

Godly Choice 3551

Chapter 3551: That him, i love you

Just when Li Yun and others, as well as the people of the whole country, regretted that Liu Xianxian was about to step off the stage, the female abbot suddenly asked one more question:

"Then, the last question is about you, Xianxian."

"I?"

Liu Xianxian on the stage was shocked, this is beyond the outline!

During the previous rehearsal, she had not encountered this sentence, and she did not know whether it was added by the hostess on the spot or the director asked for a delay.

Because there are actually many unexpected situations in the Spring Festival Gala, it is not that they were not prepared, but that some temporary emergencies caused a certain program to be cut off.

When a program is chopped, there will be three or four minutes more, and the program will be disrupted. Therefore, it takes some time to spend more time on other programs to get the program list back on.

Of course, it's okay to be out of time. Any moderator will delay the time. Just a few moderators on stage and just talk a few words.

However, instead of letting a few presenters come to the stage for nonsense, it is better to let the star Liu Xianxian, whose ratings have soared, stay on stage for a while and talk to her about one or two more questions. Isn't it beautiful?

The male host smiled and did not object, proving that it was probably the director's request: procrastinate!

The experienced Liu Xianxian quickly reacted, nodding reserved, and said: "Okay, I don't know what question the host wants to ask me? Let's say okay first, my wife's private question, I won't answer~"

Mrs. Private!

puff!

There are tens of millions of fans across the country. From the stage of the Spring Festival Gala, after hearing Liu Xianxian answer questions in a tone beyond the "outline", they almost got a cerebral hemorrhage with excitement.

Keke is the kind of feeling that is congested because of too much excitement.

Anyway, excitement, excitement, ecstasy!

"Uh."

Obviously, as an ordinary fan, the hostess was also taken aback by Liu Xianxian's answer. After a full second, she laughed: "Xianxian, you are really... I mean, don't worry, it's all very A simple

question, I believe that your fans across the country and even the world are also very concerned about it."

The host almost uttered the words "Xianxian, you are so cute"!

Fortunately, after all, he was the host of the central station, and he responded very promptly, without making any embarrassment, and he deserves to be professional.

The male host seemed to see that there was something wrong with his partner, and he intervened and asked: "Oh? I don't know what the problem is? I'm also a fan of Xianxian. I have several questions in my heart. !"

The national audience smiled knowingly. Fans among them had a hundred questions to ask Xianxian.

The most important question: can Xianxian be my girlfriend? !

Otherwise, "boyfriend" is fine too!

The female host smiled and said: "The problem is actually quite simple, that is, in the new year, what do you want to achieve, Xianxian? Last year, we experienced a big event like Penglai Island, then next year, Xianxian, what do you expect?"

Quite private, and quite organized question.

Not very out of the ordinary, but also asked the point.

Therefore, although this problem is temporarily added, as long as a qualified star can respond to it on the spot, it is good to make a wish on the spot.

However, as a big star Liu Xianxian, she would not answer the wish made up!

"My wish for 2021...that is, the one I like will continue to like me! Love you!"

"puff."

Li Yun spit out a sip of wine.

Chapter 3552: love you

"The one I like will continue to like me! Love you!"

Liu Xianxian's words detonated the Internet, and the hot list was immediately arranged and connected—that is, in the real world. Women such as Li Yun and Xiao Mingzhu could hear the thunderous roar of Huangting Mountain:

It was shocking!

Liu Xianxian actually admitted that he has a boyfriend.

and!

Her cute and coquettish tone is different from the previous Liu Xianxian. Countless fans listened comfortably, moved by the beautiful voice of their idol, and at the same time broke their heart, went to Liu Xianxian's Weibo to cry and complain. .

Many people guessed who he was, and all rushed to Li Yun's Weibo, issuing death threats:

"The surname is Li, listen, dare to be bad to my immortals, I can't be the first to spare you!"

"Yes! He in Liu Xianxian's words is you, right?"

"Don't deny it! Hurry up and sever ties with other women, and concentrate on being good to my fairy!"

"Oh my god, you **** is the happiest person in the world, do you know? You can be confessed by the fairy in the spring evening. If you dare not be nice to the fairy, our billions of fairy fans must tear you up! "

Liu Xianxian's words implied several meanings.

For one, she likes him.

Second, that he likes her too.

Third, the relationship between Liu Xianxian and him is very good, and it will not change in 2021. Even judging from the happy appearance of Liu Xianxian on the Spring Festival Gala stage, it is very likely that the future will not change!

Therefore, Li Yun, who had been with and was the only one to interact closely with Liu Xianxian, became the only object of Liu Xianxian's "boyfriend".

After all, the only man Liu Xianxian came out to "kiss" with him in public was Li Yun, but who else could he be?

Although Li Yun and Liu Xianxian were only filming at the time, in the large number of in-play photos that Liu Xianxian released, she was afraid that her lips had been kissed by Li Yun hundreds of times, and in the name of practice, she was in the studio in the town. In the North Castle, all have intimate photos.

There is also a gossip that Liu Xianxian and Li Yun once stayed in Zhenbei Castle for five or six days!

A couple who has kissed so many times, staying alone for five or six days, fools can guess what's going on.

Fortunately, Liu Xianxian has always been an idol based on her strength, not her appearance. Otherwise, just filming a series of Mr. Killer and Mr. Sheriff can get her tens of millions of fans.

Therefore, after Liu Xianxian "announced" his love affair on the Spring Festival Gala stage, many fans who had been prepared went to Weibo under Li Yun to bless them instead of swearing.

The only thing that dissatisfied the fans is that Li Yun still has an inexplicable relationship with many beautiful girls, which makes the fans especially angry and fights for Liu Xianxian.

Even many fans have speculated whether their Xianxian has not "successful" and has not formally confirmed the relationship with Li Yun, so there will be a Spring Festival Gala confession event?

But in any case, after the hostess stayed for a while, she chose to bless Liu Xianxian and ended this special interview.

Liu Xianxian, who looked like a god, bowed to the audience with a smile and thanked him, and stepped off the stage with high heels.

The Spring Festival Gala continues.

However, the heroine who caused countless discussions in front of the national audience just now can't wait to leave the Yangtai Building and head straight to Zhao Tianfeng's home. Because tonight is New Year's Eve, the car is unimpeded and soon arrives at the destination.

"Li Yun!"

Chapter 3553: The heroine is coming

The voice of the heroine of the Spring Festival Gala confession incident just now came directly into Li Yun's mind, making his face become weird, and pointing her hand to the open space next to her.

Suddenly, Liu Xianxian, a beautiful classmate, appeared in front of the girls.

Caiwei was stunned. The fairy sister in front of her hadn't even changed the costume on the Spring Festival Gala that she saw on TV just now. She was still dressed in a pure white dress, and she appeared in front of them happily and swooped. Into her brother's arms.

"Li Yun, how was my performance just now?!"

Our star classmate Liu Xianxian looked at his boyfriend with eyes full of expectation and happiness.

"Do you want me to answer?"

Li Yun smiled.

No wonder Xianxian asked him to prepare more New Year's Eve dinners before. He planned to go to Zhao Tianfeng's house immediately after the performance, from Dongfu to Zhuhai Police Service Lotus Immortal Mansion, and then from Xianfu to Zhonghai City.

Across three thousand miles, it suddenly appeared in Zhonghai City!

"want!"

Liu Xianxian replied energetically, she has no time to be happier than now.

Just stepping off the stage of the Spring Festival Gala, she stepped over to her boyfriend's house. In the warm living room, the girls were eating the New Year's Eve dinner. She really liked the atmosphere!

"It's great, but not perfect."

"what?"

"Want to know how to be perfect?"

"Of course!"

"If you want to be perfect, then the person you confessed must respond to you, just like this~"

Li Yun hugged Xianxian's waist, leaned over, and kissed hard.

Liu Xianxian gave a shy cry, quickly forgot who was around, and threw himself into this deep kiss emotionally.

For a long time, for a long time.

The lips of the two were separated. Li Yun put the fairy with Hongxia all over his cheeks on the sofa and glanced around, and found that many girls had envied expressions in their eyes.

Of course, except for the son Xiaosu, and the young girl.

The rest, Shan Ruqing, Nie Xiaoqian, Tang Anxi, Fan Linglong, the little princess, the little maid, and even Xiao Mingzhu, etc. Anyway, the girls who have a relationship with Li Yun, after seeing Li Yun give Liu Xianxian an affectionate kiss, it seems that they are all moved.

Think about it, too, on a New Year's Eve with such a good atmosphere, being intimacy with your boyfriend will double your happiness.

"Ahem, everyone continue to eat!"

It's a pity that besides Li Yun's confidante, there are many girls who are not. Li Yun can't be shameless enough to just kiss them one by one, it's too shameless.

Because Liu Xianxian just got off the stage of the Spring Festival Gala, he couldn't help himself.

"Good~"

Liu Xianxian replied loudly to conceal his shyness, and took the initiative to reach Xiao Mingzhu's mouth and ate the barbecue she was about to eat.

"Fairy Bun!!" Xiao Mingzhu's voice became louder.

"Why? Smelly pig!"

"If you want to eat barbecue, go find the one you like, he likes you too!"

"But the one I like is also the one you like, what should I do?"

Shan Ruqing wanted to laugh. If the audience from all over the country knew that Liu Xianxian, the big star who was still shining on the stage just now, has now become a shameless little girl, how many tens of millions of people's jaws will be shocked?

"New Year's Eve dinner continues!"

Li Yun announced again and poured a glass of red wine: "Come, everyone, to our superstar to come back for a smooth performance!"

"Cheers~!"

The girls raised their cups with a smile. Because of their young age, Caixia and the girls can only drink juice, but most of the girls don't drink alcohol and use juice instead.

Chapter 3554: Set off fireworks (part 1)

The joyous New Year's Eve dinner lasted until ten o'clock in the evening, and everyone was so full of stomachs that they even took in the dishes and heated them twice before it was over.

For the rest I want to eat, I can only eat some hot pot, or roast some beef, lamb and vegetables on a small grill to fill my stomach.

"Brother, shall we go to set off fireworks?"

Plucking Li Yun's arm, Cai Wei swayed and said coquettishly.

Li Yun Dama Jindao slumped on the sofa, and there was no girl beside him—all of them were shy and dare not come over. The so-called three monks had no water to drink, which is what Li Yun is now.

"Fireworks? Good!"

Li Yun barely stood up and greeted the women: "We bought a lot of fireworks, let's go out together!"

There is no question sentence, but affirmative sentence.

"What's there to let go."

Qingnv was the only one who grumbled and protested, but she still followed out. Like her, she was a long-lived person. The son Xiaosu seemed a lot more happy. She ran out with Caixia Shan Xiaoxiao and other little girls, and pulled up by the way A little sleepy little princess.

Upon seeing this, Li Yun smiled and asked the little princess to eat another small recovery pill.

The pill can keep the little princess awake. Of course, it can't last. Because tonight is the New Year's Eve, Li Yun specially allowed her to play for a while and then go to bed at twelve o'clock.

"Ah~~~ Husband, feed me."

The little princess opened her small cherry mouth, took the pill from Li Yun's hand, and rubbed her eyes, and then happily followed the little girls to the outside of the villa.

Predictably, tomorrow she estimates that she will have to sleep all day to make up for sleep.

However, in life, sometimes it is necessary to break the routine and create a sense of ritual and excitement, so that it can be exciting. It is normal to stay up late occasionally.

"Ah, great, what is this firework?"

"Sky Monkey~!"

"What about this? This is great!"

"Well, I don't know. Just leave it to him, it's fun."

A few little girls set off fireworks as if they were fighting, sparks in front of the villa with lightning, and some fireworks scurried around like fire rats, whizzing around.

Liu Xianxian couldn't help it for almost a second, and immediately ran to join the team that set off the fireworks.

Tang Anxi was stunned, and couldn't help saying: "The benefits of the villa are probably like this..."

If you change it to another place, in a big city like Zhonghai City, let alone firecrackers, you can't even set off fireworks. They can only be set off in a fixed place. Ordinary children in the city can rarely enjoy what they grew up in the countryside. Child, the pleasure of blowing up cow dung and septic tanks with firecrackers.

It can only be said that there are gains and losses.

However, this problem does not exist at all in the villa area!

In my yard, I want to set off fireworks. Especially in Huangting Mountain, there is no smoking ban, so many people come to the foot of Huangting Mountain to set off fireworks.

The villa that Li Yun bought has a large area. The front garden also has a badminton court and the back garden, which is enough to show that the villa has a large area.

Therefore, Caixia, Caiwei, and Shan Xiaoxiao all just set off fireworks if they wanted to, or firecrackers if they wanted to light firecrackers, without considering the feelings of neighbors.

—The nearest neighbors are hundreds of meters away from this villa, so there is no need to worry.

Moreover, as the time gets closer and closer to midnight, the fireworks and firecrackers on Huangting Mountain become more and more intense.

Chapter 3555: Set off fireworks (below)

"Qingsheng, shall we come to play too?"

With a hello, Li Yun took out a box of fireworks of various colors from the space ring and placed them on the ground.

"Give me a lighter."

Concubine Wan Qing held out her little white hand toward Li Yun expressionlessly, with an expression of "I don't really want to play, but I must not let the fellow Van Qing Sage play first".

"I'll come, I'll come!"

Wan Qingya snatched Li Yun's lighter, lit a bunch of incense, and happily distributed one to Li Yun, another to Wan neon clothes, and then all to Tang Anxi.

It is up to her to distribute to all the girls.

"what can we play for fun."

The green girl murmured, but couldn't help taking out a round firework from the box. After looking at it carefully, it lit and threw it out.

"Cuckoo!"

The billowing fireworks whirled and jumped on the ground, bursting out circles of sparks, startled the young girl, and quickly flashed aside.

But her hand couldn't help but grabbed another one, lit it, and threw it out.

Concubine Wan Qing also threw out one blankly.

In a moment, three fireworks happily spin together, plus a few more thrown out of the little girls group, five or six fireworks croak and spin together, the picture is particularly beautiful.

Sage Fan Qing took a firework stick that Li Yun handed her, and after it was lit, he casually held it in his hand and danced, making the little maid in the distance stared for a while.

The appearance of the Saintess who waved the firework stick with a cold expression is really unimaginable what it would be like if it weren't seen with his own eyes.

But this happened.

And Qingzhu could see that Master Saint was in a good mood now, waving a firework stick lazily, and it seemed that it would be fine for her to play all night.

Concubine Wan Qing glanced at her and muttered a very low voice, unable to hear her clearly.

Now it's meaningless for her to fight with Sage Fanqing. No, let's say, Sage Fanqing didn't mean to fight with her from the beginning. It was her Concubine Wanqing fighting against her wits and courage with the air throughout the whole process, and the six gates were there After achieving someone's purpose, it quickly became loose, similar to the hidden sacred valley after the split.

future.....

Concubine Wan Qing is thinking, I guess she and Fan Qingsheng will really become sisters, right?

"Master?"

Concubine Wan Qing glanced around, only to realize that at some point, her master, or mother, and the master of Fan Qing Sheng, Fan Linglong, two former saints who had fought a battle, actually went to one side and held each of them. With five or six salutes and fireworks, there was a solemn expression on his face.

Then, shoot on!

"Fan Linglong, look at it!"

Wan Nishang took the lead in lighting the salute and hit Fan Linglong in one shot.

"boom!"

"Just you can shoot?"

Not to be outdone, Fan Linglong directly took out two salutes, ignited them in one go, and bombarded the wan neon clothes.

Li Yun: "..."

Concubine Wan Qing & Sage Fan Qing: "..."

Women: "..."

They were already unable to complain, and the good fireworks salute turned into a tool used by the two former saints to fight each other.

If it weren't for the New Year's Eve, would the two men go into battle shirtless again and fight directly?

Li Yun had a weird face. One of his girlfriends, Fan Linglong, and Wan Nishang were both injured after a battle, and they hadn't recovered for a hundred years.

Moreover, the two were pregnant at the same time, and each gave birth to the next successor of the saint.

Fan Qing Sheng.

Concubine Wan Qing.

What happened between them?

No, maybe even they don't know it.

This matter must be investigated by Li Yun!

Chapter 3556: I'm very good

The girls had fun, and Li Yun didn't care about them either. Anyway, there are a lot of fireworks, so you can just order them.

He glanced around, walked to Nie Xiaoqian and Tang Anxi, and handed a firework stick to the two empty-handed.

"what happened?"

Li Yun asked with a smile.

"My son~" Nie Xiaoqian yelled in a soft voice, but with a pitiful look, as if he could see Li Yun's intentions, and proactively confessed: "It's nothing, I'm just a little bit uncomfortable with the lively environment, eh It's not that I don't like it, it's just that I can't get in, but I don't need to worry about Xiaoqian, Xiaoqian feels very good now, watching the sisters together. Light fireworks to play, I feel good~"

In fact, her personality is a bit quiet, but she doesn't reject this kind of New Year's Eve activities. It's better to say that the New Year should be happy and happy.

If it's the New Year's Eve, the son did not think of her in the Lotus Immortal Mansion. Nie Xiaoqian would feel lonely and sad. Fortunately, the son told her to participate in the New Year's Eve activities with her early, and she did not forget her identity as a ghost she.

"How about you? An Xi."

Li Yun squeezed Tang Anxi's cheeks that were reddened with freezing. Li Yun had already had a relationship with her before, but Tang Anxi was still very stubborn.

"Yun, I'm fine!"

Tang Anxi took a sneak peek at the girls who were still setting off fireworks, and took the initiative to approach Li Yun, put her arms around his waist, and put her delicate body on it. She stood on her tiptoes and took the initiative to print on Li Yun's lips.

Touch it.

Tang Anxi didn't covet too much. After separating, she covered her lips with her small hands, her eyes full of happiness with a smile.

"Sister Xianxian kissed your husband, I have to kiss back too!"

"You've been entangled just because of this?"

"Yeah~"

Li Yun couldn't laugh or cry. No wonder Tang Anxi had been looking at him frequently just now. He had been looking for a chance to kiss him.

Li Yun estimated that if Tang Anxi, who was a little sick and tender, didn't give her a kiss tonight, she would have been thinking about it from New Year's Eve to the Lantern Festival!

"Whee."

Tang Anxi lowered her head and smiled shyly. She didn't ask Li Yun to do more for her, but if her husband treats other women well, he must do it to her!

Otherwise, her jealousy will not disappear at all.

"Do you want more?"

"Uh?"

Li Yun kissed him, Tang Anxi was quickly lost in the kiss, threw away the firework stick, and responded to him like fire.

Caiwei used fireworks to block her eyes and was ashamed to look at her brother.

"Ashamed!"

Shan Xiaoxiao pretended to be a little girl, "Bad father always kisses others, I really don't know how to be ashamed."

"What's the shame?" Another Li Yun's daughter, Hei Yudie danced up and down happily, "Baba also likes to kiss the butterfly the most~"

Shan Xiaoxiao's face blushed, and she lowered her head to hold fireworks.

Shan Ruqing glanced at her daughter, and then at Li Yun who was holding Nie Xiaoqian not far away, suddenly looking forward to it.

Since Li Yun kissed one by one, would it be her turn next?

"Pervert!"

The little maid Qingzhu murmured, her cheeks flushed, if Li Yun came to hug her at this time, she... would definitely refuse, definitely!

"..."

After releasing Xiaoqian, Li Yun walked towards Shan Ruqing, this glamorous female president, almost when he walked over, the blush on her face spread from her cheeks all the way to the slender neck, which was especially cute.

Chapter 3557: Wan neon clothes, do you dare

Seeing the appearance of the chief executive, Li Yun smiled, hardly thinking about it, and saying nothing. He just took advantage of the crowd playing with fireworks and scattered, and when the fireworks were splashing, he hugged her and kissed her as well. Go down.

"Bad, badass."

Shan Ruqing wants to struggle. Really, she really wants to make some rejection actions. For example, Li Yun, the villain, still has the smell of Nie Xiaoqian and Tang Anxi in his mouth. At least he has to wait and kiss her. Ah.

But after Li Yun hugged her, Shan Ruqing realized that her heart had become so eager for his embrace.

On the night of the New Year's Eve when she and her daughter found their home, Shan Ruqing felt extremely happy and satisfied, but at the same time she was deeply eager for Li Yun to be intimate with her.

Even if there is only one hug, one kiss, or even just among a group of thin and fat girls, give her the most special one just to pay attention to her eyes.

In this way, Shan Ruqing will be filled with happiness this year and in the coming year.

She likes this kind of life.

I also like Li Yun.

"Well."

Therefore, when Li Yun's face was enlarged and approached her, Shan Ruqing hardly hesitated, her long eyelashes trembled slightly and quickly closed.

Subsequently.

Shan Xiaoxiao covered her big eyes, and saw from her fingers how her mother was blushed by her father, showing a very cute and very beautiful expression.

Really, Shan Xiaoxiao likes seeing her mother happy, especially the mother whose eyes are blurred by her father's kiss, it makes Shan Xiaoxiao full of happiness.

Great~~!

After seeing her mother being deeply kissed, she couldn't hold her leg softly sitting by the fountain in front of the villa, Shan Xiaoxiao couldn't help but secretly laughed while covering her mouth.

Mom will be loved like this by my dad, right?

Like... tonight?

Hehehe, maybe she will have a younger brother and sister next year, Li Xiaoxiao!

"what?"

He Wan Nishang fought with fireworks and salutes, and Fan Linglong, panting with exhaustion, blushed when he saw Li Yun looking at her, giving him a white eye, and then turned and went into the villa.

"Tired, Wan Nishang, you win this time!"

Wan Nishang: "..."

She looked up at the sky, speechless.

She and Fan Linglong have fought many times, but every time-even when they concealed their identities and were still good friends, Fan Linglong would never give up easily.

But now?

Fan Linglong confessed casually, causing Wan Nishang to wonder if her former best friend and current enemy had been taken away by someone.

But Wan Nishang thought about it carefully, but suddenly she felt that she was defeated.

Yes, she has already lost this time, and the winner is Fan Linglong!

The reason is very simple. He already has a mate, his daughter is filial, and his mate is worth hundreds of millions, and his strength is also very strong. He is simply a perfect man except for the many women around him.

Compared to her being a lonely person, Fan Linglong is already detached from this kind of pediatric struggle and is ready to enter the life stage of being a husband and a child.

That's why Fan Linglong casually said that he surrendered!

"hateful!"

Wan Nishang watched Fan Linglong walk into the villa. Suddenly, she had a very bold idea.

Your husband, what happens if you are robbed by me...?

"Hey, Fan Linglong, come here!"

With a shout, Wan Nishang walked towards Li Yun, and took the initiative to wrap his arms around his neck in the shock of everyone's eyes.

"Wan neon clothes, dare you!!"

Fan Linglong was stunned.

Chapter 3558: all come

Concubine Wan Qing was stunned on the spot.

Wan Qingya's eyes widened, looking at her master's Wan neon clothes, in the eyes of everyone including Li Yun, she kissed Li Yun's lips fiercely.

One second, two seconds.

Wan Nishang released him, and glanced at Li Yun's eyes. Vaguely, her eyes were a little bit shy, but more triumphant, turned her head and shouted at Fan Linglong: "How are you? Are you still proud now?"

"I will kill you!!!"

Fan Linglong took out the guy and chased them towards Wan Nishang. Everyone just watched them disappear into the night, and bursts of fireworks and salutes lifted into the sky, and they didn't know if they were blown up.

Li Yun was dumbfounded and touched his lips. Not to mention, as a woman who is about the same age as Fan Linglong, but also in the soul and light realm, and not much different in strength, the appearance of Wannu clothes can be called coquettish, with a kind of evil beauty. Like a rose with thorns and blood.

But her lips have a special fragrance, which still remains on Li Yun's lips, with a special smell.

"Humph!"

Concubine Wan Qing glanced at Li Yun coldly and saw him touching the lips that her teacher father had used, and she knew what this guy was thinking.

"Haha." Wan Qingya laughed, and she came to Li Yun as soon as she jumped, and put her arms around his neck, and her red lips came up.

"boom!"

Tang Anxi set off a large firework, gritted his teeth, trying to prevent herself from seeing this person named Wan Qingya kissing Li Yun.

"Humph!!!"

Until Li Yun pushed away the passionate Wan Qingya, as the main concubine Wan Qing, he snorted hard again!

"Li Yun, I want too."

Sage Fanqing walked over and hugged him actively in everyone's stunned eyes.

This time, Li Yun took the initiative to kiss the girl in his arms.

"Humph!!!"

Concubine Wan Qing snorted for the third time, and everyone could tell that she was eating a bottle full of vinegar now.

"Me, I want more!"

Of course, Wan Qingya was not satisfied. As the clone of Wan Qing, she inherited all the emotions and memories of Li Yun from her body since her birth, but it happened that the person in her memory was not her.

Therefore, Wan Qingya can't wait to create memories that belong to her and Li Yun alone.

"What do you want, go! Why are you staying here? I've finished the New Year's Eve dinner!"

Concubine Wan Qing coldly, grabbed her and walked out.

As a result, Wan Qingya, who was smirked, pushed her over and threw herself directly into Li Yun's arms.

"Qing concubine."

Li Yun had a lot of words that he wanted to say to this six-door saint, but before he could say a thousand words, he kissed her directly.

Tonight is the New Year's Eve. If there is something to be said later, even if the sky falls, the gods recover, and the dark scenes appear, they can't stop Li Yun from kissing her now!

"Hmm, bastard... let go, woohoo."

It took less than half a minute for Concubine Wan Qing from struggling to responding.

Caixia, Caiwei and others, after watching Li Yun's continuous intimacy with the girls around, expressed their accustomed to them, and even calmly lit fireworks to create a romantic atmosphere for the two kissing.

After the end, Concubine Wan Qing's pure and glamorous face turned completely red, held back for a long time, and finally turned around abruptly and ran away quickly.

"Hey?"

Li Yun shouted: "Qing Concubine, I haven't waited for the New Year's Eve yet!"

"Over your head... I'll talk about it next year."

Uh?

It means, next year's New Year's Eve, do you want to come and spend time with Li Yun's family again?

Chapter 3559: Happy New Year

"Really, go so fast."

Wan Qingya didn't stay long, muttered, and then ran to Li Yun and kissed him for the last time, leaving behind the sentence "See you next year, I will wait for you", and then caught up with the leaving Concubine Wan Qing.

Although she wants to stay, she is still used to acting with Concubine Wan Qing. She is not familiar with the women here, so let's come later, and show her face first this year.

Li Yun did not stop them from leaving, just waved his hand and watched them go away.

Then, Li Yun found the Lord Saint and the tsundere little maid with blushing face.

In the end, the little princess, who was tired from playing, threw herself into Li Yunqi, and hugged and kissed for a long time—the little princess kissed her husband and was not shy at all.

As a result, when a fireworks event came down, Li Yun successfully kissed almost all the girls around him, so that the girls in the fairies group were surprised and all expressed that they wanted Shan Ruqing to stop him quickly, otherwise tonight There will be another round of mischief.

It is said to be almost the same, but in fact it is still one.

"10,9,8,7...1! 0! Happy New Year!"

With the announcement of the host of the Spring Festival Gala from the balcony in the living room of the villa, Caixia also urged: "Hurry up, Hurry up, Xiao Su!"

"Come, come!"

The son Xiaosu held a piece of incense, squatted halfway, and lit the fireworks nervously and excitedly. At the same time, Li Yun also lit the scattered bundle of firecrackers.

boom!

The first fireworks exploded, followed by continuous explosions. Huangting Mountain was plunged into a sea of firecrackers and fireworks. Every household lit New Year's Eve firecrackers.

In the distance, in the brightly lit Zhonghai City, on the banks of the Yellow River, rows of grand fireworks bloom in the sky, illuminating the faces of everyone who is waiting for the New Year's Eve.

Li Yun and the girls admired the fireworks, and couldn't help but recall what happened this year, and couldn't help but feel deeply moved.

But in the end he was still not so sentimental, the road ahead is still long, and it is far from the end.

In the future, there are still many things to do, including learning more about the truth in ancient times, finding the six doors of life and death, or simply maintaining world peace, developing the era of artificial intelligence, and so on.

"Xiaoyu, happy new year."

Li Yun took out his mobile phone and said with a smile to the virtual image of artificial intelligence Li Xiaoyu.

"Well, brother, Happy New Year!" Li Xiaoyu's body is artificial intelligence, and her IQ is almost no less than that of human beings. Taking advantage of the New Year's greetings, she also said: "In the future, Xiaoyu will continue to help her brother and manage Baiyun Technology!"

"Haha, with you and Mingzhu, I'm relieved."

Li Yun said to her with a smile, and glanced at the only girl who hadn't kissed him just now.

"Thank me for what? I'm not the president of Baiyun Technology."

The fireworks were slightly reduced. Xiao Mingzhu stood up and said goodbye to the girls, and said with a smile: "Come here tonight, you will come to my house tomorrow, Caixia, and I will prepare a big red envelope for the new year's money for you!"

"Do you have me or mine?" Shan Xiaoxiao asked weakly.

"Both."

Xiao Mingzhu glanced at Saint Son Xiaosu, and said with a smile: "Our Saint Son will also go tomorrow!"

Surprisingly, the blonde loli did not refuse, do you know the meaning of new year's money?

"Okay, I'm leaving, you guys go to bed early!"

Xiao Mingzhu left happily, even giving Li Yun only a look!

It seems to be saying, if you dare to come, I will be angry to show you.

Chapter 3560: Give Xiao Mingzhu

"Ahem, I'm going to send Mingzhu, everyone go back first, I'll be back soon."

After speaking to the girls, Li Yun quickly caught up with Xiao Mingzhu.

"Why send me? It's all from the same community."

Xiao Mingzhu also learned the arrogance and involuntary expression of the few girls around Li Yun.

"It's still quite far, at the top of the mountain."

Hundreds of families in Huangting Mountain are scattered on one mountain, and Li Yun's words are true.

After he and Xiao Mingzhu disappeared, the girl left behind, you look at me and I look at you, and they all feel pretty boring.

When Li Yun was there, they could have fun, but as soon as he left, the girls seemed to have lost the backbone of everything, and they didn't have the energy to do anything.

"Ah~~~"

Shan Xiaoxiao yawned and soon infected other people, and Zhu Shue almost fell asleep.

"Little princess, do you want to go back to sleep first?"

"Well, I haven't taken a bath yet, wait and wait for your husband to come back, and wash together."

"..."

Caixia and Caiwei looked at each other, full of envy.

They had washed with their brother before, but they never went together again when they grew up.

"Then... I'll go and prepare first."

Shan Ruqing once again assumed the responsibility of the housekeeper, pulling Xiaoxiao into the villa, but she didn't plan to clean up the mess on the dining table in the living room. After the New Year's Eve dinner attended by a dozen girls, she left a place. The mess of things, let's wait for the maid to come back tomorrow.

Tang Anxi hesitated, wondering if he should stay.

However, Shan Ruqing turned her head and smiled at her: "Don't leave tonight, stay here to sleep!"

You guys are talking about Tang Anxi and Nie Xiaoqian. As for the lady and the little maid, they will definitely not be involved in the evening.

The big star Liu Xianxian... She left a long time ago. After all, her home is also in Huangting Mountain. She wants to go back and spend the New Year with her family.

Of course, there is also a saint son Xiaosu.

"Xiaosu, you stay too."

Shan Xiaoxiao went up and took the blond Lolita's hand, "Didn't you say that there is no one in the castle on the top of the mountain? I live alone in the castle at night, so lonely, I won't sleep with my mother tonight, I'll be with you. How about sleeping?"

Saint Xiaosu thought for a while, and then agreed, saying that it was because Xiao Xiao was still young, so let's sleep with her.

"Hehe, hurry up, let's take a bath and sleep together tonight~!"

Shan Xiaoxiao pulled the blonde Lolita. Her room was on the second floor, which had already been allocated. It was next to her mother's room.

As for the young girl, after lazily stretched her waist, she returned to her room in a remote corner of the second floor. The girls didn't even know if she would take a bath again tonight... Just look at her lazy picture. Look at it.

Should I wash it?

After all, I played with the fireworks all night, and my body was full of gunpowder—the smell of gunpowder literally.

After the excitement, quietness in front of the villa was restored, but all the women found their home, making this more than 1,000 square-meter villa full of warmth.

Here, it feels like home!

Saints Xiaosu and Shan Xiaoxiao, as well as Tang Anxi and others all live here, and will not go back tomorrow...

"Pearl!"

Li Yun chased after him and held Xiao Mingzhu's small hand. This beautiful and white girl who seemed to be tantrums, after a few small struggles, let him hold it.

However, her eyes still refused to look at Li Yun, as if I wanted to go up the mountain and go home, and didn't want to care about you.
