

## Godly Choice 3331

Chapter 3331: visit

Li Yun and Hu Xiaomeng started.

Zhao Tianfeng lowered her eyes and spit out secretly, she knew that would be the case.

What came to travel, it was obviously here to play, she should have known it a long time ago, Hu Xiaomeng had been hinting before, big house, hot spring, sauna, seven or eight people and so on.

Zhao Tianfeng has completely imagined how messy the next week will be. The tour guide named Du Xing does not have to work at all, because Li Yun and Hu Xiaomeng are both lazy and have been on the third floor of Tianxue Palace. Don't you fool around?

"Forget it, you guys play first, I'll go and see."

Ignoring the two people who seemed to be about to take a bath and threw their clothes everywhere, Zhao Tianfeng's surface was light, but his blush was hot and shy. She left the living room and observed the facilities on the third floor of Tianxue Palace.

It is worthy of a suite that requires more than 100,000 a night. In addition to the sauna room mentioned earlier, there are also many other facilities in Tianxue Palace.

The ground is covered with imported high-quality carpets, and there is almost no exposed ground. It seems that the carpet is used to keep warm because the weather here is cold for many years.

In addition, the Tianxue Palace is very warm, the temperature is above 20 degrees, and there is no problem in wearing single clothes. It is no problem to throw down jackets, linings and other clothes around like Hu Xiaomeng.

In addition to these, Zhao Tianfeng was also surprised to see that there is actually a fireplace in Tianxue Palace. Although there is no ignition inside, there is a lot of clean wood around it, which can be easily lit to make the fireplace burn.

This kind of western-style fireplace appeared in the oriental-style room, which really made her feel surprised and pleasantly surprised.

Beside the fireplace, there are four or five soft velvet sofas, and the floor is covered with carpets. It is conceivable that in the next seven days, she, Hu Xiaomeng, and Li Yun will be able to surround the fireplace and roast while roasting. Sweet Potato and Taro-Although there is no Tianxue Palace now, you can ask the manager to buy some.

Even grilling meat, grilling vegetables, enjoying authentic charcoal grilled food is not a problem.

And because of the fireplace, the room is very warm. If it feels too hot, there is a window not far from the fireplace, which can be opened to ventilate the cold air outside.

In addition, it must be a very interesting thing to stand by the window while admiring the snow scene while playing the game of the king and the concubine. The snow scene outside is facing a low

mountain, which may be seen by passers-by, but it is also I can only see faintly three people in the window, increasing the excitement... What am I thinking! ! !

Zhao Tianfeng scratched her head, she was crazy!

When you see anything in Tianxue Palace, you will imagine the way and posture you will use when you play King's Game with Hu Xiaomeng and Li Yun in the next three days.

This is actually not her fault.

Last time at the hot spring hotel in A Duo Mountain, from the locker room to the hot spring pool, to the small bamboo forest next to the hot spring pool, and even the only big tree, Li Yun once asked her to support the trunk or hold her Jump on the big tree and enjoy the beautiful view of the night sky.

Of course, of course Hu Xiaomeng was also there, and the two were lying on their backs and hugging him in Li Yun, very close.

It was precisely because of the days spent together that Zhao Tianfeng did not reject Hu Xiaomeng's date invitation. After all, she had already had similar things with Hu Xiaomeng in the hot spring hotel.

They were all teased by Li Yun's pranks, such as asking Hu Xiaomeng to kiss her, or she went to kiss Hu Xiaomeng and so on.

Chapter 3332: Too lazy to care about you

There are even more extreme things.

Zhao Tianfeng faintly remembered that she seemed to have gone to the kitchen with Hu Xiaomeng and cooked a famous meal for Li Yun.

In short, it is precisely because the three of them have been fooling around in the hot spring hotel countless times, so now that she, Li Yun and Hu Xiaomeng once again come to a similar closed private room, it will evoke her memories of that time.

It is estimated that Hu Xiaomeng is the same, so after closing the door, he immediately fell to the ground, posing in a posture that Brother Yun must kiss, and mischievously throwing away his clothes, Zhao Tianfeng didn't even look at it anymore.

"Sister Fengfeng, come on, come on!"

Hu Xiaomeng was calling her, his voice seemed very depressed and very weak. Zhao Tianfeng glanced at her and Li Yun, ignored them, and turned back into the sauna.

The sauna is not too big, there are three benches made of smooth pebbles, you can enjoy the sauna while resting on your stomach.

There is also a TV. Zhao Tianfeng turned it on and turned it off immediately.

The content played on this DVD TV is similar to what Li Yun and Hu Xiaomeng are doing now.

It's just that the action doesn't get a glance.

After leaving the sauna, Zhao Tianfeng walked to the bathroom again. When passing by the living room, he saw Li Yun and Hu Xiaomeng have come by the fireplace. Hu Xiaomeng was kneeling on a single sofa with his back facing the fireplace. Looking at her with illusory eyes, she coquettishly shouted: "Sister Fengfeng~, help me."

"Too lazy to care about you."

Zhao Tianfeng wanted to leave.

"Sister Fengfeng~~~"

Hu Xiaomeng yelled again and began to behave like a coquettish, but refused to escape from the solo sofa, and still maintained the attitude of conceding to Li Yun's gambling.

Zhao Tianfeng couldn't help but laughed, "You provoke him by yourself, I don't care about you."

After speaking, Zhao Tianfeng hurriedly left the living room.

Her face is red enough.

Because Li Yun was standing in front of the fireplace. To be precise, he was behind Hu Xiaomeng, looking at her with fierce eyes. Of course, Zhao Tianfeng knew what this look means. If she is close now, it is estimated that next Don't even think about leaving half a step when you have dinner.

Moreover, it is estimated that he is still like Hu Xiaomeng, his knees are always next to the soft carpet, and he can't stand up.

Although Zhao Tianfeng is not disgusted with this, if he loses control just the first day he arrives, wouldn't it be more chaotic for them to spend the three days alone with Li Yun in the future, and the days when Gong Qingyu, Su Muxin and the others arrive?

At least...at least you have to wait until you have tasted what kind of cuisines are there in the northern Xueshan Village scenic spot, then go to the night scene of Xueshan Village, and then come back to play the King's Game?

This girl Hu Xiaomeng is really messy. Of course, Li Yun is also very bad. He always spoils Hu Xiaomeng. What she says is what she says. At this time, she should be beaten to teach her a lesson.

"Uh."

Speaking of lessons, Zhao Tianfeng heard Li Yun teaching Hu Xiaomeng's voice in the bathroom, which was very damning.

There is nothing to say about the bathroom. There is a spacious bathtub that can accommodate five or six people. The bathroom is separate. There are several, which is enough.

Immediately afterwards, Zhao Tianfeng went to visit the next room.

When passing by the living room, she hurriedly glanced at the two people in front of the fireplace and found that Hu Xiaomeng had been picked up by Li Yun. Both of them were facing the fireplace. Vaguely, Zhao Tianfeng saw a bright light flashing by and falling. In the fireplace.

"You two!"

Zhao Tianfeng was very angry, "Leave me out of the fireplace. Don't pour water in. I will make a fire in the fireplace later!"

Chapter 3333: Combination killer

Hu Xiaomeng couldn't answer her sister Fengfeng's words, because she had become a paralyzed patient now, her body was so soft that she had no bones.

Li Yun kissed Hu Xiaomeng's hot little cheek, making Hu Xiaomeng squint his eyes comfortably. The whole person was following Li Yun's mercy, and there was no need to think about anything, just whatever Brother Yun said and did.

"Feng'er."

After taking a close look at the drops of water in the fireplace and the place where the water dripped, Li Yun turned his head and said to Zhao Tianfeng: "Hu Xiaomeng's is so easy to get in the way, so don't let yours fall into the fireplace."

"Yes, yes." Hu Xiaomeng's lazy tone sounded: "Compared with Sister Fengfeng, it is like Yinghuo and Haoyue, and also like Xiaoxi and Wang Yang. They can't be compared, can't be compared~"

"Hu Xiaomeng!!!" Zhao Tianfeng blushed, and Hu Xiaomeng was talking nonsense. It is obvious that she and Hu Xiaomeng are quite close together, right?

"Humph~"

Hu Xiaomeng's two little feet dangled in the air, and said triumphantly: "Who told you not to help me just now, Brother Yun, hurry up, go and teach that Zhao Tianfeng, I'll help you hold her. She can't resist and can only lie down!"

Zhao Tianfeng blushed again, turned around and fled.

But the combination of Li Yun and Hu Xiaomeng has been killed, and the two did not even change their movements. Hu Xiaomeng still faced Li Yun with his two feet as hands, and one locked Zhao Tianfeng's waist, giggling. Jumped from Li Yun to Zhao Tianfeng, and shouted excitedly: "Brother Yun, I caught Zhao Tianfeng, please give instructions!!"

Zhao Tianfeng wanted to resist, but seeing that Li Yun had kissed her, she could only helplessly close her eyes, and said vaguely: "Only once, we will go to dinner when it's over."

"it is good!"

...

After it was over, it was already seven o'clock in the evening.

Zhao Tianfeng stood up from the sofa by the fireplace, picked up the clothes scattered in the living room, and urged the two paralyzed by the fireplace in embarrassment, "Get me up! Go eat!"

She is still too young. Li Yun's time is completely different from others' time. It takes more than ten minutes for others, but Li Yun, a big bull, takes more than an hour at a time, and it is still her once, Hu Xiaomeng once, and the two together once. , Which adds up to more than three hours.

So after it was over, it was dark.

"The clothes can't be worn anymore."

Hu Xiaomeng disliked it and kicked the clothes off the ground with her smooth little feet, then took out another set of clothes from the space ring and put it on.

Zhao Tianfeng gave her a white look: "Who made the clothes dirty?"

"I'm foresight~" Hu Xiaomeng pointed to his wet clothes with an expression that I had seen through earlier: "Look, Sister Fengfeng, you sweat so much. Fortunately, I let Brother Yun do this, otherwise the carpet will get dirty. It won't be easy to change tonight, at least you have to wait until tomorrow morning, right?"

"Shut up!"

Zhao Tianfeng couldn't help blushing at the thought of what happened in the past three hours, and couldn't help but scream.

"Cough cough, it's okay." Li Yun stretched out his hand, a red light emerged from his palm, and used his subtle fire control power to dry all the marks on the clothes and carpet.

"Okay, everything is well, let's go to eat, and we will play King's Game after dinner!"

"...You shut up too!!"

Zhao Tianfeng glanced at the carpet again. Although there were still some faint traces, at least he wouldn't feel sticky and uncomfortable when he stepped on it.

As for the problem of damage, it is not within her consideration. When she leaves, she will buy all the things here and let the manager replace it again.

Chapter 3334: go to eat

Zhao Tianfeng thinks he wants to say something in the group?

Let Gong Qingyu, Su Muxin and the others prepare. She is not unreasonably worried, but from the fact that they will be messing around with Li Yun in the next week, and Gong Qingyu and others will also come, there will be countless long-lasting battles on the third floor. .

Moreover, it is said that Gong Qingyu is still a vast ocean, but Zhao Tianfeng wants to see how she is so powerful.

But wait three days, or wait two days?

I thought I had to play with Li Yun and Hu Xiaomeng for at least four days before letting Gong Qingyu and Su Muxin come. However, judging from the situation that Li Yun, the big bull, refused to let them go, Zhao Tianfeng felt that he and Hu Xiaomeng It doesn't seem to last for three days.

This time at Tianxueju was completely different from the last time at Adu Mountain.

Li Yun hadn't eaten meat when he was in Aduoshan Hot Springs, but this time he was completely an unsatisfied big hungry wolf, who could eat both her and Hu Xiaomeng in one bite, not enough to eat that kind.

Therefore, Zhao Tianfeng felt that he had to remind him in the group so that Su Muxin and the others could be ready to fly to Xueshan Village at any time.

After leaving the Tianxue Palace, the three of them walked toward the door. When they reached the gate, Du Xingwang was already waiting there.

"Uh."

Li Yun was still stunned when he saw him. Before, he played crazy with Hu Xiaomeng and Zhao Tianfeng on the third floor of Tianxue Palace and forgot that he had hired a tour guide.

"Won't you wait here for a few hours?" Li Yun asked apologetically.

"No, no, the waiter just notified me that you are out, so I'll come and wait!"

Du Xingwang explained, and immediately proposed: "President Li, now I will take you to find a restaurant for dinner? I know a few very good restaurants. Although they are not the most upscale, they are absolutely clean and have special dishes!"

Thinking about it in Du Xingwang, these rich second-generations who are not short of money must have eaten all kinds of delicacies and delicacies for a long time. Going to the most high-end restaurants seems too vulgar. It is better to go to some high-end and distinctive restaurants.

"Sure, lead the way ahead."

"Good Le~!"

Du Xingwang had already driven the car over, and Li Yun took the two women out and got in the car.

The Snow Mountain Village at night is very strange, the sky is dark, the ground is full of white snow, the lights of various scenic spots are dotted on the white snow, and there is a different kind of beauty.

After arriving at the hotel smoothly, Li Yun and the three people got off the car, and they already felt the horror of the north wind whistling. Hu Xiaomeng kept shrinking into him in the car just now, saying it was cold and cold.

After getting out of the car, it was even colder, and the wind caught the snow on the face like a squeegee. If there is no resistance, it is better not to go out at night.

"Uh, President Li, let's enter the store quickly, there is heating in the store!"

Du Xingwang looked at Hu Xiaomeng, who was trembling from the cold, and said quickly.

Li Yun put his arms around Hu Xiaomeng's waist amused, "Don't you live in the capital? The capital is also in the north!"

"It's in the north, but the capital is different from the wild~"

Hu Xiaomeng stuck to Li Yun and did not leave. "There are high-rise buildings in the metropolis to block the cold wind, and there are people who can warm each other. It is much warmer than here~"

This is true. In winter, it is much warmer in the city than in the countryside. At least it feels like this.

After entering the hotel, the heating came over, making people feel like they were resurrected in an instant.

Chapter 3335: Zhao Tianfeng's smile

"Ah, finally came alive~"

Hu Xiaomeng sighed loudly, and Zhao Tianfeng couldn't help but give her a blank look: "Don't pretend to be a pitiful person. You obviously have a low level of cultivation. How could it be cold? I think you just want to act like a baby."

"Tsk tusk, so Fengfeng sister, you don't know men at all." Hu Xiaomeng shook his head and said, "Fortunately you have my husband who loves you, otherwise, you won't even want to find a good man in this life."

Zhao Tianfeng was stunned, and when Li Yun patted Hu Xiaomeng on the back of the head, she still didn't react.

It seems that it is.

Her personality was originally very strange, plus her seniority, and she has been practicing martial arts since childhood, she would never find men who can't learn martial arts to fall in love and get married.

If you only find people in the rivers and lakes, the range of options is suddenly reduced a lot. Even now because of the arrival of supernatural powers, there are many outstanding young men who have not low combat effectiveness, but for Zhao Tianfeng, they will always The martial arts talent has a common topic with her.

But if you want to find young talents comparable to her talent in the arena, the range of options has suddenly been reduced a lot.

Restricted to the man who is willing to like her weird character and can accept the cold killing intent that pops up from her from time to time, there are almost a handful of men!

In other words, when Li Yun came to the capital, she just met. It can be said to be a very rare fate- even if there are other girls around this man, from the moment, at least she has been in love with Li Yun. At that time, I did not feel aggrieved nor dissatisfied.

Every time she recalled things with Li Yun, she would feel warm.

Every time she thinks of the upcoming meeting with him, she is also full of expectations.

Isn't this kind of feeling just love?

"Tianfeng?"

Li Yun patted her shoulder and smiled: "What are you in a daze? Let's go and eat."

".....Um."

Looking at this warm smile for a long while, Zhao Tianfeng softly responded. She believed that she had never been so gentle in her life.

In the future, maybe there will be no more.

"Ding, congratulations to the host for getting Zhao Tianfeng's full favorability, and rewarding a red envelope!"

The system hasn't appeared for a long time. When it suddenly appeared, Li Yun almost forgot that the book was a systematic article, and thought it was a romance novel.

Now it was Li Yun's turn to froze.

The system that hasn't appeared for a long time seems to remind him: Don't forget your goal!

"what happened?"

Zhao Tianfeng smiled and looked at him. Li Yun stunned again. He vaguely realized that this was the first time Zhao Tianfeng showed a smile to him. She had a beautiful smile.

Although Zhao Tianfeng is different from Fan Qingsheng, there are many expressions on his face, but in Li Yun's impression, Zhao Tianfeng laughed for the first time.

"what!!"

Even Hu Xiaomeng who turned his head was stunned, "Sister Fengfeng, are you smiling?!"

"Did I smile?" Zhao Tianfeng touched the corner of his lips, as if he was really smiling, and the corner of his lips slightly raised.

"Well, laughed!"

Hu Xiaomeng replied very seriously. Although she didn't know what happened suddenly, Sister Fengfeng laughed out of the blue. Something must have happened!

Li Yun hugged her waist, kissed her forehead, and smiled: "No matter whether you laugh, cry, or beg for mercy, my Feng'er is always my Feng'er, no matter what happens, I will be with you!"

"Um!"

Zhao Tianfeng agreed and took the initiative to put his own scented lips on Li Yun's lips, and said in a whispered tone: "I love you, Li Yun~."

Chapter 3336: Bold

"what?"

Because Zhao Tianfeng's voice was too low, Li Yun had to ask her back.

But this kind of shameful topic made Zhao Tianfeng feel ashamed enough to say it again. She squeezed her face and strode into the hotel: "I can't hear it, forget it, I didn't say anything!"

Li Yun was stunned on the spot, Hu Xiaomeng held her ruddy mouth and smiled: "Sister Fengfeng is getting more and more feminine, it's not till tonight~"

Du Xingwang, who was pretending to be deaf and dumb, immediately wanted to crooked.

tonight? It means that President Li and them will come again tonight? Worthy of being a rich man, all kinds of medication support is amazing!

Just now when the two beauties came out, Du Xingwang, whose experience was fair, had already judged from the spring flair between the corners of their eyebrows that President Li and them had already had a love affair in the Tianxue Palace. After one time, coupled with the performance of Zhao Tianfeng's beauty, Du Xingwang felt that his judgment was indispensable.

It's just that he didn't expect that President Li is so powerful and will continue to come at night.

"By the way, do you know who I am? How do you call me President Li?" Li Yun looked at Du Xingwang and invited him to dinner. How to say it is also a tour guide for the next week. It is nothing to eat together. Wait for the palace. After Qingyu and the others came, they couldn't eat together because there were too many people.

"Uh, yes."

Du Xingwang answered quickly, looked around again, and whispered: "The manager has already issued a password to prohibit the waiter in Tianxueju from talking nonsense. President Li, you don't have to worry about it..."

Li Yun knew what he was worried about, but he waved his hand indifferently: "It's nothing, isn't it just to hang out with a few of my friends? I can't control other people's nasty thoughts. Of course, I can't be ignored. It's best to spread it out randomly."

"understood!"

Du Xingwang immediately expressed that he understood that President Li's meaning was very simple. He was not afraid of being circulated in pictures. He was even photographed that he was staying in Tianxue Palace with a few beauties, and he didn't care. He was always afraid of this, not this. The style of President Lee.

Of course, it's best to not spread it randomly.

"It's worthy of being the president of the Supernaturalists' Association, this bravery, strong!"

Du Xingwang admired himself secretly, but he didn't think that President Li was too ridiculous. Isn't that all rich and powerful people like this?

Among other things, he saw a GIF on the Internet. A son of Wang, who was worth hundreds of billions, walked out of a certain doorway. Standing on both sides of the door were all long legs of a supermodel dressed in cool clothes. Clapping hands, welcoming the arrival of the prince.

It is said that this prince went to an auto show. It was still an exhibition. Anyway, there are many beauties participating in that kind. In the evening, he received a list from the organizer, which is full of information from the models at the exhibition during the day, from their ages. The height and figure, the innocence of the family, etc., are all written clearly.

What's more, there is a small box in front of the girls' information on this list, which means that as long as the prince puts a check on it, the organizer will immediately find a way to find all the ticked girls to accompany the prince. .

Even if this incident is false, Du Xingwang still knows another thing, that is Brother Adong, who ran a beautiful country to discuss business, and finally ordered a few female college students

studying abroad to accompany him, and took her to the hotel. Finally, I was caught by the police in the beautiful country and almost couldn't come back.

Chapter 3337: Just one word

Although it was a lot of tricks, and there was suspicion that the fairy jumped, but after all, there is a saying that flies do not bite seamless eggs. According to Du Xingwang's guess, it was Adong who was about to move first, and was then given by the female college student who studied abroad It's wrong.

Even Brother Adong, who has a beautiful wife, can't avoid the vulgarity, and you can infer what the private lives of those rich people are like.

Therefore, Du Xingwang felt that it was normal for President Li to come to Snow Mountain Village with a few young and beautiful beauties. He just hadn't met a rich person to come out to play before. With a little relationship, I was very lucky to be able to eat and drink with these rich people and live in a five-star hotel!

By the way, he hasn't negotiated the price with these wealthy people, and he doesn't know how much he can get, 100,000?

No, no, it's impossible!

Du Xingwang quickly shook his head and denied that the money of the rich is not blown by the wind. They are willing to spend money. It does not mean spending money casually. It is not bad to be able to pay a half premium. Based on the things he can enjoy this week, he said I can't make it back for years!

"Brother Du, why are you in a daze?"

Li Yun greeted him at a dinner table, "Come to eat together, you are welcome, there is no need to divide the table for four people, and then I will divide the table when my other friends come."

Zhao Tianfeng gave him a white look. What other friends are obviously other wives!

But he didn't object, and it was okay to have a meal with the tour guide, and she was not a cleanliness person.

"Oh, thank you, President Li! Thank you, President Li!"

Du Xingwang felt flattered. He knew this store, or heard that it was very high-end, but he had never been here. Even some of the customers he led would never come here for consumption.

Too \*\*\*\* expensive!

"Sit, you order a few things first."

Li Yun handed the menu to Du Xingwang. The latter picked it up and took a look. His pupils suddenly shrank. What the \*\*\*\* was this? Gold is not that expensive! !

What is this kimchi? Adding the word "organic", would you dare to sell 88 copies? !

What other black and white top caviar is there, five thousand? ! Still alone? ! If this is four servings, wouldn't it cost 20,000 yuan? !

What kind of crab, one weighs less than a catty, sells for two thousand! !

What is even more exaggerated is this yellow croaker, one 30,000 yuan, I'm Cao! !

Du Xingwang's hands are shaking when he sees it. If he comes to eat here, I'm afraid his first thought of taking the menu is to run away-no, the clothes at home have not been confiscated. It is thundering and raining. He has to go home and collect the clothes. go.

This Nima is really expensive!

Du Xingwang didn't even dare to look down at those wine categories. Is Maotai the cheapest wine? In the legendary novel, there is also a Remy Martin who has been a magical weapon for 82 years?

"Order whatever, you are welcome!" Li Yun smiled and said to him: "I have lived in Tianxue Palace for a few million, and I still have tens of thousands of yuan short of it? Click it, I'm hungry too!"

He had to point out his "identity".

Because Du Xingwang was holding the menu as a scared bun, his identity has been suspected by the manager of the hotel. Several waiters are watching them carefully. If you dare to order a dish of more than 1,000 yuan, I dare to let you first. The expression of paying to serve again!

"Sorry, sir."

The manager of the restaurant also understood very well. After hearing what Li Yun said, he immediately came to apologize and said: "Our reaction was too exaggerated, because there was someone who came to eat Bawang's meal not long ago and said that he didn't see the price... so. "

Chapter 3338: State Banquet Chef

Li Yun smiled and said nothing.

Who knows if what the hotel manager said is true? Anyway, when I see people talking and talking, I will talk love when I meet Nie Xiaoqian...hehe, he was wrong, he shouldn't have such a divergent thinking.

"This gentleman, to apologize, you will be exempted from service charges for this consumption!"

Seeing Li Yun just laughed and didn't say much, the hotel manager suddenly decided that most of the time, this young man is most likely to be the son of the son, who is really rich.

So, he hurriedly proposed the offer, clapped his hands and asked the waiter to send a more detailed menu.

Originally, in order to appreciate the snow scene outside the window, Li Yun didn't go to any private room to eat, so he sat outside.

So the outside menu is incomplete, and only this one is the real dish ordered by the rich in the private room.

"Row."

Li Yun nodded and pointed to Du Xingwang: "This is my tour guide, you can order him first."

"It is good!"

The hotel manager became more affirmed. The master didn't even look at the price. It must be that the rich didn't run away!

Du Xingwang took the menu and was shocked again. He couldn't help but said, "Aren't these all kimchi? Why is the price more expensive than before?"

Two menus, one with organic kimchi is 88. The other is 188, which is one more digit!

"Is such that."

The hotel manager took a look at Li Yun and found that he did not appear to be angry at all, and he was even more sure that he was a rich and rich second generation.

"For this cheaper menu, the chef is our average chef. Of course, even the average chef is at the level of a five-star hotel chef."

"What about another one?"

"The other one is my own chef!"

The hotel manager pointed to himself.

"you?"

Hu Xiaomeng finally spoke, and glanced at him up and down, and curiously said, "You are better than a five-star chef. Are you a chef at a state banquet? Or have you won any awards, or are you a member of a food association?"

The hotel manager's original proud expression froze for a moment. He took a serious look at Hu Xiaomeng and felt that it became more and more imaginary.

This lady is also knowledgeable!

A five-star chef and a top chef actually have almost the same cooking skills, but why is his cooking more expensive than a five-star chef?

The reason lies in his identity!

Just as the noble little lady said, the state banquet chef-that is, the chef who cooked for foreign guests in the capital, was called the imperial chef in ancient times. Naturally, his status is much stronger than that of ordinary chefs.

If you are not a chef at a state banquet, then you have to participate in a well-known culinary competition, and it must be well-known. It is best to have been on TV. Winning awards in the competition can also give yourself a layer of gold.

For example, he once won a gold medal in a national cooking competition held in Yangtai. Although he was not a champion, he was quite awesome. After all, all five-star chefs participated in the competition, and many of them were not low in reputation. .

If you don't bother to participate, you can join some well-known food associations at home and abroad, and you can still gild yourself!

With this layer of gold plated down, the dishes he personally cooks are naturally much more expensive than ordinary five-star chefs!

"Yes, I used to be in Beijing when I was young, that is, I was a state banquet chef, a second-level chef."

After proactively explaining his identity, the hotel manager said proudly.

Don't even think of it as a second-level chef, which is equivalent to a general kitchen helper, but it is a state banquet after all! !

Chapter 3339: My chef

State banquets are all served by governments of different countries. Every dish in it, even a small dish of cold dishes, must be processed in many ways. A small dish will take several hours to carve and finally serve. Serve out.

In ancient times, it would be appropriate to be an imperial cook, and he was born to be higher than others.

Du Xingwang suddenly understood why these top restaurants are so expensive.

After all, just like luxury goods, they all sell brands!

Many luxury goods cost only three or four thousand yuan, or tens of thousands at most, but they can be sold for millions of dollars. For example, a watch, which is known as all hand-made, is not just selling a brand?

But many rich people are happy to spend this money!

For the rich, the price is second, and the most important thing is the grade, which must not be lower.

Are foreign female students necessarily prettier than Internet celebrities? Not necessarily, but Brother Adong just likes this. Is this also a brand effect?

For the first time, Du Xingwang had the idea of also building his own brand. If this is to make his name in Xueshan Village, in the future, when rich people come to play here, they will come to him as a tour guide. At that time, he will count as a month. Just take one order and make more money than now!

"State banquet chef... I also have a state banquet chef in my family."

Hu Xiaomeng bit the tea cup and drank hot tea, and said nostalgic: "Brother Yun, I want to go back to Longyang County."

"Well, I will go back after the Spring Festival. I will go with you when the time comes. Is Tianfeng going?"

"What am I going to do? I stay in the capital to accompany my parents."

Zhao Tianfeng refused.

The three simple conversations shocked the hotel manager and couldn't help but look at Hu Xiaomeng again: "Miss, you just said...you have a state banquet chef in your house?!"

The hotel manager himself used to be a state banquet chef, and he knows what kind of family a family can hire a state banquet chef.

To put it bluntly, there is a mine at home!

And it can't be a coal mine, it has to be a gold mine to afford a state banquet chef!

He himself agreed to come to this restaurant as a chef only at the invitation of a million annual salary + shareholding, and his hometown is here.

Recently, I also came into contact with management because I wanted to be my own boss and take control of this store.

According to the hotel manager's own situation, if he is given five million a year to invite him to be a private chef, he is unwilling to be a private chef.

The reason is simple. When a private chef needs to prepare breakfast, lunch and dinner every day, it is too tiring, and in my own store, ten and a half months may not have the opportunity to cook in person. It is all about teaching the chef in the kitchen how to cook.

"Yes." Hu Xiaomeng blinked playfully, "My chef's name is Zheng Xianyue, do you know him?"

"Master Zheng!!"

The hotel manager stayed for a while, then his eyes became different, and he looked at Hu Xiaomeng with awe.

To invite a state banquet chef like Master Zheng to be a home cook, this lady's noble status is already evident.

Maybe Master Zheng doesn't earn much in a year, but because of the people he serves, he can benefit his children and grandchildren, and his social status is far from comparable to those of him who stepped out and made troubles like this.

"Tonight," the hotel manager said respectfully: "I'll cook a sumptuous dinner for you at the price of an average chef!"

"No need, a little money is nothing to me."

Li Yun refused, but the hotel manager insisted on doing this, saying that if he had been taken care of by Master Zheng, if not afraid of being too abrupt, he planned to exempt them from spending tonight!

Chapter 3340: A la carte

Du Xingwang had a dumbfounded expression, he didn't understand why this happened, and he didn't understand what dumb riddles these people were playing.

I only vaguely know that this little beauty who calls herself Xiaomeng has a very powerful status and status. There is actually a state banquet chef at home!

Just hiring a dedicated chef is no longer an ordinary person, plus the status of a state banquet chef...

hiss.

Horrible.

Du Xingwang didn't dare to inquire about the origins of this Miss Hu Xiaomeng, let alone inquire about President Li, a young man who can bring such a powerful little beauty and another beauty to play with, what is the origin of this young man.

Anyway, horror is right, it is not the world that people of his level can touch.

"Order first."

Li Yun greeted and said, Du Xingwang hurriedly bowed his head and ordered a few dishes on the menu that didn't know what they were. They were neither too expensive nor too cheap. The price was in the middle position, and then he quickly changed the menu. Give it to Li Yun.

"I come!"

Hu Xiaomeng snatched the menu, took a pen and ticked a few of the most expensive dishes on it, and smiled at the hotel manager and said, "Give me four copies of the most expensive one. What wine is there? Lafite from 72 years old. Bring me a few bottles of wine, cocktails, etc. Tonight, my husband and my sister are not drunk or go home... Ouch."

Hu Xiaomeng's nonsense interrupted Zhao Tianfeng's horror.

"Don't pay attention to her."

Zhao Tianfeng took the menu, looked at it, and felt that there was enough food, so he checked a few bottles of drinks and milk, handed them to Li Yun and said to the manager: "Just a bottle of low alcohol wine."

Li Yun glanced at the menu, nodded and said, "These are enough. Although we are not short of money, we can't waste it. Okay, that's it."

"Okay, I'm going to prepare right away."

The hotel manager leaves.

Soon, a few side dishes were delivered first, and there was also a large bowl of porridge, which was said to be a large bowl, but in fact it was enough for one person and one small bowl, which was used to cushion the stomach.

Du Xingwang also spooned a small bowl, took a bite with the spoon, and his teeth were full of fragrance. After eating, his whole body was warm.

He couldn't help but sigh in his heart. Although this is also millet porridge, but the ingredients in this porridge are not made of what it is, and this rice is also selected rice, and after careful cooking, the taste is thick and mellow. , If you can drink a small bowl of this porridge every day for breakfast, it will really be a treat on earth.

After waiting for the delicious dishes to be served one by one and reporting the name of the dish, Du Xingwang subconsciously raised his mobile phone, planning to take a few photos and post it to his friends circle.

But he soon realized: I am Cao, too LOW!

Du Xingwang hurriedly put down his phone, pretending that nothing happened.

"Hehehe, what are you afraid of."

When Hu Xiaomeng saw it, he laughed at him, took a few photos of the table full of dishes with his mobile phone, and said while typing: "Sisters, how am I eating tonight? In your husband's Accompanied, I want to spend a wonderful night with your husband~~!"

Shangguan Lingxian: "..."

Little Baixue: "It's rare that the spirit fairy was the first to bubble."

Shangguan Lingxian: "I... that, right now happens to be when my alchemy furnace is burning, so I'm free. Xiaomeng, are you eating in Xueshan Village?"

Fox Xiaomeng: "Yes~"

Little pepper who is not greedy at all: "Envy and envy, it looks delicious, Xiaomeng, let my husband eat more and eat my portion too~!"
