

Godly Choice 3161

Chapter 3161: I believe you to blame

When the innocent and lovely girl said so, Gong Lianyi became more shy and struggled, but Li Yun just hugged her to the sofa and put her down, like a fragile treasure, and put her on the sofa.

The little princess beside her was giggling all the time. What made Gong Lianyi even more ashamed was that she had lost one of her shoes at some point, and Xiao Xia silently took it in her hand and waited for her to sit down before taking her. Put his shoes on the ground and said: "Auntie, your shoes."

This sentence made Gong Lianyi very ashamed.

This seems to be what she did with Li Yun. The clothes and shoes were littered, and finally the loyal maid quietly cleaned up the mess. Just as the last time she was sketching, Gong Lianyi supported her sore body at noon the next day. When I got up, I went to the study without being shy, only to find that the messy comfort of last night had been cleaned up neatly.

Princess Yongning looked at her and suddenly said, "Sister Lianyi is so beautiful!"

Gong Lianyi, who became a woman, could not conceal the coquettish look similar to the legendary Su Daji, praise Si, and her every move exudes speechless bewilderment. This is why Liu Xianxian felt that her temperament changed just now .

Such a charming look, even Gong Lianyi's elegant and elegant temperament developed by reading poetry and books can't conceal the affection that Li Yun couldn't help but kiss her just now.

"Xiao Yongning, you, don't talk nonsense." Gong Lianyi was greatly embarrassed. She vaguely knew that she had a special physique, so she tried her best to cover it up.

But after drawing sketches with Li Yun and Qingyu in the study that night, her natural seductive looks could no longer be concealed. On the third floor, she often charmed the four beautiful maids in spring, summer, autumn and winter, let alone When she went downstairs in the morning and took a walk in the garden for a little exercise, she wore thick clothes and fascinated the guards so that the four maids had to give orders. When the aunty was exercising in the morning, all the guards who were hidden To leave the garden, this calmed down.

"Nothing."

Li Yun sat next to her, put his hands behind her, and naturally embraced her willow waist, motioned to the two women Liu Xianxian and Xiao Mingzhu to also sit down, and said with a smile: "This should be a combination of the two factors. Lianyi, you have already been with me...what's the matter, didn't I let you practice "Fox Art"? This mental technique should also increase your charm."

"I also want fox charm~" Liu Xianxian unceremoniously occupied the position beside Li Yun, and smiled triumphantly at Xiao Mingzhu.

"It's Meihu." Li Yun corrected. This is his mental method, and it was specially given to Gong Lianyi.

"You, you just violate me."

Gong Lian felt helpless, thinking that Li Yun only gave her this kind of exercise technique that a fox spirit could practice after knowing her special physique.

But in order for him to achieve his goal, Gong Lianyi still practiced this charming technique docilely, and after that night, the charming technique vaguely showed signs of success.

"I didn't violate you, I was wronged." It's all the pot of the system.

"I don't believe it, do you believe Xianxian and Mingzhu?"

"Don't believe it!" x2

"Xia Xiaoqiu, do you believe it?"

Gong Lianyi asked the two maids again. Although they were still maids, they were higher than maids. In ancient times, they belonged to the position of maids, but in modern times, the two women are strictly equal.

It's just a variety of factors that make them consciously serve as maids.

"Letter!" x2

The two maids spoke in unison.

"what?"

"It's strange."

"Hahaha~"

Several people laughed and squabbled, chatting while waiting for Qingyu and the others to come back from school.

Chapter 3162: Visit the study room

Xiao Mingzhu sat and chatted with them for a while, and his eyes swept across the door of Gong Qingyu's open study, and suddenly remembered that Tian Gong Qingyu and Gong Lianyi and Li Yun had painted in the study a few days ago. Sketching for most of the day, a scene that is still live in the group.

"Xia Xia, are those paintings still in the study?"

Hearing this question, Liu Xianxian's face also blushed, but he was inexplicably looking forward to seeing the masterpiece of the three.

"Yes, it's still in the study."

"That's great, Xianxian, come and see with me."

Xiao Mingzhu took Liu Xianxian's hand and took her to the study. Although it was Gong Qingyu's study, even Gong Qingyu's bed was transformed into a bed that could sleep more than a dozen people. Not to mention it's just a study room.

"do not!"

Gong Lianyi reacted, her face flushed, and she stretched out her hand to stop them from seeing the traces of the previous battle, but Li Yun put her arms around her slender hand but tried harder, so that she could not break away, and could only keep her eyes open. Watching the two women walk into the study.

"Yun, please don't be like this?"

Gong Lianyi was about to cry.

"It's fine."

"Why is it okay, there is... well."

Princess Yongning opened her eyes wide, her small face looked at the two intimacy shyly. After Sister Lian Yi was over, she leaned forward and faced Li Yun with her eyes closed, her small face full of expectant shy expressions.

Li Yun chuckled and kissed her for three minutes, then the little princess lay down and panted.

Half an hour later, when Xiao Mingzhu and Liu Xianxian were admiring the more than 300 original sketches in the outer study, they saw Li Yun hugging Gong Lianyi and kissing, and his hands were still unruly.

As for Princess Yongning, she was lying on the U-shaped sofa, her little feet hanging weakly on the sofa, and her little face was blushing with happiness.

The two maids hid on the small sofa and the table behind the big sofa. They leaned on each other and were chatting quietly. Xiao Mingzhu could tell at a glance. The two maids were flushed with cheeks, and they were obviously kissed just now. I don't know how long it has been.

"You guys are really...!"

Xiao Mingzhu was speechless for a long time, trying to say something, but it seemed that the scene before him was very normal. At least he didn't see clothes all over the floor when he came out, right?

The third floor of Mansion No. 3 and the third floor of Villa No. 36 have been almost transformed into Li Yun's palace.

Just like here, in addition to the U-shaped sofa, there are two small tables and matching sofas next to it, for three or four girls to play cards with each other, while others sit or lie on the U-shaped sofa while watching TV. While chatting and making trouble, the living room was covered with thick and soft carpets, and there were many pillows on the sofa. When Su Muxin Jin Liuli's lively girls were making trouble, they would often roll around on the carpet.

By that time, the whole living room was filled with joy.

If you don't want to participate, you can sit by the window on the other side, where there is a relatively quiet corner where you can read a book online. Fan Qing Sheng participated in the evening gatherings of the girls many times, after playing cards with them a few times. Just stay there quietly around eight o'clock to read.

Make a group of beauties embarrassed.

Of course, after getting acquainted, the women didn't care about Fan Qingsheng's performance. She could do whatever she wanted, and the others would not be affected.

At most, it is just playing around for a while, and then quieting down with each other, splitting into several groups to whisper, quietly reading, practicing, or studying.

Chapter 3163: Buy experience card

All of these make Xiao Mingzhu, who has participated in several gatherings, feel very warm and happy, relax both physically and mentally, and don't need to deliberately maintain a relationship or worry about embarrassment.

After all, Li Yun occasionally kissed a daring girl in front of everyone—mainly Su Muxin. Over time, everyone got used to getting intimacy with him in front of their sisters.

"Just enough, you playboy!"

Xiao Mingzhu threw a pillow over and hit the back of Li Yun who had let go of Gong Lianyi. As a result, Liu Xianxian who walked past was hugged by him again. Xiao Mingzhu was shocked to see that her good green plum had just been caught by the playboy. He hugged and closed his eyes blushing, obviously looking forward to the intimacy with Li Yun.

Naturally, Li Yun was not polite, and kissed on the lips of the big star fairy bun.

"..."

Xiao Mingzhu had no face to look at the two kissing together.

It seems that when she was looking at the sketches in the study just now, her Qingmei was already in love, so she wanted to be intimate with her boyfriend when she came out, without any scruples that there were several people around her.

However, all the women in the living room on the third floor now are the women beside Li Yun, Princess Yongning, Gong Lianyi, the two maids, and...she.

So Liu Xianxian naturally didn't have to worry about anything, and kissed him if he wanted to.

Xiao Mingzhu couldn't stand it anymore, with a black face, she wanted to go to the U-shaped sofa and sit down to play with her mobile phone. When she passed by the two people who were sticking to each other, she was grabbed by a big hand.

"Ah, what are you doing?!"

Xiao Mingzhu exclaimed. This is the fifth time she has asked this question today.

And every time, she had to be taken advantage of by Li Yun, so this time it didn't seem surprising.

Li Yun let go of Liu Xianxian who was so dizzy by the kiss, he pulled Xiao Mingzhu down and sat beside her with his big hands around her waist.

"Lookie ghost, let me go!" Xiao Mingzhu struggled, trying to maintain an angry expression on his face, but Li Yun couldn't help but laugh after being pinched by the tickle of his waist.

"Boss, I want to buy a temporary Xiao Mingzhu boyfriend experience card!"

Li Yun stared at Xiao Mingzhu's red lips aggressively. He was really refreshed now. He hugged Liu Xianxian with his left hand, and let her lie on his shoulders with a ruddy rest, holding Xiao Mingzhu in his right hand, ready to take it down together. .

"This is not sold in the store!"

Xiao Mingzhu almost instantly played a role-playing game with the store owner and customers with Li Yun. The tacit understanding made Gong Lianyi, who had to rest after intimacy, chuckled. What are the two of them playing? The boss and the guest?

Little Princess Yongning blinked and asked, "Sister Lianyi, temporary boyfriend experience card? What do you mean?"

"Meaning, your husband is going to kiss." Gong Lianyi took a cup of tea on the table and took a sip. I was a bit dry by Li Yun's kiss just now.

"Ah? Doesn't the husband kiss as long as they want? Why buy a card?"

"Uh... fun."

"Oh, then Yongning will also play this later~"

Princess Yongning stared at the two of them, planning to learn all the next things, and she will learn it again later.

"Don't sell ten-minute experience cards?" Li Yun pressed his forehead against the forehead of the only designated seller of "Xiao Mingzhu Boyfriend Experience Card", and asked.

"If you don't sell it, you don't sell!" Xiao Mingzhu's face was red as drunk, making her Qingmei snickered while watching.

"Don't sell anything for a minute?"

"Do not!"

"one second?"

"What can you do in one second?"

"I have more time to be able."

Chapter 3164: Agreed time

Of course, Li Yun was not a one-second man, nor a ten-minute man. When Xiao Mingzhu was stunned, he realized that at least twenty minutes had passed.

Then Li Yun was intimate with Princess Yongning again, and the fairy bun on the side was lazily resting his head on Li Yun's thigh, his cheek was flushed, and it was obvious that he had just been kissed by Li Yun.

Xiao Mingzhu covered her face with her hands. This is really messy!

Sure enough, as more and more sisters spent the night with Li Yun, the playboy's behavior became more and more unscrupulous.

When Xiao Mingzhu talked about this with Li Yun this morning, he was worried that the situation would be out of control.

She is not only reminding Li Yun, but also reminding herself.

But in the end, he still indulged in it. As soon as he came to the third floor of the mansion, he packed it up and kissed him for half an hour without doing anything during that time.

If Liu Xianxian and Li Yun had dated in the future, and if she fell again, the only people who often came to the mansion would be... Fan Qing Sheng!

"Master Saint, you have to hold on!"

Xiao Mingzhu was praying in her heart, because she found herself watching Princess Yongning resting, and when Li Yun and the fairy buns were intimate together again, she couldn't help but want to sell a one-minute boyfriend experience card to Li Yun, the villain. NS.

five minutes later.

Li Yun let go of the weak Liu Xianxian, let her rest on one side, and then hugged Xiao Mingzhu. The latter had almost no resistance, and soon sold another temporary experience card—to be intimate with Li Yun.

"Big bastard, didn't you say that it only takes a second?" Xiao Mingzhu made a final protest before his mind was filled with happiness and blurred.

"Haven't you heard a word?"

"What... words, uh."

After a while, Li Yun let go of her, and waited for Xiao Mingzhu's hot cheeks to breathe, then replied: "In the eyes of both lovers, a second is a lifetime, and a lifetime is a second."

"What's the meaning?"

"Kiss me and tell you."

Originally, Li Yun was just making fun of this temporary girlfriend, but she actually got together and kissed, and it was the kind of intimacy between lovers.

"Tell me quickly!"

After the kiss, Xiao Mingzhu urged.

She no longer has the ability to think rationally. This kind of atmosphere in love makes her especially comfortable, and she doesn't even want to use her brain. Li Yun said what she said.

"These are two questions, so I have to kiss again!"

Li Yun cheered for more. Xiao Mingzhu, who fell into the emotional exchange of sweet love, did not hesitate, and came over again and gave him a sip.

This bite is another five minutes.

After the separation, Li Yun stroked Xiao Mingzhu's red face, staring directly at her confused eyes, and confessed affectionately: "The meaning is very simple, one second is a lifetime, that is, I love you, and a lifetime is a second. Zhong, it means you love me too."

The perfect answer!

Li Yun couldn't help but praise himself. Didn't you see Xiao Mingzhu more affectionate? Can Xiao Mingzhu, who is wise, confident and heroic, show such a soft and loving expression on weekdays?

"Puff chuff~"

Liu Xianxian, who was resting on the side, laughed. Xiao Mingzhu was very shy when he reacted. With a strong will, he broke away from Li Yun's embrace, hid aside and picked up a pillow, not giving it to Li Yun. The guy hugged.

"The meat buns are bad for me! Come here and be punished!" Li Yun ordered Liu Xianxian, who was smirking.

"You are the meat bun, I won't go, you go, little princess."

"what?"

"Yongning, wait a while, I'll finish punishing her first, forget it, come together."

"Huh? Ah, good."

Xiao Mingzhu looked faceless again, and the chaos continued.

Chapter 3165: All the girls get together

When sisters Li Caixia and Li Caiwei came back from school and went up to the third floor of the mansion, they saw a very shocking scene.

Their beautiful sister-in-laws are sitting lazily on the U-shaped sofa, lying or sitting in a leisurely manner.

From Sister Qingyu, Sister Lianyi, Sister Mingzhu and Sister Xiaojiao, and Princess Yongning who has been sleeping at home.

And when they came back, their brother was lying on the sofa comfortably, four beautiful maids around him in spring, summer, autumn and winter, beating his back, squeezing shoulders, kneading legs, pouring water and so on.

It's just serving her brother with the attitude of treating the ancient official lords. For example, Li Caiwei clearly saw that the elder sister named Gong Xiaodong seemed to have a cold personality, but she was holding a cup of tea and poured it to her brother with incomparable affection. , Serve very carefully.

"elder brother....."

Li Caixia's words out of her voice caused a group of women in the large living room to recover. They turned their heads in shock and looked at the stairs. They were all embarrassed when they saw that the sister-in-law came back.

"I blame you!"

Xiao Mingzhu gave Li Yun a vaguely resentful look.

The four maids looked at each other, covered their mouths and smiled and faded away.

"I went back to the study to watch anime~"

The blushing Gong Qingyu wanted to escape back to the study, but Li Yun grabbed her hair: "What are you going to do? My sisters are back. Let's go down to dinner. By the way, where's the saint? "

Although the Saintess has become his girlfriend, Li Yun still likes to call Qingsheng the Saintess when she is not in person. Just like the confidantes around him, they also like to call the Saintess sister in person. Other times Also followed by calling the Lord Saint.

"what!"

Gong Xiaoqiu exclaimed, "I forgot to call Lord Saintess, I'll go right away..."

"no need!"

Qingzhu's little maid's voice came from the direction of the stairs. She walked upstairs in a huff. She only glanced at the scene and knew what had happened just now. She couldn't help muttering, "Big pervert!"

The four beautiful maids were very embarrassed. They indulged in the intimacy with their masters, unknowingly they forgot to do their jobs.

This made the four people wake up. Next time, at most three people can go to the third floor, leaving one sister to stay awake, otherwise things may go wrong.

"Sorry, Miss Qingzhu."

"I didn't blame you, I blame him!"

Qingzhu looked at Li Yun with a bulging mouth. In short, it was his fault.

Li Yun smiled, walked forward to embrace her small waist, ignored the little maid's screaming resistance, kissed her ***** her lips before letting go.

"Bah baah baah!" Fan Qingzhu blushed all the time.

Li Yun pretended not to be able to see it, and walked to the face of Sage Fan Qing, who was dressed in a pure white dress and a cold saint like a fairy in the painting, gently hugged her slender waist and kissed her on the forehead.

Li Yun was about to speak, but the sage saint, who had no fluctuating expression on her face, stretched out a slender finger, nodded the corner of her lips, and said, "Here."

The natural voice and the unspeakable movements made the girls around them all stunned.

Is there anyone in the world who can resist the invitation of the saint?

No matter men or women, girls or teenagers, it is impossible to withstand such charm.

Li Yun lowered his head and kissed the corner of Qing Sheng's finger, and then moved to the center.

"Pervert!"

Chapter 3166: See off

Qingzhu's little maid whispered, but she didn't, and she wouldn't be surprised to push Li Yun away and prevent him from being intimate with Master Saint.

After going to the Hidden Sacred Valley with Li Yun last time, she already knew that Miss and she could not do without Li Yun, and even Master Linglong was occupied by him.

Necrotic this person!

Watching Master Saint and him kiss him for more than ten seconds, Fan Qing Zhuxia flew her cheeks, lowered her head and dared not look again.

"Sure."

After tasting enough, Fan Qingsheng took the initiative to push away Li Yun, wiped the corners of his own mouth, and then wiped the corners of Li Yun's mouth. The inexplicable and intimate action made a group of girls startled.

The Lord Saintess is absolutely extinct, this kind of unconscious intimacy, I am afraid that only she will make it?

"Go, let's go down to eat!"

As the parent of the big family, Li Yun waved his hand for granted and let the girls go downstairs together.

"Brother~"

Caixia pulled his sleeve and said shyly, "I want my sister and I too."

The girls and Li Yun suddenly widened their eyes.

"I mean, my face~"

Caixia bent Li Yun down, blushed, and kissed her elder brother's cheek. Then, Cai Wei also kissed her cheek shyly, and the sisters were satisfied.

The women's faces were weird.

Li Yun coughed and meant: "Okay, okay, don't be coquettish, let's go, go to dinner, you are almost the end of the term, do you still have homework?"

"The homework will be done soon~"

Caixia is in a good mood.

Although it hasn't reached the final stage yet, doing such a thing in front of my sister-in-laws is already expressing something in itself.

Sure enough, Su Muxin reached Caixia's ear and asked quietly, "Caixia, do you want to enter the Fairy Club... group, oops."

Without finishing a sentence, Xiao Mingzhu stomped on this nonsense little chili pepper. The mansion was clean. When the girls entered, they had put on clean slippers. It was perfectly fine to step on people.

Gong Qingyu also gave Xiaojiao a white look, "At least Caixia and Caiwei should go to high school."

"Huh?" x2

The sisters looked up at her in surprise, then looked at Sister Li Feng, and then at Sister Mingzhu.

There is no objection.

In other words, after they go to high school, they can join the fairies group!

Gong Lianyi hesitated, and finally sighed, "Well, we can see your sister's intentions clearly. After high school, you are also sixteen years old. Since Princess Yongning can join the group, so can you of."

Princess Yongning is the only one who can't figure out the situation. She blinked in a daze, "What's wrong with Yongning? Isn't Yongning the youngest, doesn't Jingcheng still have a sister?"

She was talking about Fox Xiaomeng, who was a few months younger than her.

While talking, everyone had already arrived on the first floor, and this topic that surprised both the sisters was over.

They don't ask any more, and this topic will rarely be mentioned in the future. It is enough to say it once.

"strangeness."

Li Yun looked back at them, "Why did you come here so rarely today? And are you hiding something from me?"

Liu Xianxian walked over, sat on the chair of the large dining table, heard the words, opened his mouth, as if he wanted to say something.

"What can you do?" Xiao Mingzhu sat beside Qingmei and said calmly: "It's just to see you off?"

Li Yun was taken aback.

If it were not for the wrong context, he would think that the women around him were "seeing off" for him.

"See you off? I didn't say to go...wait."

Chapter 3167: Reminisce

Li Yun looked at the big star who suddenly came back today. The latter shyly lowered her head and fiddled with the chopsticks on the table. She came back to take Li Yun away and wanted to go on a "date" with him, so she was ashamed.

But Liu Xianxian quickly thought of something, and suddenly raised his head and looked at him and asked, "Don't you forget what you agreed with me?" She had been looking forward to it for a long time. If Li Yun had forgotten, she It will be very sad.

"how come."

Li Yun laughed, and immediately remembered the incident at the beginning of seeing Liu Xianxian, and said with emotion: "Speaking of which, that song is still my first pot of gold. I have to thank Xianxian for your matchmaking."

The innocent and beautiful big star fairy bun suddenly opened his eyes and laughed, covering his little mouth to sneer: "I also found a good husband because of this, hehe~"

"Wow, Baozi, you are such a bold confession."

"Hmph, this is a boyfriend, what's the confession? He is not your boyfriend!"

"Sister Xianxian, what happened back then?"

Princess Yongning asked curiously, and Liu Xianxian told her to sit next to her before telling her what had happened.

In fact, it is very simple. Li Yun met Liu Xianxian, who was taking a non-school trip and filming a charity documentary at the vegetable market in Longyang County, and she happened to sing a song in the street for donating money to her children.

At that time, Li Yun triggered the selection event and got a song called "Zhengjianghu", and helped her get the generosity of many passers-by, and the two became acquainted with each other.

Later, Liu Xianxian matched Li Yun and found director Zhang Ke to shoot the martial arts film. He bought all the copyrights of the song and won the first pot of gold: three million.

However, one of the conditions attached to such a high price is that Li Yun and Liu Xianxian will participate in the filming of the next martial arts film directed by Zhang Ke.

I was originally scheduled to shoot during the summer vacation, but because of a series of things, mainly because of the aura of Penglai Island, it has been delayed until now, and I finally have free time.

"I've played "Zhengjianghu"."

Sage Fanqing suddenly spoke, and everyone looked at her.

Sage Fanqing didn't explain too much. He took out a guqin from the space ring, held it in the air, and flicked the strings on the slender jade hand. A passionate tune burst out, piercing through clouds and cracking rocks, shocking people, making the mansion Several neighbors around, as well as visitors passing by, all looked at it.

At the end of the song, under Li Yun's leadership, the women gave the Lord Saint a warm applause and encouragement.

Gong Lianyi was even more overjoyed and said: "Qingsheng, you play the guqin really well. I didn't know it before. Let's talk about it after dinner, ok?"

This kind of straightforward words had already happened naturally among the women, and the Sage Fanqing slightly nodded and agreed.

Xiao Mingzhu laughed blankly: "In other words, Li Yun, you got two confidantes in one song?"

Liu Xianxian blushed. She admitted that she paid attention to Li Yun because of this song. Of course, Li Yun's righteousness was also one of the main reasons.

Princess Yongning suddenly brightened her wrist, and everyone looked at it and found a jade bracelet on it.

"That said," Princess Yongning smiled and looked at Xiao Mingzhu: "Sister Mingzhu was captured by a bracelet?"

She clearly remembered that when she left the sleeping tomb and went to the outside world for the first time, she happened to meet Xiao Mingzhu.

"Then I... just got a cup of milk tea?"

Fang Xue's stunned words made everyone laugh, and they recalled every bit with Li Yun, as if it had reached the finale.

In fact, there is still a month to end, or even two months.

Chapter 3168: Leaving Zhonghai City

"I am leaving."

The next morning, Li Yun leaned over and kissed the girls who were sleeping lazily on the big bed specially made by Gong Qingyu. Last night was parting night, and I would not see it for most of the next half month. He, because of this, the girls are especially obsessed with them.

"Let's go, let's go, I have to sleep!"

This is Gong Qingyu. She curled up in a single quilt. After being kissed by Li Yun, she kept disgusting him even without opening her eyes. It was obvious that she was the one who entangled the longest last night, even Speak out about going to Hengzhen together.

Li Yun chuckled, then leaned down and kissed her lips, and whispered: "Waiting for you to visit the class on weekends."

Hearing these words, Gong Qingyu, who was bored in the quilt, finally let go of her brows, showing a relaxed expression, mumbling something like arrogant words like I won't go.

Then, Li Yun kissed Fang Xue, Li Feng, Lian Yi, and Xiao Jiao one by one on the lips. After saying goodbye to them, Li Yun left contentedly.

"Let's go."

Li Yun pulled up Liu Xianxian's little hand, who was standing at the door waiting for him. The latter took a deep look at the big bed in the room, and then took a look at the girls who were sleeping under their blankets before leaving here.

The reason for remembering is that Liu Xianxian knew that after going out with Li Yun this time, and coming back again, she would also be a member lying on this big bed.

She knew that Li Yun did not require that there were many girls lying on this special big bed every night. They also needed their own private rooms, but at least at special times like last night, the girls would rest together.

Moreover, Liu Xianxian was also interested in the super-large bed that occupies half of the room. It is fifty to sixty square meters wide, with high-grade springs as the base, and a layer of latex on it, which is isolated by a layer of soft sheets. There are more than 20 single and multi-person quilts, and corresponding pillows.

Plus many dolls, animation pillows and so on.

Liu Xianxian can imagine how they played late into the night last night.

It must be pillows flying all over the sky, with blushing movements and sounds accompanied by laughter, and finally after returning to calm, the girls each find a comfortable place to sleep on the big bed.

Li Yun did not sleep with them in any big quilt, but slept in the middle. Liu Xianxian put himself in the place and thought about it. Even if Li Yun is not with him by his side, as long as he knows that he is in the room, he will feel very Peace of mind.

If any girl really wants to get close to him, but if there are too many people who think so, they have to take turns. After all, Li Yun is one, and there are only two girls on either side of his body.

"Ahem, Xianxian, say something!"

Li Yun took her by the hand and walked downstairs. During the period, Liu Xianxian's thoughtful expression made Li Yun flustered. After all, the traces of the battle last night were clearly visible in the room. Several wet sheets were thrown on the ground. , After getting up at noon the next day, the four beautiful maids will go to clean up again.

"What am I going to say?"

Liu Xianxian, who had already changed into a fashionable outfit and wearing a wide-brimmed hat, hit Li Yun's shoulder with his head, and said with a bit more murmur: "Jin Liuli and Qingzhu are right. You are A big pervert with his tail hidden! He usually pretends to be a gentleman, but he will reveal his nature at night, right?"

Chapter 3169: Life assistant

Li Yun smiled, bowed his head and kissed Liu Xianxian's pure and beautiful white face, and then said: "I am only afflicted with you, don't worry, I will definitely behave well in the next half month!"

This time I went to Hengzhen for filming. Li Yun had directly taken a one-month vacation. After he came back, he just took the final exam. After the exam, he will have winter vacation. During the winter vacation, he will have a lot of time to play. The schedule is quite perfect.

Liu Xianxian suddenly became vigilant, and a shy blush appeared on her face that could be broken by the bomb, "You, do you want to mess around tonight? That's not possible, you must behave well, I just promised to give it to you..."

She had made preparations for herself when she went to film with Li Yun a long time ago.

If Li Yun were to be nonsense tonight, she could only silently ask the director for a day off.

"How come, Sister Liu, you misunderstood me." Li Yun blinked and smiled enthusiastically: "Little brother, I made my debut for the first time, and I was about to learn from my predecessor Liu, how can I be messy!"

Liu Xianxian was surprised at first, and then he hid his mouth and laughed sweetly, "What do you learn from a newcomer who just made a debut...Well, okay, okay, sister Liu, I will take you well, lest you rush into the entertainment industry? Seniors, remember, after going to the shooting site, others can disrespect, but we must respect me as a senior~~"

She quickly took over in the role-playing with Li Yun, just teaching and teaching, but couldn't help but laugh, she didn't have the majesty appearance of guiding the younger generation who just debuted at all.

Li Yun took the opportunity to say, "I think I still need a lot of things to learn, little brother. If you have time tonight, Sister Liu, please teach me well!"

Do you teach in a hotel room?

Such ashamed thoughts flashed subconsciously in his mind, Liu Xianxian's pure face was flushed with shame, and he dared not reply, he walked with his head down.

She was ready to be with this big satyr at night, but this bad bad satyr always inadvertently, or deliberately molested her, it was really necrotic.

After waiting for a few months, is it only a few days away?

"Sister Liu, we..."

"Don't say it!"

Liu Xianxian bulged, "From now on, until the plane landed, you are not allowed to speak, hum!"

Being pure does not mean that she has no temper, she is very angry now, and it takes three hours to coax her to be kind!

Li Yun closed his mouth obediently, and he would suffer if he opened his mouth.

But this kind of thing must be done. After all, the fairy bun has a pure and kind-hearted appearance. Even if Li Yun sleeps with her at night, I am afraid that the bun fairy will just hug him comfortably, and there will be nothing else at all. Mind, at most, it's a kiss.

Therefore, in order to break through the atmosphere of being ignorant of beauty like first love, but doing nothing, he must take the initiative to make Liu Xianxian such a pure and kind girl seriously consider the night's affairs.

It was not Zhang Jie who came to pick up Liu Xianxian. Although the agent was a right-hand man by the celebrity, the agent was often in a business role, helping celebrities to deal with film and television companies, obtaining resources, signing contracts of intent to cooperate, and so on.

Therefore, it is the life assistants and makeup artists who spend the most time with the stars.

The person who came to pick up Liu Xianxian today was a life assistant. Of course, she was a young girl, about twenty-five or sixteen years old. She was dressed in light clothes and looked five or six points. She was a little beauty.

Chapter 3170: What do you want to say

She stood at the gate of the mansion and waited, her expression a little disturbed. It is probably the first time she saw someone living in such a historical and cultural bungalow. After seeing Li Yun, the "bungalow owner" came out, she was even more troubled. I was so nervous that I straightened my waist and shouted: "Sister Xianxian, you are here, uh, and this gentleman, hello!"

"Xiaoqing, why call me Xianxian Sister again?" Liu Xianxian complained, "I'm a few years younger than you. You look like I'm very old when you call me like that. Good, you'll just call me Xianxian from now on!"

"Yes Yes!"

This life assistant named Zhang Xiaoqing replied obediently, don't think she is four years older than Liu Xianxian, but she had just graduated from university for a year, and she had not been exposed to as many things as Liu Xianxian was when she was ten years old, with little experience and immature personality. Therefore, it is completely fine to call Liu Xianxian.

Liu Xianxian child star made his debut and has seen too many things in the entertainment industry, but he has maintained a pure and kind heart, which is especially rare.

"This is my love, Li Yun."

Liu Xianxian pointed to the man holding her small hand, Li Yun smiled slightly, nodded, said nothing, said to her that he was his lover and not his boyfriend, and he did not make any comments.

Zhang Xiaoqing didn't dare to say anything. After calling out Mr. Li nervously, he hurriedly invited the two to get in the car. He sat in the driver's seat and started the car and drove towards the airport.

"..."

Li Yun looked at Liu Xianxian with his eyes, who was confused, "What do you want to say?"

Li Yun pointed to his mouth.

Liu Xianxian's face blushed. After taking a peek at Zhang Xiaoqing who was driving, he leaned forward and kissed him, muttering: "Why do you always want to kiss, isn't it enough?"

Li Yun still didn't speak, and pointed to his mouth again.

Zhang Xiaoqing: "..."

She knew it was not that simple! !

Not long after she became Liu Xianxian's assistant, her cousin, Liu Xianxian's manager, had already told her many things that the outside world didn't know. For example, it's best not to offend a certain female celebrity because she was raised by a brother named Wang. Another example is a certain star surnamed Li who actually has a very poor relationship with Liu Xianxian. Pay attention

to her. Another example is that such a handsome male star is actually married and his children are three years old, but they always imply that they are single. Female fans screamed and called to create a persona of a single male god.

Of course, these Zhang Xiaoqing had been prepared for a long time, and after hearing it, he was just feeling that the entertainment circle was really messed up, but the cousin finally told her something solemnly, which shocked Zhang Xiaoqing and did not recover for a long time.

That is: Xianxian has a boyfriend!

And there are other girls beside her boyfriend, and Xianxian serves that man with other women.

After hearing this news, Zhang Xiaoqing almost doubted life.

The idol she has liked since she was a child is actually just one of the harems of other men?

This is more uncomfortable than hearing that Liu Xianxian is actually held by a man, at least by a man. The immortal is at least just to be famous and maintain a bit of personal dignity, but if you have agreed to be another man's "wife", then it is true. Occupied!

Although shocked that this bungalow is located by the Huangjiang River in Zhonghai City, it occupies the best and most prosperous business circle, and its value is inestimable, but it still failed to dispel Zhang Xiaoqing's worries about idols, for fear that she would be wronged.
