

Godly Choice 2991

Chapter 2991: Marry together

Li Yun could see that she was familiar with this place, and it was right to think about it. Given the cold and quiet temperament of the Sage Fanqing, the Library in the Hidden Sacred Valley was the best place for her to kill time.

Without her to say more, Li Yun guessed about what Van Qingsheng would do in the past, no wonder Qingsheng didn't want to see the hidden sacred valley become torn apart.

"Arrived."

The voice of Sage Fanqing was still pleasant, and at the same time it also alarmed the people in this small attic.

"Is it Qingsheng?"

The voice is a bit familiar, and the owner of the valley is in it?

Li Yun and Sage Fan Qing opened the door and saw that the Holy Lord of the Hidden Sacred Valley was sitting in this library. Opposite him there was a gray-haired, amiable old man. He didn't stand up, but just said hello with a smile. Judging from the old man's status, he was probably one of the other two saints.

Sure enough, the Sage Fanqing slightly nodded at the old man, saying: "Grandpa Saint."

Li Yun discovered an interesting thing. From the name Fan Qingsheng gave to each person, he could know that she was distant and close to everyone in the Hidden Sacred Valley.

Like the Baihexian who defected before, Fan Qingsheng called him Senior Nanhua.

Therefore, Li Yun also called the other party the saint grandfather-although in Li Yun's memory, the saint refers to Sanqing and Nuwa Empress and so on.

"Haha, Qing Sheng has found a good boy to be her husband-in-law. Come here, let me, the old man, take a good look and see what kind of husband-in-law Qing Sheng is looking for."

The sage of the Hidden Sacred Valley was very kind, and Li Yun walked up to him and stood still, being carefully looked at by him.

"Yes, a really good child. There are still people who can cultivate into the Dharma Embryo Realm. I think you have a lot of opportunities for this child!"

The saint praised, Li Yun touched his nose embarrassedly: "It's okay, the ancient times have inherited a lot of secrets, I only occasionally obtained some, which is incomparable with the complete inheritance of the Hidden Sacred Valley!"

"Hahaha."

The saint laughed, but quickly shook his head and sighed: "Li Yun, you don't want to praise us. If we are seen by our predecessors, such as the young lady you know, I am afraid they will scold us for being shameless. Sons and grandchildren, I am really ashamed!"

Li Yun smiled and said, "Don't blame yourself, Grandpa Saint. Earth-shaking changes have taken place in the outside world over the past century. It has not been easy to maintain the Hidden Sacred Valley. I believe that the valley master, you, and the saint, plus Linglong, the four people work together, are enough to face all crises!"

"exquisite?"

The Gu Zhu and the saint were very surprised. First they glanced at Li Yun suspiciously, wondering if this kid was too rampant and didn't respect the elders at all, but before he faced the saint grandfather it was different.

Therefore, the two saints turned their skeptical gaze to the Vatican Sage.

"Master and I will marry Li Yun together."

The lady of the saint, not surprisingly speaking, and endlessly dying, directly said a word that shocked the two saints.

The holy lord of the Hidden Sacred Valley even flashed an inexplicable light in his eyes, as if he was using some kind of pupil technique to watch Van Qingsheng, to see if she was controlled by an evil man with some kind of evil spell.

But of course, Saint Fanqing could not be controlled. Even the Saint Master of the Hidden Sacred Valley with the most powerful cultivation base could not find any abnormalities in her.

"Little friend, what is this..." The Sage Master of the Hidden Sacred Valley looked at Li Yun with a look of surprise.

Chapter 2992: I will treat Linglong well

"It's hard to say, it's hard to say in one word." Li Yun could only answer the two of them like this.

"Little friend."

The sage of the Hidden Sacred Valley changed his name to Li Yun, and the red-faced old man showed a suspicious expression on his face: "Your name is Linglong... is that what we think?"

"If you mean something between men and women, then I mean it."

The meaning is the meaning, the Chinese language is really broad and profound.

"Little friend, you!"

The sage of the Hidden Sacred Valley was stunned, and didn't know what to say for a while.

Even though Fan Linglong is young, he is actually regarded as one of his elders. Although he is only more than 20 years old, it is nothing in the span of a few hundred years. But the elders are elders after all. To Fan Linglong, He has always treated with the attitude of being a teacher and a friend.

Unexpectedly, this elder... why did it develop like this?

"Actually it is like this."

Seeing these two people's questioning expressions, Li Yun could only explain slightly: "Yesterday, Linglong exchanged bodies with Qingsheng in order to test my personality. As a result, because of a series of things, she and I... Some relationships have happened, so it's like this now!"

Have some relationship?

The two saints looked at each other, they probably understood what was going on.

Fan Linglong was actually given a sleep by Li Yun...this was really an incredible thing, and it was totally impossible for them to happen.

But since Qing Sheng did not raise any objections, it seems to be true. The former and current saints of the Hidden Sacred Valley were both given the Chinese cabbage by the same young man.

The two sages looked at each other and remained silent for a long time before the Valley Master sighed: "This is also Linglong's fault, but I heard that her injury was cured because of your pill. Well, it's her. Report yours."

Li Yun looked embarrassed, he did not expect that a recovery pill would be exchanged for a beautiful royal sister, and the strength of this royal sister was still the highest in the world.

"Two seniors, please rest assured, I will definitely be good to Qingsheng and Linglong."

Li Yun thought for a while, "However, in order to take into account Linglong's face problem-hehe, she hasn't let go, she is still putting on her elders, so I ask the two seniors not to disclose this to the public for the time being. I still shout outside. She is the master."

The sage of the Hidden Sacred Valley looked weird, but things had happened, and he could only pretend to be calm and drank a cup of tea, and said: "Forget it, our immortal cultivators have already lived a long life, and the world doesn't need to be concerned about it. ."

Then he was very pleased and said: "It seems that Senior Sister Linglong likes you very much. She didn't hack you to death when she got up in the morning. It is a good thing to be able to find someone she likes after living for hundreds of years. My wife died. After that, I actually always wanted to continue, but I never met anyone who moved my heart again, haha, let me laugh you little friend!"

Li Yun smiled and said that it was nothing. Elderly people in their 50s and 60s also had a lot of sunset loves, which was normal.

Of course, Fan Linglong is not a sunset love, she is a real first love: the first love after living for at least five hundred years.

Li Yun just remembered that he still didn't know Linglong's true age, did he find an opportunity to ask her?

Uh, don't be dead. For girls over 25, age is definitely a taboo. If you ask, you will die.

Chapter 2993: History of the Hidden Sacred Valley

After temporarily solving the problem of Fan Linglong, Li Yun, with the help of Qingsheng, began to search for the life records of some former great figures in the hidden sacred valley.

The meaning of a temporary solution is actually that Li Yun made a temporary intention after seeing these two saints, and wanted to let them know about Fan Linglong. As long as they gain their approval, there will be much less psychological barriers for Fan Linglong.

"Little friend, are you looking for the records of Senior Boyang?" The saint asked curiously as he watched the young couple's actions.

"Yes, I want to investigate some things, not very important, just a little curious."

Li Yun replied and asked: "I wonder what the two seniors are discussing here? Are Qing Sheng and I going out?"

"No need, just watch it here."

The sage of the Hidden Sacred Valley smiled and said: "I have nothing to do with the owner of the valley, but recently I heard some strange changes on the six doors, so I wanted to look for the records of some of their people to see if I could find some. What. By the way, discuss the recent events in Yanai."

Li Yun thinks that "by the way" is the main point, but he didn't ask this wisely, just asked: "I don't know what is going on? Did the six gates find another gate of life and death?"

"Unexpectedly, but I heard that their Beast Dao and Hungry Ghost Dao were attacked by two strong masters. Neither the Valley Master nor I can guess which old monster these two strong people are, so I came to look for them."

"A strong person?"

Li Yun had some headaches. The immortal cultivators had lived for too long, and it was normal for them to retreat for decades. Some old monsters could not show up for more than 100 years.

If some of them break through accidentally, it's really hard to infer who it is.

However, Li Yun didn't intend to follow up. If he wants to know, just call Concubine Wan Qing directly... As long as it is some important information, Concubine Wan Qing should be able to disclose it to him.

"Qingsheng, let's take a look at it slowly."

Li Yun greeted Fan Qingsheng, and the two came to the other side of the library and sat side by side.

The Hidden Sacred Valley Valley Master looked at the two and said with a smile: "Junior Brother, do you think they are a good match?"

The sage also smiled and said: "It is indeed a good match. To be honest, I have always worried that Qingsheng cannot find a suitable person to rely on, but now it seems that little friend Li Yun is courageous enough, and his face is thick enough to be clean. Saint holds up a piece of sky, so I can rest assured."

Li Yun: "..."

Do you always speak so loudly on purpose?

"Li Yun, this."

Fanqing Sheng Subai held an ancient book that looked hundreds of years old in his hand and handed it to him.

Li Yun glanced at the cover, and there were two reigns written on it. The emperor didn't understand the specific emperor. When he opened it, it was still in traditional Chinese characters, and the lives of some people were recorded vertically.

Among them are the records of some great figures in the Hidden Sacred Valley during the Spring and Autumn Period and the Warring States Period in BC.

"Li Er, Han Feizi, Zhuangzi, Rangju, grandson..."

Many celebrities from that period were all disciples of the Hidden Sacred Valley, or people who had received the favor of the Hidden Sacred Valley, and were equivalent to their disciples.

Li Yun already knew that the Hidden Sacred Valley and the Six Demon Gates were still very active at that time. Outsiders, especially some princes and generals, often saw immortal cultivators, and their deeds were also recorded in the wild history. The way it is passed down is passed down.

Chapter 2994: Battle of the Holy Demons

For example, the elixir that Qin Shihuang asked for, Xu Fu, alchemists, witches, etc., were all influenced by two cultivating sects.

Of course, the cultivator of immortality can't live forever, and the emperor of the world is even more impossible.

"Xu Fu turned out to be only a disciple of the Hidden Sacred Valley. According to the records, he was an ordinary disciple in the Qi refining period. He couldn't practice the pill for prolonging life. He didn't expect to deceive Qin Shihuang by fraud."

"Tsk tusk, during the Three Kingdoms period, Kong Ming really knows how to draw a horse and the eight formations. It's a pity that he didn't really visit the Hidden Sacred Valley. He learned more about internal affairs and military formation, and his cultivation level was also very low."

"By Dongfeng, it turns out that Zhuge Liang invited a disciple of the Hidden Sacred Valley, but Liu Daomen actually appeared in the Cao Wei camp?"

"No wonder Xiang Yu's abilities are so powerful that he is also born in six sects, and he is one of the rare fierce fighters who temper his flesh!"

Li Yun looked at these records, combined with some historical data to infer the situation at that time, and felt that all three views were refreshed for a while.

Many outsiders seem to be exaggerated records by historians, and the results are real.

The information in the Hidden Sacred Valley not only records some powerful people in the Void Returning Realm, but also records some outside historical figures who are famous for the Hidden Sacred Valley or the Six Doors.

Take Xu Fu, for example, he is just an ordinary disciple, and he doesn't even know that it is recorded.

But because the legends about him spread widely, Hidden Sacred Valley also recorded some things he learned in the valley.

Li Yun dared to guarantee that if the records in the Hidden Sacred Valley were revealed to the outside world of historians, there would probably be a whirlwind around the world, and historians who blow all over the world would not be able to open their eyes.

Huang Xuanguo's history is all like this, so are some records about witches, wizards, vampires, witches, and werewolves in their country also true?

The power of time is too strong.

Even Huang Xuanguo, which has the most complete history, has many deficiencies in the history of his country, not to mention the situation abroad.

I believe that after these materials are exposed, the legends of magicians and vampires will probably be considered true by foreigners.

"Qing Sheng, it seems that after the Five Dynasties and Ten Kingdoms, the Hidden Sacred Valley and the Six Doors rarely appeared in the outside world and interfered with the change of dynasties outside?"

Li Yun flipped through several other books. There were thick stacks of books in the Spring and Autumn Period and the Warring States Period, but at the end of the Tang Dynasty and the Five Dynasties and Ten Kingdoms stage, there were only a dozen or so pages, which recorded all the hidden sacred valleys. Or the deeds of Liudaomen disciples becoming outside celebrities.

Compared with before, the number is more than 100 times different.

"Um."

Sage Fan Qing found out another booklet and handed it to him. Li Yun only glanced at it and felt that this booklet was unusual.

Four words are clearly written on the booklet: Battle of the Holy Demons.

When I opened it, Li Yun saw that the age in it took place in the last years of the Tang Dynasty, that is, about 1100 years ago, the Hidden Sacred Valley once had a fierce war with the Six Demon Gates. The two sides fought fiercely. It can even be said to be extremely tragic.

The Hidden Sacred Valley once broke through the six gates, killing the sparsely numbered monks of the Heavenly Human Dao and the Asura Dao to almost extinction.

The Hidden Sacred Valley is not easy. The zombies, ghosts, and gu worms controlled by the Animal Dao and Hungry Ghost Dao killed a large number of low-level monks. Even the valley was invaded by people from the Six Dao Sects and had to use fairy tools. Repelled the six doormen.

Chapter 2995: Holy Demon Hybrid

The battle of the holy demons lasted for a hundred years. It almost started from the Anshi Rebellion and ended at the end of the Five Dynasties and Ten Kingdoms. Li Yun even doubted whether the war of the holy demons was related to the chaos of the world outside.

But because there are not too many records in this historical annals, Li Yun's guess is nothing more than a guess.

Speaking of it, the beginning of the battle of the holy demons was written vaguely, but the end was clearly recorded.

A person named Ji Ming ended the last dispute between the Hidden Sacred Valley and the Six Doors.

Ji Ming was originally a Venerable of Six Dao Sects, and his title was Venerable Returning Path. His strength was the mid-stage of Void Return Realm, and he did not play a key role in the battle between the two sides at that time.

But he did a great thing, and immediately shook the two cultivators of immortality.

He got pregnant with the daughter of the Valley Master at the time of the Hidden Sacred Valley.

"..."

Li Yun's face was strange, he could even imagine the wonderful expressions on both sides at that time.

Fortunately, Ji Ming is not a terribly bad monster. He also loves his wife very much. The two came to mediate, and the tired two stopped their hands. In the end, Ji Ming entered the hidden sacred valley to live with his wife, but he couldn't. Remove the identity of the Six Demon Gates.

Li Yun can understand that in this way, both sides will have face.

For the Hidden Sacred Valley, each of the Six Daomen was captured, and the war was considered a victory. For the Liu Daomen, it was also a matter of face that oneself had enlarged the belly of the other's holy master's daughter.

Of course, the more important thing is that the two sides have been tired from playing, so they accepted the mediation.

"Actually, I am Ji Ming's son."

The voice of the Holy Master of the Hidden Sacred Valley sounded, and Li Yun looked at him in surprise, and the latter smiled freely.

"You heard me right. I am the son of Ji Ming and the daughter of the former Gu Master. My name is Ji Yongnian."

The Gu said with a smile: "I guess it's the only descendant of the Hidden Sacred Valley, the Six Gates, and the Holy Demons."

Li Yun was moved, but he didn't expect that there was such a history in it.

Ji Yongnian, as the son of the Six Dao Sects, can be recognized by the Hidden Sacred Valley. There is no need to question his talents, and perhaps it is really related to his "hybrid" origin.

The sage of the Hidden Sacred Valley also said with a smile: "The talent of the valley owner is extremely rare even thousands of years ago. In addition, the valley owner has a modest character and handles things with integrity. He is the valley owner, and the older generation has nothing. People opposed it. At that time, our younger generation was also expected. The original owner of the valley had already wanted to step down, but it was a pity that we couldn't find a suitable candidate."

"That's it."

Li Yun followed the sage's grandfather's flattery followed by a few compliments, and asked some more about Laozi, but unfortunately there was still no answer.

Unexpectedly, the system prompts him to complete the task.

"Ding, the host makes a choice, enters the Hidden Sacred Valley, looks for all the records related to Lao Tzu, rewards experience value +50 million, all attributes +50 thousand, special gift bag*1."

Li Yun was surprised, but did not show it on his face. He carefully looked at the two people in front of him and found that even the Holy Lord of the Hidden Sacred Valley, who may be the strongest in the world, could not find his body system.

This is actually just Li Yun's desire to test it out on a whim. After all, the young girl didn't realize that he had a system at the beginning, and the Holy Master of the Hidden Sacred Valley could never be better than the young girl.

Perhaps the hard power is that the Holy Lord is strong, but the spirit and soul level are definitely stronger than the young girl. If the young girl regains the strength of the year, it is estimated that it will be able to slap the soul and bright realm.

Of course, it is not so simple for the ancient monsters to regain their strength.

Chapter 2996: Tao Te Ching

"System, open the special gift bag you just got."

Li Yun didn't stay too much and chose to open it directly.

"Ding, congratulations to the host for opening a special treasure in the special gift bag: "Tao Te Ching" (Mind Law Cheats

"That's it?"

The corner of Li Yun's mouth twitched. He thought it was something good, but it turned out to be just a secret secret book.

But it's not wrong. The Tao Te Ching is originally a self-cultivation thing, and it is normal that it can be used as a secret book for the mind.

It just seems that the Tao Te Ching given by the system is somewhat different from the Tao Te Ching circulated outside.

"System, upgrade the "Tao De Jing" to a master level for me!"

Li Yun now has a bunch of resources, one billion experience points, a bunch of golden gift bags, even five or six colorful gift bags, and several skill pills. His physical fitness is one million attribute points. He wants to upgrade his mind. , Is it enough?

"Ding, the upgrade failed, and the resources are insufficient."

"? Then upgrade me to advanced level!"

"Ding, the upgrade failed, and the resources are insufficient."

"Hey, true or false, Tao Te Ching is so strong? How about upgrading me to Intermediate?"

"Ding, it will cost one billion experience points (or ten skill pill) to upgrade the intermediate "Tao De Jing", plus one million justice points. Please confirm whether you need to upgrade?"

Li Yun was about to scold his mother, wouldn't the cheating system see him save a billion of experience points, so it gave him a copy of Tao Te Ching, right?

Now it's all right, one billion experience points fell to nothing.

"Promote! I want to see what the Intermediate Daodejing is so good about!"

His previous mental method "Shen Nong Heart Sutra" has been upgraded to the **** level for a long time. It was when there was a lack of mental method. Although the Tao Te Ching sounded bad, it was after all something left by the legendary saint Lao Tzu. , Forcing the grid must be enough.

"Ding, the host consumes one billion experience points and one million justice points, and Dao De Jing is upgraded to intermediate level."

The Saint Fanqing beside her turned her head to look at Li Yun. She vaguely perceives a strange change in Li Yun's body, as if it suddenly melted into the natural universe and became an unspeakable existence.

for a long time.

"Little friend seems to have made a breakthrough?"

When Li Yun's breath dissipated, a look of interest flashed in the eyes of the Hidden Sacred Valley Master. Reading a book could break through, and the young man in front of him was as mysterious as an ancient relic.

"Yes."

Li Yun said "ashamed": "Looking at the records on the Hidden Sacred Valley just now, I feel that the world is impermanent, and the prosperity is passing away like water. The so-called disputes are not worth mentioning in future generations. As I felt, my mood suddenly became much brighter."

"Hahaha."

The two saints laughed, not knowing whether they believed Li Yun's nonsense.

The saint even joked that if Li Yun looked more openly, he might be more like an old man than him.

Li Yun smiled without saying a word, and after a few small chats, he got up and took Van Qingsheng farewell and went back to Fan Linglong for lunch.

He originally came here for the previous system mission. Now that he has been rewarded, he doesn't need to read the rest of the information.

The two saints who were left looked at each other, and the Lord Gu asked: "What do you think of Li Yun?"

"I'm a good young man. Qing Sheng followed him right. I just took a little bit of attention. I heard that there are many girls around. However, we can't control so many. We can't protect ourselves. The six gates are about to move. I'm afraid there will be What changes."

The saint looked worried, completely different from his previous free and easy appearance.

"Haha, it's okay, I actually agree with Li Yun's words: With us and the saint mentor and apprentice, there will be nothing wrong with the Hidden Sacred Valley!"

"Hidden Sacred Valley won't happen, but those two..."

"Let them go."

Chapter 2997: Passionate

When Li Yun and Fan Qingsheng returned to Master's house, they found that Fan Linglong was holding a bucket and a spoon, watering the vegetable field in front of the small building.

Her long black hair was **** in the middle, forming two peculiar braids hanging behind her head, not like double ponytails, but rather like two round vertebrae, the ends are so big and soft. Hair.

"Master."

Sage Fan Qing called her, but did not respond. Fan Linglong took a spoon and stood fixedly in front of the vegetable field, staring at the green vegetables in a daze.

Fan Linglong came back to her senses only after Fan Qingsheng called her again, and she was clearly worried about her beautiful face.

"what happened?"

Li Yun walked to her and asked softly.

Fan Linglong's eyes are a bit hollow, which makes people feel distressed.

"nothing."

"It's nothing because of me?"

"...Huh, being passionate."

Fan Linglong was anxiously questioned, dropped the wooden spoon into the bucket, turned around and returned to the small building, and said in embarrassment: "I'm hungry, cook for me, I want to eat big fish and meat!"

"..."

Li Yun and Fan Qingsheng looked at each other, and both were surprised. I don't know why she suddenly became angry again.

At lunch, Fan Linglong didn't say a word, so Li Yun didn't have the idea of deepening feelings with her.

The same was true for dinner at night, and after eating, Fan Linglong hid in the inner room, and did not allow Qing Sheng to go in and let her return to her residence.

In desperation, Sage Fan Qing could only choose to return to the bamboo forest where she lived, and Li Yun also left with him.

...

At night, a black-clothed woman with a slender figure appeared downstairs. When she was about to leave quietly, a man's magnetic voice suddenly sounded in her ears:

"Where are you going?"

"Who?!"

"Uh, don't, it's me!"

Li Yun hurriedly showed up, standing dumbfounded in front of the black-haired Vatican Linglong outside in black clothes and black trousers.

In the middle of the night, the two were relatively speechless, and they didn't know who would speak first.

"Where are you going?"

"What are you doing?!"

The two asked questions at the same time and said at the same time: "You speak first!"

Fan Linglong puffed up her mouth. It was the first time that she met such an annoying and annoying guy, and she actually saw through what she wanted to do.

But somehow, deep down in her heart, she was very relaxed, and she seemed to feel that it was no big deal to be seen by Li Yun in her dress.

"The purpose of my coming here, of course, is for you."

Li Yun boldly stepped forward, rubbed Fan Linglong's face, and looked at her softly: "You look like that during the day, and no one will worry about you, so I told Qingsheng to see you at night. Unexpectedly, when I came, we saw our master transformed into a heroine."

".....Humph."

Fan Linglong's face blushed, and he didn't know whether it was because of being touched by Li Yun, or he was seen dressed in black clothes and black pants.

She turned around and walked out, the direction was the center of the Hidden Sacred Valley.

Li Yun chose to keep up, but Fan Linglong did not refuse.

The pace of the two slowed down quickly. Finally, Fan Linglong glanced at him: "What I want to do is very important, can you do it?"

Li Yun sighed and said, "Don't ask a man if he can do it."

After speaking, his figure turned into nothingness and disappeared in front of Fan Linglong.

"Um?"

Fan Linglong swept away his spiritual knowledge, but he could only vaguely perceive someone around him, and who would not know the specific location.

And soon, this feeling disappeared, and she couldn't sense anyone's existence at all!

Chapter 2998: Hit nemesis

"you!"

Fan Linglong's beautiful Yu Jie showed a surprised expression on her face.

"how?"

When Li Yun made a sound, Fan Linglong gained his position again, and looked into the distance. At a distance of ten meters away, he could vaguely find a vague figure again.

"How could this be? Your invisibility technique is actually better than mine?" Fan Linglong was hit hard, she couldn't get within ten meters of the Soul Bright Realm without being discovered.

But Li Yun did it.

This man is really the nemesis of her hit, even better than her in this place.

"Just treat me as an ancient monster."

Li Yun appeared and said to Fan Linglong with a chuckle.

Fan Linglong knew what he meant, and treated him as an old monster, so that the obstacles between the two would be much less, and at least it would make her feel better.

"I need you like this?" Fan Linglong muttered.

"Then you accepted me?" Li Yun approached Fan Linglong brazenly. The latter did not run away, but gave him a slightly charming look, "I want to be beautiful."

"It's really beautiful. By the way, I forgot to tell Linglong one thing."

"What's up?"

Fan Linglong walked forward, his figure gradually turned into nothingness, but a circle of phantom shadows could be vaguely seen, which seemed to be used specifically for Li Yun to give directions.

"It's nothing, it's just that I told the owner of the valley and the saint about us."

"puff!"

Fan Linglong staggered and almost fell to the ground. His figure changed from almost transparent to translucent. He turned to look at him with shocked eyes, and said angrily: "What's your name?! You, you...you! "

Li Yun shrugged, "What's the matter? Since you have decided to pursue you, Linglong, you are about to agree, then our relationship will always be announced one day, right?"

"Who said I wanted to agree? The beauty of thinking!"

"Don't be shy, you don't think the Valley Lord and the saint said anything, they still bless you."

"Go to hell!"

The two quarreled and walked forward. Fan Linglong couldn't see Li Yun, but vaguely felt that someone was following behind.

Originally this kind of feeling would be very uncomfortable, there was a sense of uneasiness of being watched, but listening to the sound of this ***** in his ears made Fan Linglong's heart warm, as if there was someone by her side protecting her.

Obviously this ***** is much weaker than her...

"Shut up, it's time for business!"

After a quarrel, Fan Linglong was flushed with amusement, and her breathing became swift. She knew this was a sign of affection. If she was hugged by Li Yunru as last night, she might immediately fall into it.

"it is good."

Li Yun accepts as soon as he sees it, and breaks through the psychological defense of a beautiful and powerful elder sister bit by bit. There is a different kind of excitement.

This actually violated the promise he made before, not to actively pursue other girls, but now in this situation, Li Yun can only find an excuse for himself, saying that Fan Linglong took the initiative to "seduce" him.

"By the way, Linglong."

"what?"

Fan Linglong responded faintly, and outsiders seemed to be two voices appearing out of thin air, but no figure was visible.

It is estimated that even Fan Linglong did not realize that she was immune to Li Yun calling her by her name, and it became a matter of course.

"I haven't asked what you are going to do. Are you going to monitor the Holy Spirit?"

"You are stupid, the Holy Spirit is also in the Soul Bright Realm, and wants to monitor him... It's impossible anyway."

Fan Linglong thought of Li Yun's mysterious invisibility technique. If he were to go, it would be really possible.

Chapter 2999: What's the truth

Fan Linglong said again: "Besides, why should I monitor him? The Holy Spirit just disagrees with us. He... is not necessarily the one who caused the disaster."

"Set off a disaster?"

Li Yun looked at the hazy phantom in front of him, "Linglong, did you know any news? This is very strange. I saw you two saints during the day, and neither of them showed anything unusual, you How did you hear about this news?"

Fan Linglong did not answer him.

"It can't be the so-called dark line. The Valley Lord has more power than you, and he doesn't know things. In theory, you can't know Linglong, unless... you use the so-called divination technique to calculate it!"

Li Yun guessed the truth.

Fan Linglong said quietly: "Sometimes I hate smart people and I hate myself."

"? Is it because you saw a disaster?"

Fan Linglong was silent for a while, and then said bitterly: "I like Hidden Sacred Valley very much. This is my home, where I live, and where I grew up."

"Well, I can understand how you feel."

Li Yun chose to listen.

When both of them were invisible, but only him and Fan Linglong, Li Yun seemed to be able to see her heart easily.

"I have traveled the rivers and lakes before, and have not come back after wandering for decades, but I never feel lonely, because I know that there are people I know here, it is a home I know, and I can come back anytime."

Li Yun agreed with Fan Linglong's words.

He also went out for a month, but he never felt lonely because he had his family in Zhonghai City. As long as Li Yun returned to Zhonghai City, he would be back home.

But if there were no family members in Zhonghai City, even if Li Yun stayed in Zhonghai City, he would not feel warm.

In the final analysis, people can wander away and never return to their hometown all year round because there are parents waiting at home, knowing that they can go back anytime.

But if the parents are gone, the hometown will lose its meaning...

"...In the past hundred years, there have been fewer and fewer people familiar to me in the Hidden Sacred Valley, and more and more unfamiliar faces. I am in the Hidden Sacred Valley, but I don't know how to face them, so I can only hide in the small building. Inside, silently watching."

"My spirit is getting worse and worse, and I feel more and more lonely. Even though the cultivation of the soul and light realm can make me live for hundreds of years, I feel that I am old.

"Fortunately, Qing Sheng was born."

"If there is a choice between the Hidden Sacred Valley and Qingsheng, I will definitely choose Qingsheng."

"For me, Qing Sage is the Hidden Sacred Valley!"

Her words are messy, just like her heart.

"Linglong, you actually still have me and Qingsheng, we will live together in the future!"

For this beautiful lonely sister who has lived for hundreds of years, Li Yun can only choose to step forward and open her hand to hug her.

Because the two were in a state of invisibility and didn't know exactly how Fan Linglong stood, Li Yun hugged her with wide open arms, but... unexpectedly touched something that shouldn't be touched.

Fan Linglong spoke to him.

".....asshole!"

From her shameful words, Li Yun could know that her face must be red now, her breathing must be very rapid, and she might even have opened her small mouth slightly, revealing her seductive tenderness.

For some reason, Li Yun likes to kiss her, er, to be precise, Li Yun likes to kiss every girl around her.

Chapter 3000: Is a girl

Kissing is the best way for lovers to deepen their feelings and communicate emotions.

For example, sometimes the arrogant Gong Qingyu would be awkward, and Li Yun would hug her. After intimacy a few times, the girl who was as proud as Gong Qingyu would soften down, shrinking in his arms like a shy little girl. rabbit.

As for Xia Feiyao, Jin Liuli, etc., not to mention, even the cold and holy as a saint, she also likes to be intimacy with Li Yun. The couple's several dates were actually in some hidden, dark corners of the city. Kind intimacy.

Just like what Li Yun and Fan Linglong did last night, they have been kissing from the date to the end.

Hugs actually have the same effect.

At least after a few struggles, Fan Linglong softened. Li Yun clearly felt the sound of rapid breathing faintly in the transparent air in front of him.

"You, do you like to force me so much?"

"It's because I like you. If you don't want to, I can let you go now."

Li Yun said, really let go of Fan Linglong, letting the latter breathe a sigh of relief, but also felt a moment of loss.

She knows that she, who has been alone for a long time, actually likes to be embraced and loved.

Maybe I didn't think it before, but after experiencing a short time with Li Yun, Fan Linglong already liked this kind of taste. She couldn't even imagine how much she would stick to Li Yun in the future, nor could she imagine without him in the future, and The days of Qing Sheng by his side.

But at least, she still reserved a little bit of elders' majesty.

".....you!"

Fan Linglong waved her hand in anger because she felt that her waist was touched.

Then, the shoulder was touched again.

Immediately afterwards, it was the arm, and further down, the villain finally found her little hand, tightly holding me in the palm of her hand.

The smirk of the **** came in my ears: "You refused just now, do you want to refuse now? Well, say yes first, if you refuse, I will let go, but I will try the third time, the fourth time Until you agree."

Fan Linglong was shocked, "There is such a shameless person as you in the world?"

Li Yun really said shamelessly: "Because Linglong you are so beautiful, I can't help being shameless."

Fan Linglong's face was red again, and this time it was very delicate, but it was a pity that the man holding her little hand didn't see her moving appearance at the moment.

"I remember a **** said that he didn't take the initiative to pursue girls."

"Linglong, you took the initiative first, ah, Linglong, did you admit that you are a girl?"

"I, I was originally a girl, and I haven't married anyone. How come I'm not a girl?"

"Hahaha."

"Laughing, shut up, we still have business to do!"

"Uh, I actually meant to say, it's not a girl, it's... a goddess!"

Li Yun hugged Fan Linglong, who was in a transparent state, and after randomly searching a few places on the face of the goddess, he finally found her cherry lips.

Fan Linglong was too embarrassed, but somehow, in the end he took the initiative to confront him.

The two stood in the dark, standing on an ordinary mountain path in the Hidden Sacred Valley. Both of them were transparent, but they did not prevent Li Yun and Fan Linglong from being as sticky as glue and lacquer. .

for a long time.

Only then did Fan Linglong push him away, wiped her rosy lips, spit out a few non-existent saliva, and said in embarrassment: "Quickly go, all my actions tonight have ruined you!"

"Then...slowly get intimacy after the end, just like last night, starting in four hours...his!"

Li Yun's instep was stamped viciously.

"Humph!"
