

Godly Choice 3581

Chapter 3581: Young girl's problem

This holy son, isn't it afraid that this time it will be empty again? She had to fall asleep again, leaving behind these mortal friends... They can only appear in her memory!

The reincarnated son of the gods, even the thinking has become a new life?

If that's the case...it's a very interesting spell, and the young girl wants to try it, and also reincarnate to see it.

"I?"

Li Yun glanced at her with a weird expression, the aunt is still an aunt, and his face has not changed at all.

But the expression on the young girl has an indescribable charm, just like the concubine of Zhou Youwang standing on the wall, looking at the princes under the wall in embarrassment with plain eyes.

Indifferent, detached, summarized in one sentence: the rhyme of the country.

More generally speaking, it means having a beautiful human body.

The so-called beauty is in the bone but not in the skin. Li Yun thought it was nonsense before. His face and figure were not good-looking. If you look at the bones, can you see it?

It can be seen that after seeing the charm of the young girl from time to time, Li Yun...believes!

This ancient aunt may have really been a beautiful woman in the past, and perhaps she was also a little free and easy, but she was covered up by her aunt's skin and became very rude.

If she loses 30 pounds and the skin on her face is better, at least she can be called a big beauty!

"to you!"

The young girl leaned over, very close, almost touching Li Yun's face, looking straight at him.

"Well..." Li Yun smiled, with a little embarrassment, this aunt's face is really uncomfortable, "I am an ordinary person, but occasionally gain some strength, just like the young girl, you are also a Ordinary people, just lived from ancient times to the present!"

"..."

"..."

"Puff, kid head!"

The young girl slapped Li Yun on the chest with a smile, as if flirting, but she couldn't tell the strange feeling. After all, she was an aunt, cough.

"Hey-hey."

Li Yun laughed again, "Senior, what do you want me to say? Besides, didn't you fail to tell your own affairs? It's good that everyone conceals each other and trusts each other."

"Do you really believe me?" Qing Girl's face was weird.

She couldn't believe that an ordinary mortal--even if it weren't a mortal, would not easily believe in her, an old monster who didn't know how many years he had lived.

If it was her, she would definitely not believe it!

To say that she is beautiful now, Li Yunxin is fine, at most he scolded him for LSP!

—This is what the young girl learned from the Internet.

But now she deliberately wore an ugly body, just don't want these stinky men to be crazy about her again.

Therefore, the young girl really can't figure out why Li Yun believes in her so much!

That saint child kid doesn't count, she has completely put down her dignity to fight with a group of children, it is simply the shame of the ancient characters!

"certainly!"

Li Yun said it quite rightly, but in fact, it was because the system reminded her that the young girl's favorability has reached 80 points.

From 70 points before, it has become 80 points.

That is... the level that can be a boy and girl friend!

Li Yun is really a Japanese Tesco, the young girl, and a mysterious character. It turned out that the system specially gave him two women before his favorability was turned off!

Forget about another mysterious figure, why is the young girl like this... a person who is neither white, beautiful nor rich, and even less beautiful, has a good impression?

It's better to directly give the goodwill to the son Xiaosu...cough cough.

Li Yun is definitely not a loli, let alone a blonde loli, he just thinks... this little golden-haired loli is quite cute.

Therefore, the favorability of the young girl is still retained, and even improved, Li Yun feels very nonsense!

Chapter 3583: I want to move

The only constant is Li Yun's feelings for his relatives and lovers.

Li Yun asked this question very seriously, and as a result, Qingnv gave him another roll of eyes.

"Senior Young Girl!"

Li Yun smiled bitterly: "Could it be that your answer is that those gods who don't want to live are all dead, so you are left behind?"

".....idiot."

The green girl rolled her eyes again, "To live is to live, because I am afraid of death, so I live."

Li Yun disagrees.

The young girl chuckled and didn't explain much, she just glanced at him meaningfully: "If you don't realize this, then you are just a mortal after all and cannot be a person of longevity."

Li Yun was taken aback, and vaguely felt the unimaginable helplessness in this sentence.

Maybe in the future...

"Want to start." The young girl stood up, stretched her waist, and looked at him condescendingly: "You guy, you have something very powerful on your body, or, your destiny is closely related to the ancients, maybe you can give The world has brought changes worth celebrating. If you are fully enlightened, you can go to the saint son and ask her something, she..."

Qing Girl glanced at the happily planning this land, like Xiaosu, the saint son who is creating the world again, "Maybe I will be happy to give it to you."

give me?

Is Li Yun evil?

However, the system also reminded that another reward for hiding the choice was taken from Xiao Su.

What the **** is it?

"Hey, give me permission to enter here too!" The young girl begged frankly.

Now it was Li Yun's turn to roll his eyes, and the young girl laughed out loud. After obtaining the permission to enter and exit, she said with satisfaction: "What's wrong with you? I trust you so I can enter and leave your cave at will. , Placed in the ancient times, that is, between husband and wife, a little bit of the relationship did not dare to enter each other's cave mansion casually, do you know why?"

Li Yun was stunned, of course he knew why.

Entering a small world controlled by others means that life and death are all controlled by others.

That's why the young girl said that she was willing to go in and out of here because she believed in him, otherwise, she would just ask her and she wouldn't go in!

Fortunately, the last time I entered was the Taohua Village world of the son Xiaosu, otherwise Li Yun would have to peel off his skin without dying.

Of course, his physique is innate, and he has the ability to pass the secluded. Perhaps he can freely enter and exit the small world of other people?

...

On New Year's Day, I played for a day.

On the first night of the new year, I played for another night.

When I woke up in the morning of the second day of the junior high school, the daughters of Fan Linglong beside Li Yun hadn't woken up yet, and were still asleep.

Last night, she finally agreed to accompany Li Yun with Tang Anxi and others. By the way, she also brought in Liu Xianxian, who was a guest at night. She did not go home directly last night. Li Yun also received Liu Xianxian's parents, who was him. The phone call from the parents-in-law made Liu Xianxian nervous, and quickly explained.

Of course, when explaining, Liu Xianxian deliberately ran to the bedside, wearing a sheet, and was nervous to talk to his parents, not to let the two elders hear Li Yun's movement.

It was ten o'clock when Fan Linglong woke up, and when she saw Li Yun, she was sitting in the living room in her pajamas, her face blushing slightly.

"What's wrong? Are you uncomfortable?"

Li Yun asked with concern.

Fan Linglong glared at him and muttered: "I don't know what I do? Just like a cow, I won't be tired at all...No."

"What can't you do?"

"I want to move away!"

Chapter 3584: After the new year

When Fan Linglong moved away, she didn't mess around with Li Yun every night, and moved back to her disciple's house, which was Mansion 8. Otherwise, the ***** Li Yun would toss her every night, she couldn't bear it.

Li Yun naturally refused, reaching out his arm around her slender waist and sitting with her on the sofa.

After some bargaining, Fan Linglong reluctantly agreed to move back after the Chinese New Year.

"After the New Year... at least it is also Lantern Festival, right?"

"What do you want to say? Humph, I won't be with you tonight!"

Fan Linglong followed Li Yun with a glance, leaving his embrace, entering the bathroom, and washing himself.

Wash away the messy marks left last night.

The other girls have not gotten up yet. After they get up, it is estimated that they all have to wash.

Standing in front of the floor-to-ceiling mirror in the spacious bathroom, looking at himself in the mirror, his whole body was dirty, and Fan Linglong felt more and more depraved!

After the Chinese New Year, she will go back to retreat, at least one month, no, half a month... it's still a bit longer, let's go for a week! Come here again on the weekend to accompany Li Yun, this little bastard, to mess around.

...

The little princess finally adjusted her work and rest. She woke up on time at 11 o'clock in the morning and ran to take a shower. She wore a little pajamas and went out of the bathroom. She shouted "Husband" and threw in with joy Li Yun embraced.

"Why don't you wear more clothes?"

Li Yun hilariously patted Princess Yongning's little face, causing the little princess to giggle again, twisting and acting like a baby in him.

The girl next to Li Yun said a long time ago that the little princess Yongning is the sweetheart hidden in his golden house. There is no doubt that the little princess's body is small and soft, and it is especially comfortable to hold.

"Because Yongning wants her husband to help dry her hair."

Zhu Shue squeezed Li Yun's wet head into Li Yun's chest. If it were someone else, she would definitely not do that.

But her husband has a very powerful ability, able to use flames, and can dry her wet hair all at once, including the drops of water on her body that have not yet been wiped dry, and can quickly become dry. ,Very comfortable.

"Well, wait obediently, don't move."

Li Yun had no reason to refuse her lovely wife's cute and coquettish offensive. He stretched out his palm to stroke her head, urging a little magical power on his hand to help her dry her hair.

"Yeah~"

Princess Yongning snored comfortably, more and more like a kitten raised by Li Yun.

Every time Li Yun comes home, Princess Yongning is waiting for him.

In addition, the little princess rarely touches outside affairs, she is not stupid, but because of the long sleep, she is not interested in contacting outside troubles.

Therefore, her mind is very simple.

Belongs to the kind of little girlfriend who can be hugged and loved, every man has fantasized about.

"Why do you wash your hair early in the morning?"

Li Yun asked casually.

Princess Yongning blushed, bit her lip, and said shyly: "Bad husband~~It wasn't last night...well, in short, the husband is bad! Even in the morning, I still ask Yongning this question."

Li Yun just remembered that he messed up Princess Yongning's hair last night.

No wonder she took a long time to wash.

"Well, it's all my husband's fault, my husband apologizes!"

With such a cute, cute and petite girl, Li Yun's mood has become simple and happy.

The so-called happiness is actually like this, right?

Only in the afternoon, Xiao Mingzhu came again.

Chapter 3585: Strange relatives

Looking at Xiao Mingzhu, who looked unhappy, Li Yun thought she was going to warn him about something again, and was thinking about whether to constrain tonight, at least not to end the mess at three or four o'clock in the evening.

As a result, Xiao Mingzhu didn't say a word--it meant that he didn't say Li Yun, but just chatted with the girls in Li Yun's villa, and went to play in the Qinglian Immortal Mansion. He didn't call until the evening. Call back.

"Pearl?"

Li Yun looked at Xiao Mingzhu, his super white rich and beautiful friend, whose expression did not seem very good, his face was tense, and I looked very upset.

"what?"

"Ha ha."

"Why laugh at me?"

"Because Xiao Mingzhu is funny now!"

Li Yun replied in a serious manner: "The Xiao Mingzhu we knew before was always brave, bright and cheerful, but now it seems that everyone around me owes her millions, and she made a fuss for a while, isn't it funny? ?"

Caiwei and Shan Ruqing all laughed.

".....puff."

Xiao Mingzhu let out a sigh of relief and said helplessly: "Others owe me millions, and it is not rare for me to ask for debts."

Tang Anxi, who was still in the villa, blinked, envious and envious.

The difference between her life experience and Xiao Mingzhu's is like Yinghuo and Haoyue.

One does not put millions in his eyes, and the other can only grow up with a hundred food.

To be honest, Tang Anxi thought it was incredible that she could actually become a "sister" relationship with such a super rich girl?

And surprisingly, Tang Anxi did not hate her. Xiao Mingzhu gave her a good impression. He was not the kind of person who deliberately showed off his wealth. Just like Li Yun said, he was generous and convincing in everything.

"What's that?" Li Yun asked her.

"My cousin."

"She mentioned me?"

Li Yun just vaguely heard his name from Xiao Mingzhu's cellphone, but he didn't know the cause and effect, so he felt baffled.

"Correct!"

"Your cousin, isn't it a close relative?"

To be honest, Li Yun actually hates these relatives the most during the Chinese New Year.

They often haven't seen each other in three to five years, but every time they come, they will look like...indescribable.

Let's talk about one of the relatives. He is the nephew of Caiwei's father's eldest brother. He is also married and works in Zhonghai City.

But no room.

So I found Li Yun's grandfather in one year and said that he wanted Li Yun's family to move out and transfer the house to him so that his son could enter the kindergarten in Zhonghai City.

Of course, Li Yun is still young, but he is also dumbfounded: There is such a shameless person in the world?

Let his family, namely Cai Wei Caixia, who was only five or six years old at the time, and his grandfather, a family of five, move out, just to transfer the household registration to his son to study!

What kind of weird and shameless request is this?

As a result, the guy was directly blasted out by Grandpa Li Yun, and when he left, he scolded him horribly, saying that the two sisters Caiwei had no father and no mother, and what kind of kindergarten they were studying.

Anyway, it's amazing to the extreme.

Of course, this was definitely not the last weird thing Li Yun encountered. Although his grandfather's two-bedroom in Zhonghai City was small, it was worth several million, and ordinary people could never afford it.

Therefore, many relatives from Caiwei's hometown came to Zhonghai City, and they would come here to have a look, and they also made many wonderful requests.

For example, there is another one, let Grandpa Li Yun take a loan to buy a house for her family...

Chapter 3586: Cousin

The reason is also very simple. The house with two bedrooms and one living room can be loaned to several million, which is just enough for that strange relative to pay the down payment!

have to.

This is another strange relative who was blasted out by grandpa.

But in this way, these relatives secretly don't know what Grandpa Li Yun is described, that is, chewing their tongues behind their backs.

So afterwards, few relatives from Caiwei's hometown came, and the family finally calmed down.

"I met her once."

Xiao Mingzhu spread his hands, "It was my eighteenth birthday, when my cousin came back from the cherry blossom country, I only saw her once. If it weren't for the introduction of my parents, I wouldn't know the existence of their family!"

Li Yun nodded, "In other words, did their family immigrate to Sakura Country?"

The Xiao family is too rich now. The poor are in the downtown area and no one asks, the rich has distant relatives in the mountains, and the Xiao family is so rich, but Xiao Mingzhu's cousin never visits. There is only one possibility.

"Correct."

Xiao Mingzhu's expression was subtle, she seemed to have a lot to say, but in the end she didn't bother to say it all.

The emigration of wealthy people is very common, and it is not unusual news at first.

However, this year, no, that big event happened last year on Penglai Island, which caused all the animals and plants around the world to grow wildly, and the wild gradually became unsafe, and the situation was getting worse and worse. Many of them were in the deep mountains. The village has all moved out. This is what Li Yun did during military training.

It is precisely because the wild has become unsafe, demonized animals and plants are everywhere, devouring people at any time.

Therefore, on a global scale, many countries are caught in the quagmire of fighting demonized animals and plants!

Some small countries have now fallen across the country, and only the capital and a few large cities are still barely supporting them. According to incomplete statistics, at least 50 million people died last year because of the aura.

Most of these people are small or backward countries.

Having said so much, it is actually to prove one thing: the earth has become insecure, and human beings are no longer the only overlord.

Therefore, the stronger one's homeland is, the more it will have the right to speak in the future Reiki era. On a global scale, there are fewer than ten countries that can have sufficient confidence to deal with demonized creatures.

Unfortunately, although the Sakura Country is also very strong, it has been **** by the beautiful country. It is still wrangling and unable to move.

This also means that people who have immigrated to the cherry blossom country or some other small countries have regretted their intestines now, right?

"Your relatives want to see me?"

Li Yun just heard that Xiao Mingzhu's cousin kept urging her to take Li Yun back with her.

Xiao Mingzhu refused, so he stayed at Li Yun's house in the afternoon and didn't bother to go back.

"..... You are really smart."

Xiao Mingzhu's cell phone rang again.

"Then go chant." Li Yun stood up and said to her: "I want to know what the Sakura countryman wants to do to see me!"

Immigration to another country is naturally a citizen of another country.

Although it is possible to call them Chinese, Li Yun still calls them: "He" Chinese!

Xiao Mingzhu glanced around.

"go Go."

Caixia said generously: "Brother is going to have dinner at Mingzhu's house tonight. We just want to eat at home, so we won't go together!"

Tang Anxi and Shan Ruqing also nodded, only Shan Xiaoxiao pouted, but did not say any objections.

Because, she seems to understand, the father of the head of the family, it is normal not to go home for dinner occasionally, just like now.

"Ok, then I'm leaving."

Chapter 3587: Who is not your wife

Xiao Mingzhu finally took Li Yun back with him.

After they bid farewell to the girl at home, they chose to slowly walk up to the top of the mountain instead of flying back all at once.

By the way, enjoy the afterglow of the sunset.

Although the sunset in the winter is a bit strange, it's cold outside, but fortunately, Li Yun and Xiao Mingzhu are no longer afraid of the general cold. They hold hands and walk on the paved mountain road together, and they don't have a sense of sentiment.

Huangting Mountain is not big, only 100 meters high. There are five or six hundred wealthy families. More than half are at the foot of the mountain. The more you go to the top, the higher the price of the villa.

The entire Huangting Mountain is well organized by the wealthy people in Zhonghai City. All kinds of flowers are planted on the roadside for free, and there is a small stream leaving the foot of the mountain from the top of the mountain. Of course, all small The price of the villas flowing through the stream will be tens of millions, which is ridiculous.

However, considering that a 200-square-meter house in Zhonghai City has a unit price of more than 10 million yuan, the price of a villa in Huangtingshan is more than one billion yuan, which is not too exaggerated.

"Mingzhu, what's the situation with your cousin?"

After leaving his villa, Li Yun asked her.

"Who knows."

Xiao Mingzhu greeted her, "I flew back from the cherry blossom country early in the morning. I didn't want to get up in the morning, so I was woken up by my cousin knocking on the door. A 13 or 14-year-old child learned Japanese. Just show me Japanese when I meet, I'm speechless, kannijiwa or something."

"and then?"

Li Yun smiled.

"Then I replied: Gui'an."

"Haha, is it Knee'an? Kneel down!"

"Hmph, whoever knows me, Xiao Yunzi too."

"What the **** is Xiao Yunzi?"

Li Yun chatted with her casually, and finally figured out the cause and effect of the matter.

In fact, it was Xiao Mingzhu's cousin who received a commission from a person from the Sakura Country to come to Huangxuan Country Zhonghai City to invite Li Yun to visit the Sakura Country.

It is said that Li Yun was invited with 120,000 points of sincerity.

But Xiao Mingzhu and the whole family were not interested in this. Her father Xiao Tianyuan was even more blunt. If Li Yun's identity is to be a guest in the Sakura Country, Li Yun would have to be greeted by their chief executive before Li Yun agreed to the invitation.

Not pretending to be forced, but Li Yun has this qualification!

Whether it is the world's strongest superpower or the chairman of Baiyun Technology, these two identities have reached the sky. If Li Yun officially visits any area, he will definitely receive the highest level of reception.

Don't say anything else, the last time a ninth-level ability person went to Gaul, the chief greeted him personally, and finally became the boss of a newly established department of abilities that Gaul is only under the jurisdiction of the Congress. .

This is enough to show that the energy possessed by the top supernaturalists is by no means the same as the previous politicians.

Offending politicians or some big businessmen is at most uncomfortable for a while, but you can offend super powers... You have to be careful of these powerful men who have become two types of people with more and more ordinary people. Screw off his head!

"Sakura Country... I probably thought of what's going on."

Li Yun nodded, remembering an incident before.

"I also thought about it, you told us before."

Xiao Mingzhu said: "That's why I don't want to be a lobbyist. As a result... Forget it, if you want to solve it, just go home with me."

"Go home...tsk." Li Yun smiled: "By the way, I haven't prepared any gifts for my parents-in-law! The second day of the new year is when your wife is going back to your natal home."

"Fuck you, who is your wife, I never promised your girlfriend, what wife!"

Chapter 3588: What is Bai Fumei

The two of them went up to the top of Huangting Mountain in the evening sunset. Before entering this castle manor with a value of not knowing how many billions and the size of a football field, Xiao Mingzhu opened Li Yun's forehead with his finger. It was to tidy up her appearance, from a gorgeous girl who fell in love, to a heroic, faint smile, Bai Fumei.

"Really awesome." Li Yun admired.

"What's great?"

The corners of Xiao Mingzhu's lips twitched, revealing an alluring smile, but to Li Yun, this smile must be a little false, and Mingzhu didn't smile like this at all.

"It's you who are great."

Li Yun stretched out his hand elegantly, and Xiao Mingzhu took his arm wittily, and the two matched like a pair of golden girls.

"Playing dumb riddles again?" Xiao Mingzhu raised her eyebrows.

"Emotion management is great."

"What, isn't it the same for you? Sometimes you have eyebrows and eyes, and sometimes you pretend to smile. You also hate it!"

Xiao Mingzhu knew that what Li Yun said was that her hypocritical smile at the moment was very powerful.

But don't all adults need such a disguise? And only in front of people who can be trusted, will they let go of their guards.

Li Yun smiled and stretched out his hand to squeeze her beautiful face: "I mean, occasionally, you can also show some true temperament, and you don't need to talk to those people. It was you before. Teach me, now it's counted as I taught you!"

Xiao Mingzhu laughed and said softly, "Well, you are right this time, I am wrong. I shouldn't have been accusing you before. You can fool around with as many girls as you want at night. Anytime is fine, and it doesn't matter if you are too tired to go to school the next day, okay?"

"...Miss Mingzhu, spare your life!" Li Yun raised his hand and surrendered.

"Hahaha, it's you, go!"

Holding Li Yun's arm, Xiao Mingzhu took an elegant step and entered the gate of the castle together with Li Yun.

It is not the first time that Li Yun has been here as a guest. After entering the door, the security guard did not come to bother, but slightly nodded and saluted the eldest lady.

Li Yun walked to the parking lot near the gate and got on a scooter with Xiao Mingzhu.

The disadvantage of the castle being too big is reflected. From the door to the main castle, it is nearly a kilometer away. It is hard for outsiders to believe how big this castle is!

Of course, this is definitely not the most local tyrant. Li Yun once read a news that said that the kitchen and dining room of a rich man's home is 2.3 kilometers away!

After the chef prepares the dishes every day, he has to drive them in, which is very exaggerated.

The scooter soon arrived in front of the main castle. There was an angel's rockery fountain at the gate. Under the clear water, colorful goldfish swimming freely in the water. At night, the angel statue will still shine, and the fountain pool is also It will be radiant and very beautiful.

Li Yun asked Xiao Mingzhu once before, that this castle alone costs more than tens of millions every year.

Butlers, chefs, drivers, security guards, maids, gardeners...

In addition to personal doctors, personal fitness trainers, etc., there is also a high-end physiotherapy room in the castle, which is not cheap.

It can be said that the expenses that Xiao Mingzhu's family spends for a year are worth the money that ordinary people can earn for several lifetimes without eating or drinking!

What is Bai Fumei? What is luxury?

Just look at Xiao Mingzhu to understand what Bai Fumei is, and come to her home to see Xiao Mingzhu's life, and you will know what low-key luxury is.

Chapter 3589: Cousin

Of course, as a vested interest and also Xiao Mingzhu's boyfriend, Li Yun will certainly not criticize her family's extravagant behavior. The gap between rich and poor is a problem globally, but if there is no gap between rich and poor, this society cannot move forward. —Everyone is motivated to struggle.

However, Li Yun also definitely supports that rich people who have made money should do more charity, and strive to enable those poor people to live a well-fed life.

In the future, if Li Yun has no pursuit, he will definitely set up a charity foundation, so that girls around him who don't want to work can join in and manage them.

For example, Princess Yongning!

Li Yun always wanted Princess Yongning to do something, she couldn't sleep every day, or she would really become Jinwu Cangjiao.

"What are you thinking about?" Xiao Mingzhu squinted at him, is this guy thinking wildly again.

"No."

Li Yun shrugged, "I just think that your family is so big and rich, which makes my little white face very ashamed."

"puff."

"hehe."

Two laughs sounded at the same time, the latter with some sarcasm and disdain, making Li Yun and Xiao Mingzhu both turn their heads to look.

I saw a beautiful woman walking over with a teenage boy with an expression of disdain on her face.

The beautiful woman is dressed in fashion, dressed in a high-end down jacket, painted lip gloss, wearing high heels under her feet, walking around, matching the slightly arrogant expression on her face, giving people a full sense of oppression.

The boy's expression was a look of arrogance and arrogance. It was the unique look of a boy of his age who didn't know the height of the earth. After seeing Li Yun, he just glanced sideways.

She was very enthusiastic towards Xiao Mingzhu, with a smile on her face, and said, "Cousin, this is the boyfriend you are looking for? You really took it home. If you didn't see him here, I would have thought it was. Which hillbilly is in the capital!"

His Huang Xuan national dialect is a bit sloppy and very unskilled.

But what he said made Li Yun want to raise his hand and punch him.

In all fairness, Li Yun does not have the temperament of a rich elder brother, even if he wears brand-name clothes and millions of watches.

At most, it can be called a sunny and handsome, which is far from the evil president.

But you have to say that Li Yun is still a hillbilly... that's a pure beating!

"hehe."

Li Yun laughed and touched the little boy's head, "Whose child is this, so rude, Mingzhu, I think you have to ask his family to discipline him, otherwise he will be abandoned."

"you!"

The boy and the beautiful woman all glared at Li Yun.

Xiao Mingzhu laughed out loud again.

No one would believe this scene.

The chairman of Tangtang Baiyun Technology, who is still the world-famous Li Chaoren, said such horrible things to a child.

Should he say that he has a true temperament and can't stand his temper for a while, or is he too stingy?

Anyway, Xiao Mingzhu feels quite comfortable, such relatives should be cruel!

"Humph!!"

The beautiful woman snorted heavily, pulled her child away, and sneered: "Our tutor doesn't need you to point out, but it's your family. Go and make money. Don't be ashamed. You will be exhausted for tens of thousands of dollars Tired! Oh, yes, we don't have the money to buy luxury cars without you workers, ha ha."

A cynic sneer, if it is to an ordinary hitter, it will really break the defense.

Chapter 3590: Xiao family relatives

But Li Yun is not a worker. He has more money in his pocket than Xiao Mingzhu's wonderful cousin.

He was angry at this little kid, not because he was too small, but just because he wanted to remind him of the issue of tutoring.

After all, they are relatives who have turned eight turns.

After he married Xiao Mingzhu, such relatives had to face it.

"alright, alright."

Xiao Mingzhu came out to make the rounds, "Cousin, don't talk about it. Although your family does not have money from my boyfriend, but you don't want to...face, ahem, I mean, let's go in first!"

But you are shameless.

Li Yun's mouth almost smiled crookedly, his girlfriend was also very sharp when scolding others, and he also learned his "cough".

The beautiful woman had her eyebrows erect, and she wanted to say something, but Xiao Mingzhu had already taken Li Yun's hand and walked inward, not giving her a chance to speak.

Helplessly, the beautiful woman could only snorted heavily, and followed in with a look of bad luck.

The Xiao Mingzhu's castle has four floors. The top floor is an attic, which usually does not go up. The third floor is owned by Xiao Mingzhu's family. Basically, except for her and her parents, outsiders rarely go up.

On the second floor are guest rooms, as well as many messy functional rooms, study rooms, private cinemas, sauna rooms and so on.

On the first floor is a huge living room, connected to the second floor, a super beautiful spiral staircase, which is perfect for hosting a birthday party. Li Yun couldn't help thinking when he saw it. Mingzhu wore a beautiful pure white evening dress, and when she walked down the spiral staircase, she was definitely the only focus of the audience.

Unfortunately, Xiao Mingzhu's eighteenth birthday is already past, and Li Yun can only see Xiao Mingzhu's stunning four-seater dress at the birthday party in the video. When she waits for her 20th birthday, he will participate in the experience in person. once.

Because it's the Chinese New Year, Xiao Mingzhu's father Xiao Tianyuan is also at home, and Xiao's mother basically won't go out. In addition to the two, there are some other relatives of Xiao Mingzhu who happen to be here as guests.

It's not that the daughter of Xiao Mingzhu's family will be married to her natal family, but it is simply that Xiao Mingzhu's family is too rich. These relatives all come to pay a New Year's greetings during the Chinese New Year to get closer.

So when Li Yun, a "stranger" man, walked into the living room, a group of Xiao Mingzhu's relatives all looked over and looked at him with various eyes.

Some are curious, some are despised, some are angry, some are dissatisfied, and so on.

Not to mention that Li Yun is now well-known. It is no secret that his status as the chairman of Baiyun Technology is in the owner group of Huangtingshan, but Li Yun really appeared in front of those neighbors, they really may not dare to recognize it.
