

## Godly Choice 3321

### Chapter 3321: Tourist guide

Li Yun took Hu Xiaomeng and Zhao Tianfeng into Xuexiang, and immediately there were a few people who came to strike up a conversation and wanted to drive them to find a hotel in Xueshan Village.

Snow Mountain Village is not the same as other scenic spots. In addition to being covered by thick snow for more than half of the year, it also has the characteristic of being extremely large, so large that you need to drive a snowmobile or snowmobile in the park. Walking, of course, ordinary cars can also be driven in some places where people often walk, but once a blizzard, it will be stranded, so it is still a snowmobile to drive freely.

"It covers an area of several hundred square kilometers, which is two to three million hectares of land. In addition, brother, are all three of you here in Xueshan Village for the first time?"

A self-proclaimed driver and tour guide, looking at only twenty-five or sixteen years old, dressed in thick clothes, a young man perseveringly promoted himself to Li Yun:

"Moreover, our Snow Mountain Village is different from other five-A-level scenic spots. Look, there is a lot of snow, and you get lost if you don't pay attention. It's very dangerous!"

Li Yun agrees with this.

It's winter now, and the Snow Mountain Village has accumulated more than two meters of thick snow. A slight avalanche can knock people stunned in the snow or under a cliff, and the people will be gone.

If you lie down in the wild for more than ten minutes, you will be frozen to death alive, if you don't stay awake and exercise.

Moreover, when walking in the snow, one should also pay attention to a disease called snow blindness, because when walking on a snow-capped mountain, there is no other reference object except for the white snow. The eyes see all the whiteness, and the snow is a kind of reflection of ultraviolet rays. A very strong substance, so it can cause damage to human eyes.

Cold, snow blindness, white snow, avalanches, blizzards, etc.

All of this constitutes a horrible scene in the northern winter. It is said that every year people living in the north hear about the fact that so and so froze to death outdoors. The cause is mostly after drinking alcohol and walking outside with a dazed head. , Fell directly on the road drunk.

When I found out the next day, the whole person was frozen into a popsicle!

This is different from what many people imagine that people will be awakened from freezing. In fact, many people who have been frozen to death tend to feel very hot before they die, and all their clothes will be stripped off. The reason is also very simple. The cold is already It completely destroys the function of the human body, resulting in wrong judgments.

"Then how much do you know about Xueshan Village?"

Li Yun asked this man named Du Xingwang.

"Hey, handsome guy, if you want to ask that, then you look down on me!"

Du Xingwang directly took out his ID card and pointed to the birth address on it and said, "Look, I was born here. Among the tour guides in the Snow Mountain Village, the tour guides are not as professional as mine, and the local ones are not as professional as mine, handsome guys. Beauty, you three want to visit Snow Mountain Village, that is definitely the right person!"

"And!" Du Xingwang said again: "I am familiar with the surrounding terrain, hehe, if you pay a little more, I can take you to explore places that other tourists will never visit... Of course, it depends. For you, I personally don't recommend it. After all, winter in the north must be respected. The south is completely different!"

Hu Xiaomeng finally finished looking at the surrounding scenery, turned to look over, and asked, "Then I ask you, I want to find a hotel with hot springs in Xueshan Village. Can you find it?"

"Hot spring, eh?"

Du Xingwang finally noticed this slightly petite beauty, and when he saw her small face wrapped in a cold-proof hat, he was shocked.

Chapter 3322: Sauna

Du Xingwang wanted to say, little sister, have you grown up this year?

But after looking at this petite beauty with a tender face, Du Xingwang still did not dare to ask.

Even if he is underage, as long as he is fourteen years old, he can do it voluntarily. He can't be nosy.

"spa?"

Du Xingwang recalled, and finally shook his head: "Xueshan Village is full of East-Beijing Great Kangs. The heating type is not a fire. We are not interested in hot springs. However, there is a large bathhouse where you can take a bath, which seems to be the best hotel. There is a private room where you can take a shower, that is, a sauna, but it's very expensive and I've never been in it."

The price of an ordinary hotel with a sauna will go up to several levels, at least at the level of a senior business suite. If it is a private sauna, it will be a top-level suite, which can't be paid for a night without 30,000 or 50,000.

And in a 5A-level scenic spot like Xueshan Village, it has its own private sauna...

To be honest, Du Xingwang only knew, never even knew the price. He only saw the introduction in the top hotel in Xueshan Village, which was used as the most luxurious hotel in the park to support the facade. Du Xingwang even felt that it would be impossible for anyone to decide throughout the year.

"Oh? The sauna room!"

Hu Xiaomeng was a little moved. He looked at Zhao Tianfeng and then at Li Yun. The thief smiled and suggested: "Sister Fengfeng, Brother Yun, shall we go to the sauna? I heard that the sauna has a temperature of 60 or 70 degrees. After that, I will sweat profusely, and I feel comfortable after I come out, Xiao Meng has never experienced it before~"

Zhao Tianfeng glanced at Li Yun, his face a little shy.

She has never experienced it either.

It's a bit strange for girls to experience the sauna itself. Even if they have a private sauna, they feel uncomfortable when they think of the sweat all over their body.

Even if you are seen by the same sex, you will feel embarrassed, and unmarried girls do not need to go to the sauna.

Li Yun said: "The room with a sauna should be quite big, just go there and lead the way."

The word lead is to Du Xingwang.

The latter seemed to feel a little unbelievable. He stood there in a daze. Hu Xiaomeng urged him to react, and subconsciously walked to his car.

Halfway through, he stopped again, turned his head and asked, "Brother, you three, are you really going to open a sauna, which is the top suite in the Snow Mountain Village?"

"Correct."

"But....."

Du Xingwang stammered: "I don't know how many rooms with saunas are available, but that hotel is the best in our scenic spot. The ordinary one is at the level of commercial suites, which is thousands of oceans. If it is a sauna, ...I'm afraid that it would cost tens of thousands of dollars in one night!!!"

A night, tens of thousands of dollars.

Du Xingwang couldn't even think about it. He was in the scenic area and worked hard soliciting customers, seeing off guests, and working as a tour guide. He earned ten or twenty thousand at the end of a month. This is still the peak season, that is, winter vacation when.

Usually seven to eight thousand are considered good.

He had to save tens of thousands of dollars for two or three months without eating or drinking, just to stay for one night?

To be honest, Du Xingwang would rather dig a hole in the ice and snow and sleep in it for one night. Even if you keep your eyes open, you don't want to spend tens of thousands of dollars just to live one night!

"What's a mere tens of thousands of dollars!" Hu Xiaomeng relied on his young age, and spoke very "arrogantly", "I still wish it would be more expensive, so that I can live comfortably."

Chapter 3323: Tianxueju

So Du Xingwang didn't quite understand the ideas of the rich.

Wish to be more expensive?

In other words, your family runs a coal mine, and the money is too much to spend?

Li Yun smiled at him: "It's okay, go, no matter how expensive the suite is, don't worry, my wife can still afford tens of thousands of yuan, don't look at me, I'm just a soft meal."

One sentence caused Zhao Tianfeng to roll his eyes at him.

I don't know when it started. Li Yun hasn't paid for him for a long time. The girls around him "raised" him and spent money for him.

Of course, according to Zhao Tianfeng's understanding, Li Yun is not a little white face, but this guy is purely lazy, and he likes to ask people around him to pay him, which is damned.

"No!" Zhao Tianfeng firmly disagreed, "When you pay, neither I nor Xiaomeng will go!"

"..."

Li Yun took out his mobile phone and took a look. It's okay. There are hundreds of millions lying in it all year round. Although it is not used most of the time, spare parts are still needed.

—If outsiders know that he takes hundreds of millions of spares, I don't know how much spitting he will drown.

"Sure, it seems that the eldest brothers are all rich people!"

Du Xingwang's tone became more respectful, and he took a closer look at Hu Xiaomeng and Zhao Tianfeng. From their beautiful faces, they could vaguely see the outstanding figure and noble temperament. No wonder this handsome local tyrant can carry a little The girl and another beauty come to play.

Hey, don't the rich just like this set of excitement? The three of them didn't wear anything in the sauna, and felt comfortable thinking about it.

Du Xingwang wanted to see how the two beauties next to the handsome local tyrant look like again, but after thinking about it, he didn't look at it. Once he didn't respect the guests, let's talk about the fact that the handsome local tyrants were not the girlfriends Is it normal?

Secondly, Du Xingwang always felt that the relatively seldom-speaking beauty was a bit cold, especially her sharp eyes. A glance at him would make people feel hairy. It's better not to look at her too much.

Without words all the way, Du Xingwang drove the three people in a van to the door of Tianxueju, which is said to be the most luxurious hotel in Xueshan Village.

As the top accommodation in Xueshan Village, Tianxueju has no shortage of local tyrants to live in, but not too many. After Du Xingwang drove in, he immediately felt that there were many tourists and the service staff in the hotel. Look at him.

This feeling of being watched is really great!

"Hello, sir."

Before Du Xingwang stopped the car, the well-dressed female service hurried out to greet them, and took the initiative to lead everyone into the hotel.

Thanks to the scenic area covering hundreds of thousands of hectares, Tianxueju is also very spacious, which looks like a manor. There are 17 or 8 wooden buildings, pavilions, and lakes, which are naturally frozen. .

Standing in Tianxueju and looking inside, Li Yun saw a thick layer of white snow covering the roof of the wooden house. The warm-toned house matched the cold snow scene, giving it a special flavor.

"not bad."

Li Yun nodded, and began to look forward to living in the warm room of Tianxueju, warming around the fireplace, watching the goose feathers falling down, it must be great.

"I heard that you have a private sauna?"

Li Yun was straightforward and asked the waiter who led the way.

The waitress was stunned.

The security guards at the front desk of Tianxueju and the receptionists were also stunned.

"Uh, isn't it?"

"Yes, yes, yes!"

Chapter 3324: Tianxue Palace

Faced with Li Yun's question, the waitress asked cautiously: "Guests, we only have a private sauna in our most luxurious suite-Tianxue Palace. If you want to make a reservation, you need..."

"become."

Li Yun smiled slightly, "Then make a reservation for a week first. If you need to extend it later, we will discuss it at that time."

He will accompany Hu Xiaomeng and Zhao Tianfeng for four days, and then Su Muxin and the others will fly to play together, which is about a week.

One week! !

The waitress seemed to be shocked by Li Yun's arrogance, and subconsciously said: "Guests, our Tianxue Palace needs 168,888 for one night. If you book for a week, you need to pay a 50% deposit, which is... That is, about fifty or five hundred thousand..."

"Do not worry!!"

Hu Xiaomeng jumped in front of her and pointed at Li Yun with a smile and said, "My brother Yun is rich in fried chicken, and hundreds of thousands of flowers go out without blinking. You didn't see him bring me and another beautiful woman. Do you want to play? We'll have to..."

She deliberately stopped talking, waiting for Sister Fengfeng's response, and sure enough, after Zhao Tianfeng recovered, she knocked over again.

Hu Xiaomeng's words are simply imaginative.

A handsome young man came to Snow Mountain Village with two beauties, one big and one small. He also opened a room for 160,000 at night. In addition to his brothers and sisters, I am afraid that even his cousin and cousin will be involved. It is inevitable that people wonder if something will happen.

But judging from the expression of the little beautiful woman, she and the handsome young man are obviously not related to cousins and siblings, otherwise they would not be called Brother Yun.

In other words, this young man is a super rich second-generation, with two "net celebrity" beauties, no, a celebrity who is a higher level than the celebrity beauties, came to Snow Mountain Village to play!

Naturally, three people are required to play together, so of course you have to be willing to spend money. Tianxue Palace is 160,000 a night? Trivial!

It's worth it for three people to be together at night!

"I'll call the manager right away!"

The waitress bowed in excitement and asked the front desk to quickly entertain the distinguished guests with tea with her eyes. She trot all the way, stepping on high heels and dashing into the Tianxueju, looking for their manager to come and entertain herself.

One week, millions.

These two keywords are enough to make Tianxueju excited up and down. Although this is the most luxurious hotel in Xueshan Village, its monthly turnover is just over 10 million, and the profit is not high.

But Tianxue Palace is different. With just one million accommodations, the cost of a day for guests will definitely be higher. If you recommend some famous wines and dishes, you can easily win a turnover of 5 million and your profit will reach a terrible percent. two hundred!

This is not an exaggeration. The profits of the catering industry are inherently terrible and the labor costs are high.

"Big, big brother."

Du Xingwang's legs standing on the precious red plank floor felt trembling. He spent more than one million yuan a week for accommodation, which surpassed his imagination of the local tyrants.

No, I have not seen it on TV and movies before. What is a bet of 100 million a week, tens of millions for a car, a small goal of 100 million, I am not interested in money and so on.

But those are only viewed on the Internet, and I still feel unreal, too illusory, and too fake.

But now the real local tyrant who had thrown a million was standing in front of him, and also hiring him as a tour guide and driver, which shocked Du Xingwang suddenly!

There is only one sentence in my heart: too awesome brother!

Chapter 3325: Beauty manager

Li Yun didn't wait much. In less than three minutes, a beautiful woman in her thirties dressed in a mink fur coat walked out quickly. After seeing Li Yun, her eyes lit up and her footsteps changed again. Speed up a bit.

"Mr. Li, do you need to settle in Tianxueju?"

"Yes, it's me."

Li Yun ignored the scorching enthusiasm of the beautiful manager's eyes, and asked casually: "How big is your Tianxueju? How many people are there? Are there any other facilities besides the sauna?"

As soon as this sentence came out, everyone looked at him again.

How many people live!

Means, there will be others coming later? Is it also an online celebrity beauty? Or a celebrity in the upper class? Or are other rich second generations coming with other beauties?

Envy, in addition to envy, there is only envy.

Everyone can already predict how comfortable this young man living in Tianxueju, surrounded by beauties and enjoying high-end services, will be in the next week.

"Uh, Mr. Li, about how many people will you stay in?" The beauty manager asked respectfully. Although she is a manager, her annual salary is only two million yuan a year, which is not enough for these rich second generations to play for a week. Cost.

Hu Xiaomeng grinned and said, "Probably six or seven people, they are all beautiful women, yes, you heard that right, six or seven people, maybe seven or eight people, all beauties, we all accompany my brother Yun to play mischief. , Have fun~!"

Zhao Tianfeng gave her a fierce look, but everyone could tell that her eyes were clearly shy and charming, which confirmed everyone's guess from the side: the next week, this young and handsome rich man Generation, will have a great time.

Du Xingwang was full of envy. After entering Tianxueju, both Hu Xiaomeng and Zhao Tianfeng took off their hats. Their youthful and beautiful faces and noble and indescribable temperament could no longer conceal them. They were not net celebrities, but Is a rich daughter, really white and rich beauty.

"Forget it, what are you sour, if someone Gao Fushuai and Bai Fumei come out to play, what if the three are together? I am happy!"

Du Xingwang comforted himself in his heart.

Sometimes people are so strange. If an ordinary man takes a Bai Fumei out to play, the individual will feel unbalanced, but if this man is handsome, or rich and powerful, other men will Psychologically balanced.

"Original, that's how it is."

The beauty manager is not surprised. Tianxueju is a five-star hotel. She sees a wealthy business man with a lot of pot belly bring a few net celebrity beauties to play, or a few wealthy businessmen bring seven or eight Yingying Yanyan to play, or Several high-intellectual couples each exchanged and traveled together, and so on, too many.

She cares about another thing!

This young beauty looked very relaxed, and seemed to imply something in the words.

Thinking of this, the beauty manager replied cautiously: "Our Tianxue Palace is an independent three-story building, specially built for the most distinguished guests, with sauna, gym, table tennis room, independent courtyard, private theater, and constant temperature. The medicated bath..."

The beauty manager listed the facilities of Tianxue Palace in one breath, and Du Xingwang was dumbfounded and eye-opened.

No wonder staying for 160,000 a night, this is a room, clearly a private villa, which has all kinds of entertainment facilities!

Chapter 3326: Don't use it

Hu Xiaomeng nodded with an expression of "I understand", and then asked, "What about things for fun? Is there any?"

If you ignore her appearance at her immature age, this sentence will seem quite strange, as if asking about facilities dedicated to messing around between men and women. I don't say which one is specific. I have seen it in the movie. .

But this very crooked remark, from her little cherry mouth, seems to be asking if there are any toys for children, such as sliding slides, rocking chairs and the like.

But the beauty manager didn't think so. She vaguely realized that this rich second-generation little beauty might have already experienced it, and then contact her before saying that there will be seven or eight beauties with the younger brother. The beauty manager suddenly reacted and felt that she had guessed what the little beauty meant.

"in addition."

The beauty manager glanced at Du Xingwang, as if not caring, or as a subtle hint, and said to Hu Xiaomeng: "We will do our best to meet the requirements of the guests living in Tianxue Palace. Meet the requirements of the guests, the conditions for seven or eight people to live together. In addition, if the guests have requirements, I, and I can always wait for the instructions of the three distinguished guests!"

The last sentence was said by the beautiful manager gritted her teeth, with a righteous and awe-inspiring appearance, but after she glanced at Li Yun's tall and handsome figure, she couldn't help adding: "Do my best to satisfy Mr. Li." Your needs!"

If the beautiful manager's words in front of her were quite cryptic, then after seeing Li Yun's handsome looks, what she added in a heartbeat was already a hint from Chi Guoguo.

Du Xingwang finally realized that what the beauty manager said was that she would also go to battle in person!

He couldn't help trembling, startled at the charm of money.

Li Yun, the guest he served, did not say much, and even just met the beauty manager for the first time, but under the charm of throwing millions of dollars, it seemed that she hadn't hinted anything, so let the beauty manager of Tianxueju say I can.

Take the initiative to say what you can to serve him, this sentence is no less than dedication!

Sure enough, no one can succumb to the charm of money. If there is, then double the money.

Du Xingwang was really sour at the moment.

Although the beauty manager is no better than the two beauties brought by Li Yun, she is also slim, at least about seven points in length, and coupled with the capable temperament of a professional manager, this level of beauty, he will never want to touch it all his life. .

As a result, in front of Li Yun, she actively hinted that she could play with her.

There is a huge gap in such treatment.

"Uh, okay. No, no." Li Yun heard what the beauty manager meant, but he didn't know how to respond. He just nodded vaguely. Zhao Tianfeng glared at him. Li Yun quickly explained: "I didn't mean that. As long as your service is in place, nothing else is needed!"

The beauty manager regrets a bit. The more she looks at this Mr. Li's appearance, the more sunny and handsome she feels. The two female companions he brings are also much more beautiful than her. If they can play with the three of them in the next week It is not unacceptable, er, no, it should be very acceptable!

Being able to serve such big local tyrants personally, the boss will not say anything even if he does not work for a month, and even if possible, the boss is willing to make such a business partner.

Chapter 3327: Tour guide treatment

To manage large companies and enterprises, in fact, the more advanced the management, the less need to do things.

In many cases, large contracts involving tens of billions of dollars are involved. The senior management leads the team to negotiate. It is often a long time to chat with each other about the cooperation intentions. After that, the contract details are left to the subordinates, and the senior leaders accompany them. Take customers to dinner and play in high-end clubs.

Relationship is an important factor in maintaining a smooth business. If the beauty manager now calls the boss and says that she will accompany the guests of Tianxue Palace in the next week and stop working, the boss will definitely approve the leave immediately and let her concentrate on serving the distinguished guests. Someone will take care of other things.

Sometimes, capital is so exaggerated.

"what does it mean?"

Hu Xiaomeng blinked innocently, "I just want to ask if there are any toys for the children. After all, the little princess and Caixia Caiwei might also come. Then we will all play in Tianxue Palace and go skiing. , Or go to a snowball fight, it must be super!"

Beauty Manager: "..."

She really wants to hit someone, what should I do? Obviously she was ready to sacrifice her life and play with the local tyrants for a week, but you actually said that you didn't mean that?

Believe you to blame!

But the beauty manager did not protest with interest, and obediently took the three of them, oh no, the four of them walked towards the Tianxue Palace.

Li Yun reacted and pointed to Du Xingwang and said, "This is my tour guide. You can also open a room for him, with all-inclusive clothing, food, housing and transportation, the standard...just follow the standard of ordinary guests."

Du Xingwang was so moved and excited that tears were almost coming down.

He, a little tour guide, was fortunate enough to live in Tianxueju? !

This is really...he is willing to post money to be Li Tuhao's tour guide!

Don't say anything else, just because he can live in Tianxueju this time, when going to solicit customers in the future, he brags that he has lived in Tianxueju for a week and has experienced the top hotel accommodation with the big local tyrants. Tourists are not right. He took a high look?

Besides, a long experience in Tianxueju will be extremely beneficial to the future career of a tour guide. People can't be so low for a lifetime.

Therefore, he would be willing to be the tour guide for this local tyrant Li Yun if he posted a thousand dollars a day!

"You don't need to worry, Mr. Li Yun."

The beauty manager explained: "Anyone who stays in Tianxue Palace can get a few ordinary rooms for your bodyguards, servants, chefs, etc., this gentleman, you just stay here and wait for our arrangements. ."

When Du Xingwang was confronted by the beauty manager and spoke, he was so flustered for a while that he could only answer.

Don't look at the beauty manager who was very respectful in front of Li Yun just now, and she took the initiative to accompany to play together for a week, but she is an out-and-out executive, with an annual salary of one million, managing a five-star hotel comparable to Tianxue. Home.

As a result, Du Xingwang felt that she had a sense of dignity when she talked, and the temperament of a business woman elite could scare people into her arms and dare not speak nonsense.

Fortunately, Li Yun, who walked indifferently at the front, gave Du Xingwang courage, and he said the last sentence decently: "Trouble you beauty."

"It should be."

The beauty manager smiled, did not say anything more, just ordered the waiter to take him to the room.

In fact, Tianxueju can provide the owner of Tianxue Palace with more professional tour guides, and there is no need for such wild guides at all.

But the beauty manager can tell by observing her words and her expressions that the new owner of Tianxue Palace is a nostalgic person who is generous to the people around her, so she did not make recommendations without authorization.

In this way, Du Xingwang was also fortunate to live in the luxurious Tianxue Mansion worth RMB 5,000 and 10,000.

Chapter 3328: Attentive service

After paying a deposit of two million yuan, Li Yun and the three successfully arrived at Tianxue Palace under the leadership of the beauty manager.

Originally, the deposit was only 500,000 yuan, but Li Yun found it troublesome. In addition, he estimated that several people would come here to play, so he simply gave an extra 1.5 million yuan in one breath. Various services opened up the beauty manager, such as Top ingredients, Remy Martin, XO, red wine, wine, caviar, high-end game and so on.

All sorts of messy high-grade ingredients took turns and it was over. Li Yun didn't bother to care how much it would cost, and didn't even care if Tianxueju would cheat him, as long as it's not too outrageous. Anyway, millions or even tens of millions are right. For him, it's all small money, not worthy of attention.

"Sir, this is Tianxue Palace!"

The beauty manager took Li Yun and the others to a small three-story wooden building. It was said to be a small wooden building. In fact, it occupies a large area, with a courtyard, a wall, a rockery, a garden, and so on.

The shape resembles a certain palace in the imperial palace, such as Cining Palace, Kunning Palace, Jingren Palace, etc. Of course, it is a reduced version with only one garden.

But even if it is a reduced version, there are everything that should be there. The yellow glazed tile, the hard mountain-style roof, the bucket under the eaves, etc., make Tianxue Palace worthy of a palace!

"not bad."

Li Yun nodded and walked up to the second floor under the leadership of the beauty manager. The first floor is actually nothing to see. Like most villas and houses, it is just a living room and two guest rooms for entertaining guests.

On the second floor, there are more facilities, all kinds of things that can be used for the entertainment and fitness of the owner, Li Yun just glanced at it briefly, and then nodded.

"Mr. Li, the third floor will only belong to you in the next week. Without your permission and confirmation, no one will go up."

The beauty manager stopped wittily and said with a smile: "Just ask Mr. Li to go up and confirm the condition of the facilities. If you need it, you can call me directly or press the button. We have someone waiting for your instructions 24 hours a day."

How about 168,000 a night?

Just being available 24 hours a day, the treatment is different from ordinary guest rooms. In fact, people living in Tianxue Palace can instruct people here to help with anything, find a guide, buy special souvenirs, or drive to nearby cities to buy some Things you can't buy in the scenic area, etc.

168,000, there are so many things you can buy!

"Well, it's okay, it's not bad~"

Hu Xiaomeng waved his hand and signaled that the beauty manager could leave, but before she could take a few steps, Hu Xiaomeng suddenly thought of something: "By the way, several beautiful beauties will come to play together in three days. Heaven, you have to prepare sheets and quilts, etc. In short, the third floor will be made according to the standard of ten people, including two children, thirteen or fourteen."

The beauty manager took a careful note, and wanted to complain. Aren't you just fifteen or six years old? Are you a kid too?

But she dared not offend the three at this moment. It seems that the words of the little cute loli show that Mr. Li will play with a group of beauties in Tianxue Palace. This is not surprising, and Tianxue Palace is not without hospitality. More people.

But it is the first time that these two people have such noble temperament and outstanding appearance.

"Yes, I will arrange it."

After the beauty manager answered respectfully, she left, and before walking down the stairs, she glanced back at Li Yun, vaguely as if she had seen him somewhere.

Chapter 3329: Beauty status

After the beauty manager went downstairs, the more he thought about it, the more familiar Mr. Li's appearance became. She frowned and thought, but she couldn't figure out where she saw him.

With this thought in mind, I walked back, and when I ran into the waitress who was serving Li Yun just now, she asked:

"Manager, Li Yun stayed?"

"Well, I have already stayed, and I have set aside for a week. From now on, you will concentrate on serving him. As long as you entertain him smoothly, your performance will increase by 50% this month."

"Hurray~!"

"Go ahead, stop screaming."

"Yes!"

The waitress left excitedly, and the beautiful manager nodded in satisfaction. As long as we take care of Li Yun and his party, this month's turnover will at least double. How can ten people consume one million per person? With a mere ten million, local tyrants will not take it seriously.

and many more!

Suddenly she realized something, and quickly stopped the waitress: "Cui Lan, how did you know his name is Li Yun?!"

"what?"

The waitress Cui Lan turned her head in surprise. After seeing the 30-year-old charm on the beauty manager's face, she suddenly realized and explained: "Manager, that Li Yun is the very famous Li Yun from the previous period! With Liu Xianxian. The one who started the movie, the world's first superstar star, made the movie of the killer and the county lord."

"It's him!!!" The beauty manager suddenly opened his eyes.

"Yes, it's him."

Cui Lan enthusiastically told the manager about Li Yun's affairs. Whatever debut is the pinnacle, she made a movie directly with the big star Liu Xianxian, and also took away Liu Xianxian's first kiss, second kiss, third kiss... I don't know how many kisses. .

Later, he had an unexplainable relationship with a few beautiful women. What is even more exaggerated is that he is also the president of the China Overseas University's Supernaturalists Association. Recently, he has also produced a large supernatural performer, which has attracted countless netizens onlookers. and many more.

After Cui Lan said that Li Yun and several beauties, especially the superstar Liu Xianxian, performed on-screen couples, the beauty manager didn't listen to a word.

There was a buzzing in her mind, if she knew that she would not do something, it would soon become the focus of attention of countless netizens!

And it is the focus of the focus, the heat lasts for a few months and can last for several years!

This is not an exaggeration.

When Mr. Li had an ambiguous relationship with Liu Xianxian, he brought two unfamiliar beauties to Xueshan Village to play, and he also opened a 168,000 luxury suite, which made it clear that he was here to enjoy the three people messing around together. of.

and many more! !

The beauty manager thought of an even more explosive possibility.

Mr. Li has an unclear relationship with several beauties, and the little Miss Hu Xiaomeng said that there will be several beauties in a few days. Doesn't that mean... Liu Xianxian is also included in those beauties? In the ranks? !

Super star Liu Xianxian is one of Li Yun's pockets? !

and.....

The beauty manager checked the Internet directly, and her back suddenly became cold.

Who are the beauties around Mr. Li?

The richest daughter in Zhonghai City, Su Muxin, the daughter of the chairman of Nantian Group, the mysterious Hanfu school girl Gong Qingyu, the unknown little princess...

After seeing the pictures of these beauties, the beauty manager was silent for a long time.

"manager?"

"Cui Lan, immediately call everyone to the meeting. Remember, without my permission, no one is allowed to use mobile phones to send even one word to the outside world. Otherwise, they will all be dealt with in violation of the confidentiality agreement!!"

The beauty manager can hardly imagine what it would be like when netizens knew that Li Yun brought a group of seemingly incompatible and jealous beauties to vacation.

Afraid that there is a feeling of collapse of faith?

Chapter 3330: It's the third floor again

Li Yun didn't care about the problem of being stolen. Even if someone photographed him entering and leaving the Tianxue Palace with a few beauties, he still has several solutions.

One, of course, he just didn't admit it, he just came to Snow Mountain Village with his beautiful friends, not as silly as you think!

As long as he and a few girls around him have not publicly acknowledged the relationship, no one can accuse him of lack of morality. Why can't men and women come to travel if they are unmarried and unmarried?

Or to use a famous saying: We are men and women, it is your turn to object to monsters?

The second, of course, is to use public relations to suppress it. The power of capital is sometimes incredible.

In addition, Li Yun's current identity has gradually risen, and the identity of the president of the China Overseas University Supernaturalists Association can also block many people's mouths. Even if others are sour that he can take a few beautiful women out to play, he can only be sour.

Of course, if it is spread out, it will still have a bad reputation for Xiao Mingzhu and the others, and he doesn't want to see that happen. It is better to avoid it or to avoid it.

"Ah~~~ It's so big!"

On the third floor, Hu Xiaomeng yelled impatiently.

The third floor of Tianxue Palace has a full three to four hundred square meters, several spacious rooms, the living room facilities are complete, the sound is complete, most of the things you can imagine are available here.

Li Yun glanced around, nodded and said: "It's really big, so we can continue to play the game of kings."

In a word, Hu Xiaomeng and Zhao Tianfeng who were present were all looking at him. Hu Xiaomeng's eyes showed a charming look, while Zhao Tianfeng's face was reddish, and he sipped, but did not refuse.

Li Yun chuckled. He endured it for two days. Now that he finally has a private room, it is time to have a good time.

Foreign games are no strangers to the two women.

He had played with Hu Xiaomeng and Zhao Tianfeng when he was in Aduoshan Hot Spring. There is no need to say more about the specific rules. In short, the king can order other people who are concubines to do anything.

The last time Li Yun was king was very rare, all of them were deprived of the right to be king by the girl Hu Xiaomeng with various excuses. Almost all she and Zhao Tianfeng were giving orders.

Of course, although Li Yun has been a king less often, there are no less items that should be given orders to enjoy.

Roughly speaking, according to Li Yun's eyes, Hu Xiaomeng's little feet, Zhao Tianfeng's beautiful jade feet, two delicate hands, and small cherry mouth are all worthy of attention, and Li Yun did not miss too much.

In the end, Li Yun also saw a swimsuit show, but outsiders would never see that kind of new clothes belonging to the king, and only performed for Li Yun alone.

"Bad Brother Yun~"

After Li Yun closed the door on the third floor to form an absolutely safe and secret space, Hu Xiaomeng's eyes began to reveal a moving style that did not belong to her young girl's age.

She took a brisk step forward, but suddenly fell to the ground covered with a thick carpet. Both hands and chin touched the carpet, but her legs stood straight.

"Little Meng, you're okay...you!"

Zhao Tianfeng was a little frightened, frightened by Hu Xiaomeng's weird posture. But quickly realized that this fox Xiaomeng did not fall, but begged Li Yun to hug her.

"Woo~"

Hu Xiaomeng turned her head back pitifully, "I fell down, so I need Brother Yun to come and hug him before he can get up~"

Speaking, it shook.

Li Yun couldn't help but raised his eyebrows as soon as he saw it.
