

Godly Choice 3121

Chapter 3121: Mu Yongkang's ending

It would be better to say that Li Yun led them to meet some people and lay the foundation for their future development.

Su Muxin and Xiao Mingzhu, two truly famous daughters, have no shortage of resources and connections. What they lack is only a foundation. They are supported by their parents. If they can't make a career, they will not be able to get real business leaders. Take one more look.

But Li Yun is different. His position is enough to make the women around him directly elevated to a point where big businessmen can only look up and obey. As long as they are not very crotch and vase, they can immediately obtain a lot of resources. , What you do is twice the result with less effort.

However, the two girls didn't seem to pay special attention to who they made friends with. They just showed their faces after Li Yun, saying that they were Li Chaoren's "girlfriend" and "people around him". The rest of the time was mostly chatting with some familiar girlfriends.

The so-called best friend is the same circle, at least the famous daughter.

As a result, they seemed to be afraid of Li Yun coming in disorder, so they pushed him away in a few sentences, leaving Shan Xiaoxiao, and let Li Yun go play by himself, and don't try to seduce the girlfriends around them.

"..."

Li Yun felt that he had been wronged again. Forget it, let's talk to Ruqing.

On a remote stone bench in the park by the Yellow River, Li Yun found Shan Ruqing, who was determined to watch the river flowing.

"Why, are you in a bad mood?"

Li Yun sat next to her and watched with her the shimmering river surface illuminated by the lights from both sides of the strait. There were many cruise ships on the river, and many young men and women were drinking and having fun. The scene of drunken gold fans could easily dazzle people from other places. .

But the cruise ship champagne, beautiful like a cloud, has always been exclusive to the rich. Ordinary people can only stand on the other side of the river and watch with envy from a distance.

With such a scene, Li Yun couldn't help but feel a little bit emotional. If he didn't get the system accidentally, I'm afraid he would be just one of many ordinary college students now.

"no."

Shan Ruqing gently shook her head, her expression changed from lonely to complicated, with an expression of indistinctness, "I'm just a little...that is, I am lost when I relax."

"I can probably understand this feeling."

This is probably something that is very important to oneself. It has been pressing on the heart, and after the result is resolved smoothly, the feeling of being empty in the heart makes people confused and wondering what to do for a while.

Shan Ruqing turned her head and glanced from a distance at the daughter who was playing with a group of young ladies beside Xiao Mingzhu and her two daughters.

Now Xiaoxiao is undoubtedly a lot more cheerful than before, and he has started to have friends around him, and Su Muxin and others are like sisters, Su Muxin is happy to play with the little girl.

"Mu Yongkang called me just now."

Shan Ruqing looked at Li Yun, trying to find a jealous or dissatisfied look on his face, but unfortunately, there was not at all.

She didn't know if Li Yun believed her too much, or didn't have her in his heart, and didn't care about her and Mu Yongkang at all.

But if you don't care, why did you come to chat with her specially?

Is it trust?

It's like trusting Xiao Mingzhu and the others, believing that they love themselves.

"Did you forgive him?" Li Yun asked with a smile.

Now Mu Yongkang is estimated to be uncomfortable, especially uncomfortable. Not only is he uncomfortable, but his family is also uncomfortable, and it collapses at any time.

"no."

Shan Ruqing immediately shook her head in denial, becoming a bit indignant: "That person deceived me too deeply and was selfish. I definitely won't intercede for him!"

Chapter 3122: Shan Ruqing

Li Yun did not comment because he did not understand what had happened between the two.

Shan Ruqing seemed to be aware of this, and watched Jiang Mian silent for a long while before speaking softly, "Would you like to hear the story of a fool's mother?"

"If this idiot mother is the one sitting next to me."

Li Yun smiled.

Shan Ruqing wanted to laugh a little, but she was the idiot mother. Recalling past events made her feel a little heavy, so she couldn't laugh.

Suddenly, Li Yun held her hand, making Shan Ruqing a little surprised, subconsciously wanting to struggle, but quickly gave up. The restless fingers moved in Li Yun's palm, and a touch of shame appeared on her cheeks. meaning:

"you.....!"

What else this person said has nothing to do with her, but now it's time to tease her! Enter when she is sad.

"Don't get me wrong." Li Yun leaned back on the stone bench and looked at Jiang Mian with serious eyes: "I am just a friend of an idiot mother. When she recalls her sad past, I give her a comfort, not because she wants to be her daughter's father. , Not to want to take the opportunity to accept her as a confidant, or let her be a concubine."

"You!" Shan Ruqing blushed.

"If you want to accept it, that's also one of the rightful wives."

This time, Shan Ruqing's ears were red, and she no longer looked like the self-made business queen, she was more innocent than the most innocent little girl.

The unprecedented ambiguous words almost clarify the relationship between the two, which is also equivalent to a confession, just waiting for her to agree.

Li Yun wanted to accept her as a harem.

Only this sentence remained in Shan Ruqing's mind, but there was not much irritation in her heart, even she felt surprised.

Is it to repay your favor? Or the man who really likes this hero to save the United States and saves her twice?

she does not know.

She only knew that her heart was beating very fast, and the little hand held by this man felt very safe, and a blushing power was constantly coming.

It turns out that this man really has supernatural powers and can turn a woman into his person at once.

"Stupid mother, I'm back."

The man chuckled, and Shan Ruqing realized that he was about to bury his head in the ground. After a while, he said, "I, I just want to be a mother. For the time being, I'm not ready to be an old wife or a wife." ."

She didn't know what courage she took to finish this sentence.

"It's okay, then I will first listen to the story of the fool's mother, and then let her be the fool's wife."

Shan Ruqing was even more embarrassed, but she was so awkward that she raised her head and looked at him and asked: "Don't you want to hold on? Maybe I will agree...I mean, maybe I will agree!"

"If, if someone insists."

Shan Ruqing had a fever, and only felt that her whole body was hot, and her cheeks were so hot that she could boil eggs.

I am even more shy than when I first fell in love at the age of sixteen or seventeen.

"The idiot mother's daughter has already called me Dad, so she will definitely not be able to escape, so don't worry, you will always get it."

Li Yun made a silly sentence.

The reason why he pursued Shan Ruqing was that besides he really liked this strong mother, his pity for Shan Xiaoxiao also accounted for a certain proportion.

Besides, the girls around him, Xiao Mingzhu, Gong Qingyu and Fang Xue, all of them had already acquiesced that Shan Ruqing would join them before Li Yun didn't explain it, and Li Yun couldn't stop them.

So he is not hypocritical.

Chapter 3123: Fool mother

In addition, Li Yun and Shan Xiaoxiao have a very good relationship. The system once reminded her that she is strongly dependent on him. Li Yun treats her as if she treats her as her own sister or Black Feather Butterfly, and raises her as a daughter and sister.

The combination of a series of factors made Li Yun choose to take the initiative to attack a little, let Shan Ruqing understand his intentions, and gave her room to choose.

As a result, although Shan Ruqing refused shyly, she had already acquiesced in the relationship between the two. Now Li Yun just hugged her and kissed. She would probably not object to it. She would just resist and obey.

"You guy!"

Shan Ruqing broke away from his hand. In less than a second, Li Yun held her again. Shan Ruqing was not willing to struggle this time. After hesitating for a while, the fingers of her silky little hand spread out, touching Li Yun's palm. , Fingers crossed and held together.

The unprecedented experience filled Shan Ruqing's heart with warmth, and her whole body exuded a soft love atmosphere.

"Stupid mother, can you tell me?"

"You... I just said casually, don't keep calling me stupid, anyhow, I and I are also the president of a company!"

"President and idiot, I think they are two professions."

"I can't tell you."

Shan Ruqing turned her head and said, "The atmosphere that I finally brewed has been messed up for you. What should I say now?"

Li Yun smiled, "Then remember Mu Yongkang, he is so hateful, and he will definitely make you remember what happened back then."

"he?"

Shan Ruqing now mentions that he has been calm and completely treated as a stranger, "What makes me sad about him? Now his family has been attacked by Xiaomeng's sister and Zhao

Tianfeng, and the company has also been attacked by you. Baiyun Technology's partner is about to go bankrupt, the capital chain is broken, the contract is breached, and the money he pays is not enough. From now on, he will be a pauper whom he once looked down on. It is not worth mentioning."

Li Yun joked: "Then imagine if you didn't have me, your mother and daughter..."

Before he could finish his sentence, Shan Ruqing had already held his hand tightly, as if such an imagination had already made Shan Ruqing unable to accept it.

"I'm sorry, is it uncomfortable?"

"No, no, I just... it's no longer enough for my daughter to become fatherless."

It's not that her daughter can't do without a father, but she can't do without a husband.

Li Yun did not expose her turning confession, and firmly squeezed her small hand.

After a long while, Shan Ruqing eased from his excitement and anxiety.

"My mother, annoyed my grandpa."

Shan Ruqing's first sentence was quite shocking.

"My family's situation is complicated and not complicated. My grandfather has participated in many wars. He has a very hot temper and loves my grandma deeply. He did not continue after her death, resulting in too little discipline for my mother..."

When my mother was 16 or 17 years old, she fell in love with a boy of ordinary origin. After bringing it back to my grandfather, my grandfather saw his nature and firmly disagreed, but my mother was rebellious and brought Hundreds of thousands of dollars followed him-that is, my later father flew away and made my grandfather angry.

Later, the two did not know what happened, and came back after giving birth to me, but only my mother and the father disappeared. "

"My mother's character has also become more disobedient. She almost never goes home. She wanders around the capital all day, either going to bars or discos, and mixing with people who are inconsistent."

Chapter 3124: past

Speaking of this, Shan Ruqing eased a little.

Li Yun asked: "You have a lot of money in your family? Is it your uncle and uncle's money?"

"No, my grandfather is just my granddaughter."

Shan Ruqing said: "Her money depends on my grandfather's relationship, the money she asks for those ghosts, luxury car bags, and those who have just become wealthy especially like women from a courtyard like her. Often a few hundred thousand are given.

But how can these people's money be so easy to take? "

"Once she came forward to fight my grandfather's relationship, and helped those people, the other party told my grandfather.

As I said before, my grandfather had participated in several wars, and he was so angry that he was so angry that he almost beat my mother to death. "

From Shan Ruqing's tone of keeping calm as much as possible, Li Yun already felt the atmosphere at that time.

Elder Shan is furious, but his daughter is indifferent, and his granddaughter is young and knows nothing. How can such a family educate normal children? It is not easy for Shan Ruqing to grow into what she is today.

"Your grandfather, died of illness?" Li Yun used the words of illness and death instead of being angry.

".....Um."

Shan Ruqing's hand squeezed his hand firmly, tears flickering in her eyes, like the sparkling surface of the Huangjiang River.

"The irony is that after my grandfather passed away, my mother finally stopped and broke off with those inconsistent people. I don't know whether it was regretting to rehabilitate, or because she couldn't hang on without my grandpa. So far, I don't know what she thinks."

"Your mother, I mean, is Shan Xiaoxiao's grandma still alive?"

Shan Xiaoxiao followed Shan Ruqing's surname, so she was called Grandma instead of Grandma.

"I'm alive, I give her 100,000 yuan a month." Shan Ruqing's lips twitched, and she didn't know whether she was smiling or crying. "I don't know how she lives, whether the money is enough to spend, since After that quarrel, I hardly went home."

"The quarrel? What about Mu Yongkang?"

".....Correct!"

Shan Ruqing shook Li Yun's hand harder and harder, and her voice became bitter and mixed with hatred. In short, it was very complicated. She said, "When I was in middle and high school, I was an inconspicuous person in school. But a girl who doesn't know how to dress up.

At that time, Mu Yongkang also somehow knew that my family still had a deposit, so he approached me through various relationships...you, you must not misunderstand. "

Shan Ruqing lowered his head, "I have never kissed him, let alone go to bed, nor even shake hands. You, you may not believe it, but this is true!"

Li Yun smiled lightly: "Although I am willing to believe you, it is obviously too outrageous. After all, my daughter has given birth. Can Ruqing explain why?"

"The reason... is also very simple."

Shan Ruqing bit her lip, "I was... really a fool! My mother didn't let me fall in love early because of her own relationship, let alone let me like people from poor backgrounds, but I just wanted it at the time. Against her, saying to make her angry with my grandpa?"

I hate her, so Mu Yongkang treats me well, then I will follow him, it's that simple. "

Li Yun still didn't understand how it developed later.

"When my mother found out, she was very angry and opposed it, but the more I resisted, in order to prove it, I found a relationship with Mu Yongkang and went to a hospital to get pregnant artificially."

A lean camel is bigger than a horse.

Although Shan's father died, it's okay for Shan Ruqing to find a relationship and go to the hospital for "artificial embryos". No one in her family could stop her at the time, and her mother was a bad person.

Chapter 3125: Youth asshole

"You, don't think about it." Shan Ruqing looked at Li Yun seriously, and anxiously explained:

"Although I was stupid at the time, but I looked down on my mother and didn't want to go to the hotel without going to university like her. So I insisted not to let Mu Yongkang touch me, just to prove that I wanted to be with him. By going to the hospital artificially, I gave birth to Xiaoxiao."

Li Yun was stunned by the complicated relationship of this family.

Regardless of Mr. Shan, things are like this:

A single mother was rebellious and ran away with a man when she was young. Shan Ruqing resented her mother and looked down on her, so in order to prove that she was different from her, she also found a boyfriend when she was young, trying to prove that she had a unique vision. Deceived by a man.

But she wouldn't fully follow her mother, so Shan Ruqing didn't want to even touch anything with each other before she became an adult.

After her mother forced her to leave Mu Yongkang, Shan Ruqing chose to use "artificial embryos" to give birth to Shan Xiaoxiao.

And her learning talent was exceptional, she insisted on studying when she was pregnant, and finally gave birth to a small child, she was also admitted to a famous foreign university and received a full scholarship.

"Although I don't understand it very well, I can forgive you." Li Yun smiled slightly and looked at her.

Shan Ruqing's expression froze, as if muttering: "I thought you would say you could understand me..."

"How to understand? No way to understand."

Li Yun squeezed her palm and smiled: "You are so strange when you are eighteen years old. You would actually use this extreme method to give birth to a little boy to prove yourself."

Shan Ruqing could only smile wryly.

"However, I can understand." Li Yun said: "Whose youth is not a foolish account. Moreover, your family situation is so complicated, it is better to say that Ruqing can become a female president of a large company. Surprised."

Shan Ruqing bit her lip, looked at him, and said for a while, "That's because of my talent. After setting up the company, I got the help of some of my grandfather's former friends. It's nothing like starting from nothing, it's incomparable with you. "

"I got the alien legacy."

"I don't believe it... Isn't it about getting the ancient ruins?"

Shan Ruqing looked at him, her eyes softened a bit, "Actually, I also admire you very much. You have gained such a strong power. Li Yun, you have become very astringent and there are many girls around you, but nothing has changed. Still a normal person."

"What are you talking about! Is it abnormal to gain strength?" Li Yun shook her hand and patted her thigh.

His thigh was beaten, and Shan Ruqing's face blushed, but he retorted: "A person who suddenly gets a lot of money will change his personality, let alone gain a power beyond human society? Just like that Mu Yongkang, he lied to my grandfather and left it with After my company, I immediately turned my face and didn't recognize people. I still remember clearly..."

She paused, and Li Yun looked at her and saw the sadness in her eyes.

Then, Li Yun released her hand and held her slender waist.

Shan Ruqing became stiff and quickly softened, and his head leaned on Li Yun's shoulder.

He whispered generally: "That Mu Yongkang, after tricking me into signing the contract, he immediately threatened me... That person is extremely hateful. Fortunately, my grandpa still has friends. He, he, he didn't dare to mess around, so I just Leave the child to my mother and let her help. I flew abroad to study, and finally took Xiao Xiao too..."

Chapter 3126: Relieved Shan Xiaoxiao

"Sister, look over there~"

Shan Xiaoxiao's small face was full of happy expressions, and she quietly pointed in the direction of her father and mother.

Xiao Mingzhu and Su Muxin looked at the two daughters at the same time, only to see Li Yun and Shan Ruqing leaning against the river bank in the distance. Xiao Xiao's mother leaned on the man's shoulder, and she fell in love. appearance.

The two women glanced at each other and said that it was a fake not to be jealous, but Shan Ruqing was in a special situation, and he had already been to Mansion No. 3 and was recognized by them.

In addition, Xiaoxiao is very cute, and joining their big family will bring them a lot of happiness, and it can also complement the warm atmosphere of the family.

If a family has children, two generations will have a bridge of communication. In Li Yun and their big family, Xiao Xiao can also use the advantages of children to chat and play together with everyone.

Although Shan Xiaoxiao's time and place for being intimacy with Li Yun would be reduced a lot if Shan Xiaoxiao was there, but compared to when she was there, these sacrifices were still worthwhile.

"I'm sorry, two sisters, I will apologize for my mother."

The two women looked at Shan Xiaoxiao in surprise, and found that this little girl who had always been innocent and cute just now showed an apologetic expression on her little face.

Except that her face is still immature, fat and round, Shan Xiaoxiao now says that she is a mature woman and they all believe it!

"Hehe." Shan Xiaoxiao stuck out his tongue, "tell the two sisters, in fact, my IQ is very, very high. I know everything that my mother doesn't know~"

The two women were even more surprised.

"Are you really Shan Xiaoxiao?"

Su Muxin suddenly stretched out her hand and squeezed her face, causing Shan Xiaoxiao to anger, and plunged into her to act like a baby:

"Sister Little Pepper is really serious, I'm serious!"

"Mom is with Nana now, um, it's your husband... Brother Li Yun wanted to comfort her mother, but you didn't interrupt it graciously, so Xiaoxiao would like to thank you, thank you, thank you so much! "

A mature and serious expression appeared on the face of an eight-year-old girl, and she felt disagreeable no matter how she looked.

Xiao Mingzhu had a weird expression, and she stretched out her hand and squeezed her face, "No, there is no legendary human skin mask."

Su Muxin also squeezed her cheek randomly, and the two girls, one large and one small, started arguing again.

"They are really eight years old!"

Shan Xiaoxiao pursed her mouth, "My mother has had a hard time all these years. She has to take care of me, finish school, start a business after returning to China, and face some news from Mu Yongkang from time to time. The capital city, because of the grandfather's relationship, is in the capital city, and mothers will have no advantage if they leave that city.

However, in the first two months, my mother finally made up her mind and moved to Zhonghai City. As a result, the villain Mu Yongkang also followed. "

The two women finally confirmed that the little girl who has been pretending to be cute is really super high. These words are not something eight-year-olds can say.

"Single Xiaoxiao!"

An unusually beautiful Xiao Mingzhu in a strapless dress, holding a wine glass, looking at her for a long time, she was a little uncomfortable looking at Shan Xiaoxiao, Xiao Mingzhu smiled slightly and said:

"Well, I know that you are a little girl, but you can rest assured that since your mother has gone to Mansion No. 3, everything is not a problem, and you don't have to worry about us repelling your mother and daughter."

Shan Xiaoxiao nodded seriously and smiled sweetly at her: "Thank you, sister Mingzhu."

"wrong!"

Chapter 3127: Mother

Su Muxin raised her hand to express her objection, which surprised Shan Xiaoxiao, but she was also a little worried, fearing that the little chili sister would not accept their mother and daughter.

However, Little Chili Sister stretched out her hand and squeezed her little fat face, smiling and corrected: "Also called our sister? You should call our little mom, come, call my sister, Little Chili Mom~"

Shan Xiaoxiao: "..."

Xiao Mingzhu: "..."

As soon as Shan Xiaoxiao's eyes turned, she showed a sweet and lovely smile at Su Muxin: "Mom~~~"

Su Muxin's whole body froze suddenly, she felt goose bumps rising from her ankles to her scalp. The sound of her mother really made her feel numb and uncomfortable.

"Shan Xiaoxiao, who do you call your mother?!"

A familiar voice rang in her ears, and Shan Xiaoxiao was as stiff as sister Xiaojiao. She turned her head little by little, and saw her "Mother Shan Ruqing" standing behind her with a frosty expression on her face. Looked at her.

Mother showed this expression to her for the first time! !

"Mom, listen to me. I just had a joke with Little Chili's mother, no, Little Chili's sister...Ouch~, woo~"

In the end, Shan Xiaoxiao was knocked on the head, and her little pepper mother also sat down very well, and her status was directly lowered from mother to daughter.

Shan Ruqing laughed out loud and complained: "You can only be, I didn't...ah, it's so late tonight, Xiaoxiao, go home with my mother."

"Oh~"

Shan Xiaoxiao obediently returned to her mother and grabbed her hand.

"Say goodbye to your little pepper mother." Shan Ruqing said, making little pepper mother goose bumps all over her body again.

"Goodbye, Mama Little Pepper~, Mama Pearl, bye, Daddy~"

Shan Xiaoxiao said goodbye to the three in turn. In the uncomfortable eyes of her mother Little Pepper and Mother Mingzhu, she took Li Yun's hand to make him lean down and kissed her father on the cheek. Jumping around and happily leaving the dinner with my mother.

Today is her happiest day. From now on, she will move to Mansion No. 3 to live together, or go to Dad's villa in Huangtingshan. Dad will prepare rooms for her and mom. Then she will have many homes. .

One is a home bought by my mother, the other is a home for my father, and there are many homes for little moms~

"I blame you!"

After the mother and daughter left, the two women stared at Li Yun.

"Ahem."

Li Yun looked up at the sky, this time he could no longer say that he was wronged.

Because of him, these two young girls were called mothers by an eight-year-old girl. Li Yun at the time felt depressed. However, after being used to being called by Shan Xiaoxiao, it was fine. After all, a certain little girl Doesn't Chili often call him father too?

...

On the way back, the mother and daughter were sitting in the back row of the car driven by the secretary.

Shan Xiaoxiao happily nestled in her mother's arms and asked her, "Mom, will my father soon become my father?"

The words were very awkward, Shan Ruqing thought about it carefully before she understood what her daughter meant. Hongxia flew on her cheeks and stretched out her hand to twist her little fat face:

"Nonsense, I haven't promised your mother yet!"

"Uuuuuu, bad mother pinched me again... Mom must be shy, I have seen mom you put your head on Dad's shoulder...uuuu, mom don't pinch~"

While the secretary was shocked, she was not surprised.

Chapter 3128: I love mom the most

Mr. Li Yun is too good. Not only does he start from scratch like President Shan, but he has a wealth of a hundred times more than President Shan, and his strength is so powerful. He is Li Chaoren admired by the whole world, and his shot is the power of thunder.

Men with money, power and ability are originally the most attractive, but Mr. Li Yun is so handsome, so young, and so good to the women around him, willing to take them to meet business celebrities instead of Treat them as vases.

Such a man, what woman in the world can resist his pursuit?

In the view of Miss Secretary, it was only a matter of time before President Shan fell, but she was slightly shocked that President Shan was...

But think about it, if Mr. Li Yun defeated Mu Yongkang, President Shan must be trembling in his heart and couldn't help it?

If it was her, she would also embrace Mr. Li Yun and go straight to the hotel tonight instead of going home.

It's a pity that Mr. Li Yun is a gentleman, and he doesn't even look at her. It is obvious that she is wearing black stockings today... crying.

"Mom~~"

Shan Xiaoxiao is acting like a baby again, wanting her mother to admit her relationship with her father sooner.

She loved everything that happened in the past two days, including cooking with her father, going to the amusement park with her father, and the little moms around her. She liked it very much, and she wanted to go to the number three in the future. To play in the mansion, it is best to live there, and my mother also moves, and occasionally returns to her own home. This is the most perfect way~.

"Don't mess around!"

Shan Ruqing squeezed her daughter with both hands, and said sternly, "You have taken two days off, and I will go to school tomorrow!"

"Tomorrow is the weekend!"

"Then be at home and make up for the lost homework on weekends!"

"Woo, mom is a bad mom, I will only love dad, not mom~~"

"Huh~"

Shan Ruqing couldn't help but sketch a smile at the corner of her mouth.

The daughter becomes rebellious, but it makes her more relaxed than before. The debt has been made up. In the future, her daughter will become like an ordinary little girl. At the same time, she will occasionally contradict her mother, right?

Such a family is normal.

"Xiao Xiao, we will go to your father next week."

"Huh? Long time..."

"Then... go to your sister Qingyu's house for dinner on Wednesday?"

"Okay~ I love my mother the most~!"

After arriving in the community, the secretary watched the mother and daughter upstairs. It was obviously the same scene as before, but she always felt that the backs of the mother and daughter today are more warm and sweet, full of happiness at home.

...

When I got up the next day, everything went as usual. Li Yun went to the small restaurant on the second floor and had breakfast with the four maids. Gong Xiaochun stared at him with weird eyes.

"Xiaochun, why do you think of me that way?" Li Yun felt inexplicable. Didn't it reach the second floor so loudly last night?

"Owner."

Gong Xiaodong answered him calmly: "The four of us made a bet when we slept last night."

"? What bet?"

"We didn't hear any sound last night, but Xiaoxia said, if the host, if you get up in the morning to help make breakfast, it proves that the host and the lady played very late last night, and got up this morning to make up a nutritious breakfast for the lady and Fang Xue. Et al.

On the contrary, if not, it proves that nothing happened last night, or the master you only played until twelve o'clock. "

Without finishing a sentence, Li Yun's hand holding the kitchen knife was already in the air.

The four maids looked at him, with eight eyes staring straight at him. After seeing Li Yun blushing, the four beautiful maids covered their mouths and laughed together.

Chapter 3129: The request of the four maids

I was actually teased by my maid!

Feeling the loss of majesty, Li Yun stepped forward and raised his slap. Behind the four maids in black and white maid skirts and beautiful maid skirts, they slapped each to show punishment.

As a result, the four blushing maids did not constrain, but stuck to him.

Li Yun knew what they meant. After less than three seconds of thinking about it, he still hugged these four beautiful maids, kissed them one by one, and took away their first kiss, finally making them blush to stop, and the spring heart is sprouting. The heart was soothed.

The four of them can only look at Li Yun and Gong Qingyu and the others, so they can get along with the host when they cook breakfast together in the morning, so they all cherish it very much.

"Master, this is enough~" Gong Xiaodong loosened his hands around Li Yun's neck, and after pursing some kind of kissed lips, he said earnestly: "Since our sister has chosen this, we are ready. Besides, the host and the lady are very kind to us, and we are already satisfied!"

Li Yun thought for a while, "Wait some time, you are not a maid."

"Huh?!" x4

The four beautiful maids were surprised in unison, and then they objected together. Their status as maids will not change, even in the future. Even if they give birth to the master's child, they are also the exclusive maids of the master and the young lady.

"Wait until I finish talking...I mean, be a young lady for a day!"

Li Yun couldn't laugh or cry, "Just find a time to go on a date with you, how about it?"

This time, the eyes of the four beautiful maids lit up and shyly agreed.

My uncle has so little time, and being able to spare time to accompany them on a date means that they will be able to go to the third floor in the evening on that day, and help the young lady to accompany his uncle to prank.

To put it more directly, after that day's date, they will hand over themselves to Li Yun together.

"Not together."

Seeing the thoughts on their faces, Li Yun said: "It's going to go on a date separately. You decide who goes first and who goes first. Don't feel wronged."

The four maids looked at each other, then laughed in unison: "Master (uncle), we want to be together!"

"Together? I'm not afraid, but you guys..."

"Yes, I want to, I want to be together~"

"Uncle, you are so good, you must be together."

"Master, accompany us four times? During Miss University, take time out four times to accompany us to...dates."

Even Gong Xiaodong, who has a cold personality, is full of expectations for the future date with the owner.

Four times in four years... These four maids have really low expectations for the future. Perhaps they are used to being Gong Qingyu's maids. Everything is given priority to the interests of the young lady. They can take the initiative to make requests. They are already their masters of the future. "The biggest luxury.

Li Yun didn't say much, but secretly decided how to spare some time to have a good time with them.

"Master, let's make breakfast. Miss and they are about to get up."

"Okay, you guys give me a hand!"

"Yes~~"

...

After Li Yun and the four maids had finished breakfast, Gong Xiaochun went upstairs to call for someone, and then she slept in a large room on a special big bed that could accommodate more than a dozen people. The girls were asleep everywhere. Called.

This big bed was originally Gong Qingyu's princess bed, but after being specially widened, it took up half the size of a room, just like the Northeast Fire Kang.

Chapter 3130: Can't afford it

Gong Qingyu's room was originally the largest. This bed directly occupies half of the room. There are a lot of dolls, puppets, anime pillows, etc. on it. There are more than a dozen quilt pillows, and I slept seven last night. A **** it:

Fang Xue, Li Feng, Gong Qingyu, Gong Lianyi, Su Muxin, Jin Liuli, Xia Feiyao.

So far, all the people who have had a mischievous relationship with Li Yun are complete.

These girls are not asleep in rows. At least after Gong Xiaochun opened the door, he saw this group of sleeping girls with lazy hair and messy hair, occupying a corner of the big bed, sleeping peacefully. .

"This....."

Gong Xiaochun looked at the other chaos in the room. While blushing, she couldn't help but get annoyed. She might have to clean up for another half an hour later. Fortunately, Aunt Lian sympathized with them and arranged a few more for those over fifty. Maid assisted.

It must be over fifty years old, otherwise the charm of my uncle will... cause trouble again.

"Miss? Sister Fang Xue? Sister Li Feng? Little Chili, are all awake~!"

Gong Xiaochun walked into the room, took off her shoes, got on this big bed, walked on the soft bed, squatted down and pushed them awake one by one.

Among them, Jin Liuli was the most sleepy. After being woken up, she covered her head with a quilt, saying something vaguely: "I'm not going to school. Go and eat. I'm not hungry!"

Gong Xiaochun can't laugh or cry, there are such benefits to not go to school?

But she was also curious, what was the detailed process last night?

It is foreseeable that in the future, she and the other three maid sisters will be too lazy to fall asleep and don't want to get up, just like the ladies on the big bed.

After finding Gong Qingyu who was sleeping with Gong Lianyi, Gong Xiaochun saw the happy and content sleeping expression that she had never seen before on the face of the lady.

So happy Gong Xiaochun didn't even want to wake her up.

Seeing Miss and Aunt Lian hugging and sleeping, Gong Xiaochun couldn't help thinking, in the future, she and the other three sisters will be like this too?

"Miss, Aunt Lian, it's time to get up!!!"

...

Not surprisingly, Gong Xiaochun went downstairs alone, and her three sisters looked at her together.

"None of them?" Gong Xiaoxia asked in surprise.

"Well, Miss said that there is no need to go to class this weekend."

"...No wonder I played for so long last night."

Gong Xiaodong clapped his hands and looked at Li Yun who was already eating breakfast: "Master, if I remember correctly, those who slept on the third floor last night were Jin Liuli and Miss Xia Feiyao who came back from Penglai Island and slept on the third floor. ?"

"Seven in total!" Gong Xiaochun, who saw the girls sleeping on the big bed, said in an affirmative tone.

"sharp!"

The three maids said in neat voices.

Li Yun: "..."

What should he say at this time?

The system, come out and give him a choice event!

"Brother, here we come~"

Fortunately, the two sisters Cai Wei Caixia came down from the second floor and successfully resolved Li Yun's embarrassment.

The four maids glanced at each other, their faces were a little red, and my uncle was more powerful than they thought. No wonder the girls around my uncle, including the young lady, had no problem with the master looking for more girls.

Gong Xiaoxia did a serious calculation and remembered it correctly last night. The uncle and the little pepper disappeared into the room at 8 o'clock. Then there was the lady, then Xia Feiyao. Before ten o'clock, everyone went back to the room. Go to sleep.

In other words, my uncle was busy working from nine o'clock until three or four o'clock in the morning of the next day.

No wonder young ladies and they can't get up now.
