

## Godly Choice 3001

Chapter 3001: 9 options

Listening to her coquettish and moving snort, Li Yun smiled contentedly, and walked behind Fan Linglong's ass.

"Linglong, who are we going to find? Holy God? Holy Master?"

When Li Yun asked this sentence, he encountered a choice event with the most options in history.

"Ding, trigger the option event, please choose from the host:

Choose 1, 2, 3, 4, 5: Go to monitor the Sacred Valley of the Hidden Lord, the Holy Spirit, the Holy Master, the Holy Man, the Holy Woman, and look for suspicious points. The reward is to be determined.

Option 6: Silently observe Fan Linglong around her, find out the suspiciousness that may exist in her, and reward to be determined.

Option 7: Look around in the Hidden Sacred Valley with Fan Linglong, the reward is to be determined.

Option 8: Do nothing, reward: none.

Option 9: End all actions, leave the Hidden Sacred Valley, reward skills: Escape is shameful, but very useful (passive), Fan Linglong favorability score -10. "

With nine selection events, Li Yun was dazzled.

But to sum up, it is to see the five saints in the Hidden Sacred Valley and the former saint—Van Linglong.

Including the Holy Lord of the Hidden Sacred Valley, as well as the current saint, who is Li Yun's girlfriend, Fan Qing Sheng.

"Do you really think you can hide from the divine observation of the Holy Spirit?"

Fan Linglong gave him a white look and muttered: "I don't have the confidence of you. I came out...I just want to walk in the Hidden Sacred Valley and listen to what other people are talking about. Maybe I can find some clues."

Li Yun glanced at her transparent figure.

If something happens in the Hidden Sacred Valley like the disaster she predicted, and the disaster was caused by man-made, it is not a force majeure factor.

The person who Li Yun least believes is the culprit, first is the Sage Fanqing, second is Fan Linglong, and third is the Holy Lord of the Hidden Sacred Valley.

Needless to say, the first two are both his confidantes. Although Fan Linglong did not agree orally, he no longer resisted his hugs and kisses, and was regarded as Li Yun's girlfriend.

Finally, it is the Lord of the Hidden Sacred Valley.

He is already the actual ruler of the Hidden Sacred Valley. Even if Fan Qingsheng and Fan Linglong oppose him together, it is estimated that he will win in the end (the heart of the people who can win). The Holy Lord no longer needs to play any tricks.

unless.....

Li Yun thought of a possibility inexplicably, and asked: "Linglong, let me ask you a question."

"what?"

Fan Linglong was held by Li Yun's hands. She had become accustomed to this in just two days, and she liked to be called Linglong directly by him.

"Your Holy Lord, does he hate Hidden Sacred Valley?"

"What do you mean?"

Fan Linglong frowned. She actually understood the meaning of Li Yun's words.

Li Yun was referring to the fact that the Lord wanted to destroy the Hidden Sacred Valley because of his parents' grudge.

Combining with the big evil hexagrams she fortune-telling, there are not many people who are capable of destroying the hidden sacred valley into disaster. Any one or two of the five saints will put the hidden sacred valley into crisis.

Of course, the prestige of the saint Fan Qingsheng is a bit worse, but she is a symbol of the hidden sacred valley. If the Fanqing sage rebels, it will undoubtedly be a huge blow to the people of the hidden sacred valley.

Inferring from this line of thinking, in addition to herself and the Brahma Sage, the remaining four sages are all likely to be the source of the chaos that is pointed out by the Great Sorrowful Trigram!

"Holy Lord...Ji Yongnian, him."

Fan Linglong whispered softly, as if recalling something, "Except for the fairy in Huangyi who sits in the deepest part of the hidden sacred valley, Ji Yongnian is the oldest person in the hidden sacred valley."

Chapter 3002: Because of me

"The prestige of the Holy Lord is unmatched in the valley, and it has been going on for many years. If he has a grudge against the Hidden Sacred Valley, he doesn't have to wait until now to do it."

Fan Linglong made a negative judgment.

But Li Yun heard another meaning: "In other words, does he have a reason to do something unfavorable to the Hidden Sacred Valley?"

This time Fan Linglong was silent for a long time.

"You seem to know the life experience of the Holy Lord?"

"During the day, Qing Sheng and I saw him with the saint in the library. I went to find the history of the hidden sacred valley, and by the way, I heard the owner of the valley saying that he is a mixed blood of saints and demons."

The sacred demon hybrid refers to the offspring of the combination of the hidden sacred valley and the six demon gates.

"so it is."

Fan Linglong's tone relaxed a little, and said, "Since he can take the initiative to mention it, it shouldn't be him. That's right, it's just some trivial things of the elders, he doesn't need to keep remembering."

"What's the matter?" Li Yun asked.

Fan Linglong was holding a small hand by him, "In fact, it's not a big deal. Others may not know it. Only I happened to go to Aunt Chun-that is, Gu Zhu's mother. When I went to chat with her, it was unexpected. Seeing Aunt Chun sitting alone in front of the cliff, she looked sad, as if she was about to commit suicide by jumping off the cliff.

I was still young and frightened. I also forgot that Aunt Chun was actually in the Return to Void and was not afraid of jumping off the cliff. Anxiously, I ran over and hugged Aunt Chun... She didn't speak for a long time. "

Li Yun vaguely felt that something was wrong, so he didn't speak?

"Did you know? In front of outsiders, Aunt Chun always looks calm and gentle, treats everyone very well, smiles amiably, has a good relationship with her husband in the years, and her son is also very filial and talented.

If it weren't for her year-round birth in six sects, I really think she is the happiest woman in the world! "

Fan Linglong's tone was bleak, "But who would have thought that Aunt Chun would stand alone on the edge of the cliff, and she would not speak for a long time after being hugged by me..."

Judging from the situation at the time, Aunt Chun, who hadn't spoken for a long time, must have a lot of thoughts hidden in her heart.

"Finally, what?" Li Yun asked softly.

"Finally... Aunt Chun said to me: Linglong, Aunt Chun regrets everything he has done. If the Hidden Sacred Valley is destroyed one day, it must be because of me."

Li Yun's pupils shrank slightly.

What happened seven or eight hundred years ago actually corresponded to what Brahma Linglong had calculated today? !

Was it the inevitability of destiny, or... what did Aunt Chun know at that time? !

"She... did she say anything later?" Li Yun asked again.

Fan Linglong shook his head, "No, she just hugged me and stroked my head, telling me not to tell anyone about it.

After this, I actually asked her secretly when there was no one, but every time, Aunt Chun said to me with a smile, "Nothing like that, let me not think about it, everything is fine."

Over time, I also forgot about this incident, only thinking that Aunt Chun was quarreling with her husband that day.

After Aunt Chun died without illness, I became more unable to remember what happened that day. It was not until yesterday afternoon that I diagnosed the big evil hexagram and suddenly became alert. "

The atmosphere was a little silent, and Li Yun asked her: "Linglong, Aunt Chun can also use divination and fortune-telling, and how to calculate the number of days?"

"What kind of technique? That's called magic technique!"

Fan Linglong gave him a white glance. Of course, Li Yun didn't see them because they were both in a transparent and invisible state.

Chapter 3003: Shock

Isn't the difference between the exercises and the spells just one word?

"Good, good, you are right."

Perfunctorily, Li Yun was laughing secretly in his heart. Fan Linglong also learned how ordinary girls make unreasonable troubles.

"Humph."

Fan Linglong is not a fool, so how could she fail to hear the perfunctory of this stinky man's mouth, she decided to beat this stinky guy so that he would not always bully her in the future: "The technique is to absorb spiritual energy and strengthen the body. The technique is It refers specifically to spells and methods, the two are completely different, understand?"

"Hmm, I understand!"

Li Yun's expression and tone of voice that I always understand Wang, Fan Linglong stretched out his hand, vaguely perceiving his position, and slapped him angrily.

"when!!!"

A crisp and loud bell rang, and it spread across the entire Hidden Sacred Valley in an instant. The bells echoed all around, making everyone in the Hidden Sacred Valley including Li Yun and Fan Linglong all face, looking towards each other. The most center of the Hidden Sacred Valley.

There is the place where the Holy Lord lives, and it is the only bell that can awaken the entire valley!

"What happened?"

"what happened?!"

"An enemy invaded?"

"The people from the magic door are here!"

Countless disciples clamored, all kinds of magic weapons suddenly lit up, flying swords shuttled in the sky, looking around.

"I went to see!"

Fan Linglong was about to go, but Li Yun immediately hugged her - it won't work if she doesn't hug, she is still transparent and can't see where she is.

As a result, with this hug, Li Yun's hand touched a place that shouldn't be touched.

"Asshole, when is the time now!" Fan Linglong struggled in embarrassment, this \*\*\*\*\* must be deliberate!

"so big."

Li Yun watched Fan Linglong's figure gradually emerge from transparency, looked at the place he touched, and couldn't help but say.

"What!?" Fan Linglong glared at him.

"Ahem, no, I mean, Linglong, look at the clothes you are wearing now!"

Fan Linglong looked down and found that she was still wearing black clothes and black trousers, and her long hair was also tucked into the clothes. It seemed that she was tied in the hip gap because of the length. When you see people, you will definitely be considered a thief.

"...I'll go back once, don't follow."

Fan Linglong blushed, and hurriedly flew towards her small building, and refused Li Yun to follow along, fearing that he would use her hands to change her clothes.

Li Yun felt that he had been wronged again.

After touching his nose, he had no choice but to return to Qingsheng's bamboo building. He just foreseen that she had changed clothes and was about to go out. Qingzhu was also by his side, and the three of them flew to the center of the valley together and landed at the place where the owner of the valley was. The top of the hill.

There are already densely packed people on the top of the mountain. Everyone is wearing a long gown and carrying a flying sword. Li Yun looked back and saw that the sky was a sword fairy flying with a sword. At this moment, he suddenly realized that it turned out that the hidden sacred valley. It's really a cultivator sect.

"Master Valley, what happened?!"

Regardless of the outsider Li Yun, everyone looked at the two saints, the Lord of the Valley and the saints standing on the high platform.

Sage Fanqing did not step forward, and chose to stand in the audience, standing with Li Yun.

She vaguely sensed the unkind look in some people's eyes towards Li Yun.

"Valley Lord, what happened?"

A middle-aged man who Li Yun hadn't seen flew over. The first sentence at the beginning was to ask about the situation. Judging from his attitude towards the owner of the valley, this person should be the Holy God of the Hidden Sacred Valley, that is, the Sanctuary of Fanqing. That said, people who disagree with the Holy Lord!

Chapter 3004: Stolen

Li Yun carefully looked at one of the four people standing at the peak of power in the Hidden Sacred Valley. The Holy Spirit is more than forty years old. He looked slightly older than Gu, but his face was tight, as if cold. The ruthless gods above are worthy of the name of the holy gods.

After perceiving outsiders, or the existence of Li Yun, the holy \*\*\*\*\* looked over with a pair of cold eyes. The disciples standing next to Li Yun suddenly breathed, their faces flushed, and they were stunned by the soul. Deterred by the strong pressure of the environment.

Li Yun smiled faintly, chose to ignore his eyes and waited silently.

Soon, Fan Linglong, who had changed her clothes, arrived, and she put on a simple Taoist robe, her waist was tied, her long hair swayed, her cold face was full of alienation, and she looked at this involuntarily. The saint who was very young but had been for hundreds of years bowed her head to show respect.

"My Lord Saint."

Even many older generations, after seeing the appearance of Fan Linglong, instead used the name that should be called Fan Qingsheng to her.

Fortunately, Fan Linglong and Fan Qing Sheng are both masters and apprentices, and they don't value the title of saint, otherwise, according to the current situation, the position of Fan Qing saint has been taken over by the guests.

"Um."

Fan Linglong nodded slightly, and after a calm glance at Li Yun, he turned to look at the owner of the valley, and asked, "If the owner of the valley summons us late at night, what happened?"

She noticed that the saint was standing next to the Valley Lord, and his brows were frowned, he should already know what happened.

"The treasure house in the valley was stolen."

The first words of the Gu Master calmed the crowd around him, and everyone looked at him in astonishment.

The treasure house was stolen?

"...All magical artifacts, elixirs, and exercise books have been stolen by thieves!"

Gu's second sentence made everyone in shock and anger.

"Who?!"

"Who is so bold to steal from our Hidden Sacred Valley!"

"How is it possible, isn't the treasure house kept by the five saints together?"

"Which thief in the world has the ability to sneak into our Hidden Sacred Valley to steal things?"

"Should the inside and the outside fit together?"

The crowd became noisy as if a pot had been fried. Li Yun didn't need to ask what was stored in the so-called treasure house. Judging from the reaction of the disciples of the Hidden Sacred Valley, the contents were probably all valuable treasures.

More and more unkind eyes looked at Li Yun.

"Quiet."

The Holy Lord of the Hidden Sacred Valley stopped the crowd, his face solemnly said: "The thief's methods are superb. If it weren't for my feelings, I would ask the saints to go there. It might take tomorrow to discover this!"

There was another commotion in the crowd.

The Soul Bright Realm is extremely powerful, and they have an instinctive induction of crisis, and sometimes the sudden throbbing is the result of the guidance of heaven.

Only when the two saints rushed to the treasure house, all they saw was an empty cave. All the things that were blocked by the powerful enchantment were swept away, not even a single medicine was left behind.

"how so....."

Everyone in the Hidden Sacred Valley felt that it was absurd and abnormal. The Hidden Sacred Valley's World-Escape Enchantment was already the only powerful enchantment in the world, and it would be extremely difficult even for the six gates to enter.

Not to mention that the Hidden Sacred Valley was not only breached by thieves, but also stolen the most important treasury inside. This is undoubtedly a big slap in the face of thousands of people in the Hidden Sacred Valley.

"This guy must have done it!" Someone suddenly yelled angrily, pointing at Li Yun and shouting.

Chapter 3005: Stolen

Everyone looked at him in unison.

"That's right, he is an outsider, and something happened as soon as he came to our hidden sacred valley. Isn't he who is?"

"Valley Lord, order him to be arrested!"

"Master Saint, who is this guy?"

"Don't be so reckless!"

A group of people were filled with outrage after being agitated, but there were also many reasonable people who came forward to persuade him, which made Li Yun's depressed mood much better.

"Shut up."

Li Yun snorted and glanced around: "I admit that I have the means to commit crimes, I have a way to break through your treasure house and enter it, and I can also use a storage bag to sweep away your things, but I simply It is impossible to do this, and there is no time to commit the crime!

On this point, Linglong... my master can testify! "

He was very upset. After all, he really didn't do anything tonight, so he had a relationship with Fan Linglong, master and apprentice, and was interrupted by an emergency before the investigation started.

"Do you have the means to commit crimes?"

The saint master who had spent some time with Li Yun before said, "Can you ignore the barrier of the treasure house?"

"good."

"Then you have been with the saint tonight and the former saint?" The saint's name to Linglong was the former saint, which was a bit unexpected for Li Yun.

"Yes."

"Well, the two saints are willing to swear by the ancestors of the Hidden Sacred Valley, is everything he said true?"

The saint master is aggressive, and Fan Linglong glanced at him coldly, then slowly said: "I don't need to swear anything, I don't need to be proved by the ancestors and ancestors! I can say very clearly:

I have been with him in the hour before the bell rang just now, which proves that Li Yun did not have time to commit crimes during this period. "

Fan Linglong understood that Li Yun's magical stealth spell might be the reason why he could ignore the barrier.

It's just... how could he steal the treasure trove?

"Holy woman, what do you say?" The Holy Spirit asked, the expression on his face unchanged, still indifferent.

"From six o'clock after dinner to eight o'clock--"

The Sage Fanqing spoke very ambiguous words in a voice like heaven: "I hugged Li Yun together. He has never left."

Hug together?

Everyone looked at the saint subconsciously, then at Li Yun, imagining what it would be like when the two hugged each other, and some people who had a crush on Fanqing Sheng were heartbroken.

However, if the words of the two saints are true, Li Yun does not have time to commit the crime, unless the time stolen is not tonight.

But in the afternoon, someone had entered the treasure house and took something out of it. The thief's entry time should be between 4pm and 9pm.

"It's not me, it's really not me!" The last disciple who entered the treasure house almost cried, "I have the pass issued to me by the saint himself...I, I don't even have a storage bag, it is impossible to steal!"

The level of the storage bag is weaker than that of Sumeru mustard. It can only store some items that can be enlarged and reduced. The treasures with a little more aura cannot be stored. There is definitely no way to take the treasures in the treasure house with the storage bag!

"The other party has Sumeru mustard seeds."

The voice of the sage master was flat, but his eyes were on Li Yun and Fanqing: "If you remember correctly, there is a Sumeru mustard seed in the lady of the saint!"

Everyone was quiet for a moment, and I don't know anyone whispered: "The inside should be in harmony with the outside."

The saint Brahma Qingsheng, together with the outsider Li Yun, stole the treasures of the Hidden Sacred Valley! !

Chapter 3006: Who is the thief

"Ding, trigger the option event, please choose from the host:

Option 1: Take action angrily, kill the Quartet, destroy the Hidden Sacred Valley, reward evil + infinity, directly enchant, and other rewards to be determined.

Option 2: Cooperate with Vatican Linglong and Vatican Sage, kill the holy gods and masters, reward evil value + 1 million, colorful gift bag\*5, all attributes + 1 million, and experience value + 10 billion.

Choice 3: Don't send it out, prove your innocence, reward experience value +50 million, all attributes +1 million, golden gift bag\*1, and Fanlinglong favorability +0.1.

Option 4: Find the thief, reward: all attributes + 5 million, experience value + 100 billion, all host skills are increased by 1, special treasure \* 3, special gift bag \* 1 (Note: Please complete within ten minutes). "

Li Yun was shocked, not because of the direct enchantment option, but choice four.

Finding the thief actually rewarded 5 million attribute points? ?

It was equivalent to triple his current strength, and his strength skyrocketed to the point where he could hang with one hand in the Soul Bright Realm!

If possible, Li Yun really wants to catch the thief directly, and then he can start the flat push mode all the way to directly end all the plot.

Unfortunately, the system is limited to finding the thief within ten minutes, but Li Yun is completely at a loss now. There are four or five people in the Hidden Sacred Valley who are likely to commit crimes-including a Huang guarding the most important place in the Hidden Sacred Valley. Clothes fairy.

In just ten minutes, how would he find the murderer? Unless his plug-in speaks directly, it is impossible.

"Papa."

With all kinds of thoughts in his mind, but his hands clapped, Li Yun said to the holy master with a sincere smile: "It is a good reasoning. I completely agree with your opinion from the holy master. If you join hands with me, my husband and I can carry the treasures of the Holy Valley of Light and Hide!"

Everyone's expressions shrank.

Seeing that Sage Fanqing also looked over, Li Yun smiled secretly in his heart, this is to retreat to advance.

And it was two times to retreat.

Why did Li Yun expose that he could break through the treasure house?

Very simple, because Fan Linglong knew about this, if he didn't say it, Fan Linglong would most likely suspect him. It would be better for Li Yun to say it earlier, instead, it would allow Fan Linglong to defend him.

Including now too.

Li Yun couldn't explain the matter between him and Fanqingsheng, so he could only follow this line of thought and let others "justify" for him in turn.

"But why do we want to do this?"

Li Yun said lightly: "I have a big company outside. My girlfriend is the Saintess of the Hidden Sacred Valley. The relationship between us is also very good. In addition, I have no ambitions, and I have a treasure of the ancient cave in my hands. Although it can't compare with Hidden Sacred Valley in quantity, I think it's not inferior to you in quality.

Therefore, there is no need for me to steal things from the Hidden Sacred Valley. That's it. If some of you want to pour dirty water on me and you can't produce any evidence, don't blame me for being rude! "

The words were loud and loud, deterring some criminals who were eager to move, and also won the approval of many people, accusing others of being thieves requires evidence, and can't speak indiscriminately.

Fan Linglong glanced at Li Yun again. The meaning of this guy is simply: I am a winner in life and I don't need to do anything to steal.

Hmph, there are so many beauties around this guy, it's not a winner in life.

Chapter 3007: Anyone is possible

Li Yun's words made everyone look at the saint master.

"I just put forward a reasonable hypothesis."

The sage replied indifferently.

"That's good, I also agree with the spirit of saint master that you have such bold assumptions and careful verification!" Li Yun smiled: "Then I also want to ask whether you, and the other saints, also have gods in their bodies. I don't know the ability of ghosts to enter the treasure house?"

"The five of us are in charge of the treasure house, so naturally."

"Then do you all have Sumeru mustard seeds?"

"What do you mean?!"

The sage master and the sacred gods shouted at the same time.

Li Yun narrowed his eyes, "I don't mean anything, but in the spirit of bold hypothesis and careful verification, I put forward the hypothesis very seriously: this time the hidden sacred valley treasure house was stolen, it may be your five saints, such as senior saints. , Senior Saints, or one of the former saints, did the act of guarding and stealing!"

Fan Linglong glanced at him, feeling a little uncomfortable in her heart.

Although it was a reasonable assumption, this guy even doubted her.

Everyone looked at the five saints, wondering what they were guessing, but Li Yun vaguely heard some comments.

"Who do you think it will be?"

"No, I don't know, I always feel...Is it the Holy Spirit? He doesn't agree with the Gu Master."

"Hehe, you said that you didn't know before, and then you guessed it? Actually, I'm talking about a person from six doors?"

"Go! I'm just guessing, now that the undercurrent in the valley is surging, who knows what will happen?"

"Will it be a saint? He..."

"It may not be that I entered the treasury, but sent someone..."

In the quiet night, the faint voice of discussion is like a ghost murmuring in the darkness, and all those who have deep feelings for the Hidden Sacred Valley have their faces gloomy.

In fact, if it is really good for an outsider to do it, if it is someone in Yanai who is guarding and stealing, then... it doesn't matter who the murderer is.

The important thing is that the trend of the Hidden Sacred Valley split is inevitable.

"It's easy to know who the thief is."

The Holy Spirit spoke indifferently again, and cast an uncomfortable look on Li Yun's face, "I admit, you are right, the treasure house was stolen, and everyone including our five saints are very suspicious. In the case of unable to find any evidence, I propose to search the valley and check all storage bags, enchantments, and everything in the room!"

Everyone's face changed slightly.

"From yesterday to now, no one has entered or escaped the world of escape, the treasure must still be in the valley!"

The gaze of the holy \*\*\*\* is no longer just on Li Yun, but slowly moving, scanning across the body of the sage of Vatican, the linglong, the sage, and the sage respectively, and finally fixed on the plain image of the holy lord of the hidden sacred valley. On his face.

"Valley, what do you think?" The Holy Spirit asked lightly.

The atmosphere suddenly changed.

Some disciples who had already followed the Holy Spirit and deliberately left the Hidden Sacred Valley to develop on Penglai Island, and other disciples who firmly supported the Valley Master, there seemed to be a fierce spark between the two sides.

Although the Holy Spirit is only asking the opinion of the Valley Lord, the two sides have quarreled many times over the past few days, and there has been an irreparable rift between the two saints, the Holy Spirit and the Holy Lord.

At least in the eyes of ordinary disciples, the contradiction between the two saints has reached the point of irreconcilability, and it is likely that they have already fought back secretly.

Of course, only they know the facts.

"I have no opinion."

"I object!"

Chapter 3008: Variety

The owner of the Hidden Sacred Valley said that he had no opinion, and indifferently agreed to the suggestion of the Holy Spirit.

But Li Yun clearly expressed his opposition.

"You don't agree?!"

The holy master immediately jumped out again and sneered: "Could it be that your ring contains the treasures of our hidden sacred valley?!"

Everyone looked at Li Yun in unison.

In the final analysis, it was because his identity as the son-in-law of the Hidden Sacred Valley was not recognized by everyone, and the saintess only unilaterally said that she had found her husband, but was not recognized.

Li Yun replied: "I don't know what the hidden sacred valley treasures are, but I know that the treasures in my hand are stronger than those in the hidden sacred valley! And my space ring, which is what you call the Sumeru mustard, has a killer mace. I will take out all the ordinary magical weapons, don't I show you my hole cards?"

The words made the Hidden Sacred Valley disciples to death.

"What a big hole!"

"You want to compare with our Hidden Sacred Valley with your own things?"

"Show it out and see what the treasure you found in the immortal mansion outside!"

Everyone spoke up, asking Li Yun to take out his so-called treasure to look at.

Li Yun thought for a while, took out the shards of God Whip in his inventory, and showed them in the palm of his hand, and said: "My thing, if you can find a treasure of the same grade in the Hidden Sacred Valley, I will give in directly. !"

Dozens of divine thoughts instantly swept through the strange fragments in his hand, but they left quickly as if being electrocuted, and the expression in his eyes suddenly became terrified:

"Shards of fairy artifacts!"

One stone caused a thousand waves of waves, and some of the disciples who had not cultivated their spiritual mind all looked at Li Yun in shock, and the magic weapon in his hand, no, the fragments of the fairy!

The only immortal tool in the Hidden Sacred Valley is the Immortal Ascension Order in the hands of the Valley Master. It can control the world of escape and open the most important holy land in the Hidden Sacred Valley. It also has a powerful attack power. Repelled hundreds of six demon heads, the last battle of the holy demon relied on it to repel the attackers of the demon door.

Shengxian Ling can be described as an offensive and defensive one, extremely powerful.

Hidden Sacred Valley has only one immortal weapon level token, so does Li Yun actually have it in his hand?

"anything else."

Seeing the shocked expressions on their faces, Li Yun took out another fragment of the magic whip in a wicked way, and once again shocked the people around him.

"There are so many treasures in the ancient fairy house? Then aren't we..."

"Hey, we missed it! There must be many treasures on Penglai Island. Outsiders don't know, but we can find them!"

"I heard that there are ancient immortal caves in other places, and there are many..."

"The magic gate is developing in the outside world, but we are clinging to the Hidden Sacred Valley...?"

The voice of the crowd gradually changed, as if the treasure house of the Hidden Sacred Valley became irrelevant, everyone just wanted to go out, out to the outside world, and plunder the ancient fairy caves that appeared on the ground!

Li Yun shook his heart and looked at Qing Sheng and Fan Linglong.

Their master and apprentice are the ones who don't want to see the rifts in the Hidden Sacred Valley the least, but his unintentional actions now make the hearts of thousands of disciples in the Hidden Sacred Valley eager to move again.

"Quiet."

The owner of the valley calmly stopped the crowd, looked at Li Yun and said, "I think it is feasible to check the mustard seeds of Sumeru. What's your opinion?"

Li Yun frowned, "If you have to check, then I can only accept Qing Sheng and my master, that is, Fan Linglong, to check the contents of my space ring, and the rest of them can't see or know what's inside!"

Chapter 3009: attack

"How can this be!?" The Saint Master was the first objection.

"Either accept my suggestion or...huh."

Li Yun snorted coldly.

Even if outsiders cannot see his inventory, there are many inconvenient things in the space ring. If they check the space ring, Li Yun has to find a way to transfer the items in the system inventory to the space ring, which is troublesome. Terrible.

Therefore, the only people who can check are Fan Linglong and Fan Qingsheng.

Saint Fanqing knew about his treasures including the Lotus Immortal Mansion. As for Fan Linglong, her favorability score was 99 points, and Li Yun also trusted her very much, believing that she would not disclose it.

"Hehe, it seems that you are very confident of your own strength." The Holy Spirit sneered.

"It's enough to hit a group of you."

"hehe"

"Arrogant!"

"enough."

The clear voice of the Sage Fan Qing calmed the situation that was about to erupt a bit.

"I agree with Li Yun's opinion, and I know him very well, and I don't think he will do anything to steal."

"If you must force him, then I would resign from the position of saint and stand with Li Yun!"

The sound of nature made everyone in the Hidden Sacred Valley silent.

None of them thought that the saint would be so ruthless, choosing to believe in Li Yun instead of them.

Li Yun looked at Fan Qingsheng with emotion. Although he knew that Qingsheng would definitely choose to stand on his side, he did not expect to speak out in the Qingsheng meeting.

And she also chose to abandon the hidden sacred valley.

But it's right to think about it, if the people in the Hidden Sacred Valley don't believe her, then she doesn't have to stay in the Hidden Sacred Valley anymore.

"me too."

Fan Linglong gritted her teeth, and finally said: "However," she looked at Li Yun's eyes, "I want to check your things before making judgments. I think I am Fan Linglong, and there is at least a certain degree of truth in what I said. Reliability!"

The quiet atmosphere is depressing.

"I choose to believe in Master Saint!" An elderly Hidden Saint Valley Clan finally opened his mouth.

"me too!"

"Master Linglong has been a saint for more than five hundred years. I naturally believe her words!"

More and more people came forward and chose to believe in the words of Fan Linglong.

But many people remained silent.

If Fan Linglong and Fan Qing Sheng are credible, then the saints, saints, saints, and valley masters are all credible.

In this way, who stole the treasure?

Is it really an outsider?

But how can an outsider come in unconsciously?

"Boom!!"

At this moment, there was a dull sound in the distance, and a dim lightning flashed above everyone's heads.

Lightning spread across the sky in an instant, illuminating the astonished faces of everyone in the valley.

"Enchantment, was attacked!"

I don't know who yelled such a sentence, and thousands of disciples suddenly panicked.

Some took up weapons and prepared to fight back, some stayed where they were scared, some yelled and said that the demon's people had attacked, and so on.

Seeing that they were panicked and overwhelmed, each holding a group but not trusting the people around them, Li Yun knew that the Hidden Sacred Valley was about to end.

The long-term separation has left the disciples of the Hidden Sacred Valley without cohesion, and even the five saints have cracks, let alone ordinary disciples.

After all, the Hidden Sacred Valley is not a sect, it is just a refuge, and the catastrophe is imminent.

"Quiet!"

The Valley Lord stopped the crowd and ordered the elders to organize a team, while he took the four saints and flew to the entrance of the Hidden Sacred Valley.

Chapter 3010: acquaintance

The world of escape is still strong, the attack just now was just a warning, or a reminder to the people in Yanai: their old friend is here!

Many people in the Hidden Sacred Valley have guessed who came. When the valley owner opened the world of escape, when the outside scenery appeared in front of everyone, they saw a group of black-clothed, thin bodies and extremely gloomy faces. The cultivator is controlling millions of Gu worms, covering the sky and the sun are all kinds of Gu worms, and the squeaks are terrifying.

At the same time, a sinister laughter sounded: "Old brother, we came by appointment, shouldn't we do it?"

What? !

The people in the Hidden Sacred Valley were shocked, could it be that the Six Demon Sects really cooperated with someone in their Hidden Sacred Valley, ready to kill them by surprise? !

"Guxingxing!!!"

Fan Linglong was the first to react. In an instant, there was a long sword flashing with lightning in his hand, and a mature and beautiful face was full of anger: "You really colluded with the six magic doors?!"

The saint, the saint, and the people standing beside the holy \*\*\*\*\* all looked at him in shock.

Some older generations know the name of the holy god: Gu Xingxing!

"I didn't!" The holy god's expression was cold, and he flatly denied Fan Linglong's remarks.

"Jie Jie Jie, old man, let's do it, it will change when you are late!"

A large group of Gu worms swarmed in, and the Hidden Holy Valley disciples hurriedly challenged, and the situation was suddenly chaotic.

Fan Linglong yelled coldly: "If you say it or not, it won't count, and you will be caught immediately!"

"Van Linglong!!" The Holy God yelled angrily, but all around was the buzzing of Gu worms. In the distance, there were dozens of refining gods and several Void Returning realms constantly casting spells, cooperating with Gu worms to attack. Come.

Moreover, the spiritual consciousness of the two soul and bright realm demon heads stared at him, making him unable to let go of his hands and feet.

At this moment, there were 10,000 mouths, and he couldn't refute the dirty water poured on him by the six doors.

At this moment, the Holy Spirit Gu Xing Xing finally realized

Seeing him with a very angry look, Li Yun flashed a smiled face in his mind, suddenly thought of something, and hurriedly shouted: "Linglong, dealing with the people of the six gates, the Holy Spirit did not collude with outsiders!"

Looking at these Gu worms again, Li Yun's heart became angry, and he directly used the mana in his body, took a breath, and said with a thunderous voice: "Qing Qing concubine, get out of me!!!"

In an instant, majestic and loud voices swept across the world, and countless fragile Gu worms were swept away, falling like rain, and black piled on the ground several meters high.

The sound of the righteous Azure Dragon brought an extremely shocking effect. The Hidden Sacred Valley and the Six Doors were all shocked, and both of them involuntarily stopped their hands and looked at the person who made the sound subconsciously.

There is only one thought in my mind: what a terrifying voice!

Those who look at Gu worm's six sect beasts are even more heartbroken. This kind of righteous voice is simply the nemesis of yin and evil tired Gu worms. No matter how concealed, subtle, and invincible your Gu worms can be raised up, it's in the sound of killing It doesn't work at all in front of it.

The voice of the Azure Dragon spread all over every corner, strangling all the hidden Gu worms, and even some Hidden Sacred Valley disciples who were drilled into their bodies felt that the Gu worms in their bodies were directly shaken to death.

For a time, Li Yun's image in the minds of the disciples of the Hidden Sacred Valley has undergone a certain change.

"Hehe, it turns out that handsome Li is also here~"

Accompanied by the crisp female laughter, an enchanting beauty stepped out on a catwalk. Her graceful and sensual figure swayed with the movement of walking, and everyone's eyes were attracted almost instantly. Past.
