

## Godly Choice 3511

### Chapter 3511: Dialogue with Qingyu (Part 2)

After a long while, Gong Qingyu continued: "Although we have no objection, and even enjoy it, we won't feel tired for three to five days, but I think this kind of thing is just like eating fast food. It's very comfortable. If you have it all the time, it will undoubtedly be uncomfortable."

Li Yun asked, "Is it because I can't be distracted to pay attention to each of you?"

He asked very directly, and Gong Qingyu answered very directly. At this moment of winter night, the two of them were lying on the sofa in the study room under the same blanket. The heating was adequate, and both of them felt very comfortable.

"It's not all... um~."

Gong Qingyu groaned, this bad guy is not following the rules again, his hands moved, but forget it.

"what is that?"

"I think the reason everyone feels uncomfortable tonight is not because there are too many people, but the saint son Xiaosu!"

Gong Qingyu thought for a while, "Although she is not bad, she hasn't gotten involved. It's like you called the young girl. It must be impossible, right? You can't just take that little loli because she is so cute. As a child, she is different from Xiao Xiao."

"And Linglong?"

"Yes."

Gong Qingyu said, "Although the senior Linglong is also a sister, she has not yet joined the fairies group. We don't know what her personality is, plus she seems to want to put on the prestige... Of course, I know. She is not trying to put on airs, but that she can't let go of face, thinking that she is a senior, and we are juniors, that's what she means!"

Gong Qingyu's IQ and EQ are really nothing to say, and she analyzes everything clearly.

Li Yun also felt that tonight was passing too fast. In a few words, everyone separated from each other, and there was no warm atmosphere at all.

In the past, when he and the girls were in the living room on the third floor, they were divided into several groups to play together. The Lord Saint was reading a book, and Su Muxin were playing cards, and some were playing vibrato, or they were playing black together. .

But tonight, there was a smell of snakeheads, and there was no such feeling at all!

"Well, I know!" Li Yun nodded, "That saint son is not bad, and you can treat her as a friend or a familiar person in the future. As for Linglong... I will ask Qing Sheng to ask her what she thinks. Don't join the Fairy Society."

"already added."

Gong Qingyu showed off his mobile phone, and Li Yun saw the content of Fan Linglong's greeting, with a slightly shy expression, and a very reserved greeting.

"Senior Linglong is okay." Gong Qingyu said with a smile: "Well, she, I think she will join in, that saint child is fine, she is too arrogant now, I just wanted to give her a thump and let her Pull, hum!"

Li Yun couldn't laugh or cry, "She... Forget it, I will give her a separate house in the future, or should I take her to Huangting Mountain? If I find a house in Huangting Mountain, let her live and ask some servants to serve her. Just fine, if you don't find it, just..."

"Young girl?"

"Um."

Saint Son Xiaosu and Qingnv are both gods or monsters or fairies who have survived from ancient times, and they are also newly resurrected gods or monsters or fairies. In short, the two may not deal with each other. If they are put together, it is impossible to guarantee that there will be no problems.

As for other houses, such as a three-bedroom and one-living commercial house, it is estimated that whether it is Saint Xiaosu or the young girl, they will disdain to live.

For ordinary people, it is a lifelong pursuit to have a three-bedroom and one living room in Zhonghai City, but for the two "antiquity monsters", they don't even bother to move in if it is not a villa!

Chapter 3512: Solution

"That's not easy."

Gong Qingyu proudly said: "The palace family also has a real estate in Huangting Mountain. I can let my dad let it go. Even if it is directly transferred to the son Xiaosu, anyway, if you trust her, it is estimated that the kid will not be ungrateful. People who will repay us in the future."

She was unhappy with the son, but she also admitted that she has a strong power, and it is nothing to give a real estate.

Even if a house in Huangting Mountain is worth several billions, the palace family nowadays is not the same, not to mention Li Yun, the son-in-law of Li Chaoren, the palace family is behind the \*\*\*\* of the Fairy Society, and I don't know how much money they made on Penglai Island. Billions are not in sight at all.

As long as Gong Qingyu speaks, the elder of the family will come to her overnight to handle the transfer formalities.

"Send her? Why don't you give it to her?"

Li Yun smiled and said: "That little girl is very strong in her small world, but the power outside the world is very average. Let's talk about it when she gets strong. Let's leave her in the air for now. I guess she will not There is nothing else to do except for preaching."

Recalling the performance of the son Xiaosu, apart from preaching, it was preaching, holding his chin and using his nose to watch the road all day long.

"you decide."

Gong Qingyu smiled crookedly, and finally sent the stinky girl away. After that little girl's character does not change, she is not welcome to enter the mansion again!

"Anything else?" Li Yun asked again, "I think you have something else!"

"Basically gone~"

Gong Qingyu became happy and became the proud and talented girl again, "It's just that you will accompany the immortal tomorrow. I can see that she is a bit lost tonight. The others are okay. When Mingzhu left, it was just I gave you a look, and you will accompany her later."

"how about you?"

"Aren't you staying with me now...no." Gong Qingyu gritted his teeth, a red glow appeared on her beautiful cheeks, "It's you badass, aren't you bullying me now?"

Li Yun chuckled, he didn't even stop moving his hands.

"Huh, remember, go and accompany the spirit fairy." Gong Qingyu softened down, groaning, and said softly: "Look at how good my palace is, and give you advice. My Aunt Lian will give you some advice. Let's just take care of daily things. I actually help you maintain your relationship with other girls. Among your large group of wives, I am the best candidate for the palace!"

"Then I want to thank you very much?"

"Of course... Yeah."

Gong Qingyu was picked up by Li Yun, and then quickly sat back.

After a long while, Gong Qingyu breathed a sigh of relief, "Wait!"

"what happened?"

Li Yun was about to continue, and now he really wanted to.

"You didn't behave well tonight!" Gong Qingyu leaned forward and picked up her mobile phone with difficulty from the sofa next to her.

It's difficult to say because the \*\*\*\* Li Yun has been interfering with her movements and is dead.

"Don't move!"

Gong Qingyu opened the phone's selfie camera very seriously, facing Li Yun's face behind, "Apologize to me, I want to send it to the group!"

"Apologize? Who do you apologize to? You?"

"I've already started recording... Yeah." Gong Qingyu gritted his teeth, "Give it, give it to the immortal, she ran all the way, you won't accompany her!"

"Qingyu, don't you know that I already went to the spirit fairy just now?"

"what?"

Then, Gong Qingyu was speechless.

The video she made was also sent to the group.

Chapter 3513: Fan Linglong

Fox Xiaomeng: "Wow~~Wow~~~Wow!!!"

After Hu Xiaomeng exclaimed, no one bubbling in the fairies group for a long time.

Fan Linglong: "Xiaomeng, what are you doing?"

She bubbling for the first time, a little nervous.

Fox Xiaomeng: "@梵玲珑 Senior predecessor, look, someone's shoulders are exposed, you can see inside the blanket... Hey, what's the situation."

Fan Linglong: "What?"

Fan Linglong watched it for a long time and was shocked after seeing what the video sent by Gong Qingyu meant.

At this time, she realized with hindsight that all the fairies in the Fairy Society were Li Yun's harem!

No wonder Gong Qingyu posted this video without hesitation.

Qingguo Mingzhu: "I haven't slept yet? Really have energy, I can't hold it, I will go to sleep first, @."

Fan Linglong: "Uh, good night."

Hu Xiaomeng: "What's the matter with this, I think the predecessors must have experienced it too, right?"

Fan Linglong dare not answer, is it really necessary to communicate this kind of topic in this group?

Her disciple is also in this group!

But if he didn't answer, he seemed too cold, not conducive to blending in.

As a result, Fan Linglong, who was lying on the bed and unable to sleep, gritted his teeth and could only answer vaguely: "Forget it."

"Hehe, seniors always grow stronger."

"..."

"[LALALA] Just kidding, Senior...Wait, I think it's a bit bad to always call Senior, or Sister Linglong?"

Sister Linglong? ?

Fan Linglong almost jumped up, how could he be called like a village girl! This little girl named Hu Xiaomeng did it on purpose, right?

"No, no, you call me Senior Linglong, or...Sister Linglong, just fine!"

The eldest sister is too ugly, I don't even want to call Fan Linglong to death.

How about she also choose a screen name? It's a little strange to talk like this in the group, but with the real name.

Little Pepper: "What are you talking about?"

Then, Gong Qingyu posted another video.

The video was very strange. I kept shooting the animation on the front screen, but the picture was up and down. The owner of the video seemed to be riding a horse, bumping constantly.

Fox Xiaomeng: "Wow!"

Qingguo Mingzhu: "Not suitable for children! @小玉儿, I will teach you a lesson tomorrow!"

Little Chili: "Woo, I'm so envious, forget it, I won't go, sleep tonight, and have fun tomorrow, after a few days of playing, I will go back to Eastern Guangdong to celebrate the New Year~"

Hu Xiaomeng: "Okay, okay, where to go to play?"

Fan Linglong is very puzzled, what does this video mean?

She thought about it for a long time, and finally searched for meanings that are inappropriate for children, and then thought of the scene of her and Li Yun's bridal night the night before, and then she understood.

"..."

Fan Linglong threw away the phone and fell asleep.

She finally understands why the atmosphere tonight is a little strange. It turns out that these sisters are so sharp when they chat. If they can't get involved, it will be difficult to participate in their topic.

No, it's not necessarily. It should be said that even if you can't blend in, at least you have to know about them and Li Yun, knowing that they will fight with Li Yun for a long time at night.

In this way, she can truly put aside the predecessors and become sisters who can communicate many things with them, and even mess around at night together.

Fan Linglong knows that she still has a long way to go before a harmonious relationship..

Chapter 3514: Huangting Mountain becomes Tianting Mountain

When he got up the next day, Li Yun made breakfast for the girls, and after chatting with the four beautiful maids for a few days, he took Shangguan Lingxian out.

Most of the other people were still sleeping, but the son Xiaosu ran up early in the morning. She had already heard that Li Yun wanted to give her a house.

"Are we going to find a house?"

Blonde Lolita put on a very modern set of children's clothes. It is said that it came from Hu Xiaomeng, or she ordered it overnight and sent someone to deliver it early in the morning.

I have to say that after changing into fashionable and playful children's clothing, the ten-year-old blonde loli looks more cute.

Of course, you have to ignore her proud temperament, and keep her words half-dead as soon as she speaks.

"Correct."

Li Yun explained: "In Huangting Mountain, a house worth several billions was not given to you, but temporarily lent to you. The rent and other expenses... just remember it, and count it later."

Saint Lori squinted at him, then turned her head, "Huh! Don't you just want me to shelter you? The mere mortals also want to hide from me, don't worry, I, Jesus, is very tolerant to mortals. I don't care if you say bad things about me."

Hu Xiaomeng was shocked.

Li Yun was also shocked.

Shangguan Lingxian blinked and looked at Li Yun: "Is it Li Yun that you are saying bad things about Xiao Su? This is not okay. Although Xiao Su is a little arrogant, he is still a good boy."

Shengzi Xiaosu: "... Others say it behind the scenes, and you say it positively!

Li Yun smiled, he just raised his mouth, believing that some help to the saint son now, there will be unexpected rewards in the future.

Since Qingyu had agreed last night, Li Yun acted directly. After breakfast, he took Lian Yi, Hu Xiaomeng, and the fairy goddesses, and drove towards Huangting Mountain together.

Before reaching the destination, after seeing the beautiful Huangting Mountain from the car window, the blonde loli's eyes lit up, "That mountain is mine?! Great, I want to make it my sacred mountain, just Like Mount Olympus, the future will be called Paradise Mountain! The top of the mountain is my kingdom of God, and the angel's residence is halfway up the mountain. You live at the foot of the mountain. Well, as the first believer, Xiaomeng, you live with me, Li Yun You guy could have lived halfway up the mountain, but when you said bad things about me last night, you can only live at the foot of the mountain!"

Li Yun directly vomited blood.

How did she know that he and Gong Qingyu talked ill of her last night? Is it a special induction of God?

"Okay, okay!" Hu Xiaomeng is now more and more fond of messing around with this little goddess. She is simply watching the excitement and not too much of a mentality, and urged: "Holy son, I think a tall building should be built on the top of the mountain. , A beautiful temple, the top of the temple is surrounded by a sacred halo, which must be higher than the Oriental Pearl Tower in Zhonghai City, so that at night, there will be a crash, the holy light will open, shining half of Zhonghai City.

Hey, by then, there must be a huge number of people who believe in you, so many people! "

"it is good!"

Blonde loli's eyes lit up.

What the first believer Hu Xiaomeng said perfectly fits her vision of the temple and church in the future.

Besides, why should Olympus guys be able to punish, and set up twelve gods, she can't?

In the future, she will also appoint twelve main angels, Michael is the first, Gabriel is the second, no, Hu Xiaomeng is the second, Gabriel can only be the third, and the egg... That guy could have been fourth. , But since she betrayed herself, she stepped aside, waited for her to be found, and then gave her a severe lesson!

Chapter 3515: Lingxian is moving

Li Yun thought they were just talking casually, but he didn't expect that after the car reached the foot of the mountain, Shengzi Lori insisted on getting off the car and said that she would observe the terrain.

Reluctantly, Li Yun could only stop the car, and the women got off together.

"Here, it will be the residence of the angels!"

The son Xiaosu pointed to the mountains, akimbo, with long golden hair flying in the wind, I have already set a pair, and at the foot of the mountain is the place where the angel army is stationed.

"Hurray~!"

Hu Xiaomeng clapped and clapped his hands, "Xiao Su, are the angels very powerful? Do they have wings? Are they particularly beautiful when flying? By the way, Xiao Su, God Lord, listen to my husband saying that he is super powerful. Is your father?"

Xiao Su's expression was a little petrified, and after a while, he said, "My angel legion...different from those angels."

"what?"

"Angels are born from faith...Oh, Xiaomeng, don't ask for it for now."

"Well, I listen to you Xiaosu!"

After hearing their conversation, Li Yun couldn't laugh or cry. He pointed to the villas at the foot of the mountain and said: "If you want to buy it, a house here is worth a billion...Of course, Xiaomeng, you have money. But you can't buy it even if you have money."

"Who would dare not sell it? Don't want my shelter anymore? Ignorant mortals!"

"..."

Li Yun didn't bother to care about them. Let Hu Xiaomeng, an energetic guy, accompany the blonde loli to play around, just to make a couple.

Gong Lianyi looked at the scene in front of her with a smile.

Xiaosu is actually very cute. I wonder if her and Li Yun's children will also be so cute in the future?

Hmm, no, they have a long life span. Maybe they won't have children in the next 100 years. Do not rush or rush, Xiaomeng and Xiaoxiao are also very good-hearted, they are half daughters.

Li Yun took Lingxian's hand, smiled, and took Gong Lianyi's hand again, holding one in each hand, and walking slowly with the two girls on the mountain road of Huangting Mountain.

The two women's faces blushed, and after looking at each other, there was no objection.

Because the Huangting Mountain in the morning, especially the Huangting Mountain in the winter morning, there are not many people around. Everyone is sleeping late. Even the morning exercisers have basically rested and only practice indoors.

"It turns out that this mountain is so big."

The places Shangguan Lingxian pays attention to are always very different. After seeing the stream flowing down from the top of the mountain, she said in surprise: "If there is running water, it is much more convenient to plant herbal gardens, Li Yun, you said it would be sold to me. Is it a herbal plot?"

"Huh? You want to plant here?"

Gong Lianyi also looked over.

"Um."

Shangguan Lingxian's face was reddened and nodded, "Although I can stay at Tiandanmen, it seems that staying in the martial arts will only make my vision smaller and smaller, so I want to move out and move to Zhonghai City. Here, my herbal garden is also moved here... is it okay?"

After several months of training on Penglai Island, she has matured a lot, and is no longer the somewhat reckless and innocent spiritual medicine fairy.

"It should be okay." Gong Lianyi is not sure. "If you want to build a piece of land on Huangting Mountain, you only need to get the owner's approval. Li Yun, you should come forward and it should be fine."

"Huh? It's so troublesome, so I don't want to look for other things."

"Don't worry, let's go to the villa first!"

Li Yun took the two girls up the mountain, leaving Hu Xiaomeng and Xiao Su at the foot of the mountain.

When Shangguan Lingxian saw Li Yun's villa covering a thousand acres, which was the size of a high school, a smile appeared on his face.

"Li Yun, shall I move here?"

Chapter 3516: future

After deciding to move to Zhonghai City, the smile on Shangguan Lingxian's face became more obvious. Even visiting this villa became a preliminary inspection of the future living environment. Before seeing the villa, there were gardens and badminton courts. After the facility, Fairy Lingyi showed a very satisfied expression.

"But~"

Shangguan Lingxian looked over, with a smile in his beautiful eyes.

"what happened?"

"I don't want to move yet~"

"Oh? Not satisfied?"

Shangguan Lingxian didn't answer, but gave him a look of expectation and shyness. Even Gong Lianyi could understand the look in the eyes of such a young girl Huaichun.

"Well, I will personally invite the fairy doctor of our family at that time!"

"What your family..."

Shangguan Lingxian lowered his head, his voice was quiet, but his smile was very happy.

However, she does not move in so quickly. She will have to wait at least half a year and a year until she finishes cleaning up and transplants the things from the herbal garden. After Li Yun personally invites her, she will come~.

At least, go to Shangguan's house, right?

With such thoughts in mind, Shangguan Lingxian happily visited the entire villa. After seeing the open-air bath on the third floor, he was dumbfounded.

Because she seemed to see the future, she was wearing those thin swimsuits on the TV, or nothing at all, taking a bath with Li Yun and Qingyu.

This wasn't her thinking, but vaguely, Shangguan Lingxian seemed to remember who was in the Fairy Society, and who was Little Pepper, and indeed posted a similar photo.

Princess Yongning seemed to be there, including Qingyu and the others.

"Lingxian, don't look here anymore."

Gong Lianyi's face was red, and she quickly pulled Lingxian away.

This open-air bath is full of the absurd taste of sensuality, but Gong Lianyi seems to be unable to refuse. If she comes to this villa in the future, she will definitely be taken by Li Yun to take a bath in the bath.

Until then.....

"Lingxian, are you satisfied?" Li Yun smiled at her.

".....Pooh."

Even a gentle and kind-hearted fairy like a spiritual doctor couldn't help but sip Li Yun a little, showing how fascinating this bath is.

Li Yun suddenly widened his eyes: "Lingxian, you have broken your studies!"

"what?"

Shangguan Lingxian didn't understand at first, but soon realized that he wanted to go wrong because he had seen too many Su Muxin, Fang Xue, Liu Xianxian and Li Yun dating in the Fairy Group. .

"Woo, sisters from the Fairy Society...you can't just send messages indiscriminately in the future."

"what happened?"

"What happened?"

"The bath..."

After knowing the whole story, the group laughed, and the four girls of Gong Qingyu, who had experienced the taste of bathing, sent out an expression to express their meaning.

Just as Shangguan Lingxian and Gong Lianyi imagined.

After having the bath, during the next visit, Shangguan Lingxian felt like something of a strange purpose everywhere. She was ashamed of her heart, and took the initiative to choose a room on the second floor and decided not to go to the third floor.

...

After the visit, Li Yun joined Xiao Su and Hu Xiaomeng who had gone up the mountain, and went to take a look at the castle on the top of the mountain.

This castle with a serial number is more exaggerated than the villa No. 36 bought by Li Yun. The son of Loli fell in love with it at a glance, cheered to move in, and invited her first believer, Hu Xiaomeng, to live with him. Hu Xiaomeng She had to use the excuse of going to school to refuse.

Chapter 3517: ability

Gong Lianyi personally instructed, and the butler received an order from the palace family, so the transfer of ownership of the castle went smoothly. This super-luxury castle worth tens of billions was transferred to Gong Lianyi's name. Signed the contract and temporarily lent it to the son Xiaosu for ten years at a rent of 1 yuan.

Ahem, Saint Lolita's dollar was lent to her by Li Yun. This little Lolita came out of the South Pole with a piece of clothing on her body, and she didn't have anything.

"My believers will give me money in the future."

Saint son Xiaosu explained this, but his eyes turned to Hu Xiaomeng. As the first believer, the latter was forced to take out the wallet from his pocket, counted several sheets of ocean, and respectfully handed it to her for faith. "God".

And the son Xiaosu accepted it unceremoniously, and after encouraging Hu Xiaomeng a few words, he triumphantly returned a dollar to Li Yun.

So Li Yun can't laugh or cry, so believers have to dedicate to her personally?

Don't understand.

"Remember." Li Yun handed the lease contract to the blond little loli, "This castle is not for you, but temporarily rented to you. This is Lianyi's thing!"

"I know, really, I always say, ignorant and vulgar!"

Xiao Su waved his hand and threw the contract to Hu Xiaomeng, "Xiaomeng, take it, I will let you do anything later, um, as a believer, you have to help the holy son, you know? I will teach you some great skills later!"

Hu Xiaomeng rejoiced, "Master Loli, what is the skill?"

"Summon angels!"

".....what?"

Seeing the saint son of her faith, Hu Xiaomeng was messed up in the wind when she said seriously that she would teach her the ability to summon angels.

Can angels be summoned?

Originally, Hu Xiaomeng said with a playful mentality that he wanted to believe in this little blonde loli, but now he feels more and more that this loli son seems to be really powerful.

"Snapped."

Li Yun hit Xiao Su on the head, and the latter grabbed his head and glared at her.

"You still want to find a way to buy Huangting Mountain, let's talk about it, what about Tianting Mountain."

"Huh! Just a mere Huangting Mountain, my believers can buy it." Xiao Su turned his head and looked at Xiao Meng.

"This... saint son, let's take a long-term plan, and a long-term plan."

"What a long-term plan? Buy it now. Buy this one first, and then the one we just saw. I will gather some believers and we will start right away!"

Hu Xiaomeng wants to cry without tears, she now meets a little loli who is more troublesome than her...

Shangguan Lingxian covered his mouth and smirked. Xiaomeng is the most active in the group, and it is rare to see the deflated appearance.

After a while of nonsense, Xiao Su finally gave up his previous goal and began to visit her castle enthusiastically.

Li Yun didn't stay too much. After letting the housekeeper and servants follow her instructions, they hurriedly flashed people. Hu Xiaomeng wanted to find an excuse to slip away, but Xiao Su was left behind.

At least for the first night of staying tonight, her followers have to accompany her, and the ceremony of the son's stay is to be completed.

...

Without caring about their mischief, Li Yun accompanied Shangguan Lingxian and Lian Yi to play in Zhonghai City. Before the world changed again, the loli of Saint Xiaosu also lived with Li Yun's villa. Like a young girl, there is almost nothing to do.

Even if they left the place where they were sleeping, they had no idea of changing the world, let alone showing their "real body". It was as if they were tired of sleeping, get up and move around and take a look at the changes in the mortal world over the years.

If the six doors of life and death are not opened again, they will fall asleep again in the future.

Chapter 3518: Year off

Ten days later, the new year is twenty-seventh, the day when the new year is approaching.

"Qingsheng, Linglong! And little maid Qingzhu, are you ready?"

Li Yun drove a business car. In the back seat sat the princess Yongning and the sisters Caiwei Caixia, who were drowsily asleep. The trunk was full of New Year goods, all of whom were not long ago, he, Lianyi, and the fairy goddess. I bought it while shopping in Zhonghai City Mall.

There was also a car behind, driven by Fang Xue. As the eldest lady of the Fang family in Longyang County, she took the driver's license early and was able to drive on the road.

"Come, come, come!"

Accompanied by the crisp voice of Fan Qingzhu, three beauties of all sizes walked out of the mansion, their beauty suddenly made people's eyes brightened, and the servants and guards in the mansion were breathing a little nervously.

They have seen the appearance of the master Fan Qingsheng many times, but every time they look at it, they feel shocked every time. No matter their looks, body, temperament, their masters give people a feeling of immortality, which is very annoying. Eye-catching.

"remember."

As the housekeeper of Qingzhu, the little maid told the servants: "I will not come back for many days with the Lord Saintess. You should all go home for the New Year. When we leave, we will close the doors and windows, Saintess. Don't enter the adult's garden. Set up a sign to warn the thieves so that they won't be able to get out."

"Yes!"

The servants and guards all answered loudly, their waists straight.

Before the Penglai Island incident, they had seen the shocking scene of the mistress building a small garden with her hands. After combining with those supernatural powers, they finally knew their mistress, who was called the saint lady by the Qingzhu steward. The hidden power.

That garden is where the hostess usually practices, and they naturally dare not go in.

"Well, okay, that's it, everyone is going to leave."

Qingzhu waved his hand.

Li Yun in the car smiled and said: "There is still a word left, let me tell everyone in advance, happy new year!"

"Auntie Happy New Year!"

Yes, Li Yun is also called Uncle here, just like the name in Mansion Three.

"Let's go, let's go."

Fan Linglong took the apprentice's hand and got into Fang Xue's car with Qingzhu.

Because they don't know how to drive, Fan Linglong, who is sitting in the co-pilot, feels it necessary to practice.

"Senior Linglong wants to learn to drive?"

Fang Xue started the BMW car, followed Li Yun's car, and said with a smile: "Okay, you don't need to find a driving school, just let the driver in the museum teach you, and go to the exam after you learn it."

"Where is the car?"

"Of course I'm looking for your husband, Senior Linglong~"

Fan Linglong's face blushed. After more than ten days, she has become more and more accustomed to being ridiculed by younger generations, which proves that she is becoming more and more integrated into this group of women.

Of course, she felt that she would never live in Mansion Three, and she would still live with Qing Sheng, at most occasionally staying there for one night.

...

"Brother and sister are also home."

Caiwei said with her mobile phone in the back seat.

This year is quite special. It was the first time that Li Feng did not have rain and they celebrated the New Year together. It should be the only time, because she just found her family, so this year she will go back to Zhang's house with her mother Zhuang Mengdie and her sister to celebrate the New Year together. I met some of the elders of Zhang's family. I guess they will have another Lantern Festival after the Chinese New Year, and they will come back soon after school starts.

Zhang's family is also a family of martial arts, and there are still many rules. Of course, Li Feng's identity is different now. Forgive them for not daring to show Li Feng, even if Li Feng does not change back to Zhang's surname.

Chapter 3519: go home

In addition, Gong Qingyu and Gong Lianyi also returned to the palace, and the other girls around Li Yun were the same. From Hu Xiaomeng to Zhao Tianfeng to Su Muxin and so on, they almost all returned to their homes. I left my hometown and reunited with my family.

Only the three daughters who left the Hidden Sacred Valley and Princess Yongning will spend the New Year with Li Yun.

Of course, a certain female ghost asked her to come out to celebrate the New Year together because of her special status, but she was unwilling to live or die. She said that when the New Year's Eve comes, she would come out to have a New Year's Eve dinner with the son. Inside the fairy house.

There are also two confidantes who are not Li Yun's side, the young girl and Xiao Su. They don't care about the Chinese New Year. However, Li Yun still decided to spend the 29th year in Longyang County and wait for the new year's 30th. Go back to Huangting Mountain and spend the New Year's Eve with them.

Of course, in addition to these two people, there are three more people to be together.

The two cars got on the highway, and after an hour of blocking, they returned to Longyang County smoothly.

Li Yun didn't let his two hands come down to pick up, and even his old classmates sent a message in the group after returning to Longyang County.

"Brother Li is back!"

"Brother Li?!"

"real or fake?"

"I'm Cao, I'm home!"

"Which one?"

"Nonsense, of course it's going back home for the New Year!"

As one of the most famous people in Longyang County, Li Yun's popularity in the class and other places is really nothing to say. The bubbling attracted the attention of many people. The news spread from the class group to the high school group. Known by many, many people.

So when Li Yun's two cars drove back to the old community, there were already many people waiting at the door.

Including high school classmates like Wang Houliang, Zhu Dayu, a local boss in Longyang County, and several relatives from Fang's family who want to curry favor with Li Yun, that is, Fang Xue's uncle, aunt, and aunt.

They all stood at the gate of the community and waited.

The pedestrians passing by were surprised, because this group of people came in luxury cars, especially Zhu Dayu and a few people from the Fang family. They were originally big bosses with a net worth of tens of millions, so they drank with Li Yun. After a few mouthfuls of soup, his net worth has skyrocketed again, and his cars have been upgraded to millions of luxury cars.

Make passersby even more surprised.

However, after seeing this group of bosses ushering in, some people understood why.

"It's Li Yun!"

Many people spoke out with emotion.

Li Yun, as the No. 1 student in the college entrance examination of Longyang County last year, gained fame because of filming with Liu Xianxian, and finally got a supernatural ability, becoming the president of the Supervisors Association of China Overseas University.

It can be said that the current college entrance examination champion has become the well-deserved strongest celebrity in Longyang County. If you go to participate in a competition for buying a house than fame, you will be guaranteed to win the first place without any suspense.

"Welcome to Brother Li!"

When Li Yun got out of the car at the gate of the community, Wang Houliang and other high school students suddenly applauded and cheered. Li Yun was speechless on the spot.

I looked at them and found that compared to half a year ago, this group of people who stopped studying and entered the society have undergone a radical change in temperament.

Before they made such exaggerated movements and expressions, they might still be embarrassed, but now Wang Hou Liang, who is applauding and cheering, is not shy at all, but a little more enthusiastic and flattering.

"It's all right." Li Yun smiled and stopped them. "You made me feel ashamed to come back. Stop it!"

Chapter 3520: Give gifts

Wang Houliang and others just smiled and leaned forward to say hello.

But there are still some friendships from the student days, at least closer to Li Yun than a few relatives of the Fang family, and Zhu Dayou is even more incomparable.

After greeted them briefly, Li Yun asked Caiwei and Caixia to help the sleeping princess get out of the car.

After that, Fang Xue got out of the car, followed by two great beauties with extraordinary temperaments, which shocked everyone present.

There is no need to say more about the temperament of Fan Qingsheng. Her master, that is, Fan Linglong herself, gives people the feeling that she is also a big beauty who lives away from the dust and reveals a mysterious atmosphere.

If they wear ancient costumes and skirts, they are exactly the images of fairies that everyone fantasizes about.

At this moment, the two women put on modern clothes, and this kind of dusty temperament turned into a noble and dignified image. Compared with Fang Xue's Xiaojiabiyu, the Fang family suddenly saw the difference.

Fang Xue from their family is the young lady of a small family.

And these two peerless beauties are well-deserved wealthy daughters, aristocratic ladies, in terms of temperament, Fang Xue seems not bad at all, but their families are up and down, and they all hope that their children will also have it in the future. The same aristocratic temperament as these two big beauties!

This kind of deposited noble and dignified, graceful daughter is a hopeless and unattainable offspring for several families in Longyang County.

Only when you go out of Longyang County and go to the vast Zhonghai City, can you teach a lady like this!

They didn't dare to ask for extravagance before, but now with Li Yun... all this is no longer a dream.

"Li Yun, I'm back."

Several members of the Fang family came up to greet each other enthusiastically. Their biggest reliance was their relationship with Li Yun's fellow villagers and son-in-law. As long as they grasped well, there would be no obstacle for the Fang family to get out of Longyang County.

"Well, everyone has worked hard."

"No hard work, no hard work, as it should be!"

Li Yun's interpersonal skills are not bad, but he was embarrassed by this kind of embarrassment—very awkward.

How else would anyone say, the relatives you meet during the New Year are your most unfamiliar acquaintances.

Therefore, Li Yun hurriedly pulled Fang Xue over to the rescue and asked her to deal with her family. Li Yun walked to the trunk and opened it, revealing that it was full of dangdang gifts.

"Cai Wei Caixia, come here!"

"Huh? Okay!"

The sisters handed Princess Yongning to Qingsheng and went to help Li Yun move things together. Fan Linglong followed and tied the gifts with them.

The people who heard the wind in the small area seemed to realize something and looked forward to it one by one.

"Grandpa Zhao, Li Yun gave you this!"

Li Yun smiled and handed the prepared gift to an old man, "When Grandpa was still there, thank you for your care for our brothers and sisters."

"Eh? For me? Well, now Xiaoyun, you have become more skilled, your grandpa will definitely be pleased to see it, hahaha, by the way, where is Xiaofeng?"

"She has something to do and didn't come back this year."

"Ah? What can be more important than the New Year, really!"

Li Yun smiled without saying a word, and gave gifts to neighbors in the neighborhood. Basically, every household gave one copy, which was worth at least three or four thousand yuan. For some who had a good relationship before, two copies were given.

Caixia and Caiwei helped to give gifts. Of course, Fan Linglong, who was a "daughter-in-law," Fang Xue also helped to pass the gift. The little maid was the only one who had been very cold, and the sleeping princess Yongning was quietly beside her. Watching quietly.
