

## Godly Choice 2891

Chapter 2891: Secluded marriage

Pan Suyi's tone revealed a strong will to die. Even though she is now a ghost, she still gives people a sense of disappointment in life and just wanting to die in pursuit of relief.

"Su Yi."

Li Yun stepped forward to hold her wrist, Pan Suyi was so frightened, the life and death book in his hand fell to the ground, screaming back and resisting.

The sorrowful female ghost cry echoed around Guimenguan, and it was so harmonious: The Guimenguan should have been very expensive. Pan Suyi's current identity is very suitable for ghost calls.

Li Yun covered his ears, and Pan Suyi's screaming screams stopped after a long time. He hid behind the big pillar of Guimenguan, and poked a head to look at him:

"You, you, you, don't come near me!"

"..."

"Lady!"

"What?" Pan Suyi looked at Li Yun in surprise, "What do you call me?"

"Lady! Wife, madam! Plain clothes."

Li Yun smiled at the corner of his mouth, looking at Pan Suyi who was hiding behind the dark pillars. There was a sense of fun watching the little girl playing hide-and-seek.

This feels so amazing.

Do you dare to believe playing hide-and-seek with a female ghost?

"you!"

A blush appeared on Pan Suyi's pale face, "Don't shout, I am dead innocent, there is no such thing as a man...jun...ah!"

She suddenly thought of something, and suddenly raised her head in surprise: "Could it be that you were the master of the house who found me... the underworld?!"

Hades...

puff.

Li Yun spouted a mouthful of old blood, and Pan Suyi's face turned red, as if he had already determined that Li Yun was her underworld husband.

The so-called dark husband is to get married after death, which is called: dark marriage.

Dark marriage is a marriage after death. The ancients believed that young girls who died without getting married would have no peace in their ghosts and would not go to the underworld to be reincarnated, so they needed to hold another dark marriage for them.

Generally speaking, the two people in a dark marriage did not know each other before their lives. After their death, the two families agreed to bury their bodies together and hold a certain ceremony to become a dark marriage.

It is precisely because of this that Pan Suyi thinks that Li Yun, who called her his wife, is the object of the marriage held for her by the host after her death.

And it is very likely that he is also a rich young man who has just died, otherwise he won't cut his hair, and he wore very good clothes.

"..."

For a while, Pan Suyi was in a complicated mood.

She couldn't choose her husband and son during her lifetime, and she didn't expect that she would still be unable to choose after death. What's worse, she was done. She is now the wife of the other party and cannot change.

".....me."

After thinking about it, Pan Suyi cowered and stood up, not afraid of Li Yun anymore.

In any case, this young man is already her prince, what does it mean to shake her hand?

"come over."

Li Yun said quietly.

As a result, Pan Suyi really walked up to him and was hugged by Li Yun.

"I, I, I... I'm not used to it, this."

Pan Suyi was about to cry.

The Lang Jun who appeared inexplicably hugged her suddenly, and she had no reason to resist. There were only her and..... Lang Jun in the Yin Cao Jifu.

"Okay, Suyi, don't be afraid, I will protect you if you are here!"

Li Yun hugged her, and the two of them had a large area of contact. Although they don't know what ghost body they are now, they still have a reassuring sense of touch.

Even Pan Suyi, who was killed by the gangster, slowly soothed her nervous and flustered heart by this gentle touch and comfort. He hesitated for a long time with both hands, and finally gently hugged her "Langjun".

Although it's just a marriage.

But the man in front of me seems to really like her...

Chapter 2892: Believe

"Suyi, are you quiet?"

Li Yun asked her with a smile. The two separated a little, and looked at each other.

An inexplicable sense of peace once again stabilized Pan Suyi, she blushed and nodded lightly.

"Suyi, I..."

Li Yun wanted to say 10,000 words, but 10,000 words did not have a beginning. In the end, he only said: "I am actually your husband, that is Lang Jun. I and you are already married...we are married, although there is no matchmaker. And the wedding, it's just an engagement."

Pan Suyi blushed, and whispered: "Suyi and Suyi know that you are my prince... It's just too sudden and unacceptable for a while."

Li Yun looked embarrassed.

She hurriedly said: "But the son, Su Yi will try to adapt...After all, we are buried together, and we can never be separated forever."

"..."

Forget it, let's get married.

Li Yun did not entangle this issue anymore. After all, the wedding between him and Pan Suyi was strictly speaking inferior to the marriage of the dark. The two held the wedding in an illusion, and the ceremony was not formal. More importantly, Pan Suyi at the time. Yi has no memory of Nie Xiaoqian, and may not even have a soul...

In short, it's like that. Let's get married.

"Su Yi."

".....Um."

Pan Suyi responded in a panic, with his head buried in his chest, afraid to look at him.

Li Yun couldn't laugh or cry, holding her face, asked her to look up at herself, and then let her look around.

Only then did Pan Suyi realized that the surrounding dark world was so terrifying.

"Suyi, do you know where this is?"

"... Yin Cao Jifu? Didn't you just say it? But it's weird, why are you just two ghosts, me and... Young Master?"

She quickly accepted the fact that she was a ghost, because she had already remembered how she died.

Li Yun asked her some questions in detail and helped Pan Suyi retrieve some of her previous memories. Knowing that she didn't know what happened to her becoming a ghost, she only remembered that she would rather die than stab her heart with a dagger. Then there is no memory.

"That's it."

Li Yun frowned, thinking about what to do next.

"The son, the son."

Pan Suyi plucked up the courage and asked a little shyly: "Suyi still doesn't know the son's name... It's strange, obviously we have already married, the son knows the name of the slave family, but the slave family doesn't know the son..."

"My name is Li Yun."

Li Yun pinched the face of Pan Suyi, who had not resisted, and said with a smile in the latter's shy expression: "Although you may not remember it, I did know you for a long time, and...I was still alive. Have a wedding? A wedding banquet? Anyway, the relationship is very close."

Pan Suyi looked at him in surprise, and seriously recalled it in his mind, but still could not find the memory of this young man named Li Yun, and she had never married him before her death.

This is a matter of course. She was born in Xiangling Book Residence, and it is impossible for the principal to let her be married to another man.

"do not think too much."

Li Yun took her little hand, regaining some of the previous feelings, and said: "Suyi, you only need to know that your prince I didn't lie to you. Of course, you can also call me husband in Suyi, or directly Called the name."

Pan Suyi couldn't tell the truth from the fake, but in this weird and dark after-death world, Li Yun was the only person she could talk about, and he treated her very well.

So she chooses and believes!

Chapter 2893: life and death

Li Yun asked Pan Suyi to pick up the book of life and death on the ground. Not surprisingly, Pan Suyi had never heard of the myths and legends of the book of life and death. When she knew that the book in her hand recorded the lifespan of all people in the world, it could control the life of the world. When the treasure of his life was scared, his little face was full of panic.

"Of course, the life span of the gods is not in the book of life and death." Li Yun added with a smile.

"what?"

Pan Suyi is still a little silly, her memory is still a while ago, but after opening her eyes, she came to this weird dark world. If it were not for Li Yun's company, she must be very flustered now when she wakes up. , I don't know what to do.

Fortunately, there is someone who cares about her and protects her... Lang Jun is by his side.

Pan Suyi's face blushed, lowered his head and opened the book of life and death, and said in surprise: "My son, there is nothing on it?"

Li Yun leaned over and asked her to look through the book of life and death, but Pan Suyi went through the entire book of life and death and still couldn't find anyone's name on it.

".....Not surprisingly."

Li Yun pondered for a moment, and said, "Modern...well, even in 1912, you haven't heard of any ghost incident, right?"

Pan Suyi shook her head.

"now it's right."

"The gods have disappeared, and the Yin Cao Mansion is naturally unoccupied, and it looks extremely empty. No one's name is written in the book of life and death, and it becomes natural."

Li Yun said confidently, making Pan Suyi look at him with admiration.

Only soon, Pan Suyi exclaimed: "Ah, son, there is a name on it!"

Li Yun: "..."

Isn't this just hitting him in the face alive? !

"Yes, it's my name..."

Pan Suyi's pale face was full of surprise and astonishment, and he raised his head to look at Li Yun, wanting to find an answer.

Li Yun's face was serious, and he looked at his life and death record.

Sure enough, there was an extra line above:

Pan Suyi was born on July 14, 1894 and died on July 14, 1912.

Otherwise, there is nothing.

There is no record of Pan Suyi's good and evil actions during her lifetime, nor her past and present lives, but a simple record of birth and death.

This is a super simple book of life and death.

".....hiss."

Li Yun touched his chin, and then began to think about what the inside meant?

First, suppose that the illusion given by the system completely restores the original scene of Pan Suyi being sealed by the beautiful woman. At that time, Pan Suyi entered this dark world, came to the ghost gate, and saw himself in the book of life and death. name.

All this is exactly the same as before.

Of course, Li Yun did not exist at that time, and Pan Suyi was the only one here.

Or rather, a ghost.

Alone...

Li Yun vaguely guessed the intention of the system, looked at Pan Suyi, and asked: "Suyi, if I disappear suddenly and leave you here alone, what will you do?"

Pan Suyi's eyes widened, he subconsciously looked at the dark world around him, and asked nervously, "My son, where are you going?! Can you take Suyi with you?"

In such a weird and eerie world, is she alone?

In that case, she might go crazy with fear, squatting helplessly on the ground, waiting for something inexplicable and terrifying to come.

Because she seems to be unable to commit suicide now.

"The son."

Pan Suyi's anxious tears all fell. She, who had evaded Li Yun before, now clutched his clothes tightly and stared at him with tearful eyes: "My son, don't leave, okay? Suyi and Suyi are willing to do everything. Do."

Chapter 2894: Reincarnation

Pan Suyi is a little bit shy, but since she is married to the son, she still knows what should happen.

It's just that she and the son are ghosts now, can and can do that?

"Su Yi..."

Li Yun hugged her distressedly, with mixed feelings in his heart.

This kind of ghost place, staying alone here will really go crazy.

But Pan Suyi was really here alone and spent a relatively long time. At that time, she could imagine how lonely and scared she was. No wonder the system specially created this illusion and asked Li Yun to accompany her.

Although it is an illusory time and space, it can also warm people's hearts.

"My son, Su Yi doesn't want to leave you."

Pan Suyi expressed her inner desire, not only because in this weird dark world, Li Yun is her only support.

More importantly, she can feel emotions that she has never experienced before from Li Yun. This feeling of being tolerated, spoiled, protected, and loved by others is what Pan Suyi has always pursued. thing.

Fate gave her a joke, what she had always wanted in her lifetime, but gave her after she died.

She did not approve of the vulgar custom of marriage marriage, but thanked Li Yun for coming to her.

"Well, the son doesn't want to leave Suyi either!"

Li Yun comforted her with some nasty love words. After Suyi calmed down, Li Yun said to her: "Actually, what I said just now was a hypothesis. If I leave, what will Suyi do by yourself?"

Pan Suyi hugged Li Yun by the man's waist and looked up at him. After a while, he said in an almost coquettish tone: "Su Yi doesn't want to make this assumption. Now the son is Su Yi's only support, Su Yi I don't want to leave the son at all."

Three paragraphs and two sons, one can imagine how important Li Yun is in her heart now.

To be honest, if Li Yun stayed alone in this empty and dark world, he wouldn't be able to stand it for long and he would go crazy, believing that no human being could bear this kind of loneliness.

Perhaps even the fairy could not bear to be alone in the chaotic darkness.

When Pangu opened the sky, there were still three thousand demon gods "accompanying" around. Intelligent creatures naturally had the tendency to want to communicate with people. This ghost world is really torturing people.

"Well, I won't leave Suyi either."

Li Yun hugged her, and the two sat on the ground. After feeling the warmth in his Langjun's arms and his gentle attitude, Pan Suyi became more reluctant to leave him, and fell in love with Li Yun more than ever.

Her whole body was shrunk in her own man's arms, her arms were around his neck, or she looked at Li Yun with sweet and tender eyes, or her little head was leaning on Li Yun's shoulder, or her cheek was against Li Yun. On the chest, there was a soft call of "Young Master" and "Young Master, I really like plain clothes".

Of course, the scene of being bullied by Li Yun and the two kissing intimately is indispensable.

Every time like this, Pan Suyi would forget where she was, whether it was dark or a ghost gate, she didn't care anymore. She just wanted to put her arms around her husband who had only gotten married after she died, to make up for not being able to meet him before her death. Regret.

The two close friends also don't know how long they stayed in front of the ghost gate, three days? Five days?

Even Li Yun lost his concept of time, especially after discovering that even he and Pan Suyi in the form of ghosts could remove their clothes, and the concept of time became even more blurred.

After discovering this, Li Yun was about to move, and Su Yi didn't stop him, just lowered his head shyly, and softly called out "Master, pity the slave."

Chapter 2895: Many days

What kind of experience is it for a weak and beautiful girl ghost, bowing her head tenderly in front of her, waiting shyly?

Li Yun felt that as long as it was a man, or a male ghost, he couldn't resist this kind of bewilderment.

Especially when this kind of chaos is not open, and there is nothing else to do boring, I can't help it.

"Su Yi."

As a result, before the dark and deep ghost gate closed, there was an unending love between humans and ghosts, er, it should be the feat of the two ghosts to create a nation.

For the first time, several hours later, Li Yun hugged the sweetly sleeping plain clothes and thought about life.

It turned out that ghosts also had their first time.

"Cough cough cough!!!"

Li Yun was deeply shocked by his ghosts, Pan Suyi and Nie Xiaoqian, these two people are actually the same person, but Li Yun not only spent the same night with Pan Suyi in human form, but also in ghost state, Pan Suyi who had forgotten what happened before. Before the ghost gate, the affection is added.

That is to say, he took Pan Suyi's two times for the first time.

This is unbelievable.

However, according to Li Yun's own theoretical view, that level of things is not important, what is important is the experience of that matter. Pan Suyi forgot about the previous events. In Li Yun's opinion, she is the first time, Lian Huan. Okay. The reaction was exactly the same as the first time. Can you say it was not the first time?

Then, the place where this happened was also a ghost.

It was at Guimen Pass, a place that almost everyone in Huang Xuan country knew, at the entrance of the legendary mansion, this happened between him and Pan Suyi.

It's ridiculously terrible!

"...Don't blame me."

Li Yun sighed contentedly, "There is nothing in this horrible place, the life and death book and the hair have no effect. Except for this mess of men and women, there is nothing else fun. Do you want to play a backgammon?"

Regardless of the confused thoughts in his mind, Li Yun slept with Pan Suyi in his arms.

In addition to sleep rest or sleep rest.

Li Yun didn't know how long it had been. Anyway, there was no concept of time, and there was no need to eat. In addition to work, they still worked, but they also found it ridiculous. Pan Suyi suggested walking around and looking for it. Is there a way to leave.

As a result, Li Yun didn't bother to leave her, so he wandered around together.

It's strange to say that no matter how you walk through this ghost gate, you can always see it as soon as you look back.

After several times, Pan Suyi finally confirmed that there was nothing in this dark world, and gave up looking for it again.

In fact, the main reason is that she can't stand it, because as we all know, when a person walks, her legs are raised and lowered one by one, and Pan Suyi hanging on it has to resonate with it.

It was very hard anyway, she couldn't do this anymore, although Li Yun joked that her face was getting more and more ruddy, like a living person, making Pan Suyi blush.

She seems to be the kind of person she looked down on before?

"The son."

On this day, after the end, the two were still tired of each other. Pan Suyi put her chin on Li Yun's shoulder, took a breath, and said, "Tell me about the past, right?"

"Um?"

Li Yun was taken aback, Pan Suyi looked at him softly, and said, "Suyi is not a fool. I probably guessed some things from the past. What the son said more than a dozen days ago is true, right?"

Speaking of "ten days", Pan Suyi blushed again.

After all, she and the son-in-law have hardly left these days, and they haven't left in various senses. After all, the two are trapped here and there is no way to escape.

Chapter 2896: Back again

In other words, the two of them have been together for more than ten days and have never been separated.

This is completely unimaginable for the girl who hadn't been out of the cabinet ten days ago.

But now Pan Suyi feels so taken for granted. What she is holding is that the man is her prince, and she will support no matter what the prince wants to do.

It's just that... Recently, the son of the son has a vaguely melancholy. Pan Suyi, who has been trained since childhood and is very sensitive to men's emotional changes, can naturally see it.

"..."

After hesitating, Li Yun stopped hiding and told Pan Suyi everything.

From the 21st century, to 1912, and then to things after entering the illusion.

Pan Suyi wanted to listen carefully, but a few times in the middle of the journey, the son wanted to do something else, so she could only stay with her.

It was supposed to be finished within an hour, and the two of them just spent six or seven times.

"So it's like this..."

Pan Suyi shrank into the young man's arms and muttered to himself: "So I knew him for a long time, so when he first met me, he called Suyi a lady. That's how it turned out..."

"Su...Yi?" Li Yun asked worriedly. She must be confused in this situation.

"My son, I'm fine."

Pan Suyi sat up, frowned and adapted. His movements were a bit laborious, and he took a breath before earnestly saying: "My son, I will get along well with the sisters!"

"..." What is this guy thinking?

Li Yun couldn't laugh or cry, throwing her up, Pan Suyi screamed in protest: "Suyi is serious, son!"

Then, she really said her thoughts seriously, what to be a concubine, to serve an eldest woman, to be a husband and to teach her children, to...

She knew what the concubine should do anyway.

Li Yun had no choice but to continue to punish her.

The two had been fooling around for a long time before Pan Suyi finally changed his mind and said that he wanted to get along with his sisters and everyone was equal.

"The son."

Pan Suyi stood up and looked at Li Yun lying on the ground softly, showing a beautiful smile: "Suyi probably knows how to get out of here."

"Um?"

"Suyi...do one thing."

She put on the big red dress scattered on the ground, her beautiful figure was once again hidden in her clothes. Li Yun watched her walk to the book of life and death with her bare feet, kneeled respectfully, and folded her hands together in worship. A bow.

"Pan Suyi, the lady of the people, is willing to agree to your terms, an adult."

Li Yun became more and more surprised.

When did the book of life and death communicate with her? The two--or rather, what deal did Pan Suyi and Life and Death Book make? !

Li Yun jumped up and came to the book of life and death.

After more than ten days of joy. Okay, Pan Suyi with a strong spring in the corner of his eyebrows, wearing a red dress, still kneeling in front of the life and death book, respectfully waiting.

The book of life and death slowly floated up, the pages of the book turned to the middle, and it still recorded Pan Suyi's birth date and death date.

At the same time, another line of words appeared:

"Pan Suyi, are you willing to endure the pain of a hundred years of inextricability in order to realize your desire?"

"willing."

His voice is hoarse and lonely, full of loss and pessimism, which is completely different from the soft and shy Wu Nong who has been for more than ten days.

Li Yun looked at Pan Suyi and saw that the spring between her eyebrows disappeared, and her ruddy face returned to its original paleness, full of deep pessimism and despair.

Li Yun was silent. He knew that this was what the real Pan Suyi was like when he promised to live and die. At that time, there was indeed no him by her side.

Chapter 2897: Life and death book

Pan Suyi exuding a cold breath, knocked her head at the book of life and death floating in the air, and said hoarsely: "Pan Suyi, a citizen girl, is willing to withstand the seal of a hundred years, and only hopes to realize her wish before her death and find a willingness. The person who loves me, I also love.

This is something I have never experienced in my entire life, and it is an obsession in my heart that cannot be forgotten. "

Li Yun's face was full of shocked expressions.

Pan Suyi took the initiative to enter the red umbrella and reappear in the world? !

"Pan Suyi."

The handwriting reappeared on the book of life and death. I don't know where the characters are hiding, manipulating the book of life and death, and slowly wrote: "From now on, you will re-enter the world, looking for people who are destined, and you will forget what you lived before All things, when you find someone who really likes you, you will regain your memory when you fall in love with him.

But at that time, you will also have to return here, reincarnate again, or disappear in ashes.

Are these, willing? "

Pan Suyi was silent.

It is undoubtedly an extremely cruel thing to forget the memories of her lifetime, and to break up alive when she falls in love with the person she likes.

However, she didn't even know what it was like to fall in love. She was controlled by the master all her life until she died.

"I do."

Pan Suyi worshipped again, with a relief on his pale face, and said softly: "Even so, I would like to re-enter the world, just to seek someone who truly loves me, please...Allow Suyi to be selfish one time."

Two people who love each other are forced to leave, which is also a kind of torture for the man, so Pan Suyi said please allow her to be selfish once.

"Okay, as you wish."

A woman's faint voice came from the book of life and death, echoing around the ghost gate, Li Yun's spirits lifted, woman? !

Unfortunately, this woman only reacted to Pan Suyi. After all, this was simulated by the system, and there was no him in the scene at the time.

A red oil-paper umbrella floated up, through the darkness, appeared at the ghost gate, and floated to Pan Suyi's side.

Pan Suyi's body gradually faded, turned into smoke and plunged into the red umbrella, and her face also showed a relief-like smile.

But just when she was about to disappear, Pan Suyi's face suddenly changed, turning his head and shouting at Li Yun: "Master, wait for me!!"

After speaking, she disappeared in front of Li Yun.

"..."

Li Yun understood, the last sentence was what Pan Suyi called out, who had recovered his memory.

"Ding, the host completes the selection event: The mystery of Nie Xiaoqian's life experience, reward: experience value + 200 million, all attributes + 100,000, aura value + 1 million, special treasure: the leftover page of the book of life and death \* 1, additional reward: justice value + 1 million, soul condensing pill\*1"

".....hiss!"

Li Yun gasped for a breath. He didn't expect the rewards of this incident to be so rich, and he actually gave a page of life and death books?

Wouldn't it be that whoever he wants to die in the future will die?

Li Yun quickly glanced at the introduction of the remnant leaf of the Life and Death Book.

"The Book of Life and Death (Remnant Page)

Special effect: Judgment of life and death.

Skill: Reincarnation of life and death, ???, ???, ???

Explanation: The supreme treasure in the world of the dead in the legend records the lifespan, reincarnation, and cause and effect of all creatures in the world. "

That's it?

Li Yun was a little disappointed. This thing looked pretty awesome, but because it was a broken page, although it was possible to write a name to determine life and death, the higher the opponent's strength, the heavier the price to pay. The causal person is even more useless.

In summary, it seems to be useful, but in fact it is useless, it seems useless, but sometimes there is a little use.

Typical chicken ribs.

Chapter 2898: Return to reality

But after seeing the book of life and death, Li Yun remembered one thing:

Huangquan guide flags.

This thing is the spoils he seized long ago, and the magic weapon obtained from the six gates during the fog incident on Shiwangfu Street.

In the future, will he gather all the sets of the underground palace, such as the life and death book, the judge's pen, the crying stick, the ecstasy, the Mengpo soup, etc., all together.

"It would be fun if the Yin Cao Jifu was reproduced again."

With such thoughts in his mind, Li Yun's eyes gradually blurred, the ghost gate disappeared, and the real world slowly unfolded before his eyes.

"The son?"

"Brother Li Yun?!"

"Bad Li Yun!?"

"dad?"

The sense of smell, hearing, and touch returned again. Li Yun opened his eyes and saw a beautiful woman who was extremely flowery and jade-like, watching nervously around him.

"The son!"

Seeing him awake, Pan Suyi, no, Nie Xiaoqian threw into his arms with tears and whimpered, shouting with a whimper, "My son, you finally woke up."

Li Yun hugged her subconsciously. After his sanity was clear, he showed an apologetic smile to Gong Qingyu, Su Muxin, and Xiao Mingzhu: "I'm sorry, I worried you."

Presumably when they entered the illusion, they were all in worries and worries.

"You still know." Gong Qingyu breathed a sigh of relief, rolled his eyes, and said, "Can't you discuss it with us before doing something next time? If it wasn't for Mu Xin to hear you talk about it by accident, we don't know. What did you do!"

Li Yun smiled apologetically, "I am not good, not next time."

"And next time?"

"Well, probably, haha, don't pursue it anymore."

"Humph."

Nie Xiaoqian left his embrace, lowered her head and said, "I'm sorry for the older sisters, but Su Yi is not good. The son was always helping Su Yi to retrieve his memories."

"Su Yi?!"

Li Yun had a weird face, stretched out his hands and scratched the Qiong noses of Nie Xiaoqian and Pan Suyi, and smiled: "Who are you now? Pan Suyi? Or Nie Xiaoqian?"

Gong Qingyu and the daughters are very surprised, why does Nie Xiaoqian have the name Pan Suyi again?

"I'm....."

Nie Xiaoqian frowned and looked at Li Yun. She suddenly smiled and said: "The son, the slave family...well, I am the son's Nie Xiaoqian and the son's Pan Suyi. Whoever the son wants to call me, then who am I? ."

"Su Yi?" Li Yun cried tentatively.

"Yeah~"

Pan Suyi's tone was brisk, as if the two were still wandering on the streets of Zhonghai City in the old days.

"Xiao Qian?"

"The son~"

Nie Xiaoqian showed a gentle expression again, still agreeing.

Li Yun was very moved, hugged her in his arms, and kissed her hard to vent his excitement.

"Prince, son~"

Nie Xiaoqian struggled, her pretty face flushed, "Sisters are still watching."

Several of her sisters are jealous.

Su Muxin rushed to Li Yun and hugged him and shook her arm: "Daddy, what happened between you? Why did you have the name Suyi?"

Xiao Mingzhu and Fang Xue also expressed their curiosity and looked at Li Yun together.

"This thing is so long, so long... Let's talk slowly."

...

This chat lasted two hours. Li Yun also took out the mp4 video shot by the system and played it to a few women. The scenery of Zhonghai City in the old era made a group of girls scream.

"Oh, it turns out that Si Ma Road is really so prosperous." Liu Xianxian said with emotion, but this sentence made Nie Xiaoqian a big red face, whispered and said nothing.

Chapter 2899: elder sister

Through Li Yun's illusion, Nie Xiaoqian has remembered most of the things during his lifetime.

But it was a little different from the time before her death. In the illusion of time and space, the memories of the days spent with Li Yun were also mixed with the memories of her life and merged into her mind.

She clearly remembered that she was alone at the time, but believed that Li Yun was by her side at that time.

Very contradictory.

But for Nie Xiaoqian, this is what really happened.

She is willing to believe in her prince, who protected her when she was forced to leave the cabinet, and also willing to believe that in that chaotic and dark world, when she was alone in the face of the darkness, he appeared by her side.

And spent more than ten days of absurd Tang Mi Lan with her.

Both memories are true, and because of another lonely and helpless memory, the memory accompanied by Li Yun becomes more precious.

"Ah, sorry."

Liu Xianxian quickly realized that his words evoked Pan Suyi's memories, and said apologetically.

"It's fine."

Nie Xiaoqian bit her lip and said softly to Liu Xianxian, "Sister Liu, Su Yi knows her indecent birth, but Su Yi... still leaves her innocent body to the son, eh."

I couldn't say anything further, Li Yun covered her: "Xiao Qian, do you want to be punished again?"

Nie Xiaoqian's face turned red.

Liu Xianxian smiled straight along her mouth, then took Nie Xiaoqian's hand, and said intimately: "Okay, Xiaoqian, well, will I call you Xiaoqian or plain clothes in the future?"

All the women looked at her, and they also had this problem.

"It's okay." Pan Suyi + Nie Xiaoqian said seriously: "My real name is Pan Suyi, but I also like the name the son gave me. My sisters can call me Sister Xiaoqian or Sister Suyi. ."

Liu Xianxian was angry, and said, "No wonder Li Yun is going to punish you, sisters and sisters. We don't use that messy set of things. It's good for everyone to live together and live a happy life. There is no big or small difference."

With that said, Liu Xianxian took a special look at Li Yun. That's what he thinks, right?

With the girls and He Meimei around him, he can easily enjoy the feeling of possessing so many beautiful and cute girls, but he doesn't take on the harem asura field. What a shame!

Li Yun raised his hands to express surrender.

Every time he talked about this topic, he spontaneously apologized to the girls around him.

Fang Xue also comforted Nie Xiaoqian and said, "Yes, everyone doesn't have any sisters or sisters. Look at me, I was the first to follow Li Yun, but I don't have the elder sister, hehe~"

"I think you just wanted to point out this, with the intention of occupying the position of the old lady!" Gong Qingyu broke her plan.

"So what?"

Fang Xue crouched on her hips and said proudly: "This week, it's all my elders. Didn't the group say yes? Humph~"

"Do you want to please Sister Fang Xue?" Su Muxin said with a smile.

"Yes, yes, come, sister Chili pours tea for sister."

"Wow, school girl, are you really here?"

The women laughed and quarreled, and soon Pan Suyi put down his guards, showing a beautiful smile on his pale face.

Li Yun shook her hand, and she still felt a little cold as expected, she was still in the body of a female ghost, and the cultivation techniques still couldn't restore her physical body.

"The son..."

"It's okay, Xiao Qian, I'll give you a good thing."

Li Yun smiled and took out a pill:

Condensing soul pill.

## Chapter 2900: Soul Ning Pill

The function of the soul condensing pill is also very simple. Just like its name, it can make the soul of a person stronger and more closely integrated with the physical body.

If this pill is known to those who take away the home, I'm afraid they will take it at all costs, because the person who takes away the home is not his own body, and the spirit and soul will not be fully integrated with it, and there will be a sense of barrier, just like in manipulating a puppet, it can only take a long time to slowly merge into one.

The soul condensing pill can speed up this process, and even deduct the degree of integration. It is conceivable how many people who win the house will need this kind of pill.

For ghosts, Soul Condensation Pill is even more of an elixir.

Just like Nie Xiaoqian now.

"My son, do you want to eat it?"

"Correct."

"OK, all right."

Neither Nie Xiaoqian nor Concubine Wan Qing refused to request Li Yun's request, she was as soft as a little wife, and she obediently took the Soul Concentration Pill.

Then she became a human being.

Of course this is an exaggeration, but Nie Xiaoqian's change is something everyone can see.

Originally, her pale cheeks became rosy, and her icy skin became softer to the touch. In Su Muxin's yelling statement: "Xiaoqian, your skin is so soft and smooth, it's completely the same as ours. Amazing."

Nie Xiaoqian was very excited and kept stroking her cheeks and arms. Then she thought of something, and her heart moved, she changed back to the form of a female ghost, her fingernails became sharp and blood-red, but the teeth did not grow anymore. It's ugly, so the control didn't grow out.

But her eyes were still bright red, crystal clear, gleaming like rubies, so that all the women looked envious.

This kind of coquettish beauty that is different from ordinary people does not have any girl around Li Yun.

"My son~!"

Nie Xiaoqian threw into Li Yun's arms excitedly, and muttered: "I'm a human again. The son can be with me again..."

What are you together? Li Yun and the other women around you know everything, especially Su Muxin. After thinking about it seriously, she suddenly said, "Xiaoqian, no, Su Yi, you said you and dad are at a ghost gate. Stayed for more than ten days, and by then you had already made a kiss. You wouldn't be just sitting there foolishly? Of course something must have happened, right?"

Of course Li Yun didn't say what happened, and Nie Xiaoqian didn't say either.

But he couldn't stand Li Yun's usual personality, so Su Muxin guessed the truth straight away.

"!!!"

Xiao Mingzhu, Fang Xue, Liu Xianxian, Gong Qingyu, and the four daughters all looked at the two with shocked and dumbfounded eyes. Nie Xiaoqian's small face immediately became red, and his head was buried in his chest and did not dare to lift it up.

"What do you do with the female ghost for many days..."

Gong Qingyu looked at Li Yun with a perverted look, but it was not Li Yun who blushed, but Pan Suyi. She herself felt very ashamed.

But she really couldn't help it at that time. At that time, the world around was all dark, and the two of them had nothing to do and could only hug each other for warmth.

Even if I did it again, Pan Suyi would still choose to be with Li Yun for more than ten days.

That period will be the most unforgettable memory of her life.

Even if it was only illusory, she didn't remember the past at the time, but as she said before, the person and emotion she loved were real, then this memory was real.
