Chapter 30: Throw a hollow ball

030. Throw a hollow ball

"Boy, come!"

Lu Shan grinned on his face, squeezed his fists, and touched each other. He spread his hands, squatted down, and made a defensive action on the basketball court, like a lion staring at him, waiting for Li Yun's attack.

His signature action made some boys who had been bullied by him pale with fright.

Lushan at this time, the oppressive feeling given to people is really too strong!

He was completely invincible. With his open hands, he was like an eagle soaring in the sky, ready to pounce on its prey.

"Haha, the momentum is good."

Li Yun smiled faintly, raised his basketball, and tried it against the basket.

Feeling unsure, after thinking about it, Li Yun added the last 500 experience to Agile, raising Agile to 250.

Li Yun's actions stunned everyone.

"What? He wants to shoot from the midfield line?!"

"Impossible! It's hard to hit the three-point line, let alone the midfield line!"

"This kid must be **** me!"

The classmates onlookers and Lu Shan didn't believe Li Yun would do this. The midfield shot was simply...difficult?

Under the unbelievable gazes of hundreds of classmates, Li Yun's basketball flew out, drew a beautiful arc, passed through the basket quietly, and fell to the ground before making a bang.

The audience was silent.

After a long time, someone screamed: "Hollow ball! I'm Cao, it's a hollow ball!!!"

The so-called hollow ball means that the ball does not touch anything except the net when it enters the basket, including the basket and the rebound. It is called the "perfect way to score a goal"!

And Li Yun's ball was even more perverted. His ball was shot in the midfield. Not only was it scored, but it was also the most perfect hollow ball!

"Nima, CleanShot in the midfielder, is this still a human?"

"Great God, I kneel down for you!"

"66666, Ben Xianyu has played for ten years, so I can only shout 666 to the boss!"

"It's awesome, it's nothing to say, the big guy is awesome!"

CleanShot?

There was a strange look in Fang Xuemei's eyes. She rarely came to play basketball, because there was no one who wanted to see it. This was the first time she came into contact with this basketball term.

It seems that Li Yun did the best way to score goals in basketball?

"It's amazing!" Her heart thumped again, fascinated by Li Yun's demeanor, her beautiful eyes were full of admiration.

"You, sir, sir!"

Lu Shan was so depressed that he was about to explode. He was ready to hit Li Yun hard and let him lie down in the hospital for ten and a half days.

Unexpectedly, this ***** actually shot a super long ball, not close to him at all!

"This kid must not dare to collide with me, no, I have a chance!"

Lu Shanyin looked at Li Yun, picked up the basketball, and said: "When I serve the ball, in addition, according to the one-on-one bullfighting rules, no evasion is allowed. You must intercept the opponent!"

"Ojbk, no problem at all!"

Taking the first three points, Li Yun in a good mood deliberately blew a whistle. He wanted to completely defeat Lu Shan on the basketball court!

"Okay, you have a seed!"

Lu Shan had a sullen face and switched positions with Li Yun. Almost as soon as he reached the midfield line, he launched an attack like lightning.

"Boom boom boom!"

The basketball in his hand shook the sky, Lu Shan rushed towards Li Yun like a beast, without the slightest intention of dribbling the ball, directly hitting Li Yun with his strong and powerful shoulders. !

coming!

All those familiar with Lushan's vicious moves held their breath to see how Li Yun dealt with him.
