

Godly Choice 3041

Chapter 3041: campus

After all, even if they marry the rich second generation, the wealthy outside may be reluctant to pay them large sums of money. It is better to stay in the mansion and enjoy ample material life, and the usual work is not tired, and there are annual vacations. .

Such a life is far better than being a rich second-generation lover outside.

"Okay, Master." Gong Xiaoxia wickedly learned the maid's movements in the anime that Miss watched, her white fingers pinched the layered skirts, and gracefully bowed to Li Yun and Gong Qingyu. Just returned to the BMW car and drove away.

The eyes of people around have become lemon-like.

In a word that recognizes Li Yun: "Damn it, it doesn't matter if I am a supernatural person, I am a talented person, and I have become the top student in the college entrance examination. I am so handsome, and my girlfriend is still a wealthy daughter... Forget it all, the point is, is your girlfriend still a cute school girl who likes Hanfu? Is this tolerable?"

A group of people nodded suddenly and like to wear Hanfu, which means they like anime and games. I would like to ask, who doesn't like that his girlfriend is someone who has the same hobbies as himself?

As if hearing the comments of the people around him, Gong Qingyu covered his mouth and smiled. His graceful temperament instantly fascinated a group of boys and gave out howls of wolves.

Li Yun can't laugh or cry. Actually Gong Qingyu is not wearing Hanfu today. Because the weather has turned cold, she is wearing a woolen coat and a khaki high-waist umbrella skirt on her lower body, but her hair is neatly cut at the waist. , Very lady.

The classical temperament of Gong Qingyu in the outside world caused her to feel retro even if she was wearing modern clothes.

Li Yun especially likes Gong Qingyu wearing a black round hat to hold down the hair that was blown away by the wind, especially the white lines on the black hat, which is very beautiful.

"What else is the idiot looking at? Let's go."

The corner of Gong Qingyu's mouth was grinning. When she thought that she would occupy him alone for the next two days, she couldn't help being happy, even afraid of losing. She wanted to let Li Yun accompany them more at night. So as not to adapt to the idea in the future.

"Oh oh, here it is."

Li Yun caught up with her, but Gong Qingyu didn't move, just stretched out her hand.

"Lead."

She ordered that Li Yun reacted and quickly took Qingyu's little hand, which made her step forward with satisfaction and briskly walked into the campus with him.

"If someone asks, you will say you have a broken leg, so I will hold your hand, know?" Gong Qingyu told him.

She has already made an appointment with Fang Xue and no one in Zhonghai University should be too close to Li Yun, but since everyone has broken the rules, such as Xiao Mingzhu kissing Li Yun publicly, then she is not welcome.

As long as you don't recognize Li Yun as her boyfriend, you can do anything else, right?

"Okay, for the sake of Qingyu, recognize it!"

Li Yun aggrievedly agreed, and Gong Qingyu smiled with amusement.

The man who can make his girlfriend happy is what a boyfriend should be.

The two entered the campus holding hands. The warm autumn morning sun was very comfortable. If you ignore the identities and looks of Li Yun and Gong Qingyu, they are no different from the many couples on campus at this moment. It is holding hands, index fingers crossed, and a happy smile on his face.

But Li Yun and Gong Qingyu are not ordinary after all, too many people greeted him along the way.

Chapter 3042: Chairman early

"President, early."

"The president is awesome!"

"Hi, Hanfu school girl was also taken down by the president?"

"Nonsense, the chairman of the school brother just held hands with the Hanfu school girl, and didn't admit the relationship, right, the chairman? Hehehe."

Because Li Yun became the president of the Supernaturalists Association, and his outstanding performance in military training, more importantly, Li Yun generously "distributed" millions of monetary benefits to the students in the planning class, allowing his Fame suddenly skyrocketed to incredible heights.

It can be said that compared to the student council president, Li Yun's position as the president of the Supernaturalists Association is more well-known, and the word president is almost his exclusive new name.

"Uh, early everyone."

Li Yun reluctantly greeted him, and hurriedly took Qingyu to drive away. The hand-in-hand movement of the two did not explain. Many students who knew the relationship between Li Yun and Xiao Mingzhu were shocked.

However, none of their clients said anything, and outsiders could only say sour jealousy: it is good to have supernatural powers, and you can step on two boats.

Gong Qingyu had no class in the first two sessions in the morning. The two of them came to the Academy of Fine Arts with their hands on their hands and found Fan Yongsheng, who was teaching

students. This painter is already in his 60s and 70s, but he has been working ***** the front line of teaching and has no choice. Take graduate students, but start with undergraduates.

Master Fan was very happy to see the two of Li Yun coming, and directly arranged a seat and drawing board for them at the front of the studio, which made his students quite dissatisfied.

Master Fan did not explain, and directly asked the two of them to start the classwork, and one of them painted a portrait of him.

The other students were also not convinced, so they drew together.

Of course, Li Yun won. His painting skills have reached the pinnacle. Few people in the world can match him. The only thing missing is his artistic inspiration.

Gong Qingyu's work is not bad. He changed Master Fan to a quagmire hermit, with a gray beard, and a Tang suit with great temperament. Although it is not a portrait, the painter is very skilled, and professionals can tell at a glance. .

"It's a pity, it's a pity."

Master Fan looked at Li Yun's paintings and kept shaking his head and said, "If you don't have abilities, and you don't become the president of this abilities association, I promise you that you can achieve outstanding achievements in the painting world in the future. It is definitely Huang Xuanguo's painting circle. The premier master!"

The students in the surrounding painting academy nodded in agreement. They were already impressed by Li Yun's painting skills just now.

Li Yun smiled: "Everyone has his own ambitions, and I don't really like being a president."

"Oh?" Master Fan's eyes lit up, "Is it intentional to go to the painting world..."

"Not much interest in this."

Li Yun is more "wasteful". At present, he only wants to accompany his girlfriends and protect them. This has become Li Yun's first action goal.

"You kid!" Master Fan scolded with a smile, "Forget it, I won't force you, but you have to promise me that when you and your young girlfriend come to the art school to study, draw more pictures and wait to find someone. I'll hold an exhibition for you in time...Don't refuse, and exhibit your girlfriend's paintings by the way, and you won't disappoint your talent, right?"

Gong Qingyu covered his mouth and smiled. It seemed that the teacher had already grasped Li Yun's pain points, and he could not refuse to refuse.

"Okay." What else can Li Yun say? Draw it for my girlfriend!

Only then did Master Fan nod his head in satisfaction, with a teachable appearance.

Chapter 3043: I am archaeology

The classmates in the painting room are also very happy. Li Yun, a classmate who has become a big brother, will have a great gimmick when they promote their paintings in the future.

In today's society, how much a painting can sell depends not on how well your painter is, nor how much artistic content you have in your painting, but on whether you are a famous person.

Don't you see, a famous host of China Central Radio, his calligraphy works can be sold for tens of millions, but once he died, his calligraphy works would be packaged for thousands of dollars and no one wanted to sell them!

A certain business tycoon with the surname Ma of Baofutong, his so-called paintings can sell for hundreds of thousands, which is actually a reason. Is the person who bought his paintings for the ""art in his paintings? No, just for "relationship."

Now Li Yun is expected to become a big shot in the art world. Even if they don't help them, as long as they are looking for a job, or attending a so-and-so exchange meeting, let's say that Master Li Yun and I are classmates, we are learning painting together under the same teacher. People will look at them high!

As a result, Li Yun quickly became the center of everyone's social interaction. A group of men and women in the future painted masters around him, first calling the president, and then calling the younger brother kindly, not enthusiastically.

So after two classes, Li Yun hurriedly took Gong Qingyu away, disappointing a group of painting students.

"I probably know why you are so popular with girls." Gong Qingyu glanced at him.

"Why?"

"You just have too many messy skills, and you like to be pushy. This will definitely attract the attention of girls!"

"...Then Qingyu, you might as well say that I am a star in the night sky, wherever I go, so charming and so dazzling."

"Hey, shameless~"

Gong Qingyu clasped Li Yun's hand tightly, and didn't want to let go.

"Let's go, what are you doing? Don't you have three or four classes?"

"I am a major in archaeology!" Gong Qingyu said sullenly.

"and then?"

"You go up too?"

"Of course!" Li Yun said vigorously: "I finally had time to accompany my Qingyu. Wouldn't it be a waste not to go to class together? Besides, we are all in the same school. If we never sit together in class together Experience, our university is in vain."

Gong Qingyu retorted: "My college life is not to go to class with you!"

Her mouth was hard to resist, but the smile was clearly displayed from the corners of her eyebrows.

The beautiful people around you are smiling like a flower, what else can be more beautiful than this?

Li Yun and her came outside the classroom holding hands.

The freshman course of any major is not too in-depth, and the freshman course of archaeology is not going to excavate some ancient tombs. Li Yun glanced at the books in Gong Qingyu's bag. The books inside were all What is an introduction to archaeology, an introduction, the history of archaeology, and the history of the world, etc.

It is estimated that after studying these historical materials and having a general understanding of the history of civilizations around the world, the sophomore year began to study specific cultures, such as Mayan civilization, Atlantis civilization, pyramid civilization, and so on.

Until the junior year, you will be exposed to some actual combat: digging ancient tombs.

Ahem, just kidding, even if you majored in archaeology, you would not have access to actual tomb digging before you graduated with a master's degree. On the contrary, Li Yun, a person who is not an archaeology major, has dug an ancient tomb once.

From the ancient tomb, a person who was suspected to be alive hundreds of thousands of years ago was dug out: the young girl.

This kind of experience, presumably no archaeological student in the world will have it.

Chapter 3044: Come to archaeology

"Isn't this the president of the Ability Association?!"

After Li Yun entered the classroom, a male classmate immediately recognized him. Most of the archaeology majors are boys, but there are also a small number of girls, but they are very few. There are only more than 20 people in the classroom. The situation of the people in the 51st and 51st classes is completely different.

"Hello everyone, today I have come to the class!" Li Yun smiled.

"A course of archaeology?"

A girl widened her eyes, looked at Gong Qingyu again, and suddenly realized: "It seems that the Hanfu school girl in our class is already famous!"

Hanfu school girl is certainly not a school girl in this class, but who made her famous, so the classmates also call her Hanfu school girl.

Gong Qingyu's face turned red.

"Classmates, please don't talk nonsense." Li Yun said solemnly: "The Hanfu school girl is suffering from a disease called cold hands without being shaken, so I held her hand specially to prevent her from catching a cold. ."

Gong Qingyu squeezed his big hand vigorously.

"What kind of disease is this?" The female classmate couldn't laugh or cry.

Another male student waved his hand clearly, "Okay, okay, I know that you all suffer from the disease of 'you will die if you don't hold your hands', and you also have a halo that automatically causes 100 points of damage to nearby single dogs. "

With a scream, all the single dogs in the classroom were severely hit.

"I want a girlfriend too! Right now, right now!"

"I'm looking for two, one to hug and one to hug a kiss."

"Then I will also find two boyfriends, one is responsible for carrying bags when going shopping, the other is responsible for being beautiful and beautiful."

"I'm going, isn't the dog licking the bag? Wait, last time I went shopping with you, I also carried the bag..."

"Hello, licking dog, goodbye."

"Damn it, look at it!"

This group of college students have only been promoted from high school, and they still retain the habit of playing in the classroom when they were in high school, so that when a gray-headed old professor came in with a stack of books, he was shocked when he saw the lively classroom. a bit.

College students are not so noisy.

"The teacher is here."

I don't know who yelled, and the class suddenly became quiet, and the familiar feeling of high school made everyone couldn't help but laugh.

"What happened to you today..."

The old professor stepped onto the podium, put down the lecture, looked around all the classrooms, and quickly found the cause of the abnormality, and recognized Li Yun at a glance.

"What I said, it turned out that the president of the Ability Association came."

The old professor smiled and said, "I remember your name is Li Yun, right? Why, you can't take professional courses anymore?"

"Report to the teacher, 90 points in the final exam is not a problem!" Li Yun answered the question, but the answer was very satisfactory.

The old professor nodded, and then reminded: "You can't use abilities during the exam."

A group of classmates all laughed.

Gong Qingyu couldn't help covering her mouth, smiling very ladylike. This scene made many students who were used to her cold posture watched. They were the first time they saw Gong Qingyu smile.

Li Yun said innocently: "Although the words hurt a little bit, but with my IQ, I can take a 90-point test casually."

A group of classmates suffered a crit on their IQ.

A classmate said: "Is it appropriate for the president to come to the class with a classmate from the computer science class? He also said that it is not related to the Hanfu school girl!"

Li Yun calmly replied: "Since you call me the president, you also know that there are many ancient relics around the world recently? I will listen to a class, maybe in the future, I will learn about certain relics from myths and legends!"

Chapter 3045: Hold for a lifetime

Archaeology students were persuaded by the invincible reason here.

The old professor also nodded and said: "It is true. The ancient ruins have refreshed our understanding of the history of the earth. People in the geological world have even begun to re-determine the age of the earth. Unfortunately, it hasn't changed for 4.5 billion years. Professors in the biological world. They are very happy. They have a new inference about the Cambrian life explosion, and they wonder if there was also a spiritual energy explosion at that time."

The students listened quietly, and the old professor said meaningfully: "Biological alienation is a very bad thing, but it also brings opportunities that have not been in existence for tens of millions of years. You are still young. If you can grasp it, the future humans say Maybe we can actually settle on the moon and Mars."

Everyone is caught in the reverie about the future. Huang Xuanguo is already conducting experiments on the aura catalyzing space creatures, and the results obtained are very exciting. With the blessing of the aura, animals and plants have strong vitality, even in the cold, high radiation, and lack of energy. The space environment of oxygen can also survive.

Thinking about traveling to the moon in the future, how can we not be excited as a human being who has lived on Earth for hundreds of thousands of years?

Li Yun didn't think too much, put his hand under the table, and placed Gong Qingyu's jade-like little hand on his palm.

"Are you annoying, I still have to go to class."

"It's not annoying."

Li Yun rubbed her small white hands under the table, drew a circle in the palm of Qingyu, and pinched her small fingers, playing with it in love.

"Didn't you just come together holding hands? Why do you want to hold them again!" Gong Qingyu said impatiently, but her pretty face slowly blushed, and Li Yun's actions made her feel that this guy was right. More of her love.

A couple in love, who doesn't like the other person holding himself in the palm of his hand and sticking to himself all the time?

This feeling of being needed and cared for makes people feel warm in the bottom of my heart, as if in winter with the person I like hiding in a bed, the wind and snow roaring outside, but the warmth inside the house is like spring.

Gong Qingyu suddenly wanted winter to come soon. Even if it didn't snow in Zhonghai City, it was drizzling cold and when the northwest wind was blowing, she and Li Yun were lying in the corner of her carpeted study. Covering it with fluffy on the soft sofa, watching anime, playing games, and watching small videos together will definitely be very happy.

"Because I can't hold it for a lifetime." Li Yun replied softly, staring at the old professor who started the lecture on the podium, but continued to squeeze Gong Qingyu's small hand with his left hand.

"Then... hold it for a lifetime."

The genius and arrogant girl finally stopped being arrogant.

...

After class, Li Yun wanted to go to the cafeteria with her, or go to the small restaurant in front of the school, but Gong Qingyu insisted on calling Xiao Mingzhu and Fang Xue. Except for Su Muxin who was going to have dinner with her classmates, Gong Qingyu didn't come. Xiao Mingzhu and Fang Xue must have dinner with her.

Li Yun didn't understand why.

However, in the past two days, it was her who was in charge. Li Yun did not object, nor did the two daughters of Xiao Mingzhu have any other opinions. Qingyu said they would eat wherever they went.

Gong Qingyu did not choose to go to the canteen, nor did he go to the small restaurant outside or the Mingzhu's hotel to eat. Instead, he chose to pack four meals in the canteen and brought it back to Mingzhu's house in the faculty dormitory.

"Qingyu, what are you thinking about?" Xiao Mingzhu looked at her with a weird expression.

Chapter 3046: have lunch

If you guessed it correctly, today should be the first day Gong Qingyu and Li Yun dated and handed them to him.

But Gong Qingyu invited them back to the dormitory to eat together?

Xiao Mingzhu could not understand, nor could Fang Xue.

"I didn't think about anything, I just wanted to have lunch with you."

Gong Qingyu asked Li Yun to carry her lunch bag and walk ahead briskly, in a very good mood, "When I finish eating, I will take a nap in your dormitory at Mingzhu, and go play in the afternoon. go?"

Fang Xue raised her hand: "Yes!"

Gong Qingyu's expression suddenly froze, causing Fang Xue to laugh out loud.

"Fang Xue, you also broke your studies!" Gong Qingyu was anxious and stretched out her hand to pinch her face.

"I did not learn badly, didn't you suggest it?"

Amidst the clamor of the two girls, the four came to the faculty building. Along the way, I don't know how many people saw Li Yun taking three beautiful women to the dormitory to rest. I don't know how many people watched it. Heartbroken.

Gong Qingyu seemed to be just to have a meal with the two women, sitting on the sofa while eating while watching TV and chatting. After eating, she chose a room and went in and locked the door to rest to prevent someone from going in and harassing her.

Xiao Mingzhu also entered her room. Before closing the door, Fang Xue blinked specifically, indicating that Fang Xue and Li Yun could mess around with Li Yun in the third room for the next one and a half hours. The soundproofing here is very good.

"No Mingzhu~~~!"

Fang Xue squeezed into her room before Xiao Mingzhu closed the door. She didn't want to be in the same room with some big pervert, she still had class in the afternoon!

With a bang, Xiao Mingzhu's door was also closed, leaving Li Yun standing in the living room with an embarrassed expression.

Gong Qingyu's door opened for a moment, revealing her beautiful face, and her eyes from the crack of the door smiled and said: "I thought Fang Xue would accompany you to let you vent your energy, so as not to go on a date at night. , You guys do things, but I didn't expect that Fang Xue would not accompany you, so there would be no way."

Li Yun's eyes lit up, he didn't have that idea, but if Gong Qingyu was willing...

"Don't even think about it!"

Gong Qingyu was very vigilant, and a blush appeared on her face: "At most...at night, huh."
night?

Li Yun couldn't help but start to fantasize about what it's like to rest with a beauty like Qingyu with classical beauty.

Gong Qingyu saw through his bad thoughts at a glance, his face rested more and more, and after leaving a "nap", he closed the door!

"Hey-hey."

It seems that tonight is the right thing, and an evil smile appeared on Li Yun's handsome face.

However, a minute later, Fang Xue came out of Mingzhu's room, blushing and ran into Gong Qingyu's room.

Seeing this scene, Li Yun touched his chin, probably guessing why Qingyu would have lunch with Mingzhu and the others.

I mainly want to learn the skills of Xiaoxue, right?

I don't know if I taught myself...hiss, I can't think about it, I have a nosebleed.

...

After getting up in the afternoon, Gong Qingyu's face was still red. Li Yun took a closer look at her lips. Well, there was no trace of being kissed, which proved that the two women hid in the room and did not personally teach.

It may also be taught something else.

"Why do you see me?"

Gong Qingyu tried hard to maintain the high cold in the past, but Fang Xue saw through Li Yun's bad thoughts, bit Qingyu's ear and said a few words to her in a low voice, which surprised Gong Qingyu.

"It turns out that this guy is Lily Control."

"Hmm, it's too bad, he always tells me to be with Li Feng and Mu Xin..."

Chapter 3047: Minato CP

Li Yun didn't know what Qingyu and Fang Xue were talking about secretly, until Gong Qingyu suddenly looked at him and said, "I actually dated Aunt Lian!"

Li Yun's eyes widened in an instant, and his expression of excitement suddenly revealed the fact that he was Bailey.

"What are you perverted thinking about! I lied to you and really believed it!"

Gong Qingyu pinched his waist. Feeling uneasy, he pinched again.

Li Yun held her little hand in a dumbfounded manner, but with a twitch of his mind, he leaned forward and whispered "suggestion": "Qingyu, wait for some time, I will date you and Lian Yi, how about?"

Gong Qingyu pinched him, pinched him vigorously, the purpose of this guy is definitely not just to want three people together! !

He must want her and Aunt Lian to hug each other, preferably face-to-face, and two beautiful girls post it to him, and then this big-eyed embryo is willing to give up!

"I can't stand you, Mingzhu, let's go~" Fang Xue carried a small schoolbag and took Mingzhu's hand and left.

For this bright and generous wealthy daughter, Fang Xue still liked it. Well, it's better to say that the confidantes around Li Yun, Fang Xue liked it very much, and felt that living with them is not a bad thing.

Li Yun, who was left, naturally took Qingyu's little hand. The latter struggled a few times, but after seeing that he didn't break free, he just let it go.

The two left the faculty and staff dormitory, and both had no idea of going to classes. They wandered around the campus, enjoying the sunshine and warm wind of autumn.

"Bastard."

"Call my husband."

"Big pervert."

Gong Qingyu changed his name. Jin Liuli once scolded Li Yun for being a big pervert. The words of a devil and a thief were spread out somehow. They must have been taught by Xiao Liuli. When I meet Li Yun next time Give her a lesson.

"Isn't it okay to call my husband?" Li Yun drew circles in the tender palm of his hand.

"Big villain husband?" Gong Qingyu tilted his head to look at him.

"...This title is not bad." Li Yun nodded reluctantly and smiled: "What's the matter with me calling my husband?"

Gong Qingyu glanced around, and after confirming that there was no one, he pursed her mouth and asked shyly, "Do you really like girls to post to you? If I were like Aunt Lian, you bad guy would be more excited?"

"Who doesn't like to see two beautiful girls post it.jpg"

Li Yun played a joke, but Gong Qingyu didn't know it unexpectedly. It seems that she rarely chats, and mostly watches videos.

"It's no wonder that you are all young girls in pairs!" Gong Qingyu said contemptuously.

Li Yun chuckled softly, "Does Qingyu want to be with Lianyi? It's okay to go on a date, I raise my hands in agreement."

"Change*."

Gong Qingyu only gave him two words back.

"I feel very good this way. I make a pair of CPs." Perhaps it was the end of the book. Li Yun's evil thoughts were released as never before. He didn't care about the grades that failed. He leaned to Gong Qingyu's ears and told them. She has a secret.

"what?"

Gong Qingyu's eyes widened, "Zhao Tianfeng and Hu Xiaomeng...have been on a date? They...really become CPs?"

Li Yun nodded happily, "Xiaomeng and Tianfeng also sent me videos of the two watching a movie together. Unfortunately, it seems that there hasn't been much progress recently, just watching the movie."

Gong Qingyu's face was weird, "Aren't you afraid that they will really have feelings, so don't leave you behind?"

Chapter 3048: You don't have to be so tired

"I don't have this confidence, are you still a man?"

Li Yun clenched his fists confidently, "Some of the charms of a man are something girls don't have. Even Tianfeng likes to play with Hu Xiaomeng, go to the movies, go to the hotel, etc., but she will

always remember My good, Hu Xiaomeng is the same. Otherwise, they will not secretly tell me these things, they actually regard this as a fun thing, after all, they are in the capital now, and I have only been with me for a month or two. Meet once.

They also have emotional communication needs, and we have also traveled to the hot springs together and played the game of kings, so they have a very good relationship with each other. "

Gong Qingyu thoughtfully, "A man is not as attractive as a girl, but on the other hand, you don't have the beauty of a girl."

"That's it!"

"Then I understand." Gong Qingyu pursed her lips with a ladylike smile, but a flush of excitement appeared on her face: "Zhao Tianfeng and Xiaomeng are more sisters than love, after all, they are with you. Together, the relationship between the two is very close again, so... just want to do these fun things!"

"That's it!"

Li Yun didn't believe that love would happen when the two of them were dating. Even if they did, it would be the first to love him, and then the other side.

Li Yun doesn't think this is a green hat. In the final analysis, both Zhao Tianfeng and Hu Xiaomeng belong to him. In fact, love and sisterhood and girlfriend love may be different at the very beginning, but love will always settle and become similar to family love. The presence.

Therefore, Li Yun does not oppose the act of pooling CP among his confidantes. On the contrary, he will be happy to comment that this not only can effectively relieve the pressure of his accompanying girls around him, but also allows them to comfort each other, so that they will not be without Li. Yun was so lonely when he was with him.

"Actually."

Li Yun looked at Gong Qingyu a little apologetically, "When I was not by your side, Lian Yi was with you, right?"

Gong Qingyu's face flushed, and he rolled his eyes: "I'm not as silly as you think. Even if I sleep with Aunt Lian... I won't say anything about lilies, you...thinking. very messy!"

Li Yun knew that Gong Qingyu had tolerated him, and she acquiesced that she could join the CP with Aunt Lian, or even go on a date together, provided that Li Yun was involved.

She will not take the initiative, but she will not refuse either-because of Li Yun's relationship.

"Qingyu, thank you!"

Li Yun held her jade hand moved, and neither of them spoke for a while.

Gong Qingyu feels a bit complicated, do you really want to join the CP with Aunt Lian?

But after thinking about it, it seems that Li Feng and Fang Xue are also a pair of CPs. It's no wonder they went to Taihuang Mountain for a tour together.

Forget it, just treat this guy as distressed.

Gong Qingyu naturally saw Li Yun's efforts and responsibility to make them get along well.

Among other things, after making a fool of last night this morning, he deliberately got up to make breakfast for them. Gong Qingyu didn't say anything, but he was actually very moved.

If you want to join the CP, you can join the CP, and Lily is the Lily, as long as he likes it, and Aunt Lian, Fang Xue, and Mingzhu... It's nothing to go around with him.

"Bad guy~"

"what?"

"You don't actually need to be so tired." Gong Qingyu bit her lip and whispered.

"I'm not tired, really!" Li Yun wanted to comfort her instead, "I am too happy to be with you."

"real?"

"certainly!"

Chapter 3049: Revisit the old place

"Hehe, okay... Then, if you persuade Aunt Lian, I'll go on a date with her... I'll make a fool of you."

Li Yun opened his eyes wide, suddenly hugged Gong Qingyu's willow waist, and turned three times in place.

"Bad boy, are you so happy? Quickly let me down, others are still watching!"

Gong Qingyu slapped Li Yun on the shoulder a few times before the over-excited guy put her down.

"Are you so sure that Aunt Lian will listen to you?" Gong Qingyu's eyes were full of shame.

This is a matter of course. After all, no matter how close you are to Aunt Lian, if you want to get some CP with Aunt Lian as Li Yun said, go on a date with him, and accompany him to serve him, except the natural Lily, any other woman will feel ashamed.

To be honest, if it were not for the **** Li Yun, she would not pay him for the foolishness!

Li Yun smiled lightly: "Lian Yi... She has a very weak personality, quite like a little daughter-in-law who does what a husband says, don't you think her personality is like this?"

"She's only like this in front of you." Gong Qingyu gave him a roll of eyes. Aunt Lian was not like that in front of her. She was very majestic. Sometimes Gong Qingyu didn't want to do anything. Aunt Lian glanced at him. , She hurried to do it, not daring to resist.

Are you really going to serve this **** with Aunt Lian?

"And, I think she likes you too."

"Go to hell! Of course Aunt Lian likes me, but her likes are not like you guys who are full of perverted thoughts!"

"I'm not sure, why don't you give it a try?"

"I don't want to try!"

"Try it!"

In order to live a happy life in the future, Li Yun tried his best to finally let Gong Qingyu acquiesce in this matter again, and wait for him to take Aunt Lian down, and then date with her to serve him again.

"Qingyu, you are so nice~" Li Yun smiled, lowered his head and mua on her face.

Gong Qingyu was immune to this kind of simple intimacy, just rolled his eyes, grabbed his hand and walked forward, seemingly purposeful.

"Where to?"

"Don't worry, come with me!"

Li Yun was led by her, and many passing students looked sideways. A girl with an alluring look was dragging a handsome and sunny young man through the campus, just like a scene of first love in a movie. Many single men and women were stunned by it.

The two of them walked through most of the campus, and gradually came to a remote corner. At first, Li Yun thought that Gong Qingyu, a tsundere girl, also wanted to find a remote place where few people came to hug him. Talk about love, kiss or something.

But after taking a look at the surrounding experimental building, he quickly woke up.

"Qingyu, this is... the biological laboratory building?"

Li Yun quickly recalled what he and Su Muxin had done here.

"What biological laboratory building?"

"what?"

Li Yun looked at her suspiciously, sending a letter, Gong Qingyu's face really didn't look strange, and then he was sure that he was thinking too much.

Unexpectedly, Gong Qingyu looked around repeatedly, especially after confirming the planting field in front of a building, and directly dragged him up to the fourth floor.

Li Yun: "...poof."

Gong Qingyu, you also said that you are not here. jpg

"What to look at!"

Gong Qingyu finally couldn't pretend, there was a touching blush on Qiao's face, and there was a little excitement in her eyes, and said: "I just want to come and see how absurd someone was!"

Chapter 3050: Souvenir

Li Yun looked embarrassed.

Gong Qingyu dragged him up to the fourth floor and met several senior elder sisters from the Department of Biology along the way, but the building did not prohibit other students from entering, and the seniors did not say anything, just looked at her curiously. He also looked at the

president of the Ability Association who had made the limelight at the military training conference, nodded to Li Yun and passed by.

"right here?"

Gong Qingyu stood in front of the railing on the fourth floor, looked at the corridor, and then at the men's toilet at the end of the corridor. He recalled what Su Muxin had said to her, and how the two of them had been here at the time.

Li Yun was ashamed, "Uh, um, it's almost here."

When the new students started school that day, Su Muxin originally wanted to go to the hotel with him, but because of lack of time, she came here all the way.

At that time, the biological laboratory was empty. There were no people on the third floor, fourth floor, and fifth floor. Li Yun was messing around with her on the fourth floor. He still remembered that Little Pepper happily leaned on the window and looked at the dark night. His face was full of crimson joy.

Later, the two became courageous. After coming out of the boys' toilet, they played around in the corridor. Li Yun had to monitor his surroundings with spiritual thoughts while working, lest anyone suddenly came up from downstairs and saw him and Xiao Jiao. As it was then, the next day, no, this explosive news will spread across the country that night.

Fortunately, everything was safe. After the two had a good time, they cleaned up the traces on the fourth floor before leaving here.

But Li Yun didn't expect Gong Qingyu to want to come here!

"Qingyu, how did you know?"

Li Yun couldn't help asking, this matter was far more absurd than Mount Tai Huang, Mount A Duo, and the ten days and nights of the Ocean Princess. After all, Mount Tai Huang was taken for granted. Hu Xiaomeng of A Duo Mountain Hot Springs, she was also legal. Age to fall in love: 14 years old and above, as long as both parties are willing to fall in love freely.

However, Li Yun and Xiao Jiao were in the biological laboratory building in Zhonghai City. This time the incident was completely random, and they could be laughed at to death if they said it.

"Why can't I know? You did it, but I can't know?"

"I did not mean that."

"Then what do you mean?"

Gong Qingyu squinted at him, her beautiful eyes filled with smiles: "When you guys were still shy?"

Old Li Yun blushed.

Blame Little Pepper, um, all Blame her!

"You said it in the Fairy Club?" Li Yun thought quickly, because Xiaojiao is unlikely to say this to Gong Qingyu alone, not because the two have a bad relationship, but Su Muxin cannot say this alone. It might have been said in the group, just like other things, so Gong Qingyu learned about it and went to ask her about the details separately, and Su Muxin said it out.

"Huh~"

Gong Qingyu didn't answer, she wouldn't tell Li Yun that everything in the Fairy Group would be shared, especially some things with Li Yun. The girls in the group had no taboos, even drawing on the mirror. It's been filmed, what else can be concealed?

Of course, Li Yun would never know about these things!

He thought that Little Pepper was just talking casually, but he didn't expect girls to be so... gossip.

"How did you play at the time?"

Gong Qingyu walked up and down the corridor, trying to reproduce what happened at the time, and even wanted to enter the boys' toilet to take a look. Li Yun didn't know why she was so obsessed with these things.

This genius girl looked very cold, but actually cared more about him?
