

## Godly Choice 3291

Chapter 3291: Very powerful

"Li Yun."

Xiao Mingzhu suddenly stopped him, which surprised Li Yun. According to the current relationship between the two of them, Xiao Mingzhu called him the bad guy the most-when the two were simply getting along, or in the mansion, the second was to feed.

It is quite rare to be called Li Yun formally like this, and to be called alone.

"what happened?"

He thought something happened.

"You are right!"

"what?"

"I mean, you did it right, you did better than me and Fang Xue!"

"..."

Seeing his puzzled expression, Xiao Mingzhu smiled and said, "It's very simple. Both Fang Xue and I were dazzled by the attention. Like school leaders, we both want to make this event a contest. It's best to do it. A competition for the best talents in Zhonghai City, this kind of ability can become famous and shocking at home and abroad."

Fang Xue spit out her little tongue. In addition to exams, she and Xiao Mingzhu were busy preparing for this event these days, but they messed up.

Bingbing took out the momentum of the interview, took out a small book and started to write.

"But you didn't approve it, and rejected our plan as soon as he came up!" Xiao Mingzhu's tone was very resentful, and even Fang Xue glanced at Li Yun.

"Hit him?"

Gong Qingyu's words were concise and concise, meaning that they should give out their breath by hitting Li Yun.

Su Muxin came over, if she wants to fight, she must be the first to oppose~, the sisters are not united, right?

As for Li Yun... ahem, if they fight now, then he will fight back at night to see who fights harder.

Shan Ruqing followed silently, she always felt that she should say something, but she didn't know how to say it.

On the contrary, it was her daughter, Shan Xiaoxiao had no such worries, and she said in an innocent tone: "But, it turns out that my father is right, my dad is right. This competition just cannot be a competition. It's not good to be too serious, everyone still has to use supernatural powers

happily, so that people like Lin Haoyan can be accepted by the society and will not separate the two social groups...Ah, I don't know anything, la la la. "

The more Shan Xiaoxiao talks about, the more vigorous she is. Now she is not used to hiding her IQ and is showing her talents more and more actively.

Whether it is IQ or EQ, her ability to look at problems has surpassed that of adults.

For example, beyond Bingbing.

Bingbing was also taken aback by what Shan Xiaoxiao said, so she expressed her surprise with wide-open eyes. Shan Xiaoxiao shut up quickly and pretended not to know anything.

"Xiao Xiao, you...!" Bingbing asked, still refusing to let her go.

"this....."

Shan Xiaoxiao rolled her eyes and took her mother's hand innocently and said, "It was my mother who taught me. My mother is a super super president who started from scratch. It looks super awesome!"

Li Yun felt that just by being able to say "seeing things very well", an eight-year-old girl would not be able to say it.

Obviously, Bingbing didn't believe it either. She even suspected that Shan Xiaoxiao had become smaller because of her supernatural powers. One of the evidences was that her relationship with Li Yun was not trivial, and she seemed to be able to see the look full of love come out.

"It's like Xiaoxiao...no, just like what Sister Qing said."

Xiao Mingzhu smiled slightly, and said: "It seems that bad guys, your intuitive judgment is right. Supernaturalists don't need to deliberately show their strength. What they need is to maintain an easygoing side with the people, so that ordinary people don't think of supernatural beings. Heterogeneous, I think many supernatural beings do not want to discard their original social relationships!"

Chapter 3292: Meaty

Social relationship refers to the sum of a person's parents, same race, relatives, friends, classmates, teachers, and even people in a community, and so on.

Although the supernaturalists have gained great power, they have not separated from the society and existed independently, and their family and friends are also ordinary people.

Except for some real lone rangers, or unscrupulous people like Huang Guanying, most supernaturalists want to preserve their social relationships with ordinary people and do not want to be isolated.

But unlike ordinary people's abilities, it would have made that ordinary person feel intimidated, so Li Yun letting the superb performers come to the event to perform is equivalent to bringing the two groups closer together, which is of great significance.

"It turns out I'm so good."

After listening to their explanations, Li Yun couldn't help but sigh.

"Pouch."

Shan Ruqing couldn't help but smile, and Xiao Mingzhu's daughters all looked at her, and the glamorous female president immediately reduced her smile, "I mean... Li Yun is indeed amazing!"

"Don't pay attention to this guy." Gong Qingyu is a very proud presence except at night. "I'm sure he must be a blind cat who killed a mouse. He didn't think of it himself, right?"

"I don't deny it." Li Yun smiled, "When I came to the school gate, I saw those strangely dressed abilities, very similar to the non-mainstream before, and they were not accepted by the mainstream culture. , That's why I alienate my dress, make myself look different, and establish my relationship in society.

So I thought, if the ability players were to fight back and forth, all they were doing was fighting, and if they went to the wild to fight with monsters, it would be more and more difficult for them to blend in with ordinary people, so I decided to do so temporarily. . "

"Sorry." Li Yun looked at Fang Xue, "You have been busy for so long, but I changed the content of the event without discussing it with you."

"...It's not your fault either."

Tsundere's Fang Xue was a little bit shy, "You found the problem, so you changed it. Even if you participated before, you may not find out... In short, you did a good job, I have nothing to be dissatisfied with!"

Xiao Mingzhu smiled, "Me too."

"thank you all!"

Li Yun was trying to say something.

"Okay, stop talking about this topic."

Gong Qingyu interrupted this strange atmosphere. What she couldn't stand the most was the moving picture, especially since it was not in her study, but outside.

If it were in the study, she wouldn't mind being moved by Li Yun. After all, it was a very secret place, and no one would know her ugly state.

"Well, that's right, let's stop flattering each other, our genius girls are all getting goose bumps."

"Humph!"

Gong Qingyu twisted Li Yun's waist, and the latter's expression was calm: used to it.

"correct."

Xiao Mingzhu looked at Bingbing, "Shall I take you around the campus?"

"OK."

Bingbing agrees with pleasure. She now likes this family of seven or eight people very much, and finds their chatting particularly interesting.

If she can develop into a friend, it will be much easier for her to come to work in Zhonghai City in the future, and she can also have friends to have a meal and play with her.

"I won't go anymore." Gong Qingyu said lightly, looking at Bingbing: "Don't get me wrong, I don't hate you, I just don't bother to go. The campus is tired of walking."

Bingbing was taken aback by her straightforward words. After a while, she subconsciously said, "Is it because I have been dating President Li Yun too much, so I feel tired of visiting the college now?"

Chapter 3293: end

The genius classical girl blushed.

Bingbing really got it right.

She and Li Yun visited the campus together a little less than Xiao Mingzhu and more than Su Muxin. After all, this greedy little pepper would rather go to Xiao Mingzhu's faculty and staff dormitory to play with Li Yun than to go shopping. campus.

"Anyway, just go shopping!"

Gong Qingyu turned around and left, "I'll go back and take a nap, and I'll look for you in the afternoon."

Shan Ruqing hesitated and caught up with her: "Qingyu, does the dormitory at Mingzhu have several rooms? I'll go, too." She turned her head and said to Xiaoxiao again: "Would you like to take a nap? Don't stay up at noon, you're so tired that you've been dozing off in the afternoon!"

"Well."

Shan Xiaoxiao became entangled. She wanted to go to the campus with Sister Little Chili and the others, and she wanted to take a nap, so she would continue to watch the supernatural performer in the afternoon.

Really tangled.

"go to sleep."

Li Yun pushed her a bit and said, "You can visit the campus anytime. The performance of the supernatural player in the afternoon is not every day."

"...Okay." Shan Xiaoxiao caught up with her mother and asked curiously: "Mom, how did you know that the little mother Mingzhu has a dormitory in the school?"

"Who secretly looked at my phone at night?" Shan Ruqing glared at her. This girl always secretly unlocked her phone at night, but now she asked her in turn, really squeezing her face.

"Ah! It's not me!"

Bingbing looked at them enviously, such a lovely daughter, she wanted it too.

Or, can Shan Xiaoxiao call out to her little mother?

Uh.

Bingbing was taken aback by his own thoughts, and quickly got rid of this strange thought, and visited the campus of Zhonghai University with Li Yun, and recorded some interview questions by the way.

...

Li Yun and a group of people wandered around the campus. Bingbing unexpectedly asked a lot of in-depth questions, what is the living environment of the future supernaturalists, whether the supernaturalists should have more rights and responsibilities, and be responsible for the future monsters. What do you think about the increasing situation?

A perfect interpretation of what a reporter interview looks like.

However, Li Yun didn't answer positively. He himself didn't know what the future was like, so he could only take a step forward and see one step at a time.

After the end, the event will continue at two o'clock in the afternoon.

In the evening, Li Yun returned to Mansion No. 3. Surprisingly, Liu Xianxian also arrived home. She and Bingbing still knew each other. The two chatted a lot, even during dinner.

After eating, Bingbing was invited into the living room on the third floor. When she saw a house of beautiful women, she was shocked and didn't speak for a long time.

And on the next night, Bingbing saw Saint Fan Qing who came to eat again, this fairy-like person, and she was dumbfounded for a long time before leaving Zhonghai City in a daze.

The exam, or the quiz, or the superb performance event ended successfully.

The process does not need to be elaborated. Anyway, Li Yun's reputation has soared to a certain extent throughout the country and the world. Of course, it refers to the famous Association of Supernaturalists of China Overseas University, not his famous Li Yun.

The three tests for superpowers and the classification method from E to S grades in this grand event have gradually become the standards in many people's minds. Even Huang Xuanguo's officials have begun to use three abilities, namely actual combat, potential, and assistance. Evaluate the strength of an ability person, as well as the level of potential and so on.

Li Yun had a headache at first. He became famous again, but later discovered that he was not well-known as the president. He was famous for Zhonghai University.

The outside world takes it for granted that this is the grand meeting held by the president of China Overseas University.

Li Yun is not dissatisfied with this. It doesn't matter if he is not well-known, he can save attention everywhere.

Chapter 3294: Capital

Five days later, on the outskirts of Beijing.

Minghua Middle School is a top aristocratic school. It occupies a valley directly outside the suburbs. Outsiders don't even know that there is a private school hidden here. Even if someone comes here by accident, they just think it's a farmhouse amusement park. The place.

This school starts with millions of tuition fees every year. The students come from the top wealthy circles in the first-tier cities. There is very little media coverage. After all, the student families here control many media industries. They don't want to be exposed here, so there will be nothing. The media dare to report indiscriminately.

In fact, it's not a big deal to report it. At most, it is envied by the people at the bottom, but there are noble schools in every major country in the world.

For example, Eton College, where the sun never sets, is mostly aristocratic. Starting from elementary school, the students inside wear a black tuxedo like a gentleman, plus a white shirt, black vest, and shiny leather shoes. These are their trademarks. match.

It costs thousands of pounds to build this body alone!

But this is not the biggest problem at all. Eaton College only enrolls 300 or 400 people each year, or even less than 300 people. How to obtain admission qualifications is the biggest difficulty for those rich and powerful.

You know, in this middle school, which only accepts more than 300 people every year, 70% of the graduates have entered the world's top schools, and there have been as many as 20 prime ministers, other ministers, and nobles. Generals and marshals are even more numerous.

It is precisely because of the large number of talents that Eaton College has become a top private school. Only two to three thousand people apply for the exam each year. Other students knew that they could not pass the exam, so they didn't apply for it at all.

The Minghua Middle School on the outskirts of the capital is indeed inferior to Eaton in terms of historical background, but the degree of luxury is far greater, and it recruits slightly more every year, reaching more than 500 people.

But there are more than 500 people scattered in the valley, which is not too many.

"Finally winter vacation!"

"Yes, yes, where are you going to play this winter vacation? Go abroad? Go surfing on the equator?"

"Never go! This year is different from last year. There are so many monsters abroad. I heard that a small country has perished. Who would dare to go out!"

"Haha, that's right."

"Shhh, she came out."

The entrance of the school, which was originally laughing and laughing, fell into silence as a beautiful big loli appeared, and everyone looked at her with admiration and fear.

This is a pleated skirt with white cotton socks and a beautiful lace hem, revealing a slender white calf, and a proud and airy big Lolita with bright small leather shoes under her feet.

She was eating bubble gum in her mouth and looked around boredly. A big bubble blew out of her little cherry mouth. After feeling that there was nothing beautiful around her, she lowered her head to play with her mobile phone.

"The one over there, the classmate in white socks and black skirt!"

Black skirt? I?

The lovely big loli wearing a pleated skirt heard a man shout, she lowered her head, she was indeed wearing a black starry sky skirt today, very beautiful, she wanted to wear it for the bad brother who never came to see her to go to the hot spring. Yes, it's a pity that I have never had a chance.

She didn't care, isn't she the teacher? She had already left school, so she didn't listen to the teacher!

"That, that classmate who wears a pair of strange leather shoes under his feet!"

Strange leather boots? asshole!

Da Lolita was angry and shouted in the direction where the voice sounded: "What do you know, these are the favorite little leather boots of Sakura Junior High School! I didn't show them to you! Don't..."

After seeing the man clearly, she was stunned.

Chapter 3295: Fox Xiaomeng

"The one over there, the classmate named Hu Xiaomeng!"

The young man opened his hands to her, with a playful smile on his handsome face: "Hurry up and let the big brother give me a hug?"

The people at the school gate were shocked.

This man is going to be the head of the new eldest sister of Minghua Middle School-after Zhao Tianfeng graduates, this pleated skirt big loli is the head of the new eldest sister. Want the eldest sister to hug him? !

Don't look at Da Lolita in junior high school, but she not only has a good family background, but also has a close relationship with the legendary chairman of Baiyun Technology. Countless little brothers came to help out for the first time, and the people in the school dared not to mess with her!

Therefore, this young man asked Hu Xiaomeng to hug him, and opened his hands as if waiting. This scene immediately stunned all the people at the school gate.

"Classmate Hu Xiaomeng?" the young man shouted with a smile again.

The people around looked at Hu Xiaomeng and found the cute and cute eldest sister head, they were stunned!

She must have been frightened by this young man's bold, arrogant and ignorant behavior. When she reacts, she will definitely teach...

"Wow!!!"

The cute and cute eldest sister of Minghua Middle School increased her head, and after a scream, she stepped on her little leather shoes and rushed towards the man, jumped up suddenly, jumped to the man's waist, and hugged her. He broke his neck and cried.

Stupid a group of people.

"what's the situation?"

"how so?"

"What's the matter?"

The people at Minghua Middle School were stunned.

Sister Hu Xiaomeng, why are you so close to this man? And also... cried? !

"Woo, you bad brother Yun, you haven't come to Xiaomeng for so long, Xiaomeng is all, both..."

Big Lolita sobbed in Li Yunqi.

"What's wrong?"

"I want to kill you!"

"...I'm here, besides, the way you are relaxing all the way while biting on bubble gum, it doesn't look like you want to kill me."

Li Yun couldn't laugh or cry, walked up to the driving car with her small butt, opened the position of the co-pilot and put her in.

"People eat bubble gum just because they are bored~"

Hu Xiaomeng refused to let go of Li Yun, and pulled him by the neck to make him bend down and get close to kiss him.

"do not!"

Li Yun quickly refused, saying with a guilty conscience: "There are still many of your classmates around, they don't see it well!"

Although Hu Xiaomeng is not that kind of little loli, but a young girl, she has reached the age to be able to kiss, falling in love with her or going to the hotel is not in the category of illegal crimes, as long as Hu Xiaomeng volunteers.

But anyway, she was just a girl who just got rid of the loli category, even if Li Yun was shameless, she wouldn't dare to do it in front of the school.

"What's the matter~"

Hu Xiaomeng still refused to let it go. The cherry mouth pouted, and another bubble was blown out, which was printed on Li Yun's mouth with a snap, and the bubble gum successfully stuck to Li Yun's lips and mouth. Hu Xiaomeng was so bad. The girl also spit out bubble gum directly, making it confuse Li Yun's mouth, and she giggled, too happy to see her.

Li Yun lowered his head, put bubble gum back into her mouth, quickly closed the co-pilot's door, turned around and went into the driving position, and drove away.

A group of students from Minghua Middle School looked stunned.

Just now... Sister Hu Xiaomeng definitely kissed that young man indirectly, right?

Chapter 3296: Changed heart

"Big Brother Yun is really, afraid of this and that, it's up to me!"

The car was already moving, but the naughty girl Hu Xiaomeng refused to give up. After rolling down the window, poking out her head, she shouted at a group of classmates outside: "Everyone sees it~~~ This Li Yun is me. Boyfriend, he is super super super awesome!"

Li Yun almost didn't drive the car down the roadside ditch.

This little cute fox girl is really...not peaceful!

"He is the president of China Overseas University, what is Baiyun Technology, or what is Penglai Island, and there are many beautiful girlfriends around him, woo woo woo~~~ I'm just a little girl. Concubine, I'm so pitiful!"

Li Yun: "..."

Not only was he speechless, but the Minghua Middle School classmates behind him were also speechless.

"But it's okay~~~" Hu Xiaomeng's voice got farther and farther away, "I'm going to have a drink with Brother Yun now...to have..."

and many more!

The classmates behind him looked at the taillights of Hu Xiaomeng and Li Yun in shock. Is the eldest sister really going there with that man?

"Hi, the eldest sister's head has also fallen!"

"Tsk tusk, it's true that what I said on the Internet is correct, I can only go to kindergarten for the first time."

"Get out of here, you were so perverted early on!"

"Damn, if it wasn't for me to take you to play, you wouldn't understand it!"

A group of middle and high school students were talking excitedly about the fact that private schools don't catch puppies too much. After all, their tutoring is very strict and they don't need teachers to emphasize.

But then again, even in ordinary middle schools, there are too many high school students who fall in love with each other, and according to the survey of Sakura Country, less than 20% of girls still have the first place when they are in high school. Second-rate.....

"Hu Xiaomeng!!"

In the car, Li Yun drove with one hand, stretched out his hand to pinch the girl's double ponytails, pulled her back into the car, tapped the button again, and rolled the window.

By the way, she squeezed the naughty girl with baby fat cheeks to show punishment!

"Big brother, don't~~"

Hu Xiaomeng looked weak, looking pitifully at Li Yun, a pair of Little Red Riding Hoods who were about to be violated, weak and pitiful. It made Li Yun's eyelids jump all the time.

"what?"

"Oh, no."

"..."

"Big brother, you close the car window, don't you just want to play a special play house game with Xiaomeng? Oh, Xiaomeng doesn't dare."

"..."

Li Yun drove with one hand and tapped five times on this girl's head with the other hand, before Hu Xiaomeng stopped. He held his head and looked at him with tears, and said with a bulging mouth: "Brother Yun is really necrotic, people I can't make a joke with you! Obviously everyone is there~~~ It's been a long time since I saw you, ooh."

Li Yun was a little ashamed, but after seeing the sly in Hu Xiaomeng's big eyes out of the corner of his eye, he couldn't help but smile again: "You girl is really...no serious words!"

"Who said I'm not being serious? I'm being serious!" Hu Xiaomeng was anxious. She didn't want to become that kind of gibberish in Brother Yun's mind, and quickly said: "Xiaomeng is real... "

"Okay."

Li Yun stretched out his hand, rubbed her cheek, and said softly: "Big Brother Yun knows Xiaomeng's mind, will you come to see you if you are not finished with Zhonghai City?"

"US?"

"Your sister Tianfeng."

"I'm jealous. I thought that Brother Yun came here specially for me. It's obviously that I miss you the most. Sister Tianfeng doesn't want you at all. She has changed her heart!"

"Oh?"

Chapter 3297: Infinitely good

Zhao Tianfeng is one of the few people around Li Yun who has not yet reached 100. However, this has to do with her being in the capital, not because she has a bad relationship.

The relationship between Li Yun and her and Hu Xiaomeng has grown leaps and bounds since the last time at A Duoshan Hot Spring, so even if Hu Xiaomeng said anything about Zhao Tianfeng's change of heart, he would not believe it.

I didn't believe it at all.

"The object of change is someone who is far away in the sky and close in front of you~!"

Hu Xiaomeng's small face was full of pride, so he almost pointed at himself and said: Sister Tianfeng likes me now, not Brother Yun!

Li Yun smiled and said, "You? She and you...cough cough cough, how could it be possible?"

Li Yun almost exposed what he knew they didn't know about each other.

It was slurred. In fact, Li Yun talked to them in private, and learned that they wanted to conceal each other's things—still slurred.

But in short, Li Yun fully understands what these two people have done this semester.

Zhao Tianfeng did not go to study abroad. She stayed in China and studied at the top university in Beijing, which is also Huang Xuanguo's TOP2 university. Therefore, the two women have a lot of time to play together just like before.

Go shopping, watch movies, go to an amusement park, go to eat, go to the hotel, go to the hot springs and so on.

Zhao Tianfeng went to play with Hu Xiaomeng in all the things that couples had done with her. In the end, the two even ate and lived together, like a pair of green plums, or Dangdang and Chang'e. The mutual intimacy is abnormal.

Of course, what Hu Xiaomeng didn't know was that she always thought that she was teasing Zhao Tianfeng, deliberately making her sister Tianfeng make a fool of herself, and it was best to like her.

But in fact, Zhao Tianfeng and Li Yun had long told him what Hu Xiaomeng had done through phone calls and videos.

In addition, he was instructed by Li Yun to deliberately join Hu Xiaomeng for CP.

Of course Zhao Tianfeng refused at first, but she couldn't hold back Hu Xiaomeng who was dragging her to play around. In addition, the two of them had always been in the capital and couldn't meet with Li often, and their longing for Li Yun could only be achieved through mutual confession. Narrated to ease.

Therefore, she often stays with Hu Xiaomeng.

Gradually, Zhao Tianfeng didn't reject playing with her, and even occasionally some super intimate things happened, but before each time, Zhao Tianfeng would find a way to record it, and then send it to Li Yun to see.

Therefore, Li Yun is fully aware of the matter between them, such a pure lily blooming matter, as a lily controller, of course he is full of support!

"How can it be impossible?!"

Hu Xiaomeng said frankly: "Who asked Brother Yun to play with those bad sisters in Zhonghai City, and didn't come to the capital to look for us. Sister Tianfeng and I kept the empty room alone. Isn't there a movie line that says? Tofu, hard to eat and sell tofu~~~"

Li Yun couldn't help laughing.

Isn't this line of the Westward Journey scene that he and Liu Xianxian performed on the old castle of Zhenbei Film and Television City!

"My Feng'er really changed his heart?" Li Yun said with a smile.

"of course!"

Hu Xiaomeng smiled and fiddled with the smooth hair on her forehead, making a handsome gesture, "Your Feng'er likes me now, she is my Feng'er, la la la~!"

Li Yun felt a burst of flames rising inexplicably, and his expression became weird, "So, you and Feng'er... have personally wiped and sold tofu?"

Chapter 3298: Of course there is

Bold as Hu Xiaomeng, he couldn't help but squeeze when he heard Li Yun's words, his face was red, and he lowered his head shyly, as if he had acquiesced.

But in fact, Li Yun knew that nothing happened to her and Zhao Tianfeng.

When the two went to the movies together, when Hu Xiaomeng saw the two girls in the movie being intimacy, he also learned how to kiss her sister Tianfeng's cheek.

However, according to what Zhao Tianfeng described to Li Yun afterwards, Hu Xiaomeng's face was very red at the time, and it seemed that he was really moved, and it seemed that he came from the show.

Later, Hu Xiaomeng and Zhao Tianfeng traveled together for a weekend. The two women lived in the same room, and even went to the bathtub to take a bath together, but perhaps because they were too tired to play, they did nothing and played hip-hop. Go to bed after making a fuss.

Looking back on the next day, Hu Xiaomeng seemed to have a regretful expression of missing a good time, and Zhao Tianfeng wanted to laugh.

"In other words, yes?" Li Yun smirked in his heart.

"Uh, um, um, yes! Of course there is!"

Hu Xiaomeng was full of guilty conscience, but still said stiffly.

She knows that the bad guy Yun likes her and Sister Tianfeng doing this, because she had already observed it the last time she was in A Duoshan Hot Spring.

Every time she and Sister Tianfeng play around in the hot springs and hug each other, Brother Yun's eyes cannot be removed from them, and he must be a king once, ignoring their screaming protests, holding each other. Live them.

Therefore, Hu Xiaomeng knew how to attract Brother Yun's attention. She was dating Sister Tianfeng because of him!

"That's awesome!"

There was a flash of flame in Li Yun's eyes, and he couldn't bear to say: "If this is the case, at night, you and your Feng'er, let me have a show!"

"what?"

"What's wrong? Hasn't it already happened?"

"what!"

Hu Xiaomeng panicked, and quickly waved his hand: "It's not, nothing... Oh no, sister Tianfeng and I have changed our hearts, so I won't show it to you!"

"Hahaha."

...

After the car drove into the villa area, it stopped in front of a four-town house. A tall girl with indifferent temperament quickly walked out of the house and greeted Li Yun and Hu Xiaomeng.

This girl with a height of 1.75 meters and full of heroic Ruifeng eyes, who appeared fierce and domineering, was naturally another confidant of Li Yun in the capital, Zhao Tianfeng.

"we are back."

Li Yun greeted Zhao Tianfeng, and put Hu Xiaomeng, who was struggling with his left hand, into her arms, and smiled: "Zhao Tianfeng, here you are!"

"Um?"

The keen Zhao Tianfeng's eyes flashed, and he quickly noticed the difference in Li Yun's way of addressing her.

When I first met before, Li Yun would indeed call her full name directly, but since experiencing the A Duo Mountain incident, the three of them soaked in hot springs together and played the game of King and Concubine, Li Yun's name for her has changed. Feng'er's intimate address is almost exclusively his name. If others dare to call her Feng'er, Zhao Tianfeng has to turn his face.

But now Li Yun calls her Zhao Tianfeng again, which means...Hu Xiaomeng?

"correct."

Li Yun couldn't help laughing: "I heard Hu Xiaomeng say that my family's Feng'er changed her heart and became Zhao Tianfeng. Is it true that she only likes girls?"

"..."

"Hu Xiaomeng!!!"

Zhao Tianfeng pinched the face of the girl in his arms and kneaded hard: "What are you talking nonsense again!!!"

Chapter 3299: I'm wrong

"Wow, wa rubbing it~~" Wow, I was wrong!

Sure enough, just like before, Hu Xiaomeng still had to get Zhao Tianfeng to suppress it, otherwise, this girl would have a tumult.

"What else did she say about me?"

Zhao Tianfeng squeezed while chatting with Li Yun. Although there was no smile on his cold and arrogant face, the joy in his eyes could not be concealed.

Speaking of which, Zhao Tianfeng seldom laughs, but she and Fan Qingsheng are still different.

Zhao Tianfeng is purely indifferent with unsmiling words, while the Sanctuary of Vatican is far away from the crowd, ordinary things cannot attract her attention, and her mood rarely fluctuates.

Zhao Tianfeng is still a mortal, but Fanqing Sheng is a nine-day fairy.

"No, no! Brother Yun, don't say...hold."

Hu Xiaomeng's protest was suppressed by Zhao Tianfeng.

Li Yun smiled and said, "It's nothing, that is, she slept with her Feng'er and sold tofu together."

Zhao Tianfeng squeezed harder, Hu Xiaomeng's fat baby cheek was pinched red, and the "evil deeds" were finally suppressed.

"Why stand outside the door?"

It wasn't until a beautiful woman walked out of the door and said to them with a smile that Hu Xiaomeng's eyes lit up, and she quickly broke free of Zhao Tianfeng's shackles, ran to the beautiful woman who came out, took her hand and said coquettishly: "Mom, sister Bullying my sister, my mother is going to be the master for me!"

"Zhao Tianfeng!"

The beautiful woman pretended to be loud, and took Hu Xiaomeng's hand and said: "Why don't you care for your sister at all? Also, the guests are here...No, your husband is here, why don't you invite them in?"

your husband.....

Zhao Tianfeng's face was flushed, he lowered his head and walked in, saying: "Li Yun, come in."

Although she has been recognized by everyone around her, and she and Li Yun stayed at the Ado Mountain Hot Spring Hotel for three days and three nights, and played for so long, Zhao Tianfeng still felt a little shy.

It is very strange that she is obviously not a shy person, she can even be said to be quite indifferent, showing no words to strangers, and hitting people at every turn.

But after falling in love, she was more shy than Hu Xiaomeng!

"Sister, tonight...well, I won't talk anymore~"

Hu Xiaomeng chased up and walked with her. He was about to talk about the night, but was immediately warned by Zhao Tianfeng's eyes.

The beautiful woman, that is, her mother said helplessly: "This kind of thing... you can discuss it yourself, but mother still has to tell you three young people that you must pay attention to temperance and take safety measures. Xiao Meng, you... you are young. It's a bit, you must pay attention to safety and don't mess around!"

The implicit meaning is that she also agrees with the goddaughter Hu Xiaomeng and Li Yun.

Li Yun was still a little shocked at first, but when he thought about it, his mother-in-law probably had a previous idea. In ancient times, she could marry at the age of fifteen or six. Of course, she would not have any objection to Hu Xiaomeng's age.

"Mom, you misunderstood me."

Zhao Tianfeng walked in muffledly.

Li Yun smiled and walked in. The car left outside should be parked outside. This is a rare villa area in Beijing, and no one pays attention to a car.

"Hahaha, my son-in-law Li Yun is here?"

Walking past the vegetable field in front of the yard, and not yet approaching the study room, Li Yun heard a full-bodied sound coming from the room.

Hu Xiaomeng pushed the door open and cried out in a good manner: "Hello, Grandpa~"

It is quite strange to say.

She called Zhao Tianfeng's mother her mother, a godmother she recognized, but to Zhao Tianfeng's father, the old predecessor of the Guardian Excalibur, she called her grandfather.

Chapter 3300: Curious metaphor

The reason for this strangeness lies in the fact that Zhao Tianfeng's mother is only less than 40 years old this year, and she is a very charming and beautiful woman.

But her father, the elder of the Guardian God Sword, is already a hundred years old. He is an absolute elder in Huangxuan. Many people from the rivers and lakes have seen him. Anyone who knows the existence of the old man can do it. Junior ceremony.

In other words, those grandmasters and innates in the arena, and even the head of a group, they have to nod their heads when they meet Zhao Tianfeng, and Zhao Tianfeng of course does not need to pay any junior ceremonies, but the same generation!

Therefore, Hu Xiaomeng called the old man of the Guardian Excalibur as his grandfather, and it was just a glamorous face. You must know that even if her grandfather Hu came, he had to call him an uncle when he saw the Guardian Excalibur.

"dad."

The father-in-law is also the father. Li Yun didn't feel any pressure to call the old predecessor of the Guardian Excalibur as his father. On the contrary, Zhao Tianfeng's face was flushed beside him, and his eyes were a little evasive from seeing people.

"Li Yun, come on!"

Old Zhao anxiously greeted: "I have been thinking about the relationship between martial arts and supernatural powers these past few days, and found that it is very enlightening. By the way, didn't you become the president of some kind in Zhonghai City? Come and show me how it works!"

Li Yun brows jumped.

Don't look at Zhao Lao's old age. He once wanted to commit suicide because he felt hopeless for a breakthrough in martial arts, so he felt that it was boring to live.

Even if he had a daughter like Zhao Tianfeng with his wife later, Mr. Zhao had no idea of seeking death, but he was not so excited.

It was not until I understood the existence of practitioners and knew that there are things far more powerful than martial arts in this world, that Elder Zhao ignited the passion of life. To use the saying that Zhao Tianfeng later mentioned when chatting with Li Yun:

Suddenly returned to the mentality of fifteen or sixteen!

This sentence was not said by Zhao Tianfeng, but by her mother.

This fifteen or six-year-old mentality did not know whether it was referring to Zhao Lao's fanaticism and infatuation in martial arts, or at night...cough cough.

In short, the current old man Zhao is diligently practicing martial arts every day. He cares more about the development of the world situation than anyone else. He even went to Penglai Island to kill the monsters himself. Several big figures in the capital hurried to persuade him, plus Zhao Tianfeng and him. The wife didn't agree, so Mr. Zhao gave up.

However, he still reads the news every day, studies martial arts, and studies supernatural powers, so as soon as Li Yun came, he was immediately pulled in to discuss cultivation matters.

This discussion was from five to seven in the afternoon. Zhao Tianfeng, Hu Xiaomeng, and Zhao's mother were all listening.

After dinner, we continued to talk until Hu Xiaomeng yawned.

The next day, Mr. Zhao still wanted to continue, but Li Yun said quickly, I want to go on a date with your daughter and will not accompany him. Mr. Zhao was so talented to let him go.

Zhao Tianfeng, the daughter of Zhao's old daughter, was pulled outside by Li Yun and Hu Xiaomeng, which made her laugh and cry and said, "Is my dad so scary?"

"Yeah, Grandpa is terrible, Bibi... is even more terrible than the outbreak of Mount Ado!"

Hu Xiaomeng came up with a wonderful metaphor that made Li Yun and Zhao Tianfeng smile at each other.

At the beginning, she, Zhao Tianfeng and Li Yun, and the three of them went to the Adoshan volcano for an adventure, but the two women did not see the volcanic eruption with their own eyes. They only looked at the magma lake inside the volcano. Later, Li Yun took it for safety. They stuffed back into the Lotus Immortal Mansion.
