

Godly Choice 3621

Chapter 3621: God witch

But in the mouth of Nobita Yamaguchi, Ise Jingu, and its ruler and master, Ise Jinzakura, seem to have done a lot of arrogant things, which made the whole country of Sakura very uneasy, even my father. The country's garrisons are all in awe.

But this Ise Jinzakura is still alive!

This has already proved that her strength is vaguely the same as Li Yun, not to mention that she is above the cherry blossom country, but it can at least make them jealous and dare not easily attack her.

They may be worried that if they offend Ise Jinzakura, she will be driven into Kyoto and kill all the high-level figures in the kingdom of Sakura.

"Interesting, so interesting!"

A smile appeared at the corner of Li Yun's lips. This Ise Kamakura seemed to be doing what he originally wanted to do?

Of course, just guessing.

But judging from the expression on Yamaguchi Nobita's face, I'm afraid that this matter is inevitable, and Ise Jinzakura put too much pressure on him, otherwise the Patriarch of Yamaguchi's family would not have let down his face to invite Li Yunlai.

He originally just wanted to come to Sakura Country with Xiao Mingzhu to play, but he didn't expect that he would actually encounter something about the ancient gods he was interested in.

"Mr. Lee?"

Seeing Li Yun's interest, Yamaguchi Nobita couldn't help but feel happy. He invited some people from all over the world. Originally, with a casual attitude, he agreed to invite his people to invite Li Yun, but he didn't expect to return. I really invited this Superman Li!

Although his staff were ignorant and the so-called test carried out annoyed Mr. Li a little, but he still gave him hope!

Solve the hope of the increasingly crazy Ise Miko!

"strangeness."

Looking at Nobita Yamaguchi, Li Yun asked a question: "It stands to reason that Ise Jinzakura was recommended by your shrine to worship the maidens of the gods. In theory, she wouldn't be too cruel. Is it you? Offended her? Tell me about this Ise Jinzakura in detail!"

Xiao Mingzhu listened silently, originally thinking that he could show off his skills, but now it's Li Yun making the decision.

Forget it, she would just be a good helper in silence, and leave it to him for matters involving gods.

Xiao Mingzhu felt dependent again.

If she came here alone to encounter such a thing, she would definitely not get involved too much. It would be a serious matter to get out and leave as soon as possible.

Who cares about disputes within an island country?

Besides, it still involves the sacrificial maidens of gods.

Speaking of it, the saintly son Xiaosu also claimed to be a **** reincarnation, much more powerful than the envoy, but perhaps because of his familiarity, Xiao Mingzhu didn't feel much about her, she just felt that she was a playful and proud little girl. , Plus a descriptive word, it is a blond and arrogant little girl!

"She was....."

Yamaguchi Nobita showed a look of nostalgia, "Sakura used to be a very well-behaved child. She was born in the Ise family. She was determined to be the next Mikami when she was five or six years old. She received a lot of training in serving the gods. , Also under great pressure."

Li Yun and Xiao Mingzhu looked at each other.

Ise Jinzakura, is it good?

"But the kid is very sensible and never complains to the adults. He just quietly learns to become all the knowledge that Miko has to learn."

"Finally, when she was fifteen years old, Ise Jingu held a grand ceremony."

Chapter 3622: God projection

"Under the gaze of many priests and maidens, she officially became the 119-generation Amaterasu maiden. Before she turns thirty, she needs to serve Amaterasu Omi all day long."

"At that time, I also participated in the ceremony of the Amaterasu maiden. When the child Sakura put on the sacred maiden costume, she said unmodestly, no worse than Miss Xiao you!"

Yamaguchi Nobita looked at Xiao Mingzhu and praised.

"You're overwhelmed." Xiao Mingzhu smiled slightly, no one would want to refuse others to praise him for being good-looking.

However, she is not arrogant, but her beauty... Even if the beauty around Li Yun is like a cloud, Xiao Mingzhu dare not humbly say that her beauty can be ranked second, and can be tied with her, only A dead house girl.

As for the first...Of course, there is only Lord Saint.

Fan Qingsheng's appearance is very beautiful, his temperament and voice make Xiao Mingzhu feel desperate. How did such a holy and cold person fall from the sky to the mortal world, and be kidnapped by a bad guy like Li Yun?

It's incredible!

"Then?"

Li Yun didn't care much about the gods and maidens selected by so many shrines in the Sakura Kingdom. She must have undergone strict education and strict etiquette teaching. She could not be a villain.

The performance afterwards is worthy of attention!

"Later....."

Yamaguchi Nobita's old face showed a frightened expression, "Shortly after the aura on Penglai Island broke out, a phantom suddenly fell above Ise Jingu. According to the person who described it, this phantom was covered in gold and on top of his head. It seems to have the aura of the sun, standing upright, exuding a breath of worship!"

"Amaterasu?"

Xiao Mingzhu exclaimed, even she knew Amaterasu's name.

Amaterasu is Amaterasu Great God, also called Amaterasu Great God.

In fact, according to the "Gu Shi Ji" of the Kingdom of Sakura, this **** is also called the Da Ni Zun, the Amaterasu female noble. The meaning is very simple. This goddess is a **** who symbolizes the sun and will bring it when it appears. The sun's rays.

Li Yun's expression became serious. When it comes to the gods, he must not be underestimated.

Even if it is a young girl who has been raised and abandoned now and plays games in the villa all day, what about before she is familiar with Li Yun?

In the remains of the fox temple, Li Yun was stunned by her charm power and lost his mind. He wandered around there for a few days in a vague way. Every day, he bought breakfast, set off, went to the ruins, came back again, and booked a room. Sleep, repeat the same thing the next day!

It can be said that Qing Nv has a look in her eyes, and without real action, the strange charm she possesses makes Li Yun almost unable to resist.

She could only hide away, and with the short concentration of her congenital fetus, kick the young girl off the pillar with one foot, and this "subdued" her.

As for the saint who is proud and arrogant all day...

Li Yun entered her small world, even if he could force it out with strength, but it is estimated that the process would be extremely uncomfortable.

Therefore, the power of each **** cannot be underestimated, especially when the **** seems to show evil tendencies!

"Yes."

Yamaguchi Nobita whispered: "The phantom of the **** presents the figure and appearance of a beautiful woman, but she can't see her face, only the oracle she lowered."

"What oracle?"

"Let the heaven|The emperor go and take orders, and return to the emperor's rule!"

Yamaguchi's words shocked Xiao Mingzhu.

Even if you don't know the history, you know that the emperor of Sakura has not been in power for many years.

Chapter 3623: oracle

The shogunate period began in 1192 AD and continued until 1867. After that, the emperor of the Sakura Kingdom briefly gained power, but was soon overthrown. Even after he personally announced his surrender, the emperor turned from a **** to a human. A lot of faith has been lost, and many people have even collapsed their faith.

The emperor of the cherry blossom country can last for more than a hundred generations.

But in any case, the current emperor has lost most of his rights. If it really is what Amaterasu said, returning to the emperor's era, it will undoubtedly be a drastic change in the kingdom of Sakura. If it is not done well, it will kill 10 to 20 million. People may not be able to solve it.

"Your emperor also supports?"

Xiao Mingzhu asked a question that Li Yun also wanted to ask.

"No, the emperor has no ideas." Yamaguchi Nobita's expression was a little subtle, "After that phantom appeared, we blocked the news and prohibited all media reports."

Li Yun nodded, got it.

No wonder the outside world is basically ignorant of such a big thing in Sakura. It turns out that even their emperor didn't know about it!

This seems to be taken for granted. Even if the emperor loses most of his rights, he will always be the emperor. He has a great reputation. He ascended to the heights, and coupled with the cooperation of the Mikami from Ise Jingu, he brought a huge amount of money. Charisma will make the country suddenly become turbulent.

Blocking news is an inevitable choice.

"So, is the Ise Kamizakura starting to act now?"

As a servant of the gods, Ise Jinsakura nominally rules the tens of thousands of shrines in the whole Sakura country. She has great power, but Li Yun does not think she can make a call for an exaggeration and a crowd of responders.

Everyone is not a fool, not to mention that you are a little girl under twenty years old, even if you are highly respected? Who would easily rebel? Not to mention to execute the so-called divine decree.

".....Yes!"

Yamaguchi Nobita's voice was trembling and uneasy, "Ise Jinsakura summoned priests and maidens from all over the world, and announced the divine decree."

Xiao Mingzhu's eyes widened: "The situation at the time must have been spectacular, right?"

The oracles handed down by the gods and witches personally did not know how shocked the priests and witches were, and their expressions must be quite wonderful.

"Yes!"

Yamaguchi Nobita said: "Many people didn't believe it at the time. Only a few madmen were willing to follow. However, Ise Kamakura left some important personnel behind. It is said that after another call to the gods, those people believed her. If you do, you become very enthusiastic, saying that in the future, the cherry blossom country must be ruled by the ***** Amaterasu in order to restore its old glory!"

Li Yun wants to say, you have the glory of being a part in Sakura Country, and you are proud to be a son of a beautiful country!

"What's next?"

"Then...Ise Jinzakura announced the first oracle: Let the emperor go to Ise Jingu to be baptized by the gods!"

Li Yun was not surprised.

The emperor of the Sakura Kingdom is called Tian|Emperor, which means it is easy to understand. They have been passed down for more than a hundred generations, and each of them claimed to be a descendant of Amaterasu, so they were called Tian|Emperor.

And Ise Jingu is a shrine dedicated to Amaterasu Daimikami, and Ise Jinzakura is a divine envoy of Omikami. Therefore, she summoned the emperor to come and convey the emperor's ancestor's order, which is simply a matter of course.

Once the two ***** clubs cooperated, some soldiers from the army turned, and what Ise Shenzakura possessed came from the power of Amaterasu Omikami.

It seems that it is not impossible to change the dynasty!

Chapter 3624: confrontation

From the description of Nobita Yamaguchi alone, Xiao Mingzhu felt the breath of the mountain rain coming and blowing the wind. This Ise Shenzakura, with the help of the power of the gods, was enough to destroy a country and possess unimaginable power.

What is even more surprising and surprising is that this ***** is still a ***** worshiped by people in a country, and their emperor is a direct descendant of this god.

This is embarrassing. The gods and the emperor simultaneously asked the people to repeat the rule of the gods, but the upper-class figures of the fully modernized Sakura Country, members of parliament, governors, and even the families of the mixed society all opposed their gods' rule.

It's just that, in their view, this incident belongs to the scope of "family ugliness", and they don't want to be known by outsiders, or even ordinary people.

But it is also right. The main ***** of their country blatantly wants to rule the mortal kingdom and let everyone believe in gods. If this kind of thing spreads out, I am afraid that the belief of 100 million people in the cherry blossom country will collapse, right?

"How many battles happened after that?" Li Yun guessed the follow-up development, and asked Yamaguchi Nobita.

"Yes."

Yamaguchi Nobita's voice was low: "Ise Kamakura, who has gained the power of the gods, has transcended the realm of mortals, and she can even predict the time to guide the bomb, avoid it in advance, a thousand-man army, plus the saturation of modern firepower. She was easily evaded by her type of attack!

According to our calculations, Ise Kamakura's power has surpassed the level 10 supernatural powers, and it has also surpassed the limit that modern weapons can harm her!

Unless we use weapons of mass destruction, we cannot pose any threat to her! "

Weapons of mass destruction, it is estimated that countless missiles and artillery fell, or called the country's nuclear bombing again, the Ise Jingu dropped several nuclear bombs from the sky, directly razed.

"This... really amazing!"

Xiao Mingzhu was very surprised, but vaguely felt a rush of blood.

An 18-year-old weak woman, who can rely on the power of the gods to fight against so many people, single-handedly beat the Sakura Country, the top ten country in the world, and can only call on the strong internationally to help.

Think of a fragile little woman who fights against so many strong men and fighters. Isn't this scene passionate?

"I probably understand."

Li Yun nodded, "It seems that Ise Jinying is a faithful believer in the gods, so he will carry out the instructions of the gods meaninglessly. And you are forced to call outside support?"

"Yes!"

Yamaguchi Nobita smiled bitterly: "Although I am a family of mixed society, I don't want to see my own motherland caught in the flames of war, let alone... the country is ruled by a so-called ancient god! Even if she is Amaterasu, Nor!"

Li Yun put himself in the place and thought about it. If something like this happened on Huang Xuanguo's side, it should be the gods of the heavens including the Sanqing Dao Zun and the Jade Emperor, including the Nuwa Empress. These gods appeared together and demanded Huang Xuanguo. 1.4 billion people believe in them and accept the rule of Taoism.

May I ask, how is this possible?

Huang Xuanguo's attitude towards gods is very subtle. If he believes and prays, it will work. If it doesn't work, Huang Xuanguo will decisively abandon such gods.

In myths and legends, this is even more vividly demonstrated.

Chapter 3625: acquaintance

For example, Kuafu chasing the sun, Dayu ruled the water, Yugong moved the mountains, etc., all show that the hard-working and hard-working people of Huang Xuan have qualities that other countries in the world do not have:

Not waiting for the gods to save, but to save yourself.

Many countries in the world have myths about floods, but only Huang Xuan people rely on their own strength to manage the floods. The myths and legends of other countries are all gods showing mercy, and mortals can survive.

Therefore, Li Yun's thinking of putting himself in place is actually not correct. Maybe many people in Sakura like to be ruled by Amaterasu?

However, it is not ancient times after all. If the Reiki Age was a hundred years earlier, Ise Kamakura would have gained massive support without any effort, and even possessed authority over the emperor.

After all, the divine envoy is the emissary of the divine. It has been passed down for a hundred generations than that of the emperor and I don't know whether the bloodline is still pure. In history, did the queen derail or exchange the civet cat for the prince.

"I probably understand."

Li Yun nodded, "Then it will be easy, we...er, Mingzhu, what do you say?"

"You still remember me."

Xiao Mingzhu gave Li Yun a cute and pretty eye, and muttered: "You said it's easy, then of course I can only do what you want, but I still remind you to be careful! Or... ...Contact the Saint Xiaosu or Senior Young Girl?"

This is the advantage of having gods at home. I usually don't think there is anything, but once something happens, these two people, as well as Li Yun plus the saintess, are the pillars of the family and can stabilize the military's mind. exist!

Uh, now I have added one more Fan Linglong, not enough. This senior Linglong doesn't seem to be too mixed up, and everything is left to her apprentice.

"I don't think it is necessary."

Li Yun said: "We can't ask them to asylum in everything, otherwise it's easy to lose our sense of crisis."

"Are you talking about us?" Xiao Mingzhu looked at Li Yun, "Do you think we can no longer fight under your protection?"

"No, as a man, of course you have to protect your own woman."

"Huh, machismo! But... I agree with your approach, so let's not contact and see what the situation is. In addition, we also need to hide our identities to prevent us from becoming the **** of Amaterasu. Attack target!"

Ise Shenzakura has not caused huge casualties to the Sakura Country. It is probably because they are all the people of the country, but it is hard to say that Li Yun and Xiao Mingzhu blended in.

"Okay, you decide."

Li Yun actually didn't care, but since Mingzhu had decided, he would listen to her once.

"That's right!"

Xiao Mingzhu nodded in satisfaction, then turned his head and said to Yamaguchi Nobita: "We have discussed it. As you heard, we are ready to help you..."

"Your Excellency Li Yun!!"

Suddenly there was a shout from a man in the air, which shook the hearts of the entire Yamaguchi family, and looked outside in horror.

Judging from the spread of this terrifying voice, this person's strength is probably already at the level of Shinobu and Great Samurai!

Or a person with a voice ability of level 8 or higher.

But Nobi Nobita had already heard this voice, his face changed, and he slowly said:

"Dong Zhao Sword Saint!"

Chapter 3626: Why is he here

Yes, this voice is the sword sage Tosho, Ryusheng Tokugawa, who had a close relationship with Li Yun before.

This Tosho Sword Master is also a samurai under the seat of Ise Jinzakura's Ise Jingu. The last time he followed the order of Miko, that is, Ise Jinzakura, he went to Huang Xuanguo to investigate Li Yun. The fog shrouded the cause of the Shiwangfu Street incident.

"It's him!"

The expressions of the several samurai standing in the corner of the room also changed.

They were already so frightened that they hadn't fought against the Tosho Sword Saint, enough to see that Tokugawa Ryu was so powerful.

"Mingzhu, go, let's go out and have a look!"

Without waiting for Xiao Mingzhu's decision, Li Yun stood up and pulled up Xiao Mingzhu who was kneeling on the tatami.

Afterwards, regardless of the surprise and shock of the eyes of the few people in the room, the two reached out and took out the weapon from the space ring-Li Yun's is the Dragon Fire Sword, Xiao Mingzhu's is the Ice Sword, and the two of them froze, unexpectedly. Good match.

"Mr. Li, are you still a space supernatural person?"

Yamaguchi Nobita was shocked, "It's still Miss Xiao, so are you... Is this the effect of some kind of treasure?"

He didn't quite believe that both of them were space supernaturalists, because one person was already shocked, and both of them were too exaggerated.

"Ah."

Li Yun smiled faintly without explaining, and walked out of the room with a sword in his hand.

Xiao Mingzhu followed closely, slightly nervous, but following Li Yun's generous back, she felt a sense of security from the bottom of her heart.

What girls actually lack is this sense of security, which can make people feel at ease relying on themselves behind a man, leaning on his back with his arms around his waist.

"Am I down a little bit again?"

As for the touch, Xiao Mingzhu couldn't help thinking of this, but she soon smiled in her heart again. She knew that in fact, her heart had been taken away by Li Yun a long time ago, and now she was just touched again.

This is actually the reason why she wants to go out with Li Yun on an adventure, or on a date.

It is precisely because the two of them face things together, the feelings they develop between each other are much deeper than the feelings produced by flirting in daily life.

Isn't there a saying, the relationship between the same window, carrying a gun, and prostitution is the deepest.

Xiao Mingzhu felt that the things she experienced together with Li Yun will be fermented in the future and become a beautiful memory in her heart.

"Your Excellency Li Yun!"

"Mr. Tokugawa."

Li Yun walked out the door and looked into the air, where there was a small figure suspended in the air.

Compared to the last time I saw Tokugawa Ryukyu, at this moment he looked much stronger and domineering.

The former Tokugawa Ryukyu gave Li Yun the feeling that he was a typical Sakura countryman, introverted, not troublesome, and not sinner. Even though Tokugawa Ryukyu was a master of cultivation, he did not take the initiative to cause trouble or put on airs in Huangxuan. For others, this is extremely rare.

But today's Ryukyu Tokugawa feels domineering and powerful to Li Yun, holding a samurai sword in his hand, his clothes are hunting and hunting, his eyebrows are raised, and he has a horrible look that he has to slash his sword at any time.

"This is Dongzhao Sword Saint?!"

"Oh my God, why did he come!"

"I heard that this adult can split the waterfall with a single knife!"

"Our martial artist can't compete with him at all. Is the Yamaguchi family going to die?"

Nearly a thousand people from up and down in Yamaguchi's family have been in a mess, and they are frightened by the sword-master Tozhao who has stepped into the sky.

The only one who can be calm is probably Yamaguchi Nobita.

Chapter 3627: choose

"Tokugawa Ryukyu, what are you doing here!?"

As the Patriarch, even though his strength is much worse, he still stood up and sternly shouted with a cane, "You actually came directly to Yamaguchi's house, aren't you afraid of other..."

"Shut up!"

Tokugawa Ryu from the sky snorted coldly, "Anyone like an ant is worthy to come and talk to the former samurai of my god? Get out of here!"

This sentence made the panicking crowd frightened on the spot, all of them stared blankly. They couldn't believe that their Patriarch was in front of this Dongzhao Sword Saint, but they didn't even have the right to speak.

Not far away, Dahe Qiji was full of disbelief.

He tried his best to think about the family that wanted to climb up the relationship, but the head of the family did not even have the qualifications to speak in front of a person.

And this murdered man named His Excellency Li Yun to come forward and talk to him, and he didn't even look at the patriarch of the family he wanted to rely on!

At this moment, Dahe Qiji finally collapsed.

In the twenty years of coming to Sakura Country, he tried his best to climb up, but in the end he did useless work: if he is in the country at the moment, with his family's relationship with Xiao Tianyuan, he can climb Li Yun's high branch directly, or simply with Xiao Tianyuan developed together.

But the result?

The person he wants to cling to can't even match the soles of Li Yun's feet! Not worthy to speak in front of the opponent at all!

I spent most of my life trying to immigrate, but after all, it was abandoned.

Tokugawa Ryu in the sky, Yamaguchi Nobita on the ground, and Li Yun standing beside him, compared with the three, it appears that Xiao Qiji is like a clown.

"What's up?"

Li Yun asked faintly, in the vague way he felt something was wrong, the problem should have happened to Tokugawa Ryukyu, but Li Yun was not sure whether it was because of the power of the gods that caused Tokugawa Ryukyu's swelling, or What else caused his nature to be exposed.

"Your Excellency Li Yun!"

Tokugawa Ryukyu's expression was grim, his facial muscles moved as if he was struggling, sweat puffed from his forehead, and finally he threw a harsh sentence: "As... I advise you not to get involved in this matter, otherwise... At your own risk!"

After speaking the cruel words, he flew away, leaving everyone with a fast flying far away.

Everyone felt a little weird.

This Ryukyu student from Tokugawa came here so much to talk about this matter?

Could it be said that His Excellency Li Yun's existence made him feel extremely troublesome, so he specially warned him?

The so-called "sex-li", does it mean this kind of person?

"A little bit."

Li Yun said that the reason was interesting because he received another prompt from the system.

"Ding, the host makes a choice, talk to Nobita Yamaguchi, and listen to what his purpose is. Reward: purple gift bag*2. The event is developing in a dangerous direction. It is recommended that the host make the following choices as soon as possible."

"Ding, trigger subsequent selections:

Option 1: Kill to the Sakura Shrine, solve all enemies, get answers to the questions, reward colorful gift bags*3, justice value + 5 million, all attributes + 300,000, aura value + 1 million, get Xiao Mingzhu special equipment*1 , All kinds of gift bags below purple *50.

Option 2: Treat it with caution, gather all forces, and after the investigation is clear, go to the Sakura Shrine. The reward is to be determined, which is slightly less than the choice.

Option 3: Turn around and leave, no longer pay attention to this matter, reward the timidity increase, the title of soft fan **** *1. "

Chapter 3628: Hit directly

Li Yun quickly browsed the selection items given by the system. From the selection point of view, if you directly kill the Sakura Shrine, there is a certain danger, but it is not impossible to solve it, and the profit is the most lucrative. It is also the most recommended by the system. made.

Needless to say the second one, it is tantamount to a roundabout solution, not only relying on one's own strength, but also with the help of others to achieve the same effect as Option 1, so the reward is a little bit less.

As for the third item...

The soft rice ambassador, is that the golden arrow in his hand or in his current hand, will it be helpful to this selection event?

Li Yun doesn't know, but he tends to choose the first item!

"Is it gone?"

Xiao Mingzhu was very surprised, and looked at Li Yun. Her boyfriend should make the big deal. She didn't mix too much so as not to affect Li Yun's judgment.

"Perhaps, he has another purpose!"

"Other purpose?"

"After investigating, you know, didn't you come out this time to take an adventure with me?" Li Yun smiled at Xiao Mingzhu: "You can't go out on a date with me, right?"

"Huh, dating is only temporary, I still like to take risks, what do I do next?"

"I've seen it very much, go straight to Huanglong!"

"what?"

Xiao Mingzhu couldn't believe her ears, but Li Yun really did it!

After he decided to take the Sakura Shrine directly, Yamaguchi Nobita was forced to agree from disbelief at the beginning to persuasion, saying that he would contact him immediately and assist Mr. Li Yun to go to Ise Shrine.

But Li Yun still didn't agree and he had to go straight away. As for other people, he didn't care, he would follow if he could follow, and he wouldn't force it.

Therefore, Li Yun kept running without stopping and took Xiao Mingzhu directly to Ise City, where Ise Shrine is located.

Ise Jingu, this name has been heard by many people in Huang Xuan country, and it appears in many movies and animation works. Of course, for the people of Huang Xuan country, the most famous shrine is another shrine and many people. There is no shrine that I want to smash.

However, Ise Jingu does not have so many messy battles. Invaded souls, there is only the most orthodox **** of Sakura Kingdom, which is the core of Amaterasu Ogami, including her two younger brothers, parents, and many gods who follow her. Our worship place.

There are too many differences in Ise Jingu. This shrine was not open to foreigners until 1957, and unlike other shrines, the security guards here are self-defense counterattacks, which is enough to explain the special features of this shrine.

In addition, in ancient times, Ise Jingu was also a royal deity, and no worship was allowed except for the emperor.

In modern times, it has been designated as the main shrine of the whole country, and the Minister in charge will definitely come here to worship on the first day of the new year.

Various manifestations and symbolic meanings are enough to explain the special status of Ise Jingu in this island country. It is no wonder that Ise Jingu is known as the tens of thousands of shrines that lead the entire Sakura country. This is more than just talking.

Because Ise Jingu has always been the leader of Sakura Country Shrine, and its status is the most respected.

"This is Ise Jingu?"

On the outskirts of Ise City, a city named after a shrine, Xiao Mingzhu saw this huge uproar, and there is a shrine where gods are said to be projected.

Unlike the shrines seen in ordinary film and television works, Ise Jingu is really too big!

It is composed of two palace groups inside and outside, and the outer palace alone has more than one hundred palaces in succession.

Chapter 3629: Enter the shrine

Although some of these palaces are just a room, which simply enshrines a symbol of gods with a sign tied to the rope and the like, it is enough to make people feel the magnificence of Ise Jingu.

The outer palace alone is so big, how spectacular is the inner palace that tourists cannot enter?

"Li, Mr. Li!"

Yamaguchi Nobita hesitated for a while, but still persuaded him: "Although I have no doubt about your strength, Mr. Li, the Ise God Sakura has acquired part of the power of the Omikami after all. She... is terrible!"

The closer I came to Ise Jingu, the more Nobita Yamaguchi felt a deep awe.

He had visited Ise Jingu before, but he had only felt the solemn atmosphere before, but after the projection of that great god, Ise Jingu suddenly turned into a realm of gods, full of lofty, impressive A sense of awe.

Therefore, Nobita Yamaguchi is very repulsive from entering Ise Jingu.

"You are waiting outside."

Li Yun waved his hand, indicating that Nobita Yamaguchi didn't need to say more.

When he came, he simply read some of the information they investigated, but there was basically no useful information.

All the speculations about the Amaterasu Omika were based on the records of an ancient book called "Kojiki". Nobita and others knew almost nothing about what happened in Ise Jingu.

I only know that Ise Shenzakura possesses a magical technique that summons a part of the power of the gods. Once the **** possesses, it is as terrifying as the **** came into the world!

Since nothing can be found out, it is better to enter Ise Jingu directly to see what secrets are hidden inside!

Li Yun was very interested in the battle between mortal people such as Ise Jingu and Yamaguchi Nobita, and vaguely guessed whether the issue of belief in gods was involved?

It is said that mortal belief in gods is the prerequisite for gods to obtain great power, and I don't know if it is true.

"Then... I will send someone to follow you."

Nobita Yamaguchi greeted Ken Yamaguchi to come and smiled flatteringly at Li Yun: "Mr. Li, if you have any needs, even if you tell us, we will definitely help you achieve it!"

"Take down your shrine."

Li Yun said a word casually, making Yamaguchi Nobita's smile directly froze.

"Hahaha."

Li Yun laughed, patted him on the shoulder, and walked in with Xiao Mingzhu.

That shrine, of course, is the shrine dedicated to war criminals. Li Yun was very upset about its existence, but he felt a bit embarrassed to dismantle it as a "Li Chaoren", the game and revenge between nations. It shouldn't be like this. The demolition of a shrine is only superficial, and it will really make Sakura country willing, or force them to tear it down, which is the result that Li Yun is happy to see.

They don't need to dismantle it, but if Li Yun says something casually in the future, countless people will come to the Sakura Country to help him tear it down, or force the Sakura Country to tear it down.

At that time, Li Yun's compulsion was really lifted, instead of running to the shrine like a lunatic with a sword.

Even if it were torn down, it seemed very low. Unless Li Yun trampled on the Sakura country and let them completely surrender, it would basically be useless to tear down a shrine, just for a moment.

Li Yun couldn't do such a thing, and it didn't make sense.

"Do you really want to tear down that shrine?"

As a native of Huang Xuan, Xiao Mingzhu was also very upset with that shrine. If she could easily destroy it, she would be happy to see it.

Chapter 3630: Ise Jingu

Li Yun touched his chin, "I wonder if they will take the initiative to tear down the shrine because of a word from me."

"Think beautifully."

Xiao Mingzhu doesn't think so, "The shrine, which is known as the sacred toilet, has been hyped as a face problem for the cherry blossom country. If you want to tear it down, isn't it just to beat them in the face?"

"I will be afraid of hitting them in the face?"

"Well, it's true that you kicked directly with your feet!"

"Haha, whoever knows me is the pearl."

The two smiled and walked towards the Ise Shrine, as if not paying attention to the shrines where the gods live. Yamaguchi Ken, who was with him, was trembling and sweating, but he had to admire the courage of Mr. Li from Huang Xuanguo. color.

Is it because they are not afraid of their great ***** of anger? !

Ise Jingu has a long walkway, with ten people standing side by side, as many as one hundred ten steps. The walkway is planted with lush conifers for two weeks. Even in winter, it is lush and covered with snow.

The entrance lens is a red torii gate, which is a unique building of Sakura Country Shrine. It is actually similar to the ghost gate plaque that Li Yun has seen. The whole body is red and exudes a sacred meaning. It is tall and tall like a kingdom leading to the gods.

Entering the torii gate means entering the shrine. The road in front of the torii gate is called "Sando", which actually means visiting the shrine.

"go."

Li Yun and Xiao Mingzhu climbed up the stairs and came under the tall torii. On both sides they saw two stone lions, which looked very much like the stone lions used by large families in Huang Xuan as a town house.

In fact, this kind of stone lion is neither from the cherry blossom country nor from the Huang Xuan country, but from the beast of Buddhism. It is called the stone lion in the Huang Xuan country, and it is called the dog in the cherry blossom country.

Li Yun took a look at the male and female dog, and said to Xiao Mingzhu: "Even if the Sakura Kingdom does not want to admit that they were influenced by the ancient Huang Xuan Kingdom, they are also engraved in their genes. Unfortunately, they are proud of themselves and have learned knowledge but have not. Learning from our gentleman's style, it was nothing like what it is now."

The cold sweat of Yamaguchi Ken stayed behind.

The other Huang Xuan people just talked about it, they wouldn't care about it, anyway, with the protection of the fatherland, no one would dare to do anything to the cherry blossom country.

But this was said from Li Chaoren's mouth, as if the word was so heavy that it made people breathless.

"Be careful."

Xiao Mingzhu finally couldn't help saying that since entering Ise Jingu, she has had a bad feeling. Although her spiritual consciousness is still very weak, she can vaguely feel the abnormal smell in the air.

It's as if someone has been staring at her, making people feel hairy, not knowing where the invisible eyes are coming from.

This is the most terrifying, knowing that there are gods here, but also vaguely feeling abnormal, but unable to resist, can only wait passively, very helpless.

"Well, I know, I have never been careless, I have always been very careful."

It is hard to say that Li Yun encountered accidentally several times because of his carelessness or something. The last time he entered Taohua Village was to save Fan Linglong, the last time he entered the Chaos World, he took the initiative to enter.

This time during the trip to Ise Jingu, Li Yun was not the first time he faced a god, but it should be the first time he wanted to take the initiative to clash with a god!

Judging from the performance of Ise Jinzakura, the Amaterasu Omikado does not look like a good stubble, and is different from the young girl and the saint child Xiaosu.
