Chapter 31: Blast Lushan

Facing the raging road and mountains, Li Yun sank his feet and made a horse-staging movement. At the same time, he tensed every muscle in his body and mobilized his whole body's strength to cope with the blow.

Last time Li Yun confronted him with two hundred points of strength, which was a bit inferior. This time Li Yun not only had stronger strength, but also greatly improved his physique and agility.

Facing Lushan, he has no reason to avoid it!

"boom!"

The shoulders of the two sides collided fiercely, and everyone seemed to be able to see an invisible wave of air burst out, their complexions flushed instantly, and Li Yun stepped back two steps.

And Lushan...

"Won?"

Wang Houliang opened his mouth wide in shock, Li Yun took two steps back, and Lu Shan stepped back four steps uncontrollably, squeezing the basketball with his hands, his figure shook for a while, his face twisted with pain.

Obviously, in the collision with Li Yun, Lu Shan suffered a lot of concealed injuries!

"go to hell!!!"

Lu Shan was furious, and regardless of the consequences, he slammed the basketball in his hand at Li Yun. This was a great force. If an ordinary person was hit in the head, he would either die or be injured.

"Drink!"

Li Yun didn't dodge or evade, and continued to use the posture of horse-striding to hit the hoarse basketball.

With a "bang", the basketball flew back and was beaten back by Lu Shan.

After a few back and forth, the scene of basketball flying around in the air stunned everyone.

"Nima, don't play basketball like volleyball!"

"I'm Cao, I'm so laughing!"

"666, why are you so beautiful!"

"I can play with me? I'm super volleyball!"

"Don't be silly, didn't you see the speed of the basketball? When you go up, your hands will snap off!"

The basketball flew over again, and Li Yun felt boring, reached out his hand to receive the ball, and threw it into the basketball hoop without turning his head back.

With a bang, the basketball was caught.

Fang Xuemei's eyes fixedly looked at Li Yun, who was held in the moon by the stars, and she was stunned for a while.

As for Li Feng, after a long sigh of relief, a heartfelt smile appeared on his beautiful face, "Brother, that's amazing~"

Chapter 32: overall enhancement

At night, in a private hospital in Longyang County.

"Shan'er, who beat you like this?! Tell me, I want him to break his hamstrings and make him unable to live in Longyang County!"

Lu Shan's father, the curator of the Lu Family Martial Arts Hall, a strong man in the early stage of the Body Tempering Realm, Lu Tianba's eyes were stained with shadows.

When he was young, he wandered outside and was a master of ancient martial arts in the late stage of the body tempering stage. With further progress, he could generate true energy in his body and become a master of the acquired realm.

But unfortunately, because of the fight with the enemy, his body suffered hidden injuries, and his strength was reduced to the initial stage of the body tempering stage, and he had no hope of entering the acquired stage for life, so he had to return to Longyang County and chose to open a martial arts gym.

Lu Shan was born when he was 35 years old, so he loved him very much. After learning that he was injured, Lu Tianba hurried to the hospital.

At the first glance of his son, Lu Tianba's lungs were almost exploded!

His son's entire face was swollen into a pig's head, his teeth were loose, his eyes were black, and his legs were bandaged. It couldn't be more miserable!

There are hundreds of disciples studying in Lujiawuguan all year round. The disciples who graduated are all over Longyang County, and there is almost no place to eat in the county seat.

With the power of the Lu Family Martial Arts Hall, there are still people who dare to break the ground on the tiger's head? !

"dad."

Lu Shan complained weakly: "It's a man named Li Yun."

"Li Yun?"

Lu Tianba frowned and carefully recalled the major family forces in Longyang County. No one with the surname Li dared to fight against him Lu Tianba!

"he is....."

"who is it?!"

"It's a student from Class 14 of Zhicai High School." Lu Shan hesitated. "It's a commoner. There is no father or mother in the family, and it's not from the ancient martial arts..."

"Um?"

Lu Tianba's eyes turned cold, his son was rewarded by a man who had no father and no mother, a commoner origin, and who had never practiced ancient martial arts?

"Asshole thing, I tell you to concentrate on martial arts, don't wander around all day, look now!"

Lu Shan shrank as he was scolded by his father, his face flushed with shame.

"You are really mad at me!"

After Lu Tianba vented, he still loved his son in the end, and said coldly: "Just leave it alone, I will ask someone to take care of him!"

"Dad, will something happen?"

"What can be the matter? If a civilian is dead without a whole body, no one will investigate!"

—

After bidding farewell to Fang Xue, Li Yun and Li Feng walked to the vegetable market. They wanted to buy vegetables before going home.

On the way, Li Yun counted his gains.

Intermediate martial arts learn the snake step. This skill imitates the movement of a snake, allowing him to be more flexible when fighting. Li Yun speculates that if he uses the snake step to rush into the crowd, the possibility of being attacked will be greatly reduced. It is a super skill for group fights.

Of course, facing a single enemy, the slippery and flexible serpentine steps can also greatly enhance Li Yun's combat effectiveness.

As for 5000 experience points, Li Yun chose to add 2000 points to wisdom and spirit.

Wisdom should be the sharpness of image memory and intuition, and the spirit, needless to say, has a lot to do with the state of human spirit.

At least after Li Yun raised his spirit to 200, he immediately felt refreshed, and he could do another fight without rest!

"Host: Li Yun.

Constitution: 460 points.

Strength: 450 points.

Spirit: 200.

Wisdom: 200 points.

Agility: 250 points.

Charm: 25

General experience points: 3211.

Skills: Elementary Fist, Elementary Inch Fist, Intermediate Snake Step, Master Cooking.

Owned items: None. "

Looking at his five-dimensional attributes, Li Yun felt that he was completely a 'true pentagonal warrior', with comprehensive attributes, no weaknesses, no strong ones!

Who would dare to mess with him again, Li Yun beat him so hard that his mother didn't recognize him!

Chapter 33: Liu Xianxian

"We have fallen to the ground since we were young. Mother's love has allowed us to grow up.

We grow up slowly, and the teacher's love allows us to learn knowledge..."

Li Yun and Li Feng walked to the door of the vegetable market and heard someone singing in front of them. The singing was clear and sweet. Although there was no music, it still spread all over the door of the small vegetable market, which was refreshing.

"It sounds good!" Li Feng immediately admired, "This song is Liu Xianxian's "Love in Life", right? I have heard it many times, and I feel that this person sings very similar to the original song!"

"Maybe it was the original song." Li Yun joked.

"Hmph, how could Liu Xianxian appear here!"

Li Feng is right. Liu Xianxian is a child star who is only 18 years old this year, but she is already generous in the field of film and music and has won internationally renowned awards. After winning the film and singing, it is absolutely impossible for her to appear here with her reputation. Kind of small place.

Li Yun looked forward. Among the crowd, stood a tall and graceful girl wearing T-shirt and jeans. Her figure was as attractive as a model. Unfortunately, everyone who looked at her face was disappointed. .

A thick foundation was applied to the girl's face to hide her appearance. The onlookers expressed disappointment. The girl should be ugly, that's why it concealed her appearance.

However, even if you don't look at the face, just look at the figure, and listen to her singing, it is already a wonderful enjoyment.

"Hehe, brother, let's go and see!"

Li Feng took Li Yun's hand, and the two squeezed into the crowd, listening to the singing of this beautiful girl at close range.

"Let's hold hands and let life be full of love~~"

At the end of the song, people who felt contented offered rewards, one, two, five, ten, etc.

Li Yun looked at the girl's body, where there was an iron box and a wooden board.

Some words are written on the wooden board, which roughly means that she traveled to Longyang County and met a child from a poor family. She wanted to help each other, so she chose to sing at the door of the vegetable market and begged the audience to donate some money.

"not bad."

Li Yun nodded. In fact, the girl could give a reward willingly just by singing, and what was written on the wooden board should be true.

Li Feng took out a ten yuan and invested it. If she used to, she would have given one or two yuan at most, but now that Li Yun has made money, she can give her a little more.

Li Yun also took out a sheet of ten yuan and was about to invest it.

"Ding, trigger the option event, please choose from the host:

Option 1: Reward one hundred yuan and reward charm +3.

Option 2: Reward 1,000 yuan, reward charm +5, and Liu Xianxian favorability +10.

Option 3: Help Liu Xianxian perform as much as possible, reward advanced singing ability, and additionally reward the song "Zhengjiang Lake", Liu Xianxian has a certain degree of favorability, charm +10, justice value +30. "

What? !

Li Yun was taken aback, staring wide-eyed at this young girl with a body like a model, but with powder on her face.

Is she really Liu Xianxian? !

"gentlemen?"

The beautiful girl asked with a clear voice in doubt: "Do you want to show love?"

Li Yun suppressed his surprise and chose the third option without hesitation!

Although I don't know what justice value is, Li Yun can't let it go just to reward advanced singing and an additional original song!

"Ding, the host has made a choice, and the reward (advanced singing ability, the song "Zhengjianghu") has been distributed."

Li Yun took a deep breath, gave Li Feng a calm look, and walked out firmly.

Chapter 34: Cross the rivers and lakes

Li Yun walked straight to the girl, who was in front of Liu Xianxian, and smiled at her.

"what?"

The girl was very surprised, her beautifully shaped mouth opened slightly, could he see her identity?

The camera crew hidden in the dark is very nervous.

On the one hand, Liu Xianxian's school leave was to find inspiration for songs. On the other hand, she also wanted to make a documentary about caring for her children to go to school.

Longyang County is their first stop. If the car overturns here and exposes Liu Xianxian's whereabouts, then the suspension of school trip plan will be completely ruined!

Fortunately, Li Yun did not come out to identify Liu Xianxian.

"Hello!"

Li Yun nodded to Liu Xianxian, turned to face the onlookers, and said loudly: "Uncles and aunts, grandparents, my name is Li Yun, and I am a student of Zhicai High School."

After a pause, when they finished digesting, Li Yun continued: "I often come here to buy vegetables, but I never thought that someone would sing in this vegetable market to raise money for school for a poor child..."

Li Yun repeated Liu Xianxian's words, expressing that he was very touched, and finally said: "And as a child from a poor family, I know how important money is to people who cannot go to school."

Liu Xianxian looked at him curiously. Judging from his clothes, Li Yun did not look like a rich family.

So, did he stand up to talk about his own business, to move everyone, and to donate more money?

Thinking of this, Liu Xianxian smiled happily. There are so many people in the world. It is great that she met such an interesting person on the first stop of her trip!

But Li Yun's next move was to shock the star who had won the highest music award in Grammy.

"So I decided to do my best to help this lady as much as possible, and also sing an original song live!"

Original song?

Liu Xianxian was stunned. She could also make a song in a few minutes, but if she was composing on the street and being surrounded by many people, she was not sure whether she could make a good song.

Can this young man from a small county town make good songs?

Onlookers heard that someone was composing a song on the spot, and they became more and more interested. The water around the door of the vegetable market was blocked, so that the people buying vegetables were attracted.

"Miss, do you agree with my approach?"

"When, of course, please!"

Liu Xianxian suddenly developed a strong curiosity towards Li Yun. What kind of person is this teenager who is the same age as her?

Li Yun smiled slightly and clashed at the crowd to practice ancient etiquette, and said in a clear voice: "I have learned some boxing skills next time. Please allow me to punch and dedicate this song "Zhengjianghu" to everyone!

"Horizontal, arena?"

Liu Xianxian stayed for a while again, and she found that she could not guess what Li Yun wanted to do. Zonghu Jianghu seemed to be totally different from donating money to the children.

The crowd around the audience opened their eyes wide, preparing to see how Li Yun would perform.

Taking a deep breath, Li Yun took a slow stance, moving lightly, as if he was doing Tai Chi.

But the next moment, both palms were shot out quickly, and there were two sighs, afterimages bursting, everyone couldn't keep up with Li Yun's palms with wide-eyed eyes!

Li Yun didn't have any advanced palm skills either. He just combined elementary boxing and inch boxing, plus the serpentine step.

At the same time, singing in a heroic and desolate voice:

"Zhongma Jianghu Road, this life is Xiaoyao

The hero does not succumb to the beauty, his pride is higher than the sky.

A cold and proud body, made by heaven and earth.

The sword swings the group of demons in shock, and the boys are young.

Chapter 35: Chivalrous

Li Yun's vigorous and strong voice resounded throughout the street, and all the people in the vegetable market became a sensation. After hearing this exciting song, many vegetable vendors left their stalls and hurriedly ran out to listen.

The singing voice is melodious and inspiring, coupled with Li Yun's vigorous posture, the fist beaten up and the heroic figure flying, deeply imprinted in everyone's mind!

"A great view of the mountains and small mountains, a man has gone through the world!"

After Li Yun's song was finished, the scene of hundreds of people turned out to be silent. After a long time, a big pork seller shouted, "Sing well! Fight well! A man should be a chivalrous man, and he's not righteous. Come to this world in vain!"

"that's right!"

The old man with a cigarette in his finger and his face full of vicissitudes also said: "The old man used to cross Donghua Street. A watermelon knife cuts from the south to the north, and then from the north to the south. After listening to your singing, the old man Very embarrassed!"

The crowd reacted and applauded, and the scene was extremely sensational.

"I'm Cao, you are so awesome, old man!"

"It's so nice, I think I am not delivering food, but a nuclear bomb!"

"Woo, I want to hear it again, okay?"

"It burns me to death! With the knife, I can fight for another five hundred years!"

The crowd sent enthusiastic cheers to the teenagers in the field. This song "Across the Rivers and Lakes" was full of enthusiasm, and they could not wait to learn from the ancient knights and walk the rivers and lakes with swords, happy and enmity.

Liu Xianxian was in agitated mood and could not calm down for a long time. After a long time, he clapped his little hand happily and shouted to Li Yun excitedly: "I understand!"

"Understood what?" Li Yun breathed a little, sing while punching, more tired than fighting with others.

"Understand your intention to sing this song!"

Liu Xianxian grabbed Li Yun's hands, looked at him with big shiny eyes, and said happily: "You sing this song to make everyone like the heroes of the ancient times. , Help poor children go to school, right?"

Li Yun smiled and nodded, he also wanted to understand the intention of the system.

"The so-called road sees injustice and draws swords to help each other. It is in the ancient times." Li Yun explained: "And we don't have so many injustices in modern times, but we are not incapable of acting like chivalry, helping the weak and rescuing those who are in distress. The same is true. A chivalrous man!"

"For example, miss you." Li Yun looked at Liu Xianxian admiringly, "You do business on the street for the sake of your children going to school. In my opinion, you are not inferior to the ancient knights, and you are also saving the weak!"

"what.....?"

Liu Xianxian was stunned, and said blankly: "Am I an ancient chivalrous girl?"

"Correct!"

Li Yun nodded affirmatively, Liu Xian looked at him fixedly, and suddenly felt a sense of happiness when he met a close friend.

The purpose of her school trip, apart from finding inspiration for songs, the most important thing is to film what she learned about the next way, so that more people can care about public welfare undertakings.

Li Yun said she was a chivalrous girl in ancient times. Liu Xianxian thought about it. If it were in ancient times, wouldn't she just walk the rivers and lakes, **** the strong and support the weak?

"Hehehe~, great!"

Fancying that he was wearing an ancient undergarment, standing with a sword, and fluttering in white, Liu Xianxian smirked while covering his mouth.

Li Yun smiled slightly and turned his head to shout to the crowd: "Dear fathers and villagers, uncles and aunts, brothers and sisters, brothers and sisters, if you have the conditions, please learn from the ancient heroes today, donate generously, and help the poor child. NS!"

Chapter 36: Goodbye Fox Xiaomeng

People who were excited by Li Yun's "Across the Rivers and Lakes" ignited their hearts and made donations.

"I donated five hundred! Just take it for nothing to do for these two days, why don't you help the children?" the pork seller shouted loudly.

"I donate seven hundred!"

"Me, three hundred!"

"Fifty!"

"Uh, I'm a student, and I have only 20 yuan left in my pocket this week, so I donated it."

"Decided, tonight. Eat greens tomorrow night and donate food for these two days!"

Not long after, the iron box in front of Liu Xianxian was already filled with coins of varying denominations. Three to four hundred people actively donated, or less than 20,000 to 30,000 yuan. It can be said that the task was overfulfilled!

Liu Xianxian smiled and said happily: "Everyone is so caring, um, let's do it, I donate ten times the money to leave enough money for the child to go to college, thank you everyone!"

The camera crew hidden in the dark clapped each other excitedly.

The effect of the performance this time can be said to be so good that they can already imagine that when a documentary is made in the future, everyone knows the identity of Liu Xianxian, and they will definitely be surprised that their jaws will fall!

"Ding, the host has made a choice, and the reward (Liu Xianxian Favorability +68, Charisma +11, Justice +30) has been issued."

Li Yun narrowed his eyes comfortably, wouldn't the justice value make him look just and awe-inspiring?

Yes, cool!

"Ah, I'm leaving now." Liu Xianxian showed a regretful expression, then lowered his head, as shy as a young girl in spring, and whispered: "I, can I ask for your contact information?"

"Can."

Li Yun happily agreed and exchanged contact information with her. When writing the name of the phone address book, he paused and looked at the graceful girl in front of him.

"My last name is Liu."

Liu Xianxian winked at him playfully, and she suddenly looked forward to it. If Li Yun knew that she was a big star Liu Xianxian, what kind of expression would she show?

After she left, Li Feng walked quietly and pinched Li Yun's waist.

"Uh!"

"Hmph, I'll show up in front of girls!" Li Feng said jealously, and gave Li Yun a cute roll of eyes. "But for the sake of you being a chivalrous hero, let's forget it this time!"

"Ahem, what if I say she is Liu Xianxian?"

"Brother, do you have a fever?"

"What I said is true."

"Believe you to blame!"

In the end, Li Yun failed to convince Li Feng that the girl was Liu Xianxian. However, Liu Xianxian had a good impression of him at 68, and something should happen to her in the future.

At 7 o'clock in the evening, Li Yun rode a bicycle to the food stall, seeing the food stall from a distance seemed a bit strange.

There was a black, obviously modified and reinforced car parked in front of the door. Four sharp-eyed, extremely capable men stood around the store door and looked around. When they saw Li Yun coming, they all turned to look at him.

"What happened? Hu Xiaomeng?"

Li Yun didn't believe that Brother Tiger or Brother Fei and the others had this kind of aura last night. The only possibility was that young lady with extraordinary background.

After parking the bicycle, Li Yun calmly walked over, and he saw Hu Xiaomeng sitting in the store at a glance.

"Ah, big brother~"

Hu Xiaomeng saw him roaring, his watery eyes lit up, she stood up and ran over, hugging Li Yun's arm with joy, and begged: "Big brother is here at last, no one has dinner tonight. I just want to come and eat something that my elder brother made by himself~"

Her voice is crisp and tender, and she fully interprets the little girl's coquettish demeanor, which is unbearable to refuse.

Chapter 37: General Hu Wei

"Ahem!"

Being hugged tightly by her, Li Yun was a little embarrassed. Although Xiaomeng Hu was still in the category of Luo Li, she had already begun to develop. She was soft and exuded the fragrance of a girl.

"Humph!"

In the store, an old man who was sitting in front of Hu Xiaomeng groaned angrily with a cane, expressing his dissatisfaction with how close Hu Xiaomeng and a teenager were.

"Who is this?"

Li Yun looked at him, and the old man had a childlike face, his eyes were clear, with a scrutinizing gaze, and there was a kind of non-arrogant attitude that made the boss and the proprietress somewhat afraid to look at him directly.

This old man has often appeared in some major TV conferences before!

Unexpectedly, he appeared in front of him alive, and even came to their food stall to eat!

"This is my grandpa~" Hu Xiaomeng introduced with a smile, and pointed to another man in his fifties with a chef hat and said, "This is my chef, Grandpa Zhou."

Cook?

Li Yun took a look at the chef this week, Hu Xiaomeng, what's the matter with you, you even brought your own chef!

Zhou Chunyong also looked at Li Yun with weird eyes.

When the lady returned to the sanatorium last night, she clamored for supper, saying that she had eaten something delicious when she went out to play, but she was not full and she was hungry.

As a result, the delicious dessert he made was actually not as delicious as the barbecue she had eaten at the food stall by the young lady!

This is simply going to kill Zhou Chunyong!

He is a dignified state banquet chef. A few years ago, he prepared dinners for heads of state and guests in the capital. He is proficient in the eight major domestic cuisines. Hu Xiaomeng actually said that he was inferior to the barbecue at the food stalls?

What is the food stall?

Zhou Chunyong didn't know much before. After all, he had worked in star-rated hotels since he was a teenager, and his salary was amazing. He would never come to eat in such a place.

It was not until I came to see it in person tonight that I realized that the food stalls are not roadside restaurants?

A chef at a food stall, no, he is not a chef yet, just a handyman washing dishes, what good cooking skills can he have?

"The young lady must be at a rebellious age, so I said that my cooking is not as good as this miscellaneous!"

A feeling of love rose in Zhou Chunyong's heart, and his daughter was also rebellious in the first place.

"Good for you two."

Li Yun knew that the two of them had bad intentions, and it should be Hu Xiaomeng's trouble that caused the two of them to come to Xingshi to inquire.

The other party didn't give him a good face, and Li Yun didn't bother to take them off. Being old is not a reason for showing off!

"Humph!"

Sure enough, Mr. Hu was quite dissatisfied with Li Yun's posture, and he said, "Are you Li Yun?"

"Not bad." Li Yun asked calmly: "I wonder if you are?"

"Hu Xiaomeng's grandfather, Hu Wei!"

Hu Wei! ?

Tiger!

Li Yun was stunned, and finally realized that Hu Xiaomeng's grandfather was once one of Huang Xuanguo's military commanders, a general who has been in charge of a million lives and deaths!

Because of his name, Mr. Hu has a nickname of "Fox Fake Huwei", but that was before, after he showed his vigorous and resolute methods and behavior, the world gave him a new nickname, General Huwei!

"Hello Mr. Hu!" Li Yun respected.

The soldier defended his home and the country, not to mention a general in front of him. Hu Wei deserves to be treated with respect.

"Well, hello boy!"

Old Hu's tone was softer, and he was secretly surprised.

He deliberately put up such a big battle in order to see what kind of person his granddaughter said, washing dishes on the street, but having superb cooking skills, what kind of person is.

Chapter 38: The challenge of state banquet chefs

38 The State Banquet Chef's Challenge

Li Yun's performance was beyond Hu Wei's expectations.

Prior to knowing his identity, he didn't act arrogantly or humbly and was calm and gentle when faced with mighty people.

And now, after knowing his identity, he showed respect for him.

This shows that Li Yun was not afraid of his status, but really admired his status as a soldier!

Old Hu smiled slightly and became interested in the boy before him.

He learned from his granddaughter that Li Yun was just an ordinary teenager who was washing dishes at a food stall, but he could cook exceptional dishes. This strange contrast was puzzling.

Was it because Foxy Xiaomeng can't tell the difference between delicious and unpalatable?

"Okay, okay~, you've already got to know each other."

Foxy Xiaomeng pushed Li Yun and urged, "Big brother, go and cook for Xiaomeng, Xiaomeng is hungry~"

As she said that, she also touched her own belly and made an expression of grievance, who knew how much of it was true.

Li Yun had a headache, he always felt that this brat, Hu Xiaomeng was not as innocent as her appearance. Simply put, she had a black belly!

Innocent on the outside, black on the inside, deliberately acting cute, she was a coquettish little loli!

"Li Yun." Zhou Chunyong stood up and said in a deep voice, "Xiaomeng is looking forward to your barbecue all day, she said that the dishes I cook are not as good as yours.

I am also a chef, so I was a little unconvinced, and followed Xiaomeng out, wanting to see your barbecue skills with my own eyes! "

A cooking challenge?

As soon as Li Yun's heart moved, the system prompt rang:

"Ding, option event triggered, host please choose:

Option 1: Take on the challenge of Zhou Chunyong and reward God Cooking Skill. Hu Xiaomeng will have a certain degree of favor for you and Hu Wei has a favourability of 30.

Option 2: Reject and taunt the opponent, reward Evil value 30, and Hu Xiaomeng and Hu Wei's favorability -40.

Choice 3: Ignore the opponent and reward random gifts*5. "

Unbelievable!

Li Yun exploded in his heart, not because he was not calm, but because the God Cooking Skill was really amazing!

This skill meant that Li Yun is already at the top in culinary. In this field, no one can beat him anymore!

'It seems that his cooking skills must be very good, otherwise, the system wouldn't be so generous.'

'But it's not surprising, with Mr. Hu's identity, it's normal to have a top chef by his side after he retired, helping him to regulate his body.'

Directly support the authors on Webnovel!

When Li Yun thought of this, the corner of his mouth curved, is he a great chef? I don't know how he will do when compared with a god-level one!

"Well, if Grandpa Zhou doesn't mind, please give me some advice!" Li Yun modestly said.

"Ding, the host has made a choice, and the reward (God Cooking Skill) has been issued!"

His body was shocked. After gaining the knowledge of God Cooking Skill, his understanding of cooking was completely like the difference between heaven and earth.

God-level and master-level were in completely different realms!

"Grandpa Zhou, please!" Li Yun said confidently, no one can match his cooking skills.

Zhou Chunyong's pupils shrank, "It seems that you have the confidence to beat me? Well, this old man will come and show his skills first, and it so happens that Mrs. Hu and Miss Hu can use appetizers, so as not to wait too long!"

Li Yun smiled faintly. Zhou Chunyong seemed to be very peaceful, but in fact, he was more arrogant Wait too long?

than anyone else. He looked down on people and didn't treat them as an opponent in the least.

"Hehe, then I will teach you today, what is there to have someone above you, there is always a heaven above heaven!"

Li Yun's eyes flashed with a sharp light, and an expectant smile appeared.

Chapter 39: Top lamb delicious

"Bring my things here!"

Zhou Chunyong stood outside the door and shouted, and the two bodyguards immediately lifted a box from the car. Li Yun looked at it a little, and there was a complete set of kitchen utensils, as well as various bottles and jars of condiments. They were all prepared!

The boss was frightened by the battle, and it really was the top chef who used so many spices!

The average chef puts so many condiments to mix up the taste, and can't control so many condiments.

Only experienced top chefs will have money and time to study this kind of thing!

"Very good." Zhou Chunyong nodded in satisfaction and smiled: "Li Yun, if you want to use my kitchen utensils or condiments, just say it, lest you lose and complain that you are a clever woman and cannot cook without rice."

"No, please." Li Yun shook his head lightly.

"Humph!"

Don't know how to praise!

Zhou Chunyong cursed in his heart, turned around and started to concentrate on cooking the ingredients he brought.

He didn't use anything other than fire for this kind of small restaurant!

For one thing, the sanitation here is worrying, and Mr. Hu may have an accident if he eats it.

Secondly, the ingredients in this small restaurant are too poor. What he brought is imported mutton. The perfect mutton selected from natural pastures abroad, using strict scientific breeding methods, is worth a small price. The total price of all the ingredients in this restaurant!

Exquisite knife skills, perfect ingredients, coupled with the state banquet chef's personal cooking, can the excellent dishes produced in this way be comparable to such young people who work in food stalls?

As this dish began to smell, Zhou Chunyong became more and more confident. He seemed to have become a ***** in control of the kitchen, and a wonderful food was born in his hands!

"What fragrance is this?"

People passing by were once again attracted to Zhou Chunyong's pot. Everyone looked at Zhou Chunyong's slowly forming delicious flavor. As time progressed, the aroma became stronger and stronger. It has surpassed last night's kebabs and reached a jaw-dropping surprise. , The point of drooling!

"My God! Who is this chef? It's even better than Li Yun last night!"

"I seem to have seen him in a cook magazine. What is the name of King of Food?"

"The King of Food... The King of Food Zhou Chunyong, Master Zhou?!"

Everyone was shocked. Some people hurriedly searched the Internet. Sure enough, there was his encyclopedia on the Internet, and the photos in it were exactly the same as the old man cooking in front of him!

The legendary king of food enjoys a very high status in the culinary world. He has won personal awards from leaders. His cooking methods have made domestic star-rated hotels imitate. He is definitely a master!

"My god, why did the King of Food appear here?"

"Wait, is he going to test his cooking skills with Li Yun?"

"Hey, there is a good show to watch!"

Li Yun's culinary skills showed off last night, but everyone thinks that there is little hope for contending with the food king who has been famous for many years.

Besides, things like kebabs can't be served on the countertop at all. The real test of the chef is how the staple food is cooked, not the kebabs in the food stalls!

"The antelope hangs its horns, finished!"

Zhou Chunyong put the cooked dishes on a delicate plate and carefully placed them in front of Hu Lao and Hu Xiaomeng, and then gave Li Yun a triumphant glance.

Li Yun smiled faintly. The 'antelope hanging horn' on the plate exudes a tempting aroma. The lamb is golden yellow and the color is perfect. There are some decorative spices on the side, which is very delicate.

Chapter 40: Stir fry

Hu Xiaomeng swallowed, and the chopsticks stretched out involuntarily, but he seemed to remember something, his movements stopped, and the chopsticks froze in midair.

"Big, big brother~" Hu Xiaomeng said to Li Yun pitifully: "Xiaomeng didn't betray you, but just taste Grandpa Zhou's dishes. Well, that's it. I'll definitely say I like it more later. Your kebabs!"

Li Yun: "..."

Dare to love you little girl who thinks I can grill lamb skewers?

Everyone laughed, Hu Xiaomeng was so cute.

"You can't eat, you can't sleep, Xiaomeng, how do I usually teach you?"

Old Hu gave her a majestic look, Xiao Meng immediately turned her head obediently, and said softly: "Yes~~, Grandpa, I know."

Then, as if ***** off with Mr. Hu, Hu Xiaomeng used his chopsticks to put a small piece in his mouth, biting hard with his silver teeth, "Huh, or big brother...huh?"

Hu Xiaomeng's movements stopped, as if he had tasted some kind of dragon, liver, phoenix, gallbladder, and miraculous medicine, his eyes lit up sharply, and he couldn't help shouting, "Wow, it's delicious!"

"Miss delicious, eat more."

Zhou Chunyong smiled triumphantly. This dish has already exerted ten percent of his skills. Any gourmet in China would give it a thumbs up and admire it, and couldn't fault it!

The dish of antelope hanging horns is perfect, and there is no way to improve it!

"Everyone," Zhou Chunyong picked up another plate, turned his head and smiled at everyone:

"There are some more here, you can also come and taste it."

"Me! I want to try it!"

"Wipe, don't squeeze, I must eat the food king's dishes!"

"Mom, I won the big prize tonight, and I can eat the dishes made by the King of Food!"

Everyone eagerly stepped forward, the boss and the proprietress hesitated, and also took a sip of this hanging antelope horn with their chopsticks.

The lamb melts in your mouth, and the delicious taste impacts your taste buds, giving you the most perfect experience!

"This, is this too delicious?"

The boss couldn't help but burst into tears. He has been cooking for 20 years and has lived for 43 years. This is the first time he has eaten such delicious dishes!

Everyone had a chopstick, and everyone who tasted it opened their eyes wide and was conquered by this perfect taste.

For a while, the food stalls were full of praise to the food king Zhou Chunyong.

"Peng!"

At this moment, a fire light violently lit up and the flames soared, and a wok was faintly seen tossing up and down, among which pieces of mutton were rising and falling in mid-air, and the next moment, it was like a dragon spitting beads. Fell on the plate.

"Stir-fried lamb, done!"

Li Yun smiled faintly, his hands kept moving, and he continued to cook the second dish.

"what?!"

Everyone realized that it was Li Yun who was cooking with fierce fire, and he was smashing the pot just now!

Cooking with fierce fire? !

Fierce? !

"how is this possible!"

Zhou Chunyong was stunned for a while, how long hasn't he been cooking?

For top chefs, fierce fire is completely unnecessary. They can precisely control the firepower and allow the heat to be perfectly dispersed into the food.

Only a long time ago, when Zhou Chunyong was busy in a star-rated hotel, would he use fierce fire to speed up his cooking.

But the taste of the things made will always be worse, after all, it is difficult to control the firepower of fierce fire!

"My god! It's really stir-fried lamb, there are no condiments except oil and salt!"

An exclamation made Zhou Chunyong pull back from his memory. He took a closer look, isn't Li Yun just lamb on his plate?
