

It was noisy, and Li Yun finally made her a breakfast, and made some other people's by the way, to see if they wanted to get up and eat.

According to previous experience, because of the late sleep on New Year's Eve last night, not many people were able to get up early on the first day of the new year.

Of course, the Lord Saint will be able to get up.

"Qing Sheng, come to have breakfast!"

"Um."

Having breakfast with them, Li Yun finally remembered one thing.

"This morning is New Year's Day, maybe there will be good luck... Wait, isn't there someone beside me who can bless me?"

Li Yun aimed his gaze at Shengzi.

"What are you doing?"

Little Lolita, who was drinking millet porridge, looked at him warily.

"Xiao Su, add a BUFF to me!"

"Insane...what buff? Blessed?"

The magical thing is that Li Yun received the blessing of the saint son Xiaosu, but she was actually pulled down, and then Xiao Lori gave a kiss on her forehead, and said with a sacred expression:

"God bless you, and may the archangels of destiny surround you! May the disaster and Satan stay away from you!"

Archangel of Destiny? Evil Satan?

Li Yun said that he didn't know what it was. The archangel knew that it was the angels of Gabriel Michael, but what was the archangel of destiny?

There is also the disaster, Satan, which is even more outrageous.

"very good!"

Although she didn't understand, Li Yun didn't pursue it either. If she asked her, she wouldn't say it, so she just didn't ask.

"What good?"

After the blessing, Xiao Su squinted at him, and Master Saint also looked over.

"Now that I have become the King of Europe, it's time to start a wave!"

"What are you driving? Inexplicable!"

Li Yun smiled without saying a word, and sent an order to the system: "Cheating...no, awesome system, please help me open the supreme gift bag!"

The supreme gift bag, can you give him a good thing? !

Chapter 3572: Chaos Qinglian

Speaking of which, Li Yun's only supreme gift bag was only rewarded by the system because he found the biggest anomaly in Taohua Village, that is, finding this holy son Lori.

However, Li Yun still does not understand how the system is divided into levels. In addition to the earliest levels of white, green, blue, purple, gold, and colorful, there is also a "Hongmeng Purple" worn on the wrist of the Fanqing sage. "Qi Xian Ling Bracelet" Bracelet: Peerless Treasure Class.

Then it was another supreme treasure class.

Vaguely, Li Yun still remembered what was called "Ancient Saint Level". In short, it was cheating. In Li Yun's view, they were all of the seven-color or higher level. They were called ancient treasures, and the only level in the world was right!

"Ding, the host opens the supreme gift bag."

A gray cloud of light emerged from Li Yun's eyes, and one treasure after another that Li Yun couldn't understand slowly flashed over it.

There is a heavy sledgehammer, a sharp axe, a Qibao Ruyi, a peerless sword, and an elixir of Xianguang!

Every piece of Li Yun was greedy, but he couldn't get it. It was torture!

In the end, a lotus that was also gray slowly appeared on the gray light ball, and it landed on Li Yun's hand.

"what!?"

The saint son Xiaosu was shocked when he looked at the lotus flower that suddenly appeared. No, he just jumped up, his big round eyes stared wide, with an unbelievable look.

Li Yun ignored her and carefully looked at the lotus in his hand.

This grey immortal lotus has completely withered, just like the withered lotus fruit in the lotus pond, the lotus seeds growing in the lotus have completely fallen off, and the appearance is shriveled, the delicate lotus has long been curled up and turned into a yellow state. They all fall off.

But it was this seemingly dry lotus that surprised the son Xiaosu and Li Yun.

"Chaotic Qinglian (Remnant):

Special effect:???, Chaos World (Incomplete).

Explanation: The green lotus that grows in the unopened chaos of heaven and earth has special effects that are unpredictable by various gods. Unfortunately, everything that exists can't escape the erosion of years. This chaotic green lotus has become incomplete and requires great opportunity and atmosphere. Shipment can repair this fetish. "

After reading the attribute prompts given by the system, Li Yun took a deep breath.

This is definitely the most powerful treasure he has obtained!

It is much stronger than the physique of the congenital Taoist fetus, which is against the sky!

Previously, Li Yun presented the peerless treasure "Hongmeng Purple Qi Immortal Bracelet" to Fanqing Sheng. The description only said that the fairy bracelet was bred in Hongmeng Purple Qi, but this chaotic green lotus directly grew in chaos. come out!

According to Li Yun's understanding of Hongmeng Ziqi, although this thing is known as the foundation of the Great Dao, it is given by Hongjun Daozu and belongs to the treasure within the realm of heaven.

The reason is also very simple. The six saints are all restrained by the Heavenly Dao. What is the Hongmeng Ziqi not a treasure in the Heavenly Dao?

But this chaotic green lotus was born in, or was a treasure bred by chaos, when the heaven and the earth hadn't opened, and there was no way of heaven!

This thing... is exactly the same level as the entire universe!

Pangu split the chaos and opened up a big world, but there is also a world in the chaos Qinglian, completely independent of this big world, one can imagine how powerful this Qinglian is!

The entire universe can be compared with Chaos Qinglian!

No wonder the system directly added the interjection "Unfortunate" in the description, which is enough to be seen as an exaggeration.

Chapter 3573: sharp

Of course, all the above speculations about Chaos Qinglian were inferred by Li Yun based on the myths and legends that the system gave him.

The myths and legends given by the system are actually quite cheating. Eastern myths and Western myths are separated. However, according to what Li Yun saw and speculated during this period, the gods on the earth were actually very closely related in ancient times. They are not isolated individuals.

Otherwise, it would not come up with such a related thing as the seven gates of life and death!

Therefore, Li Yun was particularly curious about Shengzi's reaction.

"Do you know this thing?"

Li Yun didn't care too much, or concealed it too much, and directly showed Chaos Qinglian (Remnant) in front of Saint Son Xiaosu.

Little Lori was stunned.

The big eyes moved with the chaotic green lotus, Li Yun's hand moved to the left, her gaze moved to the left, to the right, and Lolita's gaze moved to the right.

It works better than funny cat sticks.

"Do you want it? For you!"

Like a big bad wolf, Li Yun saw the delicious Little Red Riding Hood and smiled and tempted him.

Sage Fan Qing glanced at him and lightly opened his vermilion lips... But after thinking about it, she still didn't say anything, and she would ask after Li Yun and Shengzi finished talking.

"you!"

Shengzi blushed and stared at Li Yun with wide eyes. The two looked at each other for a moment. Suddenly, Shengzi opened his mouth and bit towards Li Yun's arm.

"Wow!"

"Hi! Are you a puppy? Puppy Saint Son?"

"Let you seduce me! Let you make me feel uneasy, let you put the treasure in front of me, but don't give it to me!"

The blond sage chased Li Yun, biting his arms, elbows, and chest with the last bite on his face, muzzling Li Yun's saliva.

Where is the slightest majesty of the reincarnation of the gods?

Saint Fanqing silently drank millet porridge and side dishes, waiting for the strange "father and daughter" to calm down.

"Who said I won't give it to you!"

Li Yun pressed little Lolita's slender shoulder with one hand to calm her down, and said very seriously: "As long as you are willing to confess your affairs, I will give you this thing immediately!"

Isn't it the supreme treasure?

Li Yun is not rare!

Let alone a broken treasure.

Li Yun felt that it was worthwhile to exchange for the trust and intelligence of Saint Son Xiaosu with an incomplete supreme treasure.

Even if he regrets it in the future, that will be the future. He won't be able to use this Chaos Qinglian for the time being. Besides, with the biggest plug-in of the system, he is afraid that he won't get a supreme treasure comparable to the Chaos Qinglian. ?

Of course, Chaos Qinglian is definitely the only one, and it is estimated that even Li Yun can't get another copy from the system.

"..."

Shengzi looked at the Chaos Qinglian in his hand with a fixed look, then moved his gaze up blankly, and stared at Li Yun's serious eyes: "You, are you really willing to send me?"

"certainly!"

"You, you, do you know what this is?"

Shengzi almost said this sentence in a fanatical, excited tone.

The lotus flower in the hands of this big idiot is simply too powerful!

Not to mention that she did not have such a treasure in the hands of the gods and monsters still left on the earth or any other person.

At most, it is a weapon split from this super powerful treasure, or made with some scraps.

For example, her father's Garden of Eden was transformed by a small piece of chaotic treasure.

But even a small piece of chaotic treasure leaves is enough to make the Garden of Eden passed to her later to become something that many gods are jealous of. The ordinary golden apples produced in it are comparable to the ginseng fruit in the hands of the fairy. !

Chapter 3574: Magic

Xiao Su's father only obtained a small leaf of the Chaos Treasure at the time, and the Garden of Eden turned into is so powerful, one can imagine how strong the entire Chaos Treasure is!

But Li Yun, a foolish envoy, wanted to dedicate this treasure to her?

"A little bit of knowledge."

Li Yun smiled.

He must know that this treasure is extraordinary, but it is still the same sentence. He will not use it for the time being, and he may not be able to count on it for a long, long time in the future. If the Chaos Qinglian (Remnant) can really be used to obtain information from the ancient times, let him Li Yun would definitely be willing to not make his eyes dark.

Moreover, Saint Son Xiaosu is also trustworthy, and it may not be impossible to use this Qinglian in the future.

"..."

"Ding, the host triggers the hidden choice event and gains the complete trust of the son Xiaosu. Please ask her for the rest of the rewards."

Li Yun didn't wait for the silent blonde little Lori's words, but the system prompted him, and it was a rare occurrence to trigger a hidden choice!

To be honest, Li Yun has forgotten when his last hidden choice was, it seems it was about Zhao Tianfeng a few months ago.

It's been too long, too long since the last time!

However, for this hidden choice, the other reward was actually asked for the blonde loli?

"Humph!"

The blond saint child snorted proudly and turned her head away, not looking at this gray-grey chaotic green lotus. She was afraid to look at it a few more times, so she couldn't help but agree, and ate the chaotic treasure into her belly.

Li Yun looked interesting, and then handed Chaos Qinglian to her eyes: "You don't want it? Do you want it? Such a powerful treasure is said to have been bred in the chaos, and it is powerful enough to destroy the universe!"

Sage Fanqing glanced at this green lotus again, so amazing?

".....ignorance!"

The blond son rolled his eyes and mocked Li Yun's stupidity.

"Isn't it? I'll study it slowly for you. It is said that this thing is a powerful treasure comparable to the universe!"

"No! You know, what is comparable to the universe, it's inexplicable, it's not like that at all!"

"Really not? What do you think?"

Li Yun handed it to her again.

"Ahhh, bite you to death, kill you!"

After some tossing and biting, Saint Son Lori finally took the Chaos Qinglian from Li Yun's hands with joy, and played with it repeatedly.

Of course, she didn't want to, she just studied and researched to see what the chaotic treasure has become after so many and so many years after the decline of aura.

result.....

"Tsk, rubbish!"

Little Lolita threw the Chaos Qinglian (Can) back to Li Yun with a look of disgust, and then said with a smile: "Fortunately, I didn't promise you a stupid mortal. Otherwise, I would lose out. This thing has already been taken away. There are so many things that have been divided and eaten, only a small part of the functions are left, and they are not used now...Fortunately, I didn't want it!"

Li Yun looked embarrassed.

"Ding, the host triggers a follow-up selection event: You can use all gift bags above the golden level to let the chaotic green lotus swallow the lotus fairy mansion, making the chaotic world of incomplete chaos evolve into a small world."

Li Yun was shocked, is there any suggestion for subsequent selection of events?

Wait, use all my gift bags above the gold level? !

Li Yun glanced at his inventory in horror, hiss!

There are seven or eight colorful gift bags that have not been opened, and there are more than 30 golden gift bags. This is the gift bag he has kept since the Youth Incident, or even earlier!

Chapter 3575: Xianfu change

As a result, the cheating system saw that he opened too many gift bags, and felt that Li Yun might be very troublesome, so he directly gave a choice event and took it all away!

"My Cao... really is a cheating system!"

Li Yun scolded his mother in his heart.

Of course he doesn't know the quality of this choice event, but, but!

Golden gift bags and colorful gift bags, the rewards that can be opened are predictable. At best, there is a very rare probability of opening a peerless treasure. It is estimated that there is no unparalleled treasure (similar to the chaotic green lotus, which cannot be opened) .

In other words, the golden gift bag and the colorful gift bag are both renewable resources, but this follow-up choice allows Chaos Qinglian to swallow the Lotus Immortal Mansion and spawn a new small world.

This temptation is simply hard to refuse!

"I choose... to eat!"

After asking some questions, Li Yun gritted his teeth and made a choice.

Suddenly, the chaotic green lotus in Li Yun's hand trembled slightly, and countless auras came from nowhere, condensed around it.

Shengzi Xiaosu opened his eyes wide, carefully watching its changes.

The Sage Fanqing wanted to see why, but he couldn't see anything. Only the dusty traces on the green lotus had been cleaned up, showing a somewhat verdant appearance.

From a completely dead thing, it became a little bit of life, something that seemed to be usable.

"you....."

Saint Xiaosu took a deep look at Li Yun without asking too much.

This idiot mortal... does not seem to be a mortal, but a very important key figure!

"The son?"

"Baba Baba!"

"Crack!"

The three people originally in the Lotus Immortal Mansion, to be precise, were a ghost, a black feather butterfly, and a toad. At the same time, they jumped out and looked at Li Yun in surprise.

"Well, it's like this..."

Li Yun gave a rough explanation while feeling the changes in Xianfu.

No, this is not Lotus Immortal Mansion at all!

The original Lotus Immortal Mansion is just a portable cave mansion made by later generations based on some descriptions of the Zizhu Forest in the South China Sea. It is definitely not a fairy-man Taoist temple.

Later, Li Yun used the system to upgrade it, from the golden level to the colorful, but it was still not enough to see, it was much worse than the chaotic small world in the Hidden Sacred Valley.

But now...

Li Yun arrogantly said that even the small chaotic world in the Hidden Sacred Valley that can produce aura is not necessarily comparable to the current Lotus Immortal Mansion.

It should now be called Qinglian Immortal Mansion, a new name decided by Li Yun, named after the fusion of Chaos Qinglian and Lotus Immortal Mansion.

Qinglian Immortal Mansion has become extremely huge now.

From the size of a small town to the size of a county.

All the things of the original lotus fairy house have been preserved, and a large herbal garden and the central lotus pond are preserved, including the nine-zixian lotus and the surrounding pavilions and grassy bamboo forests.

Nie Xiaoqian's small house is still there, and everything is business as usual.

But outside the original Lotus Fairy Mansion, there was also a huge piece of grass, green and full of vitality and hope.

Numerous rays of sunlight and aura are brewing in the Qinglian Immortal Mansion, making it as beautiful and flawless as the fairy world.

Li Yun's mind race had passed, and he couldn't believe that the current Immortal Mansion had become so beautiful.

More importantly, the Immortal Mansion became very powerful, extremely strong, enough to withstand the attacks of the immortals, and truly fulfilled all the functions of Guanshiyin's Zizhu Forest in the South China Sea.

Realized all the abilities of Xianfu.

Chapter 3576: Qinglian Xianfu

Of course, the above are just Li Yun's guesses. After all, he has not seen the Immortal Mansion with his own eyes, nor has he experienced how powerful it is, nor has he personally seen the skills of the Immortal.

The son Xiaosu...

Although this blonde loli is not reliable, she is a "god" certified by the system at any rate. Her power should be extremely strong in her small world of Peach Blossom Village.

However, there should still be a lot of gaps between her heyday, or her own god, Li Yun still knows herself, not so stupid as to think that he can fight against the gods with a Qinglian Immortal Mansion.

"I'll take you in and take a look!"

Li Yun blinked at them, then dragged these people into the brand new Qinglian Immortal Mansion together.

"Wow!"

Black Feather Butterfly screamed, and the three-eyed toad croaked, very excited, even Nie Xiaoqian was shocked and covered his mouth.

In the former Lotus Immortal Mansion, the sky was always still white clouds, just like a shoddy, painted sky box, so stiff that people can't bear to look at it a second time.

But now!

Several heavy white clouds in the sky floated slowly, the sky was blue as washing, full of deep flavor, and the field of vision suddenly opened up a lot.

Li Yun took them to the edge of the small world—that is, the edge of the original Lotus Immortal Mansion. The girls saw an endless grassland, which grew well, and the terrain was open with slight undulations, just like seven or eight years ago. The boot screen of the system, several hills are ups and downs, and the emerald green grass makes people want to roll a few times on it to enjoy it!

"Okay, awesome!"

Nie Xiaoqian opened her eyes wide, and said blankly.

"This thing..."

The blonde loli was surprised. She witnessed this chaotic treasure from a deadly tattered thing to a treasure that can be used now. It was only in a short moment, less than two or three seconds, this chaotic treasure was Becomes like this!

Amazing!

How did he do that? !

Even if it is an ordinary baby, it takes a long time to get acquainted, let alone such a treasure from chaos!

But Li Yun, obviously, meant that it took a little time to master this treasure!

What's even more incredible is that now that aura is scarce, it is reasonable to say that it is impossible to control such a chaotic treasure—there is not enough power to control it.

But her divine envoy, who looked very stupid, still reversed the concept of Xiao Su!

"Awesome, right?"

Li Yun was quite proud, and smiled at Fan Qingsheng, in fact, it means that he can't explain it now, and I beg Master Saint to let it go.

But in fact, Saint Fan Qing knew without asking that Li Yun's power came from his greatest secret, the so-called inheritance of the ancient immortal palace.

She has seen a lot, but she is not surprised or anxious.

Anyway, as the secrets of ancient times are revealed bit by bit, Li Yun's secrets will slowly be revealed!

"Humph!"

Shengzi kicked the grass under his feet, feeling that he had lost for the first time.

This mortal is not easy!

Especially not easy!

No wonder I woke up for the first time in two thousand years. I followed him out of the small world in a daze. I was treated like a child by this guy. He took her out of the Antarctic and came to Zhonghai City. Hugging down here, we participated in the warm and happy New Year's Eve together.

Xiao Su does not reject this kind of life, and even wants to be so happy every night.

Chapter 3577: Believe

Like the young girl, only when she has experienced the endless lonely years, she wants this kind of vigorous excitement more and more.

Xiao Su is not very old, nor has he personally experienced that kind of years, but the memories passed down to her by "her father" have told her the past clearly.

"My son, from now on..."

Nie Xiaoqian lost her qualifications as an instrument spirit, and she yelled rather disappointed.

Li Yun understood, and used the authority of Qinglian Immortal Mansion to set her as an administrator.

She then gave the permission to Sage Fanqing, so that she could control everything in Qinglian Immortal Mansion, including creation, destruction, and change of terrain, etc. Anyway, Sage Fanqing and Nie Xiaoqian could modify the contents here as long as Li Yun did not object everything.

Of course, life cannot be created, and the ruined grassland needs time to grow. The current grassland was catalyzed by the expansion of the Qinglian Immortal Mansion, and Li Yun didn't know how to make it for the time being.

"Me! I want too!" Little Lolita quickly raised her hand, expressing that she also wanted the permission of this space, so that she could enter here at any time as long as she was close to the doorway.

"you?"

"What, what?"

The blonde little Lori was a little guilty, "You don't believe me?"

"Do not believe!"

"Woo."

Xiao Su is a little bit lost. It's rare for her to believe in a mortal so much, but this stupid mortal doesn't believe her?

She didn't even try to grab this chaotic treasure!

"Unless you tell the secret of your life experience, there are things from ancient times."

Li Yun added with a smile.

The expression on Little Lori's cheek froze suddenly, her eyes rolled around and said, "Why do you have to know what happened at that time? It's all past, and it's no good to know. Besides, people have to look forward. Yes, gods and immortals are the same, look at me and that vixen, we didn't talk about the past, we are all living in the present, okay?"

Little Lolita's old-fashioned lesson Li Yun almost leaned on her hips.

"Vixie? Young girl?"

Li Yun was not too surprised, after all, Qingnv was found in a fox temple, and she was dug out like a tomb.

Tsk tsk, the young girl at the time was simply an old monster, too old to look at it. Later, after eating several recovery pills given to her by Li Yun, she barely became like a forty or fifty-year-old aunt.

But this little Lolita has always been around ten years old, making Li Yun wonder if her strength is much better than that of the young girl.

"Anyway, she is a fox, I don't know who it is, maybe... I won't tell you!"

"..."

After making a noise for a while, Li Yun finally couldn't hold the little Lori the Golden Retriever's coquettish offensive, and agreed to give her permission to enter the Qinglian Immortal Mansion at any time.

As a result, she had to be limited by the control of Nie Xiaoqian, a manager, and could not let her go crazy.

Secondly, Li Yun also believed in the system. The system said that the blond little loli had completely trusted him, so Li Yun chose to believe it.

Anyway... This little blonde loli has lost the dignity of being a reincarnated son of a god. She sticks to him like a puppy and cat, acting like a baby, and she keeps on showing cuteness, even more so. He kissed him a lot, so that Li Yun's face was covered with sweet drool.

Reluctantly, Li Yun could only give her permission so that she could come and go freely, provided that she was close to several entrances and exits of the Qinglian Immortal Mansion.

Sage Fan Qing glanced at Li Yun's face and drooled. This Xiao Su really trusted him, wouldn't he like him again?

Chapter 3578: Visit together

A few people walked around on the grass, and Li Yun always found it hard to tell.

Although the original Lotus Immortal Mansion was a bit stiff, it was better than small and exquisite. With the lotus pond as the center, a small piece of bamboo forest and woods were full of poetry and painting, just like a small world of self-contained, full of warmth.

But now the Lotus Immortal Mansion has become the Qinglian Immortal Mansion. It is much bigger and more agile, but it lacks the feeling of being surrounded, shrouded, and full of fulfillment and security. It also grows with the size. And dissipated.

"Qingsheng, I think this place needs to be reduced a bit, what do you think?"

Li Yun looked at the women and asked their opinions.

"Why shrink, I will be big! Super big!"

The son Xiao Su drew a super big gesture, "Just like my Taohua Village, super big! Also create a lot of people, let them live here, it is best to observe their lives, see after the mortals enter the fairy house What is the reaction...or I will teach you..."

"Forget it."

Li Yun quickly refused and waved his hand: "I don't want other people in my small world to come, even dummies."

It turns out that this little loli has a hobby of observing mortals. No wonder Li Yun and Fan Qingsheng encountered so many weird things when they were in Taohua Village. They dare to be sent out by this little loli in order to see his and Qingsheng's reaction. .

This hobby is really bad, is it so fun to observe the lives of mortals?

".....Humph!"

Seeing that there was no way to persuade Li Yun, Little Lolita simply snorted, muttering why she had accepted this treasure before she knew it, so that she could carry this Qinglian Immortal Mansion with her and observe the lives of mortals all the time.

Li Yun couldn't laugh or cry, and squeezed her chubby face, "Do you want to observe mortals, don't you know how to watch TV? There are so many movies and TV shows on TV, or simply go to the streets, so many ordinary people work hard every day for their lives. The smell of the world is enough for you to observe."

"...Yes!"

Xiao Su clapped his palms and suddenly realized: "I forgot that I was out there, so I don't need to create the world to observe... Ah, but I still like the feeling of being in control of everything. The mortals outside, what I say, they all Don't believe me, I hate it!"

"..."

Li Yun decided to ignore her.

After the other girls woke up, Li Yun had lunch with them, and by the way talked about the Qinglian Immortal Mansion, which surprised them all.

In the afternoon, Caiwei and others said that they didn't want to go out to play, they must be people on the first day of the new year.

Therefore, for the first time, Li Yun took the two sisters, along with the young girl, Liu Xianxian and Xiao Mingzhu who ran back into the brand-new fairy mansion.

"so big!"

This is the emotion sent by all those who have entered the Immortal Mansion before. Compared with the past, the Qinglian Immortal Mansion has indeed become much larger, just like a small county town, and more beautiful and more agile.

"Okay, awesome!"

Sisters Caixia and Caiwei have entered here for the first time (if you remember correctly), both of them opened their eyes in surprise. After watching for a long time, they both felt that this place was like Wonderland.

In this way, their elder brother has such a Xianjia Dongfu, even if they marry him together, it doesn't matter!

Anyway, there is no other person here, nor do you need to care about others' eyes, as long as you have a happy life.

"..."

The only one who didn't express emotion was the young girl.

Chapter 3579: Design fairy house

However, although she was not yelling in surprise, she also looked around with curious eyes, and finally looked at Li Yun with weird eyes, as if she was looking at a freak.

Li Yun shrugged, "Why look at me like this? Senior Young Girl, haven't you been sleeping underground for tens of thousands of years? There should be a small world too!"

Similar to the Taohua Village created by the blonde loli, Li Yun felt that the young girl was in such a small world when she was sleeping.

It can also be seen from the Hidden Sacred Valley and the Six Doors that creating an independent small world is the best way to effectively isolate the aura and preserve it for many years. It is estimated that there is no one, the difference is only the technology of creating the small world.

The most powerful thing is probably the Qinglian Immortal Mansion in Li Yun's hands, as well as the hidden holy valley and the Liudaomen, the chaotic world that can create aura.

Then, there are Qingnv and Shengzi Xiaosu, the sleeping place created by these ancient gods.

It seems that Biyou Palace, including Penglai Island, is also a small world where gods sleep.

Could it be that the master of Jin'ao Island, the Master Tongtian, one of the Sanqing Dynasty, is really still asleep in the Biyou Palace?

I shudder when I think about it, plus some sense of urgency.

I don't know what changes the world will bring to the world if the Lord Tongtian as a saint really wakes up.

In theory, the saint son Xiaosu and Qingnv can't beat the Master Tongtian, right?

Therefore, even though Li Yun has their help, it does not mean that he is 100% safe. He has to continue to strengthen his strength!

"It's really too big."

After visiting the entire Qinglian Immortal Mansion, Xiao Mingzhu put forward his own opinion: "I think it can be reduced a bit and become the size of an ordinary small town. The original Lotus Immortal Mansion remains unchanged, and the surrounding area will remain the same as it is now. You can see the head at a glance. The grassland is just fine, don't plant too many trees, or it will look very gloomy!"

If there are too many trees, the field of vision will not be wide, and the small world will feel insecure, even though those who enter here know that this small world is controlled by Li Yun.

But if there are towering trees all around, even if the trees underneath become very bright, it will give people a sense of mystery and insecurity.

"Plant peach blossoms!!!"

The blonde loli who had built the small world Taohua Village was the first to put forward her own opinions.

This time Li Yun did not object. The girls were also very interested in the Taohua Village where he and Fan Qingsheng had been together. Liu Xianxian wanted to see peach blossoms and found it to be very glamorous. Caixia felt that she could eat fairy peaches, so she planted peaches by Blonde Lolita. The tree proposal was approved unanimously.

In the last chattering discussion, the women decided to keep a piece of grass the size of "heads can be seen at a glance" and create a few short hillsides, the ground is all grass, the kind that can roll as much as they want-when it comes to roll as much as you want, Nie Xiaoqian is pale Coquettish's face was slightly red, and she couldn't help but glance at Li Yun.

Nie Xiaoqian was even more shy just looking at him.

At the beginning, she and Li Yun were tumbling on the grass near the lotus pond, rolling all the way, dropping many clothes all the way.

Cough.

"The grass and peach trees are too monotonous, add a river?"

"I think the river is too wide, just a small stream? The surface of the water just submerged to the waist. The bottom of the water is full of pebbles, there is no such thing as sludge!"

"Wow, great, can it be done without any impurities?" Caixia exclaimed.

"It seems okay."

"awesome!!!"

Chapter 3580: Retrofit

This small world is like a shy little girl, about to be dressed up beautifully by these girls, I believe this grassland will become a warm and safe place in the future.

By the way, you can still eat peaches.

"Xiao Qian, leave it to you?"

Xiao Mingzhu smiled and said to Nie Xiaoqian that the latter agreed nervously, because she knew that Xiao Mingzhu had vaguely become the core figure in the decision-making among the women.

In ancient times, that is, in the Republic of China when she lived as Pan Suyi, Xiao Mingzhu was the righteous wife who was married by the Ming matchmaker.

And she is the concubine.

Although the status is equal now, Nie Xiaoqian can't help but respect these "zheng Gong empress" a little bit.

"Xiaoqian, don't be under pressure. You can do whatever you want. It's time, not in a hurry, and you can ask other people for help anytime, anywhere."

Li Yun took out his mobile phone and showed it to them. Liu Xianxian also took out his mobile phone, and said in surprise, "Huh! I can connect to the Internet!"

"Hey?"

"Really!"

"It's amazing, you can connect to the Internet through two worlds."

"Hehe, I don't think there is a barrier between two worlds, it's just a very powerful barrier!"

"Anyway, it's great to be able to connect to the Internet in the Lotus Immortal Palace, and it won't become a stand-alone state without Internet as soon as you enter."

"Correct: Qinglian Immortal Mansion!"

"Haha, yes, Qinglian Immortal Mansion, Qinglian Immortal Mansion."

The women laughed and joked with their mobile phones. Li Yun enjoyed the leisurely life of relaxing with them on the first day of the new year. Li Yun lay on a sloping grass, watching Shan Xiaoxiao and Shengzi chasing and playing games. , Unspeakable leisure and leisure.

"Hey."

The young girl sat down beside him, staring blankly at the hilarious girls in front of him. When she saw the saint son Xiaosu, who is also an ancient figure, also put down her body to play with them, the eyes of the young girl were clearly revealed. A bit of envy.

"what happened?"

Withdrawing his gaze to stare at her, Li Yun put his hands behind his head, with a piece of grass in his mouth, the roots of the grass bite sweetly.

What's more, Qinglian Immortal Mansion now seems to have sunshine, the grass is warm, and there is a breeze, which is comfortable and 10,000 times better than air conditioning!

—People who have compared natural wind and air conditioners know that the air conditioner is simply weak.

"Can I ask you a question?"

The young girl stretched out her hand to gather the hair that was blown away by the breeze, and her movements were a little charming, completely inconsistent with her chubby aunt's appearance.

Unfortunately, no one saw it.

"certainly."

Li Yun smiled and said, "Senior Young Girl, you have always been reckless and reckless. It's just one question. Just ask if you want to ask!"

After a long silence, the young girl looked at the girls with brains, and then whispered, "Who are you?"

Why can you do such a thing? Why can you get this magical treasure, why are you with that mysterious, unknown son Xiaosu again!

To be honest, the young girls have hidden their identities, and because they don't like to interact with these short-lived mortals too much, they refuse to participate in the activities of Li Yun's family more, and don't want to get too involved with them.

Lest you stay sad after a hundred years.

But even so, this saint Xiaosu has no scruples in fighting with mortals. From being arrogant at the beginning to falling quickly, becoming good friends with them, laughing and having fun with the little girls, is still beyond. The imagination of the young girl.
