Chapter 3711: Xiao Mingzhu's thoughts

The love mind is not terrible. What's terrible is that Xiao Mingzhu is worried that he will ignore Li Yun because he loves Li Yun too much, and let Li Yun, Su Muxin, Fangxue, and Xia Feiyao Hu Tian at night. Random play.

If it was just fooling around, playing crazy and spending a lot of money, Xiao Mingzhu would not object, and even Li Yun and them had trouble with them until three or four o'clock at night, and she was just making fun of them in the fairies.

Even if it was Li Yun's seven-day and seven-night cruise, he played with the three girls, Xiaojiao for so long, Xiao Mingzhu didn't say anything, and at most a rant was too absurd and outrageous.

She was afraid, afraid that Li Yun and those sisters would become people who are not enterprising because of their rich and happy lives.

She was not unreasonably worried, Xiao Mingzhu did not go out on a date with Li Yun for the night, but from some of their conversations in the Fairy Club, she learned that Li Yun... is simply a cow.

In addition, when Xiao Mingzhu kissed Li Yun several times, she could also feel the comfort that made her sanity wear away. Every time she was intimacy with Li Yun, it would take her almost a few days to be able to Get rid of the state of silly memories.

Although it does not affect her study and work, this experience of being intimate with her boyfriend and being happy enough to kill her mind makes Xiao Mingzhu feel a sense of horror every time she wakes up.

She likes to be intimate with Li Yun, and she is afraid of being intimacy with him. She is afraid that one day she will completely give up the idea of hard work and become petted by Li Yun as a little cat who can only be kept at home.

"I, Xiao Mingzhu, will never become such a person!!"

Xiao Mingzhu closed her eyes and cheered herself up.

But... this winter vacation, no, except this time when traveling with him.

She is ready to go to various places in Sakura Country with Li Yun. Even if we go to the hot springs and sleep on a tatami together, she...will not object.

This time, it was almost her honeymoon trip.

It just depends on whether Li Yun can catch it.

Well, Li Yun has grabbed her heart, but can you grab her person? Have to take a look.

"Pearl? Pearl"

"Uh, what?"

"...I want to say, here it is."

"Ah, so fast?"

Unknowingly, after two hours, Xiao Mingzhu dreamed about the road. When she got out of the car, her beautiful face was full of crimson, which made her complain about Li Yun. It was all because of this guy who slept with her on a tatami last night. , Which made her think about it.

"Little Miko, get up!"

Li Yun patted Ise Jinzakura's face and woke her up.

Fortunately, he didn't drive directly to the palace, otherwise, when Mikako woke up, he would yawn with sleepy eyes, and would surely shock a large group of people.

...

"Welcome to Mikami!"

When Ise Jinzakura, wearing a simple red and white witch costume, wearing the crown of the previous heaven, and holding a Yata mirror in his hand, came to the side entrance of the palace, a large number of people who had already heard the news bowed to her in salute.

Mikamiko is an honorific name in itself.

When Li Yun saw that a large number of upper-class people, including members of parliament, presidents of large consortia, wealthy families, ministers, and some royal families, all bowed respectfully and saluted, he suddenly realized that the status of the little witch is really quite good. High!

She is not only in a dominant position among the shrine personnel of Sakura Country, but also a highly respected maiden among the ranks of these upper classes of society.

Chapter 3712: Mikami's domineering

The little witch is Mikami.

Under the background of this group of social elites, Ise Kamakura's power and solemn temperament as Mikami has reached the pinnacle.

"You don't have to be polite."

Her voice became very calm and indifferent, with no stupid tone at all, raising her bare hand was equivalent to returning a courtesy.

After all, as Mikami, it is impossible for her to bow to these people, it is totally out of the question.

Fortunately, everyone didn't have any "thanks to the gods", otherwise Li Yun thought Ise Shenying could order them, which would be too ridiculous.

In general, respect is one aspect, and accepting Mikaiko's orders is another aspect.

"Qion Gouyu, are you in the palace?"

When everyone didn't know what to say, Ise Jinzakura asked.

She doesn't know who these people in front are, but she needs Qiong Gouyu, which is enough.

"In, in."

A middle-aged man in a kimono who appeared to be a member of the royal family stood up. Li Yun did not know him either, but Xiao Mingzhu whispered: "It seems to be a prince."

It means that the son of the current emperor, named XX Prince, is similar to Huang Xuanguo, princes, princesses, inner princes and so on.

In terms of the theory of the status of the prince, it is actually not much worse than Ise Jinzakura, after all, he is qualified to inherit the position of emperor.

It's just that now that the emperor has become a mascot, not to mention the rights of the prince, but Ise Jingu is the manager of thousands of shrines, and Ise Jinzakura is also a **** maiden, her status is naturally far from it. A prince can compare.

Moreover, it has not been said that Ise Kami Sakura has received the favor of Omikami, and has become a real Mikami who is extremely powerful and can summon the Omikami!

"The Great God Oracle, Qiong Gouyu, Sky Cloud Sword, and Yata Mirror in my hand."

Ise Jinzakura put out this magic mirror with both hands and showed it to everyone, but it scared a large group of people back a few steps.

They still haven't forgotten how this Mikami was so powerful that he defeated a group of warriors and supernatural powers half a month ago.

Although Ise Jingu seems to be back to normal now, it still scares them.

Li Yun glanced at these people and found that the former Yamaguchi Nobita was also there, and even the fellow of Xiao Mingzhu's family, who was renamed Dahe Qiji, stood respectfully at the end of the crowd, not daring to look up.

"Mikako, you..."

The prince hesitated and asked very hesitantly.

"These three artifacts need to be escorted to the shrine to be worshipped as sacrificial supplies!"

Ise Kanzakura stated her purpose, and she came with Yata Kagami in her hand for the sake of Yata Kyougoku.

So she doesn't care who came to greet her, and whether these people promised or not, since she has determined that she has obtained the oracle from the Great God, she must execute it!

In a sense, Ise Jinying is more domineering than Li Yun and Xiao Mingzhu combined.

She is a fanatic after all, after all, she is Mikami.

You can use the oracle as an excuse for everything you do. In a sense, Ise Jinzakura did not break the rules. Her execution of the oracle is part of the social rules.

"Original, it turned out to be like this, Yu, Mikami, you are here for Qiong Gouyu."

When the prince heard that it was an oracle again, he was terribly scared.

Everyone still clearly remembered the last oracle.

"Can Qiong Gouyu be in the palace?!"

Ise Jinzakura stepped forward, scaring the prince, and the large group of people took three steps back.

Chapter 3713: Fight

The big rivers who stood at the end of the crowd gathered together and were forced to step back five steps in a row, for fear of blocking the group of big people who stomped and could make Sakura Country tremble.

When invited by Yamaguchi Nobita to come here, Dahe Qiji would never expect to see so many big people at the side entrance of the palace.

President Matsushige, Otomo Foundation, Toyo Trust, Soft Drink Bank, etc.

A series of big consortiums and important figures of the big family he knew, or didn't know, all gathered at the side entrance of an inconspicuous palace, standing and waiting for something.

What's even more outrageous is that these big people, who made hundreds of thousands of dollars a minute, waited patiently at the side door for more than an hour!

Some people didn't even eat lunch, and kept standing here waiting, making Dahe Qiji even wonder if the palmistry of the Sakura Kingdom is coming?

Even the emperor in the palace, don't want so many big figures to wait and be greeted here, it's impossible, the emperor is now a vacant position with a high status on the surface, but most people simply ignore him.

The result was indeed not the emperor, but a beautiful girl... less than eighteen years old, wearing a red and white witch costume.

When she stepped forward and walked over with a solemn expression, the big rivers standing at the end gathered together, clearly feeling that each of these big figures did not dare to breathe.

The silly girl in the red and white witch costume was so powerful and terrifying.

More scary is yet to come.

The witch took a step forward, and these big men stepped back, and none of them dared to approach her for half a minute!

It seemed that the mirror in the hands of the witch was a weird mirror that could ***** in their souls, so that they did not dare to offend the girl.

"I ask you--!"

The prince couldn't answer vacillatingly, and Ise Shinzakura strained her face, and asked again: "Joong Gouyu, is it in the shrine?!"

"Yes, so what?"

The prince did not dare to answer. A minister in a suit and leather shoes finally jumped out unrecognizable. Judging from the angry and dissatisfied expression on his face, he was very upset with Ise Jingu and Mikami.

"I don't want anything, I just want Qiong Gouyu."

Ise Jinzakura's momentum did not change, and she was tough, and said: "Before Omikami clearly does not need Qiong Gouyu, it must be placed in Ise Jingu!"

Everyone looked at each other.

"Don't refuse, and you can't refuse!"

Ise Jinzakura once again emphasized: "The three artifacts of the Sakura Kingdom were originally the treasures that the Omikagami bestowed on the emperor. Now Omikami has handed down the oracle and asked me to bring the three artifacts back to the shrine for sacrifice. What you want to accomplish, you have no reason to reject me, let alone go against the oracle of the Great God!"

Everyone look at me again, I look at you.

They have countless things they want to say. The biggest problem and dissatisfaction is, why?

The three artifacts have existed for many years. They were stored in the imperial palace before. Even your Ise Jingu is just a palace inside the imperial palace. If it weren't for the plague in history, there would be no Ise Jingu in Sakura. Easy to say.

With just a word of yours, you want to take away the symbol of the cherry blossom country, the three artifacts that can be called national treasures?

Not to mention that the artifact suddenly flew away last night, and it fell into Ise Jingu.

"Ise Jinzakura, don't be kidding!"

The congressman sneered and said, "You just want to take the two artifacts away with your mouth? Impossible! Both Kusanagi Sword and Qiong Gouyu are national treasures, and no one can possess them!"

Chapter 3714: dispute

"I serve Daimikami..."

Ise Kaminakura wanted to speak, but was interrupted by the congressman. He pointed to Li Yun and shouted coldly: "Not to mention that you are still with this person from that country. You even slept together last night, huh, we The parliament has not traced your traitor to your country for glory. How dare you come today and ask for Qiong Gouyu again?!"

The congressmen's remarks aroused the grievances and anger among the group of people who were dissatisfied with Ise Jingu.

"That's right, Ise Jinzakura, don't be too arrogant, you are just a seventeen or eighteen year old girl, why..."

"and many more."

This time it was Li Yun's turn to interrupt them, shaking the audience with a clear drink, making their ears hum.

"What do you want to do?" the congressman asked with a sneer.

"I didn't want to do anything."

Li Yun looked at him with a calm gaze, "I just want to confirm it again, what is your name just now, can you say it again?"

"hehe."

The congressman is not a stupid, he immediately understood the provocative meaning of his words, and immediately sneered: "What about it again? Only that person, East Asia..."

"Snapped!"

A heavy slap was slapped on the face of the congressman. Everyone didn't see how he made the move. They only saw the congressman raised his head and flew. Accompanied by clear applause, the congressman's body was actually in mid-air. After rolling for several laps, he hit a large group of people behind him, and everything he touched was hit on the ground. The scene was chaotic for a while.

"you!"

A group of elites from the upper-class society of Sakura Country looked at Li Yun in anger. The bodyguards, warriors, and some powerful supernatural beings all around took out all kinds of weapons and aimed them at Li Yun.

"I actually don't want to kill people." Li Yun looked at this group of people coldly, without paying attention to the actions of these people, "However, if you are looking for death, you can't blame me!"

Xiao Mingzhu's eyes narrowed slightly, and finally reached this point, but she did not blame Li Yun, these unrepentant Sakura people must teach a lesson!

"enough!"

Ise Jinzakra stood up, the generous shrine maiden dress was windless and automatic, and the majesty belonging to Mikami made her look like an inviolable goddess at this moment. She looked at these people with stern eyes, and her voice revealed that she was punished. The taste of tone:

"This is not the way of hospitality in our country of Sakura!"

Ise Kamakura glared at the assisted congressman, pointed at him and said, "You unprovoked accusations of framing my good friend of Huang Xuanguo, and want to violate the order of Omijin. You have done something wrong, so you shouldn't be here. Leave now!"

Her words are very immature, as if quarreling cannot be overwhelming, so she said angrily that you shouldn't say such things, very naive.

Many people laughed in a low voice.

They discovered that without the company of Ise Jingu's Omiyajji and others, this so-called Mikami couldn't even figure out the truth about being a man.

Have done something wrong and want to leave?

The adult world has never been so naive.

"hehe."

After being slapped by Li Yun, this congressman looked like he was holding a winning ticket. It was angry and proudly cursing: "The dog is really low in quality and will hit people at every turn. Wait, I'll fight right away. Call to ask the Minister of Jiaotong to expel you from the camera, and solemnly protest against your country's protests and demand that people like you be dealt with!"

"The Tsushima Representative is right."

"Get out of the mirror immediately!"

Chapter 3715: Oracles must not be violated

"No, before he is expelled from the scene, he needs to be arrested, tried and detained first, and then expelled back to China!"

A group of people began to criticize, but more people chose to remain silent.

Silently looked at Li Yun, silently looked at Ise Jinsakura.

It seemed that they already knew something, but they didn't say it, just waiting.

Li Yun was also waiting, waiting for the **** witch next to her, brewing her anger.

"you!!!"

Ise Kamakura stepped on the ground forcefully, and a golden light burst out of her body, which overturned a large group of people in front of her like a sea wave.

"I'll say it again, the oracle of the Great God God, do you abide by it or not?"

Mikami's voice was very low, revealing a faint anger, and her eyes were shining with golden light, and the whole person exuded a hazy golden brilliance, majestic and solemn.

A group of people were silent, they were shocked.

"impossible."

Only the congressman is still holding on, "How can the artifact of my Sakura Kingdom be handed over to you!! Ise Kamakura, I want to investigate you for collaborating with the enemy and treason!"

"Humph!"

Ise Jinzakura held the Yata Mirror high, with a pious expression on her small face, and shouted: "Located above the high heavens, the great **** who controls the sun, please come here and give me the miraculous power to punish the wicked!"

Everyone suddenly opened their eyes and looked at her in disbelief.

"Miracle [Power of the Great God]!"

Under the golden light, a plump goddess slowly appeared behind Ise Shinzakura again.

This time, the goddess was holding a sword, her dress was changed into armor, her eyes were still closed, but her powerful aura had already filled the audience.

No one dared to speak anymore.

The congressman who had been stubbornly concealed and the people who followed him against the oracle of Ise Jingu were all pale with fright at this moment and did not dare to say a word, for fear that the sword in the hands of this plump goddess was facing them. Their heads were cut off.

In fact, Ise Jinzakura didn't say anything to them at all.

"Reihe, Emperor!!"

Mikami's stern voice spread everywhere. Around the palace, countless tourists and pedestrians all looked at this place in surprise.

However, what shocked countless people even more was that what the voice said everywhere was a bit naive.

"You can take Qiong Gouyu immediately and come out to welcome the Great Royal God!"

"Otherwise, I will personally enter the palace and take Qiong Gouyu away!"

"I will tell him all your disrespect to the Omita, and you will be allowed to come out within five minutes!!"

Hearing these words, the shocked face turned strange.

This...Is it sure that it is not the kid who said he wanted to go back and tell an adult after he lost the quarrel?

"Who is this?"

"How dare you order the emperor, what a big tone."

"It's Mikako!"

"Mikako? That Ise Jinzakura from Ise Jingu?"

"Correct."

"Go, go and see!"

More and more people came in, and their expressions changed to deep shock after seeing the phantom behind Ise Kamakura.

This golden goddess phantom gave them a strong sense of shock in terms of shape, momentum, strength, and the sense of majesty it carried.

It seems that this is the ***** they admire in their hearts, majestic, vast and infinite.

As the spokesperson of the gods, the Mikami who wore the red and white maiden costume revealed awe-inspiring meaning.

"Great God, Great God..."

Chapter 3716: Powerful

The emperor in the palace succumbed.

The process could not be described in detail. Li Yun only saw the emperor Linghe hurriedly walked out of the palace with people. After seeing the phantom of the Great Royal God, he was shocked in cold sweat.

However, he was involuntarily wrapped up and refused Ise Jinzakura's request.

The final result was that Ise Jinsakura waved his right hand, and the great **** phantom behind her also cut out a sword, from the side entrance of the palace to the main hall in the palace, and the sword was divided into two halves.

Those who tried to stop them all shook to the ground, looking at Mikami in amazement.

Her power is far stronger than half a month ago!

At that time, people like them also participated in the besieging of Ise Jingu's Mikako, and paid more than a dozen people to repel her, so she had to give up the idea of leaving Ise Jingu, which defeated Yaki Orochi's conspiracy in disguise. .

But now.

Ise Jin Sakura relied on the power of the summoned Omikami, and with just one sword swung, more than a dozen great samurai, Shinobu, and many supernatural beings were repelled and stunned.

She didn't kill her, but the path was half a meter deep and stretched for several kilometers, and the traces of sword energy that ran through the entire palace had already proved Ise Jinzakura's power as a Mikamiko.

The shrine maiden of the gods has gained the true power of the gods.

"come over!"

Ise Kaminakura didn't pay any attention to these frightened people. She raised her hand to the palace and took a photo. A piece of Quyu flew out of the palace hall, leaping thousands of meters, and landed on her. On hand.

This scene once again scared everyone apart.

The palace of Sakura Country is not bigger than that of Huang Xuan Country. It can be several kilometers long and wide, covering an area of tens of thousands of square meters. The place where Qionggou jade is stored is in the depths of the palace and is heavily guarded by the guardians.

But Ise Jinzakura didn't care at all and didn't enter the palace. She just raised her hand and found Qiong Gouyu from the palace!

After all, she used the power of the Great Imperial God and the induction between the artifacts to accurately find Qiong Gouyu?

Or is it that the power of Ise Jinzakura has already covered the entire palace, so it is possible to build Qionggou in a flash?

The former proves that Qiong Gouyu belongs to the Great Imperial God, while the latter... reveals a terrifying fact:

The power of Mikamiko is far more powerful than imagined!

As long as she wants, she can even kill a person accurately within a few kilometers, and can also summon a great **** possessed and kill tens of thousands of people with a single sword!

Such a terrifying power is enough to affect the balance of power in the Sakura Country, and even the Sakura Country dispatched all its forces, coupled with the assistance of the Father Country, and it may not be able to suppress her.

"Humph!!!"

Holding Qiong Gouyu in her hand, Ise Jinying snorted again, and said dissatisfied to the scared emperor: "Your behavior, Omikagami will definitely be very dissatisfied. I will report to Omikami, saying that you don't respect her at all. , You don't have the right to be the emperor anymore, wait for the imperial **** to punish!"

Ise Jinzakura's words are still naive, and the three words are not separated from the Omikami.

But now, no one dared to look down upon her.

Even Xiao Mingzhu, who had seen the stupid appearance of the little witch, now opened her eyes wide and looked at her with a weird expression on her face.

The current Ise Kamakura is truly majestic, unstoppable, and powerful.

"Naive is a bit naive, but...and only such a person can gain the trust of the Great God?"

A thought flashed through everyone's mind.

Chapter 3717: reconcile

What's more frightening is that Ise God Sakura really borrowed the power of Omikami, that is to say... the real Amaterasu Omikami is indeed still alive!

No one dared to speak.

Everyone was pale, afraid that their next words would offend God's wrath.

Ise Kamizura is naive, but she is also very powerful.

"The oracle must not be violated", and another wave of her hand, the Amaterasu phantom behind her will wave the divine sword and slash it at the person.

Naive people have mastered superpowers.

This is the most terrible.

"cough."

When the two sides were in a stalemate and no one dared to speak, Li Yun stood up and coughed softly, attracting everyone's attention.

Xiao Mingzhu looked at him with a slightly weird expression in his eyes.

She saw that Li Yun wanted to reconcile the contradiction between the two sides.

He used to be an extremely overbearing command, but now he has become a person who reconciles the conflict between Ise Jinzakura and the outside world. The reason is also very simple. The little witch will never bow her head. If this continues, she may be able to get the result she wants. , But Ise Jingu will be rejected by the mainstream forces of the Sakura Country and become an isolated island.

"Let me say a few words."

Li Yun said: "Perhaps you have already received the news that a mythical giant snake in Ise Jingu had invaded before. Hundreds of priests and maidens, including Mikako, were invaded by the evil power of Yaki Orochi. Therefore, An incorrect oracle came out.

However, with the assistance of Xiao Mingzhu and I, the goddess regained his faith, and the gods reappeared in the world. "

Li Yun succinctly explained things, regardless of whether they understood or did not understand, he directly reached out and pointed to the congressman just now: "Now Ise Jinzakura wants to execute the correct oracle, but this person encourages you to stop it. Sinful acts must be punished!"

"You!" The congressman's face became pale again, and his body was shaky.

Anyone who is not a fool understands what Li Yun is going to do.

"Yes, I blame him!"

"Fortunately, Mr. Li Yun helped, otherwise we will all be blinded by him!"

"Samurai, what are you waiting for? Take him down immediately!"

After this group of people reacted, they echoed Li Yun's words, and they were filled with outrage and wanted to capture this Tsushima Representative.

Among them, the emperor Linghe, who had only succeeded to the throne this year, was in his fifties.

Representative Tsushima's hands, feet, and head were all pressed to the ground, and staged an extremely absurd farce.

Ise Jinzakura became confused. She didn't quite understand why, why did people who opposed the oracle of Omiya before now agree with it again?

"hehe."

Li Yun smiled, and said: "There is also that shrine, which seems to be called Jingguo Shentou? Anyone who supports this shrine is also a person who refuses to execute the oracle of Omiya, and must also be taken! "

The actors who staged the absurd script all had a stiff expression.

Disobeying the order of the Great Imperial God is fake, he wants to destroy the sacred toilet, and all the rightists are all true!

But the point is, they still can't refuse.

Li Yun and Ise Jinsakura stood together, one representing the power of Huang Xuanguo and the other representing the power of the shrine of Sakura.

The former is okay to say, the big deal is to ask Dad's country for help, help withstand it, plus international public opinion, they are not afraid of Li Yun putting pressure on them.

However, Ise Jinsakura, the ruler of the shrine in the Sakura Country, is on Li Yun's side!

Chapter 3718: Leave

Who is Ise Jinsakura?

There is no need to say more about this. Even if this matter spreads out, many Sakura country people will support Omikaze, believing that the parliament and emperor of Sakura Nation are controlled by the beautiful kingdom, thus doing something that violates Omikami oracle.

Moreover, Mikami also mastered a powerful force, she was born invincible.

"in addition."

In a calm tone, Li Yun said another thing: "The oracle of the Great God God, within the cherry blossoms, all are the land of gods. Unless the permission of Mikami is obtained, foreign forces are forbidden to stay in the port for a long time, and it is forbidden to open warships to the port. , Please leave Sakura Country!"

In an instant, many people's eyes lit up, and even many people looked at Li Yun in disbelief. They couldn't believe that he would help Sakura Country!

Xiao Mingzhu was also a little surprised. Li Yun's remarks undoubtedly meant to transform a beautiful country from a father's position into an equal position.

To be more precise, it is to expel all the bases of the beautiful country from the cherry blossom country and turn this island country into an independent country.

No, it can't be said to be independent, at least Li Yun still deeply influences the Mikami of Ise Jingu, and also deeply influences the Sakura country in disguise.

In the future, after the people from the beautiful country left, Li Yun took their place.

But he alone is far better than the pressure of a beautiful country!

"and many more."

Ise Jinsakura raised her hand to protest, "Li Yun, what are you talking about? There is no such an oracle by Omikami. You are not allowed to give false oracles! It's too bad to say such things in front of me, Mikami, I want Angry!"

She puffed her cheeks.

Li Yun laughed and squeezed her: "I can assure you that this is definitely what Da Yushen meant. If you don't believe me, when you go back, you will ask your Da Yushen again, and she will definitely agree."

"what?"

Ise Jinzakura expressed doubts, but did not object any more. It was a serious matter to go back and put the three artifacts together and contact Omikami again.

"Mikami, Mr. Li!"

A person who seemed not to be of low status stood up and bowed respectfully: "Please rest assured, we must execute the oracle of the Omikami, punish this person, and then notify the commander of the beautiful country to let them leave the cherry blossoms within seven days. Country, in the future, our country will make decisions under the command of Mikami, and the oracle of Mikami will be implemented..."

"Stop talking nonsense, and talk about the future."

Li Yun waved his hand, ignored his words, turned and left here.

The Emperor Linghe wanted to say something eagerly, but Ise Jinying was too lazy to pay attention to him, and quickly followed Li Yun away.

A group of people were left looking at each other again, and the ashe-faced Senator, he knew that he was completely finished, and he was treated as a victim of the harmony with Ise Jingu Mikako and no one would speak for him.

Completely finished.

...

Leaving the palace with Qiong Gouyu, the three of Li Yun got into the car again, and the three of them sat in the back seat together. The Hanako maiden drove back to Ise Shrine.

On the way, Xiao Mingzhu couldn't help but speak: "What do you think?"

"Huh?" Ise Jinying was happily playing with Qiong Gouyu. After hearing Xiao Mingzhu's words, she turned her head and looked at her: "Ask me? What did I think... Well, nothing, wait. After returning to the shrine, I will put the three artifacts together, and I will see what changes will happen if I call on the Great Royal God!"

Chapter 3719: For the little witch

Li Yun and Xiao Mingzhu couldn't laugh or cry, but the majestic Mikami just now turned into a silly little witch.

The changes are really big.

Xiao Mingzhu smiled and said, "You, you really don't care about the outside world at all, you just think about Da Yushen."

"Hey~"

Ise Jinzakura smiled embarrassedly, and seemed to know how shocking the sword she had in the palace just now was, afraid that it would scare many people to death?

But she didn't want to worry about it. Anyway, what she got this time was the real oracle of the Omiji, and Bashaqiong Gouyu was the thing of Omiji. She just wanted to get back the treasure of Omiji. Why don't those people give it back?

She didn't kill anyone, but just beat their power and prestige to let them know that the power of the Great God was inviolable!

Next time, if anyone dares to violate the oracle, she will definitely not be so polite!

Li Yun and Xiao Mingzhu looked at each other, and there was such a powerful and innocent Mikami, who did not know how many crimes the Sakura Congress would suffer in the future.

"do not care."

Xiao Mingzhu smiled and nodded her forehead, let the little witch continue to play with the Qiong Gouyu, then turned to Li Yun and said, "How did you speak for the Sakura Country? You actually took the initiative to help them and let the beautiful country leave the base. here."

"The two countries are friendly." Li Yun shrugged, "This is the principle that our diplomats have always followed. I just implemented it."

"Believe you to blame."

Xiao Mingzhu rolled her eyes, "The people here are unfamiliar white-eyed wolves...Of course, except for Sakura."

"what?"

Ise Kamakura was puzzled, Xiao Mingzhu continued to laugh, and then said, "Instead of believing that you are so kind, I might as well believe that you fell in love with Sakura and want her."

"Ah? Want me?" Ise Kamizura was even more puzzled.

"Ahem, you keep playing and don't care about us."

"Oh."

The little witch stopped interjecting, listened quietly, yawned again, and became confused.

Pointing to her, Li Yun said, "You see, Mingzhu, would you like to see this stupid maiden in a situation of embarrassment on all sides?"

Embarrassed on all sides refers to the rejection of Ise Jinzakura by the people in Sakura. From the emperor, to the parliament, to the common people, all refused to talk to the people of Ise Jingu.

This is not an exaggeration.

If Ise Jinzakura offends the group of people in the imperial palace, the public opinion of the whole Sakura country will stand on the opposite side of her.

Until then, what about Ise Kamakura invincible? Everyone turned their backs on her, turning the power of Ise Jingu into a blank sheet of paper.

Therefore, in order to prevent the little witch from falling into such a situation, Li Yun took the initiative to reconcile and let the other party step down. After all, everyone could see that those people had already subdued and were frightened by the power of Ise Jinzakura.

"Are you so sure they will step down?" Xiao Mingzhu asked.

"A naive little girl who has great power but has no intention of interfering with her rights. Would you not like such a person?"

Li Yun said: "As long as the little witch does not execute certain oracles that offend people, she will stay in the Ise Shrine forever, and no one can sin, and she is also a rare powerhouse in the world. In this era of spiritual energy recovery, as long as you are not a fool, you will not offend her."

"So that's the case." Xiao Mingzhu suddenly looked at Ise Jinzakura who started to sleep on her shoulder again. "In other words, her strength is enough to make her ignore certain rules and make those people endure her willfulness. behavior."

"Correct!"

Li Yun never did it for the cherry blossom country, but for Ise Jinzakura.

Chapter 3720: Back to the Shrine

At five o'clock in the afternoon, Li Yun and the three returned to Ise Jingu. In front of the gate of the Jingu, under the torii, more than a dozen people were waiting respectfully. Among them were the daily managers of Ise Jingu, Omiyaji and others.

"Miko."

Omiyaji used a more familiar name, greeted him with a big smile, looked at the magic mirror in Ise Kamakura's hand, then glanced at the Qiong Gouyu held by Xiao Mingzhu, and said with a smile: "You take Qionggouyu Brought it back smoothly, that's good, that's good."

Xiao Mingzhu glanced at this man. He didn't follow him when he went to the palace before. It was not because this man had ambitions. According to Xiao Mingzhu's observations, Ise Jingu was basically people with strong beliefs. Will not go against the orders of Ise Jinzakura.

Omiyaji didn't go to the imperial palace, probably because he knew Li Yun's strength, no, he should know the strength of Ise Jinzakura. It was useless if he went, but it represented the attitude of Ise Jingu in a disguised form.

Because, if Ise Jinzakura goes to the Brain Palace, it can be explained that she is ignorant and only executes the oracle.

But if Omiya goes personally, it proves that Ise Jingu goes up and down and supports Ise Jingu's behavior.

The people in the palace did not dare to kill Mikami, they could not afford the consequences of killing Mikami, and for the same reason, Mikami would not kill the emperor, the two sides would only stop.

And when Li Yun went there in person, Omiyaji and others naturally didn't have to follow.

"Well, this is an oracle, I naturally want to execute it."

Ise Jinzakura didn't know what to think, and glanced at Omiyaji: "If you don't execute the oracle in the future, Ise Jingu doesn't need to exist anymore. I will sacrifice to Omiya by myself."

"Mikako!"

A group of people were so frightened that they knelt to the ground and swore that they would never have any disrespect for the Omikami.

"Humph!"

Ise Kaminakura snorted again, venting the dissatisfaction he encountered in the palace, and scanned the crowd before saying: "Get up all the time, forget the previous things, that big snake made us very embarrassed and lost face. It's gone, and when you see it in the future, you must kill it a few more times to let it know that the majesty of the Great God is inviolable!"

Is it killing snakes or killing people?

Li Yun knew that Ise Jinying wanted to kill snakes, but this group of people would probably be frightened to think that they were killing people, that is, killing those who disrespect the Omikami.

"Well, let's just go over this matter."

Li Yun couldn't stand it anymore. The scene before him was ridiculous. In front of a young girl, a group of forty or fifty-year-old priests and witches were kneeling, begging her for forgiveness in fear.

Although both parties took it for granted, Li Yun still couldn't understand why he was not a fanatic, and couldn't understand the brain circuits of clergy.

Ise Kaminakura looked over, and Li Yun patted her thin shoulders: "In the future, as long as you don't interfere too much with the outside world, no one will dare to provoke you too much with the power of you to summon gods."

".....it is good."

Ise Kamakura seemed to understand but did not understand, but in the end he couldn't understand the power of these adults in the world.

But she didn't plan to understand. After waving these people to get up, the little witch said: "I want to pray tonight and sacrifice three artifacts to see if I can get the oracle of the Great God."

Everyone bowed their heads respectfully before getting up. The Omiya Secretary ordered to prepare the sacrificial etiquette, and said that the procedure of bathing was prepared. Tonight, Mikoto will take a bath and change clothes before going to the abbot sacrificial ceremony.
