Chapter 3181: Black clothes

Then, the makeup artist gave Li Yun a good lesson. What sweat will ruin makeup, and any action that is too big will ruin makeup. Others include Diaoweiya. The smile is too big to pull the corner of the mouth, and the crying scene will be Painted faces, even a little wind blowing, can make the makeup look ugly on the face.

Therefore, after filming a scene, the makeup artist must touch up the actor's makeup a little, in order to be perfect, and show the most handsome and beautiful side of the actor to the audience!

"It turned out to be so."

Li Yun sighed, "I didn't know until the first time I was filming, thank you for your advice."

"No, you're welcome."

The makeup artist's younger brother is quite flattered. In the past, he put makeup on the big-name acting, and most of them were called around. There are even more idol stars who are not well-known and have a good temper.

Sometimes those two men and three women and two women and three do not have their own dressing rooms, and they even get into the dressing room for whoever appoints a certain makeup artist.

I don't know when it will start. These stars pay special attention to ostentation. They must designate a five-star hotel before they are willing to accept the show.

Some celebrities even hired people to greet them at the airport for the so-called pomp, making themselves very popular.

And some celebrities thought they were very popular. When they got off the plane, they hired seventeen or eight bodyguards to **** them. When they got off the plane, they found that there were more bodyguards than fans!

Someone once broke the news on the Internet that a group of bodyguards was protecting a star, and there were no fans around, and they made a big joke.

It can be said that there are very few men like Li Yun who are kind to others, at least the makeup artist has only seen him.

"Does it have something to do with the debut? However, if you take the opportunity to build a good relationship, it will definitely be useful in the future!"

Thinking of this, the makeup artist's smile became a little more attentive, and he quickly stepped forward to measure Li Yun's body data.

Li Yun didn't know what costume drama was like, so he let it go.

"Huh?" The little brother touched his face, causing Li Yun to almost think that he was a gay, enduring discomfort and asked, "What's the matter?"

"Brother Li, your skin... hiss, it's so good that it's a bit perverted!"

The more the makeup artist touched, the more exaggerated he felt, "Brother Li, your skin is tenderer than that of a fifteen or sixteen-year-old custard boy. I still want to give Brother Li what cosmetics you use to cover your blemishes. It seems that you don't need it at all. , Directly put on the mirror without makeup, no, just highlight your handsome skin of Brother Li, take a little time to get it, it is absolutely perfect!!"

Li Yun: "..."

This makeup is just like getting your hair cut. When the barber asks you to lower your head, you have to lower your head, and when you ask you to raise your head, you can't turn your head.

In short, after a while, Li Yun's costume style appeared.

He stood up and took a look in front of the floor-to-ceiling mirror, and he was so handsome as expected.

It's not that he blows, wearing a tight-fitting black killer suit, he needs to have a strong killing intent and indifferent aura in the first act of the movie. Therefore, the makeup artist deliberately drew a cold makeup on his eyebrows. Li Yun twisted his eyebrows slightly, indifferent. The aura showed up instantly, and the makeup artist shivered all over his body.

But instead he got more and more excited: "Perfect, it's so perfect!! I Zhang Bufan put on makeup for eight years, and finally made the most perfect appearance in history!!!"

Li Yun: "..."

If this Zhang Bufan knew that he had indeed been a "killer"-infiltrating other people's sects, or infiltrating with a cold and unparalleled fairy, he would not be so emotional.

Chapter 3182: Mr. Killer

After experiencing a series of major events, Li Yun's temperament has long been developed.

When he walked out of the dressing room, holding a saber, and appeared in front of the crew, a group of busy people suddenly stopped working. The scene was as if someone had pressed the pause button, and everyone looked at him in amazement.

Dressed in tight black clothes, sword eyebrows and star eyes, long posture, cold aura, the saber in his hand gives a strong sense of oppression, as if he would pull the sword out of its sheath at any time, and the flash of cold light can cut a person's head. Down.

"What a peerless assassin walking in the killing!!!"

Zhang Ke clapped his hands in excitement, which broke the sense of oppression caused by Li Yun's appearance, and let everyone relax a little.

Fortunately, this is just acting, not really facing a killer!

Li Yun's lips curled up with an uninhibited expression of coldness. He folded his hands on his chest, still holding the sword in his hands, and performed a classic "Supreme Treasure" movement.

Zhang Ke stared at him for a long time before he said bitterly: "I knew that Li Yun is such a good killer, I shouldn't have promised to change the script, Li Yun, you should take part in that kind of swordsman. , The image of a peerless master of Flying Fairy, can definitely create the pinnacle of a martial arts!"

Li Yun put down the sword, smiled and said, "Then you have to convince the fairy."

The two looked at each other and Qi Qi sighed helplessly.

Is it possible to persuade a girl in love?

But the moment Liu Xianxian put on the costume and walked out of the dressing room, Director Zhang Ke overturned his previous thoughts, acting in a martial arts romance movie is not bad, and it can also create a classic!

"Mr. Killer..."

Wearing a light blue woven gold skirt, jade **** on his head, and a dangling hairdo, under the support of a beautiful maid with bowed head, the weak princess walked out in a delicate appearance, the pair was clear The bright, slightly shy eyes showed a shy smile at the moment when he saw the black-clothed assassin, and the crew was completely stunned.

"The Sheriff..."

Li Yun took a few steps forward and took the hand of the delicate princess for the maid. The two men looked at each other affectionately, which made a group of people dumbfounded.

"it is good!!!"

Director Zhang Ke clapped his hands in excitement and awakened the crowd with a slap. He said excitedly: "Unexpectedly, the first time you wore ancient costumes, you had such a good effect. I knew I would look for you to make a martial arts movie!"

Everyone looked at Liu Xianxian's shape carefully, and the more they looked, the more they felt that this "prince" was really no different from the one with a golden body.

Liu Xianxian was originally pure and beautiful. Although he had held up a little golden man, he was only nineteen years old. It was the age of a girl with full temperament, and his smile was full of innocence.

Coupled with her slender figure, which is not close to fullness, she is more suitable for the appearance of a princess daughter who is raised in the princess mansion and does not leave the door.

It can be said that Liu Xianxian's costume style is the most perfect that the crew has ever seen, and Li Yun is the most perfect killer dress.

The two most perfect together, can't you still get a good work?

"Hehe, is Mr. Killer dumbfounded?"

Liu Xianxian covered her mouth and snickered, changing her temperament from a courteous princess to a naughty girl who was unwilling to lead a peaceful life.

Thinking about the setting in the play, the princess dared to open the window in the middle of the night and let the killer fly upstairs to take her out and go to the bustling night market in the capital for a tryst. It was enough to see that the "princess" was actually a restless person. Spring heart sprouting girl.

Chapter 3183: Miss Sheriff

Li Yun looked at Xianxian's costume hairstyle and found it particularly interesting.

Her blue silk hair is divided into two strands, knotted at the top, without supporting it, let it hang down naturally, and tie the tail, hanging on the shoulders, a small strand of hair hangs down, setting off her pure little face .

Li Yun couldn't help but stretched out his hand to play with Liu Xianxian's hair on the side of his face. He was immediately beaten by Liu Xianxian and said with a smile: "This is a hairstyle for girls who are not out of the room to comb. Killer Mr. Don't be foolish~"

The coquettish tone and the innocent and cute expressions give the men and women in the crew a tingling feeling of being electrocuted.

Using a line from a fairy Liu Xian in the crew, exclaimed in a low voice: "Too cute, so beautiful, ooh, I really want to post on Weibo about this, so that the sisters will also know about the fairy sister. How beautiful the costume style is!!"

This is the first time Liu Xianxian appeared on the big screen in a period costume. Before, she was called the fairy sister because of her fairy-like appearance and often shooting public service advertisements, so she was called a fairy.

Known as the fairy sister, but never dressed up in ancient costumes, people on the crew thought that this was thrilled. If Liu Xianxian's fixed makeup photos are posted, it will definitely attract the attention of countless fans. The popularity of this movie is definitely not low!

"Get ready, Li Yun, go take a makeup photo, and worship God after you take it!"

With Zhang Ke's order, everyone in the crew moved into action.

Perhaps it was because of the lax management of the play, or because a reporter sneaked in to inquire. On Weibo, I don't know who released the news that Liu Xianxian had dressed up in ancient costumes in the mysterious crew, and he was so beautiful and pure.

The original blogger had a few sentences, but his Weibo instantly detonated.

"What? You say it again!? What happened to Xianxian?!"

"Ahhhhh, tell me this is the real fairy sister who really wore an ancient costume!!"

"Laxative, my sister-in-law, the granddaughter's neighbour, said that this movie of Xianxian is a martial arts movie!"

"I'm in Hengzhen, and I have seen the ancient costumes of immortals. It's too beautiful to be unwanted."

"People are in the crew, there are too many people in the circle, it is inconvenient to elaborate, I can only talk about the costumes of the immortals... know everything!"

"The one in the crew, private chat, there are pictures of immortals in ancient costumes, I will pay for it!"

"The one in the crew, come over and settle the salary."

Just when the fans were arguing on Weibo, thinking that the news this time would be at least a few days to confirm, their idols directly released three pictures.

One is that Liu Xianxian is wearing a blue undergarment, wearing a feather bun, and jade **** on her head. His pure and beautiful costumes instantly made countless fans lick the screen, calling the fairy sister how beautiful.

In the second picture, it was a stern man in black, bowed slightly, and pulled out a sword in his hand, but the sharp blade of the sword was already ready to emerge, making people feel chilly when they saw it.

But in the third picture, the black-clothed man has a gentle face. The previous sword was hung from his waist. The hand holding the sword turned into the waist and back of the immortal, and his expression was gentle with the girl in his arms. Watching.

From an indifferent killer to a gentle and good man in an instant, the change is staggering.

But what even ignited the emotions of the fans was that Xianxian actually looked at him with soft eyes. The two looked at each other affectionately, and the atmosphere of love was full, which made fans excited just by looking at it.

"Wow wow wow wow!!!"

"why why why?"

"Xianxian, tell me this is not true!?"

Chapter 3184: Black powder war

"No, no, no, I can't accept it!"

"Fair Scouts, calm down, this is just filming!!!"

"I can't accept filming, Xianxian has never played a couple with a man on the screen!"

"Oh my God, acting as a couple, or a martial arts romance, doesn't it have to have...?!"

"There must be a kissing scene!"

"Spit blood!"

"Kill Zhang Ke!"

"Zhang Ke died +1"

"This man's water?!"

A group of enthusiastic fans saw that Liu Xianxian was actually wearing a period costume with a man, showing his affection in the poster, and they were all very excited.

In their subconsciousness, the idol fairy sister can never be wrong, and naturally it can only be someone else.

For example, the director Zhang Ke, who directed this movie, and the man in black who played CP with the fairy sister, became the targets of their attacks.

Li Yun's identity was quickly picked up:

Zhonghai City College Entrance Examination champion, chairman of the China Overseas University Supernaturalists Association, his background in Longyang County and some of his experience, even some of his classmates said in the post bar that the rumors that he is the chairman of Baiyun Technology were also fanatical by Liu Xianxian Fans found it.

It's just a matter of course. No one believes that Li Yun in Longyang County will be the mysterious Li Yun Li Chaoren of Baiyun Technology. Instead, the post of Longyang County Zhicai High School was blasted by fans, letting the students of Zhicai High School. After being implicated in vain, some students who had grown up for Li Yun began to fight back and fought against Liu Xianxian fans in the post bar.

But the so-called one powder top ten black, the fighting power of the fanatic fans is amazing, the bar master finally had to turn on the beasts to block the siege of the fanatic fans.

It was not until Liu Xianxian posted another Weibo, calling on fans to stop this meaningless behavior, that her sane fans finally came forward to stop it.

Li Yun didn't know what happened on the Internet. He and Liu Xianxian participated in the opening ceremony, which is the so-called worship of gods.

In Huang Xuanguo, I was accustomed to worshipping ghosts and gods before starting any major events.

For example, there will be a ground breaking ceremony for building houses, building water conservancy projects, bridges, etc.

There will also be a launching ceremony for filming movies and TV series.

Usually a good day is chosen, a mahogany table is moved, and the desk is covered with red cloth. The table is dedicated to Guan Guan Gong, Di Gong, etc., on both sides are incense burners, roast suckling pigs and various fruits on both sides.

After the actors and crew separately worshipped incense, and a master came to chant the prayers, the opening ceremony ended.

Li Yun's divine mind did not perceive anything wrong. This is more about creating a sense of ritual and enhancing the cohesion of the crew.

After finishing the opening ceremony, I ate lunch—boxed lunch. After a period of rest, the filming officially began.

Director Zhang Ke said to Li Yun: "Today we will take a shot, and we will take a rest. The first day of shooting does not have to be too stressful, there is time!"

Li Yun doesn't know why, what's the nervousness about filming?

"Don't worry, director, I have a strong psychological quality, and I have learned a little acting. It's okay, let's get started."

"Okay! Everyone is ready, the second act of the movie is ready to start!"

The crew looked dumbfounded. It was not that they would not prepare, but that Director Zhang Ke had not revealed the name of the film so far, so everyone did not know what to do.

"Ahem, so let's tentatively name this movie "The Sheriff and the Killer", ok, is it okay?"

".....No!"

"Very well, the second act of "The Killer and the Sheriff" officially begins!"

Chapter 3185: Liu Xianxian's mistake

On a sunny afternoon, in the inner courtyard of the palace, wearing a light blue skirt, the beautiful princess is playing music on the piano. From her slender hands plucking the strings, the untuned sound of the piano can tell the princess's mood at the moment. It's boring.

The beautiful scenery all around did not attract her attention. While playing the piano, the princess lady looked at the high wall from time to time, as if expecting someone to appear there.

Suddenly, there was a bird's crowing from behind the high wall, three times in a row, one long and two short. After hearing this sound, the princess' eyes suddenly lit up, and her pure little face showed a joyful look, and she peeked from left to right. After seeing no one, she picked up a stone that had already been placed there from the sole of his foot wearing brocade shoes, and threw it hard with his little hand. The stone flew out and hit the leaves near the wall in the courtyard, making a clattering sound.

The chirping of the birds stopped.

The princess stood up, wandering around uncomfortably, looking around the garden, for fear that someone would see it, and looking at the wall from time to time, waiting for someone to appear.

Finally, a black figure stood abruptly on the wall, condescendingly looking at the beautiful girl waiting anxiously in the garden.

"what!"

The princess covered her mouth and wanted to scream out in surprise, but soon she covered her mouth with a small hand, and rushed towards the man in black carrying the skirt.

The two met in front of the flower garden. The princess looked like he was about to plunge into his arms, but forcibly endured it. His big eyes were filled with suppressed excitement and happiness. He whispered, "Mr. Killer, are you here?" "

"Princess, here I am."

The man in black tried to remain as indifferent as possible, but there was a faint smile in his eyes towards the princess. The murderous sword in his hand had been hidden behind him, and he did not dare to use a sharp weapon at the girl.

"It's nice to see you again~."

The princess smiled shyly on the corners of his lips. After watching him for a while, he blushed and lowered his head.

There is not much language, but this kind of garden secret meeting, or what happened between the killer and the princess, has rendered the ambiguous atmosphere to the fullest.

"Card!!"

The director's shout broke the mood of everyone on the crew appreciating this beautiful scene. Many people were very sorry. In their eyes, the performance just now was simply amazing!

Especially the black-clothed assassin Li Yun, as a supernatural person, he doesn't need anything like Weiya. With a light step, his figure will fly straight to the wall. He is even more heroic than a hero, perfecting a peerless assassin. image of.

Li Yun smiled embarrassedly at Director Zhang: "Am I wrong?"

"No, Li Yun, you acted so well! The eye movements and the gentle movements of hiding the sword are perfect!" Director Zhang exaggerated and turned to the heroine and said, "It's you, the fairy. !"

"I?"

Liu Xianxian pointed at himself, and everyone was surprised.

The rookie Li Yun didn't make a mistake. He took the Queen Liu Xianxian, but was called "card" in the first performance?

"Correct!"

Director Zhang looked distressed, "I know that you and Li Yun have already...cough cough, that is, you are ready to form a relationship with the black killer, and lay the foundation for the future love link, but this scene is The second time the killer and the princess met, the two were just in love with each other. The princess was more curious about the outside world, and did not have your... affectionate eyes!"

"what."

Liu Xianxian's face turned red, and Li Yun couldn't help laughing.

Chapter 3186: Liu Xianxian made a mistake

Everyone in the crew would think that Liu Xianxian was too dedicated, and he had developed feelings for the black killer first.

But in fact, it was because she and Li Yun were originally lovers. When they came by car in the morning, they kissed for an hour. Liu Xianxian's life assistant can testify.

With this kind of intimacy, she and Li Yun will be acting as a couple in the crew in the future. Coupled with seeing Li Yun's familiar and intimate face, Liu Xianxian unconsciously showed his affection and affection, which is easy to understand.

"Excuse me, Director." Liu Xianxian spit out his little tongue cutely, and after a glance at Li Yun: "I will try my best not to have feelings for Mr. Killer!"

???

A group of crew members said hello with all their faces.

When they learned that this drama was a martial arts romance and was still the protagonist of Liu Xianxian, the most worried thing was that Liu Xianxian could not act well in a romantic movie. After all, this was the first time for her to perform this type of movie, and the script was still everywhere. It can be seen that in the kissing scene, everyone is even more worried that Liu Xianxian will not be able to show the air of a girl in love even if he is on loan.

Unexpectedly, Liu Xianxian would be too fascinated by the role of the girl in love. On the contrary, he did not perform well when the hero and heroine were unfamiliar at first.

Could Liu Xianxian and Li Yun already be lovers, right?

Reminiscent of the scene where the two came to the crew at the same time, many people had this idea in their minds and began a large number of the next acting of the two of them.

"continue."

After Liu Xianxian adjusted, Director Zhang ordered another shot.

"Ka! Xianxian, your eyes are too enthusiastic, remember, although you are full of curiosity about the outside world, you still have a little distrust of the killer."

"Ah? Why don't you trust it? Director, I think the princess trusts Mr. Killer very much. After all, the two hid in the garden together last night, and the princess healed him."

"..."

"Card!! Xianxian, your hand!"

"What's wrong with my hand?"

"Don't hug your Mr. Killer all the time, let alone get your whole person in him!"

"Oh oh, reserved, get it, get it."

"Ka...Xianxian, don't keep looking at your Mr. Killer when you speak. Look at the outside scenery. Now you are more interested in the outside scenery than your Mr. Killer. Li Yun, you and Xianxian are going the other way around, You should pay more attention to immortals, remember, you have a secret crush on the princess, and it is a very strong crush. After all, you have been trained to be a killer since you were young, and you long for a quiet life in your heart, and you also long for the love of a virtuous girl. ."

A simple black-clothed killer sneaked into the story of the palace at noon, and he just filmed it for two hours.

Li Yun felt tired and panicked, but watching the crew's reaction, it seems that it can be done quickly in two hours?

After all, he has to jump around the walls and roofs of the palace throughout the entire process, and he has to embrace the excited "Miss Princess", changing to be another ordinary male protagonist. It is estimated that he will have to rely on Hanging Wia + green cloth background for post-

compositing. It's better that Li Yun put his arms around the slender waist of the princess lady and flew up to the roof in one leap.

The scene that took the most time in this scene was that the princess lady acted on Mr. Killer from time to time, which was not at all restful. In addition, the cameraman couldn't keep up with the speed at which Li Yun jumped onto the roof.

"Hey, I will also go to Penglai Island when I have time to see if I can become a supernatural person!"

The cameraman's complaints made everyone around him laugh, and his gaze at Li Yun became a bit more envy.

Chapter 3187: Refuse

The black-clothed killer hugged Liu Xianxian's soft waist and hopped around inside the palace walls with ease. After filming for two hours, he didn't sweat a single drop. Instead, the makeup artist started to sweat.

He was fortunate that the era of artificial intelligence and Aura had no impact on his industry, but now it seems that these supernaturalists are all perverted, sweaty, and hairdoes are not messy after a fight.

How does this work?

Isn't this actually forcing him to lose his job! !

"Stop, the shooting is over!"

At 5 o'clock in the afternoon, Director Zhang announced the end of the first day of filming, and everyone felt quite unfulfilled.

Although it is said that the script written by Liu Xianxian is very nonsense, but Li Yun and her cooperate well and have a high understanding. The two are handsome men and beautiful women. Even if the plot is bloody, this love martial arts movie can be performed vividly and wonderfully.

Especially when Li Yun leaped on the wall with Liu Xianxian in his arms, this kind of close-up view of the ability of a person with a supernatural ability was an eye-opener, commonly known as watching a play.

"Li Yun~"

As soon as the filming was over, Song Lini couldn't wait to come forward and smiled and suggested: "Should I go to have a meal together? I know there is a delicious roast lamb in the film and television city. This is the first time you come to Hengzhen? I will take you to taste it!"

The faces of the crew are weird.

If Song Lini's words of "familiar with you" were just an expression of her affection, then the act of inviting Li Yun to eat roast lamb is Chi Guoguo's pursuit of him.

Do not cover up that kind!

Miss Sheriff's eyes suddenly became sharp, and she stared directly at her Mr. Killer.

"Ahem!"

Fortunately, Li Yun felt that the favorability system had been closed. He was not interested in this Song Lini at all. Not to mention that she was a lot worse than Liu Xianxian, even no matter how beautiful she was, Li Yun had no such thoughts.

"Is that roast mutton shop big enough?" Li Yun asked Song Lini quickly. If he didn't ask, his princess lady was about to grind her teeth.

Song Lini's eyes lit up, "It's big, big, enough to sit in a crew, but there are private rooms upstairs, we can..."

"Well!"

Li Yun pretended to be happy and yelled to the crew: "Everyone listened to me, my brother, I am shooting for the first time, and I will need to take care of you in the future. So tonight, I will have a treat to eat roast lamb. I will go with Xianxian and Sister Song!"

The face of Miss Sheriff suddenly turned cloudy to clear.

She is Xianxian, and Song Lini is Sister Song. It's clear who is closer~.

Song Lini's face froze, and she whispered to Li Yun, "I thought we were going..."

Li Yun pretended not to hear, and smiled to Director Zhang: "You can order whatever you want tonight, but you still listen to Director Zhang. If you say you don't drink, everyone don't order wine!"

"You can't drink, you have to shoot tomorrow." Director Zhang smiled: "Everyone can go if nothing happens, and it's okay to go to a hundred people. Our killer hero has made a lot of money and can't eat him!"

Everyone thinks that Director Zhang is using his identity in Li Yun's play to say that he is rich, but in fact, Director Zhang is simply expressing that Li Yun is very rich! It is more than enough to cover the entire Hengzhen!

After confirming from the director's mouth that Li Yun was the big money who brought money into the group, the group suddenly became excited and clamored to go together. After all, the box lunch in the group performance in Hengzhen was not worth money, but they wanted to be serious. If you eat a meal in a restaurant, you have to start hundreds of times.

Chapter 3188: dinner

With the help of Li Yun's big money, a group of people came to the roast lamb shop that Song Lini said, and got the male one's open belly to eat. After all the bills were guaranteed to pay, everyone looked happy and entered. The roast lamb specialty store has the meaning of making a reservation.

Of course, Song Lini is not included among the people with a happy expression. She really wants to pursue Li Yun, a handsome guy with money, strength (ability) and good looks. But somehow, this young handsome guy is nothing. Rejected her unceremoniously.

Song Lini doesn't talk about the beauty and beauty of the country. Compared with the beauty of Liu Xianxian's level, she can also be regarded as the standard appearance of the entertainment industry. She has a good reputation and a good background. Her future development is extremely favorable.

Li Yun directly rejected her conditions, so that can only explain one thing...

"Li Yun, do you have anyone you like now?!"

Song Lini came to Li Yun and asked a very straightforward question!

Repeated rejections filled her heart with an extremely uncomfortable feeling. As a beautiful woman, her arrogance has been hit, so she must find some face back!

"Yes." Li Yun nodded, pointing to Liu Xianxian and said, "This is my wife."

"what!?"

Everyone who entered the roast lamb shop looked over in surprise. Song Lini was stunned on the spot, but Liu Xianxian blushed suddenly, but did not act in opposition, but bowed her head shyly.

"Look and see."

Li Yun took the initiative to hug Liu Xianxian's slender waist. "Our princess lady is shy again. Isn't she very married to me?"

He and Liu Xianxian are still wearing costumes, and the other supporting actors have not finished removing their makeup, which is quite common in the studio.

When Li Yun said this, everyone immediately realized that he was talking about things in the movie!

"Sure enough, there is a husband and wife!"

The old teacher Gu Zhou laughed and made a round. He secretly admired Li Yun. This young man was not simple, and easily took Song Lini's question with a joke.

Many people have already seen that Song Lini failed to pursue Li Yun, and she was so embarrassed that she wanted to provoke Li Yun's relationship with Liu Xianxian. If Li Yun answered that there was no one she liked, then he could not simply reject Song Lini's passionate pursuit. The answer is yes, then the relationship between him and Liu Xianxian can't be explained clearly—because the tacit understanding between the two of them in acting cannot be achieved through practice.

Almost everyone in the crew has guessed in their hearts that Li Yun and Liu Xianxian are a pair, but it is not convenient to make it public.

"Everyone go in and eat."

Director Zhang greeted everyone, and looked at Song Lini like a warning, "Don't make any extravagances, let alone drink booze, and be careful to shoot tomorrow!"

This is to give Song Lini a blow for the prohibition of drinking.

Everyone's expressions have changed a bit, their eyes looking at Song Lini are a little bit more gloating, and they dare to **** her boyfriend with Liu Xianxian, really wanting to live and die.

However, Song Lini has been in her debut for many years, and she quickly smiled and said to Li Yun and Liu Xianxian: "The two are both golden girls and jade girls in and out of play. I won't be able to get involved. I can only wish them two ."

Liu Xianxian also smiled sweetly at her: "Of course, I have high requirements for acting, but I admire Song Sister you very much, both inside and outside of the play are the same~!"

Song Lini's face went completely black.

Chapter 3189: Thousands of money to pay

"The Killer County Lord" (tentatively named) is a bit dog-blooded. Although the hero's character is a cold-faced killer, there is no problem in the plot saying that it is a Lunar New Year file, and there is no villain in the whole story.

The only villain turned out to be the princess's sister, who is also the female partner played by Song Lini. She was shocked when she learned that her sister was quietly communicating with the killer. Finally, after secretly understanding and contacting the male lead, she couldn't help but fall in love with the male lead. .

During the period, the few small things that happened to the male and female protagonists were all because Song Lini's female partner deliberately mischievous. On the contrary, it happened to be exactly the same as Song Lini's current situation of pursuing Li Yun.

Seeing Song Lini's black face, everyone suffocated. Liu Xianxian didn't think she was kind and innocent, but she was not a little white rabbit after spending so much time in the entertainment industry, but she was able to maintain a muddy and untainted attitude and disdain. Mix up with those dirty things.

I really want to provoke her, just like now, the counterattack of the fairy sister is not a joke!

"Sit down."

Li Yun greeted everyone to sit down on the second floor of this specialty grilled lamb, "You can order whatever you want, you are welcome, I will treat you tonight, but it is the honorable princess daughter who pays!"

"What?" Liu Xianxian was shocked that Zhonghai Dialect came out, staring at Li Yun with big eyes.

"If the princess doesn't pay, do you want me, the poor killer, to pay?" Li Yun smiled.

"That, that..." Liu Xianxian was anxious to be wise, suddenly his eyes lighted up, and he grabbed Li Yun's hand and said: "Then you are the little killer who was entrusted by the princess, and you have to listen to me in the future!"

Li Yun looked innocent, "When did I stop listening to you?"

Liu Xianxian leaned forward with joy, and when he was about to give the reward a kiss, he suddenly realized that he was not in the car, but under the public.

"Cough cough cough, eat and eat!" Director Zhang greeted everyone.

Everyone hurriedly turned their heads to their dining table, pretending that they didn't see the scene of Liu Xianxian almost kissing Li Yun's mouth just now.

They didn't see anything.

Li Yun glanced at the clerk at the barbecue restaurant again, and found that they were all serious, as if he hadn't seen the scene at all.

It is also true that people who can work in the studio have signed contracts, prohibiting the celebrities from coming here to eat, who to eat with, what dishes they ate, and what water, wine, melons and fruits they ordered to the outside world.

Otherwise, it is estimated that no celebrity would dare to be active in the studio.

Even if Li Yun really kissed Liu Xianxian, there would be only a few comments on the Internet, and no pictures would come out.

However, the news that so many people in the crew of "Hillman Princess" had dinner together is unavoidable. On the way here, tourists have already taken pictures and posted them on the Internet. Liu Xianxian had to scan Weibo while eating barbecue.

"Can't you read Weibo after eating?" Li Yun handed a grilled mutton kebab to her mouth, Liu Xianxian opened his mouth and bit it without thinking about it.

Several people at the same table looked strange.

Mr. Killer deliberately blew the kebab before handing it over, for fear that the princess lady would be hot, so caring for her beside her, saying that she was not a boyfriend or girlfriend, who would believe it?

"Can not do it."

Liu Xianxian ate the barbecue and said vaguely: "After the makeup photo with you was sent out, there was a big trouble on Weibo. If I don't explain, don't use your Weibo."

"?"

Li Yun quickly boarded his Weibo that hadn't logged in for a long time and took a look, good fellow!

Chapter 3190: Than heart

Compared with the last login, his last Weibo has 100,000 more replies, 500,000 reposts, and less than 10,000 likes (very real number of likes). Just click on the reply and take a look. He scolded and shamelessly, and even dared to fall in love with the fairy sister without looking in the mirror.

Li Yun probably understood what the consequences would be if his relationship with Liu Xianxian, Gong Qingyu, Xiao Mingzhu, Fang Xue, Su Muxin and others were exposed.

At that time, it is estimated that there will be no public relations means, or the identity of his Li Chaoren + Baiyun Technology chairman will be exposed, I am afraid it will not be able to suppress the turbulent crowd.

"dare you laugh!"

Li Yun glared and brought his head to Liu Xianxian, who secretly glanced at his mobile phone. He said in a bad mood, "Isn't it time to solve your fans?"

"What does it mean to solve my fans? It's so ugly, the little cuties are also afraid that I will be fooled by bad guys~"

Liu Xianxian muttered, typing on the screen with his fingers, and quickly posted a Weibo, urging him: "You also forward it to me, and I will ask the sisters of the Fairy Group to help me forward it too!"

Li Yun clicked into the follower list, found Liu Xianxian's cute big picture, and then clicked into her Weibo to take a look.

"Dear cuties, now Xianxian is shooting a martial arts movie about love. There are many reasons why I want to pick up this movie. An important factor is that I went to college this year and I was looking forward to a sweet love. At that time, and this movie satisfies all my fantasy about love...So please understand me, in the next few months, I will not be Liu Xianxian, but an ancient gate who will not come out. Miss Princess Sheriff, who is not successful, has officially become lovers with Mr. @杀手. Please look forward to the movie's release!"

Li Yun took a look, good fellow!

Is this directly exposing the relationship with him?

"Quick, forward!" Liu Xianxian looked at him fiercely, "I'm @你了, if you don't forward it, I will lose face!"

"Yes, yes, turn it right away!" Li Yun said, "I just hesitate, will this Weibo let them turn, will it..."

"No way!"

Liu Xianxian smiled and said, "I told them, don't worry, they are not that jealous."

Li Yun relaxed, it seemed that they had reached another agreement in the group, or that the girls had satisfied Liu Xianxian's wish to "announce their relationship" and agreed to her to become a lover with Li Yun in this way.

"Sure, I'll turn now."

"and many more!"

Liu Xianxian called him to stop, moved his face and took a selfie with the phone. The two faces were almost pasted together, and she also asked Li Yun to face the phone. The two extended their thumbs and index fingers to compare them. A love graphic.

The corners of Li Yun's mouth twitched, and the crew around them all had a ghostly expression, and Song Lini even straightened her eyes.

Is Liu Xianxian planning to post such an intimate photo on Weibo? !

"Xianxian!" Li Yun quickly stopped her.

"what happened?"

Liu Xianxian clicked the send button, and many people who followed her Weibo received the prompt message on their mobile phones. When they picked it up, they suddenly gasped.

In the photo, Liu Xianxian, wearing a blue skirt and jade panties, and Li Yun, who is in a tight black suit, have their stools almost glued to each other. They look at the camera together and compare to the netizens in front of the camera. Love.

The sour smell of love is coming!
