Chapter 3641: Tiantian Girl's Life

Xiao Mingzhu took a sip, and she could almost imagine what it would be like for the goddess of Tiantian who was standing on the inverted empty barrel after her clothes had slipped halfway.

Is his story true or false?

Xuhua Miko was already stupid.

Holding a bamboo leaf to please the gods... Isn't this the Kagura dance! !

Li Yun continued: "The gods roared with laughter. The Amaterasu who was hiding in Tianyan felt very strange. Why are you smiling so happy when I am gone? So she moved the boulder away, revealing a crack in the stone. Ask why the gods are laughing, and why Tiantian is so happy dancing."

"Tian Tian Nu Ming responded according to Si Jian Shen's previous instructions: 'Because there is a God who is more noble than you, everyone is happy for it'"

"The Sun Goddess is unique in Gao Tianyuan because of her beauty and dignity, so she got angry, opened the door more cracks, looked at the eight-foot mirror outside, and wanted to see who was coming... As a result, the more she opened, the more she was finally caught A Hercules pulled out from the Amwayto and sealed Amwayto with straw."

"The Sun Goddess came out, and Gao Tianyuan regained the light."

Li Yun finally concluded: "So, the Kagura Dance is the dance performed by Tiantian Nv Ming to please the stingy sun goddess!"

Xiao Mingzhu suddenly became nervous and looked around guardedly.

After waiting for a while, nothing seemed to happen. Li Yun said that Amaterasu was a stingy goddess, and there was no response in the shrine.

It seems that the gods have not been watching them all the time.

Obviously, the idea of irritating the Great Imperial God phantom through "making up stories" fell through, and I don't know if the other party has returned to the sky, or if he doesn't care about a mere mortal's slander.

At least Xiao Mingzhu felt that Li Yun's story had no effect!

"This, this, this..."

Xuhua Miko was completely messed up.

She always thought that Kagura dance was a sacred dance, a beautiful dance made up by the former witches to please the gods.

But who knows that this Kagura dance was actually first performed by a goddess, and the purpose was only to please the Amaterasu Omikami who was hiding out of sight.

What is even more embarrassing is that the first goddess of the gods danced with her scented shoulders exposed and stepped on the empty barrel to dance!

Doesn't this mean that the most orthodox Kagura dance must show off its scented shoulders, so that the witches will be laughed at by the people around them in a shy atmosphere, while being shy, they will dance hard to please the gods.

Only in this way can Omita laugh? !

"Myths are always full of absurdity and implausibility."

Li Yun shrugged, shirking his responsibilities completely, "I didn't say that this mythical story I said must be correct. It probably means the same thing, but the details are definitely wrong."

As for how many details are wrong, Li Yun is hard to say.

Myths and legends are indeed full of all kinds of absurdity. For example, the seven fairies finally went down to the world and took a bath in the lake, only to be taken away by a man who was herding a cow.

To put it nicely is to admire the beauty of fairies, but to put it awkwardly... Isn't this a hooligan? !

Therefore, Li Yun only believed in a small part of the myths given to him by the system, and if he really believed it all, then Li Yun would really be a fool.

Aside from other things, Li Yun couldn't guess who it was just for the saintly son Xiaosu!

"Let's go, let's keep going inside."

Chapter 3642: Imperial Palace

The maiden Xuhua suppressed the chaotic thoughts in her heart, and then continued to act as a tour guide, introducing Li Yun and Xiao Mingzhu to the things they encountered along the way.

Compared with the only respectful tone before, the tone of what she said this time is more obvious with a kind of awe from the heart, just like when she mentioned the Mikami Ise Jinzakura, she also said in her words. Full of respect from the heart!

It seems that Li Yun's understanding of ancient times can also help them find the lost ancient gods and make their beliefs more pious.

However, the projection of the Great God in the shrine was different from the Amaterasu God who she knew and believed before, which made the Owha Maiden full of contradictions.

"This is the outer palace?"

Li Yun looked at the magnificent palace in front of him and asked.

"Yes." Xuhua Miko replied respectfully, "The outer palace is named Fengshou Grand Shrine. The **** of worship is Fengshou Great God. She is the goddess who is in charge of the meals of the Great God. Next to it is the No. Desolate Soul, over there is the second temple of the other palace, the ancestor soul of the Great God is worshipped, and there are also Moon Night Palace, Wind Palace, and the Kagura Hall we saw just now."

Li Yun nodded without making any comments.

Xiao Mingzhu turned around and asked him, "Don't you say something? Didn't you seem to be very knowledgeable before?"

Li Yun shrugged, "This great **** of Fengshou is just a little god, the chef of Amaterasu, what else can you introduce to a chef?"

In other words, all he knew were some famous gods.

Xiao Mingzhu gave him a white look, but the Xuhua maiden became more respectful, showing the cherry blossom country's character of obeying the strong.

Before, she only respected Li Yun, but now she is a little in awe of him.

"Go on."

Li Yun didn't stop much, and motioned to the Xuhua maiden to move forward.

"The front is Jingonglin, passing through here is where the main palace is!"

This main palace is not the main palace of the harem, but another name for the inner palace.

"Actually, the main palace should be called the Imperial Palace. In our Ise Shrine, this is the only name, not the inner palace or the main palace."

The witch Xuhua explained: "The Imperial Palace was only worshipped by the imperial family before. Later, because of a disease, the emperor at that time was afraid of the disease. The purity of the Imperial Palace was contaminated, so he ordered the Imperial Palace to be moved out gradually. Even ordinary people can come to worship the Great God."

Li Yun nodded, but still did not comment.

Then, Ohwa Miko once again introduced these palaces, Iza Palace, Waji Palace, Moondori Palace, Moondori Ara Yukun Palace, etc., a series of palaces, mostly with Amaterasu Daimikami and her two younger brothers and sisters. related.

The so-called desolate soul is actually similar to the three souls and seven souls of Huang Xuanguo. They are all transformed by the souls of gods, but they are a little more sacred because of the identity of the gods.

However, when introducing the two special palaces, the maiden Ouhua hesitated for a moment:

"These two smaller palaces are dedicated to the Father and Mother God of Omikari respectively, but we don't know the two gods. The name taboo can only be written simply as Father God and Mother God, which is really a pity..."

Speaking of regret, she looked at Li Yun. Needless to say, the purpose must be to know the names of these two gods from Li Yun's mouth.

"Amaterasu's parents..." Li Yun smiled and said, "I do know!"

Chapter 3643: Omiyajji

"What's the name taboo?"

The maiden of Xuhua was obviously happy, but it made Xiao Mingzhu look very strange: Mingming, the maiden of Xuhua was very afraid of the shadow of the **** descended by the great **** Amaterasu, and was unwilling to get close, accepting the blessings of those green gases .

But for a long time living in Ise Shrine, and her belief in Omikami, the Ogami maiden became instinctively pious to Omikami.

It is equivalent to saying that she believes in the "Great God" that she has always believed in, the Amaterasu God in her mind, the kind that only exists in ancient books.

On the contrary, after the real great **** came to the world, the Ouhua maiden refused to believe in it!

An idiom can be used to describe this mental state very well: Ye Gong is good for dragon.

Gong Ye likes drawing dragons very much, but when the real dragon came to him, he was frightened and at a loss.

"Yes....."

"You actually know the title of Father Da Yu and Mother God?!"

A shocked and angry voice came from a man in front.

Xiao Mingzhu had actually spotted him. After she and Li Yun and the others entered the Imperial Palace, they had already looked at them. The man who finally spoke seemed to be too shocked, so he took the initiative to speak.

"Yes, so what?"

Li Yun smiled slightly and looked at the man.

He is about sixty years old, with gray hair, and wearing a white dress similar to the plain clothes, but unlike the plain clothes of Huang Xuanguo, the clothes of the cherry blossom country are called hunting clothes. The former official clothes were gradually called the priest's office. Clothing to wear.

The man also wore a Liwu hat on his head and held a wooden sign in his hand.

From the overall dressing point of view, the hat is very similar to the clothing of the Ming Dynasty, but the clothes appear to be much wider, especially the shoulders are stretched, which is very similar to the style of the samurai armor of the Sakura Country.

"Omiya, Omiya."

After seeing this man wearing a white priest's uniform, the voice of the Owaha Maiden trembled by three points.

Omiyaji is the highest-ranking person in ordinary shrines, but it is different in Ise Jingu. In this ancient shrine where only the royal family can worship, the priest's status is the highest, usually by The royal family came to take it personally.

Of course, Mikako is not in the contrast of status, because the entire shrine is to worship Amaterasu Omikami, and Miko is the messenger of Omikami, so the status need not be said.

"Omiyaji?"

Li Yun looked at him, watching him holding a wooden sign, walking step by step, with an inexplicable depressive aura.

Xiao Mingzhu felt the strongest.

Her divine consciousness is still very weak, not as powerful as Li Yun, and she is not fearless and fearless like Yamaguchi Ken and Owha Maiden. Her fragile divine consciousness can be clearly felt. The cold breath exuding from the body.

It was like... a hissing poisonous snake was slowly approaching her!

"Who are you?"

Omiya Secretary held the wooden sign in both hands, did not make an attack, and only stared at Li Yun and Xiao Mingzhu with cold eyes, giving people a very strong sense of oppression.

The Owha Miko has been forced to lower her head.

As for Yamaguchi Ken, he dared not approach him for a long time, and was trembling with fright.

"Li Yun." Li Yun reported his name indifferently.

"Xiao Mingzhu." As his girlfriend, Xiao Mingzhu naturally has no fear, and also reported his name.

"Li Yun, Xiao Mingzhu..."

Omiya Secretary narrowed his eyes, "Two Huang Xuan people...know the names of God Father and God Mother?"

Chapter 3644: Summon

"What's so strange about this?"

Li Yun shrugged, "As the most special shrine in the Kingdom of Sakura, you, Ise Jingu, enshrine the goddess of the sun, Amaterasu Oishi, but you don't know the names of her parents. On the contrary, I, Huang Xuan, know that. I think You should reflect on whether something is wrong...for example."

Li Yun paused.

Xiao Mingzhu understood him and quietly grasped the ice-ling sword in her hand. She knew that Li Yun was going to say provocative words to provoke the opponent and expose the opponent to reveal his flaws and feet, so that he would kill him with one blow.

Sure enough, Li Yun stared into the eyes of the great palace secretary in white, staring straight at him: "For example-the **** you worship is not the great god, he has never given you the correct oracle!"

"Bold!!!"

Accompanied by the harsh drink, a violent aura erupted from Omiya Secretary's body. In front of the main hall of the Emperor Grand Shrine, a dozen priests who also wore white clothes suddenly appeared, and at the same time raised the wooden sign in their hands.

"Summon the power of the Great Royal God to come and punish the evil Huang Xuan people in front of me!!"

Hum.

The entire emperor palace was trembling, and a green gas rose into the sky, quickly covering the sky and the earth, forming a sky-covering cover, sealing all sides.

The sky and the earth became green.

"Good guy." Li Yun sighed: "Everyone just wears a green hat. Only you, Amaterasu, wear a green pot lid. No wonder she and Susano have so many children."

"You, be bold!!"

Omiyaji was shocked and angry, and was trembling with anger at Li Yun's words.

"Stop talking nonsense, what should I do? Fight?" Xiao Mingzhu hurriedly asked.

"Of course, Mingzhu, you go to protect the two people behind, by the way, deal with the people around you, let them eat the small recovery pill if they can eat it, and kill it with one sword if they can't eat it."

Li Yun raised his eyebrows and drew the Leap Fire God Sword. "It's not a good bird to want to come to this **** if you can start attacking before you even escape!"

"But..." Xiao Mingzhu wanted to say that the great imperial **** might not be good, but these people might have been manipulated by the gods and turned into puppets.

But the green cover above his head was slowly shrinking, and when he fell down, Xiao Mingzhu knew that it was not the time to speak or make any comments.

Just like Li Yun said, if you can save it, you can save it. If you can't save it, you will kill it with one sword!

"Do it."

Li Yunqing yelled, and the intercalary fire sword in his hand swung up, and the flames from the sky rushed straight up and collided with the green cover falling from the sky.

Yamaguchi yelled and turned and ran away, but it was too late.

Just hearing a bang, it was like a bubble burst, but the movement was countless times greater, and the violent gas swept through, and Yamaguchi was actually blown to roll for half a minute, and he did not know how many flowers and plants he knocked down. Finally hit a big tree, opened his mouth to spit out a big mouthful of blood, and fell to the ground.

When he looked up, he was shocked. He was blown from the main hall of the Grand Shrine to the Shrine Forest by the aftermath of the battle between Mr. Li and Omiya, and he flew a full half a kilometer!

Fortunately, his status in Yamaguchi's family is not low. He has eaten a few pieces of monster meat transported from Penglai Island to improve his lower physique. Otherwise, the one shot just now was enough to make his internal organs shattered and he was directly shocked. died!

Chapter 3645: fighting

Outside the shrine, Yamaguchi Nobita, as well as a large group of secretly invited supernaturalists from all over the world, plus the Shinobu from the Sakura Nation organization, the great samurai all looked inside the shrine in shock.

With the blow just now, a huge movement can be felt from a distance of two or three kilometers. One can imagine how fierce the battle inside is!

"That Mr. Li, is Superman Li?"

"No wonder it's so powerful!"

"Superman Li fought against the Amaterasu God of Sakura Country, tusk, if it weren't for signing the confidentiality agreement, I would definitely post it online!"

"Awesome, Li Chaoren's progress rate is much better than ours."

"Then what about us? With the money from the Sakura Country, you can't watch the show, right?"

"Of course we should follow in together. Maybe we can follow Li Chaoren to kill the Great God of Sakura, let us also eat the legendary bathing god's blood, and the super power will be greatly strengthened!"

"F*uck!! Bathe in God's blood? Don't grab anyone from me, Superman Li, I'm Corris Granite to help you!!"

A group of people who were invited by the Sakura Country to help the supernatural powers of various countries became excited, and rushed in desperately, as if as long as there is Li Chaoren involved, there is nothing unsuccessful!

What Li Yun did in Antarctica last time has gradually spread, especially when he found another ancient miracle in Antarctica, and he also collected a supernatural power organization to dig out those ice fog mines, which caused many strange things. The capable are greedy, and many plan to go deep into that valley.

Unfortunately, without Li Yun's spiritual fire protection, many people only moved two or three meters before they were so cold that they had to withdraw.

Even some fire-type supernatural powers can't go deep into the innermost.

Fortunately, Li Yun asked Shengzi Xiaosu and knew that as long as she did not allow it, Taohua Village would not be able to be entered by outsiders.

The camera returns to the Grand Shrine.

Xiao Mingzhu used a small enchantment talisman given to her by Li Yun to block the shock wave of the explosion and protect the witch Xuhua.

After waiting, Xiao Mingzhu hurriedly pushed her away: "Go, go, this is going to become a battlefield, it's not that you can stay...find death!"

Before she could finish her words, a white-clothed priest rushed over, raised the wooden sign in his hand, and slammed it down against Xiao Mingzhu.

This is not a fateful posture, this hideous expression, this ferocious action, all these solemn priests who were supposed to serve the gods turned into lunatics, making the Ouhua witch look at a loss.

"You go!"

Xiao Mingzhu pushed hard and pushed her away, flicking the ice-ling sword in his hand.

An ice crystal sword aura slashed out, and instantly frozen the white-clothed priest who was rushing over, and cut it in half with a sword. The Owha maiden stared at it. She also knew this priest named Tomoya Koizumi, who was originally a very character. The easy-going priest, but now it has become like this...Even the internal organs are frozen, and when he died, he still held the wooden sign, with a grim expression, as if he was going to attack the enemy when he died.

"Why, why?!"

She fell to the ground feebly, watching the chaotic scene before her eyes.

More and more priests and maidens are coming. They are all gathered from shrines from all over the country of Sakura. The people who have been transformed by the Omikami with the green aura have become very powerful.

But the character... has become extremely murderous.

In just a few breaths, Li Yun and Xiao Mingzhu killed at least dozens of priests and witches, and these people not only attacked them, but also attacked her frantically, as if they didn't know her at all!

There is no way to talk.

Chapter 3646: crazy

"stop!"

"Stop, Hanako, don't you know me? I'm Owha!"

"Stop, Shunsuke, you, you...what's wrong with you?"

"You, you...Stop it!!!"

The maiden Xuhua completely collapsed. She originally thought that the priests and maidens gathered in the Imperial Palace were only affected by the oracle and the green gas, and because of their pious beliefs, they became a little unreasonable.

But when I saw... these priests and witches, all turned into cold-blooded monsters, attacking her and Li Yun frantically, I finally realized that these people were crazy! !

The oracle of the Great God made them all lunatics! !

"It all seems crazy."

Standing back to back with Xiao Mingzhu, Li Yun indifferently looked at the white priests around him, or the witches wearing red and white witch costumes and holding magic wands. These people

attacked him without fear of death. It was Li Yun who killed more than a dozen people with one move. The corpses burned, but he still killed him cold-bloodedly.

In their eyes, Li Yun could not see any signs of reason.

Even if Xiao Mingzhu grabbed a witch and forced Rehabilitation Dan into her mouth, she could only stay awake for a moment, and soon fell into chaos and fanatical belief in the Great Royal God.

The only one who can be somewhat sensible--refers to those who can talk, and only the grand palace, the young palace, the priest, and others who have certain positions.

"Kill them all."

Li Yun said to Xiao Mingzhu faintly, the latter was shocked. He was unbelievable at first, but he could only follow Li Yun's suggestion.

These people may be able to be rescued no matter what controls their minds, but it is too difficult, too difficult.

First of all, they refused to leave the Imperial Shrine for a half-step. Even if they left, some threatened people would leave to deliver oracle orders.

Secondly, Li Yun did not have so many small recovery pills, Xiao Mingzhu only had more than ten in his hand, which was specially given to her before Li Yun came, before Xiao Mingzhu only had three or four pill for spare.

It was the same in Li Yun's hands. Xiao Mingzhu believed that he would not be able to take out so many pills. These magical pills were too few for his family, let alone used on these cherry blossoms.

So, the best way now is to blaze a trail!

This is also the only purpose for Yamaguchi Nobita to invite Li Yun and Xiao Mingzhu to come here!

"Stop, stop."

Just when Li Yun and Xiao Mingzhu were about to kill, and these crazy priests and witches were also about to pounce, a soft female voice came from the main hall of the Grand Shrine.

In an instant, the priests and witches waving wooden signs and magic wands all around seemed to have been fixed in the body, their raised hands were frozen in the air, and even the crazy eyes were frozen.

Li Yun and Xiao Mingzhu looked at each other, and they both thought of one thing:

This actually proves that these people are indeed controlled by something, not Mikami, or Da Mika!

"Please, please leave immediately!"

Inside the Grand Shrine, the soft girl's voice again revealed a bit of helplessness and sorrow, "Please tell others that you will never enter the Shrine again. No one...No one, don't come in."

"Miko!!!"

The maiden Xuhua exclaimed in surprise, "You, you have not been controlled by it yet, have you? You are still awake, I know, I know it is like this..."

Chapter 3647: Amaterasu

Li Yun looked at Xiao Mingzhu again, and coincidentally, Xiao Mingzhu also looked at him.

The two are not fools. Contacting the cause and effect, it is easy to guess that the one named Ise Jinzakura is probably the only one who is still awake after the arrival of the Great God.

But maybe, the deity was old and cunning, maybe it was disguised by the great Amaterasu, or not necessarily.

"what to do?"

When Xiao Mingzhu asked, the system prompt also sounded.

"Ding, trigger the option event, the original selected event update, please select the host:

Option 1: Kill all those who are manipulated here, reward: as usual.

Option 2: Enter the temple and save the Ise God Sakura. Reward: Original reward*2, additional prestige of Sakura Country.

Option 3: Investigate clearly what happened here with as few killings as possible. Rewards: Original reward*3, additional Mikomi maiden*1, with a high probability of obtaining all its worship, and the host can choose it at will. "

Sakura country prestige? Li Yun thinks that this stuff is useless to him, unless Sakura Country becomes a province of Huang Xuan Country, which is almost the same!

But what the **** is option 3?

Obtained Mikoto Miko? That is, Ise Jinzakura?

Still feel free? Isn't this a slave girl anymore!

As a good man in the new era, Li Yun resolutely refuses this behavior of raising female slaves. Wait, is the Prince of Sakura Country turned into his female slave?

The woman of Sakura country...

It's not impossible to consider it.

Cough.

"What's inside, Ise Jinzakura... Forget it, Mingzhu, come on!"

With the system's reminder, Li Yun is even more reluctant to provoke any other women. If the favorability system is still there at the moment, the system estimates that it will remind that Ise Kamizura how her favorability will change.

Li Yun didn't bother to look at it, and didn't have any more thoughts about finding other girls. Now he just wants to become stronger and doesn't care about the others.

Therefore, the matter of dialogue is still left to Mingzhu.

"what did I say?"

Xiao Mingzhu gave him a white look and pushed him forward: "It's better for you to come, you will be allowed to find another one...Anyway, this Ise Shenzakura seems to be very powerful. In Sakura... only you are allowed. With her in Sakura."

"What are you talking about."

Li Yun calmed down and shouted at the people inside: "I have a way to temporarily get you out of control. I'm optimistic, catch it!"

Li Yun took out a recovery pill and threw it directly into the open door of the Grand Shrine.

With the current strength of Ise Jinzakura, this pill that flew in can be easily caught.

"this is.....?"

The soft female voice was full of doubts.

"Don't worry, if you don't want to be controlled by others, just take this pill!"

"..."

Ise Jinzakura inside did not answer, but was silent.

"By the way, if you don't want the people here to fall into madness again and be killed by me, just find a way..."

"No way, I, I eat!"

Ise Jinying took this medicine, and unimaginable power burst out, swept through her body, washed away the green aura coiled in her body, and then rushed into her mind, and the in her brain A strange giant snake wrestled.

"Who would dare to bother me?!"

A voice suddenly rang from the heavens and the earth, and then, a huge golden shadow appeared on the sky, emitting a boundless light, dispelling all the haze, and exposing everything under the fiery sun.

"Great God, Great God!!"

Chapter 3648: Destroy the phantom of the gods

Everyone knelt to the ground, hundreds of priests in white clothes and witches in red and white were all low, the original craziness turned into piety, this scene made people feel jaw-dropping just to see it.

"These people... are crazy!"

Xiao Mingzhu thought for a long time, but finally described them as crazy.

After all, an atheist-now in the era of aura recovery, an atheist specifically refers to a person who does not believe in gods. It is difficult for her to imagine what it would be like to worship the gods madly and use the will of the gods as the criterion for her actions.

Xiao Mingzhu, who couldn't figure it out and couldn't understand, could only describe these priests and witches as crazy.

Incidentally, it made her feel a little bit different to the saint son Xiaosu at home.

"What about disturbing you? Not only to disturb you, but also to beat you and kill you!"

Li Yun held his head high and held his chest up. With a wave of the intercalary fire sword in his hand, dozens of flame flying swords whizzed out and killed the Amaterasu, which was huge enough to cover the sky.

"Bold!"

The golden phantom of Amaterasu Great Royal God screamed and shook the clouds. The supernatural powers from all over the world who were coming from the divine palace in the distance looked up in amazement, only to see her raised her hand and took a shot at these flying swords.

boom!

It was another violent earthquake, and dozens of small palaces in Ise Jingu were shaken. Those who saw this scene were once again dumbfounded.

"Pretend to be a fool, you are bold!"

Li Yun shouted coldly, just about to fight again, who knew he hadn't shot yet, the golden phantom of the sun goddess roared unwillingly, shattered into golden light spots, and dissipated in the world.

"died?"

"It's not that simple, it must be just a shadow of a god!"

"F*ck, Superman Li is too good."

Everyone was fascinated, and they exclaimed in admiration, and gradually gathered near the Grand Shrine.

Li Yun was not very excited. The figure of the Great Royal God just now always gave him a very strange feeling, the intensity is too bad, isn't it a good **** projection?

Although Li Yun had never really fought with the gods, the only two strong men who faced the ancients twice were Qingnv and Saint Xiaosu. These two definitely did not show their strength, but Li Yun did not think they had any strength. Saint Xiaosu is not bad. Fight with her in the small world of Taohua Village. Unless Li Yun can break her small world, he must be suppressed.

As for the young girl... this guy is fine, except that she is really good at first-hand charm, but the other skills are really not good.

Could it be that this Amaterasu God was also too weak to make a move and disappear?

"puff!"

Inside the imperial palace, there was a sound of blood spurting from his mouth, and he fell to the ground alone, making it particularly ear-piercing when everything was silent.

"Sakura!!"

The maiden Xuhua screamed, and hurriedly hurried over from a distance. The priest and maiden who fell to the ground all around were not dead, but they did not wake up.

"Let's go in and take a look."

Li Yun whispered to Xiao Mingzhu, and took the lead to walk into the main hall of the imperial palace.

As the most important place to worship the gods of Ise Jingu, the luxury and grandeur of the Imperial Grand Shrine needless to say. It is not the kind of magnificent luxury, but the luxury hidden in small details.

For example, some of the objects inside and the utensils used to worship the gods are all antiques that have been passed down for thousands of years. If they are flowed outside, their value is all calculated according to the cultural relics of the national treasure of the cherry blossoms.

Chapter 3649: Yata Mirror

More importantly, inside the Imperial Palace, when you enter the main entrance, you can see a mirror enshrined on a high platform.

No need to guess, this is one of the three treasures of Sakura Country: Yata Mirror.

According to legend, the treasure mirror made by the eight meanings of the Golden God and used by the Amaterasu God was brought to the ground with the "Heavenly Sun Coming" and became one of the most important treasures in the Sakura Kingdom.

However, compared to the tall mirror, Li Yun, Xiao Mingzhu who came in, and the witch Xuhua who came in behind, were more concerned about the one who fell on the ground, wearing a red and white witch costume and beautiful hair accessories. , There is still a witch with a bell on hand.

As soon as Li Yun entered the door, he saw her beautiful figure lying on the ground, the extremely weak maiden, exuding unspeakable sadness and fragility, like a candlelight in the wind, dying, which is really distressing.

"Are you OK?!"

Xiao Mingzhu felt the same way as Li Yun. Before she had time to ask Li Yun's opinion, she rushed over and helped the maiden, Ise Jinsakura, who is rumored to be the head of the tens of thousands of shrines in the Sakura Kingdom.

After Xiao Mingzhu lifted her up, Li Yun saw clearly the face of the **** maiden known as the God Child. There was a little paleness on it, but it did not damage her sacred and innocuous temperament. The beauty of her appearance is hard to use words and pens. To describe it, it is no worse than Xiao Mingzhu and Gong Qingyu.

And because she has been designated as the next Mikamiko since she was a child, Ise Jinsakura has long been strictly required to live with the messenger of the gods, which allows her to cultivate a

sacred and elegant temperament, with the light and clean red and white witch costume. , The accessories of the gods on her head all show the difference between her and mortals.

By Li Yun's side, perhaps only the saint lady, with such a holy temperament, the ability to dominate her.

Of course, although Ise Jinying looks beautiful and full of holy and pure temperament, Xiao Mingzhu's bright and bright body is not what she can compare. Gong Qingyu, Liu Xianxian, even Fang Xue, Li Yun would not think of them. It's worse than Ise Jinzakura.

"I... it's okay, please, please." Ise Jinying in Xiao Mingzhu's arms opened her eyes weakly, short of breath, and a clear and ethereal voice with a deep anxious color. After waiting for a long time, she didn't say a word. later.

"Eat this."

Li Yun took out another recovery pill and stuffed it directly into her thin pale lips, touched her soft lips with his fingers, stuffed it into her mouth, and let her swallow it.

"Who are you?"

A blush, stained with the pale cheeks of Ise Jinzakura, accompanied by the fiery heat of the elixir that she had eaten, made her think that she had this special phenomenon because she was touched by a man for the first time. emotion.

"My name is Li Yun."

Taking a deep look at her, Li Yun shifted his gaze from her delicate little face to around the temple, and fell onto the mirror over there.

After that, Li Yun jumped up, went up to the high platform, and reached out to touch the mirror.

"no, do not want!"

Ise Shenying, who was in Xiao Mingzhu's gaze, struggled, raising her hand to stop Li Yun, her expression full of anxiety, and even more panic.

"what happened?"

Li Yun calmly picked up the Yata Mirror, a treasure that was said to be the country of cherry blossoms for thousands of years. Suddenly, an inexplicable mental power, like the venom spit out by a poisonous snake, followed his arm and went crazy in his mind. Drill away.

Chapter 3650: Spiritual invasion

"what!"

Ise Kamakura screamed, her beautiful pale face full of panic, "Run, run, run...get out of here..."

"Escape? You are waiting for you!"

Li Yun was so strong that he couldn't describe it in words, and he had the same innate physique as a plug-in, so he was not afraid of such a mental attack.

Whether it was a curse, venom, or an attack on the soul, it was not worth mentioning to Li Yun, who had a congenital fetus.

Unless it is transformed into a substantive attack with mental power, Li Yun is likely to be harmed, otherwise, it is only an attack on his soul, and Li Yun is not afraid at all.

Congenital Dao:

Passive: All attributes +100%...Immune to most curses, immune to most toxins, immune to fate exploration...Automatically obtain magical powers such as passing the secluded, sitting on fire, entering the water, breaking the ban, and protecting the wind. , Nothing can stop.

Unlocked passive:???

Active skills not unlocked:???

Such a terrifying passive attribute, plus Li Yun sitting on the system plug-in, if it is only a **** projection, he still has the confidence to contend!

"boom!"

The mental power attack from the Yata Mirror rushed into Li Yun's Sea of Consciousness, and instantly turned the world upside down, setting off a huge wave in Li Yun's Sea of Consciousness.

However, Li Yun's spiritual sense, the core area of the sea of consciousness, remained unmoved, allowing this cold mental power to impact everywhere, but it could not cause him any harm.

"Hiss!"

The unrelenting cold energy made a threatening neigh in Li Yun's mind, and an inexplicable tremor swept through his body. If he was an ordinary person, he might have been taken over by this cold energy and became its puppet.

However, for Li Yun, it was just an appetizer.

"Come on, let's do more. It's better to hit the depths of my sea of consciousness and let that place... be exposed!"

Li Yun's will hovered over the sea of consciousness, watching this gloomy energy raging and howling, and did not immediately kill him.

He is waiting.

Waiting for him to recognize something in the sea, and it will appear again!

Finally, under Li Yun's indulgence, the cold energy that kept coming in from the Yata Mirror found the deepest part of his knowledge of the sea, and screamed and rushed in.

"boom."

In the blink of an eye, the cold energy flew away, as if it had touched some of the most mysterious existence in the deepest part of Li Yun's sea of consciousness, and was instantly wiped out without a

trace, even this energy was transmitted into the Yata mirror, like autumn wind Sweeping the fallen leaves to remove all the cold and cold breath that has been coiled on the Yata mirror for many years.

Swept away.

Everything ceased to exist, and Li Yun's Sea of Consciousness returned to tranquility, but a certain hidden existence in the deepest part was still looming, without the slightest intention to show up.

"Humph."

Li Yun snorted uncomfortably. One of his purposes for letting the cold energy rush into his sea of consciousness was to force the mysterious thing to appear.

But it seems that he thinks too much, a mere cold energy, sneaky thing, can't cause the appearance of that mysterious existence.

Only like last time, when Li Yun touched the gate of life and death and was drawn into the illusion by that ancient mysterious creation, the most mysterious light group in the depths of the sea of consciousness would appear to protect his mind, no Let foreign things take away his body.

At the very beginning, when Li Yun discovered the abnormality of his knowledge of the sea, he thought that the thing was the system. After all, the system was his most powerful plug-in, and it was normal to exist in the knowledge of the sea.
