

Godly Choice 2951

Chapter 2951: Mood and lifespan

Her master is indifferent and mysterious outside, and shows no pretense to outsiders, but in fact, when she returns to her house and is alone with her, her master will show a rogue side, not only does not look like an elder, but also loves to play with love. Noisy.

For example, in her inner house, Saint Fanqing took a casual look and saw the messy game controllers and cassettes, and knew that Master must have played late into the night last night.

No one believes this. The master who has lived for hundreds of years, on the contrary, likes to play games more than the average little girl. Her master can always maintain a young mentality. Fan Qingsheng even suspects that it is because of this that her master can keep it. young.

Mood affects people's lifespan.

This is an incredible thing to outsiders, but the Sage Fan Qing learned it from the master a long time ago.

Fan Linglong once told her about longevity: if a person becomes depressed, unloved, and not interested in everything in the world after a hundred years of life, then he will die soon, even if he The same is true of Returning Void Realm.

At first, the Sage Fan Qing did not believe it.

But then she observed carefully and found that one of the eldest Valley Masters in the Valley also maintained a vigorous curiosity at all times, and was interested in everything outside. Only then did she slowly believe what the master said.

But Fan Qingsheng did not follow blindly, she just kept herself calm, curious about everything, but also maintained a calm attitude.

Although she did not know how the effect was, after she met Li Yun, she felt that it didn't matter. As long as Li Yun was by her side, she could always maintain her current state of mind, with Li Yun and the women around him. The children live a long, long time.

"Master."

After his thoughts converged, Sage Fan Qing gently hugged Master's willow waist, leaned his head on her shoulder, and whispered: "Sage Qing misses you."

"Hee hee, Master misses baby too~"

Fan Linglong was extremely happy. After kissing her apprentice's beautiful face several times, she hugged her slender waist happily, and the two masters and apprentices sat on a chair.

Sage Fanqing is naturally sitting on her master's lap, while Zhenshou is leaning on her master's shoulder.

It's the same as when I was young.

If the two of them are intimate, if they are seen by Li Yun, they will have a nosebleed.

Watching two beauties post posts is a big hobby of Li Yun, especially when the two beauties are still related to him.

"Disciple, please tell me, what have you done during this period of time when you went out?"

Fan Linglong's mature and beautiful face showed a fierce expression, and she pinched her apprentice's face: "I found a grandfather who didn't say a word. The master hasn't agreed yet, and he hasn't even seen his face, baby. I actually fell like this...ooooo~"

Fan Qingsheng patiently waited for her to finish crying, and then slowly said: "Master, I don't need your consent to find a boyfriend."

"Uuuuuuuuuuuuuuuuuuu~"

Fan Linglong "crying" even louder, some disciples have a husband and forget their master, some babies have a boyfriend and forget their mother, crying very sadly, if there is no barrier blocking the voice, Li Yun outside He Qingzhu must have heard it.

It is a pity that no matter how loud she cried, Fan Qingsheng would not comfort people. He just wiped her master's cheek and raised her finger to take a look:

No tears at all.

"Bad boy!"

Chapter 2952: Won't break up

Fan Linglong bulged and said with faint resentment: "Master, it doesn't matter who you marry now. After all, baby, you are born with Eucharist and can discern all lies. The person you find must be a man who loves you very much. What Master worries about is what this man's character is. He may be sincere now, but it may not be the case in the future. You must see this clearly!

Don't indulge too much, lest you get hurt when you break up in the future. "

"I won't break up." Fan Qingsheng replied.

"what?"

"Won't break up."

Fan Qingsheng repeated it earnestly: "I have a very good relationship with Li Yun. He will not break up, and he will not want me. He loves me very much. I believe in his personality and his feelings for me. It will not change in ten thousand years!"

Fan Linglong was stunned.

Her disciples rarely spoke such long talks, let alone speak in such a firm tone as they are today.

What kind of magic power does that Li Yun have to make Qing Sheng so addicted?

Fan Linglong doesn't think she likes a man who is good to her because of her lack of affection. In fact, there are hundreds of unmarried men in the Hidden Sacred Valley, and 100 of them have a

good impression of Fan Qingsheng. , Every time Qing Sheng appeared, these men would come up to ask for warmth.

But every time, her disciples were deserted and rejected some kindness.

Therefore, her disciple and Li Yun liked each other, and it was by no means simply that Li Yun treated her well.

"Baby~~"

Fan Linglong squeezed Fan Qingsheng's face like punishment, and said dissatisfied: "Before your master, I deliberately acted as an expert. You didn't even ask what Master was doing. Originally, Master, I wanted to wait for you to ask. I will pretend to be a profound answer again: Master, I am communicating with the Way of Heaven, and I am about to ascend into an immortal! But you little villain do not ask at all!"

Sage Fanqing: "...Li Yun is not a fool, Master, you will expose it faster like this."

What is her master thinking?

Fan Qingsheng cannot understand many times.

"Huh, is he really that smart?"

"Yeah. He solved the Penglai Island matter."

"Cut, what is Penglai Island? It has the ability to solve the six gates! No, there is nothing to solve the six gates. It is just a bunch of idiots. If he really has the ability, he will solve the mystery of the ancient times!"

"..."

Here, the place where Fan Qingsheng could not understand the master came again. Her master was obviously very smart and knew that this matter was purely unreasonable, but her master still said it.

It's not like someone who has lived for hundreds of years.

Therefore, Fan Qingsheng chose to be silent.

"Baby!! I'm so fate~~~"

Fan Linglong hugged her disciple's willow waist in a bitter manner, with his face pressed against her disciple's face, and squeezed out three tears, and wiped it on her disciple's cheeky cheek, whimpering "crying": "Master finally pulled you up, but the baby is about to marry when he grows up, leaving the master alone, sad, sad, pitiful, pitiful, sorrowful~~~"

The beautiful woman Vatican Linglong deliberately sang the four words "Woo Hu Lao Zai" in a drama. If someone from the Hidden Sacred Valley heard that Fairy Ling Long would actually use such a tone to speak coquettishly, she had to scare her chin.

Fan Qingsheng understands Master's feelings. She didn't understand before, but now she understands when she becomes sisters with Li Yun and the girls around him.

"Master, are you married?"

Chapter 2953: Marry together

Sage Fan Qing asked a sentence that sounded shockingly shocking to Fan Linglong.

"Married...people?"

Fan Linglong was stunned, a few tears hung on her beautiful cheeks, her small ruddy mouth was open, and her beautiful big eyes were wide.

"Well, Master, are you married?" Fan Qingsheng repeated his question again.

Fan Linglong was completely stunned, "My boy, what do you ask...Oh, I see."

It was because her apprentice had a husband that she suddenly asked her if she had ever been married!

Not surprising, not surprising at all!

For those who are spring-hearted, they will have the idea of being a matchmaker when they see others also single.

"Master?" Fan Qingsheng asked again, as if she must answer from her master.

"no!"

Fan Linglong replied loudly, very resolutely.

She didn't mention her life experience, but Fan Linglong was extremely talented since she was a child. When she was young, there was no talent around her that could match her, so that she didn't even look at ordinary men.

Later, after traveling in the hidden sacred valley, she spent decades of time. She watched those mortals struggle in the dunya, and watched some people who were barely friends with her go from walking with her to marrying and having children, to aging and death. , Like a flower blooming and failing, everything in life is gone.

At that time, Fan Linglong had a decaying mood of seeing through the world, fully enlightening, and not having much nostalgia for survival.

Fortunately, she later encountered a terminally ill girl in the palace, who had not many days to live, but was still cheerful and energetic. She was infected by her innocence and optimism, and Fan Linglong regained her desire for life.

After creating a great formation for her to lock in vitality, Fan Linglong returned to the Hidden Sacred Valley, and for more than two hundred years, he barely went out of the valley.

It wasn't until Liudaomen had a talented demon girl who could be called a dazzling star that Fan Linglong was born again, fighting against each other for 20 years, and eventually lost both sides, and returned to the Hidden Sacred Valley again.

It can be said that Fan Linglong didn't know what love was all his life, and naturally he didn't have the intention of marrying someone.

"Um."

Sage Fanqing nodded slightly. She hadn't seen Master mention a man in recent years, but she decided to ask: "Master, do you have a man you like now?"

"no!!"

Fan Linglong said loudly, pinching her apprentice's face by the way to show punishment.

"Any woman you like?"

"puff!"

Fan Linglong was stunned. Why did her apprentice go out once, so that she couldn't recognize it? Fortunately, her apprentice still has something to say, she has a pure and flawless character, otherwise Fan Linglong would definitely go out with the sword, and the sword would chop off Li Yun who had damaged her apprentice.

Fan Qingsheng was not shy, but just explained: "What I saw on the Internet, men and men, women and women, are also very popular abroad."

Fan Linglong covered her forehead. The Internet is really not a good thing, and it has taken all her good apprentices to the ground.

I knew I didn't teach her to surf the Internet.

No, in the Hidden Sacred Valley, the Internet should not be introduced!

"No, neither!"

Fan Linglong replied weakly, "Your master and my friends are almost dead, none of them are dead, and now they are all perverts who are old and immortal. The only one who has a good relationship with your master, she... Forget it, no Say her."

Inexplicably, Fan Linglong thought of someone.

That man used to be her best friend.

Unfortunately, she later became the person she hated most and wanted to kill the most.

"Master." Fan Qingsheng looked at her master seriously.

"what?"

"You marry Li Yun with me."

Chapter 2954: I was serious

Fan Linglong jumped three feet high.

"Disciple, what are you talking about?!"

Fan Linglong's eyes widened, she only felt that there was a thunderbolt that hit her forehead from above nine days by herself. The thunder made her feel numb inside and out.

The damage caused by her disciple's words was no less than when she was hit by the emperor's magic arts created by the other party when she was in a duel with that woman, the feeling that her whole body was trembling was too strong!

"Master, I'm serious."

Fan Qingsheng's eyes were clear and bright, without a trace of impurities, but he said something that shocked Fan Linglong: "Master, since you are alone, why not follow the disciple? As long as Master also marries Li Yun, from now on The disciple can also be with the master, no matter where he goes, he does not appear abrupt."

"..."

Fan Linglong continued to be stunned.

"Besides." There was a smile in Fan Qingsheng's eyes, "Li Yun is very good, I believe you will like him, Master, besides, the girls around him are all people with different personalities, Master, you You can also play with them."

Fan Linglong blurted out: "Who would play with a group of little kids!"

"Master, aren't you playing too?" Fan Qingsheng pointed to the toys in the inner room, including computers, DVD players from ten years ago, record players and other old antiques, which can also be found in the corner.

Fan Linglong's face blushed, "I... Master is not for fun, but to maintain a strong curiosity, so as not to let myself do nothing all day long and my mind is aging!"

Fan Qingsheng shook his head and stretched out his fingers to shave off her master's smooth and white face: "Master, you are lying."

It is also difficult for outsiders to believe that the cold Vatican Qingsheng would make such an action.

But in fact, because she was pure and flawless in her heart, in the heart of Sage Fanqing, she is no different from what she was ten years ago. She is still the daughter of the master.

Isn't it normal for a well-behaved daughter to stretch her finger to shave her shame when her mother is lying?

Fan Linglong raised his hand and surrendered, crying and laughing: "Teacher, please forgive being a teacher. You still marry a teacher at such an age. If you say it, you will make others laugh to death. Don't tell this matter. I heard it. ?"

Fan Linglong could commit suicide in shame if he heard about it by that nasty enemy.

Sage Fanqing was a little disappointed, "Disappointed, don't you want to marry Li Yun?"

"No, not at all! I didn't say that I wanted to marry someone!"

"But Master, what you said, I feel very lonely..."

"I lied to you."

Fan Linglong interrupted her.

But she herself had forgotten that her apprentice was pure in heart and would not be deceived by lies.

"Master, you lied." Sage Fan Qing raised his bare hand and slowly placed it on Fan's exquisite soft heart. He closed his eyes and felt for a while, and said, "Master, you have always been lonely, before I leave. When you were in the Hidden Sacred Valley, you didn't even want to come to see me off. The words just now were what you said sincerely, Master."

Fan Linglong: "..."

She covered her face with her hands, and had no face to face her apprentice.

Man is a very strange creature. If he has not seen the light, he can endure the darkness, but once he comes under the light, it is difficult to return to the darkness.

It is easy to change from frugality to luxury, but it is difficult to change from luxury to frugality.

In the past twenty-three years, Fan Linglong has been getting along with his disciples day and night, and has already developed a deep relationship. Fan Linglong, who was originally alone, has a habit of staying with his disciples.

Chapter 2955: Blushed

But Fan Qingsheng is not quite different from her.

After her disciple went out for a trip, she quickly found a man who could accompany her through her long life for hundreds of years. In the future, Saint Fan Qing will have Li Yun by her side, and she can only go back again. To the Hidden Sacred Valley, I was alone and lonely.

Sometimes Fan Linglong feels that cultivating immortals is too cruel. Not only does he have to endure the grief of the deaths of previous friends, but also after the disciple marries, the disciple asks her to marry too...what the hell! !

"Baby!"

Fan Linglong calmed down and looked at her apprentice with sharp eyes: "Master, I suspect that you have been bewitched by the man named Li Yun, otherwise how could you say such a thing! Right?"

Sage Fanqing shook his head.

"Master doesn't believe it, unless you open the sea of knowledge to Master and see if you have any evil magic tricks!"

Sage Fanqing nodded, and agreed so happily that Fan Linglong, who was originally vowed, was suspicious, really not?

Although she hadn't heard of any mental spells that could control the Void Return Realm, she had better check it just in case.

The final inspection, of course, found nothing.

Her disciple's knowledge is full of warm breath, and the exquisite spirit wanders in it. She can even feel her disciple's peace, joy, and happiness when facing Li Yun, and occasionally see some pure

saints. With Li Yun, and the scenes of getting along with the girls, in every memory segment, Fan Qingsheng has a quiet and leisurely look, and there is no sign of so-called coercion.

If it does, it can only mean that the other party's methods are far beyond the cultivation base of the soul and light realm, and it has been able to completely tamper with a person's sea of knowledge and memory, making the other party the person he wants.

But is it possible?

The sea of knowledge has been completely tampered with, and the person has become a puppet, no longer the original person.

But Fan Linglong could clearly feel that her apprentice was still the original good apprentice, but she had become a little weird when facing Li Yun.

Actually let her marry...Li Yun!

"Baby!!"

Withdrawing his spiritual thoughts, Fan Linglong opened his eyes and said angrily: "You deliberately showed me you and Li Yun, and those pictures of his confidantes getting along with you, right?"

In the memory segment, Fan Linglong saw her apprentice playing cards, playing games, or chatting with the group of women, talking about clothes and jewelry, and her baby was actually involved.

Although most of the time, Sage Fanqing sits alone and reads a book quietly, but sometimes he plays with them, right?

This makes Fan Linglong very jealous. When she wanted to play with the baby, the baby always tried to practice when she shied away. As a result, the baby changed after she went out!

"Um."

Sage Fanqing nodded and said slowly: "Master, I just want to say that I am doing well now. If Master you want to join in, I believe Li Yun...he will like you."

"Of course he likes..."

Fan Linglong blushed suddenly, recalling the look in Li Yun's eyes when he stared at the lower part of her just now. It was simply a look with fiery possessiveness in appreciation.

Not treating her as a grown-up, but a...woman!

"asshole!"

Fan Linglong gritted her teeth and cursed. She has been heartbroken for hundreds of years, but she didn't expect to be broken by her apprentice and a little man today.

She even blushes?

Chapter 2956: Soul exchange

"Apprentice!"

Fan Linglong forcibly suppressed the inexplicable fluctuations in her heart and restored her calm, with a hint of indifference in her tone: "I still can't believe in that guy as a teacher, because your temperament is too different from ordinary people, and I can't believe in you as a teacher."

"Huh?" Fan Qingsheng looked at her with questioning eyes, as if asking: Can't believe my eyes?

"Yes! You... don't look at me like that, hahaha~"

Fan Linglong broke again, his indifferent expression melted in front of his apprentice's cute expression, he couldn't help but laughed out loud, and squeezed his disciple's face: "You little girl looks very smart and smart to outsiders. , But in fact, in the eyes of a teacher, you are clumsy than anyone else!"

Sage Fanqing is silent. Compared with Li Yun, Hu Xiaomeng, Xiao Mingzhu and others, she is really not very smart in dealing with some issues. On the one hand, she is unwilling to participate, and on the other hand, she does not understand the world.

This is her shortcoming, but Fan Qingsheng didn't think about changing it, because Li Yun was by her side to help, and Xiao Mingzhu and others were willing to help her with these things, so she didn't need to worry about it.

But she is not without merit, her strength is very strong, and the talent in cultivation is very high, can protect Gong Qingyu and the others, avoid them from being attacked by the six gates and some monsters.

She and those sisters complemented each other with their strengths and weaknesses, forming an environment that made Fanqing Sheng feel at ease. She would like to stay in Zhonghai City all her life, with them and Li Yun.

This is why she suggested that Master also marry Li Yun.

"So for the teacher, I decided to test that guy's foundation personally!"

Fan Linglong said vigorously, as if she could cause the situation to change as soon as she shot, and it was just a piece of cake to win Li Yun.

".....No way."

Sage Fanqing, who knows Master's character, quickly guessed her thoughts and shook his head: "Li Yun has incredible perception and...strange abilities. Even if you pretend to be me and approach him, Master, you can't hide it. If you have him, Master, you will be discovered soon."

Fan Linglong's expression froze, and dryly asked, "Can't you hide the cultivation level of Master's Soul Bright Realm?"

Originally, she wanted to approach Li Yun by pretending to be a fan of Qingsheng by some magic, and take a closer look at how he treated her good apprentice in private. Once there was something to bully her apprentice, she immediately shot him. Get it! ! Beat a hundred boards!

And you have to take off the pants and hit it!

It was the same as when she saw the county magistrates punishing mortals when she was watching a show in front of the official mansion.

Sage Fanqing shook his head, "Li Yun has a special physique, named Xiantian Daobao."

"Congenital Dao fetus?" Fan Linglong frowned, "What kind of weird physique is this? It's quite arrogant."

"...With the congenital Taoist fetus, he can do many things that ordinary people can't do, for example, completely infiltrate and hide ten meters away from the cultivator in the soul-light realm, and even if he wants to, he can overhear our conversation. ."

"what?!!"

Fan Linglong was shocked.

Fortunately, Sage Fan Qing added: "But Li Yun won't do that. He won't spy on me, there is no need."

The more Fan Qingsheng said this, the more he aroused Fan Linglong's eagerness. How she said she was also a realm of soul and light, in a district...

"What's the realm of that guy?"

"Dharma womb."

"The division of the ancient realm? His ambition is so big!"

Fan Linglong wanted to defeat Li Yun more and more, staring closely at Fan Qingsheng: "Disciple, let's do a... exchange of spirits and souls!"

".....it is good."

Fan Qingsheng did not reject the master.

Chapter 2957: Find the truth

"Ding, trigger the option event, please choose from the host:

Option 1: Find out the truth*1, reward a sweet kiss.

Option 2: Find out the truth*2, reward a sweet kiss.

Choice 3: Nothing is found, reward two kisses. "

When Li Yun's girlfriend, and his girlfriend's master, two fairy-like beauties came out of the inner room, the system gave him another inexplicable option.

It was so inexplicable that Li Yun wanted to kick over this cheating system. What are they going to do?

What the **** are you looking for?

Moreover, he rewarded two kisses for not finding anything, more than the rewards found.

"Qingsheng, Master!"

Li Yun stood up and greeted him, but he was actually observing the two of them secretly-mainly observing his girlfriend, Fan Qingsheng. After all, observing Fan Linglong, it is easy to see some places that should not be seen.

Fan's exquisite figure is so good that even the simple and generous gossip robe can't be covered. The exquisite curves faintly visible in the women's robe are more attractive than Li Yun on the ocean princess deck chair, and Xia Feiyao and others. When sunbathing, seeing the beautiful women who come and go in cool swimsuits walking by, they are better than their bodies!

Therefore, Li Yun didn't dare to look at Fan Linglong at all.

"Look, see what..." Look.

"Van Qingsheng" almost blurted out and scolded him, but soon realized that she is now her own disciple. Her disciples have always spoken very briefly, and they would not speak to Li Yun like this.

"Uh, nothing."

Li Yun smiled and confirmed that the two in front of him were normal.

Apart from the fact that there was no change in the clothes and appearance of the two of them, Fan Qingsheng was still pure in his mind, and when he saw Li Yun looking at her, he directly asked what to see.

If the two were alone, Li Yun could answer, "I'm looking at my sage," this is the case.

It's just that for some reason, Fan Linglong glanced at him. This look made Li Yun have a sense of sanctity, the same coldness, and the same tinge of affection.

Is it an illusion?

Li Yun took a closer look, and found that Fan Linglong really looked more like a fan Qingsheng. This cold and holy temperament is exactly the same as the Qingsheng. It is indeed a master and apprentice. It turns out that the temperament is passed down in the same line!

"Ah, that."

Seeing this by Li Yun, "Van Qingsheng" panicked and interrupted his thoughts.

"that?"

Li Yun and Qingzhu looked at her together, and even Qingzhu felt that the Saintess today was a bit strange.

The Lady Saint never said "that" before.

".....Have a meal!"

"Van Qingsheng" finally squeezed out two words from her mouth. She couldn't help but praise her wit, which was perfect. Her apprentice spoke very briefly, usually using a few words to express a long list of meanings.

"it is good."

Fan Linglong nodded, and after another glance at Li Yun, he started to go downstairs to prepare dinner.

There is no maid here. If you want to eat, you have to do it yourself. Qingzhu quickly followed and said: "Master, you sit down and I will cook!"

It is also helpless to call Master Master.

Because now Fan Linglong has a special position in the Hidden Sacred Valley, she has no position, just a former saint.

But she is also in the Soul and Bright Realm cultivation base, stronger than all the elders, so Fan Linglong's status is far higher than the elders, only lower than the three saints, and equal to the status of the saints.

So Qingzhu can only call her master.

Chapter 2958: Get close to my husband

Fan Linglong paused and glanced back at Fan Qingsheng and Li Yun.

"Uh, Master, sit down and I will cook!"

Li Yun froze for a while before speaking, because Fan Linglong's look back looked so much like Qing Sheng that he was stunned.

Fan Linglong stood still and seemed to be thinking about what to do.

"Your old man and Qingsheng stay upstairs and chat, and I will cook with Qingzhu!"

Li Yun smiled, "What does your old man want to eat? Ah, no, Master, you are so young and beautiful, you look like Qingsheng's sister, you shouldn't be called an old man!"

Women always like others to praise her as young, no matter how old she is, except for children.

"Fan Linglong" glanced at him again, and stared at Li Yun again, and couldn't help but said: "Like, it's so alike!"

"What's so similar?"

The "Van Qingsheng" behind him asked nervously.

"Master, your eyes are too similar to those of Qingsheng!"

Fan Qing Sheng & Fan Linglong "..."

"You go cook quickly."

"Vatican Sage" said as an order.

"Don't worry, I still don't know what kind of dishes our master likes to eat."

Li Yun looked at Fan Linglong, waiting for her to answer.

For a long while.

"Van Linglong" said slowly: "Whatever you want, there are fresh vegetables downstairs to pick."

"Okay!"

Li Yun snapped his fingers and said with a smile: "You just wait. Let's talk to Qingsheng first, and it will be done soon! Qingzhu, let's go."

"Huh, you don't need to call it~" The little maid was quite arrogant.

When he and Qingzhu went downstairs, Sage Fan Qing suddenly scratched his hair in annoyance: "It's totally impossible, good apprentice, how can I play you well?!"

Fan Qingsheng, who has always been cold and holy, and has no emotional fluctuations on his beautiful face, suddenly made an expression of madness. If Li Yun and Fang Xue were seen by them, they would probably doubt life.

This is unscientific!

On the contrary, Fan Linglong at this moment is rather like a fairy who has lived for hundreds of years, without a trace of other expressions on her dignified and elegant face, her eyes are as tranquil as water, silently looking at herself, that is, her master, and said:

"talk less."

"I know Qingsheng, you don't like to talk, then what?"

"Get close to my husband."

"Uh."

"Van Qingsheng" suddenly had a chill, and said the three words "my husband" from her own mouth, which made her ashamed.

Yes, now it is in the body of the Vatican, the soul is actually Brahma Linglong, and the body of the Vatican is the Vatican.

The ability to exchange spirits is very strange, allowing the spirits of both parties to enter each other's body, control everything about each other, and also allow oneself to feel the feelings of their original body.

This was originally an ability of the divine mind puppet, but the puppet was against the guest and completely controlled the other party.

However, when the master and apprentice trust each other, this ability to exchange spirits has more effects.

For example, because it is voluntary, the spirits of the two people blend well in the other's body, and it is extremely difficult for outsiders to find out.

In addition, if you leave the original body of the Brahma Sage, you can also feel some of the feelings of the "Banqing Sage".

"Get close?!"

Fan Linglong held onto the body of Saint Fan Qing and made a wide-eyed expression, which made Saint Fan Qing feel very strange when she looked at it. She had never seen such an expression on her face.

—The two masters and apprentices experimented with the spells exchanged by the spirits and souls several times before, and they all quickly changed back.

Chapter 2959: I promise to learn

"Um."

The sage of Fanqing nodded slightly, and made the opposite Fan Linglong look at it for a moment. It was a rather novel experience to be able to see the expression and temperament on his face that were decidedly different from the usual.

"Don't need to... kiss him?!"

Fan Linglong's eyes widened.

At this moment, Li Yun came up from the top of the stairs, "Master, I want to ask about salt...eh!?"

Li Yun was shocked. He actually saw the wide-eyed expression on Qing Sheng's beautiful face? !

Fan Linglong panicked for a while, and turned his eyes to his apprentice as if asking for help. Fortunately, this made Li Yun clear up his doubts, thinking that Qing Sheng might show such an expression because of his presence in front of the master (mother).

"I'm out of salt, I'll look for it."

Fan Qingsheng (actually she still held Fan Linglong's face) faintly replied, rummaged in the box on the side, and quickly found a bag of edible salt, and handed it to Li Yun.

"...It's exactly the same as the outside world."

Li Yun whispered, smiled at her and thanked him, then walked down with the salt.

"Scared me!"

After Fan Linglong (holding the body of Fan Qingsheng) patted her chest and caused the front parts of her body to move, she suddenly realized that her apprentice had grown up so much. Could it be that she fell in love outside?

Doesn't that mean that she is going to sleep with Li Yun at night? !

"Apprentice!!"

Fan Linglong immediately asked, "What on earth do you want to do with the closeness you just mentioned? Is it necessary to..."

She made a gesture, and the two thumbs were turned up and down facing each other, representing the intimacy of the couple.

Sage Fanqing shook his head, "No, just look at him more."

"that is it?"

"Um."

Fan Linglong, who got the affirmative answer, found it strange. Her disciple's appearance and body were unique in the world, and even her enemy was nothing more than the same appearance as her disciple.

Is there a man in the world who can withstand the temptation of Van Qingsheng?

It seems that it is because of the many girls around that guy!

"Okay, Master, I know, isn't it just to look at his mother? Master will also have affectionate eyes!"

Fan Linglong rolled up his sleeves and got serious, and looked at his apprentice with a pair of water-like eyes, first to practice.

Fanqingsheng: "...too deliberate."

Her master was holding her body and looking at her with a pair of pretentiously shy eyes, which made Sage Fan Qing feel indescribable.

The look she looked at Li Yun was definitely not like this.

"how about this?"

Fan Linglong changed his eyes, shyly with a smile, as if he saw the lover...no, as if he saw the baby.

"Incorrect." Fan Qingsheng still shook his head.

"so?"

Fan Linglong cast a wink at her apprentice, tucked her red lips with her fingers, and her eyebrows were obviously springy.

If this action is seen by others, it is estimated that a whole box of tissues for wiping nosebleeds will have to be used up.

"Do not."

Sage Fanqing didn't even shake his head this time, and directly denied it.

"so?"

"Neither."

"Ah, what is it like? Baby, you learn one on the spot, I'll watch it, and I promise to learn!!"

Fan Linglong was crazy again.

Fortunately, her apprentice has a good personality, so she walked to the window silently and stared at the direction of the kitchen below.

Fan Linglong was startled.

What is the look in her apprentice's eyes at the moment?

The coldness is still the same, but there is an indescribable softness in the depth of her eyes, as if she is always paying attention to the man she likes, caring with every move.

"I...probably understand!"

Chapter 2960: Jealous

Supper begins.

Li Yun consciously did quite well, but somehow, Fan Linglong was always silent. Instead, Fan Qing Sheng kept watching him with his eyes, which made Li Yun embarrassed to be seen.

"Qingsheng, eat this! You love it."

Li Yun picked up the fresh and tender green vegetables fried with chopsticks and put it into Qingsheng's bowl to show off his affection in front of Fan Linglong.

"you!"

Unexpectedly, Qing Sheng was so excited by this action, Li Yun looked at her as if she was about to jump up with joy.

"It's so kind of you!"

Under Li Yun's gaze, Fan Linglong squeezed these three words from between her teeth, and her face did not turn into a bitter melon face by resisting it.

"fine."

Li Yun shook Qingsheng's small hand intimately and smiled: "I'm your husband, who am I good to you? Okay, let's eat. You know Qingsheng loves vegetables and doesn't like meat."

Fan Linglong wanted to cry without tears.

If she had eaten Li Yun's chopsticks, wouldn't she indirectly kiss him?

She really shot herself in the foot and made herself suffer!

Sage Fanqing glanced at his master's stiff expression, and silently stretched out his chopsticks to pick up the green vegetables in the master's bowl.

"!"

Li Yun was stunned, watching Fan Linglong (he didn't know it was actually the holy of Fan Qing), and put the dish he had picked up with his chopsticks into her red and beautiful mouth, ate it, dropped it,...

The real Brahma Linglong continued to be dumbfounded.

Seeing her physical body (that is, Sage Fanqing) opened her mouth to eat what Li Yun's chopsticks had caught, she felt like she had already kissed Li Yun.

Unspeakable strange.

But fortunately, I finally got over it, and it was better than eating it myself.

Fan Linglong breathed a sigh of relief. She seemed to be aware of something. She also picked up a green vegetable with chopsticks and put it into the bowl of Fan Qingsheng, and said, "Master, you eat!"

The little maid Qingzhu has now been trapped.

Originally, she was dragged by Li Yun to sit down and had a meal at the same table, which made her feel sincere and horrified, but she didn't expect to see...the best scene at the dinner table.

For her, it's quite a shocking picture.

The old predecessor of the Hidden Sacred Valley, a former saint who has lived for hundreds of years and is still picturesque, actually took the initiative to put the greens that Li Yun gave to the saint into his mouth?

Why?

Why is this happening?

Is Master Linglong... jealous? !

Qingzhu shuddered.

Just thinking of the word "jealous" made her feel a sense of absurdity from the bottom of her heart.

This is ridiculous!

Master eats his apprentice's jealousy, and the two people still like the same man. This man is still her future husband. What makes Qingzhu feel incredible is that her husband and Senior Linglong have only just met for an hour! !

Fan Qingzhu was shocked by this complicated relationship. He felt that after searching the dictionary, he couldn't find suitable words to describe the intricate emotional, ethical, and moral relationship of the three people in front of him, no, including her.

But something more outrageous is yet to come.

"Li Yun!"

After Fan Qingsheng had eaten the food she had picked, Fan Linglong didn't know what was going on. For a moment, she short-circuited her mind and said suddenly, "You should honor Master and pick her food too."

As soon as this sentence was said, everyone in the room was shocked again. Fan Linglong couldn't wait to slap herself, what silly words she said!

Could it be that he was confused by the messy relationship in front of him?
