

Godly Choice 3351

Chapter 3351: Brilliance

From the extremely young look of her mother, one can tell what she will look like in the future.

What shocked Du Xingwang was that the little girl's mother was also the woman next to Li Yun and had a lot of relationship with him!

This amazing fact gave Du Xingwang a crazy guess:

These girls, from Shan Xiaoxiao to Shan Ruqing, from the cold and beautiful saint, to the maid who followed her, and the two lovely twin sisters, shouldn't they all belong to President Li? Ban. Sui, right? !

The more Du Xingwang thinks about it, the more he thinks it is possible!

Although Shan Xiaoxiao is still young now, she has grown up in this environment, and she also likes to stick to Li Yun just now. When she grows up a little bit in the future, under the plot of Electra, I am afraid she will also like Li Yun. .

Not to mention the two twin sisters. The scene where they bowed their heads shyly just now has proved that Du Xingwang's conjecture is by no means aimless!

"hiss!"

Du Xingwang was shocked by the fantasy in his mind.

President Li occupies so many beauties, but there is only envy in his heart-envy is normal, even a man envy, but envy belongs to envy, but there is not much jealousy in his heart.

From the identity, energy and experience of President Li, it is proved that he has a strong strength, enough to sit on so many beautiful women.

This is the same as the ancient royal family. Which one is not around a group of wives and concubines?

Although there is no royal family and nobles in modern times, there is still a gap between rich and poor. The rich package Xiaomi seems to be an undisclosed, but well-known secret.

A few decades ago, when there were still a few wives legally married in Guangdong and Macao, all men with a little power had a few wives.

Even twenty years ago, a gambling king with the surname He "canonized" two aunts and wives in the 1990s, giving away mansions, company shares, etc., and even the aunt became a strong woman. This is not even a secret. You can find it on the search engine Wikipedia.

This so-called canonization of a concubine is of course not legal, but the gambling king just went to another country to give birth, or changed his face to make several of his wives and his children become legal identities.

What makes ordinary people even more enviable is that the children of the gambling king are even quite famous and have invested a lot of business here in the mainland. Even Du Xingwang's favorite e-sports industry has a team invested by the gambling king's son!

It can be seen from this that, again, the beauties, groups of wives and concubines, and illegitimate children around the rich are completely taken for granted. It is just a matter of openness.

Therefore, after seeing the beauties around Li Yun, Du Xingwang didn't feel too jealous. He just wanted to serve the local tyrants and the ladies, and let them satisfy one and a half of the company. The position is enough for him to be comfortable for the rest of his life.

"Arrived."

Li Yun parked the car at the side entrance of Tianxueju, and the beauty manager had already been waiting with a group of waitresses and several male waiters.

But when Gong Qingyu and the others got out of the car, they still shocked the manager and others. They stayed in place one by one, forgetting to come forward to meet them.

After a long while, the beauty manager reacted after Hu Xiaomeng waved his hand. After Qiangzi calmed down, she complimented: "Mr. Li, and ladies and ladies, with your presence, Tianxue Palace can be worthy of the palace. The second word! The so-called brilliance, it means now!"

Chapter 3352: Excellent

A group of girls chuckled a few times and did not comment on the compliment of the beauty manager.

Among them, Fang Xue and Li Feng or Shan Ruqing are very ordinary. They are all at school level outside. There are countless confessions of love letters in the three years of high school. At least eight of the ten passing people on the road will look at them more.

Therefore, they have long been immune to such compliments to beautiful women.

Besides, there is a saint, the girls around Li Yun, who dares to say that they are beautiful women?

In front of the fairies, there are ordinary women, no matter how beautiful they are.

Sure enough, the beauty manager and the others quickly noticed that the most special of these girls, the sage of Vatican like a fairy who had fallen into the world for nine days, with noble temperament and dust, shocked everyone once again.

"Okay, I'll return the car to you, the manager, go ahead."

Li Yun nodded to her, "I will find you again if necessary!"

"Good, good."

The beauty manager nodded subconsciously, led her men to leave, took a few steps, and subconsciously glanced back at the fairy who had not spoken.

She knew that she might be able to see such a beautiful fairy with such a special temperament on this opportunity in her life!

Li Yun took them into Tianxueju, and along the way, under the leadership of Hu Xiaomeng and Shan Xiaoxiao, as well as the cheerful Caixia, and the little pepper Su Muxin, the atmosphere of the team did not seem dull at all, and the girls gathered together. Chatting, even the Sage Fanqing, who has been silent, felt that he could blend in.

"Look, Tianxue Palace!"

When he arrived at the destination, Hu Xiaomeng happily jumped forward and made a super big circle with his hands: "A superb place. It only costs 168,888 a day to let us all play the king together..."

boom.

Zhao Tianfeng gave her a thud, and Hu Xiaomeng reacted and quickly covered her mouth.

There are still pure and innocent girls here, who can't speak up.

She spoke in the same tone that she used to chat in the group just now, and almost overturned.

"What kind of king to play?" Caixia said that she didn't understand.

"Uh, nothing."

"A game of kings, right?"

Shan Xiaoxiao said something that shocked Hu Xiaomeng and the other girls. How did she know? !

Shan Ruqing kept winking at her, telling her not to say it!

"Mom, what's wrong with you? I saw it in a book~" Shan Xiaoxiao blinked, leaving Shan Ruqing speechless.

The King's game book does say it, but Shan Ruqing knows...

"Okay, okay, go in, it's cold to death~"

Su Muxin pushed open the door of Tianxueju, and a group of girls filed in. Although the heating on the first floor was not turned on, it was enough for people who had frozen in the car all the way to warm up.

"Go, Caixia, Caiwei, and you little fellow." Hu Xiaomeng picked up Shan Xiaoxiao and said with a smile: "I will take you to visit the Xitian Snow Palace. We will all play here in the next week!"

"Huh? Going to play for a week?"

"Okay, okay, great!"

A few girls between the girl and the loli ran happily in the warm Tianxue Palace. Su Muxin wanted to join several times, but she was not embarrassed. As a result, she couldn't help it after she got to the second floor Pulling Jin Liuli and Xia Feiyao, ran to play with Hu Xiaomeng and the others.

Zhao Tianfeng who was left was quite uncomfortable, she was still used to being with Hu Xiaomeng.

Chapter 3353: Ding, event

"what?"

A girl kept staring at her, and her mouth made a surprised voice from time to time. Zhao Tianfeng recalled a little and knew her name: "Are you called Fan Qingzhu?"

"Yes, that's right~"

Except in front of Li Yun and the mortals, the little maid Qingzhu is actually quite easy-going, even a bit shy. She looks down on mortals only because of the environment in which she grew up. Now under the influence of Li Yun, it has changed from before. A lot.

"I have the same surname as Master Saint!"

Fan Qingzhu said proudly, like a little adult, but watching Hu Xiaomeng and the others play table tennis on the second floor, she was a little moved.

"Oh... you just saw me, did something happen?" Zhao Tianfeng asked straightforwardly.

Although she and Fan Qingzhu had never met, because of Li Yun's relationship, she didn't need to be more polite. They were both "sisters."

"Um!"

The little maid Qingzhu thought so too. She nodded and answered her directly: "You seem to have a special kind of anger, like us."

"Qi? Temperament? Or true qi?"

Zhao Tianfeng was a little puzzled.

"No, it's... the Qi that you have after practicing a certain technique!"

Fan Qingzhu explained seriously.

Li Yun also listened to it, probably, that is to say, the martial arts that Zhao Tianfeng practices are very similar to the one that Qingzhu saw in the hidden sacred valley.

"The True Art of Condensation?"

Zhao Tianfeng repeated the exercises in Qingzhu's mouth and thought about it for a long while, and finally shook his head: "No, I have never heard of this exercise. What I am practicing now is the "Slaying Practice" that Li Yun gave me. The exercise method I learned from my father's study by accident was called "Kill!""

Killing is somewhat similar to the practice of killing the way. It allows Zhao Tianfeng to control the murderous aura that escaped from the practice of "Killing." Although she still can't control it perfectly, at least it is much better than the cold-hearted appearance of the whole person who was enveloped by the indifferent murderousness before. .

"Let me take a look?"

The Sage Fan Qing who was sitting aside suddenly spoke, looking at Zhao Tianfeng.

The latter did not hesitate, and directly stretched out his hand to show her.

Zhao Tianfeng had only one contact with this Lord Saint, and he had only seen it when he was on Penglai Island.

But in the group, the little fairies all call her Lord Saint, and Li Yun also calls her like this from time to time. Zhao Tianfeng also knows the power she possesses and knows that her status among the girls is the most special. One.

Therefore, Zhao Tianfeng did not resist, and asked the sage lady to stretch out her hand and press her pulse like a pulse on her hand.

The action here attracted the attention of many girls, and the women expressed their concern.

After a long while, Sage Fanqing released her hand, hesitated under the eyes of everyone, and said, "It seems that what you practiced before is related to our hidden sacred valley."

After saying these words, the Sage Fanqing stopped to say more.

"It's normal, isn't it?" Qingzhu took the initiative to help explain, "Although our Hidden Sacred Valley is hidden, there are many disciples who insist on leaving. They have brought out a lot of exercises. You must be our Hidden Sacred Valley disciples. Take it out!"

Zhao Tianfeng had no objection, she still knew about the existence of the Hidden Sacred Valley, and this secret book was not created by her father.

Originally, this matter ended here, and Sage Fan Qing was only helping to find out why Zhao Tianfeng was so murderous.

Then, Li Yun received the system's event trigger notification after a long absence.

Chapter 3354: Return traveler

"Ding, trigger the option event, please choose from the host:

Option 1: Explore the specific source of Zhao Tianfeng's previous exercises, reward colorful gift bags*1, and the rest is to be determined.

Option 2: Give up, ignore it, and reward nothing. "

Simple event prompts reveal not simple information.

Just rewarding a colorful gift bag directly made Li Yun, who hadn't had a gift bag in his account for a long time, very greedy.

He has rarely been able to receive selection tasks now, so he has been stingy with the use of elixir. In addition to daily feeding the little princess, as a pet, the feeding of the elixir of the black feather butterfly has also stopped. Now every day Let her swallow spiritual energy in the fairy house and stop taking pills.

As for the daughters, they basically don't need to give medicinal pills to their families. After all, in the age of global aura, they can prolong life well without medicinal pills.

Therefore, Li Yun chose one without hesitation!

"Ding, the host makes a choice, reward: colorful gift bag*1, get a reminder: holy god, returner."

Holy Spirit? !

Is the current owner of the Hidden Sacred Valley? Or was it a previous valley owner? Who is the return traveler?

All sorts of questions surfaced in Li Yun's mind, but the system, the silly thing, refused to prompt more, leaving him to collect the information by himself.

This is undoubtedly another big project. Although the starting point is only to find out what the exercises Zhao Tianfeng had practiced before, Li Yun vaguely felt that this might have something to do with something very important!

For example, Liudaomen and a certain secret of the Hidden Sacred Valley, or ancient secrets, or related to the theft of the Hidden Sacred Valley before, or long, long ago, the Concubine Wan Qing said that there is a hidden inside the six doors. Very deep behind the scenes.

"What's the matter?" Fan Qingsheng realized that Li Yun is not normal now, so he cast his gaze on him.

"Nothing, let's go to the third floor!"

Li Yun hugged Shan Xiaoxiao who rushed over with a smile, and walked towards the third floor of Tianxue Palace.

Fortunately, before going out, Hu Xiaomeng and Zhao Tianfeng had already cleaned up the third floor, and let the waiter go up and clean it up again. Otherwise, the girls who went up could see the clothes and quilts littered on the floor at a glance. Last night, Li Yun and the others are arrogant and lawless. It is evident that even girls like Zhao Tianfeng who are congenital perfection and are about to break through have a sore back and a hoarse voice after getting up this morning.

"what!"

On the third floor, Caiwei cried out in surprise when she saw the fireplace at the other end of the spacious living room.

This kind of thing like a fireplace is really only used by those royal nobles in the West, that is, the daughters and beautiful princesses!

Although the villa in Huangting Mountain is also very large, it does not have a fireplace. Therefore, Caiwei screamed in surprise when she saw something that only appeared in fairy tales and magical worlds.

"Caiwei, don't you think it's great? Super great, right?"

Hu Xiaomeng happily took the sisters by the hand and ran to the fireplace and introduced them to them: "Your brother and I spent the two nights here. Hey, don't you know, there's a fire in the evening and we are chatting. Roasting sweet potatoes while doing what I like to do is really..."

"Hu Xiaomeng!!!"

Zhao Tianfeng's brows jumped again, this girl is really speechless!

"What's the matter?" Hu Xiaomeng blinked innocently again, "I mean doing what I like to do, that's all~."

Chapter 3355: travel

While speaking, Hu Xiaomeng secretly glanced at Shan Xiaoxiao's expression. After seeing that her eyes were a little unnatural, he became more sure of one thing in his heart:

This young kid has a super high IQ and EQ!

It's not worse than when she was eight years old, and this Shan Xiaoxiao understands almost everything that only adults can understand!

This shows that her innocence and cuteness are completely deceptive!

This Shan Xiaoxiao is pink and black, and underneath his cute appearance is the heart of the devil, which is terrible!

No, her Hu Xiaomeng must not be fooled by this little girl! She is the only one who can lie to others, how can others lie to her!

"Oh oh."

Caixia's cheeks were a little blushing, she was stimulated by the words of sister Hu Xiaomeng just now.

But she vaguely felt that there was something in the words of sister Hu Xiaomeng.

Moreover, she is also at the same age as herself. Why can she travel with her brother? Why can't her Li Caixia and her sister Li Caiwei?

It's a lie to grow up. Many people in the school have fallen in love early. Caixia knows very well that it's her class—whether it's the school in Longyang County or the private aristocratic school in Zhonghai City. Many female classmates said, "Why is my CP like this", "It's my male ticket", "Go to my boyfriend to the milk tea shop after school", "The one in Class 3? That's a scumbag, so scumbag! Disgusting!" Wait for the words to hang on your lips.

Many of her classmates and friends instilled in her the view: Teachers certainly don't allow it, but I think it's OK if it doesn't affect learning. What age is it now, what's so strange about falling in love?

In the past, Caixia felt very rebellious and unbelievable, and she was reluctant to participate in these topics.

But now I see Hu Xiaomeng, who is obviously the same age as them, and they are going to travel with her brother in a fair manner. The two, no, the three are chatting in front of the fireplace while roasting sweet potatoes. But, maybe they will kiss or something. ...

Just thinking about it, Caixia blushed and her heart beat, thinking that the opinions of those former students might not be all wrong.

As long as the academic performance does not decline, it should not affect daily life too much, or maybe it is nothing to fall in love...

"It's not night now."

Gong Qingyu was obviously also very interested in this fireplace, and there was an unconcealed expectation in his expression. He even ignored the grill next to the fireplace, the sweet potatoes and taro on the plate and other things that would destroy the western fairy tale castle.

"There's still a while at night~"

Su Muxin was quite regretful. She looked around. If she hadn't come together with Plucking and the others, this period of time would be a good time to mess around, and continue to mess around in front of the fireplace after dinner.

Lasts for several days.

"You choose a room."

Li Yun smiled and said, "Although I don't mind...cough cough, I'd better choose a room!"

He almost said that he didn't mind sleeping with the big quilt. A group of girls slept beside him, but after seeing Shan Xiaoxiao's innocent and lovely eyes, he quickly changed the subject.

"Good~~!"

Shan Xiaoxiao happily raised her right hand: "I want to sleep with Dad at night!"

All the girls were shocked.

"Mom on the left and Dad on the right, just like the last time I took a nap~"

Shan Xiaoxiao added again, this made everyone breathe a sigh of relief, they almost thought that Li Yun had already reached that point.

Of course it is impossible.

Chapter 3356: Talk tomorrow

Shan Ruqing pulled her daughter over and squeezed her face expressionlessly: "I and Xiao Nap are sleeping on the second floor, Cai Wei Caixia, will you sleep with us?"

"Okay." Caiwei agreed, took a look at the sisters around him, and added: "Brother, you, sister-in-law, and sister, let's sleep on the third floor together."

A few words are thin-skinned, or all the arrogant girls blush.

Jin Liuli was far away from Li Yun and looked disgusted: "I can't live on the third floor. There is a big pervert on the third floor, and I want to live on the second floor too!!"

"Me, I live on the second floor, too."

Gong Lianyi took the initiative to speak. Although she was a bit shy, the main reason was that she didn't want Li Yun to be embarrassed. Otherwise, there were too many people on the third floor and they couldn't live anymore.

"My lady and I..." The little maid Qingzhu was about to say that they also live on the second floor. At this time, Li Yun smiled and said: "The third floor can also live a lot of people. Anyway, there is heating, as long as there is a cover. Just lay it on the floor. The carpet is very thick. It doesn't matter if you just sleep on the carpet when the fire is burning at night!"

This group of girls, except for the later Shan Ruqing and Caiwei who did not have a space ring, the others were all carrying a small bag or traveling empty-handed. Obviously they put their luggage and various things in the space. Inside the ring.

After realizing this, Li Yun had an inexplicable impulse to act again and could no longer be immersed in the gentle homeland.

Otherwise, there is no pill, and even the gift bag is much less. It is impossible to obtain such a convenient thing as the space ring, and it is impossible to give it to people around him.

Even so now, what about the future?

Li Yun remembered what he had said to the young girl. He is now standing on the top of the mountain. If he stays the same in the future, the system will not help him. Even the small medicine is very stingy, and he will not be able to gain any more power in the future. The equipment and exercises of his can only rely on the existing things to develop.

In other words, if Li Yun really no longer touches the ancient secret fortune, then the system on his body is almost equivalent to nothing, and it's just like a waste.

"what happened?"

Sage Fanqing saw Li Yun's abnormality again.

Just now a group of girls were noisy, saying that sleeping on the carpet was too inelegant, but Li Yun stood still, in a daze, obviously thinking about something.

"No, nothing."

When Li Yun said what he said, he saw that the expression of the Saint Fan Qing changed slightly. Although she had always looked cold and like an immortal, Li Yun could still feel it, and the lady was angry!

"At night, or tomorrow I have a chance to talk to you."

Li Yun walked over and quietly squeezed Fan Qingsheng's small hand, and the lady of the saint became happy. Although her expression remained unchanged, Li Yun could still feel the change in her mood.

This is a very strange ability, and can only be acquainted with Fan Qingsheng, and even only Li Yun, who is her boyfriend, can clearly understand Qingsheng's intentions.

"Good~."

Sage Fanqing nodded slightly, stopped talking, found a single sofa, sat down in a quite elegant and very lazy posture, took out a book and read it quietly.

Other girls who often go to Gongqingyu's mansion and even live in Gongqingyu's mansion are not surprised by the performance of Saint Fanqing. Although the Saintess is very easy-going, she really rarely participates in the activities between them. Most of the time, she is reading quietly in the corner of the living room.

Beautiful as the fairy in the moon palace.

Chapter 3357: Miss Sheriff, you are green

It's just that for Hu Xiaomeng, Zhao Tianfeng, Shan Ruqing mother and daughter and others who don't go often or have not been to the mansion, the performance of the Saintess made them very curious.

Hu Xiaomeng quietly ran to Fan Qingsheng's solo sofa and leaned on the back to read a book with her.

"Little Meng, something?" Fan Qingsheng asked her.

"Ooooooo~"

Hu Xiaomeng wiped his eyes suddenly, "No, it's okay, Xiaomeng is okay, I just think that Sister Saint's voice is so nice, really, better than anyone else's voice, don't lie to you!"

"...Well, thank you." Fan Qingsheng didn't know how to answer, but just nodded slightly.

"Sister Saint, it's so beautiful!"

"Well, you are also very cute."

"Whee."

Hu Xiaomeng had a cheeky accost. When other people were sitting on the other side and chatting, her relationship with Fan Qingsheng developed rapidly, and she successfully asked the question she wanted to ask: "Sister Saint, do you feel lonely? Everyone is playing, but Sister Saint, you seem to be very...In short, if Sister Saint, if you want to play, Xiao Meng will take you there!"

She has an inexplicable affection for fairies like Fan Qingsheng and wants to be friends with her very much. In fact, this is not what she thinks alone.

"Will not."

Sage Fanqing shook his head, "This is great."

"Huh? That's...is it good?"

Hu Xiaomeng repeated it blankly. After a while, he said admiringly: "Sister Saint is really amazing~!"

She couldn't be such a person to stay quiet, it was too boring.

But Hu Xiaomeng also knows that tolerating loneliness alone is the prerequisite for all great things.

For example, if you want to do something, you need to study it all by yourself without being disturbed. Many people can't sit still, so how can you do anything big?

Including study, work, life, anyone who wants to make a career needs to endure loneliness and loneliness until it hits a blockbuster.

Hu Xiaomeng thinks that Sister Fanqing is a truly powerful person. It is no wonder that even Gong Qingyu and the others respect her~.

"Okay, Xiaomeng."

Zhao Tianfeng came over, nodded to Fan Qingsheng, lifted her under her armpit, and lifted her up, "You still don't disturb Qingsheng."

"It doesn't matter."

Sage Fan Qing replied, Hu Xiaomeng immediately became happy, and said with a smile that he would chat with the sister of the saint later, and then left contentedly.

Zhao Tianfeng and Fan Qingsheng looked at each other, and neither of them spoke. They were both people who didn't talk much. If there weren't a pistachio like Hu Xiaomeng to adjust the atmosphere, I'm afraid they wouldn't say a word.

However, there was no embarrassment between the two of them. After nodding, Zhao Tianfeng left and let the saintly lady continue to sit and rest alone.

Like a snow lotus blooming alone on the top of the Tianshan Mountains, everyone can marvel and appreciate her beauty, but few people are willing to accompany them.

Except for Li Yun.

In the evening, after going to the restaurant where the state banquet chef was before, the girls did not choose to take the car. A few young girls happily ran out to play on the snow, motivating other young but arrogant girls. Play together.

Snow flakes everywhere, and beauty is like snow.

Nearly ten beauties, big and small, traveled together, attracting the attention of many people in Xueshan Village, and took many photos and posted them on the Internet.

Many people commented: Miss Sheriff, you are green!

The reason is simple, among these girls, there is no figure of Liu Xianxian.

Chapter 3358: Daughter country

After playing until nine o'clock in the evening, a group of girls finally returned to Tianxue Palace with unsatisfactory interest. After taking a bath in the bathroom on the second and third floor, they gathered in front of the fireplace on the third floor and waited for the evening activities.

When Li Yun and Su Muxin came out of the bedroom, they saw a group of people wearing various pajamas or silk pajamas just after taking a shower. It was red, filled with the fragrance of the shower gel just after taking a bath, mixed with the fragrance of a room of girls, making Li Yun wonder if he had entered the legendary daughter country at first sight.

"welcome!"

Hu Xiaomeng took the lead in applauding, Xia Feiyao and several women clapped symbolically. Others, such as Jin Liuli and Gong Qingyu, clapped their hands in an unwilling manner.

"Why is it so grand?" Li Yun sat down, not the most central position, the most central position was occupied by Gong Qingyu, and she still took her Aunt Lian to occupy it together, so that Li Yun didn't have it. Method to sit.

"Because you are the only man here!"

Hu Xiaomeng said solemnly: "The great responsibility of creating a Li Yun nation in the future will be handed over to you, Li Yun, you must take the responsibility!"

The words were so confusing that the girls in the room couldn't help laughing.

Of course, excluding the Vatican, the Lord Saint is very reserved, she is hiding in the corner and reading.

"Don't mess around!"

Li Yun glared at Hu Xiaomeng, and Zhao Tianfeng was right. This girl was the type who didn't hit the house for three days.

Hu Xiaomeng chuckled, hugged Shan Xiaoxiao in his arms, and whispered to her: "With me, you little kid don't want to go to my brother Yun, unless you agree to be my little brother in the future! Humph~"

Hu·Conan·Xiaomeng has seen through all the disguise of Shan Xiaoxiao!

"Uh, sister, what are you talking about?" Shan Xiaoxiao blinked, "That's my father, why would you think I..."

"What do you think of you?"

Hu Xiaomeng asked.

Shan Xiaoxiao stood up, struggling to twist her body, but she couldn't get rid of the harassment of this nasty sister Hu Xiaomeng, and she couldn't even ask her for help. In her mother's eyes, she should be with this nasty Hu Xiao Sister Moe gets close to each other a lot.

"Quickly, do you want to be my little brother?" Hu Xiaomeng began to threaten and lure. "Being my little brother has many advantages. I can buy you ice cream in the future~"

"Naive, I am no longer the age to eat ice cream!"

"I'm talking about another kind of ice cream!"

"Ah? Ah! Hu Xiaomeng, you are simply..."

Shan Xiaoxiao screamed, but soon she noticed the triumphant expression on Hu Xiaomeng's face, and she froze. Unknowingly, she exposed the fact that her emotional intelligence was higher than that of her. Moe caught the horse's foot!

"Hmm~!" Hu Xiaomeng triumphantly, "Fight with me, you are still a bit tender, and say, do you want to be my little brother, no, little sister!"

"I don't want it, you hateful Hu Xiaomeng under the fence of plucking flowers!"

Shan Xiaoxiao blurted out, and as a result, she saw Hu Xiaomeng's expression full of shock.

"How do you know about Dongli...?!"

"Well, awful!"

Shan Xiaoxiao was struggling to run away. Hu Xiaomeng grabbed her, and the two little girls fell on the thick carpet and rolled around like a joke.

Chapter 3359: Inequality

"The friendship between Xiao Meng and Xiao Xiao develops really fast."

As the current Shan Ruqing, I am very pleased.

For various reasons, her daughter had very few friends before, and never had a classmate come to the house.

But after having "Dad" Li Yun, Xiaoxiao was obviously happier.

only.....

Shan Xiaoxiao is not very happy at the moment.

Hu Xiaomeng, the dear and lovely Sister Hu Xiaomeng in her mother's eyes, was twisting her cheek and rubbing her face, and at the same time she whispered: "Okay, you Shan Xiaoxiao, really amazing, you dare to peek at your mother's phone! "

Shan Xiaoxiao screamed, this Hu Xiaomeng is also a very high IQ, but also a very difficult guy, at a glance she can see through her secretly looking at her phone while her mother was asleep at night.

It is precisely because she peeked at her mother's phone at night that Shan Xiaoxiao knew all the chats in the fairy group.

Including Hu Xiaomeng's glorious deeds about picking flowers under the east fence and seeing Nanshan leisurely!

And it happened the night before, so Hu Xiaomeng was so "furious."

Therefore, under Hu Xiaomeng's threats and lure, Shan Xiaoxiao was forced to sign an unequal treaty with this very nasty, very nasty, very bad and very bad sister Hu Xiaomeng in a small corner of the living room.

Including not to oppose the sister's leadership, all obey the sister's orders, the sister will give you candy and other terms that lose the dignity of the big girl.

In exchange, it was just a "Sister will help you chase the person you like", that's it! !

This is a rather unequal treaty, but somehow, Shan Xiaoxiao was a little happy, and she didn't know why. Could it be that she liked this hateful sister Hu Xiaomeng very much?

No, how is it possible!

This Hu Xiaomeng is simply too bad, and he always talks about **** topics, which makes Shan Xiaoxiao feel ashamed. Sister Hu Xiaomeng is too shameless, just like the little pepper sister in the fairy group.

"Very good~."

Hu Xiaomeng happily let go of her hand and kissed her cheek with a grin, "In the future, Xiaoxiao will be my person. If you are bullied, you will report your sister Hu Xiaomeng's name, your sister Xiaomeng. Make sure to fly over and kick your bully as soon as you can!"

"Just you bullying me." Shan Xiaoxiao whispered.

"What are you talking about? Loud, I didn't hear you clearly."

"No, no, I...little mean, sister Xiaomeng, you are so cute~!"

"Hehehe, I hate it, the little one is more cute, come on, elder sister kiss again~"

Fan Qingsheng, who watched the whole process and listened to the conversation between the two little girls, said... She didn't say anything, just glanced at the two of them.

Then Hu Xiaomeng took Shan Xiaoxiao and ran to her, chattering.

Sage Fanqing didn't get bored, so he took out a book to explain to them about cultivation.

Immediately afterwards, Xia Feiyao also leaned over, and snatched Xiao Xiao from Hu Xiaomeng's liu, and hugged it in his own liu.

This moved Shan Xiaoxiao to tears with happiness. Not only did she escape the softness of Xiaomeng sister, but the back of her head also changed from the plain to soft cotton. This is a superb thing~!

"Shall we play a game?"

In front of the fireplace, Su Muxin suggested.

"what game?"

"One person tells a ghost story. Whoever is afraid first loses! Those who lose have to go to the toilet alone, and are not allowed to turn on the lights."

"Woo, Sister Chili, don't say anything, it feels scary."

"Hahaha, this effect is what you want, hurry up, turn off the lights and start speaking!"

Chapter 3360: I'll help

Just when these girls put on blankets and surrounded the burning fireplace, chatting, playing cards, or happily roasting sweet potatoes, making the atmosphere of the fairy tale castle resemble a rural fire pit, Li Yun came to Fanqing Saint's side.

"Qing Sheng."

"Um?"

Standing in front of her, looking down at her, Li Yun couldn't help but smile, stretched out his hand to the armpit of the saint woman, picked her up from the solo sofa, hugged her in her own shame, and then Li Yun sat down again. Let the cold and beautiful Saintess sit in his arms.

The Saintess didn't make any resistance during the whole process, letting Li Yun do it, until she found a comfortable unknown lying in Li Yunqi, her book was still held in her hand.

"Uh!!"

"what!"

"what?"

Such an intimate action naturally attracted the attention of many people and surprised Zhao Tianfeng, Hu Xiaomeng and others who saw this scene for the first time.

Zhao Tianfeng, she is not jealous—although she is also a little jealous, but she is more surprised. The saintly lady seems more vulnerable than she looks, or is she eager for Li Yun's intimacy? Or is the **** Li Yun too shameless and insists on asking Master Saint to do such a shameful thing?

But Zhao Tianfeng sat by the fire and looked at Li Yunqi's Sage Fanqing carefully. From her natural expression, Zhao Tianfeng felt that the sage had already been done similar things by Li Yun many times at least. That's why. Will be so calm.

Of course, she had never seen Sage Fan Qing appear uneasy.

"The bad guy!"

Qingzhu's little maid bulged her mouth, and was dissatisfied with the big villain Li Yun holding the saint woman so, but in the end she didn't speak.

The last time she was in the Hidden Sacred Valley, she knew that even Master Linglong was held and kissed by the big bad guy for four hours, and then he was kissed for another night. Now this holding and sitting posture is nothing more than pediatrics.

In the future, Master Saint and Master Linglong might even lie together...Woo, that guy really is a big badass!

"You guys play."

Li Yun rushed to Su Muxin and smiled, "I have something to talk about with Master Saint."

"What's the matter?" Gong Qingyu asked, staring at him: "Do you need my help?"

"And me!" Hu Xiaomeng quickly raised his hand, "I can help too!"

She, Gong Qingyu and Xiao Mingzhu are basically the think tanks of the Fairy Society.

Of course, in the future, you may have to add Shan Xiaoxiao, a stinky kid, ah no, it's her new girl~! She is also very smart.

"For the time being, you don't need to, you guys talk first, if you need to tell you, then tell you."

Li Yun rejected Gong Qingyu's idea of coming over. The latter nodded, but did not insist on coming back to listen.

She knew that if Li Yun needed her to come up with suggestions, she would definitely say that Lord Saintess is not the kind of person who can hide privately.

"Alright, alright, the ghost story officially begins! Turn off the lights!"

Su Muxin gave an order, and the younger brother of her newly-acquired younger brother, namely Shan Xiaoxiao, could only stand up and walked with two short legs to shut down the third floor of Tianxue Palace.

In an instant, the only thing left in the Tianxue Palace was the light emitting from the front of the fireplace. With the icy and snowy night outside, it was simply the best place to tell ghost stories!

"I'm not afraid, Xiaoxiao is not afraid, Xiaoxiao is already a nine-year-old kid, so he won't be afraid of ghost stories!"

After turning off the lights, Shan Xiaoxiao muttered something.
