

Godly Choice 3501

Chapter 3501: The garden of eden is mine

Saying goodbye to Smith and others, Li Yun left the Antarctic continent with the three girls.

He asked Xiao Su and learned that the opening of the chaos space was very unstable. She really couldn't find how to get in, so she could only leave here by boat.

Li Yun confirmed one more thing. The son Xiaosu really has no power. He can't even fly long distances. He can only lie on his back and put on a coat to protect against the cold, watching Li Yun and Fan Linglong together. Flying in the sky.

"Why is it so cold here?"

Flying on the fly, Shengzi Xiaosu suddenly asked, "I remember when I was asleep, there was still a forest here, why is it all ice cubes now? Who did it? Isn't that fool of the goddess of ice and snow?"

Who is the goddess of ice and snow? Or stupid?

Li Yun's lips twitched, and the son Xiaosu, like Qingnv, would say a few surprising words from time to time, but he refused to explain it. Every time it aroused people's desire for ancient things, and refused to do so. Say it again.

Quite disgusting!

"This is Antarctica!"

Li Yun helplessly explained: "The South Pole is a pole of the earth. It is affected by... the relationship with the sun, so it becomes cold, understand?"

Explaining to a ***** reincarnated what science is, Li Yun thought it was magical enough.

But what is more magical is that this saint son Lori really understands it!

"I knew it tens of billions of years ago!"

Su Zhenzhen, who was lying behind Li Yun, said, "There was no Antarctica at all at that time, because I robbed all the spare continents!"

"Snatched? What do you mean?" Li Yun was taken aback, and even the Sage Fan Qing looked over.

"It's that I let my slave god, super vigorously that, Titan, you know? I ordered him to push a large island back from the sea and give me a garden!"

"..."

Li Yun took a deep breath, "The Garden of Eden?"

"Huh? How do you know?"

"Hehe, kids, don't brag!"

Li Yunxin blamed her.

The Garden of Eden is the garden of God. According to Western legends, the ancestors of mankind Adam and Eve lived in it. The famous Golden Apple also came from here.

But this **** was not this god, and Li Yun didn't believe that Xiaosu was a **** after he killed Li Yun.

"Believe it or not, hum."

Xiao Su reached out to him and said frankly: "I'm greedy, give me a piece of candy. You mortals can make such delicious candy now. Before, I could only eat golden apples, and I was so tired of eating. "

Listen and listen, the son Lori wants to eat candy!

And she used to eat golden apples!

"Ahem... less nonsense will help you grow up faster."

While chatting with them, Li Yun flew fast all the way, and finally landed on the coast. There is a dock where you can take a boat. Many tourists who come to Antarctica come here.

".....what?"

After seeing the "bustling and bustling" scene of the pier, Xiao Su who was biting a lollipop was stunned on the spot, looking at several big ships in the sea with golden eyes, and asked: "What is this?"

"Ship."

"Isn't this metal? Why do you... It seems that there is no magical power to maintain?"

"Indeed no, this is a ship made of science!"

Li Yun didn't know how to explain buoyancy to Shengzi. Maybe she also knew buoyancy, but she couldn't believe that mortals could use metal to build such a big boat.

"You mortals..."

The lollipop that Xiao Su was biting almost fell to the ground. After holding back for a long time, he said, "It has become so powerful?!"

Chapter 3502: The civilization of boiling water

Li Yun smiled and said: "You haven't seen the more powerful one yet, okay, don't talk too much, or others will think that the son Xiaosu is too old-fashioned."

The blonde loli finally closed her mouth.

She slept for so long and was most afraid of this.

Now it seems that the development of mortals is much faster than she thought, and she doesn't know how many people there are in the church she founded at the time, those twelve, no, eleven disciples, whether they continue to preach for her!

"That guy Judas, if I see you again...huh!"

Thinking of being betrayed by a man named Judas last time when he woke up two thousand years ago, Xiao Su was so angry that he was to blame for a little money, otherwise she would definitely gain more faith!

Fortunately, she can also be sure that her church is still there. Because the power of faith is passed on to her, she can maintain the operation of Peach Blossom Village. When she is idle and bored, playing a game is like playing a game. .

Only after leaving the sleeping place, the power of faith can only be passed on to her in an indirect way, so Xiao Su's power has become very weak, and she can only rely on Li Yun, a divine envoy, to protect her.

Fortunately, he can be trusted.

"Leave Xiao Su, get on the boat!"

Li Yun bought the ticket, and it took several days for a boat to sail from this place, but with the power of money, the captain was willing to sail ten times a day.

"Um!"

Saint Lolita answered him dully, and Li Yun said amusedly: "Now that we are on the boat, you can ask us any questions you have, for example, do you want to know what power the boat uses to run?"

It is weird and exciting to give a ***** reincarnated popular science knowledge, and it is also very fun.

Just like to cultivate immortals like Fan Linglong... Oh no, she has taught herself.

"ignorance."

The blond Loli Son gave Li Yun a roll of eyes, and walked on the ship with her head upright, and said, "With this mere knowledge, I want to stump Ben Son? Isn't it just using boiling water to make the wheels move? Get up? What's so great!"

"Ha ha!"

Fan Linglong laughed first, "Xiao Su, ships are not boiling water, modern ships burn oil!"

Saint Lori glanced at her, her expression was like looking at a fool, no, she was looking at an ignorant mortal, and of course she, Jesus, is the only true God who knows everything!

"Little guy, I'll correct your mistakes!" Fan Linglong was angry and defended.

"...Linglong." Li Yun said helplessly.

"what?"

"Strictly speaking, it's really boiling water!"

"Uh?"

Now it was Fan Linglong's turn to not understand.

Li Yun didn't explain, and took them on the boat. After the captain set off at full speed, several people sat in the luxurious living room before Li Yun explained the reason.

"In fact, the civilization of mankind is the civilization of boiling water."

"How is it possible?" Fan Linglong was full of disbelief. Her apprentice Fan Qingsheng had a thoughtful expression on her face.

As for Xiao Su, the blonde loli became proud again, proud to see through the mystery of the iron ship at a glance.

Li Yun didn't belittle human beings to exalt the gods, to please Xiao Su and increase his affinity.

In fact, from ancient times, ancient humans learned to drill wood for fire, and then to modern top technology, nuclear power plants.

The way humans use energy is to boil water.

In ancient times, wood was used for burning, but in modern times, it is burned by fission. In nuclear power plants, the heat released by fission is also used to boil water, and the steam evaporated to drive the rolling of the machine, thereby cutting the magnetic field to generate electricity.

Chapter 3503: The power of god

The industrial revolution in the middle, the steam engine, the internal combustion engine, etc., are all like this!

Including the top-notch outer space rockets, they all operate by "boiling water".

As a result, some pessimistic people say that if human beings do not get rid of the boiling water, the earth will always be the only home:

Human beings cannot explore any habitable planet and can only die on the earth.

"Uh."

Li Yun suddenly thought of a question and looked at Xiao Su: "In ancient times, was the starry sky the same as it is now?"

"Otherwise?" Xiao Su started eating candy again, knowing that Li Yun would not give her so many lollipops.

"So the wars, love, friendship between gods, including fairies and monsters, all happen on the earth?"

"Humph."

Shengzi Xiaosu answered with a grunt, yes!

"That means." Li Yun asked again: "The so-called gods are omnipotent, are they fake?"

If all things between gods happen near the earth, the power of that **** is also limited, and even the Milky Way has not gone out, let alone outside the Milky Way, there are billions of the same galaxies.

The universe is too big and too big. If gods are really omnipotent, then in theory, gods control countless planets in the universe. Even if they have clones on the earth, it is impossible for all gods' clones to be placed. On the earth, it is even more impossible to beat you to death on the earth.

Therefore, the so-called gods, immortals, monsters, etc., all have a power of no more than one galaxy, at most the solar system, and they also exist in the galaxy.

For God, the Milky Way should be too big, right?

"..."

Saint son Xiaosu answered Li Yun's words with his eyes, still biting a lollipop in his mouth. He didn't know whether he despised Li Yun's ignorance, or he assumed that he was right. God's power is indeed not omnipotent.

It's right to think about it, if God is really omnipotent, Xiao Su won't be unable to resist the cold.

"God envoy Li Yun, give me you this."

Xiao Su was not interested in the TV in the living room, and stretched out a tender palm towards Li Yun.

Li Yun was speechless again.

God entrusts Li Yun if something is wrong, Li Yun who is ignorant if nothing is wrong?

enough! One day, when the affinity becomes a little bit higher, Li Yun will personally hit her ass!

"Do you know what this is?"

Qing Sheng took out another book and looked at it quietly. Li Yun picked up the phone and illuminated it at Shengzi Loli.

"ignorance."

Xiao Su rolled his eyes, "Don't you just use this thing called a mobile phone to get information? Don't think of Ben Shengzi as a fool. I used to...well, let's not talk about it."

One day after she came out, her secondary 2 personality faded a bit, but her arrogant attitude remained the same.

Li Yun had no choice but to dig out a spare tablet from the space ring and let the little loli son go online.

Li Yun also deliberately didn't teach her how to surf the Internet, so he sat next to her and watched Lori Shengzi playing on the tablet with Fan Linglong.

As a result, in less than a minute after getting the tablet, Xiao Su completely mastered the methods of watching videos online, plus browsing the web, and had fun by himself.

Li Yun was really taken aback.

There is no need to ask Xiao Su, he also knows that this is definitely not something talent can explain!

No matter how smart a person is, it is impossible to learn in one minute without touching electronic equipment. The only explanation is that Xiao Su's particularity as a holy son has given her some unspeakable revelation.

Chapter 3504: Billions

Li Yun did not ask. As a ***** recognized by the system-at least a ***** in human concepts, the life experience and origin of the son Xiaosu seemed to be more mysterious than that of the young girl. Li Yun would not be surprised if she did anything.

But at the same time, as Xiao Mingzhu and Gong Qingyu said after learning about this, the world has become more and more unfamiliar.

A young girl, it can be said that it was accidental, but if another son Xiaosu came out, she could no longer hit the ostrich and said that the ***** was dead.

Li Yun had always thought that the gods were all dead a long time ago, and even vowed to talk about it with the girls around him.

As a result, reality gave him several slaps and snaps.

Not only did the ***** not die, but also left a series of relics on the earth like the Chaos World, Penglai Island, Biyou Palace, Qingnv Ruins, Peach Blossom Village in Antarctica, etc., and there are also a small world that is extremely hidden and hardly discovered. , In which there is the reincarnation of gods!

This reminded Li Yun of Nie Xiaoqian. After she was sealed by Fan Linglong, even Fan Linglong didn't know that the ghost of Nie Xiaoqian had actually entered the ghost gate, signed a soul agreement with someone who controlled the book of life and death, and returned to the world again!

"Based on the current situation, the ghost gate is almost inevitable, right? Xiao Su."

Li Yun muttered to himself, and finally turned his attention to the son Xiaosu who was playing with the tablet.

The blonde loli didn't even raise her eyes, and threw two words at Li Yun: "Ignorance!"

"..."

"what!"

When Li Yun was speechless, the blonde loli exclaimed: "I actually have billions...hahahaha!"

"What's in the billions? Billions of dollars?"

Li Yun looked at the laughing saint Lori, and poked her head to take a look, and found that she was looking at GOD's encyclopedia, she looked like she was dancing and dancing, she was crazy.

Li Yun decided not to bother with her. Just as Qingnv said, these creatures that have survived from ancient times are very taboo to expose their identities, not only because they are still weak, they are also afraid of encountering their original enemies.

God also has enemies.

Li Yun felt more and more that these so-called gods were more powerful creatures, and they could also be called gods when they faced people with ants.

"Qingsheng, what book are you reading?"

Let Xiao Su play by himself, Li Yun came to Master Saintess, sat down next to her, and enjoyed the rare comfort in the past few days.

The ship was swaying in the sea. Along the way, Li Yun saw many schools of fish that had been mutated due to the Aura Age. All of them were several times larger than before. Fortunately, he did not encounter any bloodthirsty species. After sailing for nearly a day and night, he returned to Zhonghai City smoothly.

"Li Yun!"

On the dock, a group of young and beautiful girls became the focus of much attention. After seeing Li Yun disembark, the group of beauties who had been concerned by passengers and tourists for a long time, all their eyes lit up and greeted them.

"Xiaoxue, sister, Qingyu, Lianyi... why are you all here?!"

Li Yun was surprised. Except for a certain star who was still working, all the girls around him came to the dock to greet him. No wonder he saw the head shaking on the dock from a distance, and he dared to see the beauty!

"We are not here to greet you."

Xiao Mingzhu, who wears a down jacket to resist the cold weather in winter, is a bit less youthful and bright than when she wore a short skirt in summer, but her beautiful face still made up for the shortcomings of not being able to show her figure, and her long legs stood there. It attracted countless eyes.

Chapter 3505: meet

However, Xiao Mingzhu's gaze was attracted by a little girl behind Li Yun.

"This is... Saint Xiaosu?"

So far, Xiao Mingzhu still thinks the name Xiaosu is weird, but when she thinks about the young lady of Huangting Mountain, she takes it for granted. The names of these ancient gods are different from the modern ones.

But judging from the situation briefly described by Li Yun in the chat before, the power of the son Xiaosu is definitely strong enough.

"so it is....."

Li Yun now understood why they had spent so much time to greet him.

To be precise, it is not to greet him, but to greet the son Xiaosu!

Maybe they didn't understand it before, and wouldn't make it so grand, but since the young girl moved into Huangting Mountain, they gradually realized the power of the young girl, and they also attached great importance to the same Saint Xiaosu who had awakened from ancient times. .

"Well."

The blonde loli, who was playing with her mobile phone, finally raised her head, her faint golden pupils swept across the women, nodded and said: "Mortals, you can believe in me! I will protect you from disaster."

A group of beauties were dumbfounded.

"Is it really a god?" Jin Liuli murmured, who had rushed back from Penglai Island, and couldn't believe it.

"Little sister, what are your skills?"

"Is it amazing?"

"It seems very powerful."

Several girls expressed their opinions one after another. They originally came with a sense of awe, but they were dumbfounded when they saw that the son Xiaosu was just a blond little loli who was in his early ten years and was less than 1.4 meters tall. .

"You... ignorant!"

The son Xiaosu was angry.

"I, I, I believe in you!"

Hu Xiaomeng from Beijing jumped in front of Xiaosu, approached her kindly, and said loudly: "I believe in you, saint son, please bless me!"

Shengzi Lori had a strange expression, and asked: "What do you want?"

"I want to... well, I want to grow up quickly!"

"God, fulfill your wish."

Shengzi stretched out a finger and pointed it on Hu Xiaomeng's forehead, who was bent down.

"do not."

Before Li Yun could stop, everyone saw Hu Xiaomeng's petite loli growing up quickly, from the original 1.5-meter-high, quickly developing into a 1.7-meter long legs, and her tall figure is eye-catching. .

Hu Xiaomeng was even more stunned. He couldn't help but stretched out his hand to cover his chest, touched his face again, panicked and fumbled out the mirror from the space ring, and took a look in the mirror.

A familiar and unfamiliar, but absolutely beautiful face full of youthful beauty came into Hu Xiaomeng's sight.

"this is me?"

Hu Xiaomeng was completely stupid.

She originally just wanted to see what this "new" little sister was doing with a playful attitude, but it turned out to be like this.

The girls around were equally stunned.

They have become accustomed to Hu Xiaomeng's petite, cute, and playful big Lolita appearance, but she has suddenly become bigger now, which makes them feel a little unacceptable, and even feel that Hu Xiaomeng is a bit strange, and even has been with her. Zhao Tianfeng, who was with him, felt the same way.

"Don't mess around."

Li Yun patted the little head of the son Xiaosu, and then reached out and touched Hu Xiaomeng's shoulder. As a result, Li Yun's hand passed through and landed on the...shrunken face of Hu Xiaomeng. .

"Uh, illusion?"

Gong Qingyu was the first to react. Hu Xiaomeng, who grew up, was a fake. It was just an illusion.

Chapter 3506: Arrogant son

Although it was just an illusion, the attitude of the women towards the son Xiaosu suddenly became different, vaguely a little more in awe.

Li Yun knew that it would be difficult for them to truly become friends with Xiaosu, and the arrogance of the blonde loli did not allow her to lose the majesty of the son.

However, even if you can't become close friends, ordinary friends shouldn't be a problem.

"Okay, ladies."

Li Yun put his hand on Xiao Su's head, and said with a smile: "Xiao Su is a holy son, which means the reincarnation of a god, but you can completely treat her as a little girl, and Xiao Su you, Remember not to put on airs."

Xiao Su Bai glanced at him and said nothing.

The atmosphere was a bit embarrassing, and Li Yun was not surprised. Apart from having a better attitude towards him, this saint son Loli had a superior expression when facing other people.

Especially owe beating.

But she can't be forced to bow her head, Xiao Su is also a holy son.

"Let's go back first."

Li Yun said.

A large group of their distinctive beauties standing on the pier blowing in the cold wind has attracted the attention of many people. Fortunately, these people have seen the magical operation of the son Xiaosu and realized that Li Yun and others may all be supernatural powers. So I deleted the secretly taken photos, so I didn't dare to offend him.

The group of people got on the car one after another. Li Yun was not with Xiao Su, but walked in front of a classical beauty and hugged her hard.

"Lingxian, why are you here?"

Yes, Shangguan Lingxian came to Zhonghai City and came to the dock to greet him, which made Li Yun particularly moved.

"Can't I come?"

Shangguan Lingxian's cheeks were a little hot, and he pushed Li Yun away shyly, "I have time recently, so I came to Zhonghai City to see you, and I will go back after two days. I'll go home for the New Year this year. "

It means that I will not spend the New Year in Zhonghai City with Li Yun.

"Okay!" Li Yun gave her a harder hug before letting go: "I will play with you in Zhonghai City these days."

"Um."

Shangguan Lingxian nodded softly. In fact, she also knew that Li Yun was alone with her for a long time at most, because there were too many girls around him, and it was very rare to be able to spare a long time.

However, she had long heard that chatting would be very lively in the evening. She had been watching live broadcasts in the fairies before, and now she can finally participate.

The group drove nearly ten luxury cars and returned to the mansion from the dock. When they got off the bus, Gong Qingyu stepped out of the car and made a welcome gesture to the son Xiaosu: "Hello, Miss Shengzi , Welcome to my house as a guest."

She looked at the blonde loli with both eyes, as if waiting for her to express her attitude.

Xiao Mingzhu knew what Gong Qingyu meant. The eldest lady of the Gong family looked very homely and didn't want to participate in anything, but her IQ and EQ were very high. She just didn't want to communicate more with others.

Now Li Yun brought back a strange reincarnation of a **** who had to enter the big family of Mansion No. 3. Gong Qingyu, the hostess, naturally wanted this son to express her attitude before allowing her to enter!

Otherwise, invite a guy who is arrogant and disrespectful into the house, and disputes will arise within a few days, and it will be difficult to clean up.

"A mortal." Saint Son Lori looked at her indifferently with golden eyes, and said seriously: "Don't test the power of God, otherwise you will regret it."

Chapter 3507: God's grace is mighty

Gong Qingyu and the girls' expressions became a little bad.

This so-called Saint Son means not giving up at all, right?

"Besides, God's grace is mighty."

The son Xiaosu stretched out his finger, pointed at the mansion, and said with compassion, "I live here and can bring you unimaginable blessings. You only need to arrange my food, clothing, shelter,

and transportation. When I return to heaven in the future, you can Let you follow me, and call you...Ouch."

Li Yun's brain collapsed and knocked over, and the dignified and slow saint son Lori suddenly hugged her head and called out, she was indescribably cute and cute.

Of course, her character is definitely the one that the most annoying women have ever seen!

"As the reincarnation of a god, don't you have any shame?" Li Yun said angrily, "This is my home, understand?"

"Isn't this just right!"

Xiao Su is righteous and confident, "You are my divine envoy, your home is my home, and my home is my country. Everything in the kingdom of God will obey my orders. I will protect you and give you grace. You...you guys, eh?"

While she was talking, Gong Qingyu walked in calmly.

She could see it, this saint child is simply extremely arrogant and rude, and his character is very annoying.

But it was strange and not annoying, at least her arrogance was just because her status was too noble, which made her disdain to talk to mortals too much, not bad in nature.

If you can tolerate this arrogant loli character and ignore her existence, it would not be impossible for her to live in.

"Wait, wait, wait for me!"

Xiao Su ran in with her short legs, her small face was full of angry expressions, very angry.

Hu Xiaomeng, who had been frightened before, finally got courageous again, leaned forward again, and said to her: "Master Xiaosu, can I be your believer, okay with Hu Xiaomeng? You bless me in the future~"

"Really?" Xiao Su's eyes lit up. She is now worrying that Li Yun, the envoy, does not respect her at all. The women around him are all arrogant and ignorant. As a holy son, she is isolated and helpless when.

If there is a fanatic to help her, she won't have to worry about these messy things.

"Hmm~"

Hu Xiaomeng is more swearing than a finger, but he just said: "If you can guide my practice and protect our safety in the future, my son, Hu Xiaomeng, I definitely believe in you. Really, I have never Believe in other gods, but since Shengzi you are the person Brother Yun believes, then I must believe you too!"

Hearing what she said, Gong Qingyu looked at Li Yun and then at Xiao Su. Since he was someone he believed, there should be no problem.

"I will definitely give you shelter!"

Xiao Su answered the words of "believers" Hu Xiaomeng with a loud voice. The two little girls hooked up and whispered together, it seemed that some conditions had been achieved.

"You said, do you want to eat a lollipop?!" Hu Xiaomeng suddenly spoke very loudly, causing everyone to look at her.

Blond Lolita's face turned red all of a sudden, "I, I just want to study how you make modern mortal candies, it's not greedy."

Gong Qingyu's eyes widened.

How could she not see before, this blonde with loli, a proper standard of tsundere attributes!

Seeing Gong Qingyu's eagerness, Xia Feiyao, who was familiar with her, understood. Sister Qingyu wanted to catch Xiao Su, put her in a beautiful little skirt, take pictures and watch them afterwards.

Chapter 3508: Exactly the same

A group of people went up to the third floor and sat down. The spacious living room almost couldn't fit so many beauties. As the only man, Li Yun enjoyed the feeling of being surrounded by beauty.

This feeling is really like the emperor, cough cough.

"Right, Linglong."

Li Yun introduced Fan Linglong to the women, but he did not specifically point out the relationship with Linglong, only that she was the master of Qingsheng.

But almost every girl saw the unusual relationship between Li Yun and Fan Linglong, but Li Yun took care of the thin-faced Fan Linglong's face and didn't say it.

Fan Linglong didn't know how she greeted this group of younger generations. She knew that she was definitely embarrassed now, and she was at a loss as if she were a little girl.

Fortunately, everything went well. The little girls were very respectful to her, and understood that she was not too relaxed now. They did not treat her as a sister at once, but faced her in the same way as her seniors.

Fan Linglong breathed a sigh of relief, but also felt uneasy. So after dinner, he hurriedly pulled Qingsheng away. The excuse was to visit Qingsheng's house. She would definitely not live in Mansion No. 3 in the future. Too many people.

It's okay to come for dinner, but there will definitely be a lot of inconvenience if you want to live here.

"Do you have another house? I will go too!"

Saint Xiaosu also left, and she didn't like crowds.

As a "believer" Hu Xiaomeng also walked with him, saying that he would play with Shengzi tonight.

Yes, just play together!

Zhao Tianfeng glanced at Li Yun, and followed Hu Xiaomeng to stay in the mansion of Sage Fanqing. She will not follow Li Yun to fool around tonight.

Xiao Mingzhu did not stay here for the night, one by one they left.

Li Yun finally made time, took Shangguan Lingxian to a small living room, hid under the dim table lamp, and while Lingxian struggled a little, he hugged her in his arms.

"Spirit!"

After a hot kiss, Li Yun finally let go of her, letting Shangguan Lingxian's breath calm down a bit.

The two hugged quietly, looking at the night outside the window.

"Li Yun, do you have anything you want to tell me?"

Shangguan Lingxian knew Li Yun's thoughts and asked with his arms around him.

"What I want to say, I have already said it, just now."

"Just now?"

"Do you want to kiss again?"

"Ah!"

Shangguan Lingxian finally reacted, blocking Li Yun's move of coming up with his palm, bit his lip shyly, and said: "Okay, okay, I know what you want to say, you bad guy, I think you want to take the opportunity... ..How about this?"

She can't say that she can take advantage of me.

"Lingxian, you misunderstood me!"

"Huh, it's strange to believe you, Liuli is right."

Shangguan Lingxian hugged him tightly, letting his longing mood be supported.

She knew that Li Yun just wanted to apologize to her, including the fact that she hadn't seen each other for a while, and that there was a group of girls around when she made an appointment to meet.

"cloud."

"Um?"

"Actually... I really didn't blame you."

Shangguan Lingxian said quietly: "I knew a few girls around you a long time ago, but in the end I still fell in love with you. The facts have also proved that my choice was correct... I don't know where to start. , In short, I am just grateful to you, and I like how I am now, I like Qingyu, Xiaoxue and others, and live with them."

Li Yun smiled bitterly: "Did you make an agreement among the fairies? The rhetoric is exactly the same!"

Chapter 3509: Separate comfort

Shangguan Lingxian covered his mouth and smiled, but the pure white and holy Lingxian fairy smiled with crooked eyebrows, which was especially beautiful.

Li Yun leaned forward again and got in touch with her before letting go.

"Um~, well, don't come again."

Shangguan Lingxian weakly pushed Li Yun away and said, "Mu Xin and the others are right, you... They look very chic, but in fact they have a hard time. They always care about our feelings, and use the words of Sister Mingzhu. Say, that is: That guy didn't open the harem, but the male mother who took care of people."

"..."

Li Yun really couldn't believe that this was what Xiao Mingzhu said. What exactly is the fairy group talking about?

"Lingxian..."

"Don't say it."

Shangguan Lingxian acted like a baby once, and said seriously: "I am the same as other people. If you like Li Yun, you can have a good time. Don't care about us too much. Just like this time, although I and I miss you very much, Li Yun You don't have to blame yourself. I miss you and I will come to see you, so there is no need to worry too much for us, okay?"

Li Yun hugged her tightly.

"Yun, I am happy."

Shangguan Lingxian murmured: "I don't lack anything now, all I want to do is to research out some spiritual pills, anyway, I have nothing to do when I'm idle."

Li Yun talked a lot with her. Until the evening, Shangguan Lingxian yawned, and Li Yun took her back to the bed on the second floor.

As a person who doesn't come to the mansion frequently, Shangguan Lingxian's room can only be allocated on the second floor.

"Good night, spirit fairy."

"Well, good night... kiss~"

Shangguan Lingxian looked forward shyly. She felt that she was learning badly quickly. She hadn't been like this before, but it was only the first time she was so intimacy with Li Yun, and she liked this feeling.

If less than half a month later, I will miss him very much, what should I do?

I'm afraid, she has to move all the pill furnaces and pharmacies in Tiandanmen to Zhonghai City, so that she can see Li Yun at any time.

"Dear."

After Li Yun's lips fell, Shangguan Lingxian waited for a few seconds before hiding in the quilt shyly.

In this half of the night, she had been kissed so many times, she was exactly like a little girl who was in love.

"Good night, Lingxian, I will go out with you tomorrow."

"OK, good night."

Sometimes it's so weird between couples, it's not too tired to say good night seven or eight times.

Li Yun laughed, and after turning off the light, he walked out of the room and closed the door.

Shangguan Lingxian poked his head out for a while, and made up his mind to move the medicine field to Zhonghai City next year.

She already missed just now.

...

Li Yun walked out of the room and went up to the third floor. When he saw Gong Qingyu's study room was still lit, he was taken aback for a moment, and then walked in.

In the study, Gong Qingyu was watching anime. When he saw Li Yun coming in, he just glanced at it, and continued to nest in the sofa, shrunk into a ball under a blanket.

"Are you still asleep?"

"Are you worried about me?"

Gong Qingyu didn't answer, but asked him instead.

Li Yun naturally lifted the blanket on her body, got in too, hugged Gong Qingyu in his arms, and then covered the blanket again.

The two are like hamsters hugging each other to keep warm, indescribably warm and satisfying.

Gong Qingyu did not refuse, and honestly accepted Li Yun's hug. His body quickly softened, his head leaned on his chest, and he watched the late-night animation comfortably.

"Your face tells me that you are very unhappy!"

Li Yun spoke very solemnly, as if I would not sleep tonight if you didn't tell me.

Chapter 3510: Dialogue with Qingyu (Part 1)

"Who told you that?"

Gong Qingyu retorted without raising his eyelids.

"You, your face!"

"Nonsense."

"Do you want me to comfort you?"

"do not want!"

"No, you have the words 'I want to comfort' written on your face."

Li Yun felt more and more that Gong Qingyu was the most sensitive one among the girls around him. This classically beautiful girl with a high IQ and very nerdy actually had a very sensitive heart. It can be seen that she likes to hide in the study and read comics, or draw by herself.

Even Princess Yongning, who has been looking at her very fragile, and Xia Feiyao, who is a little shy and introverted, are not more sensitive than her.

Princess Yongning actually belongs to the optimistic school, although she has been sleeping, Xia Feiyao is introverted and has a kind of mobility. She likes to run with Jin Liuli and do things.

"You only write on your face, no, you write on your thighs!" There was a smile in Gong Qingyu's eyes.

"Okay, Qingyu, you have another color tone!"

"Who drives..., don't bully me!"

As the two were laughing and playing, the clothes flew out of the blanket. Soon, Gong Qingyu became a helpless and poor white lamb, curled up in the blanket, hiding in Li Yun's arms.

And she looked lazy, her calmness just disappeared and she became a soft girl.

Li Yun likes to tease Gong Qingyu, who is different from usual. Of course, other girls are the same. Watching them show shy or happy expressions makes him feel more fulfilled.

"Can you talk now?" Li Yun asked amusedly.

Now the two are very close. On a winter night, they are shrunk into a large study room on the third floor of a luxurious mansion. There are layers of bookshelves outside to block it. This place has become a very secretive little world. Li Yun holds Qingyu in her arms. Enjoy the comfort of incomparable happiness.

"What I want to say, you have already explained with the number of words." Gong Qingyu said quietly, with Li Yun's chest on his back and a blanket on his body, which was especially warm.

"what?"

"It's the word count comparison."

Gong Qingyu smirked, "Fools can see it, how many memories do you remember when you were in the living room just now? Which girl did you talk to and comforted them? I have a lot of time, but I can't comfort them. They miss your thoughts, do you think this is okay?"

"This....."

"I don't object to everyone getting together, just because tonight that Saint Son, and Fan Linglong... she is okay, she should also be your wife? But she hasn't let go, making us all a little embarrassed."

Gong Qingyu finished explaining, waiting for Li Yun to think for herself, she knew that her man would understand.

"You mean..."

"Correct!"

Gong Qingyu took the initiative to say: "I mean, if you still have this kind of big party in the future, you must not join outsiders, otherwise everyone will be embarrassed. Didn't you see Mingzhu and leave soon? Feiyao and Liuli I didn't mean to stay. Your sister went back to find her mother and sister. They don't love you anymore, but there are too many people. Maybe they don't want you to distribute energy to every girl, so they take the initiative to quit. , Let you go to accompany Shangguan Lingxian."

Li Yun was stunned for a long time.

"I know, you want everyone to get together and play, it's best to fight on a big bed, but the truth is!"

Gong Qingyu paused for a long time, letting Li Yun think.
