Godly Choice 3561

Chapter 3561: Thinking

"Angry? Jealous? Angry?"

Li Yun guessed her current thoughts, but her other hand was not very well-behaved. He wrapped his arms around Xiao Mingzhu's slender waist. The two of them moved close together and walked on the Huangting Mountain road where the fireworks were constantly sounding.

The mountain road was very quiet, but the surroundings were booming, and the fireworks continued to rise into the sky, and the light that bloomed shining on Xiao Mingzhu's delicate facial features, making her look indescribable.

It's a bit more beautiful than usual.

"Humph."

Xiao Mingzhu groaned, then was hugged by Li Yun, hugged her and jumped on a rock with her, sat on it, and watched the fireworks blooming in Zhonghai City in the distance.

The two watched quietly for a while before Li Yun asked, "Are you willing to talk about it now?"

"...You fellow!"

Xiao Mingzhu twisted him, "If you change to another girl, your trick would have failed long ago."

"What other girl?"

"It's the girls who like to make trouble out of nowhere! So we can tolerate your nonsense behavior and understand you."

"...Then, I apologize?"

Li Yun guessed that Xiao Mingzhu was angry because he kissed the girls next to him when he was setting off the fireworks.

But Xiao Mingzhu cares about another one.

"Is it true that if tonight is not New Year's Eve, your women are still planning to hide?" Xiao Mingzhu asked directly, making Li Yun's heart stunned.

"I....."

"Don't apologize, give me a serious answer!"

Xiao Mingzhu knew that this guy was going to say sorry again, even though she knew that this **** couldn't control herself and was forced by those women, but... can't this **** be less?

Li Yun was silent for a long while, looking at Xiao Mingzhu's tearful eyes, and whispered: "There is one last person who has something to do with me. You already know Mingzhu."

"Who?"

Li Yun handed out his mobile phone, Xiao Mingzhu took it and took a look, ignoring the message of blessings for the new year from Shangguan Lingxian and others, and found a very strange woman.

"Song Xi?!"

Xiao Mingzhu turned up and found that this woman had very few chat records with Li Yun. They talked about once a month. Song Xi sent greetings carefully every time, and Li Yun replied.

"Um."

Li Yun smiled bitterly. It is estimated that most people can't remember Song Xi, this woman.

However, she is really a person who has a full affection for him. Although the system gave only a small red envelope at the time, Li Yun still can't forget her.

It's like people who usually don't care too much, but can't forget it, unable to completely abandon Song Xi.

Li Yun lamented countless times. Fortunately, the favorability system was turned off, otherwise he would be even more tired now!

"Song Xi... is she Song Yuan's younger sister?"

Xiao Mingzhu recalled that after she was with Li Yun, she asked Fang Xue and the other girls about everything about Li Yun. Naturally, she also knew about Song Yuan.

"Correct."

Li Yun sighed slightly and said: "At that time, Song Xi was desperate, and was restricted by her uncle. He was imprisoned in a building. I went to rescue her and help her solve the family affairs.

Since then, she has been obsessed with me, saying that after studying abroad, she will become a secretary for me. "

Xiao Mingzhu glanced at him, "Isn't your secretary Su Muxin? I have something to do with the secretary, it's okay... Haha."

"..."

Li Yun has nothing to say.

Chapter 3562: Alert

"Now you know it's wrong, right?"

Xiao Mingzhu nodded his forehead, "You, be merciful everywhere, but only for a short time, and didn't even consider the women you provoke. They are all flesh and blood who need you to comfort them."

It's like tonight, New Year's Eve, reunion night.

Who can Li Yun put down?

Nie Xiaoqian, Tang Anxi, Shan Ruqing mother and daughter, Fan Qing Sheng, Fan Linglong, Qing Zhu, and Wan Qing concubine and so on.

They all yearn to be with Li Yun on the New Year's Eve, and they may usually endure a forbearance, but if they can't be with Li Yun again tonight, I'm afraid their hearts will be extremely disappointed.

But once the girls get together, Li Yun will inevitably be distracted too much and can't do everything.

Just like when the fireworks were set off, Xiao Mingzhu didn't mind being kissed by Li Yun, but in that case, she would rather not touch the bastard, lest he was too smug and not alert at all!

Without giving him a lesson, he will continue to provoke girls!

"In the future, there will never be again!" Li Yun said solemnly.

He also felt too tired. There are enough girls now. For example, Song Xi, Li Yun would rather she like others. Fortunately, Song Xi still has parents. He used the elixir to save Song father and Song mother back to life. Let Song Xi be able to spend the New Year with his parents.

Otherwise, one more person will definitely be added to the New Year's Eve dinner tonight.

"Where's that neon clothes?" Xiao Mingzhu squinted at him.

"She...you saw it too, she took the initiative to make trouble!"

Li Yun was helpless.

real.

"Hmph, she'll forget it."

Xiao Mingzhu murmured: "I don't think she will be someone who will stick to you anyway. At most, she will be with Wan Qing concubine or Wan Qingya, and occasionally play with you."

play for fun?

Can't it be so ambiguous?

Li Yun couldn't laugh or cry, but it was true, Wanni Clothes... shouldn't be the same as Fan Linglong.

"These are gone?"

Xiao Mingzhu asked again.

Li Yun nodded affirmatively and asked her to check his mobile phone by herself.

Xiao Mingzhu stared at him for a long while, then suddenly smiled, and threw the phone back to him: "Trust you, even these are all, no matter how much, a living room really can't fit!"

In the future, if Gong Qingyu and the others do not go home for the New Year, they will definitely celebrate the New Year in Zhonghai City.

When the time comes to gather together, Xiao Mingzhu has reason to think that more than twenty girls are enough to fill the living room.

Don't have enough of the big bed in Gong Qingyu's house, it's really too much.

"Pearl..."

Li Yun hugged her moved, but Xiao Mingzhu disgusted him with his hand to block his approaching mouth, "Now you can apologize, until I forgive you, keep apologizing!"

"Sorry, kiss one?"

"You want to be beautiful!"

"That's coming, I'm sorry, Mingzhu, I shouldn't provoke so many girls... kiss."

"Hate... let's talk about it!"

"Sorry Mingzhu, I swear, I will never have it again."

"Hmm, not enough."

After being satisfied, Xiao Mingzhu finally let Li Yun hug her back to her home on the top of the mountain, and flew directly in the air, sending Xiao Mingzhu back to the third floor of the villa under the surprised eyes of a few left-behind bodyguards.

"I am leaving?"

Li Yun finally kissed her forehead, Xiao Mingzhu pursed her lips, Li Yun understood, and kissed her again.

As a result, Xiao Mingzhu turned his face to the side and asked Li Yun to kiss her on both cheeks. The daughter of the richest man in Zhonghai City closed the window contentedly and shut Li Yun out of the window with a slam.

Li Yun was left with a big smiling face with a smirk.

Chapter 3563: analyze

Li Yun waved to her before turning around and leaving. It is estimated that Mingzhu will take a bath and then go to bed, and she can have a good dream tonight.

"but....."

Li Yunfei was in the air, looking at Zhonghai City where the fireworks had weakened, and he sighed slightly.

Xiao Mingzhu has always been that sensible, cheerful, and very thorough girl. Even after falling in love with him, she still keeps a calm thinking state. Even if she wants to share Li Yun with a group of girls, Xiao Mingzhu has never It becomes narrow because of this relationship.

She is like a mirror next to Li Yun. Whenever Li Yun did something wrong, she would always stand up and correct Li Yun's actions.

If Li Yun were the ancient emperor, he would definitely make Xiao Mingzhu the queen, um, together with Gong Qingyu, the queen of Dongxi Palace.

As for the others, they are all noble concubines, haha!

Although it is undoubtedly unfair to other girls, Xiao Mingzhu and Gong Qingyu, for Li Yun, are indeed the managers who have helped the most and can comfort the girls around them.

Gong Qingyu is a bit cold, but she considers everything and will not be distracted by the chores at work. She can help Li Yun to arrange the affairs of the girls around her.

Gong Qingyu was inside, while Xiao Mingzhu was outside, assisting Li Yun with work matters.

As for Fang Xue... she is the imperial concubine empress who is struggling to grow up. Although she is a princess, she is a little bit powerless.

There is also the Sage Fanqing. She does not need the position of queen and noble concubine. In Li Yun's heart, she will always be the position of Bai Yueguang. Even if Li Yun has obtained the love of the saint, she still feels that the Sage Fanqing is his life. People who need admiration.

Purely incomparable.

Holy and elegant.

This is the Holy Brahma.

Of course, although Li Yun gave the girls around him some queens and noble concubines in his heart, this is only in terms of their abilities. In terms of status, the girls around Li Yun are not superior or inferior, just like Gong Lianyi. In fact, she was already taken care of by the girl next to Li Yun, that is, the actual "Queen".

And Su Muxin, she is also very capable.

As for Jin Liuli, Xia Feiyao, Shan Ruqing, and so on, Li Yun didn't think they were inferior to Gong Qingyu and Xiao Mingzhu in terms of abilities. He felt that their status was lower than these two women, which was impossible.

The girls around him are always equal.

Xiao Mingzhu and Gong Qingyu are just the strongest in terms of overall strength. In terms of IQ alone, Shan Xiaoxiao and Hu Xiaomeng are actually not bad, and even slightly better.

...

Li Yun returned to the villa. The living room on the first floor was empty. There were leftovers left on the table. Li Yun was too lazy to take care of it. Anyway, it is winter and it won't be smelly overnight, so let's keep it.

The benefits of living in a villa are reflected, and the mess on the first floor has not affected the second and third floors in the slightest.

Turning off the lights and closing the door, Li Yun wandered up to the second floor, then to the third floor, and walked towards the large bathroom.

It's already past 12 o'clock, of course it is impossible to soak in the bath again. Fortunately, there is a large bathroom in the villa. The bath inside is also big enough for seven or eight girls to wash together.

For example, Shan Ruqing, Tang Anxi, Little Princess, Nie Xiaoqian...

When Li Yun walked into the bathroom, the little princess was too tired to open her eyes. She sat on a small stool and Tang Anxi washed her hair. After hearing Li Yun's voice, she barely cheered up:

"Husband, tonight is New Year's Eve."

"Um!"

Chapter 3564: New Year's Day

New Year's Day.

Early in the morning, Li Yun was awakened by the sound of firecrackers. When he opened his eyes, he felt the familiar warm fragrance and nephrite feeling, but it was not a certain girl before, but... Shan Ruqing.

She didn't accompany Xiao Xiao last night. She chose to come with Li Yun, and insisted on letting Tang Anxi and others stay with her. After the end, she fell asleep tiredly.

For Shan Ruqing, she was intimacy with Li Yun in the sound of fireworks last night.

Finally, she opened her eyes and looked at Li Yun, Tang Anxi and Nie Xiaoqian. Last night, the three of them. After the return of Fan Linglong, she only took a look and went back to her own room.

The Lord Saint did not participate, and everyone else went back individually. Even Nie Xiaoqian chose to go back to the fairy mansion, saying that she was afraid that the ghost energy she could not control well would hurt her.

Even Tang Anxi took the initiative to hand it over to her and chose to live on the second floor—her room was also on the second floor. On the third floor, only some girls who had followed Li Yun earlier got a room. Later, she only got a room. Can choose the second floor.

So in the end, when she wakes up in the morning, Shan Ruqing only sees Li Yun, oh, there is also a little princess Yongning who has shrunk at the root of the wall early and is asleep.

"Ruqing, are you awake?" Li Yun smiled and stroked her cheek, with some tears remaining in the corners of his eyes.

Last night was New Year's Eve after all. Li Yun couldn't have been intimacy with them for too long. The simple, symbolic session ended in a short while.

"Yeah~"

Shan Ruqing's voice rose, and she was a little shy to see Li Yun, her eyes dodged, and she took the initiative to turn around, pulled the quilt to cover her body, and shrank to the little princess Yongning.

"The little princess is like Xiaoxiao, she is cute when she sleeps."

Shan Ruqing was not afraid to wake her up. After all, the voice was louder last night, but Princess Yongning didn't mean to wake up at all, and she slept peacefully all the time.

This big bed is similar to Gong Qingyu's mansion. It has been specially remodeled. One bed occupies half of the room. The little princess was shrunk at the root of the wall last night, and she is still asleep now.

The cute face, small nose, and small cherry mouth make Shan Ruqing like it as she looks at it. This little princess is not so much her sister, it is her little sister, who are all her daughters!

"She? I guess she won't necessarily wake up until noon. Are you tired? Come here."

".....no."

Shan Ruqing was afraid of Li Yun. The group was right. He was a big bull, and he wouldn't be tired.

When she thinks of last night, she has a feeling of fear and expectation, which is very contradictory.

"What do you think! Just keep it warm!"

Li Yun turned over a few times and came to the middle of the two women, hugging each other, enjoying the happiness of all.

Shan Ruqing didn't see Hong last night. Although she was pregnant with Xiaoxiao artificially and was given a cesarean section, she was a mother anyway, so naturally she was gone.

Li Yun doesn't really care too much, isn't Shan Ruqing, he doesn't like it anymore?

There are already many people around him who are like this, and it's not too bad for Shan Ruqing. You don't need to care about what she used to be. Now it's fine to follow Li Yun.

"Ru Qing?"

After a short while, Li Yun heard her breathing evenly, and after shouting, he confirmed that she was indeed asleep again.

Forget it, get up!

It's rare that Li Yun didn't sleep on the first day of the new year, so he got up to look at other people.

Chapter 3565: New Year's Money

Among the girls, the first to get up was undoubtedly the two sisters Caiwei and Caixia. Li Yun just stayed in the living room on the third floor for a short time, and the two sisters joined hands and took a mouthful of one brother. Happy New Year, happy new year, red envelopes. Bring it.

Then he smiled and took two red envelopes from Li Yun's pocket.

"Huh? There are actually six?"

After pulling out all the red envelopes from Li Yun's pocket, Caixia pulled her hands and counted: "Me, sister, Shengzi, Xiaoxiao...who else?"

Caiwei held back a smile: "There is also a little princess, well, isn't it Xiaodie the last one?"

"Xiaodie doesn't want red envelopes, she only needs a pill."

"Hee hee, brother, you say that Xiaodie, be careful she is upset~"

Caiwei and Caixia looked at each other and guessed several people in a row, but they didn't get the right guess.

During this period of time, they have learned more and more about their elder brother, except that their elder brother was afraid of affecting their studies and did not allow them to enter the lotus fairy mansion, they basically knew (thinking).

It is precisely because of this that Caixia and Caiwei increasingly feel that they cannot fit into the circle of ordinary classmates. Their brother is so powerful. If they marry an ordinary person in the future, they will inevitably compare "he" with their brother.

After a comparison, the gap came out.

"Say Cao Cao, Cao Cao is here."

Li Yun smiled and looked out the door. The sisters turned to look and found that Qingzhu was carrying the saucer and walking in. After seeing Li Yun, his face was reddish, and he said awkwardly: "I didn't specially prepare for you. The tea is for her to drink after the lady of the saint comes up!"

Sage Fanqing wakes up very early in the morning, but she usually goes to exercise after she wakes up, either by running or taking advantage of the early morning sun to meditate and practice.

But Li Yun knew that the tea sent by the little maid had been prepared for him!

Caiwei and Caixia glanced at each other again, and there were unconcealable smiles in their eyes.

There are many arrogant girls around my elder brother, but the most arrogant one is definitely Qingzhu and the young lady Jin Liuli.

The two seem to be opposed to their elder brother in every sentence, but occasionally when they are shy, they are extraordinarily cute.

Just like now.

"Thank you Miss Qingzhu!"

After receiving the steaming teacup, Li Yun thanked him solemnly, then took out the red envelope and placed it in the hands of the little maid who had fallen into a bewildered look.

"give."

"What is this this?"

Fan Qingzhu looked stunned, and looked quite at a loss. Apart from the pills and two magical artifacts, it was the first time that she received what Li Yun presented to her.

It's not a pill for eating, nor a magic weapon to improve strength, but a...big red envelope!?

"New Year's Money for you."

Li Yun explained: "If I remember correctly, Qing Sheng seems to have said that you are only sixteenth year old this year, right?"

"Who said that, no, no, Saintess has never said such a thing!"

Qingzhu proudly stood up his small chest, "I'm nineteen this year...well, I'm only nineteen years old, I'm almost back to the virtual world!"

Almost, it means that it is still ten or twenty years away.

This is actually quite an exaggerated speed. Many cultivators need to be at least fifty years old to reach the Void Return. But since Li Yun gave her some pills, Qingzhu has been able to improve her physique. Now she can pat her chest and say, You can return to the void before the age of forty.

But well... now the world has changed, and it's still a bit slow to return to the emptiness at the age of forty.

Chapter 3566: Fanqing Bamboo

"It's almost there."

Li Yun smiled and said, "I'm eighteen or nine years old, I'm a little younger than me, and I'm still a university age, so take it, red envelope!"

The little maid looked down at the red envelope in her hand, then looked at Li Yun, her lips moved slightly, as if she wanted to say something.

"Thanks, thank you."

Li Yun waited for a long time, only to hear the faint mosquito noise from her mouth. Both Li Yun and Caixia sisters were a little surprised. They both thought that Qingzhu would arrogantly refuse a lot before accepting it. .

"This, this is me, the first time I have received and received red envelopes!"

The little maid stammered, her cheeks were red all over, and even her ears were tender and exuding a scorching smell, like a fire.

"Then... thank me?"

For the first time, Li Yun was amazed by the shyness of Qingzhu's little maid, Tsundere, and stretched out his face in a moody mood.

If Qingzhu is in a normal state, he will definitely give him an eight-chapter that is neither light nor heavy, or at least a blank eye.

But now...

"Hmm~"

The little maid's lips pressed against Li Yun's cheeks, and she babbled shyly, and then she was embraced by Li Yun.

for a long time.

Sisters Caiwei and Caixia had appreciated them up close, and the two were separated, and Miss Qingzhu's eyes had completely become blurred.

Li Yun shaved her hot face with shame. It seemed that on the first day of the new year, this little maid was particularly emotional.

Holding her, Li Yun couldn't help but remember what happened with Fan Qingsheng and the little maid beside Qingsheng, that is, everything happened with Fan Qingzhu.

When she saw Qingzhu for the first time, this little maid had an arrogant face. Seeing that everyone was stupid and ignorant, the expression of mortals, that high above, if she weren't really cute, Li Yun wanted to show her face.

Fortunately, Qingzhu's nature is not bad, she just grew up in a secluded cultivating sect, under the influence of ears and eyes, full of prejudice and arrogance towards mortals outside.

After realizing Li Yun's greatness, Qingzhu's attitude towards him changed dramatically.

After that, Qing Sheng gave her a Vatican surname under Li Yun's suggestion, which made the little maid very moved.

Li Yun didn't know whether she was touched by the Lord Saintess at that time, or thanked Li Yun for her proposal. However, every time she talked about her surname later on, this little girl, Fan Qingzhu, always looked proud. .

People always have a surname.

In fact, the former Fan Qing Sheng had the aura of being a cultivator of immortality just like her. Qing Sheng didn't even know that his maid wanted a surname. He was ignorant and naive.

However, after Li Yun's patient teaching, these two people have changed a lot now.

"Cheat, lie to me... I lied early in the morning and ignored you, go, go, go away!!"

Unfortunately, after recovering, the little maid pushed Li Yun away with a blushing face, and ran downstairs in a panic with the saucer.

Her room is also on the second floor, and she shares a suite with Tang Anxi.

There are still a lot of girls around Li Yun, and there are not enough separate suites. Only one room can be allocated, and the living room and bathroom are shared.

Fortunately, this villa is big enough, even if it is a room, there are 50 square meters above, even a cloakroom is enough.

"Brother~~"

Caiwei hid her mouth and snickered, and Li Yun realized that the two sisters were actually not far away from him, watching the intimacy between him and the little maid!

Chapter 3567: New year's wishes

"Ahem, you two, have you done your winter vacation homework? Go ahead and do it!"

The majesty that belongs to my brother is fully demonstrated at this time!

"What homework!"

Caixia didn't care about her brother's majesty, and she and her sister Caiwei squeezed to sit next to her brother. She hugged Li Yun's hand one by one, and said tiredly: "Brother, are you a devil? Let us do our homework on New Year's Day. There is no brother like you underneath!"

Li Yun was embarrassed, and defended: "Writing a question is also writing. You can play without forgetting your homework. Well, that's it.

"Huh, don't write."

Caixia stared at the place where Qingzhu had kissed for a long time, she suddenly became thirsty, her face flushed, and her voice became quieter: "Unless, unless..."

"Unless what?"

"Unless...you kiss us too!"

"what?"

Li Yun looked at her in surprise, but found that Caixia's delicate little face quickly changed.

She leaned in.

•••

"Brother, I, I will go back to do my homework first!"

Caixia covered her mouth and ran away, but even if she was covering her face, she couldn't stop the red to hot traces of shame on her face. She seemed to indicate that the girl has grown up, and when Chunxin sprouts, she has someone she likes. .

She also had the courage to pursue her own happiness.

"elder brother."

Cai Wei hugged Li Yun, who was in shock, leaned in his daze, and murmured: "My New Year's wish with Caixia...I want to live with my brother, brother, sister, me, Caixia, and the little princess. Xiaodie, as well as Sister Linglong, Sister Qingsheng, Sister Fang Xue... a lot of sisters live together, so always, all together!"

"Plucking..."

Li Yun was speechless, but Cai Wei, did the same thing as Caixia just now, and quickly left shyly, leaving Li Yun thinking about life alone.

"They...have grown up."

Li Yun sighed after sitting on the sofa for a long time.

This is his only thought now.

Caixia and Caiwei certainly have feelings for him, but how many are boys' feelings for girls, and how much is their sister's affection for elder brothers?

No one can tell.

The two of them are not Li Yun's relatives, but the feelings that grew up together are like childhood sweethearts and brothers and sisters.

Very complicated, very complicated.

"By the way...Is there news of an adopted son who married a god-sister?"

Li Yun was so distressed that he couldn't figure out why, so he searched the Internet, let alone, it really did!

According to the law, there is no prohibition on the children brought by the stepfather and stepmother, that is, the reorganized family, and the brothers and sisters who are not related by blood marry, and there is no need to even divorce the parents of both men and women. Only the two people need to prove that they are not related, Just take the account book to register.

Li Yun is not related to Caiwei Caixia, nor Li Feng.

So as far as the law is concerned, they are not forbidden.

Even, it is estimated that even Xiao Mingzhu, who awakened Li Yun last night, would not refuse the sister-in-law's participation. After all, they were originally a family, and it was not considered that there were more girls.

It can be said that now that everyone has agreed to this matter, Li Yun feels a little sad.

"sister."

Li Yun called Li Feng. She had already gotten up and was living in Zhang's house—that is, her home.

"what happened?"

"Did you sleep well last night? Is the Zhang family used to it?"

"Talk about business!"

"..."

Li Feng groaned, "I don't know what my brother thinks? Come on, what's the matter!

Chapter 3568: Conversation with Li Feng

"That's, Caixia and Caiwei..."

As soon as Li Yun vaguely said the names of the sisters, his sister Li Feng immediately understood.

"Caiwei and Caixia... confessed to you?"

"Say what, what confession... uh, this."

Li Yun originally denied it seriously, but he immediately realized that the behavior of the two sisters just now is similar to a confession, isn't it?

"Is it right?" Li Feng smiled.

"Uh, you... knew they were treating me...?"

"Well, of course, we all know, but you don't."

After Li Feng said this sentence, he waited for a while for Li Yun to digest the matter before continuing: "I want to hear your opinion, brother."

Li Yun smiled bitterly: "Sister, what do you think I have?"

"Humph~" Li Feng snorted, "I don't know the character of my brother? I just want to procrastinate. I think they are still young. Now they are mainly studying. After they graduate from college, they should at least wait for them to go to college. Know what your inner feelings are, right?"

" ..."

Li Yun acquiesced that she was right.

Seeing the tangled expression on Li Yun's face, Li Feng whispered: "I don't oppose your decision. I know that you, as a brother, must love them, but there is a saying... the flowers bloom. Don't wait for the flowers to be empty. Do you know what it means?"

How can Li Yun not know that this sentence is actually quite famous.

And it is often used in similar scenes such as a pear blossom pressing a begonia, at least between men and women, to persuade.

Li Feng felt his silence and asked again: "Just now, did Plucking kiss you?"

"Do you know this too?"

Li Yun was surprised. He called Li Feng immediately after it was over. It was impossible for the sisters to send her a message. Could it be that... they had already told Li Feng?

"From your tangled tone, I know."

Li Feng teased: "It can't be that two girls were with you last night, right?"

"Of course it's impossible!" Li Yun quickly denied.

"That's it."

Li Feng said: "They have all taken the initiative to be like this. Do you still think they don't know their emotions? Don't think of them as children. They are already Fanghua's righteous girls. Even if they have dim emotions, they are right. One of your feelings."

Li Yun remained silent for a long time.

"Furthermore." Li Feng said secretly: "You who are the elder brother, wouldn't you teach your sister how to fall in love? After the big deal, when Caiwei and Caixia really find another boy, they will break up... However, I don't think you will loosen it easily, after all, you are a pervert!"

"...Injustice, nonsense, protest." Li Yun smiled bitterly, expressing his feelings in three words.

"It doesn't matter if you are."

Li Feng said: "Anyway, I don't allow you to refuse them. I'd rather you drag and solve them slowly, and don't hit the sisters' feelings all at once. I'm a person from here, knowing that this will make people want to worry about food, it is better to keep going. In this way, Caiwei and Caixia have a hazy affection for you, which will last forever."

"You mean... let it grow?"

"Then you plan to have a night talk with them?"

In the past, Li Yun would chat with them at night when there was something on his mind. When the night is quiet, it makes it easier for people to let go of their guards.

Chapter 3569: Let it be

"I see!"

Li Yun was persuaded.

He didn't know whether he was persuaded by Li Feng's various reasons, or he just wanted to give himself an excuse to accept the only two girls in this big family who still needed to avoid.

Before, Li Yun and Gong Qingyu Su Muxin and the others were chatting and joking in the living room on the third floor of the mansion. Sometimes they couldn't help themselves. They had to go to Gong Qingyu's study to do something between lovers. .

Whether it is intimacy, or post, or more other things.

In short, we have to avoid mining Wei and Caixia.

Just avoid them.

Because the people who can go up to the third floor of Gong Qingyu No. 3 Mansion are all girls who have a relationship with Li Yun.

Even Gong Qingyu's four beautiful maids in spring, summer, autumn and winter have all fallen. After being kissed by Li Yun, it was only a matter of a date to complete the collection.

Li Yun didn't want to use this word, it was an insult to the girls around him, and it was not respectful at all.

But Li Yun himself felt that he was too scumbag. He had no face to use when he saw a lover, except for the word "harem", such a high-level vocabulary of being in love.

Although he must have sentiments to the girls around him, but to the four maids, or Tang Anxi, Song Xi, is definitely not better than Qingyu, or Feiyao and the others.

so!

Li Yun is extremely contradictory.

But if he follows Li Feng's intentions, he estimates that in the next few months, there will be no need to avoid anything in the living room of Mansion Three.

In the true sense, it becomes Li Yun's palace. You can do it as you want. At night, when you play cards, watch TV, play games, intimacy, or something similar to the King's game, you don't need to worry about being seen by outsiders anymore. It's okay to mess around.

This is undoubtedly a huge puzzle.

Beauty Township, Hero Tomb.

Li Yun couldn't escape.

"Sister, actually..."

"what?"

Li Feng is a little nervous, doesn't her brother really want to refuse?

In fact, Li Feng did know a long time ago that Caixia and Caiwei's feelings towards him have been discussed with the sisters many, many times, and every time she got the answer, it also included the conclusions and answers that Li Feng had drawn by herself. It's all affirmative.

Caixia and Caiwei want to do the same thing as her. They will never marry in the future and will always follow Li Yun.

What she said just now was actually helping the two sisters.

"I saw Grandpa."

"what?"

Li Feng was surprised.

Li Yun explained: "It was in the fantasy realm created by the son Xiaosu, Grandpa... in a very complicated way, it seems that he is resurrected."

Li Feng was even more surprised, and quickly asked, "What did Grandpa say? He... Did you tell Grandpa what happened to us now? How did he react? Isn't it... blame us?"

She was a little nervous.

One of the purposes of adopting her and Li Yun was to let them take care of Caiwei and Caixia.

Although his purpose is not simple, Li Feng definitely, and never blamed Grandpa!

Yes, it's just deeply grateful.

But when she and Li Yun grew up, they became a romantic relationship, and even the sisters Caixia and Caiwei had a hazy affection for Li Yun.

Li Feng was very worried, if Grandpa's Spirit in Heaven knew, would he blame it.

"Grandpa is very happy."

Li Yun told what happened at that time.

Chapter 3570: Real grandpa

After listening to Li Feng, he was silent for a long time before chuckling lightly: "Although you said that grandpa doesn't know the true or false, but I believe he is true!"

"Well, I think so too."

Li Yun did not know how the son Xiaosu created the "person" in Taohua Village, but the grandfather at that time did give him a sense of uncompromising harmony, which made Li Yun couldn't help but believe that the one who slept for a long time The reincarnation of the ancient god: Son, really summoned the remnant soul of his grandfather from **** and resurrected before him.

Despite this thought, Li Yun felt a little comforted.

However, it is like going to worship ancestors during New Year's Day and Qingming Festival. Isn't this a kind of comfort in the heart?

"Okay, that's it~."

Li Feng smiled and said, "Being a grandfather knows about us, and agrees to me and you, and your stupid brother being the child husband of the Li family!"

Li Yun looked embarrassed, "No, mine!"

"From now on, you don't call Caiwei Caixia and their younger sisters. They won't call you brother, just Li Yun!"

"what?"

"I will tell them about this. Just what I said to you just now, you can be a child foster husband with peace of mind!"

"This....."

"No objection, at least until their sisters graduate from college, you have to listen to me and them! Just as you pay back the kindness of the Li family for the two of us, allow them to be willful."

"But....."

Li Yun also wanted to object.

"No, but!" Li Feng said something meaningful, and Li Yun could not refute it: "Girls are very persistent. If you don't get something, you must get it."

Li Yun: "..."

He can't refute this, because he is not a girl.

However, until now, Li Yun can only sigh slightly and accept it by default.

Fortunately, Li Yun believed that he would not do anything out of the ordinary. There were other girls around him supervising him. Li Yun could not eat Caiwei and Caixia in a few days.

This matter, just let it develop.

"Don't tell me, my mother is up, and it is estimated that I will go to pay a New Year's Eve, and receive a wave of red envelopes~. Would you like it?"

Li Feng said triumphantly.

Freshman students can still receive red envelopes.

Moreover, she has confiscated Zhang's red envelope once in the past ten years, and this time she just collected enough money!

"All right, get me a copy too."

Li Yun smiled and hung up.

As a result, after playing with the phone for half an hour, after chatting with Shangguan Lingxian and others, none of the girls in his villa got up.

"...Morning, my divine envoy."

The first to get up was the blonde loli who walked into the third floor with sleepy eyes and yawned.

This girl was wearing a thin pink bunny pajamas and a pair of slippers. While patting her mouth with her hands, she stumbled into the third floor, and finally plunged into Li Yunqi.

"..."

Li Yun hugged this loli speechlessly, touched her messy long blond hair that was not combed, and said funnyly: "Xiaosu, didn't you sleep with Xiaoxiao? She hasn't gotten up yet? You get up. What are you doing so early?"

"Um...I can't remember so many questions."

Xiao Su found a comfortable position in him, squinted and continued to doze off.

"If you want to sleep, keep going, why do you wake up so early?"

"Eat breakfast."

"What?"

Li Yun was shocked, "You got up so early just to eat breakfast?!"

"Well, go make it for me!"

Saint Lolita urged very seriously.
