

Godly Choice 3611

Chapter 3611: You do it

Without words all the way, Li Yun took the Yamaguchi family's car, and Xiao Mingzhu passed through the small half of Edo City. After seeing many of the characteristic buildings and customs of the cherry blossom country, the car came to an ancient-style house.

This house is quite like the palace of Huang Xuanguo. There are two big lions in front of the door, and there are many plaques and beams. If the text is not for the katakana here, Li Yun wonders if he has fallen into the rift of time and space again, and suddenly returns. Arrived in Huang Xuanguo.

However, the country of Sakura has been greatly influenced by the Tang Dynasty. The Yamaguchi family still retains many traditions from the previous era. Even Li Yun has seen that the Yibozou tribe in Mihua Town has engraved on their windbreakers. The characters are all carved in Chinese characters, and there are few katakana characters.

There is no doubt that this is the inferiority and arrogance of the people in the cherry blossom country. They respect the tradition and despise the contradictory character of Huang Xuanguo on the other side.

If you can defeat them, the people of Sakura will treat you respectfully, otherwise...

"Are you Li Yun?"

A man stood at the door. After seeing Li Yun and Xiao Mingzhu getting off the car, he was surprised at Xiao Mingzhu's peerless beauty, but he quickly turned to Li Yun, who came arm in arm with Xiao Mingzhu.

"You are Dahe... so what?"

Li Yun had indeed forgotten his name, only that the man changed his surname to Dahe, who used to be Xiao.

"Dahe...gather together!"

The man waiting at the door of Yamaguchi's house, after taking a look at Yamaguchi, he hesitated for a second before speaking his name.

Xiao Mingzhu smiled: "It turned out to be Mr. Dahe, who looked up for a long time."

If it was not a serious occasion, Li Yun would definitely laugh out loud.

It turns out that Xiao Mingzhu's yin and yang skills are not bad, and he has his three-pointed true biography.

This sentence implies several meanings. First, it satirizes Xiao Qi's change of surname to Dahe, and second, it satirizes him in front of his own tribe and refuses to report Xiao's surname, but to Dahe, the surname of the cherry blossom country. Third, it is exactly that. Because of the first two, the four words "Look for a long time" are simply full of ridicule and ridicule!

Because, only among the people of Huang Xuan, would they say that they have been admiring for a long time, but the big rivers gathered together are surnamed Dahe!

Dahe Qiji understood the ironic words that only Huang Xuanguo understood. An angry purple flashed in his eyes, and he wanted to attack, but after another glance at Yamaguchi Ken, he still endured it.

Li Yun tut was amazed.

This big river gathering is really big river gathering, not Xiao Qi gathering!

He has been completely assimilated here-of course, it is possible to say that his original character is like this. In front of the Yamaguchi family, he dare not say anything more. This kind of obedient appearance is not unique to Sakura Country. NS?

"hehe."

After realizing this, Li Yun didn't bother to talk too much nonsense to him, and only said lightly: "Your wife has already gone home, and I came today to see what can trouble my wife's family, what the **** is it!" "

When the voice fell, the air around him solidified a lot.

These overbearing, contemptuous words, you don't need to understand, you can hear the meaning of Li Yun's words:

I came just to beat you up!

First, let you explain, why did you invite me?

"and many more!"

Xiao Mingzhu stopped Li Yun and said righteously: "Didn't you say you want me to solve it? How come you are now in your position again? This is not good, you have all the limelight."

"Uh, all right, you come as soon as you come." Li Yun's domineering smoke disappeared, and the tracheitis was over.

Chapter 3612: response

"you!"

Dahe Qiji-that is Xiao Qiji, after hearing Li Yun and Xiao Mingzhu's arrogant tone of killing as if they were going to enter the Yamaguchi family, their faces went dark.

He swept across Li Yun and Xiao Mingzhu with cold eyes, staying on the latter's face for a while, and then said coldly: "Don't blame me for not giving you the love of the Xiao family. This is not Huang Xuanguo, let alone Zhonghai City! Xiao! Home in Zhonghai City can cover the sky with one hand, but here, Mingzhu, uncle advises you to be honest!"

"Since it's your Xiao family, you don't have to say more!"

On Xiao Mingzhu's beautiful face, his expression was very calm, "I am already an adult, and I will also be the one who will be in charge of the trillions of assets in my company in the future. I was taught very well by my father and I know what I am doing!"

The underlying meaning is that I have a good education, but your big rivers are not so good!

And also warned the great rivers: you are doing dangerous things, beware that if you are not careful, you will fall into the realm of irreversible disaster!

I have to say that only Huang Xuan countrymen can hear such obscure words.

Ken Yamaguchi on the side could also speak Chinese, but he didn't hear anything. Instead, Dahe Qiji, a former member of Huang Xuan who changed his surname, was completely irritated.

"you!"

But the same as before, when the anger was gushing out, Dahe Qiji saw Yamaguchi Ken on the side again, and his anger was immediately extinguished, and he abruptly endured it.

Li Yun was amazed at the sight, and said to Xiao Mingzhu: "It is said that there are ninjas in the cherry blossom country. Is it because the people in this country are too tolerant, so they are called ninjas?"

The concept of respect and inferiority in Sakura Country is simply terrifying. The orders of superiors and elders are everything, which is reflected in the workplace. The pressure of men working in Sakura Country is extremely high.

Xiao Mingzhu gave Li Yun a white look, "You seem very low when you say this, and it's not like what Li Yun said. Are you still an angry young man?"

Li Yun shrugged. He admitted that when he came to Sakura Country, he became a bit cynical and always wanted to come up with something.

After all, except for the animation and some small movies and televisions of Sakura Country, he really has no affection for this country in other places.

Of course, even if Gong Qingyu loves anime so much, Li Yun will not kill this country. He has mastered a powerful force now, but he does not mean to go beyond the secular, nor will he outrageously kill a few. Millions of people, let a country surrender to him.

In that way, Li Yun's evil value really broke through the sky.

"But." Xiao Mingzhu smiled again, "I don't unexpectedly hate your low, after all... this place is really not friendly to us, and we don't need to respect them!"

"Huh." Dahe Qiji snorted coldly, and was about to speak, but Yamaguchi Ken had already stepped up and said respectfully: "Two distinguished guests, please go inside, the owner will come soon!"

Li Yun nodded and motioned to Xiao Mingzhu to walk in, but he was half a step behind her and walked in with him.

"Mr. Yamaguchi, I..."

Dahe gathered to ask Yamaguchi Ken's opinion. He has successfully invited people. Should the benefits that he should give him be realized?

"You follow along."

Yamaguchi Ken's attitude towards him is completely different from the heavens and the earth's attitudes towards Li Yun and Xiao Mingzhu. Not only did he have a casual tone without honorifics, but he also used a commanding tone to let Dahe Qiji follow along.

Chapter 3613: Lead the way ahead

As for Dahe Qiji, he didn't dare to refute at all, and obediently followed and entered Yamaguchi's house.

He has lived and developed in Sakura Country for more than 20 years, and he knows the energy of Yamaguchi's family in Sakura Country!

Regardless of the news reports from the outside world, the members of the Yamaguchi family can't even afford to eat, so they can only rob the supermarket, as if they were having a miserable life.

But those are just for outsiders!

As a veteran mixed social organization for more than a century, Yamaguchi parents have over a million people who have reproduced or joined the Yamaguchi tribe.

Many people are proud of the surname Yamaguchi, and many are active in politics and become members of the local and both houses.

These people in turn feed back the Yamaguchi family, let the family grow, and even solve some things that can't be put on the surface for them. The two collude with each other in a mess, and together occupy most of the interests of the upper class of the cherry blossom country.

An important reason for being so rampant is that in the cherry blossom country, the organization of mixed society is legal!

This legal coat gave too much convenience, so that the Yamaguchi family did not need to hide in the shadows to survive. They could continuously recruit social elites, absorb them into the family, and work for the Yamaguchi family.

Up to now, the Yamaguchi family has become a huge family with hundreds of billions of assets on the surface, but secretly I don't know how many companies and forces depend on it!

If he can successfully climb Shankou's home in Daheqiji, he would be more effective than climbing a border official in Huang Xuanguo!

After all, Huang Xuanguo is a society ruled by law, and here, the legitimate Yamaguchi family has too many places to operate.

As long as you climb up, you will have to fight for a lifetime. It can be said that the years of hard work of the great rivers will have results, and that is to wait for this day!

Therefore, he did not hesitate to send his wife to Zhonghai City to invite Li Yun to come.

He doesn't need to worry about what the Yamaguchi family invites this Li Yun to do, nor does he need to see whether he offends the Xiao family. In his opinion, as long as he becomes famous and returns to Zhonghai City in the future, wouldn't the Xiao family still look at his face?

"Mr. Li, please!"

Listening to Yamaguchi Ken's respectful words, Dahe Qiji had a bad premonition in his heart:
Why?

He couldn't understand, if the Yamaguchi family really valued this kid, why didn't they go to the airport to meet him in person or shoot him, but instead come up with these things, wouldn't he be afraid of offending him?

"Lead the way ahead."

Li Yun didn't speak, Xiao Mingzhu said in a plain tone, quite a three-pointer of Li Yun's usual appearance, and even his tone was imitated.

Of course, if Li Yun had come in person, then Yamaguchi would have been forced to call someone to greet him in person.

Li Yun didn't say anything now, and chose to follow Xiao Mingzhu calmly all the way to see this elegantly decorated mountain pass.

Li Yun didn't have much research on the architecture of Sakura Country. He knew only tatami mats and mixed bathing for men and women. In addition, a considerable part of the girls in Sakura Country would bathe with their father before they reached adulthood.

And it was not the open-air bath in the villa Li Yun bought, or in the bathtub at home, the girl from the cherry country scrubbed his father.

It was once reported that a female celebrity blew herself up, saying that when she was 20 years old, she went to a hot spring bath with her father, which aroused the surprise of many Internet names on Huang Xuanguo.

Li Yun didn't think much about it. The culture is different, whether it's envious or contemptuous, it's all customs here.

Chapter 3614: Purpose

"Mr. Li, Miss Xiao, please use tea!"

Walking all the way, he walked for at least ten minutes in the Japanese-style building of the Sakura Country Family in the winding corridor, before Li Yun came to a quiet courtyard.

Entering the courtyard, it is still decorated in Japanese style, with large screens with haiku written on it, and tatami mats for kneeling.

There is also a water trap in the courtyard. Whenever it is full of water, the bamboo tube will fall down and hit the big rock with a crisp sound.

"Um!"

Li Yun raised his eyebrows. He thought that Yamaguchi's family was coming so aggressively and wanted to make it difficult for him to come, but he didn't expect to bring him to this place that looked good.

Is it a Hongmen Banquet?

Xiao Mingzhu also thought of this. The new life's divine mind scanned the surrounding circle carefully, but found nothing. There was no one in the courtyard. It seems that she and Li Yun were planning to wait for hundreds of millions here to have the righteous master come out.

"Here you... Forget it, Mingzhu, come on!"

Li Yun originally wanted to give you five minutes to let your boss get out and see me as soon as possible, but suddenly remembered that this action was his girlfriend, he just needs to follow the battle!

Xiao Mingzhu grabbed Li Yun's big hand, then gave him an angry look, then turned his head and said to Yamaguchi Ken: "You still don't know how to treat guests in the cherry blossom country, so I went to our country to invite me and Li Yun came, we arrived, but did things like those at the airport!"

Yamaguchi smirked.

"Besides, you don't even mean to respect us at all!"

Xiao Mingzhu once again protested seriously: "The guests have already come, but you are still negligent. However, I choose to be considerate of you, but please don't take politeness for granted. If I think you disrespect us as guests, I and Li Yun will leave immediately!"

Leave and go shopping.

I don't bother to care about your Yamaguchi family.

Compared to Li Yun's tone, Xiao Mingzhu's tone is undoubtedly more polite and formal, much like diplomatic rhetoric. Not to mention, if Xiao Mingzhu goes to the diplomatic department, he will definitely do a good job.

At least it is much more acceptable than Li Yun's bold tone.

"Hai!"

With another hail, Yamaguchi was more respectful to Li Yun and Xiao Mingzhu.

After the two entered the heavily fortified Yamaguchi family base camp, they were still able to talk and laugh. Not only did they not have any expressions of fear, they also had such courage to raise objections.

It can be seen that this Miss Xiao, and Mr. Li, may really be able to fight the more powerful Sword Master Dong Zhao!

Yes, Yamaguchi knew what the purpose of the Patriarch's invitation to Mr. Li was. He heard that the young Huang Xuanguo genius had a battle with Tosho Swordmaster in the capital.

This surprised many Sakura people. When did Huang Xuanguo have such a young genius again?

Many people were jealous, and wanted to send Shangren to quietly assassinate Li Yun to prevent him from becoming stronger in the future, which would pose a greater threat to the cherry blossom country.

It was only because of strong opposition from Dongzhao Jiansheng that he gave up.

However, due to the explosion of aura, the strength of Tosho Swordmaster became stronger and stronger, and the original balance was about to be broken. The power belonging to the shrine, that is, the power of Sakura Shrine, became stronger and stronger. Under the leadership of that prince With the power of the gods, the shrine in Sakura has become the most powerful force in the transcendental world such as the Sakura Kingdom, samurai, and ninja.

Moreover, this amazing influence is gradually spreading to the world of ordinary people.

Chapter 3615: shrine

Yamaguchi Ken will never forget that the gorgeously dressed Yuko, facing the 100,000 believers who went to the Sakura Shrine to worship, waved his hand, the coercion from the sky, and the faint roar from the sky, Directly let Yamaguchi Ken and the other Yamaguchi family members tremble with fright, so he could only hide in the corner, looking at the luxurious prince with awe, and dancing with a goddess in his hands.

One hundred thousand believers knelt down feverishly, looking forward to the protection of the main **** worshipped by the Sakura Shrine: Amaterasu Omikari!

Sakura Shrine is the core of the tens of thousands of shrines in the Kingdom of Sakura. The imperial son, the son of the oracle who leads all the clergy, is jointly recommended by hundreds of thousands of priests and maidens of the Kingdom of Sakura!

Miko is also called Godko, or Mikako.

The shrine maiden is the spokesperson of the gods. In ancient legends, Mikami can accept the coming of the gods and become the gods' substitutes on the earth, gaining unimaginable power.

...

Li Yun didn't wait long. He and Xiao Mingzhu were drinking tea and chatting in a Japanese-style courtyard. After reporting peace to everyone in Zhonghai City, the two heard a sound of footsteps.

Li Yun and Xiao Mingzhu put down their phones and waited for someone to come.

But the Dahe Qiji, who had not spoken to them before, hurriedly walked outside and greeted the people personally.

An old man with a gloomy expression, leaning on a black cane, accompanied by several men wearing samurai uniforms and carrying samurai swords, Ying Shi Lang Gu walked in.

Yes, although this old man is a bit older, his aura when he walked in can indeed be called an eagle-eyed wolf-gu, a pair of sharp eyes looked over, and Da He Qiji's voice was stammered in fright:

"Home, Patriarch!"

Dahe Qiji has always been eager to officially join the Yamaguchi family, calling for the Patriarch.

As a result, the old man on crutches didn't reply to him, and a samurai next to him pushed him away, commanding Dahe Qiji to roll aside with a stern look, and don't get in the way.

Then, another woman in her forties, wearing a traditional kimono, stood up and yelled at Li Yun and Xiao Mingzhu in Japanese: "My father is here, how dare you be so rude?!"

He didn't even stand up to greet him. It was indeed rude.

Li Yun smiled without saying a word, and looked at Xiao Mingzhu.

His super white rich and beautiful friend, of course, is not a vegetarian.

"Ah."

Xiao Mingzhu expressed his contempt with a chuckle. Yu Li Yun still kneeled on the tatami, looking at them with beautiful eyes: "Please make sure that the daughter of the Yamaguchi family must figure out one thing. We are guests, not Your subordinates are not the people who rely on you to live!"

Dahe Qiji's face was beaten and swollen.

It is ridiculous to think about it. He came to the Sakura Country with all his energy, but his career is still not so impressive. On the contrary, Xiao Tianyuan in Zhonghai City is getting bigger and bigger. Ten years ago, he directly became the richest man in Zhonghai City and became Huang Xuan Guozhong. Booming people.

But he was still struggling to survive in the cherry blossom country, until he gritted his teeth, changed his surname, and concealed his origin, only then reluctantly let his career develop a little.

But now?

Even Xiao Tianyuan's daughter can speak righteous words to the Yamaguchi Patriarch with her head upright, without the slightest fear.

In contrast, he Xiao Qiji has become a jumping clown!

Chapter 3616: qualifications

"you!"

The daughter of Yamaguchi's family, Hui Yamaguchi, and Xiao Mingzhu, who were young and energetic, were so shocked that they couldn't speak.

She is the daughter of the Yamaguchi family of three major families in the cherry blossom country.

She was married, and she was very proud of her husband who graduated from Dongda University.

But now...

"If you don't want to recognize us as your guest," Xiao Mingzhu's eyes narrowed slightly, "then we have nothing to say, this meeting will be cancelled!"

"Cancel and cancel, and go back wherever you came from! Get out of here!"

Yamaguchi Hui immediately gave a loud order and waved directly to let the bodyguards around him drive them out.

But none of the samurai standing beside the old man obeyed her orders.

Xiao Mingzhu's smile became brighter, and she glanced at the old man's eyes, and did not fall in the slightest.

Speaking of them, these two golden ladies-despite their different ages, one is thirty or forty years old, and the other is only nineteen years old, the dialogue between them is quite weird:

One uses Chinese and the other uses Japanese. The magic is that they can understand each other's words, but they don't bother to use each other's language to talk to each other.

But disdain does not mean not going to learn. The two daughters who received elite education, it is estimated that each of them has at least ten languages!

Li Yun had a panoramic view of all this. He actually wanted to say: How can we leave like this? You invite me to come, don't pay tens of billions, just want to pass it easily?

Forget it, let's see how Mingzhu solves it.

"Hui."

The old man's voice was indifferent, faintly revealing a cruel meaning: "From now on, you can no longer participate in Yamaguchi's affairs in the future, your work, your brother will replace you!"

"Dad, what are you talking about?!" Yamaguchi Hui was stunned. Why did she do nothing wrong, but lost her heir qualifications?

"Um?"

The old man snorted, and Hui Yamaguchi's face became pale with fright. Her body under the kimono trembled a few times. She didn't dare to say anything, she could only bow her head and back off.

The dignity and humbleness of the cherry blossom country can be seen from this.

"Let the two distinguished guests of Huang Xuanguo laugh."

The old man showed a faint smile to Li Yun, as if he could see that Xiao Mingzhu was actually based on Li Yun instead of her.

"I laughed at you a lot, not bad this one."

In the end, Li Yun couldn't help but opened his mouth, and as soon as he opened his mouth, everyone present, including Hui Yamaguchi, who had not yet gone far, looked at him in surprise.

"You really can't spit out ivory from a cow's mouth!"

Xiao Mingzhu wanted to laugh, but didn't dare to laugh.

Her boyfriend, temporary, is extremely unreliable. On such a serious occasion, he met with the head of the Yamaguchi family in person. How could her boyfriend still have an attitude of not swearing at him and refusing to give up?

Isn't Li Yun wanting to let the conversation go on at all? Not quite like it.

Perhaps, Xiao Mingzhu felt that Li Yun was only trying to test the limits of the old man. If he immediately became angry, then there would be nothing to talk about. Li Yun and her would definitely not be able to give in. This inexplicable meeting is destined to be only Can fail.

On the contrary, as it is now, the old man is not angry, but chooses to apologize, then the conversation can continue.

"Your Excellency Li Yun is dissatisfied?"

The old man smiled faintly, "Then, on behalf of the Yamaguchi family, I would like to express my sincere apologies to you, and I hope that His Excellency Li Yun and Miss Xiao will be able to help her."

Chapter 3617: Nobita Yamaguchi

Xiao Mingzhu vaguely understood something.

Li Yun showed more laughter and cursing, all of his true temperament, and he showed less and less caring about worldly interpersonal communication and etiquette.

Perhaps it is because his power has surpassed the secular!

Her boyfriend has the power to despise everything in the world, so he doesn't care about these things at all, and he is not afraid to offend the other party.

It's no wonder that when he speaks, it makes people irritable. The Yamaguchi family has already offended him. Before he calms down, don't think of any kind words coming out of Li Yun's mouth.

Isn't it the style of a peerless master to act recklessly?

It's just that Li Yun looked very young and was her closest person, so she felt strange.

"Row."

Li Yun was not aggressive, and said casually: "Then sit down, and quickly state your purpose...Uh, forget it, Mingzhu, you said, I drink tea, can I drink tea?"

In a word, his girlfriend looked at him with "killing" eyes again. Li Yun quickly shut up, let his girlfriend show the limelight and don't steal her.

"Humph."

After a small snort, Xiao Mingzhu smiled at the old man: "It's okay, please forgive us for being rude, please sit down and let's talk more!"

Both of them talked in their own language and understood each other.

Buzzwords may not be understood by the two of the other country, but as long as they are not too uncommon, they can understand.

The old man sat down on his knees opposite Li Yun and Xiao Mingzhu, around the corner of the room where the four warriors were stationed, Dahe Qiji was driven out.

But then, the closed Japanese-style sliding door was opened again, and a girl in a kimono knelt on the ground and walked slightly on her knees, holding a plate in her hand, and pouring down respectfully and compliantly for the three of us. Tea.

A series of actions, unspeakable docile and polite, simply treated Li Yun as a father, more respectful than anyone else.

With this kind of kneeling service, it's no wonder that many Huang Xuan people like to come to Sakura Country to find a wife. After a hard day's work, when they come home, such a wife will serve herself with all her heart. Who wouldn't like it?

"Please allow me to introduce it."

The three of them each took a sip of tea. Xiao Mingzhu pointed to Li Yun and said, "This is my lover, Li Yun. My name is Xiao Mingzhu, Xiao Tianyuan's daughter."

The old man looked at Li Yun and slowly nodded: "My name is Nobita Yamaguchi!"

"Ding, trigger the option event, please choose from the host:

Option 1: Talk to Nobita Yamaguchi and listen to what his purpose is. Reward: Purple gift bag*2. The development of the event is unknown.

Option 2: Leave angrily, no reward, and lose the opportunity to trigger the event.

Option 3: Find a reason to kill the Yamaguchi family. Reward: Justice value +100,000, golden gift bag*1. "

Although the selection incident that suddenly appeared in this system was somewhat inexplicable, from the third option, Li Yun knew that the Yamaguchi clan was really not a good person. If he killed it all, there would still be a lot of justice value for the reward.

However, Li Yun did not intend to do that.

No. Nobita Yamaguchi is probably not a huge evil person. He is a gangster. For anyone, it is necessary to exist. There is no need to kill him. Instead, the impression is unknown. It's worth making up for Li Yun.

Besides, he is here now, how about if you don't listen?

Chapter 3618: Nobita

"Yamaguchi Nobita?"

Ignoring the system's selection event, Li Yun smiled: "This name reminds me of a very famous person in your Sakura Country?"

"Oh?"

Yamaguchi Nobita's majestic and solemn face showed a look of interest: "Mr. Li Yun also knows the celebrities of our country of Sakura? I don't know who they are? Laoyou knows many celebrities in China, and doesn't seem to listen. Say Mr. Li Yun, you said Nobita!"

Xiao Mingzhu also looked at Li Yun curiously. Why doesn't she know what Nobita's celebrity is?

"Nobita Nobita!" Li Yun smiled and reported a person's name.

As a result, both Xiao Mingzhu and Yamaguchi Nobita seemed confused, and had never heard of such a person.

"Nobita!"

Li Yun said in surprise: "Have you never heard of Doraemon? Nobi Nobita is the protagonist of Doraemon. He wears a pair of glasses and has a cowardly personality. There is a robot from the future beside him, that is Doraemon. A dream!"

Xiao Mingzhu Petrochemical on the spot.

Nobita Yamaguchi was also stunned.

"What? Haven't you guys heard of it?" Li Yun sighed, "Then I highly recommend it, it looks very happy, especially the sentence, husband, I am coming in, it is a classic in the classics.!"

"You, you, you!" The expression on Xiao Mingzhu's beautiful face was very wonderful. After a long while, he suffocated a sentence: "I know."

nonsense.

Sakura Country's animation influence is so great, Doraemon is even more world-class influential. Even if Xiao Mingzhu has not seen manga and animation, he has also watched related things on the Internet and TV.

but!

What is the occasion now? Obviously it was a very serious meeting where the "big guys" of the two sides exchanged opinions, but Li Yun finally said such things.

It reminds Xiao Mingzhu of an occasion: At a serious executive meeting held by a listed company, Li Yun made a serious joke, which suddenly changed the atmosphere.

"Hahaha!"

Yamaguchi Nobita laughed heartily, his serious face was full of amiable expressions, and he actively said in blunt Chinese: "I can't think of Huang Xuanguo's young genius, who is so reckless! It made the old man have to sigh, it is worthy of being from the mainland country. His genius, boldness, courage, and methods are not comparable to our small country!"

Li Yun had to say that the old man's Chinese was very good. Although the tone of his speech was a bit rigid, none of the idioms that should be used was wrong.

The old man guessed that the kind of person who scorned others from the bottom of his heart, but would humbly learn from others' strengths, would be quite good.

"The old man expresses my sincere apologies for what happened at the airport before!"

Nobita Yamaguchi, who was kneeling on the tatami, bowed down to Li Yun and Xiao Mingzhu, which is the traditional sakura country etiquette, with his hands on the ground and his forehead lightly touching the ground.

This is the highest apology etiquette in the Sakura Country, that is to say, it is the place where you are.

Xiao Mingzhu was full of surprise. She couldn't even figure out why the old man suddenly chose to apologize. Could it be that Li Yun was talking and laughing and didn't put his Yamaguchi family in his eyes, so she became more and more in awe of Li Yun?

Or... her boyfriend, who has the so-called domineering spirit, convinced him with a shock?

"Oh?"

Li Yun gave a faint cry.

Yamaguchi Nobita explained again: "Before I was old and ignorant, I only knew that Mr. Li, you defeated our country's Tosho sword sage Tokugawa Ryukyu, but I didn't know that Mr. Li was your superman Li!"

Chapter 3619: Please Mr. Li talk about cooperation

Li Yun said again, noncommittal.

Nobita Yamaguchi said again: "The old man sent someone to invite Mr. Li to invite you to cooperate, but they did not expect them to do such a thing without authorization! Don't worry, I will punish them and give Mr. Li a satisfactory explanation. of!"

"Ah."

Li Yun smiled faintly, but still didn't comment, and only looked at Xiao Mingzhu with his eyes.

"I hope there won't be another time!"

Xiao Mingzhu knew what Li Yun meant, and was nothing more than letting her make the decision on her own. However, she was not as aggressive as Li Yun. It was her way of life as a businessman's daughter to be gentle and to make money.

Li Yun nodded, it didn't matter.

Anyway, this time I came out to date with her, and by the way, let her see the "world", Xiao Mingzhu can make any decision.

"Thank you Miss Xiao and Mr. Li for your understanding! I will give you a big gift later as compensation!"

After temporarily exposing the incident, Yamaguchi Nobita smiled, "Mr. Li, do you know why I specially invited you to come?"

"have no idea."

Li Yun said: "I don't really want to know, but if you are going to ask me to take action against someone, I will persuade you to die. The price of my shot is not something you can afford."

"Mr. Li, Ms. Xiao, please don't rush to resign. If you have read the information I gave, it will not be too late to refuse!"

Yamaguchi Nobita clapped his hands, and a maid sent a copy of the information again and handed it to the two of them.

Li Yun picked it up and looked at it. At the beginning of the document, there was a person's name: Ise Jinzakura.

"Ise Jinzakura?"

Xiao Mingzhu looked up at Li Yun with a weird face, and said to Yamaguchi Nobita: "I think the name seems to be a girl? Ise... this surname is a bit familiar."

"This is the name of the largest shrine in Sakura Country, Ise Jingu!"

Yamaguchi said solemnly: "It occupies a spacious area, including two main palaces, 14 attached palaces, 43 small shrines, 24 last shrines, and a total of 125 shrines. It is the largest and strongest shrine. The influence is beyond doubt."

"What does this have to do with us?"

Li Yun said this, but he was a little surprised in his heart.

Because in this information, Ise Shrine is clearly a super organization only a little smaller than the Fairy Society. The tens of thousands of priests and hundreds of thousands of maidens under its leadership are all clergy.

Before the Reiki Age, these clergymen were able to communicate with the gods worshipped by the shrines through divine art, and gain powerful power. Coupled with the attachment of samurai like Tokugawa Ryuu, Ise Jingu was extremely strong in the Sakura country. The power of, is much stronger than the Yamaguchi family, and has a closer relationship with the political arena.

To use an analogy, it is equivalent to the clan of the girl around Li Yun, Qingleigu, Shangguanxia, and Tiandanmen, etc., combining several sects to have the influence of Ise Shrine.

This was just before the Reiki Age.

After entering the Reiki Age, the development of Ise Jingu is even more incredible.

Because of the prevalence of doomsday theory, churches and shrines around the world have gained a large number of believers. In Sakura Country, Ise Jingu is the only shrine that can worship the main **** as a direct shrine of Amaterasu Daimikami.

And this Amaterasu God is the main **** of all the gods of the cherry blossom kingdom.

Chapter 3620: Ise Miko

Indirectly, Ise Shrine has also become the core of all shrines in the Sakura Country, and it has more commanding power than the symbolic places like Shaolin Temple in Huang Xuan Country or Taoist Dragon Tiger Mountain.

And the current shrine maiden of Ise Jingu, who is called Mikako, is this Ise Jinzakura!

"Tsk tsk, it's amazing."

Looking at the documents in his hand, Xiao Mingzhu sighed with inexplicability, "I am only less than 18 years old this year, but has become the leader of millions of priests and witches, and the

magical arts he possesses can easily suppress digital Shangren. It is the level of the Grandmaster Realm, and now it is even more capable of summoning a **** projection to kill hundreds of people who are trying to besiege her with a single blow!"

Li Yun's surprise is also here. This so-called magical technique... is it really a magical technique, not a supernatural power?

The Sakura Kingdom is known to have 8 million gods. They even enshrine several gods in the toilets. Many gods are psychic things in the definition of the Sakura Kingdom.

However, this Ise God Sakura...If it is really as powerful as the documentary records say, she already has at least the strength of the Void Returning Realm, and if she can really communicate with the sleeping gods, her strength is even more mysterious. Measurement.

This trip, if there really is a conflict with her, even if Li Yun can win, it is estimated that it will not be that simple.

But what he is looking for is the secrets of ancient times. He even holds an arrow given to him by the son Xiaosu, which is said to be able to communicate with that woman-most likely Amaterasu.

Therefore, after seeing these materials, Li Yun became very interested in this Ise Kamakura.

The young girl and the saint son Xiaosu he met before, Li Yun all "planned" them out from their sleeping place, just like digging up ancient antiques, they are of great value, but these antiques are unwilling to move. , Say everything is a riddler.

And this Ise Jinzakura...

The Amaterasu God she worshipped seemed to have a deeper interest in the mortal world. Even if Li Yun couldn't let the **** speak, it would not be difficult to ask the god's messenger to get some information from this Ise Shenying.

"Yes!"

Yamaguchi Nobita showed helplessness, "This person who was ridiculed by us as a little maiden has grown into an unimaginable powerhouse. The power she possesses... can make the garrison of a beautiful country feel terrified!"

Xiao Mingzhu's beautiful face was full of surprise.

The beautiful country is the father country of the cherry blossom country. The troops stationed on this island. The country is said to help defend and maintain law and order, but it is actually colonial rule. Not long ago, the "prime minister" of the cherry blossom country met an official of the beautiful country. At that time, he actually bowed.

Many people also argued that it was the courtesy of the Sakura country, but in terms of meeting status between countries, such an act can be said to be humbling to the extreme.

And this Ise Jinzakura actually did something that the entire country of Sakura could not do. The godly power she possessed made the garrison of the beautiful country feel terrified?

"real or fake?"

Xiao Mingzhu still couldn't believe it. Even on Penglai Island, which is full of abilities, those powerful abilities don't dare to offend the regular army, because there are also strong in the regular army, plus well-trained and extremely powerful. Modern weapons are not vegetarian either.

Therefore, even if someone with powerful abilities occasionally takes action on the regular army, they often run away after doing it, and they dare not stay on Penglai Island for a long time.
