Chapter 311: Long Xingyun

Now, Li Yun can only comfort Xiaomei in this way.

After leaving this home with only orphans and widows, Liu Xianxian looked firm, and at the same time revealed a bit of resentment: "Li Yun, we must defeat that villain, and we can't let more Xiaomei appear!"

"Um."

Li Yun nodded slowly, and found Liao Hua with her.

Now Donggou Village has come to many soldiers wearing camouflage uniforms and fully armed. Under the command of Liao Hua and a general named Long Xingyun, a tight line of defense has been built to ensure that even a large group of zombies can besiege easily. Destroy them!

"Hello, my name is Li Yun!"

Under Liao Hua's introduction, Li Yun and Long Xingyun shook hands. Li Yun glanced at him. Long Xingyun seemed to be in a very high position in the army, and he was on the same level with Liao Hua.

The face with the Chinese character is serious, but there is a faint arrogance, and the personality is very open and generous, which makes it easy to feel good.

"Li Yun, can you tell me what happened last night?"

Long Xingyun's face was solemn, Li Yun felt strange, Liao Hua didn't tell him? Although he was puzzled, he still described the general process of the matter.

"So there are really zombies!"

Long Xingyun said with emotion: "I heard that there have been rumors circulating in the rivers and lakes that there are people from the Maoshan faction who can manipulate zombies, but no one has seen them. They can only be regarded as a post-dinner joke. I didn't expect it to be true. of!"

Li Yun smiled and said, "Maybe we will encounter many similar things in the future, such as in Longyang County."

"Longyang County too?!"

The two had eaten, and Liu Xianxian looked at him curiously.

Li Yun briefly talked about the spirit sucking stick, "I suspect that the two are related, but there is insufficient evidence at present. If you have the opportunity, you should pay more attention."

There is nothing to conceal about these things. Of course, Li Yun didn't tell the matter about Concubine Wan Qing.

Concubine Wan Qing is definitely countless times more powerful than the Tianyin old man, or Duan Jiangdong who controls the soul in the Lu Family Martial Arts Hall, and belongs to the big boss behind the scenes, and it is not suitable to conflict with her now.

Liao Hua and Long Xingyun looked at each other and said they would definitely search for relevant information.

After a few people chatted for a while, Xianxian went to send away the crew. It was useless for them to stay here. It's better to go back to the county and wait.

Two vans left the village.

Li Yun thought there would be no movement today. He didn't expect that just after the two cars left, a stranger came to Donggou Village.

"Li Yun, the stranger you mentioned is here at the entrance of the village!"

Liao Hua called him. Li Yun had already told him that all strangers must tell him when they come.

Immediately, Li Yun and Liu Xianxian rushed to the entrance of the village.

The village's road to the outside world has been set up by soldiers. Anyone who goes out and enters must be checked.

The person who returned to the village was a young man named Adong from Donggou Village. After being identified by his family, he was indeed himself.

In addition, Adong also brought a friend named Dazhuang from a nearby village to the west. He heard that there was fun here, so he came to have a look.

"Uh!"

Dazhuang was taken aback. It seemed that he didn't expect that the excitement would be so big. There were as many as a dozen soldiers in camouflage uniforms on guard. The surroundings were tightly guarded, and he was so scared that he wanted to turn around and leave.

"and many more!"

Adong stopped him and asked Liao Hua unconvincedly: "Could it be that my friend can't come to the village? How long will it take to lock down here!?"

Obviously, he didn't want to lose face in front of his friends!

Chapter 312: A Dong who behaves strangely

Liao Hua looked at Li Yun. In this situation, past experience is useless, only what Li Yun meant.

"We didn't say no."

Li Yun's tone was flat, "It's just that now is an extraordinary period, you and your friends will be monitored to a certain extent, I hope you understand!"

"Hmph, just watch it as you like, I'm sitting steadily, Dongxing, what are you afraid of?!"

Let's just say, he took his friend into the village aggressively, Liao Hua sent a person to follow him, and the other party was not afraid, and his arrogance was quite arrogant.

After he left, Liu Xianxian pulled the corner of his clothes and whispered, "Li Yun, that Dong is a little strange!"

"What a strange method?" Li Yun asked curiously.

A Dong's performance is completely similar to that of the second stunner in the village. He is not afraid of the heavens and the earth, and no one can convince him when he comes.

Such people are usually prodigal and do not work. They just fool around in the town and the county town. They are either playing cards or gambling, or forming gangs to make money, which is very damning!

"His dress is very strange."

Liu Xianxian whispered in Li Yun's ear, and his gentle breath fell on his face, itchy.

"dress up?"

"Yeah. Generally speaking, the idle young people I saw in Nanfeng Town and Donggou Village, who wandered around and didn't have a job, were all dyed colorful hair and dressed very brightly, skinny jeans, and tattoos. Golden necklaces, skull necklaces and so on!"

Li Yun suddenly realized.

Indeed, although the Adong has the same personality as a punk, he is dressed very earthly, like an honest villager.

A group has a group style, just like you are not allowed to wear weird-shaped clothes in school, you mix with small gangsters, if you wear ordinary clothes, you will definitely be despised by them.

Liu Xianxian continued: "He also has his hands, as if he just came back from farm work."

Li Yun nodded. Liu Xianxian deserves to be an actor who has taken a gold medal. He observes all kinds of people very carefully. No wonder she acted so well when acting.

"I see, Xianxian, don't tell me about this beforehand!"

"Of course~" Liu Xianxian smiled, "That's why I secretly told you about it."

Li Yun Chong drowned her little nose, making Xianxian shy again.

The two chatted for a while, then strolled around the village.

In the afternoon, as soon as he finished eating, Adong took his friends to the crew's yard eagerly. He first got close to Liu Xianxian's enthusiasm, and his eyes were full of greed and sourness.

But Liu Xianxian ignored him, and Adong didn't give up after eating his nose. He continued to wander around in the yard stubbornly.

There are still a lot of things from the crew in this yard. Under Li Yun's deliberate indulgence, he has touched almost all of these things.

"This thing." A Dong found a piece of white cloth in the corner of the room, his eyebrows were instantly pleased, and the flames looked at Liu Xianxian fiercely: "Is this something you use for acting? Give it to me? I admire you very much. !"

"Worship me?" Liu Xianxian sat beside Li Yun and held his hand. "You don't know who I am, how do you worship me?"

Adong was speechless for a while, and Dazhuang had already recognized Liu Xianxian, but he did not recognize the star of 'worship'.

"I'll sell it for money!"

A Dong simply went more direct, pretending that the things used by big stars are very valuable, and he wants to sell them.

This person was completely shameless, and Liu Xianxian was so angry. Fortunately, the white cloth was used by her to tie things, not personal items, so she agreed.

Chapter 313: Evil spirits claim their lives

After Adong and Dazhuang left, Li Yun received the system prompt.

"Ding, trigger the option event, please choose from the host:

Option 1: Continue to stay in Donggou Village, reward experience value +100,000, all attributes +100, random blue gift bag*3, extra reward detoxification pill*1.

Option 2: Take your girlfriend and leave here immediately, and reward the level of danger perception skills to improve. After choosing this option, the previous incident of "Assist Liao Hua in Defeating the Old Man Tianyin" failed. "

Li Yun continued to hold Liu Xianxian's silky little hand and chat with her intimately, thinking about the current situation in his heart.

There is no doubt that there is something wrong with this Adong, combined with the information given by Concubine Wan Qing last night, he has already guessed what this person is going to do.

However, the system generously rewarded a detox pill, which surprised Li Yun.

A detoxification pill is a golden gift bag, which is very expensive!

"Xianxian." Li Yun whispered to her: "Wait, you don't run around, follow Liao Hua or stay in the soldier team, are you wearing the jade?"

"Um!"

Liu Xianxian got nervous, stretched his hand between his neck, and showed Li Yun the five thunder exorcism jade: "I have been wearing it all the time, and I dare not take it off at night."

There was a small thunder-print jade pendant between the beautiful white and jade neck. Because Li Yun was so close, he immediately smelled the nice scent from Liu Xianxian.

Milky sweet smell, very wonderful.

Li Yun petted her head and said, "Don't worry, this matter will be over soon."

She should feel very insecure now, so she has been wearing a jade pendant.

Liu Xianxian spit out his little tongue, "It's not that I don't believe Li Yun you, but I don't want you to worry, so I keep wearing it. In fact, it's okay, it won't be inconvenient~"

The jade pendant is very small and it feels great to the touch. After the girl's body temperature, it must be even more beautiful.

Li Yun nodded and took her to Liao Hua.

Adong returned to his home. On the way, he found an excuse to send Dazhuang away.

Now, he is the only one left in this family.

A Dong's parents died since he was a child, and his grandfather died a few years ago, leaving him alone to grow more than ten acres of land.

Generally speaking, if Adong does not go to work in the fields in the afternoon, he will go to the mountains or go to the nearby river to catch fish and hunt some game to improve his life.

But today, Adong is exceptionally abnormal.

"Jie Jie Jie!"

After closing the door, Adong had a sullen smile on his livid face, "Boy, you certainly wouldn't know that the old man lived more than a hundred years old. When he was walking in the rivers and lakes, he used to be in a small gang. I can't get familiar with the life of the ordinary people!"

Therefore, it is too easy for him to act as a peasant **** in the countryside. Coupled with Dazhuang as evidence, it is impossible for anyone to think of it. This Adong is actually...

"The Hades wants you to die for the third watch, and you will never survive the fifth watch!"

"Adong" took out a small yellow figure with fine runes, and the material seemed to be carved from some kind of wood.

The little man opened his hands and hands, and his face looked dull, as if it were a puppet manipulated by a man, and matched with the strange and inexplicable lines on its body, it looked daunting.

But Adong stroked the wooden villain with the gentle eyes and techniques of treating a woman, with a dark smile on his face: "It is a blessing for your kid to be cursed by my evil spirits. !"

Chapter 315: start to act

"However, Jie Jie Jie!" A Dong sneered: "Before you die, I will kill your girlfriend first, making you painful, and then slowly torturing you, using a curse to make you at seven or forty-nine Suffered all the pain in the day to get rid of my hatred!"

Fancying about Li Yun's tragic situation afterwards, Adong couldn't help but smile triumphantly again.

But what he didn't expect was that two objects the size of fingers were thrown in through the gap in the door.

All his actions were monitored by surveillance cameras and small recording equipment!

Not far away, Li Yun, Liu Xianxian and others watched A Dong's every move.

He closed the doors and windows tightly to make the room airtight, put a cutting board on the table, put an incense tray, lit three sticks of incense, and placed melons and fruits.

He also found a wooden board, engraved the name of "Liu Xianxian" on the board, and then enshrined it.

Finally, a villain embroidered with weird runes was placed in front of the wooden board, and the white cloth used by Liu Xianxian had been tied to the villain, and the wooden board with the name engraved on it was enshrined.

"Hell Taishan Mansion, listen to me!"

With a serious expression, Adong bowed to Liu Xianxian's name and worshiped the villain three times, "The holy eye gives birth to the sky, the human heart is hungry and the ghost belly, the knees are left by the side, the feet of **** come out..."

In another book, Liao Hua, Long Xingyun and others had scalp numbness and shortness of breath. They never dreamed that this Adong actually set up a weird incense case in his house, facing the wooden sign with Liu Xianxian's name, and A weird villain worshipped.

This Nima Tuoduo is a spell like head drop and curse!

Liu Xianxian was so scared that his face turned pale, and he hugged Li Yun tightly. Only by doing this can she give her a sense of security.

"This person!" Adong pointed at the wooden man viciously, and shouted: "The upper one does not respect the heavens and the ghosts, the middle does not treat his parents, the lower does not love sisters and brothers, the crime is monstrous, willful and reckless, cruel innocent, kill loyal..."

A Dong cursed Liu Xianxian with a vicious tone, as if she was a heinous devil, so that Lord Taishan from the underworld quickly sent a ghost chase to kill him and entered the eighteen layers of hell, never to be overborn!

Liu Xianxian hid behind Li Yun and looked at the monitoring screen pitifully: "When did I disrespect ghosts and gods? When did I treat my parents badly? I have no brothers or sisters, so how can I not take good care of them? This person is completely fabricated!"

"You can't make sense with the wicked." Li Yun smiled, then turned to Long Xingyun and said, "Big Brother Long, you can act!"

"it is good!"

Long Xingyun decisively issued the order to round up. Just now, he has evacuated all the villagers next to Adong's house. Now even if there are 30 or 40 zombies suddenly inside, it will never cause casualties!

Li Yun took out the white Silvin pistol and asked Liu Xianxian to stay behind. He and Long Xingyun walked to Adong's house together.

Seven or eight fully armed soldiers with paint on their cheeks were already waiting. After Long Xingyun came, one of them stretched out his hand and gently pressed, and the gate of the courtyard was quietly broken open.

Li Yun was a little surprised. These fighters are all in the acquired realm? In that case, Long Xingyun is at least innate!

Soon, A Dong's room was up and down, and several soldiers stood on the roof tiles, just waiting to break in.

But Long Xingyun didn't break in directly. He motioned a look, and an old man came over and knocked on Adong's door.

"Who?!"

Chapter 316: get away

"What do you want to do?"

The corner of Li Yun's mouth twitched, revealing a playful smile, "I'm just using the way of being a human being, and it's just right. Didn't you say that you want to kill me? The body doesn't dare to show up, how can you fight me? "

As he said, Li Yun dripped the drop of blood onto the wooden man. In an instant, the wooden man exploded with a bang, turning into a thick black smoke, covering A Dong's body.

"No!" A Dong's face was twisted, revealing a half vicious and half terrified expression, and the old man Tianyin's voice also became illusory: "Little beast, you **** it!!"

"Leave this body!"

Li Yun screamed, and with a bang of thick black smoke, he quickly flew from the big hole in the broken roof to the sky, and quickly fled toward the southwest.

"Little beast, wait, I will never let you go, you are dead!!"

Leaving a vicious word, the spirit of the old man Tianyin was driven away, and the remaining Adong immediately trembled with fear, his eyes extremely blank.

Li Yun patted him on the shoulder, "It's okay, Tianyin old man, we will solve him." Looking around, Li Yun smiled: "As for your home, there will be compensation in the follow-up, right, Brother Liao?"

"Of course!" Liao Hua patted his chest, "This time you have suffered a disaster, and the state will help you build a two-story building, so don't worry!"

The village head was very envious of this. A two-story building would cost at least 100,000 yuan, and it would be enough to marry a wife.

Li Yun smiled and walked out of the devastated A Dong's house.

As soon as he walked out of the yard door, Li Yun was hugged by Liu Xianxian who rushed over, "Li Yun, is it over?"

"It's coming, it will end soon."

Li Yun stroked her hair, felt her slightly trembling body, and said lovingly, "Xianxian, are you scared?"

Liu Xianxian is a big star, she shouldn't have been involved in these things.

"No, the bad guys must punish them, Li Yun, you did it right!"

Xianxian rubbed Li Yun's generous chest, and said in a nostalgic tone: "I believe Li Yun, you called you for so long last night, you must be fully prepared, right?"

exactly.

Li Yun learned from Concubine Wan Qing that now the old man Tianyin was injured and wanted to trouble Li Yun under the protection of the soldiers, the only way left to curse Li Yun was to cast spells.

The practice of cursing people has a common feature, that is, they must cast spells around the victim. The closer the distance is, the easier the spell will succeed. If it exceeds ten kilometers, it is basically impossible to curse others.

Because there is a strong vitality in a living person, if you want to break the protection of this vitality, you must cast spells at all times.

Generally speaking, it takes a day and a night to cast a spell to kill a person.

If it is an acquired powerhouse like Li Yun, it will even take ten and a half days to practice, so that Li Yun will suffer all the torture and his vitality will die before he can curse and kill him.

That's why the above series of things came up.

"Consort Wan Qing, I owe you a favor!"

Li Yun secretly said in his heart, waiting to see her again in Zhonghai City, now, we must hurry up to chase Tianyin old man, otherwise, there will be endless troubles!

"What's in the southwest?"

Li Yun asked the village chief directly, Long Xingyun had already taken the soldiers, and went to hunt down at any time on time.

"Southwest?" The village chief hesitated. "There is Oak Ridge Mountain. Behind Oak Ridge Mountain, there is an ancient graveyard. It is very evil. We dare not..."

"That's it, Brother Long, go! Let's go to the graveyard!"

Chapter 317: Chase

Random graves.

According to legend, this is the cemetery left by the war decades ago.

Once a group of defeated soldiers fled to the vicinity of Oak Ridge Mountain, and then they were killed by the enemies who were chasing them. Thousands of corpses were left in the wilderness. They were not buried on the spot until the nearby villagers feared that the decay would cause disease.

Since then, the chaotic graves have undergone several changes, and some innocent people who have died in the nearby town, or those who have been murdered or dismembered, will also be pulled here and buried.

This has caused the chaotic graves to become more and more gloomy, and nearby villagers have to detour during the day when they pass by, not to mention that it is already close to the evening, and no one dared to approach it.

Legend has it that in the evening is the time of the devil, when yin and yang meet, all kinds of demons and ghosts will take advantage of this to come out and make chaos.

The village chief did not dare to lead the way, but Er Niu, because he felt guilty in his heart, offered to take everyone to the chaotic grave.

No words all the way.

When everyone rushed there, the sky was already close to night, and a crescent moon hung in the sky, and the surroundings looked exceptionally cold and silent.

"right here?"

"Correct!"

Looking into the distance, Li Yun saw countless crooked tombstones standing on a soil hillside under the moonlight of Bai Sensen, and the low graves were silent and desolate.

This is a place for the dead, and the living will never come close.

Liu Xianxian also followed. When she saw the grave, she showed a scared expression. Her small hand tightly grasped the corner of Li Yun's clothes, and touched the jade pendant on her neck with her hand, and her heart settled down. .

Er Niu swallowed, and whispered: "I heard that someone passed by here in the evening. When I looked up at the top of the grave, I saw a figure meditating and some weird people standing around. It seems to be guarding him, very scary!"

Think about it, in the night, a group of people are standing around a meditating person, and they are in the wilderness. This scene is indeed very scary.

But Li Yun thought of one thing.

"Could it be that the old man Tianyin is practicing, letting his zombie protect the law?"

Li Yun immediately looked at Erniu: "Did you see it at the top of the hillside?"

"Correct!"

"Brother Long!"

"it is good."

Long Xingyun looked around, and ordered in a serious tone: "Everyone should separate, five steps one person, and slowly walk up the mountain. If you encounter an enemy, don't fall in love with it, and retreat immediately!"

"Yes!"

In an instant, hundreds of heavily armed soldiers dispersed, surrounded the entire cemetery, and slowly walked towards the top of the mountain.

Li Yun, Long Xingyun and Liao Hua, as top forces, were scattered around the team, and if an enemy was found, they would ensure that they rush to support as soon as possible.

The soldiers slowly fumbled up the mountain, but until the entire tomb mountain was cleaned up, they couldn't find the specific location, not even a cave.

Only a few rats dug out some big holes in the tomb bag. Some people accidentally fell into it, but they got nothing.

"Li Yun, are you sure you are here?" Long Xingyun couldn't help but doubt. Li Yun concluded that the old man Tianyin was hiding here from one direction. It was really unreliable.

"maybe."

Li Yun shrugged, "I infer from the knowledge I have obtained that the old man in Tianyin needs to practice in a place with heavy gloom, and chaotic graves are the most suitable place!"

Long Xingyun nodded, the sky was already dark, and he couldn't find any other places except here tonight.

"We disperse, look for one side again, look carefully, everywhere...!"

Before he finished his words, a panicked voice came from halfway up the grave mountain:

"Help, help!!"

Chapter 318: The cave behind the tombstone

Li Yun was taken aback, how could this voice be so familiar!

No, it's not that the sound is familiar, but the similar scenes are very familiar. Didn't Fan Hang come to ask for help before?

But this time, it seems a bit different.

Everyone reacted, swish swish, and instantly, dozens of flashlight lights shone in the direction that made the cry for help.

Halfway up the mountain, a larger tombstone was removed, revealing a hole. The four young men, all dirty and horrified, were struggling to escape from the hole.

But then, an angry roar came from the entrance of the cave:

"You bastards, you escaped while I was recovering, **** it! I'm going to make you all zombies!"

"Tianyin old man!!"

Li Yun yelled, using a sly footwork, and rushing towards the halfway of the mountain. The soldiers followed and rushed there.

Although the hillside is not high, an old man with a short stature, a thin face, and extremely gloomy and terrifying eyes has already rushed out of the entrance of the cave. He should be the Tianyin old man who Li Yun and others are struggling to pursue!

"It's you!"

The old man Tianyin was already shocked, he thought he would be able to sit back and relax by escaping back here, as long as he regained his skills, he would slowly clean up Li Yun and others in the future.

Unexpectedly, Li Yun actually brought people here so soon!

"it's me!"

Li Yun smiled faintly, and fired a shot directly at him while running.

"*Lao Tzu's!"

The old man Tianyin screamed, and after evading the bullet, he fled back into his cave in a panic and sealed the doorway.

The four people who escaped were surprised, and were about to walk over to talk to them, but Long Xingyun asked someone to stop them: "You are unidentified, don't approach us for the time being, stay far away!"

Liu Xianxian was a little embarrassed, and Long Xingyun was very vigilant, much better than they believed Fan Hang before they saw him.

"You are... Three Pigs!?"

Er Niu looked at one of the men in surprise, who was from Donggou Village, and he was also Xiaomei's father.

Li Yun was surprised. After asking, he realized that these people were forcibly taken as his subordinates by the old man Tianyin, and he used to get food for him.

It is precisely because of this that these four people have survived to this day.

But this time when the old man Tianyin returned from injury, Sanzhu saw that he was leaving, and immediately guessed that the old man Tianyin could not take them away, and would definitely kill them before leaving.

As a result, the four escaped with great risks.

Fortunately, they met Li Yun and others after they came out, otherwise they would never survive.

"very nice!"

Liu Xianxian is very happy, it should be said, very happy.

Because Xiaomei's father is still alive, after returning, Xiaomei will definitely be very happy!

"so it is."

Li Yun nodded, stopping Liu Xianxian's impulse to speak: "But now these things are for now, Brother Long, are you ready?"

Liu Xianxian obediently closed his mouth, it was indeed not the time to speak.

"Open the door directly?"

Long Xingyun asked, originally he didn't need to ask Li Yun about these things, but the enemy was a cultivator who knew how to spell, which caused Long Xingyun and Liao Hua to ask Li Yun before doing anything.

"Go straight!" Li Yun nodded.

The next moment, three grenades were thrown beside the tombstone, which was tightly closed.

"Boom! Boom! Boom!"

Three powerful grenades exploded, gravel and soil flying all over the sky, and the tombstone was directly blasted through, exposing the big hole inside.

"Roar!!"

Chapter 319: Kill the old man of Tianyin

Hearing the sound coming from the cave, the two cows and the three pigs immediately changed their faces. They were all people who had seen zombies. The three pigs and the four even lived with the zombies in the cave for half a month to a month. Time varies.

"How many zombies are there in the cave?!" Li Yun asked quickly, staring at the cave with guard.

"Ten, fifteen?!" Sanzhu was terrified, had it not been for many soldiers in camouflage uniforms nearby, he would have escaped as far as possible.

The psychological shadow of the zombies in the cave is too great for him, and he doesn't know how he came over the past half month!

"It seems to be sixteen?"

"It could be fourteen."

The four are not sure, but this is enough.

While talking, the zombies in the cave had already rushed out, as always, with blue-faced fangs, hideous and terrifying.

The soldiers were taken aback by surprise. Li Yun took the lead and fired a shot, shouting: "Just shoot directly and kill the zombies directly. They are already dead and it is impossible to resurrect!"

The crowd was not afraid of this, but simply frightened. After being reminded by Li Yun, the soldiers shot immediately.

"Boom boom boom!"

A series of dense bullets poured down like rain. During the explosion, there was a huge grenade explosion. The zombies that rushed out of the cave were wiped out one by one. No matter how hard

the zombie body was, under the bombardment of bullets and grenades, it was like mud. Like being crushed to pieces.

Sanzhu, Erniu and the others were very excited when they watched. The previous evil spirit was relieved at this moment, and the spirits of the few people immediately improved a lot.

Li Yun sighed: "It's not unreasonable for these cultivators to hide. In modern society, no matter how hard a zombie is, it can't withstand the bombardment of rockets!"

Everyone laughed. Long Xingyun also looked very happy, but he said: "Cultivators are still very powerful in a small area, and the methods are strange. If they want to make trouble, they can easily cause huge casualties. We will still pay more attention."

"wrong!"

Liao Hua suddenly thought of something: "The old man Tianyin hasn't come out now, I'm afraid he has already escaped where he was caught!"

When everyone was shocked, Li Yun immediately thought of something. He turned and ran towards the other side of the mountain, leaving Liu Xianxian staring.

Li Yun rushed to the back of the mountain, swept the flashlight, and he saw a small figure escaping hastily.

"Don't run!!"

Li Yun's pistol only had less than five bullets left, but it was enough to deal with the old Tianyin who had run out of oil and the lamp was dry. Before long, Li Yun caught up with him, hitting him with one punch and one punch, making him thin and weak. The body flies out like a kite.

"puff!"

The old man in Tianyin opened his mouth and rolled out a mouthful of dirty blood. Because of dealing with ghosts all the year round, his whole body, including blood, was full of toxins. Wherever the dirty blood splattered, the flowers and trees immediately withered.

The soldiers who came from a distance were taken aback. After seeing this scene, their contempt for the cultivator was also put away.

Without Li Yun, they wouldn't really be able to kill this half-crippled old man!

"It's overcast old man."

Li Yun's tone was flat and said: "surrender, we might still keep you alive."

Having said that, he also knew that it was more impossible to surrender such old monsters than to kill them.

Sure enough, the old man Tianyin stared at Li Yun fiercely with a vicious look: "Don't think you can eat me, kid, wait for it, after I die, my ghost will keep entwining you until I die. You drag into the eighteenth hell!!"

Chapter 320: Ding, the justice value plus 8745

Hearing his curse, Li Yun sank his face, without saying a word, he stepped forward with another punch.

"boom!"

Yiyang Fist is fierce and domineering, and Li Yun is at a vigorous age, plus there is a justice bonus of up to 15,000 points. Therefore, his Yiyang fist is full of power, and there is a faint flash of fire on his fist. With a punch, the old man Tianyin turned directly into fly ash.

Everyone looked at the corpse in shock and spontaneously ignited by Wuhuo, and they were extremely surprised, but after another thought, this might be the difference between the cultivators.

Although Li Yun didn't say anything, everyone regarded him as a practitioner.

"Ding, the host makes a choice to help Liao Hua defeat the old man Tianyin, rewards (justice value +8745, all attributes +3500, golden gift bag*1, experience value +500,000, gains national recognition, the future of the host will Assist the official power to eliminate the six magic gates, become a world-renowned powerhouse, and reach the pinnacle of life!

Li Yun looked speechless.

The reward is very rich, with a total attribute of as high as 3,500 points, which brings Li Yun's total attribute to as many as 15,000, and his strength soars rapidly, approaching the level of the later period of the day after tomorrow.

The justice value has been increased by 8,000. This should be related to the evil old man Tianyin doing a lot of evil, and he will naturally reward the justice value for the sky.

And the golden gift bag made Li Yun's heart hot.

Whether it is a skill pill, a detoxification pill, or a space ring, they are all first-class good things!

If you wait for more gift bags and then open it, maybe luck will explode and open another colorful prize?

"Li Yun!"

Liu Xianxian ran over anxiously. When approaching him, he eagerly swooped in. Li Yun hurriedly caught her, hugged Xianxian's soft body, hugged and turned around, Liu Xianxian smiled happily. Aloud, with a happy expression on his face.

"Yun, is it over?"

"Well, it's over!"

"Hee hee, so good~"

Liu Xianxian's eyes were full of excitement and joy. He couldn't bear the joy of his heart, so he tiptoed up and kissed Li Yun on the cheek.

The surrounding soldiers laughed kindly. After the war, the hero and the beauty Hao kissed together. This is a standard comedy movie!

Long Xingyun and Liao Hua were very satisfied. Neither of them pursued Li Yun's pistol. They also saw that Li Yun's white pistol was definitely blessed with a certain spell, otherwise the power would not be that great.

The approval of the two means that Li Yun's future pistols are legal, but the formalities still have to be done.

What happened after that was basically nothing to do with Li Yun. He followed to take a look at the old man's cave in Tianyin. It was quite large, with a room for storing zombies, and a special pothole for convenience. I don't know how he was. Unearthed.

In the cave, Li Yun found a lot of weird things, probably all the materials used by the old man Tianyin to cast spells. Li Yun didn't need one, only a flag.
