Aunt Zhao.

The two devils are often more ruthless than the devils, because they are more handy in killing their former compatriots.

With Smith's arrival, the three-story banquet hall became more and more heated, and there were more and more people around Li Yun, but still no one dared to come.

Until a gentle middle-aged man's voice sounded:

"This gentleman, I wonder if I will have the honor to meet you next time?"

Li Yun glanced at him squinting, and said leisurely: "If you are my enemy, just let go. If you are not, stay away from me, lest you get burnt."

The visitor, and the people around him were shocked, it was the first time they saw such an arrogant person.

"Next, Du Yuerong!"

The middle-aged man in a long shirt didn't care, he reported his name happily. After a while, everyone in the banquet hall on the second floor looked at him in unison.

The scene actually got colder, and was suppressed by the middle-aged man's words.

"Du Yuerong?"

Li Yun pondered for a while and smiled: "Which green onion is Du Yuerong? I haven't heard that 80% of it is a villain who betrays the country and seeks glory, even if I don't know it."

The people on the second floor became more cautious.

Those who knew what Li Erye had done all anticipated that something would happen tonight, but they did not expect that this Li Erye would not even give a bit of face to the leader of Du, and pointed his nose to him. Traitor and seek glory.

If this doesn't fight, God can't stand it!

But God, you really can see it like this.

Chapter 2860: Du Yuerong

"Hehe, Mr. Li is a great talent, who has studied, has new ideas, new wisdom, and new methods. He is naturally different from us villains."

Du Yuerong was not annoyed, but sat down cheerfully, and the two old men who had brought him behind stood apart and looked at Li Yun alertly.

"do not."

Li Yun waved his hand, "Don't \*\*\*\*\* call me husband, it reminds me of those poor women in Xiangling Book Apartment."

Du Yuerong showed a gentle smile, "This is nothing we can do. In this changing era, everyone has to make their own choices. In order to survive, you have to wrong yourself. Li Ye, don't you think?"

It is the first time for Li Yun to use his eyes to look at this \*\*\*\*\* man who appeared in history books, or it is more appropriate to call Xiaoxiong. Although Du Yuerong has not formed any warlord party, his power has affected all aspects. On this piece of land in Zhonghai City, it is not too much to say that it is a hero.

And now this hero uses the experience of the woman in Xiangling's book apartment to reflect his current situation and choices.

More generally speaking, people cannot help themselves in the arena.

Li Yun couldn't help but smile, "Heroes come out of troubled times, and heroes come out of traitors. Du Yuerong, you have both."

"Honored."

Du Yuerong bowed slightly, "I can be called a traitor by a strange man like Li Ye, how can I Du Yuerong?"

"hehe."

Li Yun turned his head indifferently, looking at a group of people downstairs from the Republic of China in bright clothes. The so-called Republic of China style is vividly interpreted in this Xiangling book apartment, far from what later generations of film and television works can show.

Including Du Yuerong.

The demeanor and forbearance of this black Dao boss is far beyond the illusion that can be simulated.

Now Li Yun can be sure that the space-time illusion is an illusion comparable to the real world. Everyone here has flesh and blood, and Li Yun can't even tell the difference between them and real people.

But it's just that, it's more fun to play, isn't it?

"Master Li, can I introduce you to the people present?"

Du Yuerong asked calmly.

He was watching this weird man silently.

To be honest, Du Yuerong's first reaction after learning that his subordinate had been trampled on and broken his leg was that some unseen Jianghu sects in the mainland came to Zhonghai City for the first time and caused trouble.

There are many such things.

After the fall of the Qing Dynasty, many old schools of tradition were greatly shaken, and they began to send some people out to walk around. Many people with good skills came to Zhonghai City and caused some troubles.

But every time there is no need for Du Yuerong to come forward, she will naturally take care of it.

It was only in the afternoon that his disciple came to report urgently, saying that Erye Li had entered the Xiangling Bookstore in a majestic manner, and said to convince all Zhonghai people, including those foreign devils, that Du Yuerong took it seriously.

Even the first-class schools in the arena, such as Qingleigu, Shangguan's family, and Yuwen's family in Beijing, their disciples dare not so arrogantly challenge the famous figures in Zhonghai City.

This kind of person is not a lunatic, or there is a conspiracy brewing secretly.

After seeing Li Erye, Du Yuerong believed it was the latter.

"Need not."

Li Erye waved his hand, "It's all a bunch of wastes of the era. Except for you, Du Yuerong who is somewhat famous in later generations, everyone else is stinky fish and shrimp."

"Smelly fish and shrimp?"

The black road boss sitting across from Li Yun was taken aback by this weird statement, but after seeing the words, he quickly figured out what the so-called stinky fish and shrimp meant.
