

## Godly Choice 3541

Chapter 3541: Pure and Peerless

Zhonghai City, in a hotel.

A beautiful woman with a pure face and a hint of enchantment, in her pajamas lying on the sofa and looking bored at her mobile phone, seeing the news on the Internet all about the situation on New Year's Eve, and after the festive atmosphere, she was pure and pure. The enchanting beauty couldn't help but sigh slightly.

"Master..."

She looked at the door of the room. Her master lived with her in a hotel, but they went back to their rooms after dinner tonight.

For monks, it seems that ordinary people's New Year's Eve is not important to them at all.

She had never prepared anything like New Year's Eve dinner before.

But this year somehow, watching the mortals outside celebrating the Spring Festival lively, she couldn't help but miss a man in her mind.

If that nasty man is by his side, he will probably take her to eat New Year's Eve dinner, right?

"Jingle Bell."

The phone rang, and after taking a look at it, she immediately chose to hang up, with an uncomfortable expression on her face and complicated expressions in her eyes.

Another beauty who was in the same room with her glanced at her. The strange thing is that this beautiful woman looks almost the same as hers, but her temperament is completely different. If outsiders don't know it, they will definitely think they are twins.

But actually...

Three minutes later, the phone rang again, and the pure and peerless beauty turned it off without looking at it. The expression on her face changed from complex to subtle.

"Hey, Master called you."

Another beauty in the room called her.

"Why do you call me?"

"I don't know, I just called you anyway and told you to go there."

"Oh, OK."

The innocent and peerless beauty stood up, put down her phone, walked to the door of the hotel room, and wanted to open the door and go out.

But suddenly, she reacted and turned her head to see that another beauty was actually kneeling on the sofa with her \*\*\*\* up, and she picked up her mobile phone in one hand.

"Wan Qingya!!!"

The innocent and peerless beauty screamed loudly, her figure flashed, and she returned to the phone.

Then, the beauty Wan Qingya, who looked the same as her, was almost equal to her in strength, and it was impossible for her to regain the phone easily. After a laugh, she escaped her pounce.

These two are the saints of the Six Dao Sects, one of them is Concubine Wan Qing, and the other is a special clone that she split after practicing a certain peculiar technique!

"What are you doing?"

Concubine Wan Qing and Qingya Wan played in the suite of a five-star hotel, which quickly attracted the attention of Wan Nishang.

Regarding Wan Qingya's existence, when Wan Nishang first saw her, she was shocked. After checking her identity repeatedly, she confirmed that the connection between Wan Qingya and her daughter Qing concubine was a master-servant relationship.

What's more, it was the practice Li Yun gave her daughter, the incarnation of a demon!

If it weren't for Wan Qingya's permission, she would like to practice it herself to see what secrets are hidden in such a technique.

"Master!"

Wan Qingya kept her mobile phone in her arms, and resisted the \*\*\*\*\* of her body. "My husband called me, but the fellow Wan Qingya actually hung up my phone. Master, do you think it is hateful?"

"Shameless, shameless! Wan Qingya, how come you are more shameless than when I first gave birth to you? What is your husband, have you met him?"

"You gave birth to me? Then I want to call your mother?" Wan Qingya looked at Wan Nishang again, "Then I call you grandma again?"

Wan Nishang started to have a headache.

Chapter 3542: Wan Qingya

Regarding what happened a hundred years ago, Wan Nishang still does not understand why she is the same as Fan Linglong. The two saints were pregnant at the same time, so that one gave birth to the Sanctuary of the Fan Qing and the other to the Concubine Wan Qing.

As a result, Concubine Wan Qing obtained a magic technique unique to the six-door saints from a man, but suddenly split into a self-aware clone.

How could that man named Li Yun have the Heavenly Devil Technique of the Six Dao Sect Saints? And that Li Yun's exercises also caused her daughter to split a body out!

The body also has self-awareness, so I named myself Wan Qingya...

This is really messy.

"All right."

Wan Nishang faintly stopped the quarrel between the two women. For some reason, watching the scene of Wan Qing Yaneng and Qing concubine having fun, her heart was enriched a bit.

"What's the matter?" Wan Nishang looked at Wan Qingya. Her genuine disciple and daughter couldn't count on her. She had already figured out the character of Concubine Wan Qing. At this time, she would not take the initiative to say it.

"Li Yun called and actively invited us to chat with him!"

Wan Qingya changed her rhetoric.

"Talk?"

"Well, yes, just talk!"

Wan Qingya brightened the phone screen. "My husband said that tonight is New Year's Eve. Given that the Six Doors, Hidden Sacred Valley, and the outside world have undergone tremendous changes, he wants to talk to us before the New Year. Let's talk carefully about the future, and join hands to create a new century! Put aside the prejudices of the Hidden Sacred Valley and the Six Doors, and rule the whole world together. It's great!"

"..."

Wan Nishang looked at her genuine daughter.

Wan Qingya... is her second daughter. Although this second daughter talks a lot, her personality is also quite lively, and she can even be said to be a little unscrupulous.

But also because of this, every time she asks her something, she won't get a very direct answer. All kinds of messy and added answers, and the little devilish tone, make Wan Nishang a headache.

It's her eldest daughter who is behaved.

".....I'm not going!"

The indifferent concubine Wan Qing rejected Wan Qingya's proposal.

"If you don't go, I'll go!"

Wan Qingya simply put on a coat and no shoes, she walked out barefoot, no, not to the door, but directly to the window, she wanted to go out from the 20-storey hotel building. Jump.

"Wait, wait! You come back to me!"

The indifferent Concubine Wan Qing broke the spot on the spot, jumping in anxiously, rushed to hold Wan Qing elegant collar, and dragged the \*\*\*\*\* girl back!

"Go!" Wan Qingya only said one word. She never knew that Li Yun called, and specially invited her, and Concubine Wan Qing, and after a little mention of Wan Qingya, her heart seemed to have a mass that could no longer be suppressed. The flames, can't wait to burst out!

Tonight, no one can stop her from seeing Li Yun!

Before, she was busy following Li Yun's news, but tonight, on this New Year's Eve, she will see Li Yun for the first time with her own eyes!

Concubine Wan Qing: "..."

Judging from the firm eyes of this guy, she can't be stopped.

"At least you have to change my clothes!"

"Why do you change clothes? I'm not cold, besides, when I went to his villa, I will get into him again, and it won't be cold anymore."

"...A bit reserved, okay? Wan Qingya! Go change clothes for me, women are the ones who please you, haven't you heard of it?"

"It makes sense, but Li Yun is already urging us, so let's go quickly."

"Okay, I see, I'll change my clothes... Wait, when did I say I want to go with you?"

Chapter 3543: Old acquaintance

"Brother, brother, can you eat it?"

"Dad, dad, can you eat it?"

"Wait, wait three minutes, if they don't come again, they won't wait!"

At the door of the villa, Li Yun looked towards the sky, and the women followed.

Tonight on New Year's Eve, the starry sky on the winter night was clear. Because there were a lot of people eating the New Year's Eve dinner, Li Yun deliberately put the large dining table in the living room, the heating was also turned on, and he was ready to eat while watching. The Spring Festival Gala with a large LCD TV.

In fact, a few little girls have prepared a lot of things for this grand New Year's Eve dinner comparable to the Manchu Feast, including milk, juice, peanut seeds, plus hand warmers, pillows, blankets, tablets, mobile phones, chargers, etc. Waiting for a series of messy things.

Just to be able to eat and watch the Spring Festival Gala and play while eating. Everyone is looking forward to the start of dinner, including the son Lori, who was hugged by Li Yun from the top of the mountain. This time is also greedy and greedy. Waiting for the New Year's Eve dinner.

"Who are you waiting for?"

Fan Linglong said jealously.

There are enough girls around this guy!

"Uh, it's your old acquaintance."

"Old acquaintance?"

Fan Linglong was taken aback for a moment, and then thought of something, his mouth slowly widened, and his eyes widened: "Wait, Li Yun, don't you say...!"

There is no need for Li Yun to answer, because people have already come.

The girls saw three beautiful figures flying quickly from a distance. One of them was older and the other two looked similar but had different temperaments.

"Li Yun!"

The little maid Qingzhu was shocked before she could see a woman who looked almost similar to the Liudaomen Demon Girl, threw herself into the arms of Lord Saint's husband, who was also her husband Li Yun, and embraced him excitedly! !

Everyone was dumbfounded.

"Are you... Wan Qingya?!"

Li Yun had guessed something when he saw two girls with strange faces but somewhat similar temperaments.

Sure enough, Wan Qingya, who hugged him tightly, nodded excitedly, and yelled sweetly:

"Husband~~ Qingya almost misses you. Really, I am not deceiving, I think of you all the time! "

Li Yun: "..."

Everyone: "..."

This woman seems to be the saint of the six doors?

Who would have thought that the six-door saints who should have been out of touch with the saints of the Hidden Sacred Valley, and even about to fight when they met, would actually pounce into Li Yun's arms and look like they are begging to touch their heads?

"You give it to me, come back!!"

Concubine Wan Qing couldn't stand it anymore, so she picked up Wan Qingya's ears and let her leave Li Yun's embrace.

Li Yun looked funny, and carefully looked at Concubine Wan Qing's face that was different from before, and smiled: "Concubine Qing, is this the way you are? Well, yes, so beautiful!"

In the past, the Six Dao Sect forces were extremely complex, with all kinds of invisible old monsters. In order to protect herself, Wan Qing had to hide her face at any time, so she had always used magic tricks and makeup techniques to cover her face.

But since the Aura incident on Penglai Island, the old monsters of the Six Daomen have a stable source of aura, and they have gradually fallen indifferent to those resources of the Six Daomen. Naturally, there will be fewer fights. Not too interested.

In addition, Concubine Wan Qing has the means to protect herself, and together with her clone Wan Qingya, she defeated many Void Return Realms and controlled their spirits. Therefore, Concubine Wan Qing is now in the six gates, but the one with the strongest influence. !

Chapter 3544: Saints

"Humph."

Glancing faintly at Li Yun, Concubine Wan Qing turned her gaze to the Sage of Fan Qing. The two saints of the Zhengmo Sect met each other with real faces for the first time.

Sage Fanqing's complexion was as calm as water, without any reaction at all.

Instead, it was her maid, Qingzhu's little maid reacted fiercely at this, glaring at Concubine Wan Qing - she felt that last time, it was this demon girl who led people to attack the Hidden Sacred Valley, which made the Hidden Sacred Valley torn apart!

It may not be the main reason, but at least it is also an incentive.

"Fan Linglong, meet again."

Wan Nishang, the former six-door saint, and the former saint Vatican Linglong, their eyes met in mid-air.

The air seemed to freeze suddenly.

The girls suddenly felt the urgency of the dark clouds when the storm was about to come.

At the same time, the two former saints looked at each other at the same time, which was enough to make ordinary people unbearable.

"Stop it all for me!"

Li Yunqing yelled, making it a little weird, but calming down without the tension.

"Tonight is the New Year's Eve. Here, I'll have a good New Year's Eve dinner. No one is allowed to quarrel tonight!"

Li Yun didn't even talk about fighting, because Wan Nishang was willing to come, which meant that she was not here to fight tonight, but to discuss.

Perhaps it was to accompany the apprentice Concubine Wan Qing to eat the New Year's Eve dinner together.

"Huh!" x2

The two former saints, women over four to five hundred years old, snorted at the same time, turning their heads away from each other.

Caixia wiped her forehead, and the two of them were really strange.

"Okay, let's eat! Eat!"

Li Yun smiled, very satisfied that the two of them listened to him, Fan Linglong need not say, his wife, as for the other...mother-in-law?

But anyway, tonight's New Year's Eve dinner can finally begin!

"Caixia, go get the incense to the front of the villa and plug it in."

Li Yun told his sister that after respecting the ancestor, he would insert incense, take three incense and remove it, and then you can eat.

As for the three Concubine Wanqing, they were originally here as guests. They are different from Shan Xiaoxiao and Shan Ruqing, and the Saint Fan Qing. These three are just guests, so there is no need to toast to the ancestors of the Li family.

"and many more!"

Wan Nishang and the current saint of Liudaomen were indifferent, but the other person walked forward as a matter of course.

"I haven't toasted yet!"

Wan Qingya jumped forward with excitement, picked up the hip flask, poured a little wine into the eight wine glasses on the table, and respectfully worshipped for three more times, not at all because of her return to the virtual world. The cultivation base has lost etiquette.

The women's faces were weird.

This woman who looks the same as the saint of Liudaomen means that she has admitted that she is also Li Yun's woman?

But what shocked them even more...

Concubine Wan Qing also stepped forward blankly and did exactly the same action as Wan Qingya, and then said to Caixia: "Go and put the incense outside."

"Oh oh." Caixia reacted after a while and took off the incense.

Li Yun glanced at the only person who did not pour the wine to worship, that is, Wan Nishang. It seems that Concubine Wan Qing specially ordered Caixia to remove the incense, so as not to embarrass her master.

Like the relationship between Van Qing Sheng and Van Linglong, the relationship between Wan Qing concubine and Wan Nishang is also a superficial master, but also a mother and daughter.

But for a long time, Wan Nishang did not directly subordinate Princess Wan Qing as a disciple. Instead, the two of them are more like mother and daughter than Fan Linglong!

Because... everyone gradually discovered that Concubine Wan Qing and Saint Fan Qing are almost seven-point similar!

Chapter 3545: Happy New Year

Needless to say, Wan Qingya is the clone of Concubine Wan Qing, and of course she looks the same as her body.

But Concubine Wan Qing appeared in front of everyone with her real face, and the little maid, Fan Qingzhu, was surprised to see that the enchantress of the six gates actually looked so similar to her Lord Saint!

As a result, she has a very bad idea: Senior Linglong, and Wan Nishang, do they have the same husband?

But even if they are the same husband, they can't be so similar. Maybe... Senior Linglong and Wan Nishang are sisters?

"All right!"

Li Yun clapped his hands and laughed: "No matter what this year, no matter what happened, or even what the future will be, no matter what everyone's status is, it's a saint, a president, a goddess, a monster, or a god, etc. Tonight, in Huangting Mountain, in this villa 36, everyone opened their belly to eat and drink, and they all had a happy and happy New Year's Eve!"

"Okay~~~!"

Shan Xiaoxiao was the first to clap his hands vigorously, taking the initiative to bring up the atmosphere.

In fact, many times the role of children is like this. When there are children, a group of adults will not be embarrassed, and the atmosphere will quickly become harmonious.

"Eat, eat, eat, eat~~!"

Black Feather Butterfly yelled and flew in front of Li Yun, her little face full of greedy faces.

Li Yun couldn't laugh or cry. He took out a small pill and stuffed it into her arms. The little black feather butterfly cheered, holding the pill the same size as her belly, and fell into the exclusive special for her tonight... ..On the plate.

Well, yes, the nine-winged black feather butterfly is also a dish (by mistake).

"Have a meal!!"

Regardless of the grievances and grievances of these mortal people, the saint child Su Ke was the first to take a seat, unceremoniously picking up the fork, and facing the big white butter cake on the table, digging out a piece and putting it in her mouth, happy. Whine.

If her former subordinates were to see her like this, they would surely make their mouths fall out of fright.

"New Year's Eve dinner..."

The young girl took a seat, "Unexpectedly this tradition has evolved like this, Nian Beast... really interesting."

A cold sweat appeared on Li Yun's forehead, don't you know... have seen a Nian beast?

New Year's Eve actually means to get rid of the "Xi" monster beast. I believe everyone understands the specific legend, so I won't go into details.

However, there is a saying that Nian Beast is actually a mixture of unicorn and dragon. It looks very vicious, so it uses firecrackers to drive it away.

Anyway, the legend is like this, except for the ancient people, no one knows what it is like.

"Sit down, everyone."

In the absence of Gong Lianyi, Shan Ruqing took the initiative to assume the responsibility of the "eldest woman".

Because she looked around and found that there is no one who can arrange trivial matters for everyone like Gong Lianyi, and there is no one who can talk about the scene.

Needless to say, the Saints of Fanqing and others, they are all immortal cultivators, and they don't know much about the world, and the two saints of the two sects sitting at the same table are already impossible. They are for each other. face.

It is even more impossible for them to talk to each other and talk with a smile.

Nie Xiaoqian could have been fine, but she was a female ghost, she was nesting in a corner at the moment, waiting quietly for dinner.

As for Tang Anxi, she didn't mean to stand up either.

Therefore, only Shan Ruqing can do this.

"it is good."

Everyone was seated. After a week of satisfaction, Li Yun looked around in front of these beauties, and finally raised the cup: "Beauties, cheers! Happy New Year!"

"Happy New Year!"

Chapter 3546: New Year's Eve Dinner (Part 1)

The long-awaited New Year's Eve dinner finally began to eat at the beginning of the New Year's Eve party. The large dining table that can accommodate 18 people was squeezed to barely sit down.

Li Yun looked around for a week, Fan Linglong, Fan Qingsheng, the little maid, and the concubine Wanqing were also three, as well as Shan Ruqing, Shan Xiaoxiao, Qingnv and Shengzi, and so on.

Anyway, a large group of people sat down according to certain rules. For example, the two saints would never sit together, and they would never sit face-to-face with the four former and current saints sitting diagonally across.

In addition, Shengzi and Qingnv will not get together. Shengzi Lolita is playing with a group of little girls, Shan Xiaoxiao is plucking Wei and so on, while Qingnv is sitting in Fan Linglong and Shan. By Ru Qing.

As for Tang Anxi and Nie Xiaoqian, the two "little poor" girls could only get together, and they came together unexpectedly.

After Nie Xiaoqian's repeated invitations, Tang Anxi finally decided to consider it again and join the Fairy Society some time later, while Nie Xiaoqian shot a video of her and sent it to the Fairy Society first as a preview.

In fact, Tang Anxi's existence is no longer a secret, at least the women of Jin Liuli knew about her.

However, after Nie Xiaoqian and Shan Ruqing took some videos to the group, it still caused a lot of discussion among fairies.

Qing Guoming Yu: "Just started the New Year's Eve dinner?"

Lianhua Keyi: "It's a bit slow, isn't it because of the chaos? Seeing a lot of people, if I knew it, I would stay in Zhonghai City for the New Year this year."

"Don't!" Qingguo Mingyu: "Aunt Lian, if you don't accompany me back, I'm not happy to go back to the palace. Except for my parents, everyone else is bored and asks me about Penglai Island all day long."

The families behind the Gong Family, Jinsheng Pavilion, Qinglei Valley, Shangguan Family, etc., the girls who are connected to Li Yun are all the first group members and supporters of the Fairy Society. They followed the Fairy Society and sent fiercely. A windfall.

But after getting rich, not everyone in the family gets rich, or many people are not satisfied with the benefits they get, and want to get more distribution benefits through Gong Qingyu and the others.

In short, Gong Qingyu was really annoyed by the interests of these Feiyang Gougou.

If she didn't go home once throughout the year, she would definitely return to Zhonghai City on the fifth day of the Lunar New Year. She would still be comfortable watching anime and playing games in the study room of No. 3 Mansion.

Qingcheng Pearl: "There seems to be a lot of people, who are they? Wait, I'll be there soon!"

Xiao Mingzhu is offline.

"Woo, I want to be there soon too, but my show is coming soon, @茹卿姐, hurry up and turn on the TV, let Li Yun wait to watch my show, half past eight!"

Ru Qing: "Good."

Xiao Liuli: "Wow, has it begun? Sister Xianxian's Spring Festival Gala, looking forward to it, hehe, I'm with my mother now, it's decided, I want to spend Qingming at home, and then go to Zhonghai City!"

"Don't want your husband?" Gong Qingyu joked.

"He? Humph~~ Let him come to me."

Glancing at her glamorous mother holding herself, Jin Liuli thought of something. When Li Yun, the big pervert, came, she also said that she wanted to bring her mother together. But after her mother returned to Jinsheng Pavilion, he There is no question.

Forget it, next time he comes, Jin Liuli will take the initiative and let her mother be with her.

"Xiao Liuli, what's the matter?"

Gu Yuqing said softly, her daughter giggled and slid into her arms, "Mom, I'll find you a husband!"

"Huh? No, no, don't let it go."

"It must be! Mom waits."

Chapter 3547: New Year's Eve Dinner (Part 2)

"Okay, okay, everyone turned around, Xianxian is about to take the stage!"

At 8:20, Shan Ruqing smiled and clapped her hands, motioning everyone to turn around.

To be honest, when she first heard that Liu Xianxian was actually Li Yun's girlfriend, she was really taken aback. After all, Liu Xianxian's reputation is so big that she is already a household name in

Huang Xuanguo, even people in their 50s and 60s. Her fame, heard her songs, watched her movies, and definitely seen some of the top products she endorsed, such as mobile phones, telecommunications, and so on.

These big brands all use portrait photos taken by Liu Xianxian, and they are placed on the roadside or in the shopping mall. It is not an exaggeration to say that everyone in Huang Xuanguo can see Liu Xianxian's photos as long as they go out!

Therefore, at 8:20 minutes, when Liu Xianxian was ten minutes away from the program in the preview, when Liu Xianxian boarded the Spring Festival Gala, Huangting Mountain, which was usually less than one-third of the people, actually rioted!

Li Yun took out his mobile phone and glanced at the owners of the Huangtingshan Villa and Castle, and found that many people were giving out red envelopes to celebrate. The contents of the red envelopes were all about Liu Xianxian.

Such things as "Blessing our superstars from Huangting Mountain on the Spring Festival Gala", "Looking forward to the fairy performance", "My daughter has been looking forward to the fairy performance for a long time."

And the amount of money is more than one hundred yuan at a time, which means that these red envelopes start at one to two thousand, and even ten are issued at five thousand.

Li Yun thought for a while, and directly wrapped a big red envelope and threw it into the group: "Thank you for supporting my fairy!"

"Wow, grab a thousand yuan?"

"Boss Li is magnificent!"

"Boss Li was generous and robbed three thousand!"

"Hey, a big red envelope of 100,000 yuan, Boss Li, happy new year! Happy New Year in advance!"

Ordinary red envelopes can only be issued two hundred, but some special methods can be used to increase the value. Li Yun's red envelopes are very high, so he directly issued a big red envelope of one hundred thousand.

All the owners of this group of Huangtingshan are super-rich people with a net worth of more than one billion yuan. The red envelopes of several thousand yuan are just a pleasure. The late boss Li, who has snatched the air of the late boss, is all flattering Li Yun.

After all... Baiyun Technology is really awesome!

Conventional companies can no longer be used to describe it, so that Baiyun Technology is now considering spin-off, some functions that are not deeply related, otherwise, the index finger of Baiyun Technology may break through the historical record and reach a terrible one hundred thousand. One hundred million U.S. dollars!

It is dozens of times as many as the fruit company, and more than twice as much as the most powerful company in history!

Li Yun has no objection to this. He also knows that Baiyun Technology is too strong. Now, it is time to spin off some of them, and spin off battery technology and virtual reality technology, so that the market value will stabilize at five trillion US dollars, and it will be the highest in the world. .

The purpose of his distribution of this large red envelope is actually the words "my family immortal". In this way, Liu Xianxian is half open to his relationship with Li Yun. In Huang Xuanguo's wealthy circle, no one dares to beat Liu Xianxian. Attention.

This is also a vaccination that Li Yun feared that immortals would be on the Spring Festival Gala, which would attract the attention of some powerful and powerful people.

After thinking about it, Li Yun sent another 10,000 yuan red envelope to the high school class group, and another 5,000 yuan red envelope to the university class group. As a result, the groups all became a sensation.

"Hurry up!!" Shan Xiaoxiao exclaimed happily.

The time came to 8:28, the last show was over, and Liu Xianxian was about to debut.

Chapter 3548: Xiao Mingzhu arrives

On the Internet, countless posts, bullet screens, and comments have been swiped together, and many people have felt that Liu Xianxian is about to appear on the stage, this kind of exaggeration of a hundred responses, a thousand responses, and all responses.

To put it in a hot comment of one hundred thousand likes: I deliberately prepared the New Year's Eve dinner at 2 o'clock in the afternoon for the moment of 8:30!

Weibo was even paralyzed for a time. According to the statistics of the time, the audience rating of Southern TV's Spring Festival Gala soared from 10% to 80%!

This shows Liu Xianxian's exaggerated influence.

"...Below, we have one time winner of the Little Golden Man, two Grammy winners, famous movie stars, singers, and Liu Xianxian, to sing for us a song "Aura Age, Let's Hold Our Heads Up!"

"Wow!!!"

The host of the Spring Festival Gala introduced Liu Xianxian in a very exaggerated tone, which provoked Shan Xiaoxiao, Caixia, Cai Wei, Fan Qingzhu, and the holy son, Shan Ruqing, who joined the fun, plus a person standing at the door, all excited Applaud.

Li Yun turned his head and looked at the door. In addition to seeing a beautiful girl standing there applauding with a smile, outside the door came the cheers of thousands of people who stayed in Huangting Mountain to celebrate the New Year, and even listened to it. Arriving in the distance, Zhonghai City seemed to tremble.

This proves once again how well-known Li Yun's girlfriend of a big star is.

"Mingzhu, why are you here?"

Li Yun watched the beautiful girl standing at the door come in, everyone looked back at her, and after greeted her, they immediately turned their attention back to the TV.

"My family has finished the New Year's Eve dinner, but I haven't eaten enough, so I came to have a super full dinner!"

The saying of the super-man full banquet is naturally a rhetoric circulated in the fairies. Xiao Mingzhu smiled and sat down, unceremoniously picking up the chopsticks Li Yun put on the bowl, and holding a piece of it on the table, it was sizzling in the small oven. The beef was put into Yanhong's mouth.

"Taste it for you."

After taking a bite, it stopped. After all, Xiao Mingzhu had already eaten a meal, so he only took a small bite, handed the rest to his mouth with chopsticks, and smiled and stuffed it into Li Yun's mouth, who hadn't turned his head.

Caiwei and Caixia in the distance couldn't help but take a look, brother and sister Mingzhu are so affectionate!

Shan Ruqing was a little jealous.

As for Tang Anxi... she tried very hard not to be jealous, otherwise, she would not be able to control herself and wanted to grab Li Yun.

"It's starting, ah, on stage, it's Sister Xianxian!"

Shan Xiaoxiao screamed, and everyone immediately turned their attention to the TV.

Liu Xianxian, who was on the stage, was as beautiful as a real fairy, with a white skirt, a slender waist and a long and thin swan neck. His body naturally exudes a noble breath, just like a beautiful swan, flying gracefully. On the Spring Festival Gala stage.

Stand still and sing.

The beautiful singing voice makes people listen intoxicated, and the positive and high morale contained in it makes many people listen with enthusiasm.

Li Yun held a glass of red wine and put the edge of the glass to his mouth, quietly admiring the beauty of his girlfriend on the stage.

He actually likes this very much. His girlfriends have made a successful career, and Li Yun did not hinder them. The outstanding girls around him can shine and make their lives.

So on the other hand, Li Yun didn't really want the girls around him to make a great career, he just didn't want to let the good ones bury their talents because of his relationship.

Chapter 3549: The radiant fairy

For example, Liu Xianxian.

She is a singer and movie star, is well-known all over the world, has made good movies, and sang songs that have inspired countless people.

If she retired because she liked Li Yun and stopped making any works, Li Yun would blame herself very much and would never approve of such a decision.

A person's growth varies, but the evaluation of a person's life thickness is not because of life span, but on whether he has made a career while he is alive.

If you die for your country, even if you live only twenty years old, you will be as serious when you sacrifice. On the contrary, if you betray your country and betray the people, even if you flee abroad and live for a hundred years, you will be applauded when you die.

Therefore, Li Yun does not approve of some famous university girls who have been studying hard for more than 20 years to become full-time wives upon graduation. He also does not approve of anyone, because of their marriage, they no longer create.

For example, what Li Yun wants is not for a lazy housemaid like Gong Qingyu to go out to work and create any achievements, but want Gong Qingyu not to become lazy and become nothing, even if she is lazy, she should do it. Some things can't be a waste of life.

For now, Li Yun is quite satisfied. Gong Qingyu firstly helped the Fairy Society to develop its influence, and secondly, she practiced painting quite hard. In the end, she did not slow down her progress and still maintained a fairly fast practice speed. .

From this result, Qingyu did quite well. She did not go out to work and was lazy all day long, but she did not become a waste person. She still has her own efforts and persistence.

This is also true of Jin Liuli, Xia Feiyao, Shangguan Lingxian, etc.

The only thing Li Yun didn't demand from the girls around him was Princess Yongning. There was no way. The little princess was frail and weak. Just living happily and happily was already a great thing for her.

As for the others, the little maid Qingzhu will probably serve her saintly lady in her life, while the Saint Fanqing is a saint, and she is the master. Zhao Tianfeng, Hu Xiaomeng and others are not in a hurry, they are still in school. , Now there is no need to make a decision too early.

Uh, actually Gong Qingyu is also in school, but she is lazy, and now you can see what she will do after graduation.

As for Xiao Mingzhu... this top Bai Fumei doesn't need Li Yun's guidance at all, but Xiao Mingzhu to guide her.

"Hey, come back!"

Xiao Mingzhu smiled and shook his palm in front of Li Yun, and said, "Really, I can see God by watching my fairy buns on TV, but I don't usually see you and I can see God."

A very bold love sentence made many girls in the audience look at him.

Xiao Mingzhu's face is red, but he is not ashamed. Anyway, the girls here... are mostly people around Li Yun and her future sisters. What are they afraid of?

"It means you think you are more beautiful than the fairy buns?"

Li Yun was talking to her, his eyes still staying on Liu Xianxian on the stage of the Spring Festival Gala.

His big star girlfriend had finished singing a song, but did not immediately step down, but waited for the two hosts to come on stage and talk to her.

Seeing this, Shan Ruqing couldn't help but said: "It seems that Yangtai attaches great importance to Xianxian!"

Ordinary stars, getting invited to the Spring Festival Gala is already an important opportunity that cannot be desired. If you don't see someone who plays a sketch, he has made one of his apprentices popular through the sketch, so that the apprentice has become a little \*\*\*\*\* from a little-known pawn. A super traffic star who can earn hundreds of millions a year.

Chapter 3550: Interview with Liu Xianxian

Even a young girl who has been turning around as a background board can be repeatedly interviewed by many news reporters after the Spring Festival Gala.

And some grassroots singers have also become wealthy people who take countless business performances a year and make a hundred million yuan by appearing on the stage of a Spring Festival Gala.

It can be said that the Spring Festival Gala is a super huge star-making platform. Anyone who climbs on it will be known by Huang Xuanguo's 1.4 billion people and become a well-known star.

It is precisely because the stage of the Spring Festival Gala is too big, many people want to go on stage to perform, leading to the time arrangement can be described with precision to the second.

Therefore, the average singer sings one song at most—maybe even the song has to be compressed. It turned out to be a five-minute song, only for you to sing two and a half minutes, and you will have to step down when you sing half of it.

Only some heavyweight singers can sing a song completely alone.

As for those who can stay on stage after singing or any other show, in addition to participating in the show in person—the host who is entrusting the magic show, it seems that only a few people can get this special Treatment.

"Xianxian, Happy New Year!"

After the host returned to the stage, the first sentence was to greet Liu Xianxian, who was wearing a white dress and just finished singing a song. Judging from the smiling face of the hostess, it seemed that he was still a fan of Liu Xianxian.

It has to be said that Liu Xianxian's fans are estimated to be Huangxuan Junior High School, the oldest in age and class, even on the stage of the Spring Festival Gala.

"Miss Qingqing Happy New Year~"

After saying hello, the host interviewed the big star Liu Xianxian in front of the national audience, which made the national audience feel addicted.

Of course, the questions in this interview are not nonsense. Every question of the two moderators, even every sentence answered by Liu Xianxian, is prepared in advance and is by no means aimless.

For example, at this moment, Liu Xianxian's pure and beautiful face showed a firm expression and answered the host's question to the audience across the country:

"Yeah, I believe that in the future Aura era, we humans will surely win the final victory, everyone, come on!"

"This is both an opportunity and a challenge, but I believe that the country will help..."

"Well, I wish the people of the country a happy Chinese New Year and all the best!"

After answering several questions, Liu Xianxian finally uttered the usual New Year greetings, which meant that her "mission" was over.

Li Yun couldn't help laughing, causing Xiao Mingzhu to give him a blank look: "What are you laughing at? My fairy bun is funny? Okay, I have to tell her later!"

"I didn't smile."

Several people around were confused. Xiao Mingzhu stopped talking to Li Yun and explained to Nie Xiaoqian with a smile: "Actually, the questions Xianxian answered just now are all memorized. She just answered them step by step. In fact, these questions are just borrowing the words of immortals and telling the people of the whole country to hear them, which is tantamount to stabilizing the military spirit!"

Shan Ruqing nodded, so it is no wonder that Xianxian will answer questions on stage.

This year is really special. After the explosion of Penglai Island's aura, it almost subverted the three views of the entire world's seven billion people, causing unimaginable turbulence.

Therefore, it is necessary for Liu Xianxian, a big star who is loved by many people, to say something to comfort the people of the whole country through the Spring Festival Gala, a stage that people all over the country are watching.
