

## Godly Choice 3681

Chapter 3681: Irritate, show up

In Xiao Mingzhu's weird eyes, Li Yun said again: "This Amaterasu is the ruler of Gao Tianyuan. One day, her brother Susanoo came up from the mortal Weiyuan. The country excitedly took it in his hand. With a sword—"

Hum!

At this moment, Li Yun said that there was a faint vibration from the main hall, and an inexplicable momentum began to permeate.

He and Xiao Mingzhu looked at this golden goddess almost at the same time.

Alive?

This thought flashed through their minds together. For a moment, this goddess did seem to have the aura to come back to life, but now it is gone.

It's like hiding it deliberately, and it's like...going away.

Giving Xiao Mingzhu a look, Li Yun kept calm and continued: "The sword in the hands of Susano is one of the three artifacts of the Kingdom of Sakura, the Kusana sword!"

Roar! !

The vibration sounded again.

Li Yun continued: "This sword is also called the Sky Cong Yun Sword. It is a divine sword that Susano obtained in its body after killing a large snake named Yaqi on the ground..."

"die!!!"

With a fierce rage sounded, the golden goddess suddenly opened her eyes, and her hands lying flat on her knees slapped Li Yun and Xiao Mingzhu in the sky.

This blow was like a stormy sea, setting off countless golden ripples, the Imperial Shrine was shot flying almost instantly, and the entire Ise Shrine shook.

"Wow!!!"

Ise Kanzakura yelled in fear, and turned her head to see that she saw an extremely surprising scene:

The golden Omikagami slowly stood up, her body becoming more and more huge, covering the clouds and the sun, like a stalwart body, like a foot, you can trample on Ise Jingu!

"This, this... Great God?"

Ise Kamakura didn't know what was happening, she could only hold the Yata Mirror in her hands tightly in fear, but the amazing thing was that countless flying pieces of wood and stones would turn into fly ash before hitting her.

Her petite body is like standing on an island in a storm, letting the storm blow without any damage.

"Damn bug, how dare you laugh at this god!!!"

Amaterasu like a mountain, with white clouds above his head, bowed his head and glared, his eyes widened, staring at the three people under him like a madman.

Then, step on it!

The mountain-like golden goddess, the originally beautiful jade feet turned into a five-finger mountain that can crush people, rumbling down from the sky, carrying an endless golden brilliance, and stepping on Li Yun and Xiao Mingzhu.

"Li Yun!"

Xiao Mingzhu lost her mind for a while, and dealing with such a huge god, even if it is not in the real world, but even in the sea of consciousness, she doesn't know what to do!

She only had time to raise the ice-ling sword and put it on top of her head, expecting that her foot would not be so hard, and stepping her under the ground would be better than being squashed by one foot.

"Idiot, come here!"

Li Yun grabbed her, and came to the only one who could rely on, and was the only one who could deal with this god-Ise Jinying.

"boom!!!"

The sky was shaking, and the huge soles of the goddess Amaterasu stomped heavily on the ground, squashed Ise Jingu, and stomped left and right, crushing everything under her feet.

Accompanied by the rage, the golden \*\*\*\*\* in front of him became more and more like a crazy god.

"Are we saved?"

Xiao Mingzhu opened his eyes and found that he didn't know when he arrived in the sky, beside Li Yun... and the little Ise Shenzakura who was shivering with fright and holding a Yata Mirror in his hand.

Chapter 3682: small bug

While the goddess was stomping madly, Li Yun quickly said: "Mingzhu, you remember, in the consciousness of others, the master will always control everything, unless external forces break the balance and occupy the core of her consciousness. , Turn her into a puppet-like existence, otherwise, you will always stand on the side of the master in the sea of consciousness and seek the help of her original consciousness."

"Like...Sakura now?"

Xiao Mingzhu looked at the little Ise God Sakura who had not recovered his sanity. The poor little guy was frightened by the sudden runaway Amaterasu, holding the Yata Mirror in his hands, his little face was pale.

"Yes." Li Yun gently embraced the squatting little witch, stroked her little cheek, and said: "Sakura, don't be afraid, no one can hurt you! No matter who you are, as long as you are in this world , You are the bravest, you don't need to be afraid of anyone!"

Ise Kanzakura looked at him blankly, and asked unconsciously, "Brother...why, why?"

"Little bug, how dare you laugh at the demigod, die!!!"

The golden goddess spotted the three people in the sky and waved her palm again without hesitation, as if she was hitting a mosquito, without mercy.

Even the messenger to her is the same!

"Don't be afraid."

Li Yun flew in the sky with Ise God Sakura, and escaped the blow. He had a certain guess about the crazy goddess in his heart. He hugged Ise God Sakura tightly and continued to tell her. : "Sakura, don't be afraid, the Great God in front of you is fake!"

"Fake?"

Hearing these words, the little Ise Kanzakura gradually regained the ability to think.

She herself was in a sudden riot because of the Great Royal God she worshiped, and slapped the Imperial Shrine into the air. She was plunged into a huge shock and wondered if there was something wrong with her belief.

At this moment, when I heard the trustworthy Li Yun saying that this great \*\*\*\* was fake, Ise Kamakura suddenly seemed to grab a life-saving straw, and desperately wanted to know the truth.

"Yes, how could the Omikami, whom Kozakura has always respected, go crazy?"

Li Yun pulled out the Leap Fire God Sword, and swung his flying sword awe-inspiringly at the golden goddess in the distance like a mountain, "Look, this fake \*\*\*\* is attacking like crazy. Will the Great Royal God be such a god?" "

"No, it's not, Omita, Omita..."

While Ise Jinsakura was whispering, the golden goddess under attack was even more crazy, as if to overthrow the whole world.

However, as the master of Ise Kamakura, as long as she still has consciousness, it is impossible for anyone to occupy this place, unless a stronger force is used to forcibly erase her consciousness.

"Yup!"

The surrounding rumbling vibrations, the huge goddess kept attacking, just a slap shot, the wind and waves set off are enough to blow people for several kilometers, Li Yun doesn't care about that much, and hastened to Xiao Mingzhu, and he is attentive. Hiding around.

Knowing what Li Yun meant, Xiao Mingzhu grasped a small hand of Ise Jinsakura, and was too nervous, and quickly said to Ise Jinsakura: "Sakura, you see it, the great \*\*\*\* you believe in is such a mess. Are you attacking people? Before you think about it, did you think that the guy in front of you who pretended to be the Omit was very different from the Omit in your mind before?"

".....Um."

Little Ise Kamakura nodded fearfully, not daring to look at the great god, thinking she was strange.

Chapter 3683: Fight for trust

"so....."

Seeing those golden waves, when they came to the side of Ise Shinsakura, they were all blocked and calmed down, Xiao Mingzhu also vaguely knew something, and continued: "Sakura, you refuse to believe... Well, no, no, if Kozakura, if you are not sure, just ask her to see if she is the Great God?"

"Huh? She, can't she hear?"

Ise Kamizakura is even more frightened. Can Omikami, who attacked like this madly, hear her?

"As a great god, how can I not hear Sakura's words? If she can't hear it, it proves that she is fake!"

Xiao Mingzhu said firmly.

"Then, then I try to shout?" Ise Kamizakura whispered, "You, are you Omikami?"

Amazingly, this goddess was angered by Li Yun's words and attacked like crazy. As a result, after Ise Jinzakura said this, she calmed down.

But this caused Li Yun and Xiao Mingzhu to sink in their hearts.

"Sakura."

The huge golden goddess, with a furious expression in the blink of an eye, with a kind expression on her face, smiled at Ise Jinzakura, who was staying with Li Yun in the sky, and said: "I am Omikami, you don't believe me, but you believe this Two weird people?"

"I..." Little Ise Kamakura fell into hesitation again. After all, she was still an eight-year-old personality. No, maybe, she could only be eight years old in front of this strange goddess!

"Remember?" The golden goddess continued to smile: "When we first met, I performed a miracle in the Yata mirror to let you know my existence. At that time, you were not happy to rush over. Hold me called Omikami?"

"Yatayama mirror?!"

Levitating in control, Li Yun looked at the Yata Mirror in Ise Kanzakura's hand. The two have met? Or in this mirror? !

"Yes....."

Koisei Kanzakura showed a happy expression, and was moved by her few words.

"Oops."

From the previous madness, Xiao Mingzhu is almost 100% sure that this goddess has a problem, but Ise Shenying vaguely seems to be deeply influenced by the other party, and has become inclined to trust the other party!

"Remember it? Sakura, you still swear that you will sacrifice to me for the rest of your life and complete my order, remember?"

The golden goddess gave up her attack, bewitching the owner of this sea of consciousness with a voice full of strange power.

The three of Li Yun hovered in front of her.

The contrast between the two pictures is indescribably strange.

The golden goddess is huge, as if possessing boundless divine power, but actually wants to use words to defeat the two of Li Yun!

"Sakura, do you... trust us?"

Seeing Xiao Ise Shenying's confused eyes, Xiao Mingzhu did not dare to press Bao on her, after all, she and Li Yun had only known her for less than a long time.

So, Xiao Mingzhu couldn't help but look at Li Yun, "Sakura is deeply affected, Li Yun, if it doesn't work, let's go out and find a way?"

She still remembered that Li Yun said that she can get out of the sea of consciousness at any time, don't know if it's okay now?

"You have to make a decision quickly, Sakura..."

"Kill him, kill these two people, Sakura, Sakura, this is an oracle, kill them!!!"

Seeing Ise Jinzakura being bewitched, the voice of the golden goddess was full of anger and madness.

Ise Kamakura struggled, "Omikami, no, you can't kill casually, you can't...no more murder, Li Yun and Xiao Mingzhu are both Sakura's friends..."

Xiao Mingzhu looked at her in surprise, with such a tone, it was Ise Jinzakura! Not the eight-year-old Ise Kamizakura!

Chapter 3684: real body

But to be honest, Xiao Mingzhu was very surprised that Ise Jinying was able to believe in her and Li Yun so much.

After all, she and Li Yun only knew Ise Jinzakura for a short period of time. Although they helped solve the problem that the priests and witches outside became crazy, but here is the sea of consciousness. The Ise Jinzakura in front of you... Is it right? Years old?

"Are you really Amaterasu?"

Li Yun raised his eyebrows, "I said bad things about Amaterasu before, but you didn't show up. You didn't move until I said Kusanaru sword... Originally, your appearance in the sea of consciousness of Ise Kamakura is worth it. Doubt, if your body is really that big, then Sakura should be looking up at you, and the image of you that she created is also from the perspective of looking up. Can you tell us why?"

Xiao Mingzhu understood what Li Yun said before, why the golden goddess was weird!

If the golden goddess that was only seven or eight meters high was fake at that time, then the golden statue should have been created by Sakura, and it was from the angle of view.

In other words, the golden goddess in the head-up state can only be created by herself!

But here is the sea of consciousness of Ise Jinzakura, foreign things are entrenched here, isn't it an evil god?

"Yup!"

Xiao Mingzhu also helped: "Since you are not a golden goddess...no, since you are not Amaterasu, why are you angry?"

In fact, Li Yun and her words already had a strong and irrational meaning, but to face this kind of monster that had deeply affected Ise Kamakura for more than ten years, she could only choose to anger it and let her take the initiative to expose it.

"Humph!"

The huge golden goddess sneered.

Seeing that he couldn't provoke her, Li Yun immediately said, "Since you are the Amaterasu God, then I will ask you, do you know how the Kusanagi sword came from?"

"Damn bug, you dare to mention this!!"

For some reason, every time Li Yun mentioned the Kusanaru sword, this goddess who seemed to stand upright and possessed infinite majesty in the consciousness of Ise Shenzakura would always be provoked and become crazy.

Li Yun vaguely thought of something, holding the small Ise God Sakura in his arms, and continued: "The Kusanaru sword is the artifact obtained from the head of Susano Mano who killed Yaqui Orochi. It was originally called Tian Cong Yun..."

"Suzhan Mingzun!!!"

The golden goddess roared sternly, waved a huge palm, and sent Li Yun and the other three again.

"The Great God..."

Ise Jinzakura is dumbfounded.

"escape!"

Xiao Mingzhu took the initiative to pull Li Yun away. The magical thing was that she, who was supposed to be faster than the golden goddess waved her palm, flashed into the distance like a miracle, without being affected by the wind of her palm.

"Ise Jinzakura!!!"

The golden goddess roared again and exploded like a thunder: "How dare you help others instead of helping me!!"

"Omikami, I..."

Ise Jinzakura once again showed a struggling expression, and it can be seen that defying the order of the Omikami is no less than destroying her beliefs for the \*\*\*\* maiden.

"Don't call it a great god!"

Li Yun's voice became huge, and the same sound shook the sky, full of justice: "What kind of sun goddess it is, it is clearly a Cthulhu! It is the monster in the story I just said-Yaqi Orochi!!!"

There was a sudden silence between heaven and earth.

The golden goddess stood still, her eyes that should have been majestic, gradually became cold and vicious: "Insect, you know the god? You are not a mortal, you are sent by that \*\*\*\* woman Amaterasu!"

Chapter 3685: Yagi Daija

"It turned out to be you!"

Li Yun, who had guessed the truth, also ate it, "Yaqi Orochi...Didn't you be killed by Susano?"

Suzhan Mingzun is another honorific name for the man of Susao, which is equivalent to the name of a god.

This "golden goddess" roared just now, and it was Susanoo's name.

When Li Yun made a mistake by mistake, and before he really said the myth and legend, he actually angered the hidden evil \*\*\*\* and directly revealed his body.

No, it's not so much an evil god, as it is... a \*\*\*\* of evil!

There are other places where the \*\*\*\* of curse is said, but the Sakura country is a long sword. In layman's terms, it is to create disasters to threaten mortals, thereby gaining a \*\*\*\* of faith.

It is a god, but it is not a \*\*\*\* who blesses people, but a \*\*\*\* who creates disasters and forces mortals to believe in it!

In myths and legends, this big snake was defeated by the mortal Suzano because it was a misfortune, cut off its eight heads, and obtained the Heavenly Cloud Sword from its corpse!

That is, the Kusanaru sword, one of the three artifacts of the kingdom of cherry blossoms.

Yes, one of the artifacts of the Kingdom of Sakura was actually found from the corpse of a catastrophic snake. It proved in disguise that the \*\*\*\* of the Kingdom of Sakura was weak, and indirectly proved that this Yaki Orochi was in its prosperous form. The strange snake, otherwise, it would not be one of the three Takako, Amaterasu Omika's younger brother Susanoo's opponent.

"Bugs, do you know a lot?"

The golden goddess sneered, and its body was gradually changing, gradually changing from the appearance of a beautiful and plump goddess to a huge dragon with two huge heads, a thick and dark body, and two weird tails.

".....what!"

Ise Jinying saw with her own eyes the great \*\*\*\* she had always believed in, turning from a goddess to a monster. She was so shocked that she couldn't speak for a while, and she held Li Yun dumbly and did not speak for a long time.

This strange snake was so terrifying in her eyes, the two hideous dragon heads, the big mouth of the blood plate, and the four eyes were like black and red blood, emitting a cold light.

The body is entangled in the mountains, thick and long, very dark, and the body is covered with dragon scales. Two weird snake tails diverge and grow at the ends, and they are erected high, seeming to be able to attack the enemy fiercely at any time.

It looks like a rattlesnake, but the tail of this strange snake is far more terrifying than a rattlesnake, one cyan and one red, and venom dripping out, polluting all this valley and turning it into a place of miasma.

"This... is a god? No, a monster? A monster?!"

Xiao Mingzhu was equally shocked. After entering the Aura Age, there have been many monsters on the earth. She has seen it up close, and even rode a huge whale the size of an island.

On Penglai Island, she also saw many strange monsters.

But those monsters, in front of this double-headed and double-tailed monster, are as ridiculous as the snakes, insects, mosquitoes and ants on the side of the road!

Not only is its size completely incomparable, but judging from its ferocity and its oppressive power, this monster is also a crushing force!

This weird snake shouldn't have appeared in the real world, the ancient prehistoric is its only destination.

"Sakura."

Li Yun's voice was clear and straight into the sky: "You see? You still have a huge monster entrenched in your consciousness. It is precisely because it wants to rule the entire cherry blossom country, and it is precisely because of its ambition that it leads to Ise. Those tragedies in the shrine! It is the culprit of everything!"

Chapter 3686: Bored

"Jie Jie Jie."

The two dragon heads of Yaqi Orochi made a weird laugh, "Do you want to use this girl's original consciousness to defeat yourself? It's naive. I doubt that you are a person who has survived the ancient times. Otherwise, how could you be so stupid?"

Li Yun was noncommittal, maintaining an indifferent expression.

"Ding, trigger the option event, please choose from the host:

Option 1: Kill the Yaki Orochi in the Ise Kamakura Consciousness Sea. The reward is to be determined.

Option 2: Maintain the consciousness of Ise Jinzakura and not be invaded by the evil thoughts of Yaki Orochi. The reward is to be determined.

Choice three: 1 and 2, rewards to be determined. "

The system prompt finally sounded, but the content of the prompt made Li Yun's heart sink.

Killing the Yaki Orochi and maintaining the soul of Ise Kamakura are two different options!

Even if Li Yun is immune to most of the attacks of this monster by virtue of the peculiarities of his congenital Dao fetus-the sea of consciousness here, and Li Yun is immune to almost all attacks on the spiritual level, this is also his identity before he dared to offend him. The reason for Yaqi Orochi.

But if you kill Yaqi Orochi, but you can't save Ise Kamakura, let her get rid of the influence of this evil god, Li Yun's choice needs to be especially careful.

It is necessary to maintain the spirit consciousness of Ise Kamakura instead of killing this monster!

"I will tell you the truth."

Yaki Orochi smiled coldly, "The entire Ise Jingu has been controlled by me since a thousand years ago. My power has penetrated into every aspect. Even if the spiritual energy of the world is scarce now, the \*\*\*\* cannot exert all kinds of power, but even so. , This little girl has already been controlled by me! Do you want to awaken her consciousness? Dream! Give me death!"

The Yaqi Orochi attacked first, and the two huge dragon heads suddenly opened, inhaled and sprayed.

The fiery red and cyan aura struck from two directions, and the terrifying force distorted the surrounding air, and blasted towards the three of Li Yun!

"go!"

Li Yun took the two women to dodge together, but the Yachi Orochi is chasing after him. It has been entrenched in the sea of consciousness of Ise Kamakura for many years. After using its power unscrupulously, it is almost equivalent to another master in this world!

The thick body twisted, and came to Li Yun like a teleport, opened his mouth and bit at him, and directly swallowed the three of them into his abdomen.

"Li Yun!!!"

Xiao Mingzhu yelled, and the ice-ling sword in his hand slammed upwards, shooting out countless ice crystals, and all the ice crystals exploded in the mouth of Yaqi Orochi.

But this could hardly cause any damage to it. A suction force came from inside, and the three of Li Yun were directly swallowed by the big snake.

"Hahahaha!" x2

Yaqi Orochi laughed loudly on both heads, "It turns out that you are not gods, you are just bugs. The little bugs know the secrets of the ancients, which really surprised the god... However, the \*\*\*\* is too lazy to care about it. In this era, only the \*\*\*\* Occupying this island, in the future, in turn, will rob Gao Tianyuan, so that the damned sister and brother will all die, all die!!"

Sister and brother, naturally refers to Amaterasu Omikami and Susano.

The bodies of the three of Li Yun went to Neihua uncontrollably, and slid all the way into its stomach along the esophagus of this eight-qi big snake.

This place was originally the sea of consciousness of Ise Jinzakura, but the Yaki Orochi has influenced Ise Jingu for more than a thousand years. It has long been subconsciously affected here, and its spiritual power has been penetrated into Ise Jinzakura's mind. This allows it to have the capital entrenched here!

Chapter 3687: Huge stomach

"..."

Li Yun and Xiao Mingzhu looked at each other, Xiao Mingzhu quickly calmed down, because Li Yun was by her side, and because Li Yun's eyes did not show much panic.

She believes in Li Yun!

Believe him, she will definitely be able to take her out.

Whether it was brought out safely or not, Xiao Mingzhu believed him.

"What shall we do now?"

Xiao Mingzhu would very well recover her composure. She even felt that she was much calmer than ever before, and she kept looking around her with vigilant eyes.

The Yaqi Orochi, which is as huge as a mountain, has a huge stomach like a huge cave. It is surrounded by black and red flesh-colored walls. At the same time it is extremely hard, it is also bubbling with sizzling acid water.

If this terrifying demon snake swallowed her and Li Yun in the real world, Xiao Mingzhu felt that she would be melted by the acid in the demon snake's stomach if she persisted for less than three seconds.

The stomach of ordinary people is extremely fragile, but since the demon snake dares to eat the enemy in one bite, it proves that it has confidence in its stomach.

It is no less difficult to break its stomach than to confront the Yachi Orochi!

and.

Xiao Mingzhu looked back, and the esophagus that the three of them had slipped in had tightened. They couldn't figure it out, so they could only find a way to break the stomach of Yaqi Orochi.

"It's very simple." Li Yun smiled confidently: "If we were in the real world, when we slipped in and touched the mouth of the Yaqi Orochi, it would be digested by its saliva."

Human saliva also has the ability to digest food. As for monsters, not to mention, bringing acid in its own is a normal operation.

"gross."

Xiao Mingzhu looked at his body, and was not contaminated by saliva. After all, this world was the sea of consciousness of Ise Kamakura.

"You mean..." Xiao Mingzhu looked at Li Yun's arms, and kept holding his little Ise Jinsak tightly.  
"The key lies in Sakura?"

"Yes. It is precisely because of my concern that a direct conflict with Yaki Orochi will seriously damage Sakura's spirit, so I didn't avoid it. I was swallowed by it. Instead, I had time to think of a solution."

"any solution?"

"Give you."

Xiao Mingzhu asked what way, but Li Yun gave her the Ise Jinsakura in her arms. Xiao Mingzhu immediately understood that Li Yun wanted her to comfort Ise Shinsakura, so that she was shocked from just now. Come back to my senses.

"No, no, don't..."

But the two of them did not expect that Little Ise Jinying was unwilling to leave Li Yun's embrace, and hugged him tightly, with a very scared expression on his small face with closed eyes.

She was so frightened by the monster, maybe it was because... faith had collapsed.

The Great God God, who had always believed in, suddenly became a hideous monster, and even everything that happened before was due to the tragedy caused by the guy she had always called the Great God God.

Such a result, let alone a little girl can't stand it, onlookers feel sorry for her.

"Sakura."

Xiao Mingzhu didn't lift her again, but held her like this, holding the injured little witch back and forth with Li Yun.

After a while, Xiao Mingzhu whispered: "My sister knows that you are very sad, but you have to think in a good direction. Fortunately, it was not the Da Yushen who issued the oracle to ask you to do such a thing. The monster of the big snake is playing tricks, it is the biggest villain!"

Roar!

As if hearing Xiao Mingzhu's words, a dull vibration sounded from the surrounding hard stomach wall.

The stomach of Yaqi Orochi began to shrink slowly.

Chapter 3688: Encourage little loli

The stomach space, which was originally huge as a cave, shrank a big circle in the blink of an eye.

Moreover, the gastric juices around him began to churn violently, and there was a puff of acidic water, which was full of foul odors, which made you feel nauseous and dizzy when you smelled it.

"What a vicious move!"

Li Yun held the Ise God Sakura in one hand, and drew the Leap Fire God Sword in the other, shouting: "Sakura, look at the power of my trick, one move can break this monster's stomach!"

As he said, the Leap Fire God Sword emitted a strong sword aura, swept towards the surrounding stomach wall, and cut a huge opening.

It's not that Li Yun pretended to yell out before the attack, but he had to let Ise Kaminakura know that she still had someone standing next to her, and also wanted to borrow her power!

There is no doubt that the only one who can fight against the Yaki Orochi here is the owner of this heaven and earth, Ise Jinzakura!

Li Yun may be able to protect himself, but it is difficult to get rid of the Yaqi Orochi. After all, this involves the question of the soul, so he needs to be careful and energetic.

"Sakura, look at my sister!"

Xiao Mingzhu was especially aware of Li Yun's intentions, and followed him to attack the surrounding area.

Ise Jinying didn't immediately recover her sanity, but her complexion improved a lot. She poked a head out of Li Yunqi, glanced around, and was frightened to hide in her arms.

"..."

Li Yun took a deep breath. There is nothing to blame for the little Lolita in Xiaoli. After all, she is just the personality of Ise Shinsakura when she was eight years old. Thinking about how she played in mud when she was eight years old, she couldn't be too demanding.

"Sakura!"

Li Yun held her small face seriously in an attempt to persuade the other party, but from the eyes of Xiao Mingzhu next to him, how did it feel a little bit like he was going to kiss him?

"Um....."

Ise Jinzakura was crying with a small face, and was a little at a loss.

Li Yun calmed himself down again. The little girl in front of him was just the personality of Ise Kanzaku when she was eight years old. She can't be anxious, nor can she say too much at once. The child's receptive ability is very weak.

After realizing this, Li Yun vaguely understood why Ise Jinzakura would let her eight-year-old personality face such a situation.

Maybe it's because even after she grew up, she couldn't really face the collapse of faith, right?

When she was eight years old, she was no different from when she was seventeen or eighteen.

"Sakura, do you still believe in your great god?"

Li Yun asked seriously, and got the affirmative answer from Ise Shinsakura-she nodded very hard and stammered: "I, of course I believe in the Great God, but that monster..."

"It is not the Great God of yours! It just changed into the appearance of the Great God of Amaterasu and deceived you!"

"That's right." Xiao Mingzhu also said: "Think about it, the Omitama you believe in is great and bright, but that strange snake is a monster killed by Omitama's brother Susano. It belongs to Omitama. enemy!"

"what?"

Ise Jinzakura was surprised, "Omikami's enemy? That is my enemy!"

"Yup!"

Seeing that there was a play, Li Yun quickly agreed and said.

"Then, how do you destroy it?" Ise Jinzakura asked scaredly.

"Strong faith, here, you are God!"

".....what?"

"How about this."

Li Yun noticed that Ise Kamakura was still stuffed with her Yata mirror, and pointed to her little chest, encouragingly saying, "This mirror is something your Ogami left to Mikami, as long as Sakura, you hold the mirror high and call for the power of the Great God, you will surely get the response of the real Great God, and kill the big snake with one blow!"

Chapter 3689: treasure

"The real Omikami..."

Koise Kanzakura's eyes lighted up, and she held Yata Kagami tightly and nodded, expressing her agreement with Li Yun's proposal.

"Okay, let's do it! Kozakura, summon Omikami!"

Li Yun and Xiao Mingzhu encouraged the little loli in front of them together.

"Um!"

Little Lori was full of joy, holding the magic mirror in her hand, for a long while, she didn't see any movement.

"What's wrong?" Xiao Mingzhu asked strangely.

"I... I don't know how to summon the Great God."

Little Lori's joy turned into grievances, and she looked at Li Yun and Xiao Mingzhu with tears in her eyes.

"..."

Both of them have forgotten that the little loli in front of them is just the Ise Kamizakura when he was eight years old. Besides, the real Ise Kamakura may not know how to summon the Omikami.

Li Yun thought for a while, "Let's do it, Sakura, hold the mirror high, shout piously, use your heart's faith and strength to call the great \*\*\*\* you believe in, come next to you, and make your body full of power !"

Li Yun knew that Shintoism in the Kingdom of Sakura had a ritual for inviting gods to descend, which was similar to the possession of the heavenly soldiers of Huang Xuan Kingdom.

"Is this okay?"

"Try it, as long as you are sincere."

"Hehe, Sakura is sincere of course."

Speaking of her beliefs, Ise Jinying regained her confidence and left Li Yun's arms, holding both hands high, holding a simple mirror in both hands.

"Great God."

Ise Jinzakura's small face showed an expression of worship and joy. This is a kind of deity as one of his eternal beliefs, which will never change, and will never doubt, but will only faithfully believe in the heart. The gods, the holy appearance they possess.

Her voice is also full of sacred and ethereal artistic conception, as if it can penetrate countless barriers and reach the ears of the gods.

"Sakura, please, please watch your eyes here, Omita, there is an incomparably evil \*\*\*\* here, and you need to use great power to destroy it!"

The words of prayer are casual, but there is no doubt about the power of belief.

only.....

The Yata Mirror radiated light, but in the sacred mirror surface, there was a cold sneer, which made the faces of all three people present changed.

"Stupid bug, actually called that \*\*\*\* with Yata Mirror! Too stupid, hahaha, don't you know? My God has already taken all the things that can be connected to that bitch!"

The mirror in Ise Kanzakura's hand fell on the hard stomach of Yaki Osna with a bang.

Her small face was full of fear.

"Arrogant stupid snake, I have to admire you. It took a thousand years to achieve this and contaminated all three artifacts."

Li Yun quickly guessed the truth from the words of Yaqi Orochi.

Not only Yata Mirror, Qiong Gouyu, Kusanagi Sword, these may be able to contact the gods on Gao Tianyuan, but they are all contaminated by this Yaqi Orochi!

The shaking around became more violent, and the stomach was almost shrinking to the point where it could squeeze the three of them to death!

"The Great God..."

Ise Jinzakura's body was crumbling, she couldn't believe it was true.

"Don't be afraid, you, Li Yun, and I have one more thing to contact your great god!"

Li Yun touched her little head, took out a treasure from his pocket, and handed it to Ise Kamakura.

As soon as this magical treasure appeared, the surrounding stomach wall seemed to be hit by a scorching flame, melting piece by piece.

"what!!"

Accompanied by the scream of Yaqi Orochi, the light of the treasure became stronger and stronger.

Chapter 3690: Summon Omikami

This is a golden arrow with dazzling golden light.

Ise Jinzakura was stunned, and she could feel that this magic arrow contained a power that was completely different from the power she had felt from the Yata Mirror before. It was strange, but it gave her a very strange feeling.

It seemed that she was born to feel very close to this kind of power, and couldn't help getting close to her.

"Here you are, this is..."

Li Yun was about to hand over the magical arrow given to him by the son Xiaosu, but suddenly, the Yata mirror in Ise Godsakura's hand also bloomed with a golden light, which matched the magical arrow.

At the same time, the Bashaqionggou jade stored in the Imperial Palace of the Sakura Kingdom suddenly burst into light, illuminating the entire palace. In the middle of the night, thousands of people in Kyoto were shaken, and they all turned their eyes to the palace.

Afterwards, they clearly saw that a shining sword flew out of the palace and swept across it like a meteor to the east.

"Roar!!!"

The scream of the Yaqi Orochi became more and more stern, its huge body tumbling in the mountains and forests, rumbling over countless big trees, and the mountains shuddered.

The two dragon heads that were originally lofty have now become madly hitting the earth, countless poisonous smoke and poison gas are spit out by it, and the huge black snake body is painfully convulsed on the ground.

"This is..." Xiao Mingzhu widened her eyes in surprise, and looked at the divine arrow in Li Yun's hand: "This arrow given to us by Xiao Su... dispelled the evil on Yata's mirror? That Yaqi big snake stayed behind. The remaining spiritual body above has been dispelled?!"

"should be."

Li Yun nodded happily, and encouraged: "Sakura, raise the mirror in your hand, and summon the Great God once again!"

".....Um."

Koisei Kanzaku obediently closed her eyes slowly.

Even after so many things, even if she summoned the Yachi Orochi with Yata Mirror before, even...this time it still won't succeed.

But she still calls for the power of the gods she believes in with the most pious and respectful mentality.

"Great God."

This time, Ise Jinzakura changed the way of summoning, holding the mirror in her arms with both hands, clinging to her heart, and softly narrating: "If you are still looking at this place, you are still looking at the little girl. Sakura, feeling your shrine maiden and your pious belief in you, please-please Omit, put your eyes on Sakura's body!"

A miraculous force descended from the void.

She warmly embraced the whole body of Ise Jinzakura, her body quickly grew up, from a seven or eight-year-old little loli to a majestic, holy and pure \*\*\*\*\* witch.

Mikako, Ise Kamakura, regained his power.

"Call [天照大御神]"

Ise Jinzakura sang the prayers of the gods, and her solemn voice echoed from the heavens and the earth.

The \*\*\*\*\* maiden stretched her finger to the sky, and under a golden light, a bright and radiant goddess slowly emerged behind her, standing between the sky and the earth.

The goddess is a thousand feet tall and plump and majestic. She lowered her head and lowered her eyes, her gaze fell on Yaqi Orochi.

"Amaterasu!!"

The two dragon heads of the Yaqi Orochi roared in anger, and then the tail flicked, and the huge body jumped up, rushing towards the real goddess phantom.

"Sakura!!"

Xiao Mingzhu yelled in shock, the mountain-like eight-qi snakes flying in the sky, rumbling down, and the horrible scene made people feel like the world collapsed, and it was terrifying.

"Sky Cong Yunjian!"

Ise Jinzakura yelled solemnly again, and a sword that appeared suddenly fell into her hand.
