

Godly Choice 2901

Chapter 2901: Finished

This incident happened in 1912, or 2020, in the real world, or in an illusion, it doesn't matter to Pan Suyi.

The wish she wanted to achieve has been fulfilled.

"I'm going to write a song." Liu Xianxian glanced at Nie Xiaoqian, stood up, stretched out, and said with a smile: "Li Yun's affairs with Xiaoqian inspired me a lot. Maybe I can write another script. Create a song? Oh, by the way, remember to go to a movie with me next month!"

Liu Xianxian said to Li Yun expectantly.

"Next month? Alright, I'll be there then!"

Li Yun nodded and agreed. This matter has been delayed long enough, and it is time to finish it.

By the way, I was dating Liu Xianxian when I was making the movie, and then...

"Humph."

With a light hum, Liu Xianxian seemed to know what would happen when making a movie, his face blushed, and he acquiesced.

Li Yun's index finger moved.

"Okay, when the painting is finished, let me go first." Gong Qingyu also stood up and glanced at Li Yun: "After school starts, you will visit the teacher with me."

The two of them are going to worship Fan Yongsheng, a big figure in the art world, as a teacher. Qingyu seems really determined to paint, or to be more precise, to develop in comics. Even the experience of so many things has not changed her original intention.

Li Yun actually likes this. Gong Qingyu doesn't think she is arrogant. Sometimes she will compete in front of Fang Xue and Xiao Mingzhu. In fact, she has a simple mind and doesn't want to touch too many things. She always likes to be with Li. Yun, or Aunt Lian hides in the room to watch anime and play games.

Standard dead house girl.

Of course, this dead house girl occasionally becomes a little stubborn because of her talent, always looks down on others, refuses to admit defeat, and is very arrogant.

"it is good."

Li Yun also agreed.

Then there was Xiao Mingzhu. She stood up and smiled, and said, "If you remember correctly, Li Yun, your company is about to launch a product. I will follow up during the three-day holiday to find out. Are you interested in participating? "

Li Yun clutched his temples and rubbed it. The meaning was self-evident. He didn't want to do these commercial things at all. He was annoyed to hear it. Baiyun Technology could make money, but he didn't want to participate in other things:

"Go ahead."

"Me? I'm not your shareholder, so I won't go, I'm just going to help my family."

Xiao Mingzhu was not surprised. This guy would rather sleep in with little pepper or Xia Feiyao than to look at Baiyun Technology.

Obviously now Baiyun Technology has become a well-deserved Big Mac. I don't know how many people are greedy for this huge cake, but Li Yun, the owner of the cake, is lacking in interest in this cake.

"Fang Xue, how about you Xiaojiao?" So Xiao Mingzhu turned his attention to these two people. They are both business women presidents who are interested in developing in this area.

"Me? I can't."

Fang Xue hurriedly waved her hand and spit out her small tongue and said, "I am different from Mingzhu. I am a daughter from a small family. My future wish is to protect Fang's one-acre three-point land. Baiyun Technology... OK. I dare not get involved."

Even Fang Xue, a wealthy daughter, keeps away from Baiyun Technology. One can imagine how powerful Baiyun Technology is now.

"Little Pepper, how about you?"

Xiao Mingzhu looked at Su Muxin again. Originally, the relationship between the two was very ordinary, and Xiao Mingzhu would never call Su Muxin the intimate name of Xiaojiao.

Chapter 2902: Little Pepper's Road to the Future

But now, because of Li Yun, the relationship between the two is a little closer than that of their best friends, and the nickname Xiaojiao can also be called out naturally.

In fact, because of Su Muxin's unhindered words in the fairy dress, from Gong Lianyi to Hu Xiaomeng, everyone called her little chili.

"I...?"

Su Muxin fell into hesitation, her slender eyebrows furrowed tightly, and after she couldn't think of it, she glanced at Li Yun pitifully.

"Why do you see me?"

Li Yun shrugged, "You are the one who makes the decision. It depends on you what path you take in the future. I only hope that you can do something, not eat and wait to die...except for the little princess."

Zhu Shue couldn't help it, she could only be a little lazy who ate and slept.

"I think..."

Su Muxin pointed her delicate and fair face with her slender index finger, hesitatingly said, "I don't seem to be suitable to be the president of Baiyun Technology."

"Give up?" Li Yun asked with a smile on his lips.

Before, Xiaojiao bluntly said that he would be the president of Baiyun Technology, and he also said that he would go for an internship whenever he graduated from college, three years as a director, five years as a vice president, and eight years as a president.

But now only a few months have passed. To be precise, after a ten-day trip with Li Yun on the Ocean Princess cruise ship, her fighting spirit seems to have been wiped out.

"I didn't give up!"

Su Muxin hurriedly defended, "Before me...well, before Mingzhu joined our sister team, of course I was the most suitable president at that time, right Xiaoxue?"

Fang Xue admitted frankly that she was indeed inferior to Su Muxin, and never thought of competing for Li Yun's Baiyun technology. She really just wanted to protect Fang Xue's one-acre three-point land in Longyang County, and the other... Her ability is beyond management.

Especially after she and Xiao Mingzhu have become more and more familiar with Su Muxin, she is more truly aware of the gap between her from Longyang County and these two real wealthy daughters.

The same is true for Su Muxin.

"Then, I'm very honest." Su Muxin said with a smile: "Obviously Mingzhu is more suitable to be a president than me. She is more diligent than me, and more talented than me. Interpersonal, looks, and temperament are all better than me..."

She was discouraged.

Xiao Mingzhu couldn't help but laugh, and said, "How can I be so perfect?"

But Gong Qingyu, Liu Xianxian, and Fang Xue did not speak, indicating that they recognized Su Muxin's words to a certain extent.

Of course, Gong Qingyu just feels that her interpersonal communication is not as good as Xiao Mingzhu, and she is not inferior to her in all other aspects, such as IQ. Gong Qingyu is much better than Xiao Mingzhu.

There are also looks, with bright eyes and white teeth, all over the country and the city, completely crushing Xiao Mingzhu, hum~.

Xiao Mingzhu didn't know that Gong Qingyu compared her with her looks in her heart. She was quite contented in her heart: If there is a battle for the palace, she feels that she is at least one of the most powerful candidates, and it is probably Fanqing. Shengneng compares with her.

Huh? Is the Lord Saint also a "sister"?

"Well, Mingzhu, don't be humble."

Su Muxin took her little hand and said, "I gave you the position of president. I didn't have a choice before. Now of course I choose to give a better candidate. I love my sister very much~, I will be one by myself. Technical director, specializing in black technology~"

Seeing that she had already figured out her future path, everyone said nothing.

Technical director, or CTO, chief technology officer.

Chapter 2903: Gong Qingyu's amazing paintings

Although the CTO is indeed inferior to the president in terms of responsibilities, for a technology company, the position of the CTO is also very important. It is related to whether the technology company can smoothly expand its business and whether it can grow in the future.

Don't you see the famous Norwegian Chiduck mobile phone, because the operating system is too large and complicated, which is surpassed by Android. As a result, the Norwegian Chiduck, which originally dominated the mobile phone industry, has shrunk 87% in market value and lost hundreds of billions in just three years.

When the Norwegian Chicken and Duck recovered, the overlord of the mobile phone industry had been taken over by the fruit company, and the Norwegian Duck was completely reduced to a third-rate manufacturer.

This shows how important a successful product is for technology companies.

"Who said I'm going to be the president of Baiyun Technology?"

Xiao Mingzhu pretended to be dissatisfied: "I didn't promise someone's girlfriend. Isn't someone still pursuing me? Let's talk about it after chasing me."

"what?"

Nie Xiaoqian was surprised, isn't she?

"Hee hee hee."

Su Muxin's daughters snickered, and Liu Xianxian even hugged her, teasing her with a teasing smile: "Okay, Xiao Zhuzhu, don't struggle, please agree as soon as possible."

"No! I'm not as shameless as you are like a fairy bun."

"Wow? I'm shameless? Who keeps kissing her boyfriend... well."

The two green plums began to fight again.

"My painting is finished, and I should go too."

Gong Qingyu stood up lazily. Su Muxin felt curious. She had been painting on her painting for several hours, and finally finished it?

"Let me take a look at me." Su Muxin looked over to see Gong Qingyu's paintings, and yelled: "I have always heard that Qingyu is very good at painting, but I have only heard you in the group. I Haven't seen it with my own eyes..., ah!!!"

Su Muxin screamed, covering both sides of her face with her hands, her eyes full of shock, her blushing mouth also opened.

She saw a painting...that shocked her!

"How about my painting?" Gong Qingyu laughed happily, smiling like a fox who succeeded in a prank, charming and crisp.

how about it? ? !

Su Muxin is stupid, okay!

Xiao Mingzhu and her daughters also came over curiously. As a result, everyone who saw them stayed in place as if they were struck by lightning. They were all dumbfounded, not knowing what to say, and even forgot to be ashamed.

"What is it painted?"

"Dad, father are not allowed to watch!"

Su Muxin panicked to stop it, but Li Yun had already walked over, and his eyes could not help but see Gong Qingyu's work for several hours.

"..."

"..."

Li Yun was shocked, and Xiao Mingzhu's daughters were also shocked. Su Muxin was petrified in place.

Inside the Lotus Immortal Mansion, he was plunged into a mysterious and quiet atmosphere.

Su Muxin's face slowly turned red, getting redder and red, like a cooked shrimp; Nie Xiaoqian turned her head away so embarrassed that she did not dare to look.

Liu Xianxian blinked and lowered her big pure eyes. She didn't want to understand how the action happened inside. She looked at the painting carefully, and then suddenly woke up, "Ah, it's okay there... too?"

Liu Xianxian glanced at the back of Su Muxin and was shocked. It was the first time she had heard of such a thing.

She hadn't been in contact with gays before, but she never knew they were like this, thinking it was just a kiss.

"puff."

The little chili really turned into a red chili, and his face blushed too much.

Chapter 2904: Amazing

In fact, most of Gong Qingyu's paintings are scenery, and it is the scenery in the Lotus Immortal Mansion. It was a painting that she had just sat in the pavilion next to the lotus pond and sketched against the several immortal lotus in the pond.

Anyone who sees this landscape painting will be amazed: the painting is really good.

The style of ink painting makes the misty lotus pond become more dusty, the pond water is faintly misty, and the water surface is dotted with a few buds. The nine-zixian lotus outlined with pastel brushes is light in the pond. The sky is rippling lightly, the sky is blue as washing, everything is so beautiful.

However.

In this ink landscape painting, there are other figures.

A handsome man with a strong body and a shy and weak woman are standing by the lake, both of them are facing the water.

And what they are doing...

As we all know, human cubs cannot control their behavior autonomously from infants to four or five years of age. They need adults to urinate their excrement. Until they are four or five years old, they can be less bed-wetting. Some of them are more developed. Sluggish children may occasionally wet the bed once in junior high school.

And Su Muxin in the picture seems to be a young teenager, acting like a child with Li Yun.

Why is it confirmed that the two are Li Yun and Su Muxin?

The reason is very simple. This morning, Xiao Mingzhu posted the picture of the winding traces on the mirror to the group. It is obvious that Gong Qingyu inspired the idea of painting this painting based on this.

The effect was so powerful that the faceless little pepper was so shy that he buried his head in the ground.

"Hehe, Mu Xin, am I painting well?"

Gong Qingyu chuckles and said: "Would you like to be a model for me? You come to perform live, maybe my imagination can't keep up with your absurd behavior."

Su Muxin covered her face without answering.

Fortunately, the few girls around are all her sisters, otherwise this painting would really shame her.

"OK."

Li Yun said in a serious way: "Why don't you come and experience it yourself? After all, there is a poem that says: You have to feel shallow on paper, and you never know that you have to do it yourself, right?"

".....puff."

Gong Qingyu's beautiful face was so red at this moment that she was so embarrassed, "I, I won't be like you, don't think about it, pervert!"

After speaking, Gong Qingyu took her masterpiece in a panic and pulled Su Muxin out of the fairy house.

Maybe you want to perfect the painting with Su Muxin?

Xiao Mingzhu and several people also left. Soon, only Li Yun and Nie Xiaoqian were left in the fairy house.

"The son..."

Nie Xiaoqian lowered her head and said nothing. She didn't feel it before, but as soon as the sisters left, she felt extremely ashamed, a bit more ashamed than when she saw the shame painting by Sister Gong.

Because the two were alone together, it would inevitably remind her of the ten days when the ghost gate of the dark world was closed.

"My son what?"

Li Yun gently hugged her slender waist, and Nie Xiaoqian's cheek became more blushing, she already knew what would happen next.

Moreover, she has no idea of rejection.

The relationship between the two has reached a deep stage, and these things just happen naturally, there is nothing worthy of contempt or contempt. This is an instinct from the depths of people's hearts.

"Xiao Qian."

Li Yun called her, instead of starting to do things right away, he said some love words to her: "I want to say sorry to you."

Chapter 2905: Change

"Huh?" Nie Xiaoqian was puzzled.

"There are many girls around the son."

"...No, no, Suyi doesn't feel wronged."

Pan Suyi shook his head. Seeing Li Yun's unbelief, he held his face seriously and looked at him with big sparkling eyes: "My son, what Su Yi said is true!

I used to think that I must find a man who only loves me in the future. He has to treat me wholeheartedly before I will be willing to... appear in the cabinet. "

Li Yun smiled and said, "That's why the son said I'm sorry."

"The son waits for me to finish."

Pan Suyi/Nie Xiaoqian blinked, and said playfully, "But after I got in touch with the son, this idea was quickly changed?"

"Oh why?"

"It's very simple. A perfect man like a son, rich, strong, gentle and single, may I ask which woman in the world doesn't like?"

Nie Xiaoqian stared at Li Yun with her big red eyes, her eyes were full of affection, and she said softly: "I know, neither Nie Xiaoqian nor Pan Suyi have the ability to monopolize a man as good as the son, so I can only retreat and get along with the girls around the son."

Li Yun wanted to say something, but Nie Xiaoqian had a small hand with an index finger blocking his mouth. There was a gentle smile in her eyes, and her brows were crooked. Yes, people who abandon their shoes after eating a few times, right?"

Have eaten...

Nie Xiaoqian would speak so boldly, and Li Yun wanted to eat now.

"Whee."

Nie Xiaoqian's face turned blushing slightly, she had the memory of Pan Suyi, they were originally a person, their souls have not changed, but a few memories have melted together, and she has a different feeling from ordinary people.

For example, occasionally she would look at things from the perspective of Pan Suyi, who grew up on the four-way street, and sometimes from the perspective of Nie Xiaoqian, a girl in red, who was spoiled by her son.

The feeling is very novel, but for Pan Suyi, Nie Xiaoqian is what she has been pursuing. She has a life that she likes a man around her. It is her dream and wish engraved on the book of life and death.

For Nie Xiaoqian, Pan Suyi's past is her essence. With Pan Suyi, Nie Xiaoqian can be complete.

"Besides."

Nie Xiaoqian pressed her warm cheeks to Li Yun's chest, and muttered: "My son, you don't have to worry about plain clothes, she is very good, and she can accept the sisters around my son. She is...really happy now. ."

"Really?" Li Yun's body was numb, and the woman she likes told her inner feelings and expressed her love with such sweet words. Which man doesn't like it?

"Yeah~" Nie Xiaoqian said with a smile: "Although I haven't met all the girls around the son, no matter it is Xiaomeng's sister Zhao, Qingyu, Mu Xin, and Fang Xue, they are all very good people. ...Presumably the other sisters are also very good people, right?"

Li Yun was ashamed, but Nie Xiaoqian had also seen most of them. It seemed that except for Shangguan Lingxian, Tang Anxi, Princess Yongning, and an overseas princess Alice, everyone else had seen Nie Xiaoqian.

"really!"

It seems that Li Yun doesn't believe it, Nie Xiaoqian emphasized: "You can invite them to the fairy mansion more, and Xiaoqian will prepare the rooms for them to use. Well, there are other clothes and daily necessities... I have to go to the supermarket to buy something. That's fine."

Chapter 2906: Open your eyes, it's tomorrow

Li Yun laughed loudly, "Did a certain female ghost say that she was afraid of going out and would stay in the fairy mansion forever? It seems that she has a different heart, she deserves a punishment!"

Nie Xiaoqian's Guazi face turned red, bit her lip, and whispered: "Xiaoqian... admit the punishment, please, please, my son, pity."

The words of Pan Suyi's wedding night in the bridal chamber that day were once again spoken in Nie Xiaoqian's mouth.

Li Yun provoked her smooth chin with his fingers. Nie Xiaoqian pursed her blushing lips. After staring at him enthusiastically for a while, she slowly closed her shy red eyes.

"Xiao Qian, open your eyes."

"what?"

"The son likes to look at your shy eyes."

"Woo~~~ The son is too bullying."

In the end, Nie Xiaoqian opened his eyes and tried to keep watching him while intimacy with the son.

Does the son like her female ghost's red eyes?

Well, it's not a female ghost, she has become like a normal girl now.

...

There is no one else in the Lotus Immortal Mansion. Nie Xiaoqian feels that she has recovered the feeling when she was with Li Yun in the Dark World Ghost Gate. It was only her and the son, and both of them were messing around together.

The difference is that the ghost gate is cold and deep, and the two of them dare not leave the only ghost gate too far away.

In the Lotus Fairy Palace, the four seasons are like spring, with grass and stone roads everywhere, almost no place is dirty, you can play and roll around.

Especially on the side of the lotus pond, the grassy grass surrounds the water in a slanted funnel shape. The lotus pond is located at the bottom. The feeling of lying on the grass is very good. Underneath is the warm grass, smelling the grass and The scent of mud mixed, and more importantly, the person who embraces herself is Nie Xiaoqian's favorite, the man who has loved her all her life.

After a long time, it ended.

Nie Xiaoqian was so tired that she didn't even want to move a finger. She began to admire herself when she was at Guimen Pass. At that time, she didn't have a physical body, so she wouldn't get bored, and her fighting power was more than ten times that of now.

Of course, there are current benefits too, at least she can feel Li Yun more clearly.

"The son."

Nie Xiaoqian called him softly.

"Do you like rolling the grass?"

Li Yun teased her with a chuckle.

Nie Xiaoqian's face flushed again.

Of course she knew why the son said that, because in the fantasy world, when she was still Pan Suyi without Nie Xiaoqian's memory, she was shocked by Li Yun's remarks on the lawn, and found it very absurd.

But now looking back, Pan Suyi realized that after falling in love with someone, he would really be willing to roll naively on the grass with him.

Li Yun asked again: "Like it or not?"

"Like, I really like, I really like being with the son, I like whatever I do."

"Do you still want to roll?"

Li Yun hugged her with a smile in his eyes: "This roll is different from the last time, it's a roll in the true sense."

"...Suyi listens to the son." Pan Suyi lowered his head shyly. "The son thought, Xiaoqian will stay with the son."

Li Yun was overwhelmed.

The terrible fire broke out, and the grass next to the lotus fairy pond was burning hot until it ended in the afternoon.

"My son, go out."

Nie Xiaoqian stood up and arranged clothes for Li Yun carefully, and said with some fear: "Sister Liuli and Sister Feiyao are back from Penglai Island, right? Son, you go find them... Xiaoqian is really helpless."

She was so tired that she wanted to rest.

Chapter 2907: the truth

"OK."

Li Yun was quite proud. The skills he got out of the red envelope were really not covered.

"I'm leaving."

"Well, son go slowly."

Standing barefoot on the grass, Nie Xiaoqian didn't care about her current state. She lowered her head and said softly: "If... after you come back, you can't see Xiaoqian, I hope you forgive me."

Li Yun paused and turned to look at Nie Xiaoqian, the woman he had taken the first blood three times.

"The son..."

Li Yun saw crystal tears falling from the sky.

"Xiao Qian didn't want to leave the son, but... the mysterious book, she said that I should leave and return there again."

"Ding, trigger the option event, please choose from the host:

Option 1: Go to find the beautiful woman who sealed Nie Xiaoqian, reward experience value +10 million, all attributes +8000, golden gift bag*1.

Option 2: Be indifferent and wait for things to develop slowly without rewards.

Option 3: Leave cold-blooded and wait for the person in control of the life and death book to take Nie Xiaoqian away. "

When the system prompt sounded, Li Yun quickly guessed one thing: at least now, or in the Lotus Immortal Mansion, Nie Xiaoqian is safe.

"fool."

Li Yun stepped forward to hug the undressed Nie Xiaoqian, wiped her tears, and said, "The son has great magical powers. Since he can create illusions and awaken Suyi's memory, you can see what that mysterious woman did to you. Matter, then even if you are brought into that dark world, Xiaoqian, I will chase you in and rescue Xiaoqian again!"

"The son."

Nie Xiaoqian was so touched that she threw herself into Li Yunqi and hugged her tightly, tears welling out, and she muttered: "With the words of the son, even if Xiaoqian stays in that dark world for another 100 years or a thousand years, she will not I will be scared and will not be lonely...because Su Yi knows that Young Master will definitely come to save me."

Li Yun didn't say anything, just hugged her and used actions to prove his intentions.

a long time.

Nie Xiaoqian pushed Li Yun away, wiped the tears from the corner of her eyes, and said with a smile: "Okay son, Xiaoqian has recovered, you should go find sister Feiyao and others, Xiaoqian will continue to build a house and give it to the sisters in the future. Let's live together... This is Xiao Qian's home."

She has a deep affection for the Lotus Fairy House. This will be the sweet home of the son, her, and those sisters. There is no one else, only one family living here, living together happily forever.

Therefore, Nie Xiaoqian feels it is necessary to make this place more suitable for living, dress the fairy mansion comfortably, and can roll around without feeling dirty.

"it is good."

Li Yun smiled at her, turned and left Xianfu.

He believed that Nie Xiaoqian's mood had improved, and the time to come would be long.

However, one thing must be done.

"System, I choose one."

"Ding, the host made a choice and went to find the beautiful woman who sealed Nie Xiaoqian. The reward is +10 million experience points, all attributes +8000, and golden gift bag*1."

As soon as Li Yun chose an item, the system gave a reward.

Obviously, it was because Li Yun could easily guess who the woman who sealed Nie Xiaoqian was a hundred years ago.

She was the woman who made the twenty-eight star formation of the sun and the moon four hundred years ago, and was called the fairy of nine days by the civil and military officials of the Ming Dynasty and the father of Zhu Shu'e.

Moreover, she is also the master of Fan Qingsheng!

Chapter 2908: meet

In the evening, Li Yun went to Zhonghai Airport.

Compared with a few months ago, there are undoubtedly a lot less people at Zhonghai Airport after the Penglai Island Reiki incident, and the price of air tickets has generally doubled several times.

It's not because there are fewer people sitting to increase the price to maintain the cost, but because the cost per flight has increased.

The reason is also very simple:

A new threat appeared above the earth.

Originally, only a few eagles, wild geese and other birds could fly into the air, and there would be basically no traffic accidents with planes flying at an altitude of 10,000 meters.

However, since the aura of Penglai Island has recovered, the sky has become dangerous to the naked eye. Numerous birds have become huge as if they have eaten the legendary dragon meat. It is said that a group of huge hairless pirate birds have been photographed by satellites. Soaring at an altitude of 20,000 meters, I don't know how these monsters mutated.

Some people even saw some monster birds dig into the dark clouds and dance with the thunder and lightning in the natural world. It seems that they have become horrible monsters that eat thunder and lightning for a living.

Therefore, human rights to airspace are greatly endangered, and airports will naturally become sparsely populated.

Fortunately, the planes manufactured by humans are also very large, and now they can still deter the increasingly rampant harpies.

"Li Yun!"

While he was thinking about it, there was a surprised girl's voice in the distance.

Li Yun turned his head and saw that his vision was instantly occupied by several beautiful scenery lines.

Not far from him, stood four top beauties.

A quirky girl with a small fleshy face and a tender mouth;

A little shy, immature face, like a junior high school student, but quite amazingly developed little beauty;

A tall, gentle and gentle temperament, pure white and holy genius doctor beauty.

And the last one, a cold fairy.

"Little Liuli, Feiyao, Lingxian, Qingsheng."

Li Yun called out their names and greeted his four confidantes.

"Humph!"

There was a cold snort.

"Little Liuli, how have you been recently?"

The first one Li Yun hugged was the little girl, who was petite and exquisite, and was also the most awkward little girl Jin Liuli. When this little girl saw him, her eyes were full of surprises, but when Li Yun walked up to her, little girl But she got up again, with a look of "I didn't want to come back, just to bring Feiyao back to see you, so I came back".

"Humph!" The grunt of dissatisfaction continued.

Jin Liuli struggled hard in Li Yun's arms, but unfortunately, her delicate body was struggling, but her heart had melted. The intensity of the struggle was as if she was acting like a baby, and she softened in Li Yun's arms within a few strokes, her small hands tightly hugged. Live him.

But said in your mouth? "Who, who would think of you, the big pervert... you hug the other's big pervert as soon as you meet, and also, you and Little Pepper sister...mirror, huh!"

"Mirror? What mirror?"

Li Yun pretended not to know, Jin Liuli's little hand, who made his face red, pinched him vigorously, and cursed softly, "I don't admit it yet. The big pervert doesn't admit it. I have seen the photos taken by Mingzhu, on the mirror There is a trace of..."

Jin Liuli was too embarrassed to say anything.

She and Su Muxin, and Xia Feiyao, and Li Yun boarded the Ocean Princess together, and spent a total of nearly ten days of beautiful vacation. During this period, she didn't know how many things happened. Of course she knew what the mirror meant.

"Does Xiao Liuli want to do that too..."

"Humph!!!"

The third humming sounded heavily, interrupting Li Yun's words.

Chapter 2909: reunion

"Oh, who I thought it was."

Li Yun turned his head and suddenly realized: "It turned out to be our little maid Qingzhu, so you are back."

"Ahhhhh, go to hell!"

Qingzhu little maid rushed forward, opened her mouth and bit towards Li Yun's shoulder, in the white little shellfish trap clothes-this guy is a real bite.

"It hurts, it hurts, I was wrong, I shouldn't ignore you."

"Huh, you know it's wrong, right?"

Seeing Li Yun begging for mercy, Qingzhu released her mouth. He didn't expect his next sentence to make her angry again.

"Just open your mouth and bite. Puppy has great teeth."

"Puff." Shangguan Lingxian laughed. Qingzhu felt like a proud little white dog.

"You, you, you are the puppy!"

Fan Qingzhu rushed up and scratched him angrily, while Jin Liuli was still laughing and booing, without the aura of the Fairy Club president at all.

The laughter caused almost everyone in the airport to look over.

Standing together, five distinctive beauties can attract people's attention just by doing nothing. What's more, three of them are still playing and fighting, and the crisp and sweet laughter makes people excited.

Li Yun hurriedly greeted them to get in the car. Of course, neither of the cars belonged to him, but Gong Qingyu sent someone to pick him up. Because of this, Jin Liuli deliberately said that he was a little white face, so she would use Sister Qingyu's.

Li Yun didn't care about it. He has a car. He has bought more than a dozen luxury cars and has a driver in Villa 36 in Huangting Mountain. But tonight, the girls went to stay in Gong Qingyu's mansion and did not return to Huangting Mountain. .

So instead of letting the family driver come, it is better to let Gong Lianyi arrange someone to come.

"Humph."

Jin Liuli stretched out in the car and hummed. When Feiyao was only around, she finally leaned her chin on Li Yun's shoulder: "Hey, badass, have you been to military training recently?"

"Um."

"Have you encountered a ghost that merged with the demon tree? Tell me what it was like at that time!"

"Didn't I tell you?"

"I want to hear you with my own ears~"

Tsundere's golden girl rarely said a spoiled love story, and the soft and delicate voice made Li Yun's bones numb.

Tonight is probably another sleepless night.

Xia Feiyao seemed to realize it too, or to be ready for a long time, and a baby face quickly turned blush.

She is also looking forward to it.

I haven't seen my husband for two months...

—

Happy days are always short.

In the past three days, Li Yun didn't do anything, so he accompanied them to watch movies, date, play, and go shopping.

In the evening, I returned to the mansion to have dinner with Princess Yongning, Li Feng, and the family, watching TV, playing cards, and playing king games.

While sleeping, Li Yun, Jin Liuli and the others relived the scene of the Ocean Princess, and Su Muxin also joined.

Even Fang Xue and Li Feng had a rest together. When they got up the next day, the two women strongly objected. This kind of thing can't happen too much. It's too messy and depraved, and it's easy to lose fighting spirit.

However, Gong Lianyi and Xiao Mingzhu are all waiting for an appropriate time. They know what Li Yun and Jin Liuli have done in the past three nights, but they have not joined in. They just take advantage of Li Yun's absence from time to time. , Got a little affection.

Occasionally, Li Yun would accompany Saint Fan Qing to leave secretly, and the two of them pressed the road together on the streets of Zhonghai City at night. Every time they went back, Qingzhu gave him a blank eye.

After returning to school three days later, the girls also left one after another.

Chapter 2910: Separate again

Shangguan Lingxian went back to Shangguan's house, saying he was going to go home, and then went back to Tiandanmen to retreat to study some medicinal pills with Lingzhi. She has collected a lot of Lingzhi on Penglai Island, enough for a long time. Time is used up.

Xiao Mingzhu and several girls return to school, and Liu Xianxian is going to go to class for a while before going on her star career.

Gong Qingyu was originally dissatisfied, but he also knew that Li Yun was doing business this time, so he could only make an appointment with him and go to her after returning to school.

Jin Liuli and Xia Feiyao are generally bound together. The two decided to return to the rivers and lakes and recruit some people into the Fairy Club—not the Fairy Club itself, but recruit people into

some branches of the Fairy Club because of someone. The relationship between the Fairy Society has completely become a group of closest sisters, and only someone's confidante is allowed to join.

Jin Liuli has also recently developed a new member: Nie Xiaoqian.

She also bought a mobile phone and entered the fairies group.

In addition, the little princess Yongning was also invited by Fang Xue to join the group. Jin Liuli wanted to invite Fanqing Sheng, but after hesitating for a long time, she was still not sure whether the Lord Saint was their sister.

There was a non-staff, Jin Liuli invited her, but she refused, saying that she was not strong enough now.

...

In the morning, send the girls away to class or after leaving.

"Qingsheng, shall we go now?"

Li Yun looked at the Sage Fanqing who had rarely spoken in the past three days, and apologized to her in his heart.

There is one more confidante around him, and he pays less attention to everyone, especially like the situation two days ago. Except for Hu Xiaomeng and Zhao Tianfeng in the capital who did not come back, all the other girls around Li Yun gathered together. Together, although everyone had fun together, but because of this, Li Yun paid less attention to the Sanctuary of Vatican.

But it doesn't mean that he has forgotten her. Others regard the taciturn Saint Vatican as the central point. Everything revolves around her and will never forget her existence.

The month that Saint Fanqing spent on Penglai Island gave her the most special place in the hearts of the girls of the Fairy Society.

"Um."

The lady of the saint is still cold and incomparable, a modern autumn dress has not diminished the sanctity and dusty beauty of her, tapping her head lightly, looking at Li Yun with clarified eyes, and seeing him feel a guilty conscience.

Sage Fanqing, of course, also knows what he and Xia Feiyao have done in the past three days.

Looking at her with clear and clear eyes, Li Yun became more ashamed, and could only wait to chat with her after getting on the plane.

When I got into the car and went to the airport, Fan Qingsheng got in behind the car. Li Yun wanted to go to take the co-pilot's seat, but was pushed by Qingzhu. She rushed to get the co-pilot first.

Li Yun left the position beside Fan Qingsheng.

"Little Qingzhu?"

Li Yun was very surprised. This girl usually protects her saintess just like a puppy dog protects food. No one is allowed to bully her saintess, but now she voluntarily gives up the position to Li Yun?

"Humph!"

The little Qingzhu maid sitting in the passenger seat gave a haughty cold snort, glanced at Lord Saint, and stopped talking several times. In the end, she didn't say anything, she just hugged her hands in front of her chest and looked sullen.

Of course she is depressed, and the lady is taciturn, but even so, she can see that the lady is very concerned about the bad guy, even...

The evidence is that the Lady Saint does not exclude participating in the evening chat and TV watching activities between Li Yun and his confidantes.
