Chapter 3591: Hundreds of billions of assets

The expressions and actions of a social person teaching students. If Li Yun is an ordinary college student or a young man who just came out of society, he will definitely be frightened and panicked. He quickly apologized and said that he didn't understand with an embarrassing expression. .

But when Li Yun came to see more of the world, he became more and more aware that the so-called stinking rules of gatherings with relatives, and even the seemingly tacit behavior of distributing cigarettes, are all vulgar and boring behaviors.

When visiting relatives during the New Year, we should focus on emotional exchanges, rather than this messy gift-giving, comparison, and behavior called caring but showing off wealth.

Modern people are increasingly disliked by relatives. It is because of this kind of meeting that they ask you about your grades, your school, your job, your salary, whether you buy a house, whether you have a wife...

Waiting for a series of messy things is very disgusting.

Therefore, relatives who only met during the New Year are the most strange acquaintances.

"that is!"

Before Li Yun spoke up, another coquettish woman also said, "Nor bring gifts, Mingzhu, it's not the cousin who said you, the boyfriend you are looking for must be careful, don't..."

"I know!"

Xiao Mingzhu interrupted her and glanced at these relatives lightly, "Cousin, cousin, Li Yun is my boyfriend! If you don't hear clearly, I'll say it again, this is, Li, Yun!! My boy friend!"

She introduced with gestures, and emphasized: "I have already met my parents and my boyfriends of my family. You can also call them...fiance!!"

From boyfriend to fiance, it's a flying leap. The former is just a person who can change at any time, while the latter is recognized by his parents and elders and will get married at any time. Once they break up, it is a big deal for both families. !

Some fiances have even gone to get a certificate and become a de facto husband and wife, just waiting for the banquet.

"correct."

In front of the staring relatives of Xiao Mingzhu, Li Yun added humorously: "I am also the Mingzhu family, one of the heirs of hundreds of billions of wealth in the future~!"

In the living room, needles can be heard.

Xiao Tianyuan lowered his head to drink tea, and his mother laughed directly.

The others were stunned, as if they saw the hundreds of billions of wealth in the Xiao family, all of which were divided in half by this wild man who didn't know where it came from!

How could this divide hundreds of billions of property of the Xiao family? It was clearly cut off their half-life! !

"Think beautiful~."

Xiao Mingzhu slapped Li Yun with a smile, and said in a tired voice: "Will I not do property notarization before getting married? Then you won't even want to take me for a penny, huh!"

Li Yun suddenly realized: "It turns out that there is such a thing as the notarization of pre-marital property... Then aren't my tens of trillions also my own?"

"No!" Xiao Mingzhu said again "brotherly": "Mine is mine, yours is mine, and your Baiyun technology is mine. Don't be fooled!"

Want to marry her Xiao Mingzhu, you have to pay hundreds of billions of gifts!

"Then you promised to marry me?" Li Yun asked with a smile, looking at the shy expression on Xiao Mingzhu's face, he pulled back again.

"no!!!"

When Li Yun was flirting with Xiao Mingzhu, the beautiful woman who had been foreseen at the door screamed: "Mingzhu, the wealth of the Xiao family must not be given to outsiders!"

"Yes, yes!" The little kid said, "My dad said, the property of the Xiao family should at least be divided into tens of billions of us, otherwise..."

Xiao Tianyuan looked over, no matter how arrogant the kid was, he was shut up by this look.

Chapter 3592: Private life

"I'm not dead yet."

Xiao Tianyuan said lightly.

In the living room, the scene calmed down again.

Li Yun was amused secretly. This group of people came to Xiao Mingzhu's house to pay New Year's greetings with the purpose of Chi Guoguo. They even saw the future. Xiao Tianyuan has only one daughter, and there is no son to inherit the huge assets in the future.

It is estimated that most of the people here have already begun to have crooked minds, and they want to severely tear off a piece of flesh from his only daughter Xiao Mingzhu after Xiao Tianyuan's death!

What forged suicide note, occupied the Xiao family, so that Xiao Mingzhu could not contact Xiao Tianyuan before his death, or played emotional cards, crying for tens of billions, or communicated with lawyers, or communicated with certain persons in power, plundered Xiao family assets, etc. Wait.

It can be said with certainty that the development history of a giant is a TV series.

As for the distribution of property after the death of the owner, it is the most exciting and enjoyable part of the TV series!

If Xiao Mingzhu were weaker or less capable, she would definitely not be able to successfully inherit the inheritance of her parents. In the best case, her family's relatives would plunder the company's assets, leaving the company under the name of Xiao's family into an empty shell.

By then, Xiao Mingzhu could inherit the Xiao family, but it was already a decline of more than half of the Xiao family.

"Brother, what are you talking about!"

A man who looked somewhat similar to Xiao Tianyuan opened the mouth to make ends meet, "Everyone is only concerned about the development of the Xiao family. Now that you have grown bigger, you have a net worth of hundreds of billions. It is indeed necessary to prevent some villains with bad intentions."

"That's right." Someone said: "Mingzhu is still young. I think it's too early to get engaged. She hasn't graduated from college, so why did she get engaged?"

The crowd quickly wiped out the hideousness that seemed to be vying for the Xiao family's hundreds of billions of fortunes just now.

It can be said that as long as the Xiao family still has money, the relatives of the Xiao family will not be able to turn their faces with the Xiao family. Even if they are driven out by Xiao Tianyuan now, they will come back brazenly.

Or ask the elders of the family to come forward, or just stay here.

Interests move people's minds, for the sake of money, mere face is not a big deal.

"My business, I know it myself!"

Xiao Mingzhu endured this tone, because there were still elders in the Xiao family, and falling out with this group of relatives often meant breaking up with the family. The spread of this incident was so bad that it could only be endured.

Anyway, as long as these people don't do anything to harm her family, Xiao Mingzhu can only choose to ignore it.

Of course, after she takes power, she must find a way to kick these relatives out of the Wanyuan Real Estate Group under her control one by one, and let them fend for themselves!

No matter how many bbs, no one is allowed to enter Xiao's gate!

"I think....."

Someone wanted to say something, but Xiao Mingzhu glared back.

Seeing Li Yun is amused, not to mention Xiao Mingzhu is still young, but she can inherit her father's company in the future and start with a net worth of hundreds of billions. This group of people dare not offend her at all.

"Okay everyone."

Li Yun smiled, "I think it's better not to think too much, uncles and aunts. After all, the matter between me and Mingzhu...I can't talk about engagement."

A group of people breathed a sigh of relief.

"I also live in Huangting Mountain, and I have a childhood relationship with Mingzhu, so I am privately appointed for life." Li Yun said again.

Mother Xiao was taken aback, and then couldn't help laughing.

"Who will privately set you for life?"

Xiao Mingzhu glanced at Li Yun amorously, and the charming appearance made all the men present stare blankly.

Chapter 3593: Company

"You said... Do you live in Huangting Mountain?!"

Uncle Xiao Mingzhu, who wore a gold necklace and told Li Yun to be human, looked at Li Yun in surprise.

"Yes, not far down the mountain, Villa 36."

Li Yun used a faint tone to "expose" his identity.

As long as this group of people has a relationship to check, they can find out the identity of the owner of Villa No.36 in Huangtingshan: Chairman of Baiyun Technology! !

Trillions of net worth.

Ten times stronger than the Xiao family.

But even if the realm of this group of people is too low to be able to climb the towering tree that the Xiao family has risen to the sky, if it still has nothing to do with money, they can also see Li Yun from the top luxury community where the rich and the rich gather in Mount Huangting. The origin is extraordinary.

Just like when you buy a house in Zhonghai City, your relatives and classmates know that you have made a lot of money.

Huangtingshan, only the super rich are worthy of buying a house here!

Therefore, after Li Yun reported his home, Xiao Mingzhu's group of "poor relatives" became dumb, and even the expression of the beautiful woman before was slightly changed.

Her family immigrated early. When she immigrated to Sakura Country, the housing prices in Zhonghai City were not so exaggerated. After she sold the house here and moved to live in Sakura Country, she waited a few years and then looked back.

Well, the market value of the seven or eight houses she sold before has all doubled!

The building at the foot of Huangting Mountain has skyrocketed thirty times, a set worth one billion yuan, and her intestines are all blue with regret.

So when I returned to Zhonghai City this time, the beautiful woman felt uncomfortable everywhere. If she and her husband stayed in Zhonghai City and started a company with Xiao Tianyuan, they are now at least a top billionaire with a net worth of tens of billions. Where else do they need to do things for others? ?

"This... take the liberty to ask, what does your family do, little brother?"

Xiao Mingzhu's second uncle asked cautiously.

Xiao Tianyuan started from scratch. Although the Xiao family was not bad at first, it was still far from the big family, even worse than the Fang family.

So this group of relatives sitting in the living room can be said to be rich, far from being a local tyrant, and can't afford to buy a house in Huangtingshan.

"Starting a company."

Li Yun summed it up in one sentence. He didn't even say that his company is a technology-based company, but the group of people fell silent and did not dare to ask any more.

For fear that after asking, the young people who were despised by them before directly dumped a company with a market value of hundreds of billions of dollars, hitting their faces and making them even red.

"Sit down first, drink tea and then talk slowly." Xiao Tianyuan said, motioning everyone to sit down.

Li Yun felt that he had also learned Xiao Mingzhu's social skills and forbearance.

He and Xiao Mingzhu both sat down like okay people, and chatted with these relatives again, as if no one cared about the run just now.

What Mingzhu said before was right. Adults always wear a mask to live their lives, which is too hypocritical.

But this is life!

Through chatting, Li Yun knew the general situation of this group of people. The most important one was the beautiful woman. Her name was Wang Shuxia, who was also Xiao Mingzhu's cousin. She had immigrated to the cherry blossom country more than ten years ago. Now she is back. Entrusted by a big figure from Sakura Country, Li Yun was specially invited to Sakura Country as a guest.

"You must go!"

Wang Shuxia stared at Li Yun in a commanding tone and said: "I guess you don't understand the situation in the country of Sakura, but since you are your own family, I will tell you clearly: Sakura is better than Huang Xuanguo. Much stronger!"

Chapter 3594: What's powerful

Everyone's expressions became unnatural.

Even if they are a family, Wang Shuxia has immigrated to a foreign country and will not come back for a long time. Every time she calls, she praises the Sakura Country, either for the clean streets over there, or the high quality of the people over there. Especially in the circle of friends, Wang Shuxia is true to the cherry blossom country, and every time she ridicules the domestic situation.

Especially annoying,

Li Yun uttered a sigh, then smiled faintly: "I'm sorry, the country that you said is much stronger is the cherry blossom country?"

Xiao Mingzhu gave him a white look. If you want to ask, why did you scream? Isn't this deliberately annoying!

Sure enough, Wang Shuxia's anger suddenly came up: "Yes, it's the Sakura Country, how about it?! Do you think the quality of those who spit in the country will be better than the Sakura Country?!"

"It's not advisable to generalize." Li Yun said coldly: "Comparing the national qualities of the two countries, we have to compare from a large level. I, Huang Xuan, don't say how rich they are, but they are self-reliant and self-reliant, a defeated evil. Axis. The country still refuses to recognize history. Recently, it has been making a fuss about a certain shrine. The people of such a country dare to say that the quality is strong?"

Suddenly from spitting to the World War II and other historical events, the topic changed so much that Wang Shuxia was speechless, and she couldn't find a reason to refute it for a while.

"More powerful!" Li Yun sneered at the corner of Li Yun's lips. "It's still the same sentence. The country was defeated in the war, and it has been stationed by others. The domestic airspace is a no-fly zone for its own civil aviation aircraft, and it just has to go around a big circle. Only by avoiding the station of a beautiful country can civil aviation continue to fly. How dare such a country have the face to say it is strong?"

Now, the living room is really extremely quiet.

Wang Shuxia's face changed from red to green, and from green to purple, which was wonderful.

"But." Li Yun smiled, "I don't expect your Sakura people to be a little self-aware. It is said that the people of your country are now lying flat, and the army of any beautiful country is not angry anymore. Instead, they raise their hands. Welcome, I can't wait for them to build a few more bases. This kind of thinking of eagerness to be colonized is really incomprehensible to a normal self-respecting country!"

Xiao Mingzhu laughed out loud.

She could be said to have heard it. The reason Li Yun was so real was that she could not understand her cousin emigrating.

"What did you say!"

Wang Shuxia became so angry that she was about to shoot the table and get angry, but Li Yun said to her, "Can you see your ID card or passport?"

"What do you want to do?"

"I don't want to do anything, just want to know your current name."

Li Yun shrugged, "Wang Shuxia, isn't it your current name?"

Everyone looked at Wang Shuxia in unison.

This cousin... has her name changed?

"Haha, soil buns!" Wang Shuxia sneered, "Immigration abroad, who has two names?"

Li Yun didn't bother to pay attention to her, turned his head to look at the kid before, and asked him: "What is the name you wrote on the test paper when you were doing your homework and taking the exam?"

"Dahe... Lianggong." The little kid was frightened by Li Yun's aura, weakly speaking of his own destiny.

Li Yun smiled, then turned around and asked, "Mingzhu, what is your last name?"

"...Xiao." Xiao Mingzhu, who saw through this guy's intentions, rolled his eyes and reported his surname.

"What about you, big brother?"

Li Yun asked the social man with the gold chain again.

"Nonsense, of course the last name is Xiao!"

Chapter 3595: Your surname is Xiao

Li Yun asked a few more people, no surprise, all with the surname Xiao.

To be precise, all the men present were surnamed Xiao, and even if the women were married, the sons they gave birth were also surnamed Xiao, and some of the daughters married out of the Xiao family's family had the surnames Dang Ye.

In other words, among the people present, only this beautiful woman, Wang Shuxia, has nothing to do with the Xiao surname!

The atmosphere suddenly became weird again.

All fools know what Li Yun wants to say, but the point is that once Li Yun clicks it out, even if they don't want to pay attention to it anymore, they have to admit that Li Yun was right for the sake of "family" face. !

You Wang Shuxia is a person who has nothing to do with Xiao's surname. Even if your son is related to the Xiao family, he has changed his surname. According to the concept that has been circulating, he is no longer considered to be his family.

What's more, this Wang Shuxia still immigrated to the cherry blossom country...

"If you remember correctly, you should be called Dahe Shuxia now?" Li Yun gave her another knife. "The women from the Sakura Country always use their husband's surname when they marry, although you were from your own country before. , But the surname has also been changed, should I also follow the tradition there, right?"

Xiao Mingzhu's expression became even more weird.

Huang Xuanguo's girls all say that they are not respected at home, but in fact, in most foreign countries, women have to change their husband's surnames after they marry!

Isn't this even more discriminated against?

Anyway, even if Xiao Mingzhu married Li Yun, he didn't mean to change his surname. It was too troublesome, and a lot of documents had to be changed. Second, it's not necessary at all. Unlike Sakura or other countries, the law requires women to marry. The husband's surname must be given later.

This is unbelievable in Xiao Mingzhu's eyes. It's too outrageous. Why does the law stipulate such a thing?

In comparison, Huang Xuanguo is too open-minded, and there is no need to bear her husband's surname long ago!

Besides, family harmony does not need to be proved in this way.

"you!"

Wang Shuxia, no, it should be Dahe Shuxia, once again very angry.

But she couldn't refute it yet.

Because in the country of Sakura, whenever other women asked her husband's surname, they would call her Madame Dahe, not Madame Wang!

Moreover, in order to be able to integrate into Sakura's country, her husband also abandoned Xiao's surname early and changed it to Dahe.

"Alright Li Yun."

Xiao Tianyuan came out to make a round and said: "The Xiao family's affairs are indeed solved by the Xiao family. You are an outsider, so don't mix up!"

Li Yun: "..."

My dignified fiancée of your daughter, what is an outsider?

Of course, Li Yun knew that his prospective father-in-law was referring to Sang and cursing Huai, and the outsider was not referring to him, but this Dahe Shuxia.

Sure enough, Dahe Shuxia's face turned a little green again, and she said in a shame: "Tian Yuan, you know, my husband emigrated and couldn't wait. Now he has always regretted it and wanted to return to the embrace of the motherland!"

"Your current motherland is not ours."

Mother Xiao couldn't bear it, and she said, "I heard that to join another country's nationality is to swear allegiance to that country. I don't want to say any more. It's just that your family wants to come back. I'm afraid it's not. It's that simple, so do it yourself."

This is almost equivalent to an order to chase off customers.

Dahe Shuxia's face turned dark again.

Li Yun looked at her and said, "I don't want to care about how you are doing. Mingzhu said before, "Mrs. Dahe, you came here specially to invite me to your country?"

Chapter 3596: invite

When it came to this incident, Dahe Shuxia's expression improved a bit. Just as she was about to show off her great figure in the cherry blossom country, Li Yun interrupted her again:

"Less nonsense so much. If you want to invite me, please contact the people over there immediately, right away, otherwise, I don't have so much time to spend with you!"

Everyone looked at him in surprise.

Li Yun said again: "Remember, I'm just here to give Mingzhu a face, otherwise you won't even have a chance to contact me, immediately let the people from the country of Sakura get out, I don't bother to pay attention to the invitation of that small country!"

In fact, Li Yun first was to give Mingzhu a face, and the other was that he had known a Grandmaster Realm called Tokugawa Ryukyu before, and he had also seen this Grandmaster Realm of Sakura Country, known as the "Sword Saint of the East", and was in Beijing with another Grandmaster. There was a fierce battle in the environment.

The battle between the two of them at that time inspired Li Yun quite a bit, so he can be regarded as a face to this Dongzhao Sword Saint.

Li Yun guessed that he was looking for the relationship with Dahe Shuxia, and came to find him repeatedly.

"Rude boy!"

Dahe Shuxia was finally angry, and was looked down upon over and over again, making the clay figurines a bit angry.

She slapped the table and was about to stand up and scold it.

"sit down!"

Xiao Tianyuan spoke coldly and shouted: "This is not the place where your Madam Dahe made trouble, Li Yun gave me the Xiao family's face, not to give you Dahe family's face, you have to figure out the situation!"

Everyone was silent.

Before that, Xiao Tianyuan had hardly expressed any opinions, but the central point of the presence was him from beginning to end. Whether it was Li Yun, Dahe Shuxia, or Xiao Mingzhu, etc., there was no need for Xiao Tianyuan to finalize the sound!

The reason is also very simple. Xiao Tianyuan is now the pillar of the Xiao family. Without Xiao Tianyuan, the Xiao family's fart is not.

Of course, Xiao Mingzhu's mother's background is not simple. It is enough to teach Chu Chu, a martial arts master who broke through her innate realm at the age of sixteen or seventeen. It is enough to show that when Xiao's mother was young, she was also a daughter of a martial art daughter, but she did not. It was just proactively revealing his identity-Li Yun did not ask his mother-in-law's martial art.

Dahe Shuxia suddenly became dumb, and her son lost his temper.

"sit down."

Xiao Tianyuan said, this lady Dahe sat down obediently.

"Li Yun's time is much more precious than you. Do you think you want to invite you? Just a mere Sakura Country, there is nothing in front of him!"

Xiao Tianyuan's words were naturally regarded as exaggerated by the Xiao family.

But in fact, even in the face of the entire Sakura Nation, Li Yun is really worth it. He can cause the Sakura Nation to collapse by himself, but the method is too cruel. It will kill millions of people. They succumbed.

Although there is no sense of guilt, Li Yun will become a public enemy of the world if this is done. Of course, his reputation in Huang Xuanguo will definitely be better.

"Let's talk." Xiao Tianyuan asked again, "Who invited Li Yun this time you are here?"

Li Yun nodded to his father-in-law and expressed his gratitude.

Xiao Mingzhu cleared his throat and said, "Cousin, you also know the current international situation, plus there are so many monsters in the wild. Who will go abroad for no reason? So, if you want to invite Li Yun to your country, first Give sufficient reasons, otherwise, Li Yun would not go!"

Everyone looked at the lady Dahe.

Wang Shuxia murmured, but in the end she could only take out her mobile phone and contact the other side.

But my heart is still very upset.

Chapter 3597: Straight to the point

She Wang Shuxia is also a person of high net worth. This time she was instructed by a big figure from the Sakura Country to invite Li Yun on the second day of the Lunar New Year.

She herself went out in person, and she thought it would be simpler to invite someone, but she didn't expect that this guy would still be tough!

"Husband, come on!"

Wang Shuxia threw the question directly to her husband, Xiao Qiji, no, it should be Dahe Qiji now.

The surname is Dahe, and the names are gathered.

"Give you!"

After the call was connected, I chose to pass the phone to Li Yun, who was not angry, and asked him to speak in person.

"Let it go, open it, I'm not interested in picking it up."

Li Yun did not choose to take the phone, pointed to the desktop, and motioned to Wang Shuxia to put the phone on it.

And turn on the external release function of the phone.

The meaning is obvious, Li Yun didn't even bother to touch it, and made it clear that he looked down on her!

"Humph!!"

Wang Shuxia snorted heavily and arranged the phone as instructed.

Everyone calmed down, and they were also very curious about how big the figure of Sakura Country could be invited by Wang Shuxia in person.

After Xiao Qiji's family immigrated to the Sakura Country, although the development was not smooth, at least he was also a rich man. He was able to invite Xiao Qiji's family and was invited by Wang Shuxia to come back in person. It shows that the energy behind the people is not low.

It is very likely that it is a member of the Sakura Country, or several large families that control a large amount of capital and power, such as Hatoyama, Koizumi, Panasonic, Mitsui, Tokugawa, etc.

These families, or big chaebols, came out of the upper-class figures of the Sakura Country, and the leaders were basically from these upper-class families.

"You invited me?"

Li Yun was straightforward and said directly to the phone microphone on the table.

The other side was obviously stunned for a while, and then said in a deep voice, "I am Dahe Qiji, who are you? Why are you holding my wife's mobile phone!"

This sentence was still spoken in Japanese, but everyone understood his self-reported name inexplicably.

Obviously, it's not Xiao.

Li Yun smiled and reported his name: "My name is Li Yun."

"It turned out to be you." Dahe Qiji switched back to Huang Xuan's Mandarin, and said in a somewhat commanding tone: "Yes, it's me! Someone here invites you to come, and you will come with my wife tomorrow morning. , I will arrange the people, OK, that's it, I'm still busy, and my wife will tell you about other things!"

Having said that, we must hang up the phone.

Li Yun smiled, "Give you five seconds to convince me."

"What?" Dahe Qiji obviously froze again.

"Persuade me, let me continue to have a reason to listen to your nonsense, otherwise, get out!"

"you!"

Dahe Qiji became annoyed, "Do you know how big a disaster you have caused? I'm here to help you solve it, otherwise, you would have been..."

"3, 2, 1, you still have one second."

"...It's Yamaguchi's family!!!"

When Li Yun's count was about to end, the voice on the other side finally lost his composure, and he roared out, still panting, obviously irritated by Li Yun.

"Yamaguchi?"

Li Yun looked at Xiao Mingzhu. The latter shrugged and smiled and said: "The surname Yamaguchi is very famous. It is said that it is a family of mixed society in the cherry blossom country... Moreover, in the cherry blossom country, this kind of organization exists legally. , So this kind of family over there can mix well, and it's also very arrogant."

Li Yun has also heard of the Yamaguchi family, which belongs to the gray area of Japan, which is one of the three big families in the mixed society.

Yamaguchi team, Sumiyoshi society and Inagawa society.

Chapter 3598: Select event

But Li Yun was puzzled. He also had a little bit of intersection with the Sakura countryman named Tokugawa Ryuusho, the sword sage of Dongzhao. This Yamaguchi family had their brains so much that they invited him to the Sakura country as a guest?

Moreover, it is still a family of gangsters, since Li Yun has never dealt with this kind of gangsters since he reclaimed his anger.

It's not that he looks down on it, he is not that high, but it is purely unnecessary.

Let's not talk about anything else. The two younger brothers that Li Yun used to collect in the county town, Boss Qian and Boss Zhu, these two people have almost nothing to do with him now, at most when they returned to Longyang County for the New Year. Come over and have a drink with him.

Li Yun's current structure and strength have long gone beyond the scope of ordinary mortals. The ordinary and mundane things are of no use to him at all. He has money and power-he has a good relationship with many big men and his strength is not low. The girls around and the adopted sons are better than the other.

Therefore, Li Yun's current circle is already very high, and he has a difficult relationship with the small gangsters on the side of the cherry blossom country.

"Yes, it's the legendary... Yamaguchi family!"

Dahe Qiji's voice was filled with awe and trembling. It was obvious that he, who had lived in the country of Sakura for many years, had deeply felt the power of the Yamaguchi family, and did not dare to offend him at all.

"Oh." Li Yun still nodded, "Then what are they looking for me? Forget it, I guess you don't know, you call and ask, ask about a man named Tokugawa Ryusheng, nicknamed Tosho Sword Saint. People, see if they know or not!"

Li Yun estimated that the person behind the scenes who ordered Dahe to gather together to invite him was probably not Tokugawa Ryukyu.

The guy who claims to be Dongzhao Sword Saint, although his previous strength Li Yun said he was not afraid, but he was always a grandmaster.

Even in the age of Aura, the strength of the Grandmaster Realm is not something that people can only look up to. Many 9th-level abilities can fight the Grandmaster Realm one or two.

But anyway, Tokugawa Ryukyu's status must be unbelievably high, and this Dahe Qiji-which was renamed later, will definitely not be able to contact him.

"Dong Zhao, Sword Saint?"

Dahe Qiji repeated Li Yun's words, and then switched to Japanese to ponder it carefully, "Juggernaut... Dong Zhao, is it... how do you know him? Wait, I, I know!"

"Oh? What do you know?"

Li Yun smiled and asked curiously.

As a result, Dahe Qiji did not answer, and the system prompt came first.

"Ding, trigger the option event, please choose from the host:

Option 1: Go to Sakura Country alone, investigate why the other party invited the host, reward a few experience points, a few attribute points, and a golden gift bag*1.

Option 2: Go with Xiao Mingzhu, reward attribute points 10,000, random martial arts skills*1, golden gift bag*2.

Option 3: Reject, no reward. "

It's another long-lost reminder. Li Yun is really eager for the prompt of the system now. I didn't think it before. Now that the cheating system hasn't bubbled for a long time, Li Yun missed it!

"Okay, needless to say."

Li Yun didn't talk too much nonsense. He directly reached out his hand and hung up the mobile phone on the desktop, turned his head and said to Xiao Mingzhu: "I'm going to Sakura Country, do you want to go together?"

Although I don't know why the system asked him to bring Xiao Mingzhu, there are more golden gift bags for rewards. In addition, Li Yun thinks this time is not very dangerous, which is the level of solving the incident by the way on a vacation.

Chapter 3599: Decide

Perhaps, the system is to give him a reminder, taking advantage of the time to go to the cherry blossom country, eat Xiao Mingzhu in one bite, save this super white and rich, and still refuse to agree to be Li Yun's boyfriend, only occasionally send some experience cards, which is very troubling. itch.

"Huh? Decided? I'll go too?"

Xiao Mingzhu was a little confused by Li Yun's sudden decision. After all, Li Yun had an expression that I didn't care about at all just a moment ago, just to amuse him.

But the next second he directly agreed to go to Sakura Country, and also invited her!

"Yes, it's decided, it depends on whether you want to go."

Li Yun smiled and said, "Now on the second day of the Lunar New Year, Mingzhu, are you going to visit relatives? I plan to go there again on the fifth day of the Lunar New Year. If there is no accident, I will be back in two or three days so that I can catch up with the Lantern Festival. "

"Just you and me?" Xiao Mingzhu suddenly thought of something and stared at Li Yun.

"Yeah, you and me, go together!"

"it is good!"

Xiao Mingzhu agreed in one fell swoop. She didn't even discuss with her parents whether to go with relatives. When she heard that Li Yun was going to Sakura Country with her, she immediately agreed.

This was almost the only time during the winter vacation when she could be alone with Li Yun.

Even before, Xiao Mingzhu had never dated Li Yun alone for a few days!

This is something she has always regretted.

The girls around Li Yun all had an exclusive response with him.

Jin Liuli and Li Yun entered the ancient tomb together; Xia Feiyao and Li Yun smashed the gambling nest together, and went to Qinglei Valley together, holding together to watch the stars at night; the little princess Yongning was alone with Li Yun in the fantasy territory Together.

In many other things, almost everything happened with Li Yun. Even Fan Linglong spent two days in the illusion with Li Yun and the three people of Fan Qing.

Xiao Mingzhu heard a lot about them in the group, but none of these things was exclusively for her!

Xiao Mingzhu had an adventure with Li Yun, that is, at sea, the two met on a cruise ship, and then it was the Penglai Island incident.

But in that incident, Jin Liuli Xia Feiyao and Su Muxin were also together, and Xiao Mingzhu was not the heroine at all!

In summary, Xiao Mingzhu has always been looking forward to exploring with Li Yun, whether it's digging into the ground to find a gloomy tomb, looking for ancient relics, or encountering some weird things. .

In short, she wants to work with Li Yun to create a memory exclusively for the two!

Originally, Xiao Mingzhu thought that he had to be stronger again to catch up with Li Yun and go out on adventure with him.

But I didn't expect the opportunity to come so soon.

"Really?"

Li Yun looked at Xiao Tianyuan and Xiao Mu, and after seeing Mingzhu's parents nodding their heads in agreement, he nodded definitely: "Okay, that's it. We will go out on Friday and go to Sakura Country!"

"Week, Friday?" Dahe Shuxia raised an objection, saying what the Yamaguchi family asked for as soon as possible.

Of course, Li Yun ignored it.

What **** is as fast as possible, worthy of the importance of enjoying the New Year atmosphere with his family?

"Friday, you are responsible for arranging everything."

Li Yun said lightly to Dahe Shuxia: "Including air tickets, itinerary, hotels, and people who come to pick up and drop off, etc., if there is anything unsatisfactory, Mingzhu and I will not go. It is actually good to play in Zhonghai City. !"

Friday is also the fifth day.

On the second day of the new year, the news that Li Yun and Xiao Mingzhu were going to the Sakura Country to play quickly spread to other girls. Some of them wanted to go with him, but they knew that Xiao Mingzhu was the first time with Li. After Yun went out for a date, all of them declined.

In the end, Xiao Mingzhu felt embarrassed.

But she didn't force anyone else, even Liu Xianxian, a good girlfriend, was pushed on Huangting Mountain by her. Let her go to play with the little princess and Cai Wei.

She is looking forward to this "date" with Li Yun!

The quotation marks on the date mean that the date is also temporary. She gave Li Yun another boyfriend experience card for a week to see how he behaved, and then consider giving him a regular job.

"Hmm, let's go."

After bidding farewell to them one by one, Xiao Mingzhu showed a bright smile at Li Yun and walked downstairs.

"and many more."

When Li Yun was about to go downstairs with her, the saint son Xiaosu suddenly thought of something, and asked him in surprise: "My foolish envoy, you said you are going to the cherry blossom country?"

"Yes, is there any problem?" Li Yun stopped and looked at her with Xiao Mingzhu.

"It's that...that's the place of that, very annoying woman!"

The son Xiaosu wrinkled his nose, looked at Qing Girl, and said: "In short, you have to be careful, it will be very miserable if you provoke that crazy woman."

Shengzi and Qingnv are now in the living room on the second floor. Since the New Year's Eve, the two of them have become more and more interested in chatting with the family around Li Yun, or playing games together, even playing badminton and mahjong. and many more.

The blond loli son, now seems to have forgotten her rented castle, chose to live on the second floor, far away from the young girl's room, and they happened to stand on the side of the big villa.

There are more than a dozen houses on the second floor of the villa. Even if the two live together, as long as they do not deliberately in daily life, they will rarely encounter them.

The young girl spends a lot less time in her room, playing games, watching videos, etc., all like to go to the living room on the second floor or go up to the third floor.

However, I don't know since when everyone's activities during the day changed to the living room on the second floor, and the third floor was at night, especially after nine o'clock in the evening, before Li Yun and the girls around him would go.

"woman?"

Li Yun thought for a while, "Could it be Amaterasu?"

Amaterasu is the head of the eight million gods worshipped by the Sakura Kingdom and the commander-in-chief of the gods worshipped by many shrines. Its status is equivalent to that of the Jade Emperor of Huang Xuan Kingdom or the Sanqing Dao Zun.

Li Yun knows many deeds about this female master god. Amaterasu Daimi and the legendary Tsukiye Kenzun, Susano is a sibling relationship, Amaterasu Daimi's sister, and Susano is a younger brother.

As for the moonlit night, the gender is unknown, but male or female.

In fact, there are many gods in myths and legends that do not distinguish between men and women. For example, the Guanyin Bodhisattva known to many people in Huang Xuanguo actually has many dynastic aspects, but most of the time, Guanyin Bodhisattva shows people as female.

"you know?"

The blonde little loli looked at Li Yun in surprise, and muttered: "No, how did you know? You are really a mortal? How do I think you know more than I do!"

Even the young girl looked over and had the same suspicion.
