Chapter 3081: Dad is the best

"Wow, ah, ah, ah!"

Shan Xiaoxiao got excited, her petite body moved to her mother's side, and picked up the mobile phone on the dining table.

For fear of her daughter falling from the high stool, Shan Ruqing quickly went to support her, so that Shan Xiaoxiao successfully turned off the phone.

"Mom, look!"

This girl also showed her mother the black screen with a smug look, making Shan Ruqing's cold face full of helpless expressions: "Little, mother is very sorry for you, but... if it's normal, Mom will definitely accompany you to the amusement park, but now that person..."

"That bad guy?"

After Shan Xiaoxiao got a positive answer from her mother's face, she turned to look at Li Yun:

"Dad, help me and my mother deal with the bad guys!!"

"Little, don't."

"it is good."

Shan Ruqing wanted her daughter not to beg others casually, but Li Yun had already agreed, making Shan Ruqing suddenly wonder what to say.

"take it easy."

Li Yun smiled and said: "I can solve any troubles, but... Ru Qing, let's call you like this. We are also friends. It doesn't matter to me to help. Besides, I also like Xiaoxiao. ."

"Yeah, Dad is the best~~"

Shan Xiaoxiao smiled so that her eyes were narrowed, and she diligently picked up a large drumstick and put it into Li Yun's bowl. He said, "Dad eat, dad is the best, dad needs to eat large drumsticks to supplement nutrition!"

"Dad...cough cough, no, brother, I don't like big drumsticks, let's eat it."

"Really don't like to eat? Isn't it to coax the little one?"

"I really don't love it, you can eat it!"

"Hehe, thank you Dad...Mom, do you want to eat big drumsticks?"

Shan Ruqing became more and more unsure of how to deal with her daughter's matchmaking. With Li Yun's kindness, she could only lower her head and silently clip the big drumstick back to her daughter for her to eat.

But Shan Ruqing knew that Li Yun was absolutely capable of solving her problem, whether it was the company or certain factors, if he couldn't solve it, few people could solve it that day.

only.....

Why did he help her for no reason?

Is it really like a small group of people, wanting to put her into the harem...gong.

Thinking of this possibility, Shan Ruqing realized that she did not have much resistance. Some of her cheeks were red, and she didn't know what to do with this man who had invaded her home.

Just a simple lunch, the young man seemed to have captured her and conquered her heart.

"Mom, is Dad's cooking delicious?!"

Shan Xiaoxiao is holding the big chicken thigh in one small hand, regardless of the oily hand, how she will be happy for today's meal.

Shan Ruqing silently ate a piece of celery-fried chicken. The delicious muscle mass instantly conquered her taste buds. Even if she is completely stranger to Li Yun, she can't say this against her own taste when she hates men very much. The dishes are unpalatable.

"Okay, it's delicious."

Shan Ruqing answered her daughter in a complicated mood.

Then she ate another piece of chicken, and the wonderful taste made her unable to stop.

She finally confirmed that it was not because of the problem of the family of three, but because the dishes Li Yun cooked were so delicious!

"Hehehe, Dad is the best~ Come on, Mom, take a bite of big drumsticks, no more snacks."

Shan Xiaoxiao's eyes flashed mischievously, and she passed the big drumstick in her hand to Shan Ruqing's mouth.

"do not."

Chapter 3082: lunch

Li Yun wanted to stop it, but Shan Ruqing had opened her ruddy mouth, took a bite on the chicken thigh, and said to her daughter spoiledly: "The chicken thigh is delicious."

"Right, right?" Shan Xiaoxiao smiled cunningly, "Is there a smell of Brother Yun?"

"Big Brother Yun?"

Shan Ruqing was stunned, the chewing movement in her mouth stopped, and she subconsciously looked at Li Yun again.

"It's Dad!"

Shan Xiaoxiao said innocently: "Dad also ate the chicken drumstick in Xiaoxiao's hand just now!"

"..."

The restaurant suddenly became quiet.

Shan Ruqing's frosty blush was like an apple that has been ripened. It wasn't like swallowing chicken, or not swallowing it.

Swallowing it means that she has eaten Li Yun's saliva, and the relationship between the two has become more ambiguous.

Spit it out, it means she hates Li Yun very much.

But now based on her relationship with Li Yun and the fact that Li Yun specially helped her, how could Shan Ruqing make such an obvious act of disgusting him?

Rejecting Li Yun means that she can't accompany Xiaoxiao to the amusement park this afternoon. It's better to...

Li Yun glanced at Shan Ruqing, and said, "The skin on the chicken thighs is all grease. It is better for a girl who keeps her figure not to eat."

Shan Ruqing was obviously stunned.

Girl?

How did he know that I was a girl? Or do you simply use girls instead of women?

Yes, even though Shan Ruqing gave birth to a daughter, Shan Xiaoxiao, she is still a girl for various reasons...

"No way!"

Shan Xiaoxiao protested: "Mom is in such a good figure, why do we still need to keep her figure? Right, mother?"

Li Yun's eyes glanced at Shan Ruqing's figure uncontrollably. Indeed, this glamorous female president has a very good figure, a professional skirt tailored to fit, it is estimated that it is from a customized brand in a high-end suit shop, under the table. The legs are slender and straight, and the black stockings wrapped around them are even more...

"What are you looking at!"

Even if Li Yun is regarded as a lifesaver, Shan Ruqing still feels shy and can't help but babble softly when he is admired by the eyes of a slightly fiery man like him.

Li Yun turned his head slightly awkwardly, making Shan Xiaoxiao happy in secret, and finally, her father found the beauty of her mother.

"Have a meal!"

Shan Ruqing glanced at her daughter, and spoke to her in a slightly heavier tone for the first time, making Shan Xiaoxiao happy again.

After my father came, even my mother's attitude towards her was different.

With the compensation of father's love, maternal love can mix some kindness with kindness... The big stick of education, you don't need to spoil her like before. Mother's love makes small geniuses like Shan Xiaoxiao feel more pressure.

The three picked up their rice bowls for lunch. Li Yun suddenly thought of something and looked at Shan Ruqing's red lips: "That piece of chicken thigh..."

Looked at the table again, no!

It proves that Shan Ruqing really ate the chicken leg with the saliva he expected Shan Xiaoxiao!

Shan Xiaoxiao suddenly opened his eyes.

"...You talk too much, what."

Shan Ruqing blushed again and hesitated for a long time before defensively saying: "The little saliva has covered yours...I just don't want to waste food, especially in front of my daughter, understand?"

"Understood!" x2

Li Yun and Shan Xiaoxiao both answered at the same time.

Glancing at each other, the father and daughter both had smiles in their eyes.

Li Yun suddenly discovered that Shan Ruqing was not just indifferent, but rather cute?

Chapter 3083: a family of three

A lunch ended in a happy and harmonious atmosphere like a family of three. At first, Shan Ruqing, who was a little embarrassed and shy, fell quickly after tasting a large table of delicious dishes made by Li Yun's god-level culinary skills.

Not only a sincere smile appeared on her cold face, but her food intake was doubled than usual. She ate all two bowls of rice, and even Shan Xiaoxiao suspected that if it weren't for her cooking, it's unpalatable. For this reason, mother can eat another bowl!

"Hmm~~~ So full!"

Putting down his chopsticks, Shan Xiaoxiao sat paralyzed on a high stool, clutching her bulging belly, and narrowed her big eyes to look at Li Yun: "Dad's cooking is so delicious, I can eat it in the future. Dad's cooking makes me feel so happy~~~ right? Mom?"

"Nor... hiccups."

Shan Ruqing wanted to refute, but she protested directly and burped her full face, making her blush again.

Shan Xiaoxiao discovered an interesting thing. In a short lunch time with her father, her mother blushed at least five times!

Li Yun knew why Shan Ruqing blushed so often.

"Ding, the host makes his own choice, cooks lunch for her, and gets along well with Shan Xiaoxiao, and solves problems for the mother and daughter. Shan Ruqing's favorability is +10."

The Favorability System has been closed, but Shan Ruqing, Consort Wan Qing, and the third daughter of Zhao Tianfeng in the capital are still a little short of the Favorability, so the system will still prompt the Favorability.

Concubine Wan Qing and Zhao Tianfeng are both at 99, and they are only a short time away. Especially Zhao Tianfeng, not only joined the Fairy Group, but also had a very close relationship with Li Yun in A Duoshan Hot Spring, as long as Li Yun has more You can get full favorability by running a few times in the capital.

As for Concubine Wan Qing, Li Yun is not in a hurry, and will see her again sooner or later.

In other words, except for the young girl and the mysterious woman with "???", Shan Ruqing's favorability is the lowest.

But Li Yun didn't know what to do with the mother and daughter, so he could only count one step at a time.

"Little, let's go upstairs."

Shan Ruqing didn't dare to stay in the dining room anymore, pulling Xiaoxiao to go upstairs, but was stopped by Li Yun.

"Not tidy up?"

Li Yun pointed to the top of the dining table, "Ruqing, you are responsible for making money to support your family, so you don't need to clean up the dining table, but since Auntie is not here today, it should be the little one to clean up.

Shan Ruqing didn't know what to say for a while.

"Then dad also cleans up with me!"

Shan Xiaoxiao took the initiative to leave her mother's hand and cleaned up the dining table with Li Yun. Shan Ruqing had no choice but to work with the two of them.

While washing the dishes with Li Yun, Shan Ruqing and Li Yun stood on both sides of their daughter again. The shadows of the three were so harmonious. Hearing her daughter's happy laughter, Shan Ruqing was stunned for a while. God, took the bowl and rinsed it under the faucet. After the two of them finished washing, she didn't return to her senses.

"Mom? What's wrong with you?"

"No, nothing, let's go upstairs."

Shan Ruqing lowered her head, washed her hands, picked up Xiao Xiao, ignored Li Yun, and walked upstairs silently.

But a word from her daughter immediately made her break the defense.

"Dad, come on, let's take a nap together!"

The little girl's innocent words shocked the two adults present.

"What?" Shan Ruqing looked at her daughter in disbelief.

"Take a nap!"

Shan Xiaoxiao said earnestly: "The teacher said that all students under high school need to take a nap to replenish their energy. Mom is tired from working all morning, right? Dad is also tired from cooking for us? So we should take a nap together!"

"..."

Shan Ruqing covered her face and killed her.

Chapter 3084: Take a nap

Shan Ruqing experienced an unprecedented dilemma.

Originally belonged only to her and her daughter, the cozy three-bedroom and one hall was occupied by a man grandiosely.

What is even more annoying is that she hasn't been able to drive him out, because no matter from which aspect, this man has a reason and a "right" (the right belonging to the daughter's father) to enter her three rooms and one hall.

What is even more annoying than this is that this man still has a very good relationship with her daughter, so that her mother is a little jealous.

From Shan Ruqing to the upper floor, no, from the time she walked up the stairs of the duplex building, her daughter hung on the so-called "dad". On the second floor, she entered the cozy three-bedroom and one hall specially created by Shan Ruqing. After getting inside, her daughter sat in her father's sorrow again, swaying her short legs while watching TV happily.

And I greeted her to go there together. If you want three people to sit together, it is better for her to sit next to Li Yun and hold his arm...

"Xiao Xiao!"

"Mom, what?"

Shan Ruqing took a deep breath and wanted to talk about her daughter, but turned her head and saw her daughter's happy smiling face, she couldn't help but compromise. When she said, "Where are you going? Play?"

"No hurry." Li Yun said: "First take a nap, and then go to play after nap."

"Hee hee, good!"

Shan Xiaoxiao immediately slumped in Li Yunqi, and said coquettishly: "Small, wait, I will sleep with my father, not my mother! Humph~"

Shan Ruqing looked helpless, she really didn't want her mother if she had a father...what, it's not her husband at all, even if it's a father, it's just a godfather!

Forget it, go daddy, just be daddy, as long as you are a little happy.

Shan Ruqing gradually adapted to Li Yun's existence, and was accustomed to him sitting in his original and small cozy living room. After relaxing, he leaned back on the soft sofa, listening to his daughter's twittering voice, Shan Ru Qing's eyes gradually became heavy.

She only slept for less than ten hours in three days. Since founding the company, she has spent every day in a state of nervous tension. In front of outsiders, she will always be a cold, high IQ, and clean president role.

But only those who have started a business know that wanting to develop a company is far from the superficial.

"..."

"Mom is asleep."

Shan Ruqing approached her mother, looked at the gentle and beautiful face, felt her mother's gentle breathing, and a distressed expression appeared on her little face.

"Yeah." Li Yun nodded, Shan Ruqing, who was asleep in the living room of his home, was exceptionally beautiful, with a soft maternal brilliance.

"Mom is too tired recently. She hasn't slept well for several days."

Shan Xiaoxiao puffed up her mouth, "I have been asking her to close the company, and the money now is enough for us, but my mother just refused, saying that she would save me the capital for the future and make me a real lady, butHey."

There was a sigh that Shan Ruqing would never be able to see on her little immature face, proving that this little girl actually knew everything, and she usually just pretended to be naive.

"Forget it."

Li Yun stood up and rubbed her little head: "In the future, my dad will help you and my mother will be advised to let go of the company's affairs as much as possible. Don't tire yourself out. Forget it, don't talk about it. I will move your mother. In the room, you can go in and take a nap together."

"Well, good~" Shan Xiaoxiao rolled her eyes, revealing a cunning look, not knowing what idea she was making.

Chapter 3085: Together

Li Yun leaned down and cautiously reached into Shan Ruqing's shoulders and thigh knee sockets. Using a princess hug, he lifted a hundred catties to his head, but his height was nearly 1.7 meters. Shan Ruqing was of a standard figure. Gave it a hug.

It is said that the body of the model is actually not standard. Models are generally A and A+, but Shan Ruqing may be gifted or raised a daughter. Li Yun looked from the unsuspecting front of her sleeping, and observed visually. After a while, at least D above, a considerable scale.

"Dad, is mom in good shape?"

Shan Xiaoxiao followed behind, smiling like a sly fox, more and more like a fox Xiaomeng second.

"Don't talk nonsense."

Li Yun almost fell. Did this little devilish little girl learn this from the Internet? Or is it that the current elementary school students are beginning to discuss body shapes?

"Huh, I'm not talking nonsense!" Shan Xiaoxiao raised her chin proudly, "When I was in the capital, I don't know how many handsome and uncommon brothers wanted to be my stepdad, but my mother didn't have any. Agree, saying that I just want to wait for a suitable person, hehe, that suitable person is Dad!"

"...And spanking you more nonsense!"

"Woo, I really want my father to marry my mother~"

After Li Yun carried the sleeping Shan Ruqing into the room as a princess, Shan Xiaoxiao closed the door secretly, still talking as a cover up: "Although my father and I and my mother are already living together There will be a lot of time in the future, but mother still can't let go. If father and mother become husband and wife completely, um, even if there is no registration, as long as there is a relationship!"

Have a relationship?

Li Yun almost threw the little girl's mother onto the bed, and finally put Shan Ruqing steady. When she turned around to talk to the little girl, she suddenly saw that the door had been closed by her.

"Close the door for what?"

"Of course it's closed for a nap~"

Speaking fox words and fox words, Shan Xiaoxiao wrapped her arms around her, her little hand grasped Li Yun's hand very hard, and dragged her onto Shan Ruqing's bed: "Dad, dad, come on, come on, take a nap with Xiaoxiao ,be quick!"

"Don't mess around!"

"Woo, it's not a nonsense, what does it matter, isn't it just sleeping on a bed? Do you want to do something bad, dad?"

"I did not mean that....."

"That's all right? Hurry up, come on, dad sleep on my left side, mom sleep on my right side, and our family of three will take a nap together~"

After Shan Xiaoxiao began to practice, her strength and anger was not small. At least it was not a problem to drag Li Yun onto the bed, and she also leaned forward. The petite body squeezed the sleeping Shan Ruqing and let her sleep in some.

Perhaps because of her daughter's body touching, Shan Ruqing didn't mean to wake up at all. Instead, she moved her lower body in the dimness, reached out and hugged her, using her daughter as a pillow.

"Dad, come, okay?" Shan Xiaoxiao was hugged by her mother, she didn't dare to move any more, she only looked at Li Yun with pitiful eyes, and her expression was full of pleading.

Li Yun is a typical person who eats soft but not hard. When he feels soft, he lay down and slept on the outermost side of Shan Ruqing's bed. He planned to wait until Shan Xiaoxiao fell asleep before leaving.

Unexpectedly, when Shan Xiaoxiao waited for him to come up, she pulled Li Yun close to him, holding each hand one by one, holding the hands of her mother and father in her palms, her big eyes full of happiness.

Chapter 3086: Go see you

There is almost only one distance between Li Yun and Shan Ruqing.

"Dad, good afternoon~"

".....good afternoon."

"Oh no, dad wants to say: Xiaoxiao, good afternoon."

"Go to sleep, little one."

"Hehe~, I like Dad the most~"

After babbling a few words, Shan Xiaoxiao, who had been playing with Li Yun all morning, finally closed her eyes, and quickly breathed evenly, shrinking into the velvet quilt and falling asleep.

With her approved father and dear mother by her side, Shan Xiaoxiao slept very peacefully during this sleep, and her heart was full of warmth.

Li Yun waited until she fell asleep before taking out her mobile phone and chatting with the girls for a long time, mainly to ask if Qingyu and Lian were together. After all, I played a sketch game with them for a long time last night, especially Gong Lian. Yi, even joining hands with him and Qingyu, should be the most tiring.

After learning that the two women both got up to take a bath, took a hot bath and had lunch, Li Yun felt relieved.

Pearl Girl: "Tomorrow is your company's product launch conference. Are you going to it?"

Yunjuan Yunshu: "What product launch conference?"

Pearl Girl: "..."

Pearl Girl: "It's also because you have a group of good subordinates, the top five super technology companies in the world, the chairman of the board does not even know what products he has released, and he is drunk."

Xiao Mingzhu also used an Internet buzzword, but it was a long time ago, and I don't know in which year the impression of the Internet buzzwords of this super white and wealthy who is busy with reading and managing his own company.

Li Yun sent her a shameful expression, "I'm not busy with you."

"Nonsense, are you going to accompany other women again? It seems to be called Shan Ruqing?"

Li Yun was shocked. He just casually told the four maids, but he didn't expect it to be passed to Xiao Mingzhu in the blink of an eye.

Was it spread in the fairies again?

"Uh, yes. But it's different from what you think, really!" Li Yun almost swore, "I just came to help a little girl solve some problems. She has no father since she was a child and lacks the love of her father. "

"So there is no father..."

Xiao Mingzhu sent a meaningful sentence, causing Li Yun to kneel again.

"Okay, okay, I won't tease you anymore. I know you are very kind. I have also heard of Shan Ruqing. I heard that it is quite powerful in Beijing."

"Huh? You know?"

"What's weird about this? My family will pay attention to all emerging capitalists."

Xiao Mingzhu used the name of a capitalist, or "self-proclaimed." Li Yun felt that she was mocking a person who said that 996 was a blessing and claimed to be the richest of the people.

In fact, it is true. Capitalists are capitalists, and they hide something. Although Li Yun does not manage the company now, he never thinks that he is not a capitalist. At most, he can say that he is an entrepreneur, but the essence is still the same, Li Yun. Yun will not preach that 996 is a blessing.

In fact, if it is not that Huang Xuan's domestic industry status cannot be changed, Li Yun intends to force himself not to work overtime, but the big industry environment is like this. He can only propose to let Wu Ke communicate to all senior executives about not recommending decks. The chairman's command spirit.

"She seems to be having some trouble recently, do you know?" Li Yun asked.

"Probably know some, I heard that in order to escape, the company moved the company to Zhonghai City... Wait, isn't it to avoid the trouble, but to see you?!"

Xiao Mingzhu's "voice" became louder, if words could also make a sound.

Chapter 3087: see your performance

Li Yun looked embarrassed, why everyone around him thought that he would capture each other's heart when he touched a girl, even if a mother with a daughter could not hold his charm.

Li Yun expressed serious protest against Xiao Mingzhu's unauthorized speculation, and resolutely stated that he had been treated unfairly and was really wronged.

"Huh, greasy tongue, you know how to coax girls... Then what are you doing now? Have you made any progress with Shan Ruqing?"

"..."

"No, is it already in bed?"

"..."

Li Yun continued to send her a series of dots, expressing his speechlessness.

"Really in bed?!"

"No, it's not!"

Before Xiao Mingzhu became jealous, Li Yun quickly took a photo of Shan Ruqing's mother and daughter with his mobile phone, especially Shan Xiaoxiao's cute little fat face, to avoid Xiao Mingzhu's misunderstanding.

At the same time, she explained: "Xiao Xiao has no father since she was a child, so she regarded me as..."

"What a cute little sister!"

"what?"

"When will you bring it home to see us? You can adopt such a cute little daughter."

"...Are you serious?"

"Hahaha, is your heart touched? I was just vaccinated. After all, I heard that Shan Ruqing is pretty. She took a daughter and started from scratch. In the end, she succeeded. Many rich second generations in Beijing went to pursue her and were willing to marry an unmarried one. A woman who gave birth to a daughter is a wife, so it's not easy for her."

"this....."

"If you take Shan Ruqing home, you can make her the president and vice president of Baiyun Technology in the future, it is definitely very suitable, or you can be the secretary directly."

"Don't talk nonsense!"

"Hahaha."

Having a nonsense with Xiao Mingzhu, I finally got back to the topic.

"Shan Ruqing's Shan family was once a big family. Unfortunately, an accident led to the decline. In Shan Ruqing's generation, something happened again. In short, if you want to help her solve her troubles, it will be the fastest and most direct. The way to do this is to use the power of a woman."

"Um?"

"It's just that I haven't promised to be your girlfriend, but they are also my sisters, rely on them!"

Xiao Mingzhu used a rather roundabout way to express what she meant. Li Yun actually thought about it before she knew what she meant.

Xiao Mingzhu is "not" his girlfriend, but he is a sister in the fairies group.

"Okay, I understand how to do it."

Li Yun cleanly adopted Xiao Mingzhu's suggestion, but surprised her a bit.

But Xiao Mingzhu quickly realized that this is actually in line with his character as a playboy.

For him, it is not a big deal to rely on the power of the women around him. He does not have machismo. He helps when he should help, and borrows when he should use their power. If he doesn't say anything, he must solve this alone as a man. Thing, but very happy to accept the suggestion.

"Ok, it depends on your performance."

Xiao Mingzhu went offline.

Judging from her last words, Shan Ruqing's incident was still quite a big deal, and it belonged to a struggle in the upper social circles of the capital.

Li Yun is not interested in knowing this. He is powerful now. He has Baiyun Technology in his hand. There are also a group of Bai Fumei with extraordinary backgrounds. Some people are related, as long as they are not the top family, such as Hu Xiaomeng's family or Xiao's family, Su Muxin's family. In this case, Li Yun is confident that he can settle it easily.

"Sleep, I have to accompany Xiaoxiao to the amusement park in the afternoon, it is also tiring work..."

Putting down the phone, Li Yun gradually closed his eyes, forgetting that there was another woman beside him.

Chapter 3088: Waking up scream

Shan Ruqing woke up from the remnants of hazy and lazy sleep. For some reason, she always slept unsteadily. Although she had decided to accompany her daughter to the amusement park in the afternoon, the tension in her heart still made her unable to sleep peacefully. For example, ordinary people can't sleep late on weekends and feel pressured by their inner urgency.

In her arms is her daughter's little soft body. Looking at her cute sleeping face, Shan Ruqing is filled with happiness as soon as she wakes up. For this kind of happiness, she is willing to suffer no matter how tired she is.

"Little, do you know how much your mother loves you?"

Shan Ruqing looked at her daughter in her arms with a gentle smile, and found that her hand was being held in her arms. She couldn't help but gently stroked her daughter's belly. Suddenly, her hand touched something. It belongs to the skin of an eight-year-old girl.

Although the touch is not rough, Shan Ruqing can feel it all at once. This is a pair of men's hands!

A pair of man's hands were placed on her daughter's belly, making exactly the same movements as her.

Shan Ruqing was so frightened that she stood upright, and suddenly sat up and looked to the left. What greeted her was the face of a handsome man.

"what!!!"

Shocking screams broke the roof.

Then Li Yun was kicked out.

...

When the mother and daughter figured out what was going on, when Shan Ruqing walked out with her head bowed, her cheeks were completely blushed, her eyes cast randomly on the ground, and she dared not look at Li Yun who was sitting in the living room.

"Mum is really~!"

Shan Xiaoxiao just woke up and hadn't washed her face, she plunged into Li Yunqi in a drowsy look, her mouth was so small that she could hang an oil bottle: "I want to sleep with my dad for a while, mom suddenly A scream of horror scared me to death."

"...Xiao Xiao, I'm sorry!"

Shan Ruqing covered her mouth in shame.

Li Yun couldn't laugh or cry, and knocked Shan Xiaoxiao's head: "It's not all to blame you, who made you drag me and your mother... That, I slept together, forget it, you guys go to wash your face and brush your teeth, not to go. An amusement park?"

"Okay~!"

Shan Xiaoxiao cheered her mother into the bathroom, which was connected by a door just beside this cozy three-bedroom and one hall.

It has to be said that only two people on the second floor of a five-hundred-square-meter duplex room are quite luxurious.

When the mother and daughter came out after getting dressed, Li Yun's eyes suddenly lit up.

The two wore the same autumn clothes as the mother and daughter, the mother was a camel turtleneck sweater, the lower part was a white knit skirt, and the daughter had an extra lovely coat.

The mother and daughter both wear pot hats of similar colors. The former is elegant and intellectual, and the latter is cute and well-behaved, and has a three-point little lady temperament, which is especially lovable.

"Dad, do you look good?"

Shan Xiaoxiao wore a pair of Chelsea short boots, with a small half of her tender ankle exposed, very round and lovely, and with the happy smile on her little face, anyone who saw it wanted to hug and kiss her.

"nice!"

Li Yun snapped his head down and kissed Shan Xiaoxiao's raised face, causing Shan Xiaoxiao to laugh and hide behind her mother. He wiped the place where he had been kissed just now, and wrinkled his nose and said: "Smelly Ba Ba and relatives Home, go kiss mom!"

Shan Ruqing blushed, and hurriedly lowered her head and led her daughter outside Wang's Gate, and threw a word to Li Yun: "Come on, my secretary is already waiting downstairs!"

"Oh, just come."

Li Yun glanced at Shan Ruqing's feet behind him, well, wearing the same outfit as Shan Xiaoxiao, with a round and slender calf exposed under the knitted skirt, enough to get a glimpse of the whole picture.

Chapter 3089: Go to the amusement park

When Li Yun took the back seat and shared two seats with Shan Ruqing, and Shan Xiaoxiao sat in the middle of the two chatting and talking, the secretary was completely shocked.

It is the first time since she has served as President Shan's secretary for several years that she has carried a man, and it is the first time that she has even seen President Shan be so close to a man.

This man not only hugged President Shan's daughter, he even kissed several cheeks, and then the eldest lady kissed the president's cheek a few more times, and President Shan in turn kissed his daughter's cheek a few times, which is equivalent to saying...indirect kiss!

"How...how could it be!"

"Why doesn't President Shan care at all? Because she is used to being intimate with this man, so she can kiss her daughter's cheek without psychological barriers?"

"President, don't you see that your daughter has been kissed by this man for a few bites before!"

"If you go to kiss your daughter's face again, it's just... kissing that man!!"

The secretary was shocked in the driving position and did not start the car for a long time. He watched the eldest lady play with the man, while the president just smiled gently and looked exactly like a good wife and mother!

"what happened?"

Finally, Shan Ruqing noticed the strangeness of her secretary and couldn't help asking.

"Chief, President, shall we go back to the company?" The secretary asked tremblingly.

"No, let's go to the amusement park! Amusement park!" Shan Xiaoxiao replied loudly first, "Mom and Dad are going to accompany me to the amusement park this afternoon!"

"dad??!"

The secretary was shocked again. She didn't see how the man was, but clearly saw the president's face turn red.

"Ahem, **** father."

Li Yun quickly explained, otherwise the news of his marriage to President Shan would spread throughout President Shan's company the next day.

The godfather is also very exaggerated!

The secretary did not say it because she had more important things to remind the president: "But, President, we have a particularly important meeting this afternoon, and you must be the abbot!"

Shan Xiaoxiao's small face suddenly collapsed, and it was the same before. Every time the annoying secretary said something particularly important, her mother could only leave her. Every time it was very important, nothing happened. Once is not unimportant!

Really annoying.

"this....."

Shan Ruqing showed a struggling expression.

The afternoon meeting is indeed very important. The board of directors needs to come up with a plan to deal with vicious acquisitions, and some partners have broken their contracts for various reasons, and they must be dealt with in a timely manner.

If you don't go this afternoon, you can only go at night, but other people don't go to work at night and can only be delayed until the next day.

But there was a new job the next day, layer by layer, enough to crush anyone.

"Don't go."

Li Yun waved his hand and said to the secretary: "You tell the executives that President Shan is playing with a very important person... Uh, no, it is to accompany a very important customer to dinner, and let them take care of themselves. To deal with it, the president has to come and ask about everything, why do you want them to do?"

Li Yun does not interfere with the company's affairs.

"Okay! Dad is the best! Just do what Dad said!" Seeing Dad speak personally, Shan Xiaoxiao's eyes lit up. This time, she was finally able to defeat the hateful secretary and **** her mother back!

"But....."

The secretary did not want to care about Li Yun at all. What does it mean that the president does not need to handle it? If the president doesn't handle it, what kind of president will he be?

Shan Ruqing closed her eyes, as if she was making a decision. The secretary was even ready to move towards the company, telling all the executives to prepare for the meeting.

Unexpectedly, the next sentence of the president is:

"Go to the amusement park!!"

Chapter 3090: Fryer

Zhonghai City, Jinjiang Paradise.

Watching the "family of three" enter into the amusement park through the gate, the secretary was standing by the commercial vehicle and had not left for a long time.

she! All! I don't know how to explain to the executives that President Shan skipped an important meeting just to meet a man. Yes, the point was that man, not his daughter, went to the amusement park for the man named Li Yun.

If she calls back and tells the executives that the president is going to an amusement park with a man, the executives are afraid they will call the police to catch her.

This is ridiculous!

You must be serious and responsible for your work. Shan Ruqing, known as the glamorous queen of the capital business community, actually did such a thing...

Fortunately, President Shan personally sent a message to the work group to explain the situation.

The secretary was relieved, but when she saw the information in the group, she was dumbfounded again.

In the work group, the faces of President Shan, daughter, the man, and the three were all together. There was an ice cream in front of them, and the three sincere smiling faces were so eye-catching and dazzling.

Yes, it is dazzling.

The working group suddenly exploded.

President Shan's little deputy: "?? Sister, what's the matter with you?"

Said she is a little deputy, she is actually the vice president of Xiaoqing Fashion Company. She is in her thirties. She is a middle-aged woman whose marriage contract is not happy and always complains that her husband is not motivated.

Although the vice president is a bit older, he admires President Shan very much. He is also called sister in the group, which makes the work group. Most of the senior executives and middle management group call President Shan by Sister Shan, or Such as Sister Qing and so on.

Marketing Director-Pan Yilian: "Isn't it a hacked account? Sister Shan!! A meeting is about to be held!"

Event Planning Department-Ren Xiaoxiao: "Sister, where are you? @ Secretary, come out and explain."

"Isn't it giving up treatment?"

"No, we haven't lost yet!"

"withstand!"

"come on."

"Who is this man?"

After the secretary anxiously explained how, five or six minutes after the frying pan in the group, Shan Ruqing finally appeared again: "I will accompany an 'important' guest outside to the amusement park. This afternoon, evening, and tomorrow morning will be all Cancel, all work will be discussed tomorrow afternoon!"

Then, Shan Ruqing took another photo of herself and her daughter lining up in front of the roller coaster, and made no secret of the back of the man, as if she were a family of three.

The group was quiet for half a minute before the lady secretary bubbling cautiously and said: "That man seems to have a real background!"

Nonsense!

Everyone didn't believe the explanation of President Shan's "brain fan", and the idea of "you are talking nonsense" came to mind.

Even if you have a background, you should sit down and talk about business seriously, instead of going to the amusement park with your daughter's family of three.

Based on the photos they have seen so far, it is clear that the president has given up treatment, intends to pack a handsome little white face, and completely withdraw from the business world.

"No, President!"

"what's the situation?"

"Ugh."

"Who is this man?!"

For a time, the group was in chaos, and soon the news spread to hundreds of people in Xiaoqing Fashion Company. In less than an hour, the company's people were floating, and they were all discussing whether the company could survive.

Many people feel pessimistic. They did not develop in Zhonghai City, but moved from Beijing with President Shan!
